BIG JOB FOR MEAD GET TEAM IN SHAPE FOR WYOMING GAME

Tigers Meet Cowboys Sept. 30

With the football season less than two weeks in the distance, Black and Gold athletes are now hard at work on Washburn field. It is a small squad that is coming out on the gridiron every afternoon and the Tigers, in order to be real winners must fulfill the phrase, "quality—not quantity".

It does not take a smart lawyer to look over the bunch of athletes that have already donned the uniform to tell that Coaches Mead and Lavik are facing a tough proposition this year. An entirely new system of football must be instilled into these men during the next two weeks, for every coach has his particular system. A backfield must be developed and especially does this statement refer to a quarterback. A few places in the line must be filled in by comparatively inexperienced men. These are only a few of the troubles that the new coaches are up against at this time.

The fact that a small squad will tend to give more individual coaching to each man, would seem to give the Tigers a slight advantage. Just the same a larger squad consisting not only of a first team but a good second team as well, with good men to fall back upon in case of injuries would make all students and supporters of the team feel just a bit better.

The first game of the season is scheduled for September 30 with Wyoming University. While there is no dope forthcoming from that institution, it is certain that Coach Corbet will have a team that will make the others hustle to keep in the race.

Judging from a few of the practices held thus far, Coach Mead is "banking on" a backfield which will mean speed from start to finish. Judging from the standpoint of quantity, there is a wealth of material for the places left vacant by members of last year's squad who are not returning this year. The position of quarterback will probably be the hardest to fill. With the absence of Hayes Briggs from the lineup, there is no

Alpha Nu Local Forced to Dissolve Because of College Conditions

The local fraternity, Alpha Nu, was declared dissolved at a meeting of the membership last Tuesday night. There were only six men registered in college and it was considered useless to attempt to pledge enough men to take care of financial matters. Alpha Nu has always maintained a house and has held its standard high. It would have been impossible, according to its members, to maintain this standard and support a chapter house. Choosing rather to cling to the pride of the past rather than witness decline in the future, the members of Alpha Nu declared their fraternity dissolved.

Alpha Nu was admitted to full membership in the Inter-Fraternity Council in the fall of 1920. During that year the secretary of the council "Pinkie" Lyles was an Alpha Nu. Last year Keith Chick was elected the representative of the Inter-Fraternity

toy B. Kester, National Pres. A. K. Psi Visits Local Chapter Friday

Dr. Roy B. Kester, head of the School of Commerce at Columbia University, and national president of Alpha Kappa Psi, spoke to Sigma Chapter at Colorado College at their first meeting, held last Friday. A business meeting was held in the Alpha Kappa Psi room in Palmer Hall in the afternoon, and later adjourned to McRae's Restaurant. After the dinner, Dr. Kester gave a short address on the purpose and ideals of fraternity.

Three of Dr. Kester's books are now being used by the Business Department of Colorado College, and he is considered the foremost authority on accounting in the United States. He is well known in Colorado, having

FROSH WIN ANNUAL SCRAP FROM SOPHS

Second Year Men Must March Behind '26 in Parades

With the honor of their class at stake the Freshmen warriors and a few sophomores not minding the loss of a few hours sleep met in the historic battle field in front of Cutler hall Friday morning to engage in the annual flag-rush. The second-year fighters were led by Bill Rose and the Frosh had as their leader Al Brown. With the time of battle at hand the two armies, whose clothes classed them as delegates of the great army of the unemployed, gathered and made plans: the Frosh for attack and the Sophs for defense.

The tussle started off with a rush from the Freshmen that assured the crowd of students assembled to watch the fracas that before long the beginners in college life would make their initial start by downing their opponents. Two minutes after the scrap started Ed Daily was pushed up the pole by the Freshmen and with the aid of his fellow warriors succeed-

(Continued on page 2)

FRESHMEN BIBLES BEING DISTRIBUTED BY DeFRIES

The official Colorado College students handbook, better known as the Freshman Bible, is off the press and ready for distribution. The book will be given to all Freshmen but upper classmen will be required to pay twenty five cents a copy for it.

The handbook is published by the authority of the Student Commission, by Russ DeFries. It contains a complete description of all buildings on the campus and their location. A copy of the constitutions of the Student Commission and Student Government Association is included. A complete list and explanation of the customs and traditions of the campus is put in in order that no Freshman may plead ignorance on these matters.

A complete directory of the streets and churches of Colorado Springs is given for the benefit of the out of town students.

The more important songs and yells are published and are expected to be memorized by all new students.

There are a number of other items of information covering the questions usually asked by incoming Freshmen.

Your Tiger

Don't be too critical of this, our first issue. Remember that each year the Tiger has to be completely re-organized. If you are doing your best work in classes already, you can knock our first issue; if you have had a little difficulty in organizing your faculties, consider that your Tiger has the same trouble on a larger scale. We are not apologizing; merely promising better things for the future.

Your duty, first of all is to subscribe. The price is smaller than for several years past and unless you take your college paper, we cannot ask the business men to pay out good money for advertising.

Your next duty is to patronize our advertisers. Who sent our Championship Basketball Team to Kansas City? Who pays the most money into our Training Table Fund? Who do we go to, when we want any money for any purpose? — The same business men who advertise in the Tiger.

It costs you no more to spend your money with these friends. When you get ready to buy a suit, a sweater, or a pair of shoes, look in your Tiger and see who to go to see first. The same applies to going to the movies, buying a drink, sending out your laundry or a suit to be cleaned.

Let's get the lead out of our systems. Pay after chapel.

SIX MEN NEED BOARD JOBS IMMEDIATELY

Board and Cash Jobs Most in Demand at College Employment Office

The college employment bureau has been able so far to provide room jobs for every applicant but there are still six men who want board jobs who have not been placed as yet. Cash jobs have been provided for most of the applicants but there is still a great need for them. The difficulty has been in obtaining cash jobs that pay enough to pay for a man's board. The window cleaners association under the direction of Mr. Rose has provided work for several men and will undoubtedly need more as that business develops.

Anyone knowing of work for college men is requested to notify the college employment bureau in the Administration building, phone Main 867.

Announcements

The first practice of the Girls Glee Club will be held Wednesday afternoon at 4:30 in Perkins Hall. A list of all Glee Club members is posted in Palmer Hall.

* * *

The Y. W. C. A. meeting this week is to be in the form of an informal sing in Bemis commons room at seven o'clock Wednesday evening. All the women of the college are invited.

* * *

A girls tennis tournament is to be held in the near future. Those girls willing to enter please sign the paper posted in Palmer Hall.

* * *

All Episcopalian students of Colorado College and all former members of the Washburn Episcopal club are asked to meet at the home of Mr.

Walter E. Rose Starts Window Cleaners Movement at Colo. College

A new organization has been effected for Colorado College students the "Student Window Cleaners," with headquarters at the Y. M. C. A.

A study of the window cleaning business of the country was made the basis of a master's thesis accepted this spring by Columbia University. The thesis was written by C. W. Rose of New York City. He is a brother of Walter E. Rose who organized the "Student Window Cleaners" in this city. The title of the thesis is "The Evaluation of a new Invention," and it takes for special study and analysis the flexible waterproof bags or "speed pockets" invented by Walter E. Rose and used by the "Student Window

ANNUAL ALL-COLLEGE RECEPTION SUCCESS

Jitney Dance for Training Table Feature of Evening

Now then, you calamity howlers, you certainly have no unfavorable criticism to make of the All College Reception because it was the best ever, from the Black and gold ribbons on the cards to George Kief's music.

And you boosters for C. C., aren't you glad you helped to make it such a success that it will always be remembered?

And last but not least, don't all the Freshmen and newcomers feel that the C. C. spirit is the real true spirit, and that on Friday night everything possible was done to give them a feeling of comradeship and a desire for cooperation in this small village of happy, friendly, hard-working students?

So, after the first big event of the year, everyone is glad it was so wonderful, for now the frosh are indeed of us and with us, the howlers have lost their howl, and we're all boosting for old C. C.

But all this doesn't tell about the Reception. Indeed, from the time the

(Continued on page 3)

TOWN GIRLS PICNIC IN PARK THIS AFTERNOON

The Y. W. C. A. has already had its first affair, and the College as a whole has started its social life with a perfect All College Reception. It remains only for the Town Girls to perform to make the list complete; and so tonight, Tuesday, hrs been chosen for the great affair.

It has long been an annual custom to have a picnic during the first week of school to which all town girls, new and old, the Dean of Women, and the faculty ladies are invited. There is no rest for the wicked, so once more all sponsors are expected to bring their sponsees so that the newcomers may feel welcomed into the fold.

Roxana Jackson, the Town Girls President, has put this first affair into the capable hands of Stena Dearborn, who has announced that the pic-nic will begin promptly at 4:30 with refreshments within the next hour or so. And speaking of refreshments, what is to constitute this overwhelmingly important part of the picnic has been carefully kept secret.

(Continued on page 4)

GREEKS ANNOUNCE FORTY-SIX PLEDGES DURING RUSH WEEK

Average Eight to Each Fraternity

The eventful day of September the thirteenth arrived at the twilight of its existence when the mystifying hours of 12 o'clock was announced by the dreary toll of the timepieces in the fraternity houses and when the pledge buttons were taken from their resting places and installed in the lapels of the freshmen of the college possessing qualifications desired by the secret organizations of Colorado college. The campus and fraternity houses usually asleep stirred peculiarly that night, orchestras were playing; the hum of Packards and other cars accepted as elite enough to enter into the mad rush during pledge week could be heard in the vicinity of every Greek letter dwelling place and the thrilling purr of some Ford making its way up some alley with food for the desired pledges could also be distinguished. Freshmen, unaware of what it was all about except that some sort of an honor was about to be offered them, were the center of attraction with their new suits and good supply of shirts, ties and other clothing which could be used by the actives once the button could be placed upon them. Cigars and cigarettes which the neophytes will eventually pay for were freely distributed. Pretense and ambitious display were in vogue during pledge night..

Now it is all over with, the shouting included. The pledges have quit polishing their pledge buttons, handshaking is passe and the new members are beginning to come to the shocking realization that they are pledges and not fraternity men as well as students supposedly and not id'e rich.

This year's crop of pledges, altho not prominent so far as numbers are reckoned with, is a good one according to information given out by the actives. Every type, including star athletes, good fellows and a couple of alleged students, were taken into the mystic order of the Greek letter fraternities.

The following men make up the pledge list to date:

(Continued on page 4)

President Duniway Speaks on Meaning of Constitution Day

National Constitution Day was observed by Colorado College in a speech by President Duniway in chapel yesterday morning.

Doctor Duniway outlined the social and economic problems which faced the American Colonies at the time of the framing of the Constitution, and a comparison was made to the present chaotic condition in Russia. It was due to the calibre of the men delegated by the respective colonies that the keystone of our government can still be applied to present day problems. The many differences of opinion represented in the convention necessitated many compromises which were made possible thru the efforts of such men as Washingtoin, Hamilton and Wilson.

The Constitution provides for the settlement of difficulties which may

IS THE TIGER WORTH SUPPORTING?

The Tiger is the College newspaper and belongs to the entire student body. The Tiger staff does the best it can to make the paper an asset to the College and a source of information and pleasure to the students. But no matter how efficient the staff the paper cannot succeed in its purpose if it does not have the support of the student body as a whole. The subscription price has been lowered altho the size of the paper has been increased and a number of new features are promised for this year.

If the students wish a medicore paper let as many of them as possible rely on their neighbors to subscribe for the Tiger while they borrow a copy to read. If they want the best paper possible each and every one will subscribe for his own copy.

The files of the Tiger constitute the most complete record of campus activity obtainable. Every C. C. student may have this complete record of his college life by simply putting away each Tiger as it comes out in some place set aside for the purpose.

BE PATIENT, FRESHMEN. Some day you will be upper classmen. It is the custom and tradition of the college that freshmen should undergo certain curtailments of high school senior dignity. There is a purpose in it all. Freshmen will be better men for having worn the little black cap. They will be fully repaid for allowing the upper classes to pass out first in general student body meetings. There is an opportunity for service in gathering the wood for pep meetings in the stadium and in ringing the bell in Cutler tower after the games. Another important duty of the freshmen is to carry the team to the dressing rooms after every game—win or lose. This should never be forgotten. Freshmen should consider this duty a privilege for it is a privilege to be able to do honor in so concrete a manner to the men who represent the Black and Gold in physical contest.

Let every freshman remember that if he wishes to become a son of alma mater worthy of his colors he must go the way that many a good man has gone before and go willingly and enthusiastically.

FROSH SCRAP

(Continued from page one)

ed in getting the Sophomore guard from his position next to the gonfalon which, altho a mere rag, held the destiny of two mighty classes. This done the flag was taken from the pole and the battle ended with the first-year students victorious.

This year's victory by the freshmen makes the second win in as many years for the Freshman class. The Sophs claim that it was due to the difference in numbers that determined the scrap and had the entire class been on the field it would have been a different head upon this story. Yet, the Freshmen won and the matter of superiority between the two classes is officially settled and according to the custom of class wars, the Sophomores must allow the Freshmen to march ahead of them in all college parades.

FOOTBALL PROSPECTS

(Continued from page one)

man on the squad who has gone through the season at C. C. in that capacity. Perry Greiner is again back in harness this year and should be in for a big season, providing injuries do not interfere. Irving Hunter and Stanley Delaney, two husk men of last year's freshmen squad promise to make it hot for all candidates in the backfield. Burghart, who showed to good advantage in the Boulder game last year, is back again, and should be a good half when the season opens. Patterson is showing a world of speed for early season and will be still faster in time for Wyoming.

Art Gray is a husky candidate who needs a bit more speed and seasoning. McIllvaine is back again this year after being out most of the season with a broken leg last year. Bob Edgar completes the list of candidates for backfield positions. On the line, C. C. has veterans in Wesson, Waiss, Mittenwallner, and Muncaster. Wesson and Waiss are out for guard or center, either of which places can be well filled by them. "Mitt" is out for one of the tackles and Muncaster for a guard position. MacDougall of the freshmen squad of last year is fighting around one end while Bruce is out for the other end. DeFries and Thomas round out a bunch of promising material on the line.

Prices htis year have been boosted to $1.50 a game. This was decided upon at a meeting of the athletic board. William Thompson was appointed manager at the time, succeeding Myron Carter.

BOULDER CAPTAIN BRAGS ABOUT CHAMPIONSHIP

Delbert Jack, captain of the University of Colorado football team, arrived in Boulder last Monday. Jack stated that he felt optomistic over the football prospects for the coming season, despite the huge losses in the ranks from last year's graduation.

But eight letter men of last year's team are expected to return. They are Loser, Toughy, Wittemyer, Jack, Quintan, McLean, Alexander and H. Smith. The first five named are backfield men. McLean will be the only veteran linesman.

"If the university football team was not out for the conference championship, we wouldn't be starting practice," declared Jack. Franklin said: "We're not planning on anything but the championship. There will be only one letter man in the line this fall. We realize we face a hard job, but we're going to say little and work hard." Franklin intimated that some of the teams already accorded conference honors will find a stiff contender in the Silver and Gold.

THIRTY MEN REPORT FOR FOOTBALL AT FT. COLLINS

More than 30 men reported to Coach Harry Hughes, veteran mentor for the Colorado Aggie football team, in answer to his call for candidates for the Green and Gold eleven last Tuesday night. Thirteen of these were letter men, among whom was Captain Olit Herigstad.

CARL AND BILL HAVE WILD NIGHT IN LAMAR

Dear Colletch Students:

Keith wanted me to tell you of some of the most outstandiing experiences which we encountered during the summer's campaign. Well sir, the most thrilling trip, you know—Hair-raiser, was our trip to La-Mar. La-Mar is a little town backed up against the Kansas line that has inherited some of the beastly Kansas traits. Kansas is morally one of the cleanest states in the Union, of which morality we have of course inherited our share, but we got more than our share of her boggy mud. After having taken on some hot groceries at La Junta we started for this little town of La Mar about sixty miles east. We had put some ten miles in back of us when it began to rain, lightning and thunder. I was rather drowsy up to this point, but have never been drowsy since. My nerves are shattered. We began to slip from one side of the road to the other and I was holding to the car like a Durango bed-bug. The road is built on a twenty per cent. grade over rolling country, and the thrill has that of the roller-coaster cheated to death. I shudder to think what might have happened had "Bill" put on the brakes. The grade lessened after about forty miles and we began to lose some of our velocity and I again took a breath, a little hill to climb and we were at normal speed. A stationery light on the side of the road informed us that the man ahead was in trouble, it was a terrible night, so we pulled up and stopped. The man had lost all of his gas and was stranded. "Bill' came to the rescue. The man had a little rubber tube and a gallon measure and 'Bill' proceeded to do the siphoning and after two or three good drinks of gas the measure was filled. From here we went on into La Mar without mishap.

We landed in La Mar at twelve o'clock tired out and mutually agreed that we would enjoy a shower and the feathers. La Mar was all decked out in banners etc., for the big Rodeo which was then in progress. Well, to make the story short, we couldn't find a bed in the town. We found our shower alright; Providence looked after that. The only thiing we could do was to take our shower and sleep entrain so "Bill" took the front seat and I took the back. Needless to say I slept like a log and my neck resembled one in the morning.

When I woke up I looked back and "Bill" was sitting erect, with his mouth wide open and he was mumbling something about his love for Rodeos. "Bill" said he didn't sleep much though I can't vouch for that. I do really believe he was telling the truth for he had his glasses on when I got up.

We then washed up at the Hotel's expense and went in to get a little breakfast. Some of the boarders said it was a good meal. I wouldn't contradict them for I just couldn't taste a thing. Thus rejuvenated we went around to call on the High School Principal, Superintendent and prospects and started back to La Junta.

Things began to brighten up from here on, for this is the great watermelon country. I over estimated my capacity and went unconscious at Rocky Ford and did not fully regain consciousness until we were well toward home.

Villian's Accomplice—What shall I do if the girl screams?

Villian—Clap your hand over her mouth.

V. A.—That's an old gag.

—Awgwan (Nebraska).

* * *

Minister—"Would you care to join us in the new missionary movement?"

Miss Ala Mode—"I'm crazy to try it. Is it anything like the fox trot?"

COLLEGE CUSTOMS AND TRADITIONS

Colleges like nations are made great by the sentiment and affection which binds their members together in a bond of common understanding and common sympathy. So that body of precedents and of customs which have received the sanction of time and of long acceptance become an unwritten constitution for the governance and direction of the undergraduate body. It is an institution which is one of the strongest ties existing between the students, the faculty, and all who are associated with the college. Long after a man or woman leaves the class room to enter the business or professional world he will look back with deepest emotion upon those customs and traditions which are peculiar to and distinctive of his alma mater. Indeed this inheritance from the past is "the silver link, the silken tie that heart to heart and mind to mind in body and in soul doth bind." Those who have themselves been Freshmen ask you to sincerely try to understand the spirit of these traditions, and to observe them faithfully. To do this will strengthen your love for your college, and will make you truly understand her spirit and her purpose.

College men are expected to refrain from smoking on the campus.

Freshmen are required to wear the regulation cap from the time school opens until Washington's birthday.

It is customary for the men of the freshmen class to see that Cutler bell is rung after all athletic victories.

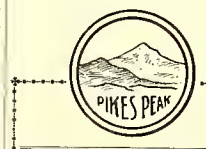
Freshmen are expected to carry the football men from the field after every home game.

Men of the freshmen class are expected to gather wood for the bonfires at all of the "pep" meetings.

Tradition forbids any class-scraps in the neighborhood of the main flagpole.

Freshmen are not allowed to wear "prep" school insignia of any kind.

Freshmen are permitted to wear Black and Gold only at athletic contests. No student may wear the official "C" unless entitled to do so.



Pike Speaks

Now that college has started again let's all get ready for a perfectly ripping nine months of cooperation, and — — and all that sort of twaddle, and whenever we are requested, we will all "get together" on a perfectly rousin' old "C-O".

* * *

No one intends carrying all the animals out of the zoo, does one? Nor will there be any sentiments on the walks around the dear old school.

* * *

We all must cultivate a knuckle breaking grip and congratulate all fraternity pledges. A good thing to say is, "Glad to see it old man," because in most cases that will be true.

* * *

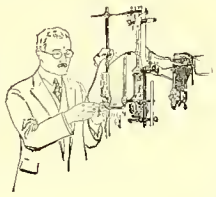
No one of us will cut chapel excessively, for the main and simple reason that the chapel officer is a darn good bookkeeper.

* * *

And shall we all live together this year like the children of some big happy family? Shall we? Oh yes, let's!

* * *

When interviewed by a reporter at a late hour last night, one of the new co-eds said, "My impressions of Colorado College? Why the main one is standing in line. I've stood in line for every thing I've done here except to go to bed."



Which Type of Research is of Greatest Value?

A stove burns too much coal. A man familiar with the principles of combustion and heat radiation makes experiments which indicate desirable changes in design. That is research.

You want to make a ruby in a factory, a real ruby, indistinguishable by any test from the natural stone. You begin by analyzing rubies chemically and physically. Then you make rubies just as nature did. Your rubies are the result of research—another type of research.

While melting up your chemicals and experimenting with high temperatures, you begin to wonder how hot the earth must have been millions of years ago, and what were the forces at play that made this planet what it is. Your investigation leads you far from rubies and causes you to formulate theories to explain how the earth, how the whole solar system was created. That would be research of a still different type.

Research of all three types is conducted in the laboratories of the General Electric Company. But it is the third type—pioneering into the unknown—that means most in the long run, even though undertaken with no practical benefit in view.

For example, the Research Laboratories of the General Electric Company are exploring matter with X-rays in order to discover not only how the atoms in different substances are arranged but how the atoms themselves are built up. The more you know about a substance, the more you can do with it. This work may enable scientists to answer more definitely the question: Why is iron magnetic? Then the electrical industry will take a greater step forward than can be made in a century of experimenting with existing electrical apparatus.

You can add wings and stories to an old house. But to build a new house, you must begin with the foundation.

Line Plunges

"Then hit the line Colorado"

Freshmen this will introduce to you, Line Plunges, the friend and advisor of all underclassmen.

Line Plunges are derived from the Latin words:—

Lineo—meaning line or bunk
Plungeo—meaning fall.

Hence you should fall for this line of bunk.

* * *

Speaking of lines we notice that more than one little Freshman girl has become popular over night, which proves that Barnum was right.

* * *

A sappy joke should fill this space
To make you wrinkle up your face
But no such joke has come to pass
Except one on the Sophomore class
They sought to make the freshmen feel
That Sophomores were a class ideal
Though when the hour of battle came
Their fighting spirits were so tame
That when we lay the cold facts bare
We find that no one mussed his hair
But why the Freshmen were so blest
Was because the Sophomores love their rest.

* * *

A smooth line may be all right
But you can't hang clothes on it.

* * *

Dere Cy:—

I am arrived here at Colorado's college an am pleased with the same. I had a hard time getting to stay here cause they sed i dident hev enough inquirements but i told em i cud get some more as soon as i wrote home. This sure is a fine place as i havent hed to buy no meals yet cause there is a lot uf lodges here what done do nothing but feed freshmen. Thets what they call us Cy Frosh, an its easy to tell froshes because the boys has all got lodge buttons what they wear on there coats, and the girls has all got a bunch of sophies standing around talkin to em. Fri. we had a big fight an the froshmen won cause all we had to do wes to get the sophies flag which wasent no flag at all but just a rag. We thru a freshie up at the pole an he got it down only the fist one we thru didnt hit the pole but come right down on my head. We had a big party that nite in the casket hall as all the men an women from the town was there an we had ice cream to eat only there wesent enuf cause the 3rd time I went up they was all out. We danced afterwards an I had a great time only except i stept in some ice cream an set down but everybody jest laffed so i didnt care Well Cy i must close cause i hev got to study latin next time i am going to tell you about the girl i met with red hair, hopping you are the same I remain,

Youre friend Gus.

BUSHNELL ELECTED PRES. HAG. HALL ASSOCIATION

The.. Hagerman.. Hall. Association held its annual meeting Monday evening, in which the following officers were elected:

J. S. Bushnell, President.
Paul W. Nesbit, Vice President.
D. A. McCormack, Secretary, Treasurer.

Much enthusiasm was shown and a special new resolution was adopted regarding the establishment of a study hour from 7:30 P. M. on, including every night except Friday and Saturday. The students will make it their business to see that every care is taken to keep Hagerman Hall free from any of the tendencies toward rowdyism and non-scholastic interest, for which college dormitories are often noted. An effort will be made to promote in every member more zeal for his studies; more interest in college activities; a greater love for his college. Every man will be one hundred per cent. student. It is understood that special interest will be taken in the Freshmen and new students, to help them gain a foot hold and to give them the right start in college.

Among the residents of the hall thus far established are: Warful Anderson, Chicago; 14 W. Milner, Cano. City; W. Warner, Waterbury, Connecticut; Paul W. Nesbit Canon City; T. W. Watkins, Meeker; Ralph D. Patton, Canon City; J. Perkins Bushnell, Georgetown; G. H. Anderson, Garden City, Kansas; L. E. Marschat, New York City; P. L. Logan, Canon City; Del Hitch, Denver; Hubert Moody, Pueblo; Meyer J. Wiemer, Wilmington; Deleware; J. S. Delaney, La Junta; and Curtis Wood, Montrose. ..

ALL COLLEGE RECEPTION

(Continued from page 1)

crowd flowed around Anna Herzog and her four assistants, who admirably succeeded in connecting names and people throuout a rushed evening, until the same crowd, alternately augmented and depleted, again pushed its way thru the doors and into the open air as the clock struck eleven, "on with the dance" was the motto.

With Dr. and Mrs. Duniway, Mrs. Lee, Prof. Okey, Helen Wells, and Bob McIllvaine standing in the Commons Room to bid you welcome, whether stranger or friend, how could anyone feel the least bit neglected or unnoticed? And of course the minute you stepped again into the hall, you could hear and see J. Elwood Amos, Alias Red, helping to introduce everyone to everyone else, and at the same time to keep the line steadily moving. It really was quite startling to find that he and Rita Fist, as well as Fran Tucker, Ed Ryan, and others had exchanged characters for the evening, but it added to the fun.

However, 'tis sad but true that the real question of the evening was "when do we eat?" and Harriett Bumstead, assisted by Alice Sweet and Roxie Jackson, had her hands full when the doors were finally opened. But it surely was worth waiting for, because the ice cream was delicious and the cake just melted in your mouth. Or was it the other way around?

Be that as it may, Jimmie Amos conceived a bright idea, got permission, and by 8:30 had put into operation a jitney dance for the benefit of the training table. It really was the crowning glory, for the floor was sticky, and one sometimes sat suddenly in dishes of ice cream, everyone was happy and glad to be there. At first anyone would have thought that the manager himself expected to dine hereafter at the aforesaid training table, so zealously did he rake in the nickels, and so short were the dances, but by 10:30 he was too busy dancing to Kief's long encores to bother about the shekels. Nevertheless, Ed Ryan and Prof. Okey report a nest egg of $19.15 to help put the table into operation.

By special consent of the Dean of Women the gaiety continued until 11 o'clock, showing more and more of the C. C. spirit with each dance, and finally broke up with much fun and noise—the appropriate end of a perfect All College Reception.

Y. W. C. A. Tea in Bemis Hall Thursday P. M.

Last Thursday afternoon from four until six was the time; the place was Bemis Hall; and the girls were certainly in evidence, for all the sponsers brought their little sponsees.

A few isolated girls wandered in early, but most of them appeared between 4:30 and 5:30, which was truly a rush hour for Catherine Hood and Frances Tucker who undertook to write the name plates of all the guests. Only three, Mrs. Lee, Mary Hicks, and Evelyn Stannard, were compelled to make up the receiving line which welcomed everyone.

After the friends of the College, as well as the new faculty ladies, and representatives of the local churches, such as Dr. Garvin, Rev. Staff, Mrs. C. L. Owen, Mrs. A. A. Blackman, and, many others, had arrived, a delightful program was presented. The guests were delighted with Helen Korsmeyer's piano selection, followed by a group of songs beautifully rendered by Gertrude Bigler, and still later by a violin number by Mrs. James H. C. Smith.

The "C" Club Store under the old management of Briggs and Delaney is again open for business. We invite you to come in and see us.

ALPHA NU DISSOLVES

(Continued from page one)

Council to the Student Commission. This has created an unusual situation which exists at the present time in that the representative of all the fraternities is not himself a fraternity man.

The notice of dissolution made public last Tuesday follows:

Sept. 12, 1922.

To whom it may concern:

We, the undersigned members of the Alpha Nu Fraternity of Colorado College, with the assent of the absent members, because of the general conditions existing on Colorado College campus making it impossible to maintain our standard, do hereby declare the Alpha Nu Fraternity as disbanded and dissolved.

(Signed)

Vernon G. Scott,
Wm. Keith Chick,
William G. Senning,
Paul W. Sundbury,
Laurence E. Marschat,
Lester B. Powell,
Marvin H. Reinking,
J. M. Mussey,
Ralph A. Strong.

ALPHA NU MEMBERSHIP LAST SPRING

(Upper row left to right) Clyde Phillips, Clyde Overholt, Ira Hicks, Lester Buzey, Sherman Bushnell, Lewis Chatham (Pledged but never initiated). (Middle row) Paul Sundbury, Richard Valore, William Senning, George Anderson, Jack Mussey. (Lower row) Marvin Reinking, George Arms, Lester Powell, Albert Lyles, Prof. Gilmore, Vernon G. Scott, Laurence Marschat, Ralph Strong.

ALPHA KAPPA PSI

(Continued from page one)

taken his undergraduate work at Denver University and later a year of post graduate work at Colorado College. From 1908 to 1912 he was professor and coach at East Denver High School. While there he founded the Kester Athletic Club, several members of which are now attending Colorado College.

Alpha Kappa Psi is the national honorary-professional business fraternity, its membership being strictly limited to Junior and Senior students in the Commercial Department. The membership of the local chapter includes Dr. Drucker, Professors Swart and Copeland, Mr. Postelthwaite, associate members, Amos, McIllvaine, Park and Chick, active members and Burghart, pledge. In addition to the above, the following alumni, Edmond Crockett, Eino Lemo, and Harry Taylor, were present to hear Dr. Kester.

WINDOW CLEANSRS

(Continued from page one)

Cleaners" in this and other college cities.

The idea of a student window cleaning organization was originated by Rose brothers at Boulder, and was used to pay their university expenses. The idea proved so popular with both students and patrons, and has spread to Greeley, Ft. Collins and elsewhere. Mr. Rose's study of the window cleaning business in New York and other cities indicates that the Student Window Cleaners here are better equipted and use better methods than window cleaners in any of the larger cities, and that the "Speed pockets" are the first real improvement in window cleaning methods in a number of years.

Since window cleanmg should be one of the stable occupations of college students working their way, and at the same tiime the business man need just such service as these students can give, the organization operates to equi pand train the students, stabilize the industry and regulates supply and demand.

The application blanks are here and are in charge of the employment bureau of the college. A number of men have already made application, ncluding a few of the freshmen.

OUNIWAY IN CAPEL CONSTITUTION OAY

STUDENT COMMISSION WILL INCORPORATE IN ORDER TO HAVE POWER TO CONTRACT

Incorporation Expected to Prevent Abuse of Commission's Guarantee of Financial Liabilities of Student Activities

Don MacMillan was appointed chairman of the enthusiasm committee at the first meeting of the Student Commission held last Tuesday night. Helen Armstrong was appointed chairman of the bulletin board committee. The first steps toward the incorporation of the Student Commission were taken at this meeting. A committee was appointed to close up the the business affairs of the 1923 Nugget.

The newly appointed chairman of the enthusiasm committee is well fitted for his job. He was president of the Student Commission the first semester last year and is a four year football man. His duties are to direct the demonstrations of enthusiasm for athletics in pep meetings and at contests. He is to appoint two assistants and two yell leaders and has the authority to call upon any student of the college to help him in his work.

The need for the incorporation of the Student Commission has been recognized for a long time but the first official action along that line was taken at the Tuesday night meeting. Under the present system the Student Commission is liable for any debts of the various student enterprises but has no way in which it may enforce a debt due it. If a manager of any student activity chooses to abscond with the funds due the Student Commission he cannot be prosecuted legally he has not stolen from anyone, since the Student Commission is not a legal entity and is not recognized by law.

Tiger Gets Office on Third Floor of Ad. Bldg.

For the first time in a number of years, The Colorado College Tiger has an office; not an elaborate one, to be sure, but at least a place where the paper may be assembled before going to press. To publish a newspaper without a centralized organization is almost impossible, and it is with a view to such an organization that an office has been secured. Mr. Posthelwaite is to be thanked for the office as well as a part of the furnishings.

It is located on the third floor of the Administration Building in the south-west corner. A telephone will be installed and both the editor and manager will conduct all matters of business from there.

As soon as the confusion of the opening of school has been overcome, this office will be headquarters for the

(Continued on page 1)

FRANCES TUCKER NEW VICE PRESIDENT W. A. A.

Will Request Special Meeting of All Girls Next Wednesday

On Tuesday the W. A. A. Board held its first meeting of the year in Miss Davis' parlor. After the usual reading of the constitution, the election for the place of Vice President, left vacant by the failure of Lorraine Moody to return to C. C. took place and resulted in the choice of Frances Tucker. Also Miriam Ellsworth was appointed as the new head of swimming, another position left vacant when Maxine Pooler didn't come back.

It was decided to hold the customary monthly meetings on the first

(Continued on page 4)

BABY TIGERS MEET TERRORS NEXT SAT.

Frosh Game to be Curtain Raiser for Tiger-Wyoming Game

Seventeen men, several with laudable athletic reputations, reported for the initial practice of the Tiger freshman football eleven Tuesday afternoon on Washburn field. Assistant Coach Lavik is taking charge of the Baby Bengals at the present and unless some other mentor for the Frosh is located Coach Mead's assistant will continue to train the first year men. A game has been scheduled with Coach Kline's Terrors for September 30, at 1:30 o'clock. The contest will be played before the Tiger-Wyoming game, which is the first battle of the year between schools of the Rocky Mountain conference.

John Schoonover of Eaton, one of the most promising candidates among the freshmen established a commendable reputation in northern Colorado and no doubt will be one of the stars on the Baby Bengal's team. Tommy Ryan, of Greeley and the Long Beach Technical High School is packing a most enviable record with him from the school in California. Ryan is a fast and a good tackler and dependable at receiving the oval. He also played at quarter, having filled that position against the Terrors three years ago. Another man worthy of notice is Tom Willis of Lake Forest and Greeley. Willis played guard on the Greeley "wonder team" two years ago when the Terrors met the up-state eleven in a championship tilt in which Greeley came out the winner. He played with Lake Forest last year where he was one of the most valuable pigskin warriors on the team. Willis has plenty of weight and can be developed into either a linemen or backfield star. Al Brown, captain of the state championship Terror eleven last year is out for a tackle and

(Continued on page 4)

Girls' Tennis Tournament Starts Next Week

The girls' tennis tournament will be played off next week. Christine Miller has announced that all drawing of of names will take place before next Monday when the games are scheduled to begin. So far there has been very little interest shown, only about fifteen girls have signed for the contest.

Carl Brumfield, Pres.; John Duniway, Vice Pres., Y. M. C. L.

Carl Brumfield Elected President

On last Tuesday evening a group of students and faculty, composing the Young Men's Christian League, met at the Administration Building. The meeting was called by Harry Taylor, former president of the organization. The first business to be dispensed with was the election of new officers for the coming year. Carl Brumfield was chosen president of the league, with John Duniway to assist him as vice-president. Wallace Mast was elected secretary and James Park, Treasurer.

John Duniway, Ralph Emery, and Carl Brumfield each gave a very interesting report on the Conference at Estes Park last June. Brumfield laid special emphasis upon the seriousness of purpose of the men from the various colleges, and the manner in which constant Christian fellowship had written its story in their characters. All three men expressed in no uncertain terms how the meeting at Estes impressed them of the need of such an organization at Colorado College.

Mr. Maxwell and Mr. Anderson of the City Y. M. C. A. dropt in during the meeting. Mr. Maxwell made a short talk in which he expressed the desire of the local association to cooperate with the students in every way. In his talk he also offered the use of the Y. M. C. A. and equipment to the students at any time. President Duniway offered to arrange for the devotion of Chapel exercises to the purpose of the League at various

(Continued on page 4)

TOWN GIRLS WILL HOLD ELECTION WEDNESDAY

Two Nominated for Each Office Left Vacant

The first affair of the Town Girls Association, held in Monument Park, was a decided success, due largely to the efforts of Stena Dearborn and her committee, who prepared and served the delicious supper, and Frances Tucker, who successfully took the girls back to their jumping-rope days by getting them all wildly excited over Farmer in the Dell., Three Deep, and many more of the old favorites.

Mrs. Lee and the faculty ladies were guests, and seemed to enjoy the games and food as much as anyone.

The girls were obviously glad to be together again, and are anticipating another successful year.

(Continued on page 4)

PLANS FOR DRAMATIC CLUBS MADE THIS P. M.

Presidents Meet to Make Arrangements for Programs

Evidence that dramatic life in Colorado College is not dead this year, was given this afternoon, when the heads of the various dramatic clubs and fraternities on the campus met in Perkins Hall to discuss dramatics for the coming season. Tentative plans for the coming season were formulated by the committee, consisting of

(Continued on page 4)

SALE OF TAGS STARTS TRAINING TABLE FUND ---MORE MONEY NEEDED

Nearly One Thousand Dollars Must Be Raised to Feed Warriors Raw Meat

Colorado College is going to put a fighting team on the field this year against every invading team, if training and wholesome food have anything to do with it. For the students of Colorado College have started a training table fund, the support of which is contagious and bids fair to work its way into the business districts of the city.

Tag day was proclaimed at the College on Thursday, and every loyal Tiger was tagged, thereby chalking up fifty cents to the good of the cause. About two hundred fifty dollars was realized by this method but there remains a great deal to be raised yet.

When some of the students in the College find that they have nothing in particular to do, they might sit down and try to figure out just what the training table requires in the way of pure old American money. When it is figured and figured and possibly refigured, the conclusion will be that one thousand dollars is the least amount that will satisfy the wants of the hungry hordes that will pour into Cossitt in search of their "raw meat".

But it is worth it all to be able to see that team in action—that team who's only watchword during a game is fight to the finish. Coach Mead, speaking in Chapel Thursday morning, said that the only way to expect a team to put this fight into the game is to give them this wholesome food that only the training table can afford.

The training table starts today and soon the aroma of the juices which trickle over thick layers of T-Bone Steaks will greet our warriors when they return from the field of battle. Big baked potatoes will meet their eyes as they walk across the threshhold of the dining room. In short all the delicacies known to ancient cave men, will be common things to our football men who will sit at the training table.

The thing to do now is to watch the TIGER'S APPETITES not only in the room where the food is cooked but on the field of battle, against BOULDER, Aggies, Denver, and Utah, where the meat is RAW.

Eighteen Marriages Among Aggie Students

Ft. Collins, Colo.—Dan Cupid just won't be slighted!

The summer just past was a prosperous one from a matrimonial standpoint as far as the Colorado Agricultural college is concerned. No less than eighteen (18) marriages—perhaps more will become known later—were reported to the society editor of The Collegian. A goodly number of these eighteen were last year's graduates. Also, several recorded were students still pursuing their education here. A few of the last mentioned will return to college this fall, wives and all. However, a few will not, which only goes to prove that after all, Dan Cupid is the real judge of the amount of education necessary for most men and women.

TIGERS WEAKENED BY DESERTIONS AND INJURIES MEET COWBOYS SEPT. 30

Squad Small, Material Inexperienced, New Coaching System — Must Fight to Win

Coach Mead made his first appearance in a Colorado College pep meeting Thursday morning. The essence of his speech was that he expected the entire student body to help his team win games. He resented talk and publicity tending to discourage the team. He made it plain that there was a chance and a big one too, that the Tigers would have a successful season if the student body only believed in them. "Get behind the team and push! If we win, the glory is yours, if we lose, you lose.

A week from tomorrow the Tiger football team will trot down from Cossitt gymnasium and take the field against the eleven from the university of Wyoming in the first game of the 1922 season. With a small squad to pick a team from and with the candidates lacking experience, Coaches Mead and Lavik realize that they are facing a hard problem in developing a winning eleven this year. The opening game of the season should do a lot in finding the weak spots in the Bengal team. Altho little is known of the strength of the Cowboys the fact that Coach Corbet always turns out a fighting eleven assures the fans of a real tussle a week from Saturday.

The backfield will depend upon speed this year to bring gains. None of the backfield men are exceptionally heavy but every one of them possesses plenty of speed. Bob Edgar, Delaney, Greiner, Hunter, McIlvaine and Gray are all speed merchants but whether or not this will bring the Tigers vic-

(Continued on page 4)

MITT LEAVES C. C. FOR ILLINOIS UNIVERSITY

All-Conference Tackle Accepts Inducements of Midwest Institution

Mervin Mitterwallner, all-conference tackle last year and slated to be one of the mainstays in this year's Tiger eleven, left this week for Urbana, Ill., where it is understood special inducements, including training to turn him out a qualified coach, which Mitt plans to use to advantage later, were offered. "Bubbles" made good in his first year of football in the Rocky Mountain conference in 1921 when at the end of the season he was selected by the coaches as one of the all-conference tackles. He was one of the big cogs in the line and without a doubt would have been one of the outstanding stars of the season had he stayed here this year.

Mitterwallner entered Colorado College last year. Previous to that time he attended Colorado University where he was a member of the Sigma Alpha Epsilon fraternity. "Bubbles" was one of the most popular men on the campus and his departure is regretted not only because of the loss that will se suffered on the football team but also because he was well-liked.

Rocky Mountain Intercollegiate Press Association, of which Keith Chick is president and Ellwood Amos is advertising manager. Eight newspapers of the Rocky Mountain colleges and universities comprise the membership of this organization.

ELECTION OF W. A. A.
(Continued from page one)

Monday of each month, to be in the form of a luncheon in Bemis, following the business meeting to be held in McGregor. Miss Davis was authorized to purchase the necessary equipment for hockey, and Stena Dearborn, President of the Association, promised to ask the powers that be if a special meeting for all girls might be held next Wednesday in the Pit. However this permission has not yet been granted.

After a short discussion the meeting adjourned until Oct. 2.

FROSH MEET TERRORS
(Continued from page one)

should have no trouble in landing the place. McAllister of West Denver and Kimball and Puttnam from Idaho are stars at their positions who will help fill the new vacant places in the lineup.

Y. M. C. L.
(Continued from page one)

times, and Professor Drucker, Dean Jaqua took a very prominent part in the meeting and expressed their desire to continue to devote their energies to the furtherance of the work throughout the year.

The chief purpose of the meeting was to lay plans affecting a complete reconstruction of the old organization. The League wished to bring the men of the college together into a religious body very similar to a student Y. M. C. A., but at the same time open to any college man who desires to come in and cooperate with its members. The new league will include both students and faculty. In conjunction with its religious work one of the league's chief purposes will be to make itself available for advice or assistance of any kind, at any, time, and to any person in the college.

According to its members, the purpose of the league is expressed in the words of the first official announcement of the College, in 1874: "A college in which liberal studies may be persued under positive Christian influence; . . . . . in which the character most desired is that of thorough scholarship, and fervent piety, each assisting the other, and neither ever offered as a compensation for the defects of the other".

The League's new executive committee, composed of all officers will meet at 7:30 next Tuesday evening for the purpose of carrying out plans to further the ensuing campaign of the league.

TOWN GIRLS
(Continued from page one)

Nominations for Town Girls Association to fill vacancies are as follows:

Student Commission Representative —Martha Kirkpatrick, Esther Patrick.

Vice-President — Edna Theobald, Elma Jane Clopper.

Junior Representative—Ruth Little, Adelaide Easley.

Freshman Representative (2) — Margaret Knowles, Margaret Osborne, Miriam Malsbary, Marjorie Harrison.

Election is to be held Wednesday, September 27. All girls living in town may vote.

DRAMATICS
(Continued from page one)

Bradley Kidder, president of Pearson's Club, Gertrude Klein, president of the Girl's Dramatic Club, and Mr. Copeland, faculty advisor for Theta Alpha Phi.

Just what their plans were, has not yet been ascertained but it is certain that Colorado College will have one of its best dramatic seasons. Last year was one of the greatest years for the College in this line of work and every thing points to a repition of such this year. Some of the members of Theta Alpha Phi took leading parts in the plays given this summer by Community Players, and will continue to do so during the winter season.

Right now, Theta Alpha Phi is a bit short of material with which to work during the coming season. This material is usually recruited from Pearson's Dramatic Club and the Girl's Dramatic Club. These two clubs will again be active this year, and it is more than probable that these two clubs will stage some of the kinds of plays that made such a hit with the students last year.

FOOTBALL
(Continued from page one)

tories or not remains to be seen. Patterson and Burghart, both letter men, are going great guns and should be in the best of shape for the Cowboy game.

Wesson, Waiss and Muncaster are the only letter men on the line. Mitterwallner who left for Illinois would have been a big factor in the line had he remained at Colorado College. DeFries and Thomas and Zickafoose are showing plenty of ability and may be the other linemen to take the field against the Cowboys. MacDougal appears to have an end clinched and Bruce is fighting it out, rather successfully for the other corner position.

Other colleges have been hit hard this year by the loss of letter men thru graduation and other reasons and only time can tell just how the Black and Gold pigskin artists rank.

Episcopal Club to Meet Sunday with Rev. Arthur N. Taft

The first meeting of the Episcopal Club will be held on next Sunday night, September 24, at the home of the Rev. Arthur N. Taft, rector of St. Stephens church, at 6:30 o'clock. This meeting has been planned as an informal supper party followed by an important business meeting to which all members of the Episcopal Church and any interested in the activities of the Club, as well as any who expect to attend the Episcopal church regularly, are invited.

This Club has been organized for the last few years in order to bring into closer relationship all members of the Episcopal faith. Last spring just before the closing of College, officers for this next year were chosen. Realizing that the Club tho small and new is important in the College life, the members selected the following competent officers:

President—Robert Swan.

Vice President — Elma Jane Clopper.

Secretary and Treasurer—Frances Miller.

Girls Glee Club to Meet Monday Afternoons

The first regular meeting of the Girls' Glee Club was held last Wednesday in Perkins Hall. However upon the motion of the members Monday was chosen as the meeting day henceforth. The club has a bright outlook for the year. With the number of members totalling thirty-four, not including Leta Gale as accompanist, with Clara Vorreiter as President, and with Miss Belle Board as director during the absence in the east of Mrs. J. S. Tucker. No definite plans have yet been made as to what the club will do this fall.

CANARIES SAVE HUMAN LIVES

The recent mine disaster at Jackson, California, brings out a point of vital interest to Colorado voters. Canaries were used by rescue workers to warn them of the presence of deadly after-damp in the mine, and the rescue parties were saved through warnings given by the birds.

Canaries and mice are more susceptible than men to the effects of after-damp, which occurs in mines following explosions and fires. These animals are therefore kept by all well-equipped mines and are kept at all rescue stations of the Bureau of Mines. The Bureau recommends that every rescue party be equipped with at least three canary birds. When the birds show signs of weakness or distress from after-damp, it is time for the rescue party to retreat. If the canaries are intelligently handled, they seldom die from exposure to after-damp.

The Colorado Association for the Protection of Public Health points out that if the Anti-Vivisection Bill should pass at the November election, it would be illegal in Colorado for rescue parties to use canaries in their work and that the lives of entrapped miners and their rescuers would be placed in the greatest jeopardy.

Ad Building Notes

Those who are taking conditional examinations are notified that they will be held on Saturday, September 30. Arrangements for taking such extions must be made before the preceding Wednesday, September 27.

* * *

Mr. Copeland will leave Monday for Pueblo to visit the schools of that city. His trip will be in the interest of Colorado College.

* * *

The ladies of the Faculty enjoyed their first social affair of the year, when they were entertained this afternoon at the home of Mrs. I. A. Keyte in Ivywild. The hostesses were Mrs. Keyte, Mrs. Okey, Mrs. Morrow, Miss Ellithorpe, and Miss Owen. An ice course was served by the hostess.

TWO HUNDRED FIFTY DALLARS RAISED BY TRAINING TABLE TAGS

Only One Fourth of Amount Required

The fund for the football training table is coming along by jitneys, halves, and dollars, according to the latest reports. The tag sale on the campus and down town has netted about two hundred thirty-five dollars with several agents to be heard from. The proceeds of the dance held after the All College Reception brings the total to a little over two hundred fifty dollars which is but one-fourth of the required sum. One thousand dollars is the price of an adequate table for our team.

Mr. Patterson of the D. & R. G., mho is in charge of the drive among the business men, has been too rushed with his personal affairs to do much with this fund. He reports the first donation of fifty dollars from P. B. Steward, a trustee of the college, who is especially interested in athletics at C. C. With such a beginning it is expected that the necessary sum will be soon subscribed.

PI KAPS GET DUNIWAY CUP FOR HIGH GRADES

Average Lower Than in Former Years

President Duniway presented the inter-fraternity scholarship cup to Theodore Winans, the representative of the Pi Kappa Alpha fraternity, in chapel this morning. In the brief presentation speech the president outlined the purpose of the cup competition and stressed his wish that the winning average be higher this coming year. According to the records the fraternities have kept ahead of the non fraternity men for the past several years but the winning average has steadily declined since the establishment of the President's cup as the scholastic trophy. The first year it was offered it was won by Beta Theta Pi with an average of 76. The next year it was won by Kappa Sigma with an average of 74 and the following year Alpha Nu won the cup with an average slightly over 73. Pi Kappa Alpha won the cup last year with an average of 72.79.

The folloming is a tabulation of the years averages:

Pi Kappa Alpha—E2.79.
Phi Gamma Delta—71.26.
Phi Delta Theta—70.28.
Kappa Sigma—70.18.
Alpha Nu—69.73.
Beta Theta Pi—65.95.
Sigma Chi—65.80.

Boulder Phi Delts to Build New Fifty Tho'usand Dollar Home

Boulder, Colo., Sept 22.—Ground has been broken for a $50,000 chapter house for the Phi Delta Theta fraternity, to be located three blocks from the University of Colorado. The building is to be completed by the Christmas holidays.

C. J. Cooper of Denver is president of the Phi Keia, the building corporation of the Phi Delta Theta. All of the directors are also Denver men. They are James D. Maitland, presi-

(Continued on page 4)

Theta Alpha Phi Members Make Community Theatre a College Institution

The Community Theatre and Community Players have come into being since the end of the last term at Colorado College. This is an organization which is largely composed of Colorado College people, and which will play a large part in the life of the student body this year. The Theatre is located at 19 E. St. Vrain, and is the property of Mr. Arthur Bartlett. The manager of the theatre is Mr. Dow, himself a former actor on Broadway, an ordained minister, and a member of the famous Dillingham family of theatrical producers. The director who is well known to Colorado College is E. Benson Sargent, a man of wide experience on the professional stage and as a professional director. The leading members of the nucleus cast, who are paid and retained for every week's production, are Faye Lilley, Carman Freyschlag, Rowena Hampshire, Arthur Johnson

(Continued on page 4)

BEST STUDENTS TO GET BOOKS AS PRIZES

President Duniway Offers Prize for Best in Each Department

President Duniway announced in chapel this morning the establishment of a series of prizes to be awarded by him to the best student in each of the seventeen departments of the college. The prizes are to be in the nature of books on the subject in which the student wins the award. The awards are to be made on the recommendations of the professors of the departments. The basis of judging need not be purely a matter of grades. It may be the student who has made the most progress or the student who has shown the greatest degree of earnestness or application regardless of grades. The President leaves the selection of the winners entirely up to the professors providing only that scholarship in some of its definitions be the basis of judgment.

The books are to be the very best obtainable on their subjects and will be in the best of binding with plates showing the name of the person to whom they are presented and an explanation of the prize value it holds. The names of the books are to be kept secret till the time of presentation which will probably be some time in May.

ENGLISH HOCKEY COACH TO BE HERE IN NOVEMBER

Last spring the W. A. A. decided to join the National Field Hockey Association, with the wonderful result that already a hockey coach has left England for this country and will be here at C. C. for the week of November 6 to 11. Only the association chapter at Boulder and our own have the privilege of this coaching, and Miss Davis hopes that the girls will take advantage of the opportunity offered.

This last summer there was held near Philadelphai, a Hockey Camp to which physical trainers from all parts of the country went. Here the enthusiasm for hockey was greatly increased, and it is becoming the leading sport for women. Already about twenty-five girls have signified their desire for the game here, and with the added inducement of a fine English coach and several games with San Luis and other schools, Miss Davis is expecting a big year.

In spite of the notice in the Tiger and those posted in Palmer, the girls are not responding well to the call for tennis players, and Christine Miller sends out one more appeal to women

Announcements

There will be a very important meeting of the Fortnightly Sketch Club Wednesday afternoon at four o'clock in Perkins Hall. All members should be there as election of officers will be held.

* * *

The Y. W. C. A. Cabinet will meet in Palmer Hall Rest Room at 4 o'clock this afternoon.

All men wishing to try out for cheer leader hand their names to Don McMillan. Try outs will be held Friday at the pep meeting.

* * *

The Mandolin Club will meet today at four o'clock, in Ticknor parlor for its first practice, and also to elect new officers. All former members and all girls interested in playing **any** instrument are urged to be there on time.

* * *

Girls Glee Club practice, Wednesday, 4:30 Perkins Hall.

* * *

All Town Girls be sure and vote Wednesday between 8 and 12 o'clock in Palmer Hall.

THIRTEEN NEW MEMBERS OF FACULTY COME WITH GOOD QUALIFICATIONS

Departments of Romance Languages, Science, History, Psychology and Athletics Receive New Instructors

Colorado College has been eminently successful in the selection of new members of the faculty this year. Coming as they do from different sections of the country and from different colleges, they are representative men who have been meeting with successes in the past, and are well fitted for their new positions. There are thirteen additions in all and the list follows:

B. M. Mautner, Lit. B. LL. B. Mr. Mautner is a graduate of Princeton of the class of 1913, where he studied Economics and Sociology. He also took a post graduate course at the same institution in 1915-16. The degree of Bachelor of Laws was granted him from Columbia University in 1915. He has had much experience in social work, having worked among the Henry Street Settlements in New York City. He was a member of the staff of Col. House, collecting economic and social data for the European Peace Conference, and was later connected with the United States Hous-

(Continued on page 4)

Student Directory to be Out Soon Will Show Registration Over 500

The compilation of the official student directory is nearly complete. Five hundred and eight names are on the lists now with the possibility of more being added before the book goes to press. This makes the unofficial estimate of the college registration run over five hundred altho the number is not yet definitely announced by the registrar's office.

This year the student directory is being published by the college as a Colorado College publication. No definite date can be announced when the student directory will appear but it is expected to be out about October 1.

C. C. MAN CANDIDATE FOR GOVERNOR

Ben Griffith Graduated in 1901; Was Member of Chi Sigma Gamma

Ben Griffith, Republican candidate for governor in the coming election, is a graduate of C. C., class of 1901. He is a present a trustee of the college and still retains his old college spirit which it is hoped will bring him thru to victory this fall.

Griffith was active in many college affairs chief of which was athletics. He played football each year and was captain of the teams of 1899 and 1900. Both teams were conference champions and won the large silver trophy cup now in the display cases in the rotunda of Cossitt Hall. Griffith was a member of Chi Sigma Gamma, which later became Phi Gamma Delta. He is now a member of that organization. He was also a star in intercollegiate baseball during his four years here. During the fall after his graduation he coached the college football team. While attending the Law School at Denver University the following years he mas coach of their football teams.

After being admitted to the bar he was located on the western slope after ed Attorney General of Colorado. He later moved to Colorado Springs and several years of practice he was elect- became the legal advisor for the Western Securities Company. At this time he maintained a very successful private practice. He has since moved to Denver where he has interested himself in State politics.

From the Denver Clarion:

Hon. Benjamin Griffith, Republican Nominee for Governor, is a graduate of D. U. Mr. Griffith took his A. B. at Colorado College, and his LL. B. from Denver University in 1904. He has served the State in the capacity of Attorney General. Mr. Griffith is a

(Continued on page 4)

ROTHGEB GOES TO ILLINOIS TO BE ASSISTANT COACH

Claude Rothgeb, a director of Tiger athletics for many years until he resigned in 1919 and was succeeded by C. L. Parsons, has been appointed an assistant to Coach Zuppe of the University of Illinois. Rothy will give all his attention to developing the ends.

Rothgeb purchased an interest in the Burr foundry at Champaign, Ill., but in addition to his business interests will give part of his time in coaching the Illinois eleven.

COWBOYS WILL MEET FIGHTING TIGERS ON WASHBURN SATURDAY

Big Pep Meeting Friday Night

The Tigers will pry the lid off the Rocky Mountain football season Saturday when they tangle with the eleven from the University of Wyoming. With the ability and strength of the Bengal team as yet unknown, predictions as to the outcome of the battle cannot be made even by the most sagacious scribe. However, guesses can be put forth and those coming from the best scribes have it that the Black and Gold pigskin artists have an even chance at running off with the heavy end of the score as Wyoming, like the Tigers, are not abundant with material.

Dope concerning the other schools in the conference is on hand for discussion. Denver university, Mines and the Aggies appear to have the strongest elevens. The Capital city team with a veteran backfield virtually intact from last year and with an experienced line should make a strong bid for the conference gonfalon. Ainsworth, star fullback and Williams fast half are the two men in the backfield who mill carry the brunt of the attack. The line is heavy and experi-

(Continued on page 11)

OLD TIMER WARNS FROSH OF SOPH BANQUET SOON

About Time for Another Eruption of Class Spirit

By Ileputu Wise.

Lookout you frosh! You have a reputation to uphold Just because you won the Flag rush is no reason for you to lay down on the job. The subtle sophs are laying for you; not for a rough and tumble fight but for a battle of wits. Our worthy goddess of tradition whom we worship, rules that the sophomores have a banquet sometime during the early part of the first semester. The emerald tinted ones are to devote all energy to the end that such festivities abruptly cease. The idea is to break up the soph's party before they can take a flashlight picture to prove that the banquet actually took place. For several years the sophomore grub rushers have been successful but, like the irrestible force meeting the immovable object, freshmen still entertain hopes of jamming a two pound steak down sophomore banqueter's throat.

Take the well meant advice of an old timer and peel the eyes for sus-

THE TIGER AS A STUDENT ACTIVITY.

The Tiger, the Colorado College nemspaper, offers students with an interest in journalism an opportunity to do their bit for old C. C. The Tiger is the voice of the college and will be an honor or a detriment to the institution according to whether or not it has on its list of editors and assistants those who really care to make it all that it may be.

There are no cheers in pep meetings nor publicity in the city papers for the people who make the Tiger a success but there is a very definite compensation for every ounce of energy used in knowing just what is what around the school. A Tiger representative should be a walking encyclopedia of college affairs.

The compensation is in the satisfaction that a real service has been done the college and its individual students. An elementary knowledge of journalism is gained that may be of immense value in later life.

For the instruction of present members of the Tiger staff and those who may consider applying for places on the staff, an extract from the University of Missouri deskbook is published elsewhere.

This is Your Tiger - Pay for It!

Y. W. SPONSORS GET ACQUAINTED PARTIES

Last Friday night the male element of the school was pushed into the background while Feminity held the floor. In accordance with an annual custom, the Y. W. C. A. sponsored "get-acquainted" parties both in the halls and in town. Dean Lee and Mary Hicks were the honor guests at all the affairs, going from one to another and saying that each was better than the last; while some of the Seniors (no names mentioned) took the same privilege.

At Montgomery Hall a backward party was staged with very entertaining and acquainting results. At most of the town girls' bridge and dancing held the interest of the guests. In the hall, parties other kinds of games featured the evening. However that may be, the goddess of merriment held her court in eleven different places, with eleven different bands of worshippers, and no one would like to be the judge of the best and the most successful.

The following were hostesses: Ruth Williamson, Alberta Mattison, Rita Fist, Ruth Espey.

Katherine Morton, Margaret Morris, Janet McHendric, Frances Miller, Kathleen McKee.

Ruth Little, Sadie Kier, Christine Miller, Adelaide Easley.

Bethany Reinking, Margaret Smith.

Evangeline Jo-ler, Marie Coleman, Lucy Fast.

Thelma Burchfield, Elizabeth Southmayd, Anna Jane Hitchcock.

Dorothy Jean Barker, Frances Hurst.

Frances Graybeal, Ruth Walker.

Lorene Reynolds, Florence Lawson.

Irene Sherk, Edith Miller, Florence Wilson.

Alice Trumbull, Rena Hestwood, Edith Mantey, Dorothy Rodal.

SOPHS VICTORIOUS IN AGGIE CLASS BATTLES

Ft. Collins, Colo.—The frosh, easy favorites to win, were overwhelmingly initiated into the real life of a freshman by eighty-five sophomores in Wednesday's class scrap. The final score stood fifty-six to thirty-four.

Although the sophomores were outnumbered two or three to one, their organized team work made victory a certainty. Dismantled figures and cold knockouts featured every event making the battle the success it was.

The cane rush, won by a score of twenty-seven to twenty-four by the sophs, began their sweep.

The sack rush and the tug of war were more uneven than the opening event. The scores were 25 to 10, and 1 to 0 respectively. One or two men were carried from the field unconscious in the sack rush and the local clothing prospects were brightened considerably.

Before each heat the frosh were baptized with shoe blacking, but, even tho marked, they often mistook one another for the enemy and aided materially in defeating themselves. While the freshmen tug of war team was towed thru the briny, their work gave the sophomores a real struggle, and lost only because of lack of teamwork.

When the freshmen formed the wedge which was to charge the sophomore forces and pull down the flag, the hearts of two thousand spectators were filled with sympathy for the defenders. Those gathered about the greased pole appeared as only a handful in comparison with the number in the advancing wedge; but before the freshmen had reached the circle the sophomores dived into the advance lines and broke up the systematic charge. The superiority in numbers seemed of no advantage; freshman fought freshman and the sophomores found it necessary to do little more than pull down the men who tried to climb the pole.

Several freshmen were escorted to the country for the week-end and the frosh as well claimed a few guests in the unofficial battle Tuesday night. The work began early in the evening some men being taken out as early as six o'clock. The Monday night meeting of the Freshmen must have emphasized pacifism for few were on the streets the night before the scrap.

The "A" men were kept busy fighting back the crowd and clearing the field of the wounded. The success of the scrap is due to the fairness of every event under their supervision.

EDGAR AND PATTERSON BOTH OUT OF GAME SAT.

When the Tigers take the field against Wyoming Saturday Ed Patterson and Bob Edgar, the two speed kings of the backfield will not be in uniform. The injury received by Patterson a week ago is still bothering him and it will be another week or more before he will be able to get back into the game. Edgar injured his foot and will not be able to get into the initial fracas of the year.

Both men would no doubt be valuable ground gainers in the Wyoming game. Waiss, Greiner, McIllvaine, Hunter, Burkhardt, Gray, Amidon, Delaney and a few others are showing plenty of ability at gaining thru the line and unless the Cowboys have an unusually strong team the Bengal backs should be able to place the oval past the goal posts a few times. Edgar and Pattrson are the fastest men in the backfield and are especially adept at open field running.

CLEANSING DYEING REPAIRING

Phone 1364 Superior DYEING & CLEANING CO. 129 N. Tejon

The arcanum of the failure of Hayes Briggs to make his appearance at Colorado College has been one that has caused the students of Colorado College much meditation. Slated to fill a place in the Tiger football team the younger member of the Briggs family did not show up when college started. The mystery has been solved now, however. Monday the star freshman quarterback arrived on the campus, donned a football suit and again entered the routine of college life.

Briggs and MacDougall two of the stellar performers on last year's freshmen eleven were scheduled to make a strong bid for the Tiger pigskin team this fall. MacDougal showed up for the initial day of practice; Briggs, stories had it, was going to every college from Siwash to Harvard. At any rate a quarterback is in college and another problem confronting the Tiger mentor may be solved, to.

Formal Chapel Yesterday Brings Out Faculty in Variety of Robes and Caps

Yesterday for the first time this year it was permitted to the Freshmen to see the faculty on parade, for it was the first Formal Chapel of the season. Not until Insignia Day will there be such an exhibition of red and blue hoods, or such an imposing array of caps and gowns.

The Faculty assembled at Coburn Library and marched over to Perkins. In compliance with the President's request, everyone was seated and impatiently waiting for the signal to rise in deference to the powers that be and sing our college hymn. After the hymn and prayer, Dr. Duniway made the address of the morning, his theme was on friendship and loving thy neighbor as thyself.

To allow for the stately and imposing processional and recessional as well as for the address, five minutes were taken from each of the morning periods, giving plenty of time for the exercises. The seniors have not yet appeared in their regulation regalia, so the college has still another thrill coming some time in the near future.

INSTRUCTIONS TO TIGER CORRESPONDENTS

Tell your story simply and naturally. Shun "fine writing."

Not every story must be short, but every story should be concise. Eliminate each word, sentence or paragraph not essential to the story.

Accuracy, terseness and fairness are requisites of a good news story; and the greatest of these, for without it all other good qualities are as nothing, is accuracy.

Accurate writing presupposes accurate observation and clear thinking. Be sure the facts are plain to you before you try to tell the mto others.

Read your own and other newspapers. Read them line by line—local news, telegraph news, editorials, departments and advertisements. You can't expect to mrite or edit a story intelligently unless you know what has already been printed on the subject.

Pike Speaks

A Plea for Improvement.

Pike has long been of the opinion that the heading used on the Line column is archaic, inartistic and awkward. Speaking in pure college english, it's the bunk. That heading is as far behind the times as the Dodo. (Take that, Boulder).

Pike wishes never, well hardly ever, to be destructive in his critisism and hence offers the suggestion that the Line Editor attempt to find a heading such as the one that tops this column. Something that embodies art, interest, and any number of other things that one could mention.

Pike hopes he has trod on no one's toes in his attempt at uplift, but if any misguided persons (Line Ed. esp.) chooses to take issue with this stand, let them declare themselves.

* * *

An Appreciation—

In a world which is organized with 20th century efficiency for the purpose of separating one from his belongings, Mr. Bunce, the janitor at Palmer Hall stands as an exception par excellence. On his daily round of the science building he collects the books left by the absent minded students and stores them in his sanctum whence they are returned on request of the owner.

Our President often reminds us that we may make our lives sublime by leaving behind us the things to which we have no clear title. The policy inaugurated by Mr. Bunce this year operates in a positive way to reduce the losses.

It is no small thing for a busy man to devote a part of his day to the saving of youngsters from the efforts of their carlessness.

Here's to you Mr. Bunce, and strength to your elbow.

* * *

Yesterday we had a formal Chapel. All of our faculty came and sat on the platform, in their Caps and Gowns.

A nice time was enjoyed by all.

There is nothing like a good exhibition of Caps and Gowns to make a fellow want a college education.

Line Plunges

"Then hit the line Coloredo"

Without reason or cause comes this column to bother you again this week but it must be, for it was in the beginning and must be even to the end.

We have been getting a line on the work that various of the men did this summer and as a result we find that Ray Green was a Director in the movies—he directed people to their seats in the Rialto Theatre.

Harry Taylor was a bank teller—he told the people which window to go to.

* * *

A lot of people went to work
Last Spring when school was out
And some of them made money
While others bummed about

Well some were always working
While others sat and dreamed
TIGER GAL FOUR ....
For these there was no profit
For the others fortune beamed.

But all of them alike
Were glad that ten o'clock
Would not bring forth each day
A dreary Chapel talk.

And after supper every night
There was no work to get
For though we may come here to learn
Night work is hated yet.

But after all its not so bad
When we come back each Fall
We soon get in the swing of things
And its not bad at all.

DEAN JAQUA TALKS TO INDEPENDENT CLUB

The first meeting of the Independent Club was held at Cossitt Commons Monday evening.

Dean Jaqua made a pointed speech in which he indicated the chief benefits to be derived from a college education and asked the cooperation of the Independent Club to help make this a most successful year at C. C. He said the fundamental elements in life were friendship and work, and as a means of promoting friendship he heartily endorsed the Independent Club and its activities. "Either learn friendship here in college", he said, "Or be ostracized from society". He emphtasized the fact that students must learn to work in college. We were sent here to develop better thoughts and habits. We should learn to feel at home in any group. All fraternal organizations have these fundamental purposes. Every moment spent in the interest of others will be looked back upon as the best moments of our lives. College men learn to live on a plain they never forget.

John Duniway, the vice president, related the activities of the club during the past year, and Elmer Humphrey, the president, briefly outlined big plans for the ensuing year.

Meetings of the club are to be every other Monday evening at 7:30 at Cossitt Commons, the next meeting being october 9. Application will be made for a place on the social schedule. A moonlight stag hike is planned for next Saturday evening. Everyone be at Hagerman Hall at seven o'clock. Place yourself under the intoxicating influence of moonlight.

JAQUA DELIVERS SERMON AT COLLEGE SUNDAY SERVICES

Dean Jaqua delivered the "College Sunday" sermon at the Congregational Church Sunday morning. He based his talk on the character of Christ. Dr. Jaqua said that the big trouble with our religion for the last two thousand years, has been that we have spent our time squabbling over how Christ was born and how he died, and paid no attention to his life; how He lived, or why. He said that it is easy enough for a man to show good will toward his friend or fraternity brother, but that the man of the other fraternity is a different proposition.

dent of the Colorado Builders' supply, Dr. H. P. Brandenburg, and Attorney Stephen H. Ryan. James Noland, Jr., is president of the local chapter, Rodney Bardwell, secretary and Frank Walter, manager. All three are residents of Denver.

COMMUNITY THEATRE

(Continued from page one)

—all C. C. people—and in addition, Arthur Shettle, straight from New York and the Englewood players. Tiny Jones, the fat comedian, who has captivated the town.

The purpose of the Community Theatre is to bring the best plays of every kind to the people of Colorado Springs, and put them on by Colorado Springs people. Alto to establish a center for the dramatic and artistic life of the town. The summer's season has been a great success and some brilliant plays have been given as "Kindling", "The Misleading Lady", "Seven Keys to Baldpate", etc. This week the great English comedy "Charley's Aunt" is playing, and next week "When we were Twenty One". The director, Mr. Sargent wants all Colorado College people who are interested in the theatre and in acting to see him any morning at the theatre and arrange for tryouts and casting for the winter's plays. Colorado College is urged to enter into the spirit of the Theatre, to come to the plays, and to take part in their production.

NEW FACULTY MEMBERS

* * *

(Continued from page one)

ing Corporation, making field investigations, and research in problems of housing, transportation, cost of living, etc. He was a member of the staff of the War Labor Policies Board, and the United States Employment Service. He comes to Colorado College as an Instructor in Sociology.

Felix S. Cahello, Assistant Professor of romance languages. Mr. Cabello has his B. A. degree from the University of Madrid. He was an instructor in Johns Hopkins during the years 1919-21. Last year he served as an instructor in Notre Dame College, Maryland.

Francisco Castillos, Instructor of Spanish. He is a graduate of a government Normal School in Costa Rico and comes to Colorado College, direct from there.

Dr. William F. Drea, Instructor of Roentgenology, in department of physics. He is a local physician.

W. A. Fuller, Instructor in History. He is a graduate of Kalamazoo College and took his M. A. from the University of Michigan. He has had special preparation for the teaching of English history.

Dr. E. J. Jaqua, Dean of Men and Professor of Education. He is a graduate of Grinnell with a degree of Bachelor of Philosophy. He later received his M. A. at Columbia, and his B. D. at Union Theological Seminary. Dean Jaqua received his Ph. D. at Harvard. He has had five years experience in Grinnel as assistant to the President and Junior Dean.

Mrs. Mabel Barbee Lee, Dean of Women. Mrs. Lee is a graduate of Colorado College and is a member of the class of 1906. During the past year she directed Publicity for Colorado College, and will continue her activity along that line during the present year.

Rudolf H. Lavik, Assistant Athletic Director. Coach Lavik is a graduate of Concordia College, Minnesota, and of the Y. M. C. A. College at Springfield, Mass. He was a letter man in football, basketball and baseball, and has had two years experience as a coach. He also attended the Illinois Summer Coaching School.

T. L. Mead, Director of Athletics. He received his A. B. from the University of Indiana where he majored in Law. He was a letter man in football ,track, basketball, and wrestling. Coach Mead has had experience in some of the largest eastern high schools, and has been head coach at Lincoln Nebraska High for the past three years. He, along with Coach Lavik, attended the Summer Coaching School at Illinois.

Katherine Sias, Assistant Instructor in Physical Training for Women. Her college work was begun at Pomona College and completed at Wellsley. She has had experience at Santa Barbara Hifh School and Junior College. While here, she is also a candidate for a degree in this institution.

Charles W. T. Penland, Instructor of Biology. He received his B. A. at the University of Wyoming and later his M. A. at Harvard.

Herman N. Remmers, Instructor in Psychology. He is a graduate of the University of Iowa, and received his M. A. degree from that institution.

Howard B. Wilson, Assistant Professor of Business Administration. He received his B. A. from the University of Penn., and his M. A. from the University of California. He was instructor in Horton's School of Finance and Commerce. For one year he was an instructor in Georgia School of Technology.

GRIFFITH

(Continued from page one)

real College man and has an exceptional Collegiate Athletic record. He was a four letter man at C. C. and was Football Captain for two years. In 1902 Denver University Athletics were at a low ebb and Chancellor Buchtel secured the services of Mr. Griffith as Baseball Coach during 1902 and '03 and Football Coach in 1903-04. At the present time Mr. Griffith is a member of the Law School faculty. He is the type of man which appeals to a College Student and no doubt will receive the unqualified support of Denver University Students in his race for the Governorship.

COWBOY GAME

(Continued from page one)

enced and according to Denver writers may turn out to be the strongest one in the conference.

The School of Mines from all indications will have the best all-around team turned out of the institution in many years. With an expert coaching staff headed by Callhan, Yale star, and with a wealth of material on hand it is certain that the Miners will make an exceptionally good showing, bringing the school back to the high standard it held in athletics many years ago. Ed McGlone, Jordan, McWhorter, Robieneau, Taylor and several new men in school are the candidates for backfield this year. The line will be supplied with plenty of beef and the five letter men on the line from last season's team are finding it hard to hold their positions against the competitions being offered. The Ore Diggers are dangerous opponents this year.

Boulder as usual is putting out many yarns about their weak team one week only to make the statement the following week that the championship is only a matter of playing the games. Little can be said as little is known, altho many stars are missing in the lineup this year.

The Aggies with a good supply of letter men back will make a bid for laurels. Practically the same line will line up against the teams this year. A backfield will have to be developed, but as plenty of material is out to be picked from the job appears to be an easy one.

It is evident then that the Tigers are up against a hard proposition this year. Hit hard by lack of men and also by injuries the actual strength of the team cannot be determined until it has been tested. The best way to get some first hand information on the matter would be to attend the game Saturday and then form your own opinion.

SOPH BANQUET

(Continued from page one)

picious movements. Bruin lun was the scene of the '23 banquet and the road was blocked by freshmen till it resembled the shell swept roads around Verdun. They fooled the frosh of that day and night by going over the high drive in automobiles. The high drive at that time was a narrow carriage road of much steeper grade than the present road.

Last year the sophs ate a lunch in the pit (room 3 Palmer Hall) after sowing the rumor that they had gone to Cascade to eat at the Hotel Ramona. They ate their sandwiches in quiet and proved that it was a banquet by taking pictures of it.

Rumor has it that one of the well known cemeteries of the Pikes Peak region will be the scene of this year's activities. Whatever the result there is always a bloody battle after chapel the next day.

Pearsons Dramatic Club will hold its first tryouts of the year tomorrow, Wednesday at one thirty P. M. in Perkins Hall. All the men of the college are invited to tryout and especially the Freshmen.

Athenian Meeting

The first meeting of the Athenian Debating Society was held last Thursday afternoon in Ticknor study. Fourteen members and Miss Ruth Morrison, an alumnus were present. The president in a brief talk suggested that the program for the semester be debates on national questions and problems of present day interest.

By unanimous vote, Katherine Wilson and Helen McKinney, former members, were re-instated. Miss Wilson is a charter member of the society and was the first president.

Because several members have classes conflicting with the regular time of meeting, it was decided to meet alternately on Wednesday and Thursday afternoon.

After the business meeting the following program was given:

Piano Solo—Lois Rose.
Current events—Dorothea Roedel.
Pianologue—Mabel Saddler.
Violin Solo—Thelma Burchfield.
Mabel Pillar, accompanist.

Miss Hutsinpillar and Miss Wilson each gave short talks on the founding and purpose of Athenian. Both commented favorably on the progress made during the past two years. The program was followed by a social hour.

The meeting next Thursday will be a hike. Clara Burghart is chairman of the committee in charge.

At the last meeting in June, the following officers were elected for the first semester of this year:

President—Mrs. Elsie Essex.
Vice President—Lorene Reynolds.
Secretary - Treasurer — Thelma Burchfield.
Critic—Miss Hutsinpillar.
Sub-critic—Edna Van Horn.
Tiger Correspondent — Florence Lawson.
Factotum—Helen Finley.

Ball to California

Chuck Ball, one of the most popular students that ever attended Colorado College and one of the hardest line plungers that ever played on a Tiger football team left Tuesday for Los Angeles, Cal., where he accepted a position. For a time it was thought that Chuck would take the job offered him by college officials to coach the freshman football team. Tempting offers could not be made the star Tiger athlete, so he will make California his home for the present.

Ball was a four letter man in football and performed two years on the baseball diamond. His work on the Bengal elevens was always a powerful factor in keeping Colorado College on top. In baseball his bat work and perfect fielding assisted the Bengals in winning many games. Chuck brought his athletic carrer to a glorious end last year when he was sent in the Denver university game at quarter and piloted the Tigers to a victory over the touted Ministers.

PEP MEETING AT 7-30 TONIGHT IN STADIUM

All Students and Local Alumni Will Attend

The enthusiasm committee has an exceptional program planned for the opening pep meeting of the year.

There will be talks by coaches Mead and Lavik, Pres. Ouniway and Prof. Okey. There will be two stunts, one by the girls led by Miss Ann Herzog and one by the men led by Brad Kidder. Election of a permanent cheer leader will be held.

Finally will come a jitney dance. What can be more pleasanter than a dance for a jitney? The proceeds of this dance will go for the benefit of the training table for the football team.

"SWEDE" WESSEN

STUDENT DIRECTORY OUT 2nd WEEK OCT.

Will be Same Size as Other Official College Publications

The student directory is fast being completed by Mr. Copeland and his corps of workers and it should be ready about the second week in October, as those in charge are already in possession of the printer's copy.

According to all the advance dope on the directory that is now available, there are about five hundred twenty-five students in Colorado College. This number is exclusive of the students in Art and Music, no information coming from those sources as to the number taking those subjects. However it is believed that the total registration will be about five hundred seventy-five students.

(Continued on page 6)

Nine More Scholarships Awarded by Faculty Com.

After three days deliberations on the questions of to whom and how much, the faculty committee on scholarships completed its labors Tuesday morning of this week. At that time nine students who proved themselves worthy were given the coveted awards.

The awards are not tuition scholarships but will prove valuable to all the students fortunate enough to receive them. They were agarded on a basis of need, combined with good character and scholarship. These awards complete a list of scholarships that have been given to C. C. students since the last days of spring.

The nine scholarships that were awarded follow:

The Thomas Bavee scholarship of $500, established by the late Mrs. T. V. O. Mitchell of West Minot, Mass., was awarded to William Hansen, '26.

The Hawley Memorial fund, amounting to about $12,500 founded by the will of Mrs. Mary R. Hawley of Baltimore, Md., in memory of her husband, Mr. Martin Hawley, the annual income of which is loaned to worthy and deserving students of the college, as the faculty may see proper, was awarded to Wallace Mast, '26, recently pledged to Kappa Sigma.

The Lamrence Myers scholarship of $1,000 and the Lucy Scott Myers scholarship of $1,000, given by Mrs. Letitia M. Myers of Plainfield, N. J., was awarded to Genevieve Cox and Anna Hitchcock, respectively.

The Mary Caroline Quincy scholarship of $500, given by the late George Hnery Quincy of Boston, Mass., was awarded to A. H. Munsey, '25.

Additional War Memorial scholarships were awarded to Brooks Brice, Harold Waiss, and Sam McCool.

The Emma Sutter Memorial fund of $500, established to aid girls earning their way through college, was given to Gertrude Sherk.

These do not include the scholarships of the High Schools and those of the Woman's Educational society. This society has for its purpose the giving aid to students of Colorado College.

The other scholarships awarded earlier in the year follow:

Robert McIllvaine won the Robert G. Argo scholarship for leadership and high scholarship.

John G. Winans was awarded the Mary G. Slocum scholarship, which is given on a basis of competition to a man of the Junior class.

War Memorial scholarships mere awarded to Mary Hicks, Ruth Hagen-

DEAN HALE WILL NOT LEAD GLEE CLUB THIS YEAR

Prof. Fling May Be Chosen to Direct College Warblers

The Colorado College Men's Glee Club held its first meeting of the year Thursday night in Cossitt Commons Room.

The Glee Club trip for this year was discussed but no definite plans were made. The trip will probably be through the main towns of the western slope early in the second semester.

Ocan Hale of the Music Oepartment, leader of the club for the past fifteen years has declined to conduct the musicians for another year. It is reported that Prof. Fling will be asked to lead the club for the year. Prof. Fling has proved himself an efficient professor and a popular man, and his selection will be welcomed.

"PEP" GREINER

ZETA BIGMA INITIATES NINE MEN TUESDAY NIGHT

New Fraternity Makes Appearance on Campus—Claim 24 Chapters

A new Greek letter fraternity has made its appearance on the Colorado College campus. Zeta Bigma first made its debut in this country at the University of Oklahoma in 1909, but its history dates back to Babylonian days. Since 1909 it has spread to forty-nine of the leading colleges and universities of the United States, Colorado College being the last college to receive a charter. There are thirty-three chapters of the order in Europe

KITTENS ROMP WITH C. S. H. S. TERRORS AT 1:30 AS CURTAIN RAISER FOR BIG GAME

Both Games Expected to be Hard Fought as Pre-game Dope Favors No One

COACH MEAO

Tomorrow afternoon at 3 o'clock the Tiger football eleven will start on its 1922 season when they line up against the University of Wyoming in the first game of the Rocky Mountain season. With the lineup of the team as yet undecided and the strength of the eleven undetermined the outcome of the fracas is as uncertain as all other matters concerning the battle.

The Bengel backfield has displayed a marked improvement during the past week of practice. It is certain that Waiss, Burkhart and Greiner will start the game in the backfield. The other men contesting for the half are Oelaney, Amidon, Hunter and McIllvaine. Oelaney and Amidon have been showing plenty of form and Hunter on end runs has been successful.

The line more than likely will consist of MacDougall at right end and

(Continued on page 4)

Questionnaire Shows Men Have Chosen Occupations

The accusation by many that the modern College student does not know what his life work will be, is not true in regard to Colorado College students. That is, if records and questionaires count for anything. During the first men's chapel of the year, Jaqua circulated questionaires among the male students and from these, has compiled some interesting information on this subject.

According to the Ocan's figures, only twenty eight men who were present were undecided as to what work they would take up after leaving the College world. It is at least gratifying to know that most of the men in the college, have at least chosen a profession for themselves.

Many of the professions are represented among those to which C. C. students will give their attention through College and in the business world. Among these are Law, Business, Medicine, Engineering, Private or Public Education, Geology, Optometry, Forestry, Journalism, Chemistry, Architecture, Physics, Mining, Farming. Business is the autstanding profession so far as Colorado College students are concerned, there being forty six who are studying it as a profession. Engineering with twenty eight is next in line.

The complete list follows:

Profession

Law—9.
Business—46
Engineering—8
Private or Public Education—5

and the British Isles in addition to one in Australia. Before the opening of college, several students and alumni of this institution mere received into the Brotherhood and since, several others have been allowed to purchase that particular article which signifies an overwhelminging desire to become custodian of the zealously guarded secrets of Zeta Bigma.

On the night of September 26, the following men were initated: William G. Young, Hayes Briggs, Robert Crowder, Paige Benbow, Ed Ryan, Thomas Seeley, Wilbur G. Hanes, J. Ellwood Amos, and Stewart Armit. The ceremony took place at the chapter room, the location of which is known only to the members. Afterwards the fraternity went en masse to McRae's where they banqueted bountifully. Plans mere made there to petition the Social Committee for a place on the social schedule.

BOB McILVAINE

Y. M. C. L. MAY BECOME Y. M.

(Continued from page one)

establish on the campus, a chapter of the national Young Men's Christian Association.

A suggested form for a local constitution, sent from the State Headquarters, was considered in detail by the committee. The proposed constitution, as it stands, was found for the most part, to be ideal for the type of religious body which it is the hope to organize at C. C. There are certain clauses however which the men of the organization fear will deprive it of the religious atmosphere for which Colorado College, as a non-sectarian institution, stands.

As provided in the national constitution, the particular articles which contain the clauses in question, cannot be amended with the concurrence of the state and international Committee. It is greatly hoped by the men of the League, that arrangements can be made with these committees whereby there can be established a student chapter of the National Young Mens' Christian Association. At the same time it is hoped that a local constitution may be adopted with its first consideration the welfare of the members and the best interests of the college.

Both the state and city officers of the Young Men's Christian Association have taken special interest in helping to form a religious body at C. C. Officers of the State Chapter have visited the campus on numerous occasions during the past few months in the interest of the students. Men of the city Y. M. C. A. have been ever ready to lend a helping hand. Certainly, it is a great opportunity for an organization to be able to associate itself with a group of men such as these.

Pike Speaks

SO THE PEOPLE MAY KNOW!

On looking over the Tiger galleys for this week Pike noticed that his advice of last week had not been heeded. There is no new head for the Line Plunge Column. Can no temperate recommendations stir the lethargic Line editor to action. Must barbed epithets be leveled at his Mid-Victorian ideals of Art, with a capital A? Pike will answer his own questions in order, (1) Of course they can't. (2) Of course they must. The aforementioned Editor is so dumb that he thinks Jaqua is a new breakfast food.

Truly the sleep of Rip Van Winkle must be waked even if Pike must resort to the methods of the Denver Post.

* * *

HONORABLE MENTION.

So many of the boys go to the College Bakery for breakfast. They have a new waitress at the Bakery.

"SCOTTY" POWELL

The big car was speeding toward a railroad crossing when a fast moving freight train moved into sight. Immediately the two men in the front seat began an argument as to wheather or not they could beat the train.

"Don't get excited!" cried the driver. "I told you I can easily make it."

"And I tell you Y' can't'." shouted the other man. The train will beat us by minutes."

The driver kept increasing the speed of the car while the argument continued. Finally, the man in the rear seat, who, up to this time, had remained quiet, frantically clutching the sides of the car, could stand it no longer.

"Well," he shouted, "I don't give a damn who wins this race, but I hope it ain't no tie!"

Young Men's Correct Outfits for Summer

Our representatives who visited the Style Show in New York recently possess the most accurate information on the manners, customs and requirements of dress for fall.

They are here now to give personal attention to our Young Men Customers and assist the new students in the selection of a correct and appropriate wardrobe.

Perkins-Shearer Co.

ANN HERZOG ELECTED PRESIDENT TIGER CLUB

While the men of this institution were compelled to sit in their own respective seats in Perkins last Wednesday morning, the girls were having a very interesting time in the Pit.

Miss Davis opened the meeting which was soon truned over to Stena Dearborn, President of the W. A. A., who made a very illuminating talk on the aims of our athletic association, and the bright future which lies ahead if the girls will only cooperate.

Immediately following, Gertrude Klein made a speech of much the same import on the Dramatic Club of C. C. However she emphasized a side of the organization which Miss Dearborn could pass over without a word; all girls wishing to try out for plays or in any way take part in the club's activities, must pay the required dollar on the day set for this duty, Friday, September 29. She also made the announcement that the first play will be by the Sophomores and Juniors in honor of the Freshmen, with tryouts the first part of next week. Please watch the bulletin board for further announcements as to time and place.

The last act of this august assembly was the choosing of a president of the Tiger Club, the girls' pep organization. Miss Anna Herzog was elected, and took up her duties immediately. Her election insures C. C. a regular old time organization both in the halls and among the town girls.

Independent Club Will Put on Stag Hike

The members of the Independent Club will go on their first moonlight hike of the season Saturday night. More than twenty-five members will gather at Hagerman Hall at 7 o'clock, where they will take cars to Stratton Park, and hike from there up North Cheyenne Canon. It will be a stag affair and a general "get together" for the Freshmen and the other members. Freshmen are warned that the last car leaves at one and to beware of snipe hunts.

"My brother takes up Spanish, French, Italian, Hebrew, German and Scotch."

"Goodness' where does he study?"

"Study? He doesn't study. He runs an elevator!"—Voodoo.

"STORMY" MUNCASTER

Her cheeks he said are roses red
And lovely as can be,
Her ruby lips are treasure ships
That speak of love to me.
But when to kiss this little miss
The booby took a notion,
He found her lips were painted ships
Upon a painted ocean.
Moral: He kissed her anyway.
—Washburn Review.

* * *

Sad One (jauntily): "Would you like a nice partner for the next dance?"

Glorious One (innocently): "Why, yes, bring him up."—Jester.

* * *

He: What were you doing last nigt?
She: Oh, helping dad around the house.
He: Drunk again?
—Lemon Punch.

"You have a liquid, flowing voice,"
Se told Sweet Susie Stout.
He married her and now it seems
In torrents to gush out.
—Sun Dial.

* * *

"Yessir, this certainly is fraternity weather."
"Howzat?"
"Gives everybody the grip."
—Gargoyle.

* * *

"I got the news in a roundabout way."
"How?"
"From a circular lettel."
—Cracker.

* * *

Dolly—Why did Jack break off Dora?
Molly—Said he couldn't stand a girl who smoked Piedmonts.
—Virginia Reel.

* * *

A negro was trying to saddle a mule.
"Does that beast ever kick you?" asked a bystander.
"No, sar, boss, he don't nevah kick me, but he frequent kicks where Ah jes' been."
—The Gleaner.

* * *

He (trying to make conversation) —"Have you many fast friends?"
She (indignantly)—Sir! I'm not that kind of a girl."

* * *

"So that's Mrs. Jones, is it ? And what was her maiden name?
"Her maiden aim was to get married, of course."
—Gargoyle.

* * *

Ed: "How did he manage to sell that old haunted house?"
Co-ed: "He started a rumor that there were spirits in the cellar?"
—Pill Panther.

* * *

Lounge Lizzard — "She's developed into a hop fiend."
Dilly Bird—"What?"
Lounge Lizzard — "Never misses a dance."
—Frivol.

AL AMIDON

REV. McCRONE SPEAKS TO MEN ON SERVICE

Rev. Hugh B. McCrone of Ft. Collins delivered the address at the men's meeting, Wednesday morning. He substituted for Dr. Wray Boyle of Denver who was elected Moderator of the Presbyterian Synod now in session, which forced him to cancel the engagement.

Rev. McCrone spoke along the lines of world service showing how the arguments for such a step may be likened to the arguments used by the Canadian Government in their appeal to the young men at the time of the outbreak of the war. The decision must be made now, for putting off the question only serves to dim the fundemental truth of service for our fellow men.

W.A.A. HIKE SCHEDULE TO JAN. 6 ANNOUNCED

In accordance with the ruling of the W. A. A. that a hike be held every other Saturday thruout the fall and winter terms, Ruth Little, head of this sport, has prepared the following schedule:

October 7—Williams Canon; leave Murray's 8:45 A. M. 4 car fares.

October 21—Garden of the Gods.

November 4—Seven Falls, an all day trip.

November 18—Sutherland Canon to Wildwood Park. Hare and Hound chase.

November 25—Bruin Inn.

December 9—Bear Creek Canon.

January 6—Mount Cutler.

These dates will be posted on the bulletin board in Palmer and all girls are asked to watch for the starting times, destinations and carfare necessary.

The man at the back door: "Good morning, I deal in cast off clothes."
The stude: "Fine! Come in. I need a new suit."
—Pitt Panther.

Y. W. C. A. Sells Candy and Sandwiches in Palmer

The committee on ways and means of the Y. W. C. A. will sell chocolate bars after chapel on Mondays and Fridays, and sandwiches on Tuesdays, Wednesdays and Thursdays of every week.

Chocolate and sandwich eaters are urged to do business with the Y. W. C. A. girls.

Business will be done on a strictly cash basis and in return a first quality of chocolate and sandwiches will be served.

Prisoner: Good morning, Judge.
Judge: How old are you?
Prisoner: Twenty-nine.
Judge: You'll be thirty when you get out.

Jackie Smith, Mary Patterson and Eloise Van Diest Win First Tennis Preliminaries

The winners of the first three matches of the girls' tennis tournament which began last Monday are: Jackie Smith, Mary Patterson, and Eloise Van Diest. Only twelve girls signed up for the tournament. Only three more preliminaries remain to be played off this week.

French Club Holds First Meeting

The first meeting of the French Club was held last night at seven thirty in Ticknor Hall Study. The important features were the election of officers for the year and a very interesting account by Miss Hartness of her experience in France. Miss Hartness spent most of her summer in France, and during her month in Paris she studied in the University of Paris under some world famed men.

Business plans for this year were discussed at the meeting.

DRAMA COMMITTEE DRAWS UP SCHEDULE OF PLAYS FOR YEAR

Confusion of Dates to be Avoided

Last week a committee composed of representatives from each of the three dramatic organizations in the college met and drew up a tentative schedule for this year's thespian activities. This meeting grew out of the confusion which resulted from the over crowding of last year's social schedule with plays. It is true that these plays were all given by different organizations but with a definite plan to work on these plays might have been spread over a greater space of time. This then is the aim of the committee which met last Friday, to so arrange the schedule as to accomodate all of these plays without having any two come within the same month.

The organizations most interested are the Theta Alhpa Phi national dramatic fraternity, the Girls' Dramatic Club, the Pearsons Dramatic Club. Theta Alpha Phi draws its membership from the other two organizations, so has almost a moral protectorate over them. Here-to-fore it has been the custom for the Girl's Dramatic Club to give a play for the entertainment of its members once a month. This year these plays will be cut to two or three a semester, and the Function play given each spring will be moved forward to some date in the month of March.

Pearsons will give only one play a semester but intends to make this play truly worthy of the organization and one that will be a credit to the college. Moreover it is their plan to invite members of the Girls Dramatic Club to take part of the women characters in these productions. Pearsons will begin its years work on Wednesday when the first try-outs of the year will be given. The Club hopes that as many of the men as can will be on hand to participate in these try-outs as a large membership is desired for the year. Further announcements of the try-outs will be given in chapel so that all will hear.

Theta Alpha Phi intends giving only one play during the year and that one is to be the acme of perfection. Last year they gave The Only Girl which was well received and gave the organization its impetus for the coming year. Many of the members from last year are now playing with the Community Theatre in this city, where they have met with great success.

The "C" Club Show, the Junior and Senior plays as well as the Carnival and the Magna Pan-Pan have been given a place on the schedule where they will not conflict with other happenings. Thus with every thing in a place of its own it is hoped that last year's difficulties will not again be encountered. If this is accomplished the committees' work will have been successful and in years to come a similar committee may have entire charge of the dramatics for the college.

They say the country girl is shy
And full of dignity,
But, really, it's the city girl
That seems so shy to me.

She flaunts a skirt cut rather high,
And quite a length of hose;
I'd say the city girl was shy
When you refer to clothes.

—Punch Bowl.

On Friday Night

She: "Oh, John, you're so tender tonight."

He: "I ought to be; I've been in hot water all week at school."

—The Gleaner.

Pleased to Meet

"You know that $10 you lent me."

"Not now, introduce me."

—Lord Jeff.

Teacher — "What is the Latin race?"

Pupil — "It's a race between a Latin pony and the teacher's goat."

—Widow.

Porter — "Carry yo' bag, Boss? Never bus' a bottle yet.

—Gargoyle.

SKETCH CLUB ELECTS LILLIE CLEMENTS PRES.

The Fortnightly Sketch Club met Thursday afternoon, Sept. 28, in Perkins Hall to elects its officers for the coming year. The following officers mere elected:

President—Lillie Clements.
Vice President—Elma Jane Clopper..
Secretary—Bernice Ryer.
Treasurer—Marjorie De LaVergne.

Several new members were present. This club was chartered in 1919 and received recognition by Colorado College in 1920. It was organized to promote Art in the college and to benefit those in the Art School.

The club meets fortnightly on Thursdays at four o'clock at the Academy of Fine Arts with Miss Charlotte Leaming as chairman ex-officio.

All college students wishing to join the Fortnightly Sketch Club must hand in a sketch to one of the officers.

FLORENCE WILSON NEW PRESIDENT MANDOLIN CLUB

The Mandolin Club held its first meeting of the 1922-23 year last Wednesday evening in Ticknor for the purpose of electing officers. Those elected are:

President—Florence Wilson.
Vice President—Lillian Sullivan.
Secretary—Betty Brown.
Treasurer—Christine Miller.

This year promises to be a very successful one, some of the features of which will be unique costuming and well-balanced programs. The club will make its first appearance at luncheon tomorrow in Cossitt.

Helen Armstrong, Pres., Isabelle Chapman, Treas. of Dais This Year

The members of the ancient order of Dais will again occupy their throne, at the back of Bemis Hall, to be led this year by Helen Armstrong and Isabella Chapman. For at the annual election of officers last Tuesday, these two young ladies were elected to the respective positions of president and treasurer. In the past, the Dais has proved to be an organization of pleasure to Senior girls who live in the halls. The writer has never been to a meeting of such an organization but he imagines that it carries out the effect of King Arthur's Round Table. This is shown not only by the fact that the seniors gather around the table for their repast, but also by the fantastic names, adopted by them. It is only to be hoped that the lady knights under King Armstrong and Prince Chapman will have another prosperous year.

Crimial

"If I should kiss you would it be petty larceny?"

"No it would be grand."

—Jester.

Close Observer

Say, did you ever kiss a girl in a quite spot?"

"Yes, but the spot was quite only while I was kissing it."

—Lord Jeff.

When a fellow is alloud to muss a girl's hair he considers it a net gain. She considers it a net loss.

—Punch Bowl.

1892 Line Plunges 1922

"Then hit the line Colorado"

(BY RIP VAN).

Irrevelent and inconceivable as it may seem the Line Plunges have been insulted. Inartistic, awkward and archaic were the terms spitefully flung at this college institution. The author of this slander, hiding under the name of Pike, and a poor replica of Mount Manitou, mislabeled Pikes Peak; has said that many other things might be said against us. In this statement he discloses his lack of vocabulary as as well as the fact that he is entirely ignorant of the college traditions.

The heading of Line Plunges typifies the spirit of fun and good will, but is not intended in itself to cause a laugh as is the misrepresentation of Pike Speaks in the other column. Moreover, the heading of our column is graceful, artistic and up-to-date as anyone in their right senses could know if he but had a sense of appreciation for such high standards of culture. Our answer to Pike:—

The Line Plunges as they are wrote
Are meant to please the sense
Of humor, that we all possess
Unless like Pike, you're DENSE.

Our heading is not meant to be
In the least bit grotesque
Nor do we care to make it like
Our kind friend Pike's BURLESQUE.

A Line of college wit and fun
Is what this really is
And not the kind of simple bunk
That Pike writes up in HIS.

Moreover we make some attempt
To treat the Freshmen square
While Pike sits by and laughs at them
And doesn't seem to CARE.

We do not hide behind a cut
That is itself a lie,
We fill our column with the truth
But he don't even TRY.

He thinks the Co-eds useless
Their place is in the home
He has no sense of beauty
For he has an empty DOME.

We do not want to criticise
Nor hurt our fellow man
But we think his column useless
Let him answer if he CAN.

* * *

Well now that is over with we would like to ask our readers if they know the answer to the following questions:

Where was Moses when the light went out, and who turned it out?

Where were you at the same time?

How many meals at Cossitt will it take to fatten Curtis Wood?

Did the sun make Al Brown and can the Frosh burn Walter Wood?

For the correct answer to this set of questions the Editor will give one cheap joke book containing all the Pike Speaks Columns bunk for the year.

* * *

HERE HE IS

PIKE

It is our custom not to publish an illustrated joke, but this illustration is in itself a joke. Look at this picture then read Pike Speaks and laugh. Look at his brazen-faced simplicity and you can see why his column of bunk is so simple.

Each look means a laugh!

RUSS DEFRIES

A Jewish doctor had recently been elected to membership in an exclusive country club. The master caddy had asked him if he disired to have his name imprinted on his golf balls.

"And you voud put my name on a dozen balls for dat price?" he asked.

"Yes," was the response.

"And voud you put on it my address, too?"

"Yes."

"For de same price?"

"Yes."

"Vel, den, for de same price voud you mind putting on it, too, 'Office Hours, 9 to 5.

FRANCIS MacDOUGALL

STUDENT DIRECTORY

(Continued from page one)

The directory this year, unlike the one of last year, will be a College publication and it mill be in the same size as the college catalogue. Mr. Copeland is in full charge of the publication.

The directory will contain addresses (both local and home) and phone numbers of all the students and the addresses and phone numbers of all the faculty along with the administrative officers. It will also include the classification of every student and every student is asked to notify the secretary's office in case of change of address and to see the Registrar in regard to his classification, in case of uncertainty. The directory will also include the location and phone numbers of the different organizations, including Fraternities, Girls' Societies, Dormatories, and Independent Organizations.

KITTENS ROMP WITH TERRORS

(Continued from page one)

Bruce or Gray at the other corner position. Muncaster and DeFries will line up at tackles, Cox and Zickafoose will hold down the guard jobs with Wessen at center.

Nearly all of the promising candidates out will be given a chance to display their wares. Many things will happen in the contest mhich will be of help to the Tiger mentors and after the Bengals have been tested under fire a rapid improvement can be expected.

The general opinion is that the Tigers have an even chance in the battle with odds favoring them to a small extent. Come to the encounter and be your own judge.

* * *

William J. Tway, at one time instructor of journalism in Colorado College and a graduate of DePaw university, where he mas a four letter man in football, will coach the Freshmen eleven this year.

Tway was a center and a guard on the DePauw team and is well acquainted with the fundamental principles of football. He served under some of the best-known coaches in contry, including Bachman who made a success with the Kansas Aggies last year.

For two years Bill assisted Parsons at Colorado College and is familiar with conference competition. He should be a great help to the present Tiger coaches.

The probable lineup for the Freshmen game with the Terrors follows: Tallman, right end; Schoonover, right tackle; O'Hitch, right guard; Bromn, center, Fling, left guard; Grain; left tackle; Ryan, left end; Weimer, quarterback; McAllister, right half; Willis, fullback and Clark, left half.

BOB BURGHART

DEAN HALE

(Continued from page one)

The Glee Club is much in the same sort of a predicament that the football team found itself in. The orchestra is the hardest hit, there being only a few old men returning to it. Eight singers of last year are back again this year.

Everyone who can make a noise on an instrument, similar to music, is urged to go out for the Glee Club. This is a college activity and it is hoped that this year will find the best Glee Club in the history of Colorado College.

The Senior hall girls gave a picnic last night in honor of Mrs. Lee and Miss Cias.

* * *

The Presbyterian Synod has brought many visitors to the halls. Among them were Rev. Birchfield, Mrs. Hitchcock, from Florence; Miss Jane Wilson and Miss Edith Wilson from Pueblo; Rev. White from Del Norte, and Dr. Boyle of Denver.

SCARED TIGERS HORRIBLY MANGLE COWBOYS

TERRORS DEFEAT BABY TIGERS 10-5 GOOD TEAM WORK

Freshmen Crippled by Lack of Experience and Loss of Men—McIntyre Injured

By Larry Wolfe.

In the curtain raiser Saturday, the Tiger Freshmen were outplayed and defeated by the strong Colorado Springs High School team. Good team work and the educated toe of Eddie Allen, the premier Terror halfback, were too much for the heavy but inexperienced Freshmen. Although the baby Bengals showed plenty of fight and the old Tiger spirit at all times, they were clearly outclassed by a team that showed more practice, better team work and the value of longer training.

The loss of McAllister at half, Graham at end and Healey at quarterback seriously handicapped the first year men. These men when they recover from the injuries they have received in scrimmage, will fill some gaping holes noticeable in Saturday's game. The work of Schoonover, Brown and Ryan in the line for the Frosh was exceptionally good. The backfield showed lots of possibilities considering the short time they have been out. Clarke especially showed up to good advantage in backing up the line on defensive work, and his interception of a Terror pass and a pretty 75 yard run gave the Frosh their only score.

The loss of Saturday's game should not be discouraging to the first year men, for with a crippled team and only a little over a week's practice, they showed the fight and spirit that should make any Tiger follower proud of those future Tigers.

The Terror team with a fast, shifty, smooth working backfield, with men capable of plunging the line or running the end, and a wonderful kicker and passer in Eddy Allen, are well equipped with offensive power. The line is a big, hard charging unit that shows the knowledge of lots of football. With a wealth of good substitutes and a team that knows the foot-

(Continued on page 4)

SOMETHING NEW UNDER THE SUN? --YES, IN HAIR NETS

We have often been reminded through our magazines of the alluring qualities of "A skin you love to touch," "That school girl complexion" and "Woman's secret charms." Now from a more intimate source comes, "A delicate touch of perfume in the hair," "A charm that weaves the web of treasured dreams," for Larry Marschat brings out from the East, Aroma, the original perfumed hair-net. Why, we do not know. Perhaps it is his desire to see if the psychological effect of Woodbury's soap and the Aroma hair-net will result in a wholesale transference of fraternity pins from vests to shirtwaists. It may be, however, a more personal reason that prompts him to cater to the fair

(Continued on page 4)

LANDLORDS REFUSE TO RENT ROOMS TO UTAH CO-EDS

Utah University—One of the greatest problems we are encountering this fall, according to Miss Lucy Van Cott, Dean of Women, is the placing of women students in lodging quarters. It develops that men students are preferred to women, and this preference is more noticeable this year than ever before, says Dean Van Cott.

Landlords and landladys evidently find the requirements of the co-eds annoying. Numerous callers, pressing of dresses and shampooing of hair are among the things the girls are blamed for, Miss Van Cott says, and the result is that many of the best homes and most satisfactory boarding places are closed to the women. Even many of the establishments that formerly welcomed the University girls have put up the bars.

The Dean of Women believes this situation is unfair, and thinks that allowance should be made for the need of her charges. She points out that the girls have no dormitory to go to and that there is not a single sorority on the campus with a home to help solve the need for lodgings. In contrast to this condition there are numerous fraternity houses taking care of their members and also the Emery House, especially for men.

"Is it fair?" asks the Dean.

BORTREE WARNS THAT HARDER GAMES ARE YET TO COME

"Pat" Patterson Also Speaks at Big Celebration in Chapel Monday Morning

"Is C. C. dead? Have we seen our best days or are our best days yet to come? The answer to these questions is up to you, students of C. C. You started on the right road Saturday but that was an easy game. There are harder ones, much harder games yet to some. Which means that every member of the student body has to yell harder and show more pep for the games to come. The best way to prove that we are not dead is to win the football championship this year."

These were the words of Dr. Leo W. Bortree, an alumnus and trustee of Colorado College, at the celebration in chapel yesterday morning. The festivities were started by the singing of "Colorado". When the team had marched to the platform, cheer leader Elwood Amos called for cheers for each and every man, and for coaches Mead and Lavik.

"Pat" Patterson

D. G. "Pat" Patterson then gave a talk on his work as sponsor of athletics, and particularly the training table, among the business men. He said that the student body had raised considerably more than in previous years and that the indications were that the business men would exceed all records in their donations. "Pat" has had charge of the collection of funds for the training table for a

Frosh Caps Must Appear on Yearlings Not Later Than Friday

The Freshman caps are in at Barnes-Woods and every freshman must have his cap by Friday of this week. Every Freshman will receive one cap free but if he loses that one he will be charged for a new one. These caps must be worn at all times on the campus and at all college contests until Christmas. If the Freshmen had not won the flag rush they would have had to wear the cap till Washington's birthday.

ALPHA KAPPA PSI GRANTS CHARTER TO UTAH AGGIES

Was First Institution of Collegiate Grade to Give Degree in Commerce

Utah Agricultural College—Professor R. B. Kester of Columbia University, national president of the Alpha Kappa Psi, has notified President Elmer G. Peterson that a chapter of this fraternity has been granted the Utah Agricultural College and will be established soon ofter the opening of the fall term on September 25th.

According to G. W. Thain, whose activity has been instrumental in securing the chapter for the Utah school, the Alpha Kappa Psi is strictly a professional business fraternity, the largest of its kind in the country. It has twenty-six chapters distributed among the prominent institutions of America.

The recognition of the U. A. C. School of Commerce and Business Administration in placing a chapter of the Alpha Kappa Psi on the campus is an acknowledgment of the high standard of scholarship maintained by the school. The Utah Agricultural College was the first institution of collegiate grade in the United States to offer a degree in commerce.

The charter members of the U. A. C. chapter will be Dr. W. L. Wanless, dean of the School of Commerce and Business Administration at the college; Prof. D. E. Robinson, in charge of Marketing; Prof. W. E. Thain, of

ALL SPORT WRITERS DOPE UPSET BY SENSATIONAL DEFEAT OF CORBETT'S CLAN ON WASHBURN FIELD - 20 TO 0

No Outstanding Stars Developed but Whole Tiger Team worked as Unit With Determination to Win

By Larry Wolfe.

The Tigers, again proved the fickleness of Old Man Dope, by completely upsetting the advance predictions on the Wyoming game Saturday afternoon.

The Bengals showed their superiority in every branch of the game. The line outcharged and outfought the Wyoming line, and showed an utter disregard for the famous Wyoming shift. This shift was never more completely met and piled up than it was Saturday by the Tiger linesmen, who shifted to meet it and presented a stone wall at all times for line plunges.

The Tiger backfield hit lower and harder and showed much better judgment in picking their holes. They ran the ends better, outclassed and outgeneraled the Wyoming backfield. The kicking of MacDougal, Tiger end, was far superior to anything Wyoming had to offer in this line. It was just a question of a good hard fighting team meeting probably the weakest team in the conference and the score shows the result.

It was a great boost for the new coaches, Mead and Lavik, to have the team working together as one unit, in every style of play, as they were Saturday.

No Oustanding Stars

It is hard to pick out any stars of the game, but the playing of Wessen at center and guard and Muncaster at tackle, was so exceptional that they at least deserve special mention. These men stacked up play after play before it was well started and opened great holes on offense. MacDougal, a new man in Tiger uniform, shows signs of taking "Slant" Briggs' place as the most valuable end in the conference. He can kick, run or pass, and is very valuable on defense as well. With another year's experience and showing his present class, all conference is sure to be written after his name. "Piker" Bruce on the other end showed his old time fight while he was in the game. DeFries, another new face to Tiger backers, filled one of the tackles commendably. Although inexperienced, he is sure to develop into a very valuable man. Hinton, a man who has not played as a regular before Saturday's game, showed a lot of fight as one of the guards, before he injured his ankle and had to give way to Cox. Cox is another new man who shows lots of promise. Zickafoose, who is also year's Freshmen team, played a steady game at the other guard while he was in. "Fat" Thomas, altho handicapped by weight, looked good at center. [illegible] was moved to a guard. He is a sure passer and a hard worker.

GREINER AT QUARTER

In the backfield, Perry Greiner running the team, looked very good His judgment was good and he showed a line plunging ability that will make him dangerous. Waiss at full also proved a good line plunger, but his value in the line showed up very plainly when he was shifted there. He is one of the most valuable linemen in the conference. With Muncaster and Waiss on the tackles, little is to be feared in that direction. Delaney, another recruit from the Freshmen squad of last year, showed plenty of

(Continued on page 4)

PLAY BY PLAY ACCOUNT OF GAME SHOWS TIGER SUPERIORITY OVER WYOMING

First Half

Wyoming wins toss and elects to receive. DeFries kicks for Colorado College and Madden, premier Wyoming backfield man returns to 31 yard line. Two line plunges net Wyoming seven yards, but here they are penalized five yards for offside. Fail to gain through line and forced to kick. Waiss makes five yards off tackle on first play. Amidon adds another on same play. Line plunge fails to gain but Greiner on fourth down carries the ball the needed yard for first down. Two line plunges by Waiss and Burkhardt fail to gain. C. C. fails to complete first pass of game and MacDougal kicks 45 yards to Madden, who is dropped in his tracks by Greiner. Tigers recover ball on first play due to Wyoming's fumble. Amidon three yards through the line. Waiss adds two more on off tackle buck. Greiner fumbles. Wyoming recovers on their own 15 yard line. Wyoming fails to gain through the line and is forced to kick. Amidon makes a great catch of Wyoming's punt with the Wyoming ends almost on top of him. Waiss and Griener make 8 yards through the line and Amidon makes it first down. Greiner loses yard when line fails to hold. Waiss goes through for five yards on off tackle buck. Burkhardt catches pass from Waiss for another 12 yards and first down. Waiss and Greiner make six yards on two bucks through tackle. At this point Waiss fails on a try for a drop kick by a few inches. Wyoming's ball on 20 yard line. The

JAMES PARK ELECTED PRESIDENT SENIOR CLASS

Tie for Treasurer Broken by Chairman Vote

On Thursday, September the twenty-ninth, the Senior Class held election of officers. After the smoke had cleared away the following members were selected to hold the reins for the ensuing year.

James C. Park was elected president. He has been very active in activities during his three years in college. Last year he was vice president of the Junior class. He is a member of the Kappa Sigma fraternity and Phi Beta Kappa and Alpha Kappa Psi, honorary fraternity. His scholarship was further recognized by the award of the Perkins Scholarship last spring. Gertrude Klein was elected vice president. She has been active in student commission work, dramatics and societies.

Alice Sweet was selected to fill the office of secretary. She is also well known in college activities. She was secretary of the junior class last year, a member of the student commission, and a Y. W. C. A. worker. Douglas Corley was elected treasurer over Winans. The deciding vote was cast by the chairman, breaking the tie. He is a member of the C club and Science club. He has served on the Tiger staff.

THE CONFERENCE CHAMPIONSHIP IS NOT WON YET.

The victory Saturday was undoubtedly the best introduction to the public the new coaches could wish. It will be remembered that the first game played after Coach Parsons took charge resulted in a defeat for the Black and Gold with exactly the same score. However good this may be for the reputation of our coaches and the morale of the team and student body we must not allow ourselves to let our good spirits lead to confidence that is too extreme.

Before the game the stands were tense with determination that Wyoming should not win. The cheer leaders were determined and this determination was undoubtedly shared by the team on the field. We thought we had our backs to the wall and we fought like a cornered cat. We must keep up that kind of fighting. We may be a little more confident after this first victory but we must never lose that spirit of determination. Let us at no time fear our opponents but at the same time may we always overrate their strength rather than be too confident of victory.

Inter-Fraternity Council Elects New Officers

The Pan Hellenic Council held its first meeting last night. The fraternities were represented by Bob Burkhardt, Chief Myers, Beta Theta Pi; Andrew Waiss, William Fisher, Sigma Chi; Lawrence Wolf, Wilbur Hanes, Kappa Sigma; Russell Hunter, Harry Dawson, Phi Gamma Delta; Warren Leisy, Simon Wilbur, Pi Kappa Alpha; Ted Wessen, Bradley Kidder, Phi Delta Theta. The faculty members are A. B. Hulbert and C. C. Mierow.

Officers were elected to fill the vacancies left on last years panel. White ballots were cast for Waiss, vice president; Wessen, Secretary and treasurer; Burghart, representative to Student Commission.

A drawing was made to determine the location of the first social function of the year. The results follow:

Phi Delta Theta—Acacia.
Sigma Chi—Antlers.
Kappa Sigma—City Golf Club.
Beta Theta Pi—Art Academy.
Pi Kappa Alpha—Broadmoor Golf Club.
Phi Gamma Delta—San Luis.

The fraternities will rotate in this order during the year.

An interfraternity smoker was proposed to forward a spirit of cooperation and friendship between fraternities. This proposition will be settled at a later meeting.

CONTEMPORARY CLUB DINNER SUNDAY

The Contemporary Club was entertained at dinner last Sunday night by Christine Miller, Marion Little and Ruth Little. The Contemporary colors were artistically used in the table decorations. The guests were Anna Herzog, Gertrude Klein, Harriet Mason, Edna Van Horn, Mae Gallavan, Edith Miller, Helen Wells, Ruth Hegener and Dorothy Nyhus.

Professor Davies was in Denver last week, attending an Executive Board meeting of the State Congregational Conference, and later delivered an address to the Club of Congregational Ministers in Denver and neighboring towns.

* * *

Miss Flora Judd, newly appointed secretary of the Dean of Women, arrived in Colorado Springs, yesterday. Miss Judd is well qualified for her position. She is a graduate of Syracuse University, being a member of Phi Beta Kappa fraternity at that institution. She has had much experience in Y. W. C. A. work.

INDEPENDENTS PARTAKE OF MOONSHINE

The Independent Club celebrated last Saturday's victory with a moonlight hike up North Cheyenne Canon. The strenous efforts relating to the preceding day made it impossible for many of the members to get away. The trip, nevertheless, was anything but a failure.

The party left the car line and started up the canon just as the moon was at its best. The rough granite walls with their many shapes and shadows, together with the sparkling creek and evergreen trees; all fantastically painted with the silver rays from above were an object of delight and wonderment to those who had not seen the canon before at night. Of course the bunch just had to stop and say hello to Bruin. At the little old college "hang out" there were many other students.

Those who saw the trolley car rocking and reeling along the street will agree that the moonshine of Saturday night was most intoxicating.

HAYMES AND AMOS CHOSEN CHEER LEADERS

Ann Herzog was elected song leader at a meeting of the girls last week but her companion performers were not chosen till the pep meeting Friday night. Melvin Haymes was chosen cheer leader and Ellwood Amos assistant. The method of election was for each candidate to lead the assembled students in three cheers and the following applause was to indicate the choice of the body.

The men who tried for the job were, Melvin Haymes, Ellwood Amos, George Thatcher, Hayes Walter, Simon Wilbur and Bob Swan.

ATHENIAN HIKE TO SEVEN FALLS

* * * *

Last Thursday evening the following Athenians, chaperoned by Miss Hutsinpillar hiked to Seven Falls: Clara Burghart, Mrs. Essex, Helen McKinney, Florence Lawson, Lois Rose, Dorothea Raedel, and Lorene Reynolds. The affair was planned by Clara Burghart, Helen McKinney and Dorothea Raedel. The usual picnic "eats" were enjoyed.

The regular meeting will be held on Wednesday, October 4th, at 4 o'clock in Montgomery parlor. A resume on the strike as a means of settling industrial disputes will be given by Florence Lawson. This question is to be the subject of a debate in the near future.

Ingersoll Redipoint Pencil

An ingenious invention which meets the exacting requirements of college use. Simplified to overcome clogging at the point and tedious mechanical manipulation.

Made economically by mass production methods and sold at prices that make wood pencils a luxury.

In models to suit every need—at prices to suit your purse.

Note these Advantages:

1 Lead guaranteed not to clog at the tip.
2 Uses leads about double ordinary length.
3 Point presses in for protection when not in use.
4 New lead inserted in twenty seconds.
5 Lead turns both in and out.
6 Holder can accommodate fifteen extra leads, equal in writing service to fifteen wood pencils.

Your stationery or cooperative store can show you these and other models.

Line Plunges

"Then hit the line Colorado"

(BY RIP VAN).

When we asked Pike is he was still thinking of attacking our Column heading he said yes that he had his arguments all in a nut shell, which means he has them in his head.

Also we have heard that Pike intends asking his mother to help him get this column reheaded which would be playing unfairly as poor Rip Van has not mother here to guide him.

We have no news to tell today
Except about the game
That "C. C." won three days ago
And you all saw the same.

However we would like to tell
What will sure come to pass
If the annual Sophomore banquet
Entertains the Freshman class,

The Sophomores have a habit
Of eating once a year
In some lowly hidden cellar
When there are no Freshmen near.

Well the Freshmen love the Sophomores
So well they can not stand
To be one hour without them
So they try to be on hand.

If the former find the latter
They always get fed free
For they really love each other
Just wait and you will see.

We do not want a battle
And we hate to see a fight
But we hope the gallant Freshmen
Find the Sophomores on that night.

* * *

We received no answers to our last weeks questions.

RUNNING ACCOUNT

(Continued from page one)

C. C. line is shifting to meet the old Wyoming shift play, and stack it up for loss time after time. Wyoming penalized five yards offside. Wyoming kicks 30 yards to Amidon who returns five. Greiner plows line for two yards. Waiss after being blocked on an attempted run around right end shifts back around left end for 12 yards. Wyoming intercepts C. C. pass. Wyoming fails to gain through line, Madden fumbles and C. C. recovers. Amidon dodges through tackle for five yards. Greiner adds two more. Wyoming begins substitutions. Waiss makes first down. Hunter goes in for Buckhardt for C. C. Hunter fails to gain. Greiner misses pass that completed would have scored. Amidon makes two yards through the line. G. Smith, Wyoming quarterback, takes time out on the play. With fourth down and seven yards to go, Waiss tosses Amidon a pass which scores the first points of the game. Hunter misses drop kick for extra point. Wyoming again elects to receive. DeFries kicks to their 15 yard line, and G. Smith returns to 26 yard line. Wyoming fails to gain on line bucks and kicks 27 yards to Greiner. Delaney goes in at full and Waiss replaces Bruce at end. C. C. fails to complete a pass, MacDougal to Hunter. Wyoming takes time out and C. Smith goes in for G. Smith. Greiner plows line for five yards. Wyoming intercepts pass. Madden goes to quarterback for Wyoming. C. Smith takes fullback. Madden fumbles but recovers. Wyoming kicks 20 yards to Delaney who makes a fair catch. Hunter circles left end for 25 yards. Amidon repeats the same 25 yards around right end. Hunter fails to gain when signals got mixed. Greiner plows left tackle for five yards. C. C. completes pass, Hunter to MacDougal for twelve yards. Greiner carries over ball for second touchdown of the game. Hunter makes pretty drop kick for extra point. Score C. C. 13, Wyoming 0. Wyoming again receives and runs the kickoff back to the 20 yard line. Kickefoose blocks Wyoming pass. The half ends ends with Wyoming holding the ball on their own thirty yard line.

Second Half

Third quarter. Both teams enter second half with same lineup. DeFries kicks to Madden who returns to 22 yard line. Wyoming takes time out for Madden who was injured when tackled. Wyoming fails to gain and Muncaster breaks through and spills C. Smith for a five yard loss. Wyoming fails to complete two passes and is forced to kick. Amidon catches punt and carries ball out on Wyoming 40 yard line.

After an incompleted pass and a two yard gain through the line by Delaney, MacDougal throws a beautiful 30 yard pass to Greiner. After two line plunges by Amidon and Delaney, Hunter throws a pass to MacDougal who goes over for another touchdown. Hunter makes extra point on well-placed drop kick. McIlvaine goes in for Amidon. C. C. kicks to Wyoming and Delaney drops Madden with a great tackle on Wyoming's 30 yard line. Hinton is injured and replaced by Cox. Two line plunges and an incompleted pass again force Wyoming to kick. Kick partially blocked and recovered by Wessen but Tigers are penalized 25 yards for interfering with kicker and unnecessary roughness. Ball is returned to Wyoming with 25 yard penalty. Three line plunges and an incompleted pass give the Tigers the ball on downs. McIlvaine plows line for two yards. Pass, MacDougal to Hunter makes first down. Delaney hits line for two yards. Greiner adds five more on off tackle buck. Hunter makes one yard around end. Pass incompleted when Hunter overleads the C. C. men by many feet. Wyoming gets ball on dowus. Madden loses one yard on end run when Waiss and DeFries break through. Muncaster breaks through and drops Wyoming back for five yard loss. Wyoming takes time out. Wyoming penalized 15 yards for talking before first play. Wyoming's punt is partially blocked, Delaney recovers. McIlvaine loses two yards when line fails to hold. Wyoming intercepts pass. One line buck and two incompleted passes make it fourth down again for Wyoming. Sewell goes in at right end for C. C. Waiss goes to DeFries tackle. C. C. penalized 15 yards for talking before first play. Wyoming kicks 40 yards. McIlvaine returns five yards. Thomas goes to center. Wessen moved to guard, MacDougal gets great kick off from his own 15 yard line, kicking clear over the Wyoming safety men and rolling to the Wyoming 18 yard line where the ball was put in play by Wyoming. Gray goes in for Cox who twists an ankle. Delaney and Hunter block two Wyoming passes and after failing to pierce the line, Wyoming kicks 35 yards to Greiner who returns five. Hunter makes four yards round end. Sewell and Wyoming man grab C. C. pass at same time but Sewell succeeds in keeping the ball. Greiner makes first down through line. Corbett, the son of Coach Corbett of the Wyoming team, takes right end for Wyoming. Pass from Waiss to Hunter completed but no gain. MacDougal fails to gain on end run. Another incompleted pass and Hunter misses a try for a dropkick. Wyoming putting the ball in play on 20 yard line. Wyoming completed their first pass when G. Smith tossed one to Whittenbracker for two yard gain. Wyoming is playing an open game in desparate attempt to score. McIlvaine intercepts pass from G. Smith. King goes in for Blanchard of Wyoming. Hunter loses two yards on end run. Hegewald, Captain of Wyoming team, takes time out when injured on this play but remains in the game. McIlvaine fumbles but recovers for a five yard loss. C. C. fails to complete pass and loses ball on downs. Smith completes pass to King for six yards. Eckels goes in for King, Wyoming. Smith throws long pass to Whittenbracker for twenty yard gain. After two passes were blocked, Waiss intercepts the third one. C. C.'s ball. Three line plunges by Greiner, McIlvaine and Delaney give first down. Wigrahm foes in for Wessep, Powell for MacDougal, Matthews for Hunter and Hope for Gray. Game ends with C. C. in possession of ball in center of field. Score 20-0.

President Duniway was in Denver last Thursday, visiting some of the schools of that city. While there he visited the Morey Junior High, Byers Junior High, South Side High School, and East Side High School.

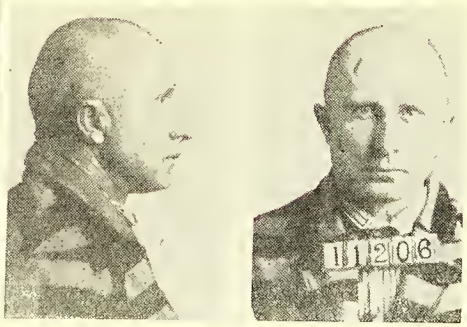
Pike Speaks

THE POET LARIAT



No Mother to Guide Him

An hitherto unpublished duo of the Line Editor—before and after Plunging—

These engaging likenesses were taken while the Line man was the guest of the Czar (for 15 years) at his oatmeal mines in utmost Siberia.

Note the "Shake-well-before-taking" expression on the left exposure. It is caused by his fervently hoping that "no metal can touch him.

The snappy numeral decoration shown in the winter picture looking east is a gift of the Czar. It is an ingenious device—automatically registering the cases of vodka consumed by the wearer during the week. This picture was snapped early Monday morning.

The unusual dressing sack is tailored masterfully in the striking stripe so much in the mode that season. The jaunty stripe motif is well followed in the shirt and black hang-mans knot just over the collar button.

* * *

OH SKINNY!

Here's to Rip of the Tiger Line,
A disposition like boiling brine,
Writer of verses that everywhere,
But seethe and boil like unslacked lime.

You smite a true poetic lyre
Thou long disjointed versifier,
But rest the pinons of your song
'Till they have grown a bit more strong.

Eftsoons! ye gods, yet more Gadzook,
You babble worse than any brook,
To link my mount to Manitou
Is just what I'd expect from you.

The way you garble, mock and tense
Would make a mummy take offense,
Your thundering lactyls only squeak
Heard from the summit of Pikes Peak.

* * *

—OR THIS—

A famous lampooner, a scribbler of verse,
Though his Art is quite lacking, his poetry's worse.
If Kidder is kidding as some folks miscalled it
Then Kidder is kidder whatever befall it.
He thinks himself witty
Yet his rhymes excite pity
Their feet are so tangled and the verbs are not pretty,
If Kidder is kidding as some folks miscalled it
Then sing kidded Kidder what ever befall it.

* * *

—VIRTUE REWARDED—

Ther' onct wuz a writer,
Brad Kidder by name.
Bersmirched a young feller,
Uv excellent fame.
He published his pictur,
With intent to revile,
But he o'er shot his mark.
Fer as soon as the smile
Of the buxom young hero,
Was seen by the wimmen,
They camped thick on his trail,
And proposals of marriage,
Now flood every mail.
He's so popular now
That he's in seventh heaven.
For he's even had one
From Main 597.

* * *

There could be no more significant commenting on the Line Editor's lack of judgment than his selection of a non de plume. Had not the 'gentle humorist' created a character which the Line man's double jointed manner of perambulation renders especially apropos, his blunder would not be so provoking.

A. K. P. AT UTAH AGGIES

(Continued from page one)

the Department of Accounting; G. W. Thain, Louis K. Falck, W. J. Merrill, Louis Ballif, A. D. Hintze, Del. V. Gardner, Cyril Clarke and Driver E. Smith.

The local chapter will concern itself with the consideration and study of current business and industrial problems, which will be of interest to students entering various branches of commercial pursuits.

The Colorado Educational Association will hold its annual meetings in Grand Junction, Pueblo, and Denver, from November 7 to 11 inclusive. Several members of the faculty will attend and deliver addresses. Among others, Professor Hulbert will go to Grand Junction and Professor Davies to Denver.

MARIE COLEMAN REFUSES NOMINATION AS VICE-PRESIDENT FRENCH CLUB

Last Thursday evening at 7:30 Ticknor Hall was the scene of the first meeting of the French Club for the year 1922-'23. Mr. E. W. Mahan, acting president, took charge and immediately proceeded to the business of the evening. Marie Coleman having refused the nomination for Vice President, she, Frances Tucker and Ralph Heller were appointed to select a Vice President.

After the business meeting, Miss Hartness told many interesting events of her trip to France, after which the members and guests had a half hour of song, made very entertaining by several solos by Mr. Cabello.

The Club will hold semi monthly meetings on Thursday night in Ticknor Study.

DOC BORTREE IN CHAPEL

(Continued from page one)

number of years, and is recognized as one of the strongest supporters of the college in town.

Miss Anne Herzog lead the singing with the assistance of Prof. Brown. First the girls alone sang the "Colorado C Men". Then the men showed them how to do it. The whole meeting was spiced with songs and yells from start to finish.

Operation on Tiger

A feature of the celebration was the symbolic operation on the sick tiger by Doctor Bradley Kidder and his assistants the Doctors Briggs, Crowder, and Hamilton. First they removed the Cowboy hat which had been giving the tiger considerable worry. After that they completed a diagnosis which found that there were still to be removed a number of obstructions in the tiger's alimentary canal. These could not be removed at the present time because the tiger had not sufficiently recovered from the operation of removing the cowboy hat. They set the dates on which they were to remove the prayer book of D. U. the pick and shovel of the Mines,. the pumpkin of the Aggies, and the rolling stone in the gall bladder which after considerable consultation was pronounced a Boulder.

PERFUMED HAIR-NETS

(Continued from page one)

maidens of Colorado College. At any rate, if we are to believe the words of Mr. Marschat, I should, as a bit of brotherly love and loyalty, warn the men to be constantly on their guard, for he claims for the 'Aroma' that indefinable something that in the realm of Shakespeare's play-world, made the perfume of a flower emit that charm which weaves the web of treasured dreams

In words of the common people, Mr. Marschat is the agent for the greatest invention of the age, so far as women are concerned. He is selling the Aroma hair-net for the same price as the ordinary hair protection. It is a unique article for women which no doubt will be received with welcome from the co-eds of Colorado College.

WYOMING GAME

(Continued from page one)

punch and will make a very valuable full back before the season is over. "Doc" Hunter showed all the speed and ability promised of him in running the ends, and is an exceptionally good open field runner. A little more defensive ability and he will be among the most valuable halfbacks in the conference. Amidon, the midget of the team, proved to be one of the shiftiest open field runners seen in the Tiger backfield for several years. He handles punts nicely and is a valuable addition. This is also his first year as a regular. Burkhardt rounds out a good fast backfield that shows much promise. Nearly every member of the Tiger squad saw some action in Saturday's game, and they all gave a good account of themselves.

The following men started the game for Colorado College:

Bruce—right end.
DeFries—right tackle.
Hinton—right guard.
Wessen—center.
Zickafoose—left guard.
Muncaster—left tackle.
MacDougall, left end.
Burkhardt—right half.
Amidon—left half.
Greiner—quarterback.
Captain Waiss—fullback.

FROSH GAME

(Continued from page one)

ball the Terrors do, they are going to be mighty hard to beat by any high school team this season.

The Terrors amassed their score in Saturday's game by a pretty 20-yard drop kick from a hard angle by Allen in the first quarter, and a touchdown by straight football mixed in with a few passes, in the final period. Forrest Phelps kicked the goal for the extra point making the score 10 to 6 in favor of the Terrors, the Frosh having scored a touchdown in the third quarter on an intercepted pass, but failed to kick goal.

The game was marred by the injury to McIntyre, Freshman halfback who received a broken collar bone, otherwise both teams came out of the game in pretty good shape, and only a few minor bruises.

The following men started for the Terrors:

Honnen—right end.
Leggett—right tackle.
Cool—right guard.
Hopper—center.
Murray—left guard.
Hymas—left tackle.
C. Ryan—left end.
Captain Bevan—quarterback.
Lebeau—full back.
Ed Allen—left halfback.
F. Phelps—right halfback.

The following men started for the C. C. Freshmen:

Hill—left end.
Brown—left tackle.
Fling—left guard.
Pierce—center.
Hitch—right guard.
Schoonover—right tackle.
Ryan—right end.
Weiner—quarterback.
Captain Willis—left half.
McIntyre—right half.
Clarke—fullback.

FRESHMEN TAKE FIRST AVIATION LESSON THURS.

The Sophs demonstrated their traditional superiority yesterday when the Freshmen were treated to a blanket tossing. Seventeen of the first year men kissed the canvas and there were no fatalities. According to custom there were no football candidates tossed.

The frosh refused to yell for the class of '25 while in the air and continued to the last man to give the war whoop of '26. Classes for the morning would have been suspended and the tossing continued until all of the first year men had been given a close-up of the tree tops but the canvas ripped as Tom Watkins took his initial flight and festivities were closed for the morning. The Sophs rushed the blanket to a waiting automobile and sped away before the freshmen could offer any resistance.

Tradition demands that the freshmen be entertained at about four tossing parties exclusive of the Barbecue and their failure to capture the blanket yesterday morning insures them of at least one more handling by the Sophomores.

The aerial entertainment proved too much for one of the co-eds who fainted at the conclusion of the party.

The men who made the trip were: Scott, Watkins, Rasor, Mulford, Carter, Kellerman, Broyles, McLeod, Scribner, Woods, Ormes, Armit, Thomas, Strachan, Weimer, Holland, Sharp.

AGGIE SOPHS TUB FROSH IN PUBLIC AFTER CHAPEL

Ft. Collins — Monday following chapel, the freshmen held their first ordained and organized tubbing festival. During the chapel period many of industrious first year men prepared the bath for their brothers who had broken the law. Immediately after chapel, the fun commenced.

Listed for the wet punishment were Washburn, Gatley, Casey and Olmstead, charged with not wearing their freshmen acaps, nd Rahe for missing his turn on the rubbing squad.

Action at first was rather slow. The men to be punished could not be found quickly enough to insure speed and the waiting squad became restless.

As is usually the occurence, the free-for-all was suggested. "Drown the dry ones" cried the upperclassmen grouped about. It is possible that at this stage, many green caps disappeared homewards.

The wholesale tubbing act was precipitated by one of those being punished. While the three justice ad-

BOULDER FOOTBALL SQUAD HAS HOUSE

Plan Aims to Promote Training and Understanding Among Players

Boulder, Colo.—The "C" house of the University, or what might be called "the experiment of the Rocky Mountain conference," because it was the only house of the kind when started, was secured for the purpose of giving the Silver and Gold athletes the best possible training quarters. That the plan has proved successful is shown by the records of athletic contests of last year with the games won and lost and the scholastic statistics for the year.

Athletic and energetic young Americans living together in a house would suggest boisterous fun and numerous pranks. However, it is quite the contrary at the "C" house and an

Classical Club Meets to Reorganize Tonight

The first meeting of the Colorado College Classical Club will be held at the home of Professor C. C. Mierow, 216 E. Espanola Street, this evening at seven-thirty.

This organization was formed last year at the instigation of Prof. Mierow for the purpose of promoting greater interest and study in the classical literature. It is open to present and former students of Greek and Latin in Colorado College and those who are thus interested are invited to attend the opening meeting.

Meetings are held once every two weeks in Ticknor study when programs are given by the members. Last spring two Latin plays were given in the Stadium and were the culmination of a very successful year. Plans for the coming year are more extensive and will be carried thru by the officers of the Club who are:

President—Anna Jane Hitchcock.
Vice President—Sarah Mints.
Secretary—Evangeline Joder.
Treasurer—John Duniway.

THATCHER PRESIDENT HANES MANAGER MENS GLEE CLUB THIS YEAR

Bernard Vessey May Be Director

The Men's Glee Club held an informal meeting immediately after Chapel on Thursday morning for the election of officers and to start the business relative to this year's activities. About eight or ten of the old members who have returned to school were present.

George Thatcher was elected president for the ensuing year. He was the only officer elected. A change has been made this year in the management of the club. Formerly one who took an active part in the performance of the club was given the position of manager, but this year it was decided that the manager should be one who was free to attend strictly to that phase of the work. Wilbur

SOPH HALL GIRLS INITIATE FROSH IN EARLY MORN

Little did the freshmen realize after their song to the sophomores last night at dinner in Bemis they were going to be treated according to their encore song "Freshmen will shine today". For in the wee small hours of the morning voices could be heard around the halls, rustlings of sheeted beings scampering hither and thither from one hall to another. The common room in Bemis was the stage for the performance. Lucy Fast took the roll of St. Peter, and Frances Hurst was the head scribe. All members of the class of '26 were duly ushered before the great and mighty saint. Questions were fired fast and furiously at them and then their faults, were wickedly charged against them. They were given the rules to follow after some rough treatment that is censored

Freshmen Hall Girl Commandments

AND THE SOPHOMORES CALL UNTA ALL FRESHMEN, HEAR, O FRESHMEN, THE STATUTES AND ORDINANCES WHICH WE SPEAK IN YOUR EARS THIS DAY, IN ORDER TO SECURE FOR OURSELVES AND POSTERITY THE MAINTENANCE OF THE TRADITIONS OF OUR COLLEGE, THAT YE SHALL LEARN THEM AND OBSERVE TO DO THEM.

I.

1. Thou shalt not lead the Sophomores and upper classmen into the dining room; the way is known unto them, yea, even better than to thee.
2. Neither shalt thou place thyself at the head of the table.
3. Neither shalt thou satisfy the desires of thy palate before those of thy table head; nor shalt thou pass the salt without the pepper.
4. Neither shalt thou be late for thy meals; but fail not if late, to ask forgiveness from thy table head before taking thy place.
5. Neither forget thou to rise in homage when a faculty members comes late to the Board.
6. Neither shalt thou beseech the girl who waiteth on thee for food, but first make known thy wants to thy table head.
7. Neither shalt thou place morsels into thy mouth while there is singing in the dining hall.
8. Neither shalt thou fold thy napkin before thy table head.
9. Neither shalt thou preced thy table head from the dining room; nor forget to push in thy chair.
10. Neither shalt thou stad by idle while faculty and upper classmen await after-dinner coffee, but ys shall serve them joyfully.

II.

1. Thy shalt cover thy head when wandering from thy abode.
2. Thou shalt not cut campus.
3. Neither shalt thou wear College Colors except on special occasions, nor wear any H. S. insignia whatsoever.
4. Neither shalt thou desecrate the Sabbath day with jazz, nor play jazz on the grand piano.
5. Applaud not after music in Y. W. C. A. meetings as in a vaudeville.
6. Thou shalt keep silence during serenades.
7. One day in seven shalt thou labor and make thy room cleanly.
8. Thou shalt set a seal upon thy lips to quell profanity.
9. Thou shalt ever keep thyself fair to look upon.
10. Thou shalt give thine ear to all, but thy voice to few. Thy sisters judge by thy present worth.

III.

1. Thou shalt ever show courtesy by rising in the presence of the Dean and all other faculty women.
2. It shall be a privilege to thee alone to "set up" prayer chairs.
3. Thou shalt reserve the front row at prayers for Seniors.
4. Thou shalt honor thy teachers by greetings of respect. Say not "hello".
5. Presume not to address upper classmen with nicknames, but know thou thy place.
6. Lock not thy door against thyself nor thy neighbor—she respecth thee and thy possessions.
7. When thy neighbor tarrieth long from home thou shalt prepare her bed in compassion for her.
8. Remember thou in the days of thy infancy to carry books and open doors for all Sophs and upper classmen.
9. If asked to do so thou shalt run errands with due cheerfulness.
10. And now knoweth thou our counsel, unto which harken, that thy verdant freshness may not cause thee sorrow!

Approved by Dean of Women.

COMMITTEES NAMED FOR HOME-COMING

Game With Boulder to Be Last Feature on Program

The biggest and best ever, will be this year's Home-coming day. The date has been set for the tenth and eleventh of November and things will be kept humming over the entire time.

Friday night the annual Sophomore Barbecue will take place and knowing the class of '25 we promise that it will be well forth attending. Saturday noon come the luncheons for the alumni given by the girls' societies and the men's fraternities. Following the luncheons will come the big event of the day, the big football game with Boulder. We do not have to tell you what that means because you know. That evening after the game the Annual banquets for the alumni will be held: the one for the men in Cossitt and the one for the women in Bemis. Then comes the big all-college dance at Bemis with the whole crowd present. Moreover, to top all this off it is Armistice Day and that should give us a double reason to celebrate.

The committees in charge of the various phases of the program are as follows: Welcoming committee, J. Elwood Amos, chairman, and four assistants to be chosen by him. The duties of this committee are to see that all trains are met and that each alumnus gets to his or her proper destination. The Registration committee begins where the other leaves off and registers all Home-comers and presents them with a program of the two days activities. This committee has as its members Alice Sweet, chairman, Evelyn Stannard and Charles Page. The entertainment committee is composed of Robert McIlvaine, chairman,

J. G. BROWN, INSTRUCTOR IN ENGLISH, DIES TUESDAY

On Wednesday morning Colorado College placed its flag at half mast and went its usual way with unusual quiet, for one whom all honored had left the ranks forever. About five o'clock on Tuesday afternoon James G. Brown of the Department of English passed away after an illness of some ten or twelve days and it was in commemoration of him that any side of college was laid aside for a little while.

J. G. Brown

Mr. Brown came to this institution some two and a half years ago fresh from his graduate studies at Yale, highly recommended for his excellent work and scholarly endeavors. Hhe has always exerted upon those with whom he came in contact a high moral and intellectual influence, having at the same time a keen and fine sense of humor.

To those who kne whim best, Mr. Brown confided his ambition to be one of the outstanding scholars of his time, and it was only upon the combined persuasions of the faculty and Dr. Duniway that he gave up his cherished plan to return to Yale this year

IT'S GETTING COOL

What about your Winter Suits and Overcoats? Instead of buying one, why not let us renovate your last winter's Clothes? We do this at a very small cost—make them like new. We thoroughly cleanse them, do any repairing that may be needed, replace any missing buttons, press them into shape, and deliver them again on very short notice.

We also do altering on both Ladies' and Gentlemen's apparel. We reline coats, overovercoats, put on new collars, and new sets of buttons.

In addition to this, we are still running Colorago Springs first and original Pressing Club. One suit or overcoat pressed each week for $1.50 per month, called for and delivered.

WHY NOT TAKE ADVANTAGE OF OUR NATURAL RESOURCES?

The University of Colorado is doing systematically what C. C. has been doing in a hit or mass way for a long time. Different fraternities have established cabins in the mountains and the girls' societies occasionally rent or lease them. Boulder is on the right track in establishing a string of cabins for the use of all students of the University. We are much nearer the mountains than the up-state school and for that reason our cabins should be more valuable. There are numerous cabins far enough away from the beaten path to make ideal locations for house parties and the like. These cabins could be purchased or leased for the use of the college students during the winter at very reasonable prices. Why have we not taken more advantage of our opportunities?

The reason we have no string of college cabins is contained in the reason why we have so few outings in the mountains. In the old days Bruin Inn was the chief attraction for parties of students but times have changed. Our system of penitentiary rules puts a premium on dancing and town paries and forbids the enjoyment of our great natural playground—the mountains—except under such conditions that few care to comply with them. So long as we are considered of such low moral standards that we cannot go into God's great out of doors without being suspicioned of immoral acts we may as well consider ourselves located in Kansas so far as enjoyment of our mountains is concerned.

FROSH GIRLS COMMANDMENTS

(Continued from page one)

to the knowledge of the public. The sights this morning were sorely wonderful to the eyes of the campus crowd. The mops, dish pans, doll carriages, tumblers of water all had a hidden meaning. Especially did the hair dress attract the attention of the men, for even the prettiest of the freshmen were imensely changed. The adornments such as ear rings and necklaces of pictures of sweethearts, added to the atmosphere considerably.

The following is an account of the Freshmen Hall Girls Initiation Seen Over a Cat's Whiskers:

My tale is dedicated to those freshmen who so nobly and sleepily accepted the accusations and punishments which were meted to them Thursday morning, October 4.

Many are the times I have seen them shiver and heard them muttering to themselves about the Sophs and a terrible ordeal which they were expecting nightly. For the last two weeks as I have gone out to have my midnight vocal lesson on Bemis fence, I have noticed that the freshmen's lights still burned, probably in expectation of the Sophomore talent. Some freshmen girls went home week-ends in order to be here as few nights as possible and others abstained from curlers and the like. Poor children of fresh green verdue, they scarcely ate their nightly soup but what Bible verses about awaiting and fearing were thrust under their noses and nightly messages to read and sing this and that for the following day were thrust under their pillows. Thursday night as I was in the balcony in Bemis dining room listening to the girls eating their soup, three brave freshmen were with men. Carrying the tune in a ukelele, they sang a hymn of praise to the Sophomores. When this hymn was finished they offered another entitled "The Freshmen Will Shine Tonight."

It was about twelve thirty as I was just finishing my nightly oration, when strange things occured. Surely initiation was coming like a sheik in the night. Twenty-eight sophomores wrapped in sheets and silence were met in Bemis Commons. Silently they worked.

One by one the freshmen girls were brought in. Each one was blindfolded, curlered and clothed in evening attire, and made a humorous spectacle I can assure you, as they was rolled before the throne in a wheelbarrow. The bandage was taken from their eyes. With a dim light over his bald and reverent head, Saint Peter sat on a cushioned throne. Silent and stroking his long gray beard, he sat and contemplated her. Sitting in a sheeted circle were twenty-eight Sophomores dressed like angels. In a stern tone Saint Peter grilled the girls. As the girl made answer the twenty-eight sheeted angels moaned in pity for her. Many freshmen were rolled onto the carpet in a hazy condition in spite of the fact that they were "to shine tonight." There were many varieties of charges and as many penalties. One young lady who has passionate desires to play the old fashioned waltzes for the girls to dance to was allowed to give an "illustration of the old familiar one, two three waltz." Another, being engaged to a man and speaking of him often, was told to wear a wedding veil or else change the subject. A magnificent donation consisting of a hard boiled egg strung on a wire was placed around the neck of one of the most prankish freshmen. Girls who wore rats and were not ashamed to show them were allowed to display them entirely today by pinning them on the outside of their hair. Pictures of gentlemen friends were given various girls to identify and give their pedigree. One very shy girl had two pictures entitled "Your own true peter boy, taken Sunday, Sept. 20, 1920." When asked concerning it she blushed and exclaimed "Peter boy." Girls who were accustomed to wearing long ear rings were allowed to wear unusually long ones in the forms of decorated weiners or carrots. A chain of onions was thrown about one girl's neck in order that she might gain strength to speak more often and let people know that she was there. A little market basket was presented to one little girl who goes home to mother's cooking every week end. She was ordered to fill the backet with delicacies and let all those who desired to take refreshments to do so on penalty of more pigtails.

After each girl had received her indictment, an assistant angel read off the commandments from a scroll wrapped on a rolling pin. All girls were to wear curlers or make a sandwich of curlers and braids, to carry a glass of water to class and to stuff her stockings if her legs were thin enough.

At seven o'clock all the girls were ready with their books, curlers, glasses of water, doll buggies, beards, mops, etc. After due inspection they were sent to class. I watched them go through the quad and a more motly array of smiling girls, I have never seen. I for one, give a cat call and a shake of the paw for the girls of the class of '26 who so valiantly curled and weinered themselves at the suggestion of the Sophomores.

A list of the students of Colorado College will be found on the bulletin board of Palmer Hall, as classified in the Registrar's Office. Chapel seating will be rearranged according to this list. Any student who wishes to consult the Registrar concerning his classification is requested to do so immediately.

Aggies Offer Favor of Frosh Girl and Five Dollars for Best Yell

Ft. Collins—The favor of a freshman girl is offered as a prize to the author of the snappiest yell or song for use in the Aggie College this year. In case a girl is winner in the novel contest the remuneration is to be a five pound box of chocolates. Oct. 18 is the limit set for the amateur authors. In order to make the contest more attractive to the men students, a side prize of five dollars is offered. According to a statement in the Aggie paper the great per centage of bachelors on the campus is due to a chronic state of being broke, and it is thought that the five dollars offered will introduce at least one more candidate to take his pick of the fair freshmen.

BILL FISHER WINS

The engagement of Eunice Scribner to William Fisher was announced this week. Miss Scribner is a Senior, active in dramatics and Y. W. C. A. work. Fisher is a member of the Sigma Chi fraternity and has been active in athletics. No definite time has been announced for the marriage.

An informal party at Bruin Inn was the scene of the unofficial announcement when it was discovered that Fisher was no longer wearing his Sigma Chi badge. Monday was devoted by all friends of the happy couple to sincere and hearty congratulations.

Student Commission to Have New Constitution

The second meeting of the student commission for this year was held on Tuesday evening at Montgomery Hall. The first business considered was the appointment of Robert McIlvaine, student commission president, as a member of the ne wFaculty-Stud entCommittee. The faculty members on this committee are: Dean Jaqua, chairman, Professors Okey, Mierow, and Copeland.

The purpose of this committee is to deal with matters in which the interests of both the students and faculty are involved. This committee also intends to undertake a complete revision of the Student Commission constitution in order that the commission's powers may be more definitely defined.

The chairman of the Tag Day committee reported that over four hundred and ninety tags had been sold. The Commission then voted him congratulations on having made this the biggest and most successful tag day ever held at the College.

At this meeting also, the date for Home-Coming Day was set for November eleventh and committees were then appointed to formulate the plans for this occasion.

DENVER TO HAVE SEMI-PRO FOOTBALL

Denver is to have a semi-professional football league this season, it was announced Saturday by Charles Sedgwick of the May Company. The loop will be made up of six squads and all games will be played on Sunday afternoons in order to not conflict with scholastic and intercollegiate contests there.

"Players attending high schools and colleges will not be eligible to play in the organization under no consideration," Sedgwick said Saturday night. "The league, instead of detracting from amateur football will add to its popularity."

Two elevens have already made application for berths in the loops. They are the White Elephants and the Jazz theater teams. Several other squads are now being formed and will apply for membership within the next few days.

Line Plunges

"Then hit the line Colorado"

(BY RIP VAN).

The pointless, disgusting, and insipid ribaldry which the slanderous composer of Pike Speaks so libelously hurled at the author of this column, can not be overlooked. The calumnious and counterfeit photographs, published and ascribed to be likenesses of the author of Line Plunges; are none other than some which have hither-to reposed in Pike's FAMILY ALBUM. The insidious and hypocritical write-up which appeared beneath these photographs, could only have come from a diseased mind, such as we suspect Pike of having.

His criticisms, weak and nonsensical reveal his utter lacking of an artistic appreciation. To write about the poems of this column as being pitiful and weak; and at the same time to himself write such uncouth and contemptuous doggerel, shows that Pike knows not whereof he speaks. His principle thoughts seem to be on Vodka, women (and the manner in which they regard him) and on the gentile are of slander.

Pike's egostical self deceit manifest in his writings can be easily traced in his professed proposals of marriage, though he no doubt did have a number from girls at the Deaf and Dumb School. His reference to the phone call from Main 597 was correct, for inquiry was made about the payment of a long overdue plumbing bill. Moreover, he styles himself as a buxom young hero, which in the words of Funk & Wanalls, means a plump and comely young idol. His heroic deed was his appearance in public after his picture was published in this column of the Tiger, among the other jokes.

Pike made no mention of the fact that our heading is still the same, and it will never be changed, because he knew that he could not offer any plausible reasons why it should be changed. He based his remarks entirely on, or rather against the author, which seems to us as rather incongruent.

Disgraceful to the college is Pike's column of vilification and defaming, and debasing to the illustrous Zebulon Pike, whose name Pike has dragged into the mud. Further comment is useless, for where there is no sense, there is no feeling, but we hope that in the future Pike will endeavor to direct his criticism at the heading of this column rather than at its author.

We plead out of respect for the memory of Zebulon Pike, and the desire for truth, that Pike change the cut of Mount Manitou above his column to some more appropriate heading. Our suggestion is a mad dog, to stand for his crazy doggerel.

* * *

THE DEFENSE OF OUR HEADING

Our heading you'll see
Is clever and neat
Though old we'll admit,
It's still hard to beat.

For years it has stood
The first in it's line,
So Pike, why not get
A heading like mine?

We don't want to brag,
Though we have to declare
That each of our issues
Is written with care,

Each joke that we write
We try to make clever,
And wholesome and clean,
And quite the best ever.

Our efforts, perhaps
Miscarry a bit
For not every joke
Is good for a hit.

Still we shall attempt
Till we give up the Line
To print the best jokes
Either your's or else mine.

But our heading, forever
Shall stand as it is,
For it is artistic
Not vulgar, like his.

l'envoi

So taking this stand
We hope that friend Pike,
Will give up this quarrel
And we'll do the like.

Dr. Whiting, Medical Missionary, Tells of Far East

Last Tuesday morning the student body was addressed by Dr. Whiting, a medical missionary from Korea, who is lecturing on conditions in the Far East.

Dr. Whiting told of the great opportunities in the country of China and how China has suffered from outside nations in their demands. The Chinese are just beginning to realize their position at a time when other countries have already some concessions. Japan altho she was a secluded, isolated nation a comparatively short time ago has risen to the position of one of the four World Powers by reason of her aptitude at picking up new ideas. The Japanese are known as a race of imitators and because of this they have been able to compete with other countries in foreign markets and even invade the home markets.

Korea is perhaps the most interesting country of these three because of its well defined customs and continuous history second only to that of Japan. Korea has been caught in adverse circumstances which have caused her much grief but which may be her salvation as the arousing of a common feeling even if it be hatred means the forgetting of petty animosities in order to gain their larger objective. Korea is in that position now for she declares that freedom will be secured if it takes a thousand years and with such determination liberty will certainly come.

FROM THE SILVER AND GOLD

From the annals of history we learn that at one time Canon City was offered its choice of having the state university or the penitentiary located there, and decided upon the latter. No doubt the people thought that the penniitary would bring a nicer class of people to their city than the University would. Sometimes the people of Boulder are inclined to agree with them.

AGGIES TO PRACTICE BEHIND CLOSED GATES

Ft. Collins—With the exception of Mondays, football practice on Colorado field will be held behind closed gates for the remainder of the season.

So many strange people are always out on the field when the team is at work practicing that it is difficult to tell the difference between students and townspeople and the uninvited stranger whose business is to spread false reports regarding the teams of the conference. It is not that the athletic department does not want a crowd out for the signal and scrimmage work. Monday has been designated as visitors' day and both students and townspeople are invited to watch the team in action on this day.

Adoption of the same closed gate policy has been in vogue at the Mines camp for some time now. The Orediggers practice unseen by the hungry throng of fans every day except Thursday, when the gates are thrown open to the general public. This sort of practice stimulates a better feeling among the conference heads and works out very satisfactorily for the student body also.

There will be an important of the Philip Washburn Episcopal club at the St. Stephens parish house. A supper will be served at 6:00 by the parish. There will be a general discussion of the program for the year.

J. G. BROWN DIES

(Continued from page one)

and resume his studies for his doctor's degree.

Despite his few years of work in this college, everyone feels the absence of an indefinable something which was lost with his going and which will never be wholly regained. Young, quiet, and unassuming, James G. Brown will long be remembered for the beautiful spirit and the courageous personality which characterized and made itself felt in all his dealings with his fellow men.

Commemorative exercises were held last Wednesday during the chapel period for our late friend and instructor James G. Brown, who died Tuesday afternoon from pneumonia. After an appropriate hymn and prayer offered by Dr. McMurtry, Professor Goodenough spoke for the Department of English in memory of Mr. Brown. He declared that he never knew a man so devoted to his work as Mr. Brown was. He was a brilliant scholar of English and loved to teach this subject. "His sudden death can only be compared to the great poet Keats", said Mr. Goodenough. "A man as young, with such a keen intellect and great expectation, beloved by his friends, only to be cut off from this world and taken away."

President Duniway then made a brief address for the college as a whole in memory of Mr. Brown, speaking of the great and good impression Mr. Brown has left with us in the short two years he was here. He also spoke of the great devotion that Mr. Brown had for his parents. His loss will be felt keenly from Colorado College.

Mr. and Mrs. David H. Brown, the parents were present at the services.

No successor of Mr. Brown has as yet been appointed.

SOCIAL SCHEDULE

(Continued from page one)

Friday, November 3—
Afternoon — Contemporary Society, Sophomore Meeting.
Evening — Town Girls' Association Annual Dance.

Saturday, November 4—
Afternoon — Utah University at Salt Lake City.
Evening—Y. W. C. A. Circus.

Friday, November 10—
Afternoon—Hypatia Society, Tea.
Evening—Barbecue — Home Coming.

Saturday, November 11—
Afternoon — Boulder at Colorado Springs.
Evening — Women's Banquet at Bemis Hall. Men's Banquet at Cossitt Hall. All College Dance.

Friday, November 17—

January 15-27—
Registration for Second Semester.

Wednesday, January 30—
Second Semester begins.

BOULDER FOOTBALL "C" HOUSE

(Continued from page one)

atmosphere of seriousness and quiet prevails.

After a day of classroom study and approximately two and a half hours of football practice the athletes find little time for the pleasantries enjoyed by others attending the University. During their leisure time the men usually talk of football or of their studies. Football, of course, is discussed more than any other individual subject. In fact, the big advantage of having the men live at the house is that the coach may call them together at any time to discuss a new formation or give a chalk talk. The men living at the "C" house play football, think football and talk football. Their thoughts and actions are centered around the sport.

The men staying at the house are given the advantage of uniform recreation and study hours, and gradually form the habit of completing their work at a certain specified time. Smoking and gambling in the house are not permitted, of course, and permission to be absent from the house for purposes other than study is given only by the coach.

The men who are privileged to live and eat at the house are selected by the coach, according to their athletic ability. They receive the best possible food and correct diet at the lowest possible cost.

Due to the late start there are only fourteen men now living at the house and twenty who eat there regularly. It is expected that by next week thirty men will have places at the table and at least twenty men will reside at the house.

During the first quarter, football men live at the house and during the winter quarter men who participate in basketball, wrestling and boxing will take their places. In the spring quarter the house will be given over to track and baseball men.

The house rules allow for study from 8 to 10:15 o'clock at night, while from 1 to 3 o'clock in the afternoon and from 7 to 8 o'clock in the evening are visiting hours.

AGGIE SOPHS TUB FROSH

(Continued from page one)

ministrators were throwing him in the icy water, he managed to grab them and they all followed him into the tub. Several others were then soused and during the lull in the amusement, someone suggested tubbing the class president, Clammer. A number of the boys who stood about with dripping clothes and who desired revenge on anybody, rushed at Clammer who made an attempt to break thru the assembled crowd. Only the interference of a faculty member who happened to be present prevented Clammer from taking an icy bath. Wholesale tubbing is next to hazing and the faculty must guard against it.

It was not officially announced when the next tubbing would take place.

MEN'S GLEE CLUB

(Continued from page one)

Hanes will be manager for the club this year.

The meeting Thursday morning was given to a discussion of plans for the coming season, but nothing was decided definitely. Definite plans will be made at the first regular meeting. The club hopes, however, to secure Bernard Vessey as director of the club. Mr. Vessey is a well known singer in Colorado Springs, having been a leader in community singing for several years.

HOME COMING

(Continued from page one)

Harriett Bumstead, Helen Wells and Ed O'Brien. This committee has some job on its hands but we know that they will come through in great shape. The publicity committee is made up of James Park, chairman, Edith Miller and Anne Herzog who will see that news of this great event is spread broadcast.

The fraternities and girls' societies are asked to write to their alumni and thus assist the committee which is in charge of the publicity. This will be an added inducement to the alumni and will mean much to the fraternities themselves.

FROSH CAPS APPEAR

To the uninformed it might appear that a new vogue in the line of headgear had made its appearance on the campus. But the sage and the learned fully appreciate the fact that these small, childish derbies are nothing more than the conventional freshman caps.

The custom of requiring freshmen to wear caps is practically universal and its inception dates back to the beginning of many of our larger American institutions, so if any freshmen experienced embarassment while wearing one of these decortions he has only to remember that he is a member of a nation-wide brotherhood.

The particular headgear designated for the C. C. frosh consists of a black skull cap with a grotesque little visor and a small colored button on top indicative of the course the frosh intends to major in.

Crimson means Liberal Arts.

Purple means Business Administration.

Green means Engineering.

The days of grace ended last night. Any freshmen appearing on the campus this morning without a cap is eligible for a ducking, paddling, blanket toss, or all three. The sophs are busy taking the names of those who have automatically put themselves in a position where involuntary inducement is necessary.

PIKE SPEAKS

Annent the freshman girls' initiation. Red Amos says that their trick get ups didn't hurt their looks a bit. Now girls—you can take that any way you choose.

* * *

As a suggestion to them as needs a heavy coat for winter—

A flat-iron in each pocket will make the lightest coat heavy enough for zero weather.

* * *

Pike rises with a florid complexion to inquire why in the name of holy hat the girls always stop just outside the Chapel door to talk with all of their play mates. Why can't they move far enough away from the exit to allow other students to get out of Perkins? It seems to be as invariable as a chemistry reaction—they must talk as soon as they hit the air. Something must be done to entice the coeds away from the door. A working solution to this problem will be rewarded with a pair of barbed wire sleeve garters.

* * *

How about a new heading, Line?

Women's Athletic Board Holds Monthly Meeting

The Women's Athletic Board held its regular monthly meeting at 12:30 Monday, followed by luncheon in Bemis. It was decided however that hereafter these meetings should come on Tuesday.

Miss Davis announced that she had been unable to procure the necessary hockey equipment because the eastern firms were out of it at present. However it will come within the next few days in all probability.

The treasurer and head of tennis were authorized to buy the usual number of tennis balls which will be in Miss Davis' office.

The head of tennis, Christine Miller, announced that the tournament had progressed as far as the semi finals which were to be played yesterday afternoon. The contest had narrowed to games between Dorothy Smith and Dorothy Nyhus, and Mary Patterson and Harleyn West, the winners to play within the next few days.

Y. W. Sales Show no Profit for First Three Days

Beginning last week, the Y. W. C. A. had its usual sandwich sales, netting however no profit for the first three days. Hereafter credit will be given for sandwiches which cost ten and fifteen cents, but not for chocolate bars which are being sold for five.

The budget las year was $650, and the amount necessary to run the organization this year has not yet been determined, it will probably be about the same according to Lorene Reynolds, who is in charge of this part of the work.

Mrs. Essex who is managing the sale of chocolate bars has announced that on Mondays and Fridays these delicacies will be sold before and after chapel, leaving the other three school days for the sale of sandwiches.

McILVAINE OUT OF FOOTBALL

Bob McIlvaine, sub quarterback on the Tiger football eleven, ended his football career yesterday afternoon when he turned in his moleskins to the Bengal manager. Bob was making a strong bid for the pilot position and his absence from the team will be felt. McIlvaine was forced to abandone his football work for personal reasons. In short, if he stayed in college he could not play football.

TIGERS MEET TEAM FROM GUNNISON SAT.

Normal School Team Reported to Average 170 Pounds

The Tigers have booked a game for Washburn field Saturday afternoon with Gunnison that will serve to provide a line on how the Bengals have been improving since the Wyoming skirmish. No direct dope of how strong the Gunnison team is this year is available but there is a persistent rumor that Coach Krouse has an organization to be feared. Although Krouse has not said much about the strength of his team the way he jumped at the chance to meet the Tigers shows that he has a team he is proud of.

The Gunnison team will average around 170 lbs. and their Coach has a chance to handle the men through the High School as well as the Normal so has a much better chance to develope his men together, than do most College Coaches. With the weight and experience that Gunnison has, a good game is assured and while the Bengals should win a closer harder game is looked for than with the University of Wyoming last Saturday.

The game will put the Bengals on edge for the Farmer battle the week following at Fort Collins which is one of the most important games of the season. It will give Coaches Mead and Lavik another chance to iron out whatever weakness that may crop out among their charges.

PATTERSON OUT OF FOOTBALL FOR THIS SEASON

Ed Patterson, premier speed merchant of the Tiger backfield has been forced to drop football for the season. A cracked collar bone received in basketball last season has failed to knit properly and the first week of scrimmage saw Pat again layed up by a renewal of this old trouble.

This injury kept Pat out of the Wyoming game and when a prescribed rest failed to bring about the desired results, the doctors advised dropping football for the rest of this season.

Pat's loss will be keenly felt because he is one of the fastest backfield men developed here in years. Coming on top of the loss of McIlvaine it leaves a big hole to be filled in the backfield.

CONTEMPORARY CLUB CELEBRATES COMPLETION OF NEW FIREPLACE

The alumnae and the active members of the Contemporary Club gathered at the clubhouse Sunday evening to celebrate the completion of the new fire place. The alumnae were served a dainty luncheon by the members of the club and all enjoyed the evening singing songs and reminiscing. Those present included, Mrs. Kirkwood, Mrs. Grant, and the Misses Eleanor Davis, Helen Kirkwood, Marjorie Crissey, Mable Kieppe, Ida Blackman, Ruth Brown, Priscilla Nicholson, Eileen Carrick, Ella Campbell, Marion Fezer, Ruth Staff, Marion Little, Ruth Little, Christine Miller, Edna Van Horn, Gertrude Klein, Harriet Mason, Ruth Hegener, Mae Gallavan, Dorothy Nyhus, Helen Wells and Edith Miller.

FIRST OF BOULDER'S STRING OF CABINS COMPLETED

Boulder—As the first unit in the A. S. U. C. mountain camp project, a commodious cabin has been built as the central unit of an all-year camp, west of glacier Lake, and the camp Science Lodge will be available through out the school year for week end camping parties, C. Henry Smith, chairman of the committee, announced yesterday.

The cabin is of logs, 55 feet long and 22 feet wide, with kitchen, dining room, a living room with a large fire place and a chaperone's room. The loft is equipped for sleeping quarters.

Will Accomodate Fifty

With tents used as dressing rooms and for sleeping quarters, Science Lodge now can accommodate parties of students or of faculty members to the number of fifty people. Mr. Smith said. Student parties must be properly chaperoned in accordance with the new fussing rules.

The lodge has cooking equipment, straw ticks for beds, and tables, but the camping parties must furnish their own bed robes, food, and utensils. The lodge may be reached by an easy two hours' trip by motor, about 28 miles west of Boulder, two miles west of Glacier Lake.

Hope for Series of Camps

The new lodge is the first link completed in the proposed series of mountain camps between Boulder and Glacier Lake. The student enterprise was taken over last year from a faculty group which for twelve years has maintained interest in mountain recreation. Of the funds appropriated by the student association last year, Mr. Smith said, $30 was expended on the permanent cabin and $200 for ten new tents. The remainder is to be used in purchasing another plot of ground for the erection of a second lodge. In time, it is hoped, there will be a complete series of lodges between Boulder and Science Lodge.

Town Girls to Give Hallowe'en Party Oct. 13

At a meeting of the Town Girls' Board Thursday afternoon, plans for monthly festivities were made. The first affair will be an old fashioned Hallowe'en party to be given in McGregor gym on the the evening of Friday, October 13. This initial event event will be in the hands of Ruth Little. The next function will be the annual Town Girls' dance, which will take place on the evening of November 3rd in McGregor gym.

A full and decidedly interesting schedule has been arranged, and Roxana Jackson, president of the organization, is making plans which promise a most successful year.

INDEPENDENTS WILL HIKE TO BRUIN INN

The Independent Club will hold its first function in the form of a hike to Bruin Inn. About forty couples will meet at Murray's corner right after the game on Saturday afternoon. Arrangements have already been made with Bruin Inn to serve a steak dinner at 6 P. M.

Every Colorado College non-fraternity man is invited to get a girl and some hiking shoes and come along.

PEARSONS DRAMATIC CLUB ANNOUNCES SEVEN NEW MEMBERS AFTER TRYOUTS

Theta Alpha Phi Reorganized

The fact that dramatic organizations are making greater progress and are getting under way better than any other organizations on the campus, has been proved in the last two weeks.. Theta Alpha Phi has been reorganized with its various officers, the Girls' Dramatic Club has held its tryouts for the first play of the year, and Pearson's has again had its annual tryouts.

During the tryouts held some time ago, there were thirteen candidates for membership in this club. Seven of these men were successful—most of them being Freshmen. The successful men include: Jack Nolan, Curtis Hinton, W. Mast, Arthur Sharp, Maurice Sipherd and Ford Carlisle.

This is Nolan's second year in Colorado College, he came here from Notre Dame. Last year he was on the cast of Mrs. Temple's Telegram, the Junior play. Curtis Hinton is another valuable addition to Pearson's, having starred in the "C" club show last spring, as king of a cannibal island, and erstwhile Alabama Ethiopian Earthquake. The rest of the men are freshmen and have yet to prove their ability along this line.

Last year the club was a decided success. After getting a late start, two plays were given during the latter part of October. Another play was given during the College Carnival. In addition to these plays there were several plays given by Theta Alpha Phi, in which some of the leading characters were members of Pearsons. Many members of Pearsons have already graduated to Theta Alpha Phi, and the former is considered to be a training school of the latter.

One of the main reasons for the success of this club last year was the

(Continued on page 4)

Announcements

All old and new Glee Club girls be at rehearsal, Perkins Hall, Wednesday, 4:30.

* * *

All the women of the college are invited to an informal lawn party at the home of Dr. and Mrs. Duniway on Thursday afternoon of this week. The hours are from four to six.

There will be songs and stunts for all. Come prepared to participate.

* * *

The Y. W. C. A. Cabinet will meet with the advisory board this afternoon at 4:30 in Ticknor Study. All officers, chairmen and subchairmen are asked to be present.

* * *

This week is Membership Week of the Y. W. C. A. Every girl who is not a member is urged to join.

* * *

There will be a social meeting of the Fortnightly Sketch Club Thursday, Oct. 12 from 4-6 in the Fine Arts Academy. All students and members of the faculty interested in belonging are cordially invited.

* * *

Women students registered in dancing classes are asked to note a change in schedule. The advanced esthetic dancing class meets on Tuesday at 4:45 p. m., and the social dancing class on Wednesday at the same hour.

E. S. Davis.

DEAN JAQUA WILL CO-OPERATE WITH FRATERNITIES

A special meeting of the Inter-Fraternity Council was called last night by Dean Jaqua to discuss plans for the improvement of fraternity scholarship.

The plans of each fraternity for the maintenance of standing were compared in an effort to standardize the the system for efficient cooperation with the Dean's office.

The bi-weekly reports issued by the faculty will be compiled at the Dean's office for the reference of fraternity scholarship committees.

Dean Jaqua offered his cooperation to the council in the matter of reporting the grades of men who are dangerously near the flunking line. An effort will be made in the coming year to make the reports more in detail and close attention will be paid to individual cases.

Dr Fulton Says Apply Brakes Only at Proper Time

The Reverend Charles A. Fulton, D. D., pastor of the First Baptist church, spoke to the students at the chapel meeting Monday morning. He took for his theme, "The Open Mind", asking the students to not despise the prophets, but to test whatever came to them in the way of knowledge, and to hold on to what was good. He said there were just as many conservatives in Paul's day as there are now, but we need conservatives just as we need brakes on an automobile.

He declared that the motto that seemed nearest to being the truth is, "Profoundest knowledge has the strongest faith."

BAND PRACTICE SET FOR WEDNESDAY, 7:15 P. M. IN PERKINS HALL

The College Band is developing into a well balanced organization under the care of the director, Carl Brumfield. There is a larger and better group of musicians than last year. However, Mr. Brumfield could still use a few more. The band should last longer this year than just the football season, and if all the musicians in the college that play band instruments will attend practice Wednesday 7:15 P. M., it will be possible to work up some splendid programs.

ND JAZZ SERENADES

"You're the i-d-u-l uv my yart; sweet Tad-o-line!"

The above is a sample of what the Quad will be treated to this year for "No jazz Sunday Serenades" is the edict of Dean Jaqua concerning the sporadic evening concerts at the Halls. The Sabbath night must not be disturbed by the syncopated melodies of Whiteman, Lewis, or Isham Jones. The sweetly sad airs of a bygone day are the ones which will find favor in the administrative ear.

At a recent serenade a group of the college choristers were carried away by the exuherence of youth and concluded a concert with a round or so of pistol fire. The Dean requested that all gun powder be saved for the Rodeo. The Intra-Mural council which met last night supported Dean Jaqua in his suggestion.

CORDUROY UNIFORM FOR UTAH UNIV. MEN

Stanford and Berkley Men Also Wear 'Em

Utah University—The new varsity corduroy trousers will soon appear on the campus as their wearing has been endorsed by both senior and junior presidents. The upper classmen will be distinguished by the light colored corduroys, which are expected to create a desire among the lower classmen to some day have the honor themselves about the middle of the month.

The trousers will be practically the same as those worn at Stanford and Berkeley by upper classmen. They are to be form fitting, made of high-grade corduroy and will not stretch. A dollar a rip and ten cents a button is offered by their manufacturers.

GIRLS DRAMATIC CLUB SELECTS CAST FIRST PLAY

The results of the Girls' Dramatic Club tryouts for the first play are as follows: Maxine Ingle, Sybil; Anne Wrye, Laura; Katherine Morton, Rose; Irene Sherk, Lord Thilmore; Rita Fist, Hopkins; Lucy Fast, Spigott; and Frances Hurst, Robert.

The play is a clever farce representing the condition of the servant problem in London, and offers a chance for some real comedy. The title is, "My Lord in Livery," and the date for presentation has been set for October 27, and will be given as usual in Cogswell Theatre. All members of Pearsons and the Girls' Dramatic clubs are invited to attend. The admission will be free.

The play will be managed by Florence Lawson and Gertrude Sherk will act as the coach, which means that it will be run off very smoothly and competently.

Faye Lilley Coach of Play at Com. Theatre

Colorado College will be well represented this week at the Community Theatre. Faye Lilley, '22, is coaching one of the three one-act plays to be given there beginning tonight and Opal Hughes and Carman Freyschlag are taking leading roles in this play. "The Maker of Dreams." For this reason if for no other, C. C. will send many students to see the plays during the week. Their play, however, is not the only attraction. Miriam Shoup and Arthur Shettle appear in a delightful satire, "Say It With Flowers" in which the stage setting alone, two masoleums in a cemetery, is worth the price of admission. Then Tiny Jones and Arthur Johnson make the hair stand on end and create a large crop of goose pimples with "In the Morgue." They almost scare themselves. The setting in this act leaves nothing to the imagination either.

FRDSH ADVERTISES LDST CAP

Notice in Palmer: "Lost in the Hall one frosh cap, green button. Name in it: J. E. McGauhey. Return to Prof. Okey, Cutler Hall." Oh! for faith of a frosh.

IT'S GETTING COOL

What about your Winter Suits and Overcoats? Instead of buying one, why not let us renovate your last winter's Clothes? We do this at a very small cost—make them like new. We thoroughly cleanse them, do any repairing that may be needed, replace any missing buttons, press them into shape, and deliver them again on very short notice.

We also do altering on both Ladies' and Gentlemen's apparel. We reline coats, over-overcoats, put on new collars, and new sets of buttons.

In addition to this, we are still running Colorago Springs first and original Pressing Club. One suit or overcoat pressed each week for $1.50 per month, called for and delivered.

DEAN OF AMERICAN SURGEONS FLAYS ANTI-VIVISECTION BILL

Dr. W. W. Keen, who is now in his eighty-fifth year, is known as the Dean of American Surgeons. During the Civil War he saw the old surgery of desperation, in which the majority of operated patients died. In those days pus and gangrene often set in after the operation, and ligatures would rot loose from the arteries and the victims bleed to death. Often bady infected wounds contained squirming magots.

Dr. Keen has lived to see the change in surgery that has been brought about through antisepsis and animal research. He has for years been an ardent opponent to the Anti-Vivisectionists. In view of the initiated Anti-Vivisection Bill in Colorado he has written an open letter to the press, in which he says:

Research Necessary

"I should like to say just a word in reference to the necessity of Research for protecting the health of the entire community of human beings, and also the entire community of animals.

"Enormous progress has been made in the protection of animals from hog cohlera, chicken cholera, anthrax, and many other diseases, which have cost the country over two hundred millions of dollars every year, and have by so much lessened the food supply of the world. We know now, by the bitter experience of the World War, how seriously the food supply was threatened by animal diseases, which now we are able to cope with. The prevention of suffering to animals as well as the prevention of starvation of human beings, are some of the achievements of modern research.

Protection of Human Beings

"As to the protection of human beings, I need only pomt to our progressive mitigation of the assaults of Tuberculosis, to the almost entire obliteration during the War of Tetanus, to the diminishing necessity for Tracheotomy, when children were choking to death in the grip of Diptheria—now a procedure that has become obsolete by reason of the effect of anti-toxin for Diptheria.

"I might also quote what has been done by research in curbing great epidemics of cholera, of plague, and the rapid conquest we are making of malaria, yellow fever, and the hookworm disease, as evidence of what experimental research has done.

'Any person of ordinary common sense can see that in no other way could this triumph over the enemies of Public Health have been accomplised."

GEOLOGY TRIP TO WALSENBURG

Prof. I. A. Keyte conducted a geology trip last week end down in the mountains west of Walsenburg. The class collected fossils and studied rock structures in the foothills of the Sangre De Cristo Range. Prof. Keyte, Ralph Monell, John Mulford, Louis Cramer, Kirk Stealy, Ross Keyte, Bryan Hixon, and Glenn McLaughlin made the trip.

HINTON AND COX BACK

Hinton and Cox, the two casualties of the Wyoming game, are now able to don the moleskins again and although both are still nursing tender ankles they will be able to take their places in scrimmage this week and in all probability be able to get in the game next Saturday with Gunnison, if they are needed.

COSSITT MEALS BETTER THAN EVER BEFORE

Curtis Wood Gets Fat

What has happened to Cossitt Dining Hall this year? They tell us that a hungry mob of ninety is coming around every day. Thicker and thicker, faster and faster the students come drifting in, 'long about meal time. Somehow they just can't keep 'em away.

What's that odor? Smells like grub cooking. Ah! That explains it — must be Miss Lattimore's meals.

Underclassmen, juniors and seniors may be seen thrice daily to point their nostrils to the breeze and turn their steps toward Cossitt. The usual notices to Freshmen and Sophomores either to partake of college grub or to take up their trunks and ride, have become almost extinct. No longer a mere object of compulsory duty for first and second year men; but launching out on its own merits; taking its place with the rest of the college; good old Cossitt stands forth once more as the Colorado College, mens' dining hall.

Under the supervision of Miss Melva M. Lattimore, the meals are reported to be better this year than they have ever been before. To make a long story short the men feel that they are getting full value of their seven and a quarter per. This inexpressably happy feeling of grub going down, coupled with the opportunity for a real get-together, outside of class rooms, is conceded by some of the wise heads, to be responsible in a sense for the old punch that keeps the spirit of C. C. up to par.

Besides the one great lesson that every young lady must learn; namely that the way to a man's heart is through his stomach, Miss Lattimore has had a course in dietetics at Cornell University. She has a thorough knowledge of how much, and what kind of food products that hard working students need in order to keep their Profs convinced. She could undoubtedly answer in grams and calories that Kidder's Bright line about making Curtis Wood fat.

Prof. Mierow and Dean Jaqua Address Clas. Club

The Colorado College Classical Club held its first regular meeting last Friday evening at the home of Prof. C. C. Mierow . About twenty-five members were present.

Two speakers delivered addresses to the members present on subjects especially interesting to students in Greek. Prof. Mierow gave an Essay on the value of the study of Greek and Dean Jaqua spoke on Greek Education.

At the business meeting which followed, Helen Mintz was appointed chairman of the program committee for the next meeting which comes two weeks from last Friday. Plans were completed for a picnic a week from next Saturday at the top of the Mt. Manitou Incline.

The members want all present and former students of Greek and Latin in Colorado College to become interested in the club and will be very glad to have them join.

Mr. Harold Allen and Miss Dorothy Davies were married September 16. They will make their home in Golden.

FROM GILBERT'S DE MAGNETE

"WORD MONGERS" *and* "CHATTERING BARBERS"

"Word mongers" and "chattering barbers," Gilbert called those of his predecessors who asserted that a wound made by a magnetized needle was painless, that a magnet will attract silver, that the diamond will draw iron, that the magnet thirsts and dies in the absence of iron, that a magnet, pulverized and taken with sweetened water, will cure headaches and prevent fat.

Before Gilbert died in 1603, he had done much to explain magnetism and electricity through experiment. He found that by hammering iron held in a magnetic meridian it can be magnetized. He discovered that the compass needle is controlled by the earth's magnetism and that one magnet can remagnetize another that has lost its power. He noted the common electrical attraction of rubbed bodies, among them diamonds, as well as glass, crystals, and stones, and was the first to study electricity as a distinct force.

"Not in books, but in things themselves, look for knowledge," he shouted. This man helped to revolutionize methods of thinking—helped to make electricity what it has become. His fellow men were little concerned with him and his experiments. "Will Queen Elizabeth marry—and whom?" they were asking.

Elizabeth's flirtations mean little to us. Gilbert's method means much. It is the method that has made modern electricity what it has become, the method which enabled the Research Laboratories of the General Electric Company to discover new electrical principles now applied in transmitting power for hundreds of miles, in lighting homes electrically, in aiding physicians with the X-rays, in freeing civilization from drudgery.

PENN U, TREATS FROSH ROUGH

From Utah Chronicle.

Freshmen are given a rough welcome at the University of Pennsylvania upon their first appearance on the campus, according to Phone Thorum, former student body president here, who writes to the editor of the Chronicle, to bring out the contrast in treatment accorded freshmen here and there Thorum writes as follows:

"Tonight some three thousand frosh assembled in the Triangle for what was by announcement to be an explanation of the campus building. The senior president led them and they snaked-danced about. At the statue of Ben Franklin (formerly of Penn) each frosh was made to kiss the foot of this great character. Then the gang met the sophs and with hearty handshaking and cheering the rival tribes fraternized (such camouflage). Unsuspectingly, the frosh assembled in a dark passage. They were told to enter singly and be instructed in Penn traditions. Here masked men with clippers met each freshman, who was seated without any formality and deprived him of his choicest locks.

'And such a sight! When released each one is told to hold his hands up and run. Then the fun began. Through a gauntlet of flying, stinging razor strops and belts the newcomer runs for a full half mile, and the slower he goes the more blows fall. The line zig-zags and turns at right angles so that the tortured one has to slow up. With such a stimulus, the speed some of them show is not surprising, and believe me, when they come out they are Penn men for sure. The feud in on and now for some more fun.

"Utah should have more class rivalry."

During the summer the Association of American Colleges published a bulletin, containing a study of higher education in Colorado. In the latter part of this article, special attention was given to a general survey of Colorado College.

Robert Swan President of Episcopal Club

The second meeting of the Episcopal Club was held Monday night at the parish house.

The officers of the organization for this year are: Robert Swan, president, Elma Jane Clopper, vice president, and Francis Miller, secretary and treasurer.

The club plans to have an extensive program of lectures and addresses this year as well as several events of a social nature which will be given from time to time.

Don Kissinger Elected Pres. of Forestry Club

The members of the Colorado College department of Forestry met last Friday evening at the home of Prof. Gordon Parker to organize the Forestry Club. The following men were elected to office: President, Don Kissinger; vice president, Paul Nesbit; Secretary, William Westbay.

Other members of the club include: Prof. Gordon Parker, Whitney Rasor, John W. Werner, Donald MacLeod, Elvyn S. Claypoole, Meyer J. Weiner. There will be fortnightly meetings at which current news and problems in forestry will be reported on and discussed. Among the first activities of the club will be a hike to the Fremont Experiment Station.

FISH

Gee but I wish
That I was a fish
The guiless Freshman said
So that I might
Swim day and night
And never go to bed.

Well his wish came true
As is apt to do
And he called himself a fool
For fish as well
Must learn to spell
So spend their youth in school.

* * *

Speaking of fish there are a million varieties known and classified but as yet no definte classification has been given to the Snicker who wears Bullfighter's pants.

* * *

Bill Fisher says says that no one can fool his girl.
But what we want to know is how he got her then?

* * *

One day I chanced to see
A Beaver damming a river.
And later on, a man out of gas
Was doing the same to his fliver.

More Football Candidates Report to Coach Mead

Three new football candidates, Burch, Marshall and Sherman, reported to Coach Mead last week and are now plugging away for places on the Tiger team. These new faces are doubly welcome because the squad has been severely handicapped this year by lack of numbers and early season injuries.

Deferred Pledging Practiced at Utah University

Utah University—Rules for pledging and initiation sororities and fraternities remain practically unchanged for the present year. The rules, as given out by Miss Esther Nelson, faculty representative, follow:

1. Pledging—No student shall be pledged or invited to join a fraternity or sorority until 4 p. m. on the second Friday after the beginning of class work in each quarter of each school year, and until he shall be fully matriculated and shall have completed 45 credit hours in college.

Note—For purposes of rushing, a sophomore shall be assumed to be a student who has been in residence in college for three full quarters or two semesters after matriculation and has been registered for full work.

2. Initiation—No student shall be initiated into a sorority or fraternity until he shall have been a resident student for not less than one full quarter after complete matriculation and shall have received at least 45 credit hours in college, and further shall have received at least 15 hours in the University of Utah. At least 24 hours before such information is desired, all sororities and fraternities shall file in duplicate in the office of the registrar on blanks provided for the purpose a complete list of all candidates for initiation. These lists shall be signed by the sorority or fraternity eligibility representatives and after they have been checked and signed by the registrar the originals will be returned to the said representatives or to whosoever shall present a properly signed order for the list. The duplicates shall immediately be delivered to the chairman of the committee on sororities and fraternities.

3. Penalties—Any fraternity or sorority found breaking the rule concerning the admission and rushing shall be liable to a fine of $50 for each offense. Such offenses when suspected shall be reported to the Inter-Sorority and Inter-Fraternity Council and shall be fully considered by this council. The decision of the council shall be final. The council shall collect such fines and expend it for some purpose of benefit to fraternities and sororities.

INSTRUCTIONS TO TIGER CORRESPONDENTS

(From University of Missouri Desk Book)

Any reporter finding news of unusual importance should telephone the office at once.

WATCH NAMES. Don't be afraid to ask how names are spelled. What you think is Smith may be Smythe.

In taking names over the telephone insist that letters be clearly indicated; s and f, b, v, and d, m and n sound alike over the telephone. To distinguish them, use words beginning with the letters in question, thus: s as in summer, f as in Frank, b as in boy, v as in victor, d as in dog, m as in match, n as in onthing.

Keep your eyes open for feature-story possibilities. Watch, too, for chances to get good pictures.

Courtesy pays. Remember this in answering inquiries over the telephone and in dealing with persons who visit the newspaper office.

Cultivate, if you haven't it already, a feeling of personal responsibility for your story. Never be content with getting a thing almost right; get it, as fas as is humanely possible, exactly right. And always —

WATCH NAMES.

PREPARATION OF COPY

1. Use the typewriter. See that the type faces are kept clean.

2. Nse double or triple space between lines to permit legible interlineation. Never write single - spaced copy.

3. Write your name in the upper left-hand corner of the first page. Number each page except the first.

4. Leave a margin of at least an inch at the left. Leave the top third of the first page blank for headlines or slug lines. On succeeding pages leave at least an inch margin at the top to facilitate pasting together.

5. Write only on one side of the paper.

6. Never write crosswise in the margin. Marginal up-and-down writing makes hard mork for the copy cutter, who divides the story into "takes" for the typesetting machines.

7. Indent deeply for paragraphs — at least an inch.

8. Never divide a word from one page to another. Avoid dividing words from line to line. Do not carry over the last few words of a paragraph to another page.

9. When your story is being edited page by page as you write it, make each page end with a complete paragraph.

10. Use special care in writing names and figures. Never correct them by superimposing the correct character on the incorrect one without erasure. Cross out and rewrite.

11. Do not fasten sheets of copy together.

12. Be particularly careful if obliged to write long-hand copy. Underscore u and overscore n when there is any chance of confusion. Likewise underscore a and overscore o. Print proper names and unusual words. Ring each period or make a small cross to stand for it.

13. A circle drawn around an abbreviation indicates the word is to be spelled out in print. A cirle around a spelled-out word indicates it is to be abbreviated.

14. When there is any chance that a word intentionally mis-spelled or written in an unusual manner will be changed by the printer, write "Follow Copy" in the margin.

15. Do not write two stories on the same page, unless they are items to be run under the same head.

16. To elide a letter, cross it out unmistakably with an oblique line downward from right to left.

17. An oblique line drawn downward from left to right through a letter makes it a small (lower-case) letter. Do not obscure the letter— remember the printer must read it. Three lines under a letter or a word indicates that full capitals are desired. Two lines call for small capitals, one line for italics and a wavy line for bold face type.

17. Use an "end mark" to indicate your story is completed. A cross made of parallel lines or 30 in a circle may be used.

19. When there is time, read your story carefully before handing it to the city editor. Be constantly on guard against inaccuracy or libel. Call the attention of the city editor to any point in your story that appears doubtful or dangerous.

20. Remember that the printer is neither a mind-reader nor a hand-writing expert. The names and facts with which the writer is familiar are to him only so many unrelated words to be put into type as he finds them. Every word, every letter, should therefore be plainly written. Every needed punctuation mark should be in place. The correction of errors in type is expensive and time-consuming. Save money and time for your office by care in writing and editing copy.

21. Again and always—WATCH NAMES. Verify every name of whose correctness you are not certain. —From University of Missouri Desk-book.

Charge of the "Limb" Brigade

Half an inch, half an inch,
Half an inch shorter—
Wheather the skirts are for
Mother or daughter.
Briefer the dresses grow,
Fuller they ripple now,
While whisking glimpses show
More than they oughter.
Forward the dress parade,
Is there a man dismayed?
No—from the sight displayed
None could be sundered.
There's not to make remark,
Clergyman, clubman, clark,
Gasping from noon till dark—
At the Four Hundred.
—The Log (U. S. Navy Academy).

PEARSONS

(Continued from page one)

cooperation, existing between Theta Alpha Phi, the Girls' Dramatic Club, and Pearson's. These three dramatic organizations in college, working together as a unit, produced a number of plays worthy of the support of the student body.

This year, with a better start and with the same kind of cooperation that has heretofore existed, dramatics should come into their own as a college activity. In this work, Pearsons's is due to do a big share.

TIGERS PRACTICE ON GUNNISON TOMORROW

Coaches Mead and Krause Were Old Team Mates at Indiana

The Tigers will play their second game of the season Saturday afternoon on Washburn field when they tangle with the Gunnison Normal eleven in a practice game. Altho the outcome of the fracas will have no bearing on the conference standing, a good game with plenty of competition for Coach Mead's warriors is promised. The Gunnison team is a heavy one, averaging around 175 pounds. Coach Krause, the Gunnison mentor, is an old team mate of Coach Mead at Indiana and is said to turn out a fast, tricky football team.

The Bengals are showing plenty of form each afternoon at pigskin practice and an improved team is slated to take the field Saturday.

The probable lineups:

TIGERS	GUNNISON
Bruce, l e	l e, Killian
Muncaster, l t	l t, Dowd
Zickafoose, l g	l g, Geiser
Wessen, c	c, Brown
Hinton, r g	r g, Adams
DeFries, r t	r t, Hamm
Waiss r e (C)	r e, Hourse
Greiner, q b	q b, D. Wright
Amidon, l h	l h, Katekin
Hunter, r h	r. h. Crawford
Burkhart, f b	f b, J. Wright, (C)

FRENCH CLUB STAGES SCENES FROM MOLIERE

The second meeting of the French Club was held in Ticknor Study last night. After a short business meeting at which Ralph Heller was elected vice president for the year, the meeting adjourned to the program which had been carefully prepared by President Mahan.

The program consisted of three scenes from 'Les Fourberies de Scapin" by Moliere, which were played by Eugene Mahan, Carl Brumfield, Monroe Heath, and Larry Marschat. After this Mr. Cabello sang several songs including the Marsaillais and Madelon, accompanied by Margaret Smith.

After a short social hour the club adjourned for another two weeks.

Santa Fe Safety Superintendent Talks on Safety and Smiles

Mr. Isaiah Hale, safety superintendent of the Santa Fe railroad, gave an interesting talk on the topics, "Safety" and "Smiling", in chapel Tuesday morning.

In his topic "smiling" he mentioned the advantages gained by smiling thru the darker hours of life. He quoted Edgar A. Guest's "Success' and other bits of poetry written by noted writers of today.

In speaking of safety, he spoke of the casualities, in the various walks of life thruout America, due to carlessness and compared these with the American loss of life in the great war. He showed that there are more workmen killed annually in industrial accidents than the total American casualties in the World War. He touched lightly on the causes and methods of averting these fatalities.

Baynes Attacks Anti-Vivisectionists in Chapel Talk

Mr. Harold Baynes, nationally known naturalist and writer of animal life, gave the students the truth about the Anti-vivisection measure, at the regular chapel meeting Thursday morning. Mr. Baynes refuted very vehemently and eloquently the charges made by the anti-vivisectionists that animals are tortured in medical laboratories.

Mr. Baynes was led to make investigations thru his love of animals of the charges made by the anti-vivsectionists, and found by actual experience and investigation in some of the leading medical institutions of the United States, including the Mayo and Rockefeller institutions, that the charges were untrue and greatly exaggerated.

"The dogs and other animals which are used in these vivisection laboratories are put under the influence of

(Continued on page 4)

GIRLS GLEE CLUB PLANS OPERETTA

Girls' Glee Club has formulated extensive plans for this year's work. With about twenty-five freshmen to assist, their plans will undoubtedly be successful.

At a recent meeting of the club, Clara Vorrietor was elected president; Joan Heckenlively, secretary; Margaret Morris, treasurer; Grace Garvey, vice president; Leila Taylor, librarian. Miss Beard is the instructor, acting in place of Mrs. Tucker, who is away at the present time.

The Glee Club will have a function in the form of a cantata on December nineteenth at Cogswell theatre. The most important event will be an Operetta the latter part of the year at Perkins Hall.

PROF. MIEROW TEACHES COLLEGE CLASS AT CONGREGATIONAL S. S.

Prof. C. C. Mierow conducts a class exclusively for College students at the First Congregational Sunday School. Just now they are studying the Old Testament Prophets — Hosea, next Sunday. They meet Sunday morning at 9:45. All College students—men and women—are most cordially invited. The class will organize and elect officers very shortly.

Gordon Parker, Supt.

THELMA BURCHFIELD IN CHARGE Y. W. C. A. EMPLOYMENT BUREAU

The Employment Bureau of the College Y. W. C. A. is in charge of Thelma Burchfield at Bemis Hall. She will welcome calls for work such as tutoring, care of children, housework, typing, reading aloud, serving at receptions and teas, etc. Girls are available for such calls at short notice.

"HELLO DAY" AT K. U.

University of Kansas—October 11 maked the annual appearance of "Hello Day" on the campus of the University of Kansas. Everyone said "hello" to everyone else, friend or perfect stranger, engineer or law, man or woman. The cheery "hellos" were intended to propagate a spirit of friendliness among the students.

TREASURER REQUESTS ALL ORGANIZATIONS SEE HIM ABOUT USE OF HALLS

Perkins Seat Tickets Available

Anyone who wishes to use the Commons room in Cossitt, Perkins Hall, or the Faculty Room in the Administration building, either in the interest of himself or some organization, is requested to see the Treasurer of the College before making any arrangements. Failure to do this in the past has resulted in a great deal of confusion.

Those organizations, wishing to stage plays, concerts, or the like, in Perkins Hall, are reminded that they can get the tickets for such, from the office of the Treasurer of the College. These tickets cover every seat in the house and are made to help eliminate higher cost of printing other tickets down town. They can be secured for the sum of one dollar, and can be used for any occasion, requiring the use of reserved seats.

The treasurer's report at the meeting of the Colorado College board of trustees on Wednesday afternoon, revealed the fact that the finances of the college were in better condition than ever before. A total donation of $26,000 has been made during the past year. $15,720 of this amount has been used for current expenses and $10, 281 for endowment. The total endowment, exclusive of the $100,000 Wolcott bequest amounts to $1,573,305. The question of the disposal of the $100 000 Wolcott bequest was left to the decision of the finance committee.

REV. FULTON SAYS FROSH MAY BE USEFUL SOME DAY

Wednesday morning, Oct. 11, a very interesting talk was given by Rev. Chas. A. Fulton. He was at a disadvantage in that his talk preceeded the "after chapel" fight.

He reviewed the principal features which characterized the play "Abraham Lincoln", given at the Burns Theatre, Monday night. The point made was the individual strength which Lincoln possesed to stand for what he thought was right against all odds, and thus strength was attributed to his closer relation with God.

He closed by relating a few experiences which he himself had gone through in becoming a Junior and Senior in his college days. He also urged the Sophomores to spare the Frosh since they might be useful someday.

DR. AND MRS. DUNIWAY ENTERTAIN HALL GIRLS

Mrs. C. A. Duniway entertained the Hall girls yesterday afternoon. There was an informal reception on the lawn at 4:30 followed by games. The entertainment features of the party were two stunts put on by the girls. Ruth Little, Sadie Kier, and Christine Miller were the actors in a clever sketch. Another group of girls staged a one act pantomine featuring snatches from popular songs. Refreshments were served at the home of Dr. and Mrs. Duniway at 5:30.

Marvin H. Reinking '24 of Colorado Springs has been pledged to Phi Delta Theta.

Episcopal Club to Hear Special Speakers Every Week

Members of the Phillip Washburn Episcopal Club met Sunday evening at the Parish House and were guests of the Parish at a delicious supper. A short business meeting was held afterward, as a result of which a number of noted speakers of the diocese are to come here for a series of interesting lectures. The following table will give the names of the speakers, subjects and dates:

Meetings to be held in Colorado Springs, 7:30 P. M. at St. Stephens Church.

October 22 — Bishop Johnson. "The Mission of the Church and her Responsibility."

October 29—Mr. W. W. Grant, Jr. "The tack of the Church in Missions and Church Extension".

(Continued on page 4)

SOPHS WIN AFTER CHAPEL SCRAP WED.

The Freshmen and Sophomores mixed in an After-Chapel scrap Wednesday morning and the Sophomores won. That has been the verdict so long as anyone can remember and that will continue to be the verdict so long as the Sophomores refuse to meet on a common basis. Had the base of the tree been absolutely clear of second year men the only way the Frosh could have dislodged the "tree leeches" and secured the flag would have been to cut the tree down.

If the scrap had been adjudged by physical supremacy the decision might have been reversed in spite of the fact that the two parties were practically equal in number. Certainly it appeared that the Sophs clinging to the uppermost branches of the tree were taking refuge from the maelstrom below them.

Technically the Frosh did not win, but the fighting spirit exemplified in that scrap should, in future years, prove a menace to every team that assails the men of '26 in the capacity of Tiger athletes.

Y. W. C. A. STARTS MEMBERSHIP DRIVE

The Y. W. C. A. membership campaign is now in full swing. Every Freshman girl is to be canvassed. The basis for membership has been changed since last year. Dues are not payable until November second. Last year the dues were paid at the time the membership card was signed. Girls who were members of the Y. W. C. A. last year need not register again this year. Any girl interested who has not been canvassed is asked to see Miss Evelyn Stannard.

MRS. LEE HEADS Y. W. ADVISORY BOARD

At a meeting of the Advisory Board of the Y. W. C. A. Tuesday afternoon Mrs. Lee was elected chairman; Miss Judd, vice chairman; Mrs. Duniway, Advisor. Miss Judd and Mrs. R. J. Gilmore were appointed to formulate plans for the coming year. A meeting of the Advisory Board is scheduled for the second Tuesday of every month. The Cabinet then met with the Board and presented the budget for the year.

SOPHS BANQUET IN GARAGE BASEMENT

Freshmen Search Hills in Vain Attempt to Break Up Festivities

Tuesday night was the scene of many things. Some Freshmen were seen to be fussing in the different halls. But no one can accuse the Sophomores of attending to such duties. For upon this night, the annual Sophomore banquet was held, in the basement of the Markshieffel Garage. Not a second year man was absent and only one Frosh was kind enough to attend.

Late last Thursday night a bunch of tired Freshmen rolled into the houses and expressed their disappointment in not being able to find and break up the much-looked-for Sophomore banquet. They had hired cars and had driven them over the mountains, by way of the high drive, to Bruin Inn, but still they could not locate the scene of the banquet. They later learned that the banquet had not been held but that most of the Sophomores upon that night had answered to the demands of one Morpheus.

Although the banquet was not held on Thursday night, a group of Sophomores met and decided to have it on Tuesday night. No one but this group of men were allowed to know at what place the banquet was to be held. A

(Continued on page 4)

FIRST FUNCTION NIGHT OF SEASON TOMORROW

Tomorrow night the Greeks will trot out their pledges with their pledge buttons all shined for the occasion and stage their first function of the year. To the strains of the latest in "jazz knockouts", the men will lead them" across the polished floors of the ballroofs; for most of the functions will be dances. There will be one hike.

The Phi Delts are staging a dance at the Broadmoor Golf Club. The Betas are slated to give a house dance, while the Broadmoor Art Academy will find the Sigma Chis in full force. The Phi Gams have selected the San Luis school as the place to pass the time, while the KaKppa Sigs will spend the evening at the Country Golf Club. Bruin Inn will be the scene of a hike to be given by the Independent Club. The Pi Kaps are resting during the first function.

THE TIGER IS THE STUDENT ORGAN.

It is the earnest desire of those in charge of the Tiger that it express the sentiments and convictions of the student body. We realize that opinions differ and for that reason we hold the editorial columns open at all times (space permitting) for the expressions of sentiment by any student or faculty member providing only that articles be signed and that the writers refrain from libel. All unsigned editorials are to be credited to the editor.

"AN ECHO FROM THE QUAD."

"Much indignation is felt among the Hall girls against the use of our college paper as an expression of personal prejudice. Such unsigned editorials as the one which appeared in a recent issue of the Tiger can only result in undesirable publicity for the College. It might be well, in writing such articles, to consult the Hall rules, or someone who knows them, so that such statements might at least be accurate.

"Some men of the College are undoubtedly misinformed about the girls' opinions on the subject of rules. This year the Dean of Women is doing all she can to put the Hall girls on an honor basis of governing themselves; we have all the liberties which are consistent with good taste; and we have real Student Government. 'In the old days.. hall girls were not even allowed to go to dances on the campus with men; they went in a group and came back in twos. 'In the good old days', which our editor loves to recall, for hikes it was necessary to have a chaperone for every three couples, and now six couples need only one chaperone, the chaperone herself may have a 'date'. Also, practically all daytime hikes can be chaperoned by seniors, and seniors do not have to be chaperoned. And no lover of the mountains would be tramping at night, since the beauties of the hills would not be visible.

"Instead of trying to make Colorado College into a second State University, why not go to Boulder? It would be much less trouble.

"The girls of the College are constantly having house parties in the mountains: there is never a week end that some party of from five to twenty does not go to the hills; moreover, they often use the fraternity cabins, which does not seem to be generally known among the men. There are organized hikes every other week for the girls, and there are always at least 25 girls on these hikes. And the men, even when they go to Bruin Inn, usually go in cars. We have never noticed any particular mania on the part of the men of the student body for hiking; even when they do hike they go to some place where they can dance. Our editorial writer fails to realize that some girls, at least, are quite capable of enjoying the mountains without a man about.

"And if our friend Pike will parachute down from his dizzy heights of oratory long enough for us to speak to him, we might say that in this particular penitentiary no person is kept against her will, and from the looks of things this year, life sentences will be getting quite poodular.

ANNE HERZOG,
HELEN WELLS.

"Postscript: The above article was unanimously endorsed at a meeting of the Student Government Association, which includes all Hall Girls."

HALL RULES
(Continued from page one)

Time of Return

1. For all unchaperoned parties before 5:30 P. M.
2. From all social engagements before 10:30 P. M., except,
   a. From dances by 11:15 P. M.
   b. From the theatre and concerts when over.
   c. From the annual formal functions of the fraternities and societies by 12 P. M.
3. From all evening excursions by 10 P. M.

Freshmen. Chaperones are required. On all evening excursions, at the theater in the evening: at the matinee when men are in the party; at all hotels and restaurants when men are in the party; on daytime trips with men.

If unaccompanied by men the girls may go to the approved lunch-rooms in the daytime unchaperoned.

Sophomores. Same as Freshmen rues, except that two couples may go to the theater in the afternoon unchaperoned.

Juniors. Chaperones are required. On all evening excursions; at the theater in the evening. Upperclassmen may go to the approved lunch rooms unchaperoned in the daytime when accompanied by men. Juniors may bo walking, riding, or motoring with men in the daytime without a chaperone, in parties of not less than four or more than eight.

Seniors:

Chaperones are required for Seniors on all evening excursions. Upperclassmen may go to the approved lunch rooms unchaperoned in the daytime even when accompanied by men. Seniors may go walking, riding or motoring with men in the daytime without a chaperone, in parties of not less than four or more than eight.

Sunday

Undergraduates may entertain men at dinner and coffee on Sunday, and may receive callers from 3 to 5:30 P. M.

Undergraduates shall not go on trips of any kind on Sunday. Trips include horseback riding and hiking.

SWEET ATTACKS RANGER LAW IN BOULDER TALK

Boulder, Colo.—Stressing his belief that the educational facilities of the state of Colorado should not be stinted in any way, William E. Sweet, Democrat nominee for governor, this morning addressed the students of the university in general assembly, outlining from his view-point the issues of the campaign.

He charged that the Republican party has "ruthlessly broken" the glittering and general promises of the 1920 election. "Never before," he declared, "has there been such a clear cut distinction between Democratic and Republican principles."

Sweet attacked the ranger law in particular. He quoted a statement made earlier in the campaign in which he declared that he favored the enforcement of every law, with force if necessary, but explained that the two parties differ violently as to how law and order shall be maintained, declaring for the repeal of the ranger law.

He characterized the ranger force as "smacking of Prussianism and un-American," and said that the force used as state police divides authority and usurps local government.

Earnestine Randolph has moved into Bemis. She has been living out in town with Mrs. Watts

SOPHS WIN PUSHBALL AT BOULDER

University of Colorado—Again the Sophomores were the winners of the annual pushball contest, when they triumphed over the yearlings, Saturday.

Although it was clear from the first that the Sophomores were decisively in the lead, due to a year's experience at the game, the Frosh put up a game battle.

The next Sophomore-Freshman battle will be the sack scrap held about October 20, according to Marshall William Montgomery.

The date for the annual tug of war which is held over Varsity Lake, has been definitely set for Homecoming, Day, November 4. Further particulars will be announced later.

GOOD WORK '25

The Sophomore class, of '25
Have the pep to keep alive
But the Freshmen since the first
In every way have got the worst.

Tuesday night, Marksheffel Hall
Held the Sophomores one and all.
There they ate and drank their fills
While the Freshmen searched the hills.

Of food the Sophomores had the best
And each ate all he could digest,
The Freshmen? They were in the park
Following each other in the dark.

Then when the banquet feast was done
The Sophomores came out one by one
Aand marched to the Quad in line parade
Where they gave the girls a serenade.

The morning after, Came the Freshman chance
But their fight was like an all college dance
So the glory rests with TWENTY-FIVE.
Till the Frosh wake up and find they're alive.

* * *

The Sophomore serenade last Tuesday night was brought to a fitting close when a cheer was given by the FOURTH YEAR Sophomores. These faculty classifications are of some good after all.

* * *

We wish to correct an erroneous statement made against Francis Ryan, he did not willfully lie when he told those Frosh that the Sophomore Banquet was Bruin Inn. His brother told him that he thought it would be there.

* * *

Wednesday morning a carload of Sophomores chased Prof. Fuller around thinking that he was a Freshman and might like a ride in the country.

* * *

Prof. Penland was also under suspicion till one Soph recognized him as being a student instructor in Biology.

* * *

But Freshmen if you want to redeem yourselves we should advise you to read up your Frosh Bibles under the Heading of Freshmen instructions and then see that you carry out those instructions.

* * *

This is the best we have heard yet:

"Swede" Wessen—Want to buy a Campus ticket Rufus?

Rufus Carter—What's that?

"Swede"—Why every one has to have a ticket to cut across the Campus or else they get fined. They only cost four bits.

Rufus—Oh. Yes I know now Russell Hunter wanted to sell me one. But he said they cost 75c so I wont cheat you Swede, here's 75c and if I lose this one I will get the next one from you too.

* * *

Never mind Frosh, the squirrels will never get you, you are too Green.

* * *

WANTED

Wanted: Girl for the function hike. Height about 5' 5". Not too fat. Short skirt but must not be too scantily drest. Dark bobbed hair, blue eyes and a straight nose. Nice eyebrows but unplucked. Must be at least sixteen years old. Must be good dancer. Apply to Whitney Rasor.

BEN SWEET MARRIED

Benjamin Sweet, class of '21, was married last Saturday evening to Virginia Lewis. Mr. Sweet is a member of the Sigma Chi fraternity and was active in athletics and debating. He was president of the Student Commission 1920-1921. He is now attending law school at the Denver University. Alice Sweet, sister of the groom was maid of honor at the wedding.

AMHERST OFFERS FELLOWSHIP IN SOCIAL SCIENCES

Amherst College, September 25.

The Committee in Charge announce that applications will be received for appointment to an Amherst Memorial Fellowship for a term beginning September 1, 1923.

I. Purposes. The purpose of these fellowships is thus expressed in the deed of gift: "Realizing the need for better understanding and more complete adjustment between man and existing social, economic and political institutions, it is my desire to establish a Fellowship for a study of the principles underlying these human relationships."

II. Eligibility. "To be eligible for appointment to the Fellowship, a candidate should be:

1. "A college or university graduate, though not of necessity a recent graduate.

2. "A man of sound health.

3. "During his previous training he should have shown those qualities of leadership which are founded upon strength of character.

4. "He should have given evidence of marked mental ability in some branch of the social sciences—economics, politics and history—and have given promise of original contributions to his particular field of study.

5. "He should have demonstrated a spirit of service rather than ambition for personal advancement, and should intend to devote his life to the betterment of social conditions through teaching in its broad sense, journalism, politics, and field work."

III. 1. The initial appointment will be made for a period of not more than two years.

2. At the option of the fellow and the Committee in Charge, the appointment may be extended for one or for two additional years.

IV. Privileges and Obligations. 1. Each fellow is to follow a plan of study formulated by him and approved by the Committee in Charge of the fellowships.

2. He may reside during the period of his fellowship at any place approved by the Committee in Charge, though "it is earnestly desired that at least half of his appointment shall be spent in Europe."

3. It is expected that his work will find expression in a printed contribution to the literature of his subject.

4. The Committee in Charge reserves all property rights in the study or studies completed by the fellow, including the right to determine the form of publication.

5. It is expected that arrangements will be made for publication which will entail no expense upon the fellow.

6. The fellowship carries with it a stipend of TWO THOUSAND DOLLARS a year.

V. Application. 1. The Committee in Charge will consider only those who formally apply for appointment.

2. Applications will be received until December 15, 1922.

3. The application shall be made upon a form prepared for the purpose.

4. With his formal application the candidate shall enclose:

A. A letter from some person who knows at first hand his ability, attainments, and personal worth.

B. An essay or other manuscript which he regards as typical of his work.

C. A statement, in some detail, of the work and study in which he will engage if a fellowship is awarded to him.

5. Note. The candidate should retain a copy of all essays and other valuable manuscripts submitted. The Committee in Charge will make every effort to preserve and return all materials submitted to them. But they can give no guarantee of such return.

VI. Award. 1. The award will be made by the following committee:

President Alexander Meiklejohn, Amherst College,

Mr. George A. Plimpton, New York City,

Mr. Frank L. Babbott, Brooklyn,

President William A. Neilson, Smith College, and

Professor Walton H. Hamilton, Amherst College.

2. The award will be made as soon as a careful consideration of the applications will permit, probably late in Jnuary or early in February, 1923.

3. A statement of the award will be mailed to all candidates.

Requests for forms, inquiries, and applications should be addressed to the Secretary of the Committee,

Mr. Walton H. Hamilton,
Amherst College,
Amherst, Massachusetts.

Martha Tucker says she is getting an M-A this year and she expects to get a M-A-N next year.

* * *

SOPH BANQUET

(Continued from page one)

well devised plan to have the President read a notice of a class meeting in Chapel to be held Thursday morning, was smashed by the President himself, when he refused to announce any notice of any meeting on that morning.

Some of the upper classmen, through the intended whisperings of some of the second year men, got hold of the dope and proceeded to give it to the Frosh. Whereupon many of the yearlings set out in quest of the banquet and the Sophs. One of these was over-anxious for food or something else and ran into a large group of the Sophs. On his calling for help, most of the other Freshmen fled. He was forced to join the hearty banqueters and all paths led to the Markshеffel Garage building.

When all the men had reached the destination they were lowered into the basement on a large elevator and there feasted on apples, pop, and sandwiches of all kinds. A picture was taken of the bunch by Perk Bushnell the official college photographer. The Freshman was treated in a lebiral manner. They gave him some food after he had rolled an apple across the floor with his nose and had performed other stunts.

After the banquet was over, the Sophomores marched in single file through the streets of the city back to the college in general and to the quad in particular. There they again proved their spirit by giving yells and songs to the sleeping occupants of the halls. Mr. Scribner, '25 gave a short talk on the success of the class of 1925 and on the defeat of the class of '26. Not a freshman could be found that desired to contest the statements made by one of their number, and the Sophs, filled with the instinct of battle, retired to their homes, anxiously awaiting the morning when the real fight would take place.

BAYNES ATTACKS

(Continued from page one)

ether and are treated as carefully as humans, when they are operated upon," remarked Mr. Baynes. He gave numerous illustrations of intances where thousands of human lives have been saved by knowledge that has been gained from experimentation with animals such as dogs, monkeys, rabbits and guinea pigs. Thousands of our Doughboys were saved in the World War from death and diseases by knowledge of how to treat their cases from experimentation on animals. Mr. Baynes concluded by asking if the sacrificing of a few guinea pigs isn't better than sacrificing hundreds of human lives.

EPISCOPAL CLUB

(Continued from page one)

November 5—Bishop Ingley. "The Task of the Church in Religious Education".

November 12—Dean Brown. "The Task of the Church in Social Service."

November 19—Mr. James H. Pershing. "Organization and Stewardship."

November 26—Rev. Taft. "The Sources of Power".

All meetings are to be thrown open to the congregation and all who are interested. There will be no charge and all are cordially invited. Before each meeting held at the St. Stephens Church at 7:30 P. M. the members and the speakers will be guests of the Parish at supper.

The present club has started out with zest and enthusiasm. In addition to these meetings some social events are planned and what promises to be a most successful year has now started. If you are interested come and get acquainted.

JAYHAWKER OFFERS SPECIAL INDUCEMENT TO EARLY SUBSCRIBERS

University of Kansas—The staff of the University of Kansas annual, the Jayhawker, is trying to increase sales by offering to stamp each student's name in gold leaf on the cover of his annual free, if he subscribes by a certain date.

"Adam and Eva", last year's senior class play, is being given the latter part of the month by the Y. W. C. A. at K. U.

Who's Who in C. C.

Charles Herschel Sisam

Charles Herschel Sisam was born at Cedar Rapids, Ia., September 8, 1879. He completed his course in the grade schools of that city and entered the High school. Before the completion of his Sophomore year he had developed the marked aptitude for Mathematics that has so influenced his career. After his graduation from High school he entered Michigan University where he received his A. B. degree in 1902. His undergraduate life was well filled with student activities, he was a member of the fraternity of Sigma Nu and was prominent in athletics, especially football.

After finishing his undergraduate work at Michigan he went to Cornell as a Scholar and Fellow of the University. It was at Cornell that he took the degrees A. M. and Ph. D. To complete his preparation for research in advanced mathematics Doctor Sisam spent over a year at the University of Gottingen, Germany; and the University of Turin, Italy.

The United States Naval Academy was Doctor Sisam's first post as a full fledged instructor, he remained at Anapolis for two years. For the next 12 years he taught mathematics at the University of Illinois. Four years ago he came to Colorado College to take up his duties as a professor.

Dr. Sisam has not devoted himself wholly to teaching though he is eminent in that field. Mathematical research has claimed much of his interest since his graduation from the University and he has published some 25 articles embodying discoveries in higher mathematics. The majority of these deal with peculiar properties of algebraic surfaces, and are published in the mathematical journals of the United States and Europe. Dr. Sisam is the author of a text book for Solid Analytical Geometry which is used in Colorado College, he is also the author of one of the College yearly publications entitled, "On Octic Surfaces with Plane Sections of Genus 1." He is a member of the American Mathematics Association, the Mathematics Association of America, and was prominent in the reorganization of the Colorado Mathematics Association in 1919. To have his name starred in the "American Men of Science" as one of the most eminent mathematicians of America is one of the more recent honors that has come to him.

PIKE SPEAKS

(Contributed)

Any lonesome Freshman or Sophomore who is not able to obtain dates for any function will please apply to J. C. Wood, Hagerman Hall. I am taking all applications and will supply dates for small consideration. Written specifications should be sent in—so that the right party may be found.
J. C. Wood.

Runt—I'd rather call on a girl and see life. . . .

WARNING ISSUED TO VOTERS

The Colorado Association for the Protection of Public Health issues a warning to voters concerning charges of cruelty to children or laboratory animals that may be made by the Anti-Vivisectionists just before the November election. Rumor has it that such accusations of cruelty are to be made at the eleventh hour; which will of course, be too late to permit investigation. Any such charges, made at that time, will obviously be in bad faith.

This warning is issued in view of the tactics of the Anti-Vivisectionists in their 1920 campaign in California, when their bill was defeated by more than a quarter of a million votes.

The Colorado Association for the Protection of Public Health stands ready to investigate any cases of alleged cruelty in this state.

SWIMMING

University of Colorado—Swimming contests will be held this year between Mines, Denver University and Colorado University of the Rocky Mountain conference. It is planned to have University students interested in the sport begin training immediately.

Student Members Red Cross Corps

Simon Miller, Charles Munz, and Dwight Young of the University have been appointed as members of the National Red Cross life-saving corps. These men will conduct the movement, and it is hoped that under their direction this sport will take its place beside track, tennis, baseball, boxing and wrestling.

Y. M. C. A. Pool To Be Used

Work will be completed this week on the Y. M. C. A. pool where all practice and home contests will be held.

Great Coats for Fall Days

Every inch a man's coat; one should be in every man's wardrobe. They are coats that don't go out in a season — they are as good next year as this.

Coats that have snug warmth, long wear and fine style. Chummy, sturdy, substantial fellows of which you easily become fond.

Now is the time for you to buy your overcoat for winter.

TIGERS FIND GUNNISON EASY--FINAL SCORE 58-0

Only Two Touchdowns in First Half

The Tigers had an easy time with the Gunnison Normal team after the second half and walked off with the heavy end of a 58 to 0 score last Saturday. The Gunnison eleven put up a stiff defense during the first half of the game and held the Bengals to two touchdowns. During the third quarter the Tigers gradually gained power while Gunnison's endurance was going and Coach Mead's warriors scored three touchdowns. During the final quarter the Tigers strength, experience and training showed to advantage and put the oval past Gunnison's last chalk line five times.

The Black and Gold backfield displayed the best football thus far this season. Delaney, Hunter, Amidon, Burkhart, Greiner and Briggs were all making large gains at will. The line showed a stubborn defense. The Bengal team looked good and will furnish plenty of hard competition for any conference team.

The lineups and summary:

Tigers		Gunnison
MacDougall, le		Killian
Muncaster, lt		Dowd
Zickafoose, lg		Welsh
Wessen, c		Brown
Gray, rg		Adams
DeFries, rt		Hamm
Waiss (C), re		Nourse
Greiner, qb		P. Wright
Delaney, fb		R. Wright
Burkhardt, rh		Crawford
Amidon, lh		Ratekin

Score by periods:

Tigers	6	7	13	32	—58
Gunnison	0	0	0	0	— 0

Scoring: Touchdowns — Delaney, (3), Matthews (2), Bruce, Amidon, Waiss, Burkhardt. Goals from touchdowns: Waiss, 0 in one try; Hunter, four in eight tries.

Substitutions: Pike Bruce for MacDougall, Hunter for Delaney, Delaney for Greiner, Matthews for Amidon, Briggs for Burkhardt, Thomas for Gray, Louthan for Sewell, Sewell for Bruce, Hope for Muncaster, Geiser for Welsh, Burch for Zickafoose, Wigram for Thomas.

Officials: Frick, DePauw, referee; Tway, DePauw, umpire; Holman, Colorado college, head linesman.

Time of Periods: 15 minutes.

SIX FRATERNITIES DANCE INDEPENDENTS HIKE ON FIRST FUNCTION NIGHT

Guest Lists Announced

The first functions of the year were held last Saturday evening by the six Greek Letter fraternities and the Independent Club. The national fraternities danced while the Independents were hiking to Bruin. The Phi Delts danced at the Broadmoor Club; the Sigma Chis, at the Broadmoor Art Academy; the Phi Gams, at the San Luis school; the Kappa Sigs, at the Country Golf Club, and the Betas and the Pi Kaps at their respective chapter houses.

Kappa Sigma

Kappa Sigma fraternity held its dance at the Colorado Springs Golf Club. Dr. and Mrs. James G. McMurtry were the chaperones. Those who were guests were Miss Marian

ATHENIANS DEBATE STRIKE QUESTION

The regular Athenian meeting was held last Friday afternoon at 2:45. The program of the day was a debate on the question, Resolved: that the strike, as a means of settling industrial disputes, should be declared illegal. Lois Rose had the affirmative side of the question and Edna Theobald the negative. The decision of the affirmative suggested that a possible solution of the problem would be some form of arbitration similar to that afforded by the Kansas Court of Industrial Relations.

The program for next week will be a resume by Thelma Burchfield on the

(Continued on page 4)

TIGERS MEET AGGIES IN FT. COLLINS SAT.

Probably Hardest Game of Season

Coach Mead's eleven is working behind closed gates this week at Washburn field in readiness for the crucial game with the State Agriculture College gridders at Ft. Collins, Saturday. With the Tiger squad in good shape and fresh from victory over the Gunnison Normal men the Black and Gold eleven is assured of a fighting chance against the strong Aggie team.

The Aggies' win over Wyoming last week by such an overwhelming score stamps the Farmers as a powerful contender for the conference football gonfalon. The Bengals have improved to a great extent since their initial game of the season and in them the Aggies will meet a speedy team and a fighting one. One thing is certain, win or lose, the Tigers will not be outfought.

With a special train to Ft. Collins virtually assured it is probable that nearly the entire student body will accompany the team. Saturday's fracas is considered the hardest on the Bengal's schedule and a large crowd of Tiger rooters on the sideline should be a great aid to the Black and Gold eleven.

MISS HUTSINPILLAR ENTERTAINS HYPATIA

The active members of Hypatia Society were entertained last week by Miss Hutsinpillar. The program was given by her and consisted of a talk on the modern novel and a most interesting resume of "Glimpses of the Moon," by Edith Wharton. Those enjoying the occasion were Harriett Bumstead, Gertrude Sherk, Clara Vorreitor, Evelyn Stannard, Betty Brown, Martha Tucker, Adelaide Brown, Serena McIntosh, Stena Dearborn and Mary Hicks.

Riding Club Formed For College Women

Miss Davis and Miss Sias are organizing a riding club for the college girls. The rates are very reasonable —$4.00 for eight hours riding a month, to continue for two months Arrangements are being made so that there will be some experienced horsewoman to go out with all girls who are riding. Miss Judd, Miss Davis and Miss Sias are to teach the novices.

DUNIWAY SUGGESTS C. C. SUPPORT ALUMNUS IN GUBERNATORIAL RACE

Outlines Initiated Measures

President Duniway, in an address to the students at chapel Wednesday morning, upon the coming election, declared that he believed that C. C. men should be helpful to the C. C. alumnus, especially Benjamin J. Griffith, Republican candidate for governor. He recalled to students that Mr. Griffith worked his way thru Colorado College "shooting furnaces", waiting tables and other odd jobs, and that he is now a trustee of the College.

President Duniway urged the college men and women to take a more active part in the election than has been customarily assumed, and to vote for the men best suited for office, regardless of politics. He then discussed briefly the 10 proposed amendments to the constitution of the state, and explained each one, giving advice where he could.

TOWN GIRLS PUT FROSH THRU HORRIBLE INITIATION

(By Frances Tucker)

Anyone living within earshot of McGregor Hall last Friday night was without doubt very much aware that something unusual was going on, for great was the noise and excitement which prevailed. And what was it all about, one might ask. And someone else might answer that it was the Hallowe'en party given by the Junior and Senior Town Girls in honor of the underclassmen.

Under the competent guidance of Ruth Little the initiates were lead a merry chase up and down cold stone steps, to meetings with clammy and damp hands, and grab bags full of co'd water. But it all turned out right in the end for of course refreshments were forthcoming, and never had anything tasted so good after the previous harrowing experiences.

Despite the nervous state in which most of the sufferers found themselves after the excitement was over, and the weakness caused by laughter and fear, everyone went away thrilled and impatiently waiting for the next party to be engineered by this peppy organization.

WYOMING-AGGIE GAME

LARAMIE, Wyo., Oct. 14.—Outclassed and outgeneraled, the University of Wyoming cowboys went down to a 60 to 0 defeat before the Colorado Aggies here today in their third conference game of the season.

The Farmers resorted to the areial game, completing passes effectively, altho line smashes repeatedly carried them within striking distance of the Wyoming goal.

The Aggie band attended the game last Saturday at Laramie, most of their expenses being paid by the athletic department and the student body.

DENVER H. S. PROF. MAKES HEUSSLER

Mr. Fitch, an instructor at North Denver High School, has succeeded in producing heussler, an alloy that has been made by only two other Americans.

W.A.A. RECOGNIZES NEW RIDING CLUB

At a short call meeting of the Woman's Athletic Association board after Chapel last Thursday, it was decided to recognize the newly formed Riding Club, and for this year to make the president of the club a member of the regular board. That is however only a temporary arrangement, and next year the women of C. C. will have a chance to vote for their riding head even as now they elect the heads of hiking, swimming, basketball, etc. This is a movement to stimulate an interest in riding which is rapidly becoming one of the leading sports for American college women.

SPECIAL TRAIN TO AGGIE GAME LIKELY

Required Number Expected to Sign

A special train to Ft. Collins for the game next Saturday is practically assured. The special round trip fare of $6.88 can be secured if 125 people sign up by tonight. Sanction for this fare must be obtained from the state public utilities commission. Application must be filed at least three days before the train is to be run. That is why it is necessary to know how many are planning to go by tonight. Two years ago the special train to Aggies carried some huudred and fifty altho the fare was $11.14 at that time..

The train will leave the Sante Fe station at 7:15 Saturday morning and will leave Ft. Collins at 5:30 p. m. The diner will serve all three meals enroute. The team will have a Pullman car and it is expected that the college band will also have a spe-special reservation.

By Monday evening there were eighty-nine students signed to go besides those who showed their intention of going at chapel Tuesday morning. These together with the Tiger football squad and the twenty-one members of the College band bring the total nearly up to the one hundred and twenty-five mark.

There will also be a quota of C. C. backers from town who will go along to back the Tiger team.

Those who make the trip on the special are assured of a good time enroute. College musical arganizations will supply music and several other organizations are also hilled to emertain the crowd on the road.

AGGIES PRACTICE MAKING "A"

The students at Aggies are practicing three times a week forming a huge "A". They are planning to form the "A" between halves at football games.

Inter-Society Dance Friday for New Girls

On Friday evening, October 20, Hypatia, Minerva and Contemporary will entertain the new ladies of the faculty and new girls of the College at a costume dance in Bemis Hall. The dance begins at 7:30, and at 9 o'clock there will be a Grand Promenade, when the judges will pick costumes for prizes. If you are new on the Faculty, a new upper classman, or a freshman, be sure to come, and get acquainted.

DR. JOSHI OF INDIA TO SPEAK HERE FRI.

K. U. K. Society Invites All College

On Friday the students of Colorado College will again have the privilege of hearing Mr. S. L. Joshi of India. Dr. Joshi will deliver an address to the students at Cossitt Commons on Friday afternoon under the auspices of K. U. K., which is affiliated with the Current Events and International Relations Club. The club bears half of the expense of the lecture, while the college supplies the balance.

Dr. Joshi is a professar in the University of Bombay, India, and is recognized as one of the leading men of his country today. During the last few years he has given many lectures and addresses on international relations.

Last March Dr. Joshi delivered an address to K. U. K. and Athenian societies and to the students in chapel on the same day. He was sent through the efforts of Miss Bramhall by the Association of International Conciliation of New York City. While here he spoke at length on Indian Nationalism, and touched upon the history of nationalism.

BOULDER-NEW MEXICO GAME

BOULDER, Oct. 14. Loser's field goal from the 40-yard line gave the University of Colorado eleven a 3 to 0 victory over the University of New Mexico, here this afternoon, in State's initial conference game of the season.

With both teams evenly matched, the game developed into a see-saw clash from the first whistle. In the closing minutes of the final period the Lobos came dangerously near the Silver and Gold goal, after Tohey, halfback, penalized his team by roughing and the ball was placed within scoring distance of State's goal. The whistle, however, prevented them from pushing the ball over the last chalk line.

A puzzling shift was New Mexico's chief offense.

The game was featured by many penalties and frequent changes in the lineup of both teams.

LUCILE LILYARD AND LESTER POWELL HEAD JUNIOR CLASS FOR YEAR

Gertrude Sherk, Sec.; Thatcher Treas.

Lucille Lillyard was elected president, and Lester Powell vice president of the Junior class, at a meeting held last Friday. The other officers are Gertrude Sherk, secretary and George Thatcher treasurer. Another meeting will be held in the near future to elect the manager of the Junior class farce. This year the play is to be given as in times past during the first semester in order that it will not come too close upon the heels of other dramatic productions. The Junior farce has always been the leading dramatic event of the first semester, and this year it is hoped that the same precedence will be given it.

The Junior class also has charge of the Nugget which is the college annual and is purblished every spring in the month of May. The Nugget is now in its twenty fourth year and has

TAKE THE TEAM TO AGGIES.

The Tigers need the help of every student. The special train with the excursion fare makes it easy for a large number of C. C.'s loyal supporters to make the trip and help the team on foreign territory. It is much easier to play to sympathetic stands than to play where every voice is against you. The student body can do much to help the team by showing their loyalty to the extent of **taking** the team to Ft. Collins, not merely **sending** them.

TIGER STAFF ANNOUNCED.

This is the first publication of the list of assistant editors of the Tiger. There will be additions and subtractions from time to time so no one need feel that the Tiger is a closed proposition.

All whose names appear have proved good workers. So long as they remain faithful their names will remain at the top of this column. Failure to contribute to two issues in succession automatically drops them except for valid excuses. At the end of the year, the five most faithful will receive the Tiger Key.

DR. JOSHI TO SPEAK.

The college goes to considerable expense and assumes responsibility for the expenditure of money by others in bringing such speakers as Dr. Joshi here to address the student body. The K. U. K. society is affiliated with national organizations which furnish funds to pay these men. In addition the college usually pays a nominal fee for each lecture, usually about twenty-five dollars. If the students do not take advantage of these opportunities it is their own loss.

Humphrey's Poem in Chapel Last Friday Proved True in Game

Elmer C. Humphrey recited the following prophetic poem in the Chapel pep meeting last Friday. Events since then have borne out much of his prophecy.

Our Game with Gunnison Prophesied

The game began; the twenty-two
Were piling here and there a few
As Hunter took the ball clear through.

Those boys looked sad from Gunison
When Hinton spilled them one by one
And Hope was smiling midst the fun.

Then thru the line went Zickafoose
Around one end ran Piker Bruce,
They thot the devil sure turned loose.

Then down the field went Andy Waiss,
And Burkhart circled like an Ace,
As Sewell set a mighty pace.

While Wessen, Stormy and DeFries
Were grabbing runners by the knees,
To victory they held the keys.

McDougall caught the ball in air
As Louthan stopped, not one, a pair
And Marshall made opponents stare.

And Matthews, Wigram, Powell, and Burch,
They did not act as though in church,
They downed those men with awful lurch.

As Thomas, Briggs, and Cox and Gray
Were blocking now and then a play
They helped the rest to save the day.

Delaney, Greiner, Amidon,
When given them, the ball was gone;
The whistle blew; the game was won.

Throughout the games all showed the fight
With help of rooters left and right—
That's why the bell can ring tonight.
—Elmer C. Humphrey.

Yes, Alice is the only Charter Member of the Sweet Club in the Halls!

MRS. GILE LOANS MATERIAL TO CLASSICAL DEPARTMENT

Mrs. M. C. Gile has recently made a loan to the classical department of Colorado College of several hundred books, relating to classics, stereopticon views of Grecian life, maps, and pictures. Mrs. Gile had previously given a large number of her husband's book to this department.

PRES. DUNIWAY TO ADDRESS SCHOOLMASTERS

On Friday evening Dr. Duniway will be one of the speakers of the Colorado Schoolmaster's Club, at Denver. Other speakers include President Crabbe of the State Teachers College, President Norlin of the State University, and President Lory of the Aggies.

GREEN HAIR RIBBONS FOR MAC GIRLS

The freshmen girls of Macalester College, St. Paul, Minn., are required to wear green hair-ribbons for a certain period in the fall and a certain period in the spring. These hair-ribbons must be one yard in length, four inches in width, of an Irish green hue and purchased by a committee of Freshmen to insure uniformity. Upper class girls must be saluted by touching the knot of aforesaid green ribbon.

BIG FIRE AT AMES

Ames, Iowa—Lightning is believed to have started the fire on the Iowa State college campus here last Saturday, which resulted in the destruction of a $40,000 animal husbandry building and the loss of four valuable horses and an imported boar.

Three students who lived in the building escaped, but their personal belongings were destroyed. Two of the four horses burned to death were imported stallions.

Florence Fabling and Elizabeth Morgan, of the class of '21, were the guests of Lucille Lilyard this week end.

It will pay you to listen to this music

ALL over the country the whistle is blowing for the kick-off, the start of that great game—another college year.

Be on your toes when the whistle blows. A good start will carry you well on toward your goal.

Let the football candidate start by working away till his muscles ache from bucking the line.

Let the aspirant for manager put in careful study of his team's needs, always eager to help—arranging a trip or carrying a pail of water.

Let the publications man be alert for news and tireless in learning the details of editorial work.

Whatever activity you come out for, crowd a lot of energy into these early Fall days.

And if a good start helps win campus honors, it helps win class room honors, too. The sure way to be up in your work is to aim now for regularity at lectures, up-to-date note-books and particular attention to the early chapters of text-books, thus getting a grip on the basics.

This is best in the long run, and—selfishly—it is easiest in the long run. That is, if life after college is made easier by the things a bigger income can buy.

GRADUATION GIFTS

After a thorough canvas of the Freshman class we found out what most of the Frosh received as gifts last spring when they stepped out of High School. Also we found out where these same gifts are now.

She (feminine) received:

From Aunt Emma: "The Lives of Great Composers" (Exchanged the same day at the local bookstore for "The Beautiful and Damned.")

From Uncle George: A gold bar pin. (Pawned the same and bought a cigarette holder.)

From Aunt Julia: A silk umbrella. (Traded this for a pair of bright red earrings).

From Dad: A dozen pairs of silk stockings. O. K.

From Mother: A beaded bag. (Raffled it off the next meeting of the afternoon bridge club and got a permanent wave with the proceeds.)

He (masculine) received:

From Aunt Emma: "The Life of Lincoln".

From Uncle George: A $10 bill.

From Aunt Julia: A pair of golf sox.

From Dad: A gold pencil and pen.

From Mother: Gold cuff buttons.

(Traded the whole shooting match for a radio outfit.)

We didn't do such things in our day in fact we did'nt even graduate, just sort of advanced a notch.

I'd like to write a poem
That the Hall Girls would dislike
To see if I'd be asked to dine
As was our dear friend Pike.

* * *

We may not be in any way like Pike but just the same we do think that it was very nice of Pike to accept the invitation even if he didn't know what he was getting into.

* * *

CHAPEL

I sit in the middle
Of row number M.
And believe me Prof.
I sure picked a gem.

Well the Juniors etc.
Pass out so free
That really and truly
It's pretty to see.

But when the two rows
In front of me rise
The Frosh in back
All have to do the very same thing and we want to state right now that we are doggone tired of it and if the Sophs, don't take this matter up with the Freshmen we are going to quit sitting with them. (Prof. Albright notice).

MINERVA ENTERTAINS SOPH GIRLS AT TEA

Last Friday afternoon the Society of Minerva was hostess to the girls of the Sophomore class at the clubhouse. This is the first of the teas to be given in their honor by the three literary societies. Hypatia and Contemporary will entertain within the next two or three weeks. After a few minutes given to greeting their guests, the girls presented the following program:

Minerva—Frances Tucker.

Violin—Mrs. J. H. G. Smith, Mrs. G. K. Pattee, accompanist.

"If" (Dunsany)—Rowena Hampshire.

Refreshments of blue and white, the society colors, were served, and the guests enjoyed some dancing and a social hour.

Ruth Flegener entertained Harriett Mason, Edith Miller and Ann Herzog at dinner on Monday evening.

* * *

Helen Armstrong spent the week end at her home in Denver.

SIG NU HOUSE BURNS

Kansas Agricultural College—Fire completely destroyed the third floor of the Sigma Nu fraternity house here recently. It was supposed to have been due to defective wiring as the flames were first seen issuing from the garret where an electrician had been working the afternoon of the fire.

Great damage was done to the rest of the house by water. The loss to the house and furniture was fully covered by insurance. Personal belongings constituted the greatest item of loss. Damage by fire was kept comparatively low by the good work of the Manhattan fire-fighters and volunteers.

For the present the boys are staying with friends in town and at the other fraternity houses.

VIDAL OUT — BILBROUGH INELIGIBLE

University of Colorado — Louis Vidal, captain-elect of the 1923 basketball team, and regarded as the best football center in the Rocky Mountain conference yesterday turned in his suit to Frank Walters, football manager, and gave up all hopes of playing on this season's Silver and Gold football team.

Vidal was under medical treatment all summer, with five leakages of the heart. He improved about September 12, and since that time has been practicing with the squad hoping that his condition would improve and he would be able to hold down his old berth on the team.

Bilbrough, the best punter on the university squad and a likely looking candidate for quarterback, has been declared ineligible.

SOPHS NOMINATE OFFICERS OFFICERS FRIDAY

The Sophomore class held their nominations for class officers last Friday morning. Owing to the lack of time the election was deferred until this morning. The following are the nominees: for president, Munsey, De Fries and McDougal; for vice president, Janet McKendrie, Helen Anderson and Katherine Morton; for secretary, Madison; for treasurer, Red Hanson, Al Linger, Bob Swan, Art Matthews and Doc Hunter.

HELEN WELLS AND GIBSON WINANS LOOK AFTER SENIOR TOGGERY

At the Senior class meeting last Friday morning, Miss Helen Wells and Gibson Winans were appointed on the Cap and Gown Committee to provide caps and gowns for the seniors on their future festivities. Two ineligibles in the class officer nominees were referred to the faculty.

"PAINTING THE "N"

Freshmen at the University of Nevada have just completed their annual trip to give the big "N" its semi-annual bath and coat of whitewash. It took four hours of hard work before the upperclassmen declared the job well done and the eats prepared by the girls in order.

Phi Delta Theta

The Broadmoor Golf club was chosen by the Phi Delta Theta fraternity for its function. Mr. and Mrs. Herbert Sinton, and Mr. and Mrs. Earl Davies were the chaperones. Those who were guests were Miss Ethel Reasoner, Miss Billy Sanson, Miss Marjorie Woods, Miss Mary Guttenberger, Miss Harriett Bumstead, Miss Rita Fist, Miss Glenn Blakeman, Miss Martha May Kirkpatrick, Miss Margaret English, Miss Ailene Anderson, Miss Julia Smith, Miss Edna Fitzgerald, Miss Esther Law, Miss Fern Lewis, Miss Harvey, Miss Dorothy Foster, Miss Alice Sweet, Miss Gertrude Kell, Dr. and Mrs. Schaefer, Dr. Harry Woodward and Mr. Joe Irish.

Phi Gamma Delta

Mr. and Mrs. F. E. Evans and Dr. and Mrs. Judson Williams chaperoned the members of Phi Gamma Delta fraternity who, with their guests, danced at the San Luis School. Their pledges are Messrs. John Schoonover, Bert Scribner, Keith Chick, Arthur Sharp, Robert Spurgeon, Jack Shepherd, Tallman, Melvin Weimer and Lester Powell.

Beta Theta Pi gave a house dance and the Sigma Chi danced at the Broadmoor Art Academy.

Pi Kappa Alpha

The following were guests of Pi Kappa Alpha at a house dance: Charlotte Bergner, Marian Malsbury, Mrs. Zickafoose, Bernice Ryer, Marjory Knowles, Dorothy Carmine, Rena Hestwood, Eveline Greene, Elyse Van Diest, Margaret Druehl, Marjorie Barron, Dorothy Smith, Liela Taylor, Edith Blom, Eiline Southard, Sadie Kier, Frances Hurst, Marjorie Harrison, Norma Raley, Hazel Guley, Miss Mahon, Maurice Sipherd, George Shivers.

Independent Club

The following were guests of the Independent Club at Bruin Inn: Gladys Scott, Lois Rose, Alice Mortimer, Mary Arms, Ruth Organ, Mary Day, Adelaide Easley, Annie Billeaud, Laura Reid, Edna Earnest, Mildred Mann, Ruth Knuckey, Irene Beardsley, Betty Arms, Velma Orris, and Ione Benson.

The Independents that attended John Dunway, Ralph Heller, Charles Page, C. R. Daily, K. K. Illingworth, R. Ormes, Francis Brewer, Donald McCormack, Thomas Hall, Arbor Fuller, T. W. Watkins, J. W. Werner, Curtis Wood, Paul Logan, Ray Hope, and Elmer Humphrey.

The chaperones were Prof. and Mrs. Gilmore.

Contemporary Annual German Last Friday

Last Friday night Contemporary Club gave her annual German. This party is one which is unique in that the form of entertainment is not published. The guests of the Club were: Mrs. Mabel Lee, Mrs. J. C. Dern, Mrs. W. C. Binkley, Mrs. C. A. Duniway, Mrs. C. H. Gile, Miss Eleanor Davis, Mrs. Emma Grant, Miss Lillian Carrick, Miss Marion Little, Mrs. Josephine Morrow, Edith Miller and Helen Wells. The hostesses were: Gertrude Klein, Harriett Mason, Ruth Hegener, Edna Van Horn, Dorothy Nyhus, Mae Gallavan, Ruth Little, Christine Miller, Ann Herzog.

PIKE SPEAKS

The coffee hour at Bemis comes at about two in the afternoon: complete with coffee, cream, sugar, conversation, music and one thing and another. And we thank you Mrs. Lee for the information.

* * *

"Conserve our National resources," said Ellwood Amos in a recent interview. "There are millions of cubic feet of good holes going to waste all over the country. The abandoned mine shafts at Cripple Creek, alone will furnish post holes for years to come if properly utilized.

Mr. Amos went on to enumerate the uses to which these old shafts might be put. "Button holes, pigeon holes, doughnut holes, little square half-holes for waffles."

Amos is the President of the Colorado Hole Association; he promises that stock in the company will soon be on the market.

C. C.'s Who's Who

Arthur Ernest Davies, Ph. D.

Arthur Earnest Davies was born March 18, 1869, South Kensington, London. He was educated privately until the age of ten when he entered the Western Grammar School. After two years at this institution he had finished his preparation for Kings College at South Kensington, which he attended till his seventeenth year.

At the conclusion of his course at Kings College he matriculated at Owens College; Victoria University, Manchester. He finished his college course at the University College in London. It was here that he received his first degree, the Honors B. A.

Wishing to finish his education in America Doctor Davies came to Yale in 1888 where he studied for three years and took his B. D. degree.

After a short visit to London he returned to America in the fall of 1892 and undertook the pastorate of the Congregational church at Lake Preston, South Dakota. While at Lake Preston he was ordained a minister of the Congregational Church.

In 1895 he entered the graduate school of Yale in preparation for his Doctors degree, which he received in 1898. Two years later he accepted a position as instructor of philosophy in the Ohio State University where he taught for 19 years. For three years during this period he was also a student at the Ohio State Medical College for three years. During the year 1914 he was granted leave of absence and returned to London to do research work in philosophy and psychology. At the out break of the war he however entered one of the large hospitals in London where he served for the duration of the war.

In the fall of 1919 Dr. Davies came to Colorado College where he is the head of the department of Philosophy and Education.

Doctor Davies is the author of a text of Logic which is used in a number of colleges in America. "The Moral Life", is the title of a volume on the study of ethics of which he is the author. Dr. Davies has been publishing articles in periodicals in America and England since 1899. The Manuscript for a third work, "What is the Gospel" is complete and is now ready for the printer. He has recently begun the compilation of material for a book on the Biological Introduction to Psychology.

Faye Lilley and Carman Freyschlag Star in "The Wolf" This Week

"The Wolf," by Rex Beach is the attraction at the Community Theatre this week with Faye Lilley and Carman Freyschlag at their best.

"Every role fits the cast as if it was written for each one personally," declared E. Benson Sargent, the director.

Faye Lilley is on the boards again in the only feminine role and her many Colorado College admirers will welcome her. Last week she coached one of the plays. Carman Freyschlag is getting better all the time. The remainder of the cast are putting their utmost into the play this week and it is said to be one of the best since the theater opened.

"The Wolf" is full of climaxes—one thrill per second. It is a story of hate and love and adventure and it closes with a fight that leaves the audience in an agony of suspense until the final curtain.

Russell Hunter, Harold Waiss, Bob McIlvaine and Keith Chick were dinner guests at Bemis Sunday.

* * *

Margaret Carter, ex-'24, was a guest in the halls over the week end. She is now teaching school near Denver.

LARGE AUDIENCE HEARS MRS. PATTEE

Mrs. George K. Pattee played before a large and very appreciative audience at the Sunday Musicale in Bemis Hall. "Mystery" by Paul Wachs proved to be a piece full of atmosphere; Brahm's "Hungarian Dance No. 7" sparkled with buoyancy and action, and was beautifully rendered. But perhaps the most lovely piece on the program, and by far the most difficult, was the "Impromptu" from Reinhold. Mrs. Pattee played this with a musical feeling and a deftness of technique which entirely captured her audience. Colorado College will be looking forward to hearing Mrs. Pattee play often this year.

Y. W. RECOGNITION SERVICE TOMORROW NIGHT

On Wednesday of this week, the Y. W. C. A. will hold its annual recognition service in Bemis Hall at 7:00 o'clock. This is for all girls, and is one of the most beautiful of the services of the organization. It is a candle light service. All girls who expect to have a part in the service must of course wear white.

Alice Trumbull went home on Friday, to remain until she recovers from an attack of pleurisy.

Toilet Requisites
For The Collegiate Miss

For her dressing table or the bathroom cabinet, we're equipped to serve the collegiate girl and supply her needs. For beauty? Creams, powders, perfume, toilet waters, soaps! For utility? Brushes, paste, talc, antiseptic, lotions and drugs. Only tried-and-true brands, the best, and you can fill your entire list of needfuls without leaving our Toilet Goods Section.

We are displaying a complete line of Harriett Hubbard Ayers Preparations.

"PRIMROSE HOUSE" TOILET PREPARATIONS are sold exclusive in Colorado Springs by our Toilet Goods Department.

C. C. DETERMINED TO BEAT AGGIES

BIG PEP MEETING AND TORCH LIGHT PARADE DOWN TOWN TONIGHT

Lawrence Wolfe in Charge of Monster Demonstration

The second pep meeting of the year will start at seven-thirty sharp tonight in Cossitt Stadium, and end with a torchlight parade through the downtown streets. This outburst of pep will be the preliminary to starting to Aggies on the special train tomorrow.

There will be a bonfire at the stadium with appropriate demonstrations of pep. Several men connected with and interested in college athletics are slated to speak. About nine o'clock the men will march out of the stadium and each will receive a broom which will serve as his torch in the parade. The line of march will be through the main streets of the business section where the people will become aware that something is under way.

The men of the Freshman class have been out today collecting old brooms. These will be dipped in tar and will provide the illumination for one of the largest torchlight parades ever given. It is expected that from two hundred and fifty to three hundred brooms will be necessary to provide each man with one.

ROTARIANS GIVE $75 WHEN ASKED FOR $25 FOR COLLEGE BAND

Dr. Duniway Addresses Club

On Thursday noon Dr. Duniway spoke to the Rotarians at their weekly luncheon and made the request for twenty-five dollars to send the Colorado College band to Fort Collins with the Tigers. Seventy-five dollars had previously been raised by the students and only twenty-five dollars more was needed. The hat was passed around and when the cash was counted, the President found that he had collected seventy-five dollars, or fifty over the amount which he needed. This fifty dollars will be used for the further good of the band.

BAND GOES WITH TEAM TO AGGIES

The Band will go with the team to Aggies. That was the decision made at the meeting Wednesday night. Besides inspiring the Tiger warriors to action on the field, the Band will provide entertainment for those who are traveling on the special.

The personal of the Band is as follows:

Cornets — Brumfield, McLaughlin, Prior, Fling and Putnam.

Clarinets — Edstrom, Drumeller, Leisy and Wallace Mast.

Trombones—Wm. Mast, Putnam.

Altos—G. Winans, T. Winans and Amos.

Saxaphones—Marshall, Whited and Reinking.

(Continued on page 4)

Student Tickets to be Accepted at Aggie Game

It was announced in chapel yesterday morning by the chairman of the Enthusiastic committee that the student tickets will be good at the game at Ft. Collins tomorrow. The tickets will admit the student presenting them, and will be retained by the gate keepers. Next week the students will be able to secure them by paying twenty-five cents at the Coach's office or at some place to be announced later.

This announcement had the effect of persuading more students to go. By providing your own lunch, the entire cost for the trip will be the ticket on the train plus the twenty-five cents for the return of your student pass next week.

FROSH-REGIS GAME DENVER TOMORROW

Yearlings in Good Condition but Regis is Strong

While the Tigers are playing the Farmers at Ft. Collins, the Frosh will be locking horns with the strong St. Regis team in Denver. In the St. Regis Rangers the first year men are meeting a team that has given some of the leading conference teams a hard run. In the first game of the season the Rangers held the Denver University team to one unearned touchdown. The Denver University team is one of the strongest contenders for the conference flag this year so while the Frosh can hardly be expected to defeat a team of such standing. They can, with a continuance of the form they have shown against the Varsity this week in scrimmage, put up a game that should be close and hard fought. The driving power they showed Wednesday night when they scored against the Varsity for the first time this year, showed that they have the stuff to make them dangerous contenders against any team they meet. They displayed an unexpected ability for making first downs and should make it mighty interesting for St. Regis.

GIRLS DRAMATIC CLUB FIRST PLAY FRIDAY

On Friday afternoon, October 27, the Girls' Dramatic Club will give the first play of the season. All the girls of the Freshmen Class, and all members of Theta Alpha Phi and Pearsons Dramatic Club are to be the guests of the Dramatic Club at this play.

"My Lord in Livery" is being given by the girls of the Sophomore and Junior classes. Gertrude Sherk, the coach, reports that the cast is doing remarkably well. Florence Lawson is the Manager of the play. Thelma Bradley the stage manager, and Florence Wilson the costumer.

All girls who have not paid their dues to join the Dramatic Club may do so when they come to the play. All those who are already members are asked to bring their membership cards. Alumnae, faculty ladies and

(Continued on page 4)

STUDENT CHAPTER OF Y. M. C. A. ESTABLISHED; MEETING LAST NIGHT

Replaces Y. M. C. L.

A student chapter of the International Young Men's Christian Association has been established at Colorado College. Plans for adopting the Y. M. C. A. constitution were made last evening at a meeting of students and faculty. The officers of the Young Men's Christian League which were elected three weeks ago, were re-elected to the corresponding offices in the Y. M. C. A. Mr. Pifer, the state secretary of the Y. M. C. A. was present.

Three weeks ago a meeting of the young Men's Christian League was held, in which Carl Brumfield was made President, John Duniway, vice-president, Wallace Mast, secretary, and James Park treasurer. At this meeting the possibility was discussed, of changing the League to a student Y. M. C. A. and then the executive of-

(Continued on page 4)

SECRET PRACTICE IN PREPARATION FOR AGGIE GAME

Cach Meade's charges have been perfecting several new plays this week behind closed gates for use against the strong Aggie team Saturday. There are no predictions being made yet by the coaches or the team concerning these plays, but the Farmers, bubbling over with confidence after their overwhelming defeat of Wyoming last Saturday, may have a few surprises in store for them.

Coach Hughes for once has not sent out bear stories and admits that his team is in the best possible shape. This is an unusual display of confidence for him upon the outcome of the game, but we can still well remember a similar occasion three years ago, when the same team came down here so confident that the only question on their part was how big a score there was ging to be in their favor. That team went home sadder but wiser and there is always a chance of history repeating itself.

Dr. Davies Upholds Loafing but Denounces Idling

Dr. A. E. Davies spoke to the students at the regular chapel exercises Tuesday morning. He drew a clear distinction between loafing and idling, saying that we can idle only when we are supposed to be working. We can loaf only when we have nothing to do, and a great deal of the uplifting, forward pointing work of the world has been done by the loafers of the world. Dr. Davies said that he believed that a course in the gentle art of loafing should be organized in Colorado College. "The great men must have that quietness of soul under which it is possible for the great unseen facts of this mysterious universe to take hold of the individual and mold him as a fitting instrument for the voice of the Divine," said Professor Davies.

Dr. Joshi Unable to to Speak to Students

Dr. Joshi of India, who was scheduled to speak before the students of Colorado College at Cossit Commons on Friday of this week, will not be able to fill this appointment. He will arrive in Colorado Springs on Saturday morning. Due to the small number of students that are staying over for the week end, Dr. Joshi will not speak to the students during his visit.

Y.W.CIRCUS NOV. 4 TO BE OPEN TO MEN

Senior Minstrels to Follow Circus

By Frances Tucker.

What is it that all the girls are so busy about ,talking, laughing, whispering all the time. I hear a masculine voice ask, a voice with a touch of hurt conceit discernable thru the otherwise blase tone. At the word Circus the contempt grows, and interlags until the newest plan is made public. And that is that the men of the College for the first time in history are to be invited to the wonderful and world-renowned Y. W. C. A. circus.

This treat has been planned for the fourth of November and will be held in Cossitt, which Coach Mead has very kindly donated for the purpose. According to the word of Lucy Fast who is in charge, this year's production will be the greatest ever planned and executed in this vicinity, with all known kinds of animals, side shows and feature stunts, not to speak of the unknown things which will greet the spectators on that afternoon.

Tickets for this spectacle will be put on sale for fifteen cents probably next week, and it is expected that the men will consider it as much of a privilege to take a girl to this entertainment as to the Barbecue or the Junior Farce. However, fussing is not cumpulsory, and the same food will be served to both men and women alike for the same price without partiality.

The circus proper will be held between the hours of two and four or

(Continued on page 4)

M. S. ROSE, OF HARVARD TAKES BROWN'S PLACE

Mr. M. S. Rose, who received the degree of Master of Arts from Harvard University has been selected as the successor to the late J. G. Brown of the English department. Mr. Rose will arrive in Colorado Springs on Tuesday and will take up his duties immediately. He comes to Colorado College with three years of experience as a college instructor and is well recommended for the position.

BRYAN ADDRESSES CARLETON

Carleton College.—William Jennings Bryan addressed the student body at Carleton College last Tuesday in behalf of Mrs. Anna D. Oleson, the Democratic candidate for senator from Minnesota.

TO WIN FROM AGGIES MEANS CHAMPIONSHIP POSSIBLE FOR TIGERS

No Bear Stories Indicates Aggie Confidence of Victory

The Tigers will play their first important game of the season, on a foreign field tomorrow afternoon when they meet the strong Colorado Agricultural College eleven at Ft. Collins. The Bengal aggregation will be given its first test and upon the outcome will rest the chances for a Bengal championship. If Coach Mead's charges are victorious over the Aggies they will immediately be considered conference contenders. If they lose they still have the chance to be strong contenders, something which will be to Coach Telfer L. Mead's credit.

The Tigers are in the best of condition. As there were no injuries in the Gunnison game the Tiger mentor can put his full strength on the sod field at Ft. Collins Saturday. MacDougall who could not play the entire game against Gunnison due to a broken nose received in scrimmage, is in the best of condition, and should be able to go the limit against the Farmers.

Gray at left guard will play his first conference contest. He has been displaying a good game of football in practice, and against Gunnison's eleven he played a brilliant game. Waiss will be at right end. Captain Waiss appears to have found his stride at the corner position and no doubt will

(Continued on page 4)

FRANCIS MacDOUGAL PRES. JANET McHENDRIE, V.-PRES. OF SOPHOMORE CLASS

Delaney Manager Barbecue

The Sophomore class held a short meeting in the pit last Tuesday noon for the election of their officers who were nominated last Friday. Francis MacDougal was elected president with Janet McHendrie as vice president. Alberta Mattison was made secretary. She was the only nominee for this office. Al Linger was elected treasurer.

During the meeting nominations were made for the manager of the Sophomore Barbecue, and Stanley Delaney was elected to this position.

The Sophomore Barbecue is one of the main features of the annual Homecoming celebration. It will come this year on November 10, the night before the game with Boulder. At this festivity many of the Freshmen will receive their first lesson in aviation. The big event of the evening will be the barbecue served under the supervision of the Sophomores.

The Sophomore-Junior play will be given later in the year and as the name implies, it is produced through the cooperation of the two classes. It has been a recognized event on the college calendar for many years and the two classes will work hard to hold the reputation which it has gained.

RECOROS SHOW TIGERS HAVE WON 11 OUT OF 17 GAMES WITH AGGIES

From the Gazette—

Out of 17 games played since 1901, Colorado college has won 11 from Colorado Agricultural college, records show. Since 1919, however, the Tigers have failed to score against the Farmers. The heaviest score rolled up between the two teams was made by the Tigers in 1905, when they defeated the Fort Collins outfit, 33-0.

The scores:

Year	Tigers	Aggies
1901	16	0
1902	20	6
1903	5	8
1904	4	0
1905	33	0
1906	0	4
1907	20	4
1908		No Game
1909	31	0
1910	24	0
1911		No Game
1912	13	0
1913		No Game
1914	24	24
1915	13	24
1916	12	14
1917	7	0
1918		No Game
1919	13	0
1920	0	20
1921	0	24

PHINTIA

University of Colorado—

Phintia, new social fraternity, is now organized and will begin soon. Members of the fraternity are selected solely from those belonging to the Order of De Molay to whom its membership will be limited.

For the present, the fraternity will remain local, although there is now a strong movement on foot toward nationalizing a number of simliar groups in American colleges. These groups are restricted to De Molays, and have been organizing rapidly, especially in the West. Within the last year and a half such organizations have been organized at Kansas university, University of Southern California, Washington University and all now own their homes. Recently a contract was let for a half million dollar dwelling at Columbia University, Missouri for University De Molays there.

AGGIE FROSH BEAT ST. REGIS 19-0

The Aggie freshmen last Saturday defeated the St. Regis Rangers, 19 to 0. The Irishmen were handicapped because three of their regulars were absent from the lineup. All of the regulars are back on the team now except Captain Culliam, who wrenched his shoulder badly in last Saturday's game, and the Irish are prepared to show the C. C. freshmen a real battle when they invade Denver Saturday.

FITZPARTICK RESIGNS

SALT LAKE CITY, Oct. 18.—Thomas M. Fitzpatrick, for five years athletic coach at the University of Utah, today sent in a letter of resignation to President George Thomas of the school. Fitzpatrick announced his intention of retiring from the post at the close of the 1922-23 school year, next spring. Fitzpatrick assigns "business reasons" for his step, adding that he sees "no future for himself as coach at the university under the present salary and tenure of office arrangement."

AGGIES LOST COATS IN WYOMING

Colorado Agricultural College:—A hard winter is predicted for Laramie. Some birds having this in mind sought to relieve the condition and prepare themselves against it and borrowed some of the Aggies' overcoats while they were dancing. Our heart goes out to the unfortunates who lost their bennies, but a man that will go to a dance in a strange town and hang his overcoat near a door is so dumb that he thinks Irene Castle is some English Lord's home.

McLEAN, BOULDER LINEMAN, OUT OF GAME FOR MONTH

Boulder, Colo.—The University of Colorado paid dearly for her scant victory over New Mexico last Saturday. Don McLean, only veteran lineman, dislocated his knee and probably will be absent from the lineup for a month.

UTAH AGGIES 39, MONTANA 6

Bozeman, Mont.—Showing superiority in all parts of the game, the Utah Aggies football team Friday defeated Montana State college here, 39 to 0. The Utah team showed the speed and precision which last year made them conference winners while the state college team seemed unable to keep up a consistent offensive with the ball.

Students of Colorado College are eligible to compete in an essay contest sponsored by the Democratic State Central Committee. Choice of two subjects is given: Why William Sweet should not be elected Governor, and Why William E. Sweet should be elected Governor. First and second prizes of $25 and $15 are offered in either division. The papers should be from 1500 to 2000 words in length. All contestants must mail their papers to the Democratic headquarters at the Albany Hotel, Denver, before October 31.

The Classical Weekly (New York) for October 9th contains an article entitled "Some Random Notes on Horace" by Professor Charles C. Mierow of Colorado College.

Mrs. Mary Mason, of Greeley, is visiting her daughter, Harriett, this week.

Look What's Here.

For years we have been,
And for years shall be;
Watching this paper
Our picture to see.

But one day last week
This idea came,
If the Prof's get praise
Give the students (?) the same.

We'll publish the picture
Of who ought to be
And send it abroad
But no extras free.

So starting today
Take care of your 'rep'
And cut no more classes
Or Rip will get hep.

Don't think this a joke
Or a shot in the dark
We are starting today
With Jimmy C. Park.

WHO OUGHT TO BE BUT AINT.

James C. Park

President of the Senior class; Member of the "C" Club; 3 year track man; member of Alpha Kappa Psi and Kappa Sigma and a Phi Beta Kappa. All these he is, has been, but he ought to be more. His chances of becoming President of the U. S. are shot, for under the point system he cannot hold another office above clerk. We doubt if he gets that but his Phi Bet record may help him get a janitor's job. He is an Alpha Kappa Psi and he should be for his Scotch ancestors left their ear marks on him so strongly that even Murray's find him hard to extract cash from.

He ought to be the college sexton for if he accidently rang the college bell at midnight instead of nine o'clock his track training would be useful in getting a lot of ground between him and the minions of the law. But he aint and his legs wear themselves out with running to and from his classes and meals.

He ought to be a business man but he ain't. He should have made an offer to the Seniors of a ticket to Aggies if they should appear in the regulation cap and gown and then he would have had better results.

He ought to be fast with those legs of his but the co-eds say he aint. So if he only were what he ought to be he'd be a darn fine Junior. but he aint.

Bailey Advises Study of Science of Life

J. W. Bailey, president of the Women's College of Denver, spoke at Chapel Wednesday morning. Taking his text from the Bible, "Ye shall know the truth and the truth shall make you free," Mr. Bailey spoke about the sciences of physics, chemistry and lift. He distinguished between the experiments tried in the physical and chemical laboratories, and those tested in the science of life. He said the latter is only tested thru experiences.

CLEVER STUNT AT MRS. DUNIWAY'S PARTY

Last Thursday afternoon Mrs. Duniway gave a lawn party for the C. C. girls.

Although the day was cold and windy, a large number of girls attended. In order to keep warm as well as amused, running games were played, after which the freshmen girls gave their stunt.

The Town Girls' stunt was short but clever. The scene is laid in a doctor's office. A tall thin woman comes in and wants to be shorter and fatter; a short fat woman comes in and wishes to be taller and thinner. Both ladies get their wish and go out praising the doctor. The fat lady was an opened umbrella draped in a sheet and topped by a stuffed head. The thin lady was a closed umbrella fixed the same way. Girls under each sheet manipulated the ladies and carried on a clever conversation with the doctor.

SCIENCE CLUB PROBABLY WILL NOT BE ACTIVE THIS YEAR

The possibility of having a Science Club this year seems quite unlikely. The organization has not proven a success in the past few years due to lack of interest among the students.

A science club embraces the subjects of chemistry, physics, psychology, geology, biology and social science. It is made up of students who are especially interested in certain branches of science and who wish to make a further study in them, aside from their regular academic work. No college credit is given for work done in this club, the membership is wholly voluntary, and the purpose is to give students the advantage of studying some of the more interesting phases of science which would be impossible to take up in the classroom or in a disorganized body.

CLASSICAL CLUB HIKE SATURDAY

The Classical Club has planned a hike to the top of the Mt. Manitou incline tomorrow for the members who are not going to Ft. Collins. The hikers are to meet at the busy corner at ten-thirty tomorrow morning to catch the street car to Manitou.

They intend to ride to the top of the mountain on the incline, where where they will start on a short hike to the place chosen for the picnic dinner. The food is being supplied by the club. The participants will need only four carfares and $1 for the round trip over the incline.

C. C. MAN COACH AT NORTH DENVER

Thornton B. Thomas, former Colorado College athletic star and assistant coach of South Denver last year has succeeded Al Weber as coach at North this fall.

While in Colorado College, Mr. Thomas specialized in football and baseball. He was captain of the football team for one year and was on the all-conference eleven during his last year.

After graduating from college he coached two years in an Arizona high school. Last year he assisted the South Denver coach, Rev V. Curtis, in coaching the champion football team and unaided, coached the baseball team which won the city championship.

Al Weber, who has been coach at North for five years, resigned to accept a similar position at the new Skinner Junior High School.

Coach Curtis said that he had lost a valuable man when he lost Thomas.

Two hundred and ten candidates responded to Coach Thomas's call for pigskin warriors on September 6.

ARIZONA CHEERS TEAM IN PRACTICE ON WEDNESDAYS

University of Arizona.—Football rallies are to be held every Wednesday afternoon, on the bleachers, from 4:30 to 5:30, during which time the entire student body will gather together for an hour's practice in yelling and singing of school songs, for the purpose of showing the team that the student body is behind them in practice as well as at the season games.

COLLEGIAN WANTS "A" ON HILLSIDE

The Rocky Mountain Collegian, student publication at Aggies, ist rying to convince the students that the college needs a huge "A" erected on the side of one of the nearby mountains.

EIGHT NEW TENNIS COURTS AT GREELEY

Greeley, Colo—Eight new tennis courts were recently completed at Colorado State Teachers' College making a total of twenty-tow. Tennis is exceedingly popular at Greeley this fall.

Out of the four who were recently elected to Phi Beta Kappa at Carleton College three were men.

BOULDER GETS BIG ORGAN

Boulder, Colo.—The first shipment of the organ to be installed in Mackey Auditorium at the University of Colorado was recently made by the Austin Organ Company of Hartford, Conn. Erection of the organ, which contains 5,400 pipes, will be completed by the first of the year.

OHIO STATE TRAINS ROOTERS

A "super" cheering section to be used at football games is being developed at Ohio State this year. The men with the most powerful voices in the college are chosen and regularly trained in the art of yelling. Ohio state plans on having the best yelling organization in the country.

"Yellow Jacket" to be Different

"The Yellow Jacket", comic publication at Georgia School of Technology, will be different from any college comic in the country. Modernistic conception will govern both editorial and art work. The first issue which will appear October 25 will be affectionately dedicated to the freshmen.

IT'S A PARAMOUNT PICTURE

PIKE SPEAKS

C. C.'S WHO'S WHO.

Frank William Douglas, Ph. D.

Frank William Douglas was born at Galesburg, Michigan, October 19, 1878. In 1885 his family moved to Bronson, Michigan. It was at Bronson that Mr. Douglas completed his course in the primary and secondary schools. While in high school he became acquainted with chemists engaged in commercial work; his decision to pursue work in chemistry was due to these friendships.

He attended the state normal school at Ipsilanti the year following his graduation from high school and after receiving a teacher's certificate, taught school for three years. For another three years he was engaged in business.

In 1902 he entered Albion College at Albion, Michigan and received his diploma in three years. After his graduation from Albion he entered the teaching force there as an assistant, and later was an instructor. While on leave of absence from this position he completed the work for his master's degree at the University of Michigan. His Major at Michigan was metalurgical chemistry.

In 1918 Dr. Douglas entered Cornell as a graduate student and after a year of research in inorganic chemistry received his Doctor's degree with a major in that subject and minors in analytic, and sanitary chemistry, and physics.

Dr. Douglas was appointed head of the department of chemistry at Colorado College in 1919.

During his service as professor at Albion and Colorado College Dr. Douglas has had much experience as consulting chemist in commercial and civic matters.

Mr. Amos wishes to announce that the Colorado Cooperative Hole Association has widened its activities from mine shafts, etc., to embrace the handling of left handed baseball bats and striped paint for barber poles.

* * *

Line, old Kid, did your rhyming plea get you a bid from Mrs. Lee?

* * *

Prof. Goodenough with his flaming sword, there's very few things that he aint scored. "I give no quarter, Sir; when I wield my Excaliber. Women, marriage, tax and trade, I'll smack 'em all. I'm not afraid." Thou true apostle of the light I wonder you can sleep at night. I'd think your wrists would give you fits, from hacking ideals into bits. More power to you—You get my vote. But now and then you get my goat.

Mr. Amos—Dear Sir.

Knowing that you are going into the Hole business and are in the markets for all sorts of vacuums I hasten to remind you that from long continued fussing I am decidedly in the hole. Would you care to purchase this large deficit? Reasonable terms can be arranged.

Wholey yours,
Crowder.

BAND TO AGGIES
(Continued from page one)

Baritone—Brown.
Flute—Mason.
Drums—Bushnell.
Director—Brumfield.
Manager—Amos.

The Band will not be present at Ft. Collins in full force as several members will be with the Freshman team when it plays St. Regis at Denver, Saturday.

The Band will continue as an organization thruout the year instead of disbanding after foot-ball season, as has heretofore been the custom. Practice will be held once a week at Perkins Hall.

GIRLS DRAMATIC CLUB PLAY
(Continued from page one)

wives of faculty members are invited to join the Club, on the same basis as the students—$1.00 a year. October 27 will be the last date to join.

Y. W. CIRCUS
(Continued from page one)

four-thirty, when the Senior girls will hold the stage with their annual Minstrel Show. This is in charge of a committee headed by Gertrude Klein and Roxana Jackson, and promises to surpass anything of its kind seen in this part of the world for many moons. At least the Senior men and perhaps all the men of the college will be the guests of the girls that afternoon, (at a consideration of ten or fifteen cents).

Those in charge of the whole affair are working with a will and ask the cooperation of all the students to put this across for the cause of the Y. W. and make it one of the biggest things of the year.

TO WIN FROM AGGIES
(Continued from page one)

be a tower of strength on the line, especially on the defense. Outside of these two changes the line will be the same.

Hunter and Amidon, light but very speedy, will be at halves; Greiner will bark signals for the Bengals and Burkhardt who has regained his old time form will start the game at fullback. This combination is not especially heavy but will make up for this with their speed and football knowledge. All of the men are adept at picking holes and evading the opposition.

The team is determined to gain a victory, altho dope seems to be against them. With the determination to win and such a commendable support from the student body which appears to be assured, due to the special train which has been arranged for, it is safe to predict a hard struggle for the Aggie football team. That the Tigers will fight to the last whistle goes without saying, and until 60 minutes of hard football has been played the game will not have been won by the Farmers.

The probable lineups and the weights are:

ficers had been at work drawing up a constitution which would meet the needs of the college and at the same time fit in with the National and International constitutions.

SNAKES

Okmulgee, Okla. — Farmers and gardeners should study snakes more, says W. H. Barton, head of the science department of the Okmulgee high school, who had a snake exhibit at the fair here.

He had fifty varieties of snakes in fluid, and a few live reptiles. He declared that the popular idea of all snakes being poisonous was erroneous. There are snakes of only three kinds that are dangerous and really poisonous — rattlesnakes, cotton mouth or southern moccasin and copperhead, he explained.

"Snakes form one of the chief protections the average farmer has in his fight against harmful bugs and insects. The non-poisonous variety should be allowed to roam at will over the farms of the country. Not only are the common snakes good bug chasers, but there are no better mousers in the animal world than these same so-called deadly snakes.

REGIS BEATS FROSH 12-6 AIDED BY WIND AND POOR OFFICIALS

Winning Touchdown Made After Penalty Putting Ball Near Line

A treacherous wind and a penalty aided the touted St. Regis eleven of Denver to gain a 12-6 victory over Coach Tway's Bengal Freshmen Saturday in the Capital city. With the score tied in the third quarter the Freshmen punted 10 yards against a strong wind after a punt had sailed over the Bengal's safety man. A penalty imposed upon the frosh which put the pigskin but a few yards from the goal post. Lombardi took the oval past the last chalk line for the winning score.

The Freshmen put across their only touchdown in the second period. Tway's eleven pulled an onside kick, McAllister putting the ball over the goal line, and Weimer falling on it for a touchdown.

The elevens were evenly matched, which means a great deal to the Tiger frosh. The Regis team had given both Denver university and Boulder hard struggles and the showing the frosh made speaks well for their team. The frosh failed to launch much of an offense, but offered a stellar game on the defense. Al Brown, giant tackle, Putnam, Ryan, Willis, McAllister and Schoonover played spectacular football. These men show good material for the varsity next year.

Excessive wrangling, poor officiating and many injuries marred the fracas.

The lineups:

FRESHMEN		ST. REGIS
Hamilton, le		le, Kinney
Brown, lt		lt, Boyle
Hitch, lg		lg, Sweiger

(Continued on page 4)

GRIFFITH ATTACKS WAREHOUSE PLAN IN BOULDER SPEECH

University of Colorado:

Speaking before the nearly 3,000 students at the University of Colorado, Benjamin Griffith, Republican candidate, for governor spoke this morning in chapel, outlining the issues of the campaign from the Republican standpoint as his opponent, W. E. Sweet, had done a week ago from the Democratic view.

Attacks Warehouse Plan

Mr. Griffith attacked the proposed system of building state warehouses as impracticable, defending Republican measures in behalf of the farmer, and upheld the record of the state ranger force.

The present condition of the farmer, the speaker said, is explained by the fact that of all the great classes in the United States the farmers alone are unorganized and in no position to demand their rights. As a result of European poverty and postwar depression and the railroad strike, Mr. Griffith explained, has prevented the farmer from finding a ready market, and, when he found a market, from moving the crops.

The Democratic proposal to turn the Fort Morgan armory into a state warehouse Mr. Griffith attacked on the ground that the $60,000 building would not hold the potato yield from an 80-acre farm.

Amendments to Provide for Student Commission Incorporation Proposed

The following proposed amendments to the Student Commission will be submitted to the vote of the student body soon.

Amendments to the Constitution of the Student Commission as proposed to permit incorporation of this organization.

Amendment 10.

To amend Article 11, Section 1, to read:

To provide a representative body of students which, by virtue of the position and influence of its members in student affairs, shall be able to supervise and control all non-academic activities of the student body as a whole, except those activities the control of which is delegated to the Athletic Board, the Tiger Board of Control and the Nugget Board of Control.

(Continued on page 4)

"MY LORD IN LIVERY" TO BE PRESENTED BY GIRLS FRIDAY

Dramatics will be ushered into Colorado College on Friday night of this week, when the Girls' Dramatic Club will stage the one act play, "My Lord in Livery." The play will be given at 7:30 P. M. in Cogswell Theatre.

All members of Theta Alpha Phi and Pearsons Dramatic Club are invited to attend. The nominal charge of twenty-five cents will be asked from every one else. Any girl who has not joined the Girls' Dramatic Club may do so on Friday night with the provision that she bring a dollar for her membership fee.

The play is being given by the girls of the Sophomore and Junior classes. Gertrude Sherk is the coach and under her direction the production is progressing in fine shape. Florence Lawson and Thelma Bradley are acting and Manager and Stage Manager respectively, while Florence Wilson is the Costumer.

The next play that will be given by the Club will be in the hands of the Freshmen. Nothing definitely has been decided upon however in regard to future plans.

The complete cast for "My Lord in Livery" follows:

CAST

Sybil—Maxine Ingle.
Rose—Catherine Morton.
Laura—Anne Wrye.
Lord Thirlmore, and English Lord—Marion Bonney.
Spigget, the Butler—Irene Sherk.
Hopkins, a Butler—Clara Vorreitor.
Robert, a Page—Frances Hurst.

CLASSICAL CLUB HIKE TO MT. MANITOU SATURDAY

The Classical club staged a hike to Mt. Manitou last Saturday for those who did not make the trip to Aggies. They rode up the incline to the summit house and from there hiked over Eagle's Crest and to the top of the Mountain. A lunch was served at noon which had been supplied by the club.

Those present were: Dr. and Mrs. Mierow, Mr. Herbert Mierow, Sarah Mintz, Dorothy Smith, Loise Rose, Joan Heckenlively, Dorothy Carnine, Kenneth Gordon, Anna Jane Hitchcock, Catherine Wilson, Nina Whistled, Kate Caret.

BIG OVATION GIVEN TIGERS YESTERDAY IN CHAPEL MEETING

Coach Meade Gives Credit to Team for Fighting Spirit

The Tigers were given the biggest ovation of the season when the students gathered in chapel yesterday morning to celebrate the scoreless tie with Aggies, which is considered as good as a victory. College songs roof raising yells, selections from the band and speeches were the features of the celebration. Don McMillan was in charge, and speeches were heard from Coach Meade and Captain Waiss.

Coach Meade said all the glory of holdingthe Aggies to ascoreless tie should go to the players. He explained to the students why he did not use all the men waiting on the sidelmes in the game, saying that in case of a close game the coaches feared to send in a new man because, the men who were playing had a better knowledge of the opponent's manner of enslaught than a fresh player could possibly have. He saig he believed the men on the side lines a hard game too, longing to get and fight the Aggies.

MINES BEAT UTAH AGGIES BY SCORE 19-0 AT LOGAN

Logan Utah, Oct. 21.—The Colorado State School of Mines defeated the Utah Agricultural college here this afternoon by a score of 19 to 0.

The Colorado Miners' fighting spirit was too strong for the Utah farmers—that is the story of the game.

Ed McGlone of the Orediggers was the star of the contest, being responsible for all of the Miners' points. He made one of three touchdowns by running back a kickoff 95 yards.

From all advance dope the farmers should have won. The miners proved the fallacy of advance dope—that's all.

DR. DREA, X-RAY EXPERT TO GIVE COURSE HERE

Use of $15,000 Equipment Offered to College

The Department of Physics at Colorado College has been fortunate in securing the services of Dr. William Drea for the new course in X-rays which is being instituted at the College. Dr. Drea is a graduate of Harvard University, completing his course in that institution in 1909. At present he is instructor in the Colorado School of Tuberculosis, also being attedning specialist in Roentgenology at the United States Veterans' Bureau and at the Glockner Sanatorium and Hospital.

The work which Dr. Drea will offer is in both biological and physical. The first branch will include work with the Bedside Portable X-ray outfits, giving practical and also theoretical work, and also work with the 130,000 volt Rectifying X-ray outfits. The second or physical branch of the work will take up the following:

Student Friendship Fund Provided 10,000,000 Meals Last Year

During the university year 1921-22 the Student Friendship Fund received in contributions $345,000 from 767 schools and colleges in the United States, as well as from a limited number of outside individuals and special grants.

This amount, joined with similar gifts from the students of 40 other nations, has made it possible to give substantial help to about 90,000 needy students and professors in 135 institutions of Central Europe, Russia and the Near East. The types of this student relief include—

1. Food: About 10,000,000 full or partial meals were provided this past year.

2. Clothing: 130,000 articles of clothing have been distributed.

Housing: Relatively small sums of money, plus government co-operation,

COMMITTEES ANNOUNCED FOR HOME-COMING DAY

November 10 and 11 have been set aside for the biggest and peppiest Homecoming that Colorado College has ever seen. Everyone — faculty, students, friends and acquaintances, should begin now to store up energy for showing the alumni and ex-students a good time. The Student Commission is in charge of the program, and has appointed the following heads of Committees: Welcoming Committee, J. Ellwood Amos; Registration, Alice Sweet; Entertainment, Robert McIlvaine; and Publicity, James Park. The Publicity Committee is starting things off by sending out a letter and program of events to all alumni and ex-students; the fraternities and societies have been asked to send a follow-up letter to their respective alumni and we should have the biggest crowd of C. C. people here that has ever assembled.

The program starts with a parade at noon on Friday, November 10. It is to be a regular parade, with floats representing the different organizations. On Friday afternoon there will be fraternity and society entertainments, and on Friday night the Sophomore Class will give its big annual Barbecue, with all its usual features. Saturday morning the societies will have their alumnae breakfasts, and at noon there will be an Alumnae Luncheon at Cossitt Hall. Saturday afternoon we will show Boulder just how much pep and spirit a school can have by all getting down on Washburn and watching the Tigers trim the boys of the Silver and Gold. Saturday night there will be a banquet for the women in Bemis Hall Hall and one for the men in Cossitt Hall, followed by an All-College dance.

Senior Girls to Roast Men of Class at Minstrel

As a climax to the Y. W. C. A. circus, the Senior girls will stage a minstrel on Saturday afternoon at 4:15. All senior men are invited to come and are also being urged to do so. It is rumored that throughout the entire performance, "bricks will be hurled" at these senior men. Therefor it is of absolute necessity to these men that they be there to protect themselves.

TIGER FIGHT HOLDS AGGIES SCORELESS IN GRUELLING GAME

Aggies Gain 365 Yards to Tigers 85 But Line Holds in Danger Zone

Displaying that well known Tiger fight at crucial moments, the Black and Gold Bengal eleven held the powerful Aggie team, possible conference champions, to a scoreless tie in one of the most sensational games ever played in the Rocky Mountain conference. The game was clean, hard fought and a virtual victory for Coach Meade's fighting warriors.

Many times the Colorado Agricultural eleven threatened to score but the Bengal team with a consistent defense when the goal was in danger managed to ward off, by sheer grit, possible defeat. In the last quarter the Farmers attempted two drop kicks but for some mysterious reason failed to negotiate the bar. MacDougal's kicking back of the last chalk mark, and a wonderful exhibition of genuine football by eleven Tigers were the factors responsible for the glorious Bengal showing.

A brief summary of the battle indicates the trend of the tussle. The Farmers gained 365 yards thru the line of scrimmage to 85 yards for Coach Meade's tribe. The Aggies punted five times for 250 yards or an average of 50 yards. The Tigers booted the oval 13 times for 535 yards or an average of more than 41 yards. The Aggies attempted seven passes, making 18 yards on one of them. The Aggies first downs totaled 16 and the Tigers four.

It is evident that the Bengals were outplayed while the Tigers received the glorious part of the game; they outfought the heavy, experienced and renowned Aggie eleven.

Individual stars were missing. The Bengal team played as a unit, and had they not the score would have been different. It was the greatest victory the Tigers have gained in many years. To the team, a set of game fighters that will be a thorn to

(Continued on page 4)

UTAH BREAKS TIE WITH BOULDER BY DROP KICK IN RAIN

Boulder, Oct. 21—A drop kick by Captain Smith gave Utah university a 3 to 0 victory over the University of Colorado here this afternoon. The kick was Smith's third attempt, and was made from the 15-yard line in the opening minutes of the second quarter with both sides resorting to kicking.

Colorado made five attempts to score by kicking and Utah four. Both teams also attempted many forward passes but few were completed.

The last half of the game was played in a drizzling rain, but a crowd of 3,500 persons remained in the stands and watched the contest despite the inclement weather.

In the final quarter Colorado twice repulsed the Mormons when they were within the 15-yard line. The Silver and Gold eleven showed strength which surprised even the supporters. The team had been considerably rejuvenated since its game with New Mexico last Saturday.

WE CLEAN AND REMDDEL WOMEN'S GARMENTS

There may be those of our customers who have the idea that our work is for men only.

On the contrary, we have tailors and clenners and dyers who make a specialty of work on women's garments.

If you, or any member of your family have tailored suits from last year, or other garments which might be of further wear this year, why don't you bring them in to us, let us give them a thorough cleaning and pressing, and perhaps do a little remodeling under your direction?

SD THE PEDPLE MAY KNDW.

If ever a mountain showed human intelligence, our husky mascot certainly did when it donned its full dress suit of white after last Saturday's game. And if one observed close enough, they might have discerned a broad grin on the face of the Peak when certain would-be dope artists said we'd lose to Aggies. You know, Pikes Peak is a good deal like C. C. in several respects. There are many mountains higher, but none stands so high among its neighbors. So is C. C. outranked by many colleges in size, but strange to say, it stands out from the rest in spirit so far that there is not even close competition.

Until some of our would-be Walter Camps learn that C. C. has the spirit of a fighting, slashing, man-eating Royal Bengal Tiger, they will never succeed in doping out the results of any game in which they play.

J. E. A.

GUMP CLUB ORGANIZED BY KYFFIN AND HARDY

Gump headquarters have been organized at Hagerman Hall, with Mr. Frank Kyffin as president. Students and faculty are flocking to the colors by the dozen and a land slide for Gump is predicted.

The first meeting of the club took place Monday evening. The meeting opened with a ringing speech from Mr. Max Hardy, chief stump speaker for the Gump platform and Andy's right hand man. Mr. Hardy told of the Telegraph's heroic attempt to provide everybody and all of his brothers with Andy Gump buttons. He went on to relate how this attempt was partially frustrated by woman's suffrage, when it came to a case of supplying the sisters also. Mr. Kyffin, another ardent supporter of the Gump platform arose and made such a strong appeal to those present that he was unanimously elected president of the club.

Both Hardy and Kyffin College Graduates

Both Mr. Hardy and Mr. Kyffin are graduates of high esteem from Colorado College. There records here would compare remarkably with an politican who ever got his start at C. C. Both have worked their entire way through college, doing almost everything to make grades and a living. Mr. Hardy was such a pusher that he pushed the dates up a week on back numbers of the Evening Telegraph, and sold them to Touirsts for two cents a copy. Mr. Kyffin did everything — and practically everybody. He worked his profs for four years, and then worked the college for a job. These men at the head of the club assure a stampede for the Gump standards.

Under the leadership of Hardy and Kyffin a drive will at once be launched on the campus. Additional stump speakers will be obtained for chapel exercises if possible. The girls will be allowed to wear Gump pins if they can procure them from Miss Bramhall, but President Kyffin has warned that they must wear them right side up to prevent Mr. Gump's collar from falling off.

VESSEY SINGS IN CHAPEL FRIDAY

Bernard Vessey, leader of the Community Sings and well known tenor, sung two popular songs for the students, at chapel Friday morning. The students joined him in singing such songs as "Way Down Upon the Swanee River," "Smiles" and a quaint folk song. Mr. Vessey sang a modern parody of Way Down Upon the Swanee River, much to the amusement of the crowd.

Pep Meetings and Torch Light Parade Boost C. C. Spirit

A good beginning for the pep displayed on the field at Ft. Collins Saturday afternoon by the C. C. supporters was made at the pep meeting and parade Friday night. The pep meeting at the stadium was made short in order that there would bee time for the parade.

The first stunt was put on by the girls, who staged a snake dance around the stadium. After this speeches were made by Coaches Meade, Lavik, and Bill Tway. Andy Waiss spoke as the captain of the team, and other members from both the regular and the Freshmen team also made a few speeches.

The torch-light parade started as soon as the meeting was over. The marchers equipped with broom torches, traversed the main business streets downtown. They then piled their lighted brooms in the middle of Busy Corner and conducted a cheering bee around the bonfire. After this the column went through several theatres and the Antlers Hotel.

Chapel period yesterday morning was given over to a celebration of the tie game. The band played several pieces and accompanied the student body in singing C. C. songs. Each member of the "Fighting Tigers" was given an individual yell, and the Frosh team was not forgotten.

Coach Meade in a short speech at this time said that the men who played in the game earned their credit but the men who did not get to play deserve a great share of the glory because they fought almost as hard battle on the sideline.

NEBRASKA WANTS $400,000 STADIUM

Lincoln, Neb.—The drive for a new $400,000 stadium at the University of Nebraska will start on that campus Oct. 16. The quota assigned to students is $90,000. Faculty members are expected to raise $21,500. The remainder of the money will be raised among the alumni. The Stadium when completed will seat 40,000.

College Gossip

Don't forget "Tender Steaks and Apple Pie" at Bruin Inn.

Mrs. Whitney of Pueblo visited her daughter, Genevieve, at Bemis Hall this week end.

Mrs. D. K. Leo was the guest of Mrs. Mabel Lee the last of the week.

Thursday night the Dais celebrated Mabel Sadler's birthday with a spread.

Among the Hall girls who went to Fort Collins on the special Saturday were: Jane Norton, Marion Bonney, Clara Vorreitor, Dorothy Nyhus, Anne Wrye, Gertrude Klein, Harriet Mason, Marjorie De La Vergne, Harleyn West, Elizabeth Brown, and Anne Herzog. Quite a number of girls motored to Denver on Friday, and went on to the game on Saturday. Evelyn Stannard, Alice Sweet, Dorothy Jean Barker, Lucille Lilyard and Eunice Scribner spent the week end in Denver.

Muriel McGregor spent the week end at her home in Estes Park.

Evelyn Garnier and Elsie Berg spent the week end at their respective homes in Pueblo.

Miss Bramhall and Mrs. Beggs of Denver were hostesses at a house party at Mrs. Beggs' cabin in Cascade this week end. The guests were Dr. Joshi, Dr. and Mrs. Willard of Boulder and Miss Hutsinpillar. Dr. Willard is head of the History Department at the University of Colorado.

Friday night Miss Bramhall entertained at dinner in Bemis Dining Hall. The guests were: Mrs. Beggs of Denver, Dr. and Mrs. Willard of Boulder, Professor and Mrs. Binkley, Miss Hutsinpillar, Mr. Myers, and Professor Fuller.

Miss Lattimore spent the week end at Ruth Williamson's home.

Patterson, Ryan, McIlvaine and Atkinson in Grudge Match

By Harry Frawley

The Fiji Foursome, Pat Patterson, Francis Ryan, Donald McMillan and Jo Atkinson, met on the City Golf links Thursday afternoon, and in one of the best exhibitions of golf ever displayed by Colorado college students, settled an old dispute concerning their relative ability. Patterson with a snappy 89 for the nine holes was low man. McMillan was off his game and was only able to turn in a card of 35 for the half course. At the end of the strenuous battle Patterson and Ryan were proclaimed champions as they were two up on their opponents.

Patterson was the first to drive. Taking his putter he stepped up to the tee box and laid a spiral down the course for 200 yards. McMillan had little difficulty in reaching the green in one. At a distance of three feet from the hole the ball took a suddent back spin and rolled in the cup, making it a one for Don on the first hole. Ryan and Atkinson used their mashies on the drive. This was a grave error as they drove over the hole and holed in at a three, two under par. The match continued until the seventh hole without anything unusual happening. Patterson again stepped up to the tee box and with his niblick had little difficulty in putting the ball in the creek, a distance of 10 feet away. McMillan got off with an excellent drive. It was a spiral and difficult for the opposition to catch. Ryan caught the ball but fumbled. Atkinson recovered the pill and fan for the hole as the chucker ended, winning the hole for the Atkinson-McMillan team. On the ninth hole Patterson was caught by the caddie hitting below the belt and Atkinson's team was allowed to drive from the ladies tee box. With this advantage they were easy winners. McMillan was on the green in two. Atkinson kicked a drop-kick from the edge of the green as the third quarter ended. It must be stated that the punting of Patterson, Ryan's passing, McMillan's work at the bat and Atkinson's long run in billards were the features of the game. The players were not up to form as the large gallery which assembled at the start of the contest bothered them to a great extent. McMillan will not be able to participate in the next game as he was injured during the third inning when he was hit by the pitcher.

SOPHS CLIP FROSH AT BELOIT

The disciples of freshment at Beloit college is now in charge of juniors and seniors, instead of sophomores, who lose this privilege because they clipped the hair of forty freshmen recently.

Fussing to football games is not to be allowed at the university of Colorado in the future.

'Fore You Play with 'Em Any More

Of all the games I love to play,
There's none like good old poker.
I sit up nights that I may say,
"At last I've got the joker."

My sitting up's of no avail,
It never serves to cheer me;
It takes away the bit of kale,
That once in piles lay near me.

—Wisconsin Cardinal.

PATTERSON MAKES NINE HOLES IN 40 CITY GOLF COURSE

By Brassie

William Edward Patterson, Aubrey Devine's only serious rival as a world renowned athlete, chalked up another feat to his already long list of accomplishments yesterday afternoon at the City Golf links when he made nine holes in 40. This is considered a wonderful score as Pat has been playing golf only a month and was not expected to become a rival of Chick Evans for at least two more years. Par on the course for nine holes is 36 and had Patterson had more luck with his putts it is certain that the Tiger star would have played the course under par, a thing seldom done.

The Tiger reporter attempting to interview the future Chick Evans of America was thrown out of the Phi Gam fraternity house on the first attempt. However, persistence won and Patterson consented to talk. He was very loquacious and gave the reporter some valuable tips for the dub golfers who chase the pill each day without any marked progress. Patterson's advice follows:

Patterson's Advice

"I find that one can have more success if a round ball is used on all occasions. It is also important that the golfer play with a white ball. Up until yesterday I had no success at putting. I used my driver on all putts yesterday and find that more accurate shooting can be made with a driver. Tee the ball up from six to eight inches. By doing this the player can get under the ball and have no trouble in getting plenty of distance. The only drawback to this method is that often the ball on its descent has so much speed that it is buried in the ground. Wear heavy boots and a straight jacket in order to get a full swing at the pill.

"On your first shot use a putter; second, niblick and third driver. Of course it takes me but three strokes to make a hole and therefore the player will have to use his own judgment in case it is necessary to use more. However, if you are within ten feet or twenty feet of the hole it is best to use a driver. At any longer distance, a putter, mashie, niblick or base ball bat are suitable clubs.

"One rule that should always be followed is this: Never pick up a ball until it stops rolling. However, any ball that is not in motion can be pocketed. Above all let this be impressed, never steal home with the ball in a bunker."

Patterson will write a series of articles entitled, 'Fairway, Tee and Green.' They will be published in all the leading papers of Alaska, South Africa and will be especially featured in the Saharra Desert Bugle.

Another find at Colorado college!

CALIFORNIA STUDENTS PROTEST NON-RESIDENT FEES

Berkley.—Because the residence of a student is considered to be that of his father numerous protests have been made to the regents regarding the non-resident fee system. In a recent case, a student who had been living for ten years in California with his mother was required to pay $75 on account of the fact that his father lives in New York.

A number of such complaints have lead Senator Frank Carr of Oakland to prepare an amendment to submit to the legislature at its next session.

The meanest man on record is said to live in Shrewsbury, Mass. He sold his son-in-law one half of a cow, and then refused to divide the milk, maintaining that he sold only the front half. The buyer was also required to feed the cow and carry water to her three times a day. Recently, the cow hooked the old man, and now he is suing his son-in-law for damages.

A. W. O. L.

Captain, Sir:

Squads east, about charge, on the flunk steak . . . Excuse, I'm wandering. What I mean is they caught me. I'm in for the weekly drill now, so you won't get so many contribs. Unless the C. O. is good meat.

Fall out.

—Columbus Spectator.

Line Plunges

"Then hit the line Colorado"

(BY RIP VAN).

Today we will not write about
The way the Freshmen act,
Or criticize the Faculty
About their lack of tact.

But listen well, and get this all
For it's about the game
In which we tied the Aggies
And thereby garnered fame.

We started in to pile them up
As fast as they came on
And kept it up the whole darn game
Until the game was gone.

We sing no songs of any stars
For each man gave his best
And if we wrote about one man
We'd have to for the rest.

There is one thing that we must say,
And that is from the stands
No better game has e're been seen
In our's or other lands.

So for crying out loud don't miss the next game whatever happens.

WHO OUGHT TO BE BUT AIN'T

J. Ellwood Amos.

This lad has as tring of Greek letters after his name that looks like the signs on a Shoe Shine Parlor. What it is that they all mean we do not know for sure but it looks like Debate, Dramatic, and Business honors to which he has dedicated his life. He learned early to act as is manifest in the fact that he has held the Treasurers office in several organizations due to his masquerade of honesty. He is a business man from away back getting his start by managing the programs for the Y. M. C. A. meetings. In business his debating facilities have stood him in good stead, several times saving him from spending the night in the city rooming house. His latest business enterprise is the post hole and doughnut hole corporation, concerning which business he is well posted having spent many of his leisure hours early in the morning trying to locate a key-hole in his own front door.

He is an honest man, HE OUGHT TO BE because his face is one that once seen is never forgotten and that makes escape impossible. He manages this paper, and HE OUGHT TO because he can argue that he is a Lusiness man.

He Ought To Be an actor because his red hair makes him act foolish any way and as manager of this sheet HE OUGHT TO BE able to fire me for writing this about him — but he Ain't.

"What If the Clock Had Stuttered?"

An Irishman, in order to celebrate the advent of a new era, went out on a lark. He didn't get home till three o'clock in the morning, and was barely in the house before a nurse rushed up to him and uncovered a bunch of soft goods, showing triplets. The Irishman looked at the clock, which had just struck three, then at the three of a kind in the arms of the nurse, and said, "Oim not superstitious, but thank Heaven thot Oi didn't come home at twelve."

Pageant, "Doings of the Dollar to be Presented by Y. W. Tomorrow

Wednesday, of this week at 4:00 P. M. there will be a meeting of the Y. W. C. A. in charge of the financial committee with the treasurer as the presiding officer. The meeting is to be held in Bemis Commons and a pageant will be given entitled "The doings of the dollar." Immediately following the meeting tea will be served and a social hour will be enjoyed.

This week the annual financial campaign will be carried on and all girls who wish to learn what becomes of their dollar are especially invited to be present at the meeting Wednesday to find out.

FRIENDSHIP FUND

(Continued from page one)

have turned many disused barracks into plain but habitable student living quarters.

4. Text Books: Over 20,000 text books have been furnished in small libraries available for groups rather than for individual students.

5. Medical Help has been given to a large number of cases, such as the placing of tubercular students in sanitoria.

6. Development of Self-Help Schemes has also been an important factor. It has been interesting to see the change in attitude on the part of the students from one of indifference to one of keen interest and desire for practical help and suggestions.

A notable by-product of the work has been the spread of international good will, student solidarity and friendliness.

Student conditions still remain so desparate that it has been found necessary to continue the Student Friendship Fund for the university year 1922-23.

The main objectives will be—

1. Relief of Students in Russia.

2. Relief of Russian and other Refugee Students in Europe and the Near East.

3. Development and Extension of Self-Help Possibilities among Students in Europe.

A composite photograph of George Paige Benbow and Bob Allen, the Sheik of Wheatridge, on their arrival at Fort Collins to witness the Aggie game. These men are the only eligibles for the Quo Vadis Club this year being the sole travelers via the w. k. side door Pullman, etc.

Various courtesies were offered them on the road, the prize winner in hospitality was the Marshal of Sedalia who offered to use the keys of the city on them.

Reading from left to right on the above panorama, the lid on the tin can represents their combined financial resources on leaving Colorado Springs. In like manner, the graphic representation of the button just over the third floating rib, denotes their monetary assary on their return to this fair city.

Frenzied finance—But they saw the the game—That's pep.

PIKE SPEAKS

C. C.'S WHO'S WHO

Manly D. Ormes, B. D.

Manly D. Ormes was born April 25, 1858 at Tuscola, Michigan, where he finished his course in the elementary school, and for two years following was an instructor.

He finished his high school work at Flint, Michigan and for a term of years following was the principal of the Capac High School.

Entering Yale University in 1881 he became acquainted with several of the men with whom he was to be associated in Colorado. Atherton Noyes, one time professor in this college; P. B. Stewart, now a trustee; and Wm. A. Otis, a business man of this city were attending the institution at that time. Mr. Ormes was prominent in undergraduate activities and was a member of the Debating Society and the fraternity of Psi Upsilon. He received his B. A. degree in 1881 and for two years following he tutored in New York City.

Mr. Ormes then entered the Yale Theological Seminary and after two years' study made his first trip to Colorado in 1888. On this visit he founded the Pilgrim Congregational Church at Pueblo and returned to complete his course at Yale. There he received the B. D. degree in 1889 and came directly to Colorado Springs to found the Second Congregational Church. In 1890 Mr. Ormes returned to the east to be married and on coming to Colorado Springs resumed his pulpit which he occupied for 15 years, the most wonderful record of the city's development, when, as he expresses it, "The mantle of Helen Hunt Jackson was over the city." In such personalities as that of Mr. Ormes the spirit of all that was best in that day still ministers to the city and the college.

In 1904 Mr. Ormes accepted the position he now holds as librarian of Colorado College. At that time the number of books in the library was 20,000, there are now 85,000 volumes at Coburn. The library is exceptional in that complete files of important American periodicals are on its shelves, these collections were started by Mr. Ormes during the first years of his tenure of office.

For a long period he has been collecting data for local history and now has material for histories of the college, Colorado Springs, Ute Pass, and the Trail's of the Pikes Peak Region. He is an enthusiastic hiker, a member of the Mountain Club and an authority on the trails of the adjoing range.

Mr. Ormes' children, Ferguson, Gene, and Eleanor have all attended Colorado College and his son, Robert, is a freshman here this year.

Since his arrival in Colorado Springs Mr. Ormes has been closely associated with the religious and educational development of the city. He is a charter member of the El Paso County Bible Society and for five years was a member of the school board. He has always been interested in the College, and is one of a few who can claim personal acquaintance with all of its five presidents; he is thus a vital link between the college that was and the C. C. that is to be.

* * *

Chuck Bemis—'Ay Frosh, where's your 'at?

Frosh, perplexed—Here I am sir.

* * *

Tallman says he sees no necessity for putting the head in a pillow in preparation for a paddling since it certainly does not give one a head ache.

* * *

Some of the boys art due for a laking if they must persist in snaking around in the evening when all are hep to a demonstration for getting pep. Movies and dances are all right except at times like Friday night. Just remember that "eating cake" rhymes just fine with "dirty lake." And if this shoe don't fit you, don't get sore. There's some it do.

* * *

Armor Martin, Editor of the Orediger comments thus in his editorial column, Observations.

Keith Chick has a rough time of it down at Colorado Springs. The Tiger editor has just been pledged Phi Gam, so his razzing as a pledgeling ought to be enough. But it isn't. The coeds are hot on his trail now for a so-called rabid editorial.

Our sympathy is with you, tho we tell you—"You aint seen nothin' yet." You ought to have the entire student body and Dave handin' 'em to you.

CROWD ON AGGIE SPECIAL WELL ENTERTAINED

The special train carried approximately one hundred fifty student to Aggieville last Saturday. The train made the trip on schedule time, leaving here at seven-fifteen, and leaving there at five-thirty. It deposited its joyous crowd in the Springs at about eleven-forty that night.

The band provided music all along the road, and impromptu entertainments of all sorts made the time pass quickly.

At Ft. Collins the aggregation lead by the band marched to the field and there staged a celebration prior to the Aggie demonstration.

Transportation was provided for the Freshmen team to and from from Denver.

ALL GIRLS

Are you interested in classical dancing? If so you can secure an exceptional rate for a course given under the direction of Miss Irene Prior. Classes will be held on Thursday afternoons from 2:45 to 3:45 in McGregor gym. Make arrangements with Miss Eleanor Davis or call Miss Prior at Main 4590-W.

STUDENT COMMISSION AMDTS.

(Continued from page one)

Amendment 11.

To add to Article V., "The powers and duties of the Executive Board," Section 8:

To require bond of all managers having control of any activity involving expenditure or control of any sum in excess of fifty ($50.00).

Amendment 12.

To amend Article V, Section 7, (d), to read:

Such members of the Tiger Board of Control and the Nugget Board of Control as are to be chosen by the students, according to the Constitution of the said Board.

Admendment 13.

To amend Article VI, Section 1, to read:

They shall elect such members of the

(a) Athletic Board,
(b) Tiger Board of Control, and
(c) Nugget Board of Control;

as are to be chosen by the students, according to the respective Constitutions of the said Boards.

Amendment 14.

To add to Article VIII, Section 4, sub-heading (d):

He shall instruct, receive from, and audit the reports of all managers and managing representatives of non-academic activities controlled by the Student Commission.

NEW PHYSICS COURSE

(Continued from page 1)

a. The nature of X-ray work.
b. Production of X-rays.
c. The technique of the operation and use of the apparatus in practical work.
d. Laboratory work with the instruments, giving the student a clear insight into the general layout and use of the apparatus.
e. X-ray examination of patients with subsequent study of the negatives.

In order to carry out this work, the X-ray equipment of the institutions with which Dr. Drea is connected will be available. Since the value of all this equipment is in excess of $15,000 it will mean a potential increase of that amount to the equipment already at the disposal of the students in the Department of Physics.

The courses as offered will be for one semester, giving four hours credit; three hours of this time being devoted to lectures and theoretical matter, while one afternoon a week will be given over to laboratory work. The prerequisite for the course is one year of college physics or its equivalent.

AGGIE GAME

(Continued from page one)

the other conference team's ambitions, to Coaches Mead and Lavik and to the loyal Tiger students, credit, and plenty of it, is due.

The Tigers rest Saturday and leave the fourth of November to travel to Salt Lake, where they tangle with the University of Utah team. The following Saturday is Homecoming day at which time the Boulder aggregation is slated to receive a drubbing at the claws of the mighty Bengal. For the next game the Tigers will travel to the Capital city where in one of the most important conference games the Tigers will battle with Denver university. On November 30 the season will close with the School of Mines furnishing the opposition on Washburn Field.

The Tiger honor roll:
MacDougall, left end.
Muncaster, left tackle.
Zickafoose, left guard.
Wessen, center.
Hinton, right guard.
DeFries, right tackle
Captain Waiss, right end.
Greiner, quarterback.
Burkhardt, left half.
Hunter, right half.
Delaney, fullback.

And all other members of the Bengal squad who were anxious to enter the fracas and put the rollers to the Aggie's championship hopes.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV THE COLORADO COLLEGE TIGER, FRIDAY, OCTOBER 27, 1922 Number 20

INTER-SOCIETY HOP TOMORROW NIGHT

Will Entertain New Girls and Faculty Ladies

The Inter-society Costume Dance which was postponed last Friday will be held Saturday night, October 28th in Bemis Common Room at 7:30. All lady faculty members, and all Freshmen and new girls are cordially invited to attend.

This is a costume affair, and prizes are to be awarded for the cleverest and prettiest costumes, the Judges are to be Mrs. Lee, Miss Davis, and Katherine Sias. The sixth dance is to be a grand march in which all masqueraders will appear in order that the judges may make their choices.

A committee composed of Dorothy Nyhus, Clara Vorreitor and Genevieve Cox is in charge of the affair, with sub-committees working under their supervision. One of the best orchestras of the city has been procured, and refreshments of the most appetizing kind are being provided.

As usual, the Commons room is to be decorated by the three societies, each to have its special place. This alone without the gay colors of the varied costumes insures a bright and attractive background for one of the prettiest parties of the whole year.

STUNTS AT PEP MEETING WEDNESDAY NIGHT

The Enthusiasm Committee headed by Don McMillan, has announced a pep meeting for next Wednesday afternoon on Washburn field from four-thirty to five-thirty. Every student is expected to be there to practice songs and yells.

The team leaves Thursday morning for Utah, and the meeting Wednesday will be the only chance for the students to give them a good send-off, as this will be their last practice work on the home field.

Some special stunts are being arranged by the committee to be pulled during the demonstration and the meeting will be interesting as well as peppy.

W. A. A. HIKE TO GARDEN OF GODS SATURDAY

The usual W. A. A. hike will take place on Saturday morning, the girls to meet at Murray's at 8:45 and return by noon. This hike is to be to the Garden of the Gods, and two carfares are required. So far the weather has been ideal for these trips into the mountains, and tomorrow will no doubt be as beautiful as the preceding week-ends have been. These hikes have so far proved very popular with the girls and the Head of hiking sincerely hopes that as many as usual will be out tomorrow to see the world-famous Garden.

Utah U. Beats Wyoming 27-0 Wednesday

In a game featured by brilliant work of their backfield, Utah U. kept up their unbroken string of victories and completely outclassed Wyoming U. at Laramie Wednesday, winning 27-0. This was the last game for Utah before the Tiger game at Salt Lake the 4th of November.

ALPHA RAPPA PSI PLEDGES TEN MEN

The following men have been pledged Alpha Kappa Psi, the national business fraternity: Jester B. Powell, William L. Smith, William Thompson, Floyd Padgett, Edward Patterson, Wilbur Hanes, Perry Greiner, Marvin Reinking, Robert Wardwell, Robert Burkhart. The time of initiation is uncertain but will probably take place sometime before the end of the present semester.

The next meeting of the fraternity will be held tonight in Cossitt Hall.

Alpha Kappa Psi is a professional business fraternity. It is not a social fraternity, nor is it an honorary scholarship fraternity although both these phases are considered in the selection of men for membership. Its stated purposes are: To promote the individual welfare of its members; to foster scientific research in the fields of commerce, accounts and finance; to educate the public to appreciate and

(Continued on page 4)

TIGERS REST SATURDAY PREPARE FOR UTAH GAME

The fighting Tiger team after their history making tie game at Fort Collins last Saturday, are working hard this week for their game a week from Saturday with Utah University.

Utah University holds jointly with the Colorado School of Mines, the lead in the Conference race this year. Both teams having three wins and no defeats.

The long trip to Salt Lake is to the disadvantage of the Tiger team because Utah has always been noted for their strength in their own back yard. The Tiger spirit and fight against heavy odds shown in Aggieville last Saturday though, has convinced the Tiger backers that the team that beats C. C. this year will have to show something besides dope and claims of great strength.

No one realizes this more than Utah and another great conference battle is expected. The present standing of conference teams follows:

TEAM	P.	W.	L.	Tie	Pct.
Utah University	3	3	0	0	1.000
Mines	3	3	0	0	1.000
Colorado College	2	1	0	1	1.000
Colo. Agri. College	2	1	0	1	1.000
Denver University	1	1	0	0	1.000
Utah Aggies	2	1	1	0	.500
Univ. of Colo.	2	1	1	0	.500
Montana State Col.	1	0	1	0	.000
Univ. of New Mex.	2	0	2	0	.000
Brigham Young U.	3	0	2	0	.000
Univ. of Wyoming	3	0	2	0	.000

Congregationalists Pass Resolutions of Support for C. C.

The Arkansas Valley Association of Congregational Churches of Colorado met in convention at Colorado College on Wednesday of this week. While here they were the guests of the College at Luncheon at Cossitt Hall. Among the resolutions that they passed during the course of business discussions the following concerns Colorado College: namely, "Be IT RESOLVED that we, the Arkansas Valley Association of Congregational Churches of Colorado, wish to record in this manner our hearty feeling of cooperation with and our earnest desire to support the work, spirit, and aims of Colorado College.

BROYLES PRESIDENT OF FRESHMEN CLASS

Mary Patterson, V. Pres.; Ruth Allen, Sec.; Thomas, Treas.

Eugene G. Broyles was elected president and Mary M. Patterson vice president of the Freshmen class at the class meeting held yesterday morning after chapel. The secretary elected was Ruth Allen and the treasurer, Clare Thomas. John Albert Brown was elected representative to the Student Commission.

One of the principal duties of the Freshmen class is to provide the fires for all pep meetings. They will have to begin the collection of their class dues very soon as the fire on the night of the Sophomore Barbeque must be of unusual size if it is to rank with fires of other years, and even railroad ties cost money.

The Freshmen class play which comes in the second semester will be the medium through which their dramatic ability will be brought to light. They will no doubt, show ability in this line.

"STORMY" MUNCASTER OUT WITH INJURIES

"Stormy" Muncaster, giant Tiger tackle has been unable to don the moleskins this week due to injuries. He played the whole Aggie game with a bad shoulder and an injured leg that would have kept most men on the sidelines. That game didn't do these injuries any good and complete rest has been ordered this week to try and get him back in shape for the big game in Utah a week from Saturday.

The Tiger team, on a whole, came out of the Aggie game in remarkably good shape considering the fierceness of the battle. Only minor bruises and sprains have shown up and with the possible exception of Muncas ➡ the team should be in the best shape of the year for the game at Salt Lake a week from Saturday.

MOCK ELECTION WILL BE HELD NOVEMBER SIXTH

The mock election which is being held under the auspices of the Political Science class will take place at Palmer Hall on November 6th. All persons who register on October 24th will be privileged to vote at that time. Regulation ballots and voting booths will be provided and the voting will be carried on along the lines of a regular election.

The purpose of the mock election is to give the Political Science students a practical working knowledge of elections and how they are conducted. Incidentally, those who take part in the voting will also obtain much valuable information about the process. The results of the election will be published in the Gazette on the ensuing morning, which will be Election Day.

The last mock election which was held at Colorado College was in 1920. If this election proves to be a success it will likely become an annual affair.

Among the 6,000 odd students registered at Harvard this fall, Colonel George H. Lyon, Jr., of Nelson, Neb., is the oldest. Col. Lyon is 72 and in his third year of post-graduate work.

BOULDER D. U. GAME TO BE HARD FOUGHT

With C. C. idle, the Boulder-D. U. game holds the center of the stage for this Saturday. The teams are fairly well matched, and it will be a great game.

Boulder says that by tradition D. U. can't beat them. On the other hand, D. U. says that no school in the conference can beat her. For these reasons, if for no other, it will be a battle from start to finish. But there are other reasons. Boulder has perfected a remarkable defense since the New Mexico game. This is shown by the way she held the Utah team. Also, D. U. has an exceptional offense in their three experienced backs, Gibson, Williams, and Hutchinson. The State has an advantage of about six pounds to the man in weight. D. U. has the advantage in experience, in that she has four three year men, and three two year men, compared with Boulder, who has one three year man, and five two year men.

Y. W. CIRCUS TICKETS TO BE PUT ON SALE SOON

Lucy Fast wants it clearly understood that the Y. W. C. A. circus is in full swing, and that no one needs to feel anxious about the tickets, because they will be on sale in plenty of time so that you won't have to miss the show. She divulges no secrets as to the acts of the vaudeville, or as to the vendors of delectable sweets, but you can trust Lucy's judgement for that. It is rumored that the peppiest girls in school have consented to sell tickets, and that no one will be allowed to forget or pass up this exhibition of skill, and fun, so everyone must get ready to part with fifteen cents, the admission price.

Blue Sky and Strike Questions Submitted to Debate League

Eleven men of the college interested in debate met last evening and decided to report the following questions to the other colleges of the debating league for their consideration:

RESOLVED, That a federal "Blue Sky Law" should be adopted by constitutional amendment.

RESOLVED, That Congress should enact laws making strikes unlawful on all public utilities.

Their next meeting will be held at Cossitt Commons at 6:45 P. M. on Tuesday, November 7.

MINERVA AND CONTEMPORARY HEAR DR. JOSHI

This afternoon, Minerva and Contemporary decided to give up their regular program meetings in order to hear Dr. Joshi who spoke at 4:00 in Bemis Commons. It is under the auspices of the Foreign Relations Club in conjunction with the classes under Miss Bramhall that Mr. Joshi has been brought here. Since Hypatia is entertaining the Sophomores and new girls this afternoon, the members will be compelled to miss the lecture, but the other two organizations will simply have business meetings after the talk.

"MY LORD IN LIVERY" TONIGHT IN COGSWELL

First Dramatic Club Play—Gertrude Sherk Coach

Tonight at 7:30 in Cogswell Theatre, the Girls' Dramatic Club will stage the one act play, "My Lord in Livery." It is a farce depicting the present day English social life.

It will be the first play given by the club this year, and also the first of a series of dramatic entertainments which will continue throughout the year. Gertrude Klein as president of the Girls' Dramatic Club is making plans for a big year for the club. Likewise the heads of Pearson's and Theta Alpha Phi will soon find time to develop plans for the coming dramatic season.

The play should be a good one, judging from the cast. While most of the girls on the cast are new students, still there are some upperclassmen on it, who have had experience in College dramatics. Among these are Irene Sherk, Catherine Morton, and Clara Vorreitor. Gertrude Sherk is coaching the play. The other members of the cast include Anne Wyse, Maxine Ingle, Frances Hurst, and Marion Bonney.

Russell Hunter is acting critic and should make a good one. "Russ" is active in dramatics in Colorado Col-

(Continued on page 4)

COLORADO AGGIES SHOULD BEAT UTAH AGGIES

The Boulder-Denver U. and Colorado Aggies vs. Utah Aggies are the only conference games on tap for this Saturday. Interest in these games is running high because besides the rivalry of these schools, the games Saturday will put two more of the leading contenders virtually out of the battle for the championship. With two of these teams, Aggies and D. U. still undefeated, and the remaining two teams, Boulder and Utah Aggies among the leaders in the race, great games are sure to be in store for the fans.

The Colorado Aggies smarting under their virtual defeat in the game with C. C. last week, are out for blood and are given the advantage over Utah Aggies in the game at Ft. Collins, while D. U., with a team of veterans are favored to win by a small score over their heriditary enemy, Boulder. The dope may be spilled badly though, in either game and both should be great games to see.

Dr. A. J. Mullens Talks on "Fellowship" in Chapel

Dr. A. J. Mullens, District Superintendent of the Arkansas Valley Congregational Churches, whose representatives were holding a conference at Palmer Hall this week, spoke briefly to the students Wednesday at chapel. Dr. Mullens took "Fellowship" for his theme and urged the students to take an active participation in the relational life towards other nations. He said that we in America should realize this attitude more than any other nation, because we are made up of so many classes and nationalities, and we need to cultivate a greater sympathy for our fellow men in order to make the United States more unified.

AMENOMENTS TO PROVIOE FOR STUOENT COMMISSION INCORPORATION PROPOSED

The following proposed amendments to the Student Commission will be submitted to the vote of the student body soon.

Amendments to the Constitution of the Student Commission as proposed to permit incorporation of this organization.

Amendment 10.

To amend Article II. Section 1. to read:

To provide a representative body of students which, by virtue of the position and influence of its members in student affairs, shall be able to supervise and control all non-academic activities of the student body as a whole, except those activities the control of which is delegated to the Athletic Board, the Tiger Board of Control and the Nugget Board of Control.

Amendment 11.

To add to Article V., "The powers and duties of the Executive Board." Section 8:

To require bond of all managers having control of any activity involving expenditure or control of any sum in excess of fifty ($50.00) dollars.

Amendment 12.

To amend Article V, Section 7. (d). to read:

Such members of the Tiger Board of Control and the Nugget Board of Control as are to be chosen by the students, according to the Constitution of the said Board.

Amendment 13.

To amend Article VI, Section 1. to read:

They schall elect such members of the

(a) Athletic Board,
(b) Tiger Board of Control, and
(c) Nugget Board of Control;

as are to be chosen by the students, according to the respective Constitution of the said Boards.

Amendment 14.

To add to Article VIII. Section 4, sub-heading (d):

He shall instruct, receive from, and audit the reports of all managers and managing representatives of non-academic activities controlled by the Student Commission.

ASPIRIN CLUB

The Aspirin Club of Colorado College is holding its first function of the year on Saturday evening of this week, when the members will give an informal dance in Cossitt Commons. All members of the faculty and their wives are invited to attend such.

The Aspirin Club is a club composed of the faculty only. Professor Fling of the Biology department is the present president.

Six buildings are being constructed at the University of Kansas. Paving of the Jay Haw campus was recently completed.

A OOPESTER SAYS AGGIE GAME LIKE TRACK MEET WITH STONE WALL FINISH

The following is the view of the C. C.-Aggie game as expressed by A. Dopster in the Rocky Mountain Collegian, the student publication at Colorado Aggies:

A funny thing happened in Fort Collins. Nobody just new why it was but them Tygers ended with 0 while Aggies made about as much. According to statisticks of the battle Aggies should have cleaned up but the freshmen weren't hankering after to ring the bell which was bot so the team went easy on 'em. Reporters what seen the game said it reminded 'em of a track meat with a stone wall 10 yards before the end line of the 100 yd wash which same wall bumped the sprinters considerable hard and wouldn't break down.

1000 MILE BUMS ORGANIZE AT NEVADA U.

University of Nevada—Claiming to be "the most unique college secret society in the United States," a dozen men have the official recognition in the school as "The Sundowners of the Sagebrush". The organization's claim to freakish fame lies in the fact that to be eligible to membership a candidate must present proof that he has "bummed his way" by land or sea for at least a thousand miles.

CLASSICAL CLUB MEETING MONDAY NIGHT

There will be a regular business meeting of the Classical Club next Monday evening in Tucknor study at seven fifteen o'clock. Miss Sarah Mintz has charge of the program for the evening and as preparations have been under way for some time an interesting evening is expected.

HE AND SHE

When I am dead you'll find it hard,
Said he,
To ever find another man
Like me.
What makes you think, as I suppose
You do,
I'd never want another man
Like you?
—Eugene Fitch Ware.

OREGON U. TO HAVE SUNDAY NEWSPAPER

Eugene, Oregon.—The School of Journalism has decided that the University of Oregon can afford to have a Sunday paper. For two years, the Emerald has been a daily, and as such has conveyed the news of the campus to its readers five times a week. With the addition of a Sunday paper, the Emerald becomes the only one of its kind in the country. Ernest Baycox is to be the Sunday editor.

FRENCH CLUB MEETING LAST NIGHT

The French Club held its twice-monthly meeting at seven forty-five yesterday evening in Tucknor study.

An enjoyable program following the usual business proceedings consisted of the following numbers:

Vocal selections—Ruth Hutchinson.
Talk—Mr. Cabello.
Talk—Mr. Latimer.
Violin Selections—Ralph Heller.
Popular and French Songs—Everyone.

MRS. JAMES H. C. SMITH WILL PLAY AT BEMIS SUNDAY

There is to be an unusually attractive program for Sunday Music at Bemis on October 29. Mrs. James H. C. Smith, violinist, will play. Mrs. Smith has played several times, and is always welcomed with a great deal of enthusiasm. The program is:

A Dream—Bartlett.
Hezeda—Friml.
Caprice Viennois—Kreisler.
Perketuo Mobile—Bohm.
Ballade and Pollonaise — Vieuxtemps.

SEISMOGRAPH FOR K. U.

The University of Kansas is to have a seismograph installed in its geology building which will detect an ordinary shock at a distance of 5,000 miles.

MUSIC IN OUR MIDST

If you can 'C' sharp, this joke won't 'B' flat.

Red Amos has increased his empty hole corporation until it now takes in, whole notes on a large scale.

That is not such a bad note says Red but then he is no judge of notes as he never worked in a bank.

MID-SEMESTERS

We sought to tell the Freshmen
That exams would soon be here
But somehow in the hurry
We mixed our dates, we fear
For the nearness
Turned to hereness
So this morning we got caught
Wrote two full sheets of bunk;
Gave the Prof a chance to snicker
And us a chance to flunk.
Profs ain't hateful
Just ungrateful
For they never seem to think
That the Fall was made for pleasure
And for football games and such
Not a time for them to measure
And turn failings
Into wailings
And for some a trip back home.

Who Ought to be WHO but Ain't.

Alice Sweet

This young lady is a charter member of the Sweet Club of "C. C." and counts also among other accomplishments membership to the Student Government, Student Commission, Y. W. C. A., Dramatics, etc., etc., etc. One of her biggest accomplishments was being a sister of Ben Sweet, who you all will remember as her brother. Another thing which we can say without hesitation is that she is a very sweet little girl or a very little sweet girl. Denver is her home and this may account for the fact that she has bobbed hair, a Sweet disposition, mile high ideals, etc., etc., etc. Oh yes she is a senior, lives in Bemis and enjoys it; likes chemistry majors, signpainters, and malted milks.

She OUGHT TO BE sweet and nice to everyone including newspaper men, but as Fitzgerald says, what's in a name? She OUGHT TO BE able to do a good lock step, keep regular hours, admire confinement, and enjoy discipline for she has lived three years in the Halls BUT SHE AIN'T, CAN'T AND DON'T.

CHAPTER NEGRO FRATERNITY ESTABLISHED IN COLORADO

Alpha Phi Alpha, national negro fraternity, has established a chapter in Colorado, comprising men from the University of Colorado, Denver University, Colorado College, and Colorado Aggies with headquarters in Denver.

Alpha Iota chapter, which comprises the Colorado schools named above, numbers in all eleven men, owing to the dispersion of its members, the chapter meets only during school vacations, on Thanksgiving Christmas, Spring vacations or similar occasions. Scholastic requirements for admission are stringent, an average of seventy-five per cent, being required with no flunks.

A TOWER OF PISA

IPSE DIXIT and GALILEO

There was much learning but little real knowledge in Galileo's time (1564-1642). Aristotle was swallowed in bad Latin translations. Ipse dixit. No one checked him by what seemed vulgar, coarse experiment.

Galileo fought against the dead hand of tradition. He did not argue about Aristotle, but put him to the test. Aristotle led his readers to believe that of two bodies the heavier will fall the faster. Galileo simply climbed to the top of the Leaning Tower of Pisa and dropped two unequal weights. The "best people" were horrified; they even refused to believe the result—that the weights reached the ground in equal times.

"Look at the world, and experiment, experiment," cried Galileo.

The biggest man in the 16th century was not Galileo in popular estimation, but Suleiman the Magnificent, the Ottoman Emperor, who swept through Eastern Europe with fire and sword and almost captured Vienna. Where is his magnificence now?

Galileo gave us science—established the paramount right of experimental evidence. Suleiman did little to help the world.

Hardly an experiment is made in modern science, which does not apply Galileo's results. When, for instance, the physicists in the Research Laboratories of the General Electric Company study the motions of electrons in rarified atmospheres, or experiment to heighten the efficiency of generators and motors, they follow Galileo's example and substitute facts for beliefs.

PIKE SPEAKS

Frank Morris Okey.
B. C. E.
Professor of Civil Engineering

Frank Morris Okey was born at Corning, Iowa where he completed his work in the elementary schools and entered high school at the age of 15. When he had finished three years in the high school he went to Simpson College in Iowa for one year. In 1901 he matriculated at the State College at Ames, Iowa and received the Degree of B. C. E. in 1904. While at the State school Mr. Okey participated in many undergraduate activities and was for four years a member of the track and football teams.

For three years after his graduation he was engaged in railroad and municipal contracting work and then returned to Ames as the head of the newly established state experimental engineering station. Research in many branches of the sceince was the work of this institution and Mr. Okey was engaged there until he accepted a contract from the Morgan Engineering Company to take charge of a large reclamation program in Missouri and Arkansas.

During the summer of 1911 he was a member of the staff of the Des Momes Bridge and Iron Works Company and in the fall of the year entered the University of Illinois as instructor of Civil Engineering. After a year at this institution he accepted a position with the General Cement Company of Chicago where he was located until 1912.

At this time Mr. Okey's health failed and he was forced to give up his business activities for two years. The majority of this time was spent at Corpus Christi, Texas, where he devoted himself entirely to getting well.

After his recuperation 1914 he accepted his appointment to Colorado College and since that time has been the Professor of Civil Engineering at this institution. Professor Okey also maintains a large consulting practice thruout the state.

JAZZETTES AT OKLA. U. SPEED UP PEP

Norman, Okla., (United Press). — The Jazettes, women's pep organization, and sister organization to the Jazz Hounds, has been organized at the University this year.

White skirt, red jacket, red jazzbo tie and dinkie red cap pulled over one eye designates the Jazette. There are twenty-six Jazzettes at the University. They appear at all athletic games and student meetings, injecting spirit and jazz every where they go. They have adopted a chant, similar to the "We're rough, we're tough',, of the rough necks.

The offices of the organization are: Madam Jazz, Recorder of Jazz, Hoarder of the Shekels, and Jazz Dope Spiller.

The Colorado College Peripatetics held a meeting at Dr. Gilmore's house last night. Carl Brumfield, Mae Gallaven, Carl Fruedenberger, Robert Fling and Prof. Penlan were initiated into the order.

VOTE OF THANKS PASSED BY STUDENT BODY

The Rotary Club of Colorado Springs was given a unanimous vote of thanks by the students Thursday morning at chapel, for their $75 subscription to the band. The student Commission gave $75, and President Duniway, member of the Rotary Club asked them for a $25 subscription, but they over subscribed by $50.

* * *

CHORUS OF WOMEN

(From the "Thesmophoriazusae.)

They're always abusing the women,
As a terrible plague to men;
They say we're the root of all evil,
And repeat it again and again—
Of war, and quarrels, and bloodshed,
All mischief, be what it may.
And pray, then, why do you marry us,
If we're all the plagues you say?
And why do you take such care of us,
And keep us so safe at home,
And are never easy a moment
If ever we chance to roam?
When you ought to be thanking Heaven
That your plague is out of the way.
You all keep fussing and fretting—
"Where is my Plague today?"
If a Plague peeps out of the window,
Up go the eyes of men;
If she hides, then they all keep staring
Until she looks out again.
—Aristophanes.

* * *

"DAD'S DINNER" AT K. U.

"Dad's Dinner" is to be one of the main features of Dad's Day, which is to be held at the University of Kansas November 4, the day of the Oklahoma-Kansas football game. Every student is expected to have his parents attend if possible, as the dinner is for both father and mother.

* * *

MISSOURI U. BUYS GRIDGRAPH

A gridgraph, which shows the returns of a football game play by play, was recently purchased by the Student's Council of Missouri University at a cost of $750.

MY LORD IN LIVERY

(Continued from page one)

lege and is a member of both Pearsons and Theta Alpha Phi. He will be remembered most at this time as the flapper in the C Club show last spring.

The members of Pearsons and Theta Alpha Phi will be the guests of the club on that night. Every member of these two organizations is urged to be on hand. All girls who are members of the Girls' Dramatic Club are also invited to come, while a charge of twenty-five cents will be asked of any other girls not in the club.

ALPHA KAPPA PSI PLEDGES

(Continued from page 1)

demand higher ideals therein and to promote and advance in institutions of collegiate rank, courses leading to degrees in business administration.

Alpha Psi was founded at New York University in 1904. The chapter at Colorado College received its charter in 1919 and is known as Sigma Chapter. There are now twenty six chapters located in all parts of the United States.

The local chapter holds monthly dinner meetings at which time some expert along some line of business addresses the members. Some of the speakers for last year were: C. P. Dodge, Gov. Shoup, Robert D. Sims, Arthur Perkins.

For mock initiation the Alpha Kappa Psi pledges, last year, presented a one act playlet in Chapel.

The members of the active chapter are: A. P. R. Drucker, W. W. Postlethwaite, Keith Chick, J. Ellwood Amos, Charles Bemis, W. D. Copeland, Jacob Swart, Robert S. McIlvaine, James Park, Jr., and Frank Kyffin.

PEP MEET TOMORROW AFTERNOON ON FIELD

Team Leaves For Salt Lake City Thursday Morning

Don't forget the big daytime pep-meeting on Washburn Field tomorrow afternoon at four-thirty. This pep-meeting will take the place of the usual Friday night meeting because the team must leave early Thursday morning in order to get to Utah in time for Saturday's game.

The preparation of the stunt program has been placed in the hands of Harry Dawson, and he has several co-workers who are helping him make the stunts good. Just what they will be is being kept a secret which will be let out tomorrow afternoon.

The students will gather on the east grandstand and have a work-out of songs and yells. Everybody is expected to be there, otherwise the Enthusiasm Committee promises a lake-ing party.

LONG LIST OF NEW BOOKS AT COBURN

New books received at Coburn Library during September and October

Philosophy and Religion—

Bosanquet, Bernard — Principle of Individuality and Value.

Brown, W. A.—The Church in America.

Dr. Parks, Former Dean of Women Here New President of Bryn Mawr

The inauguration of Dr. Marion Edwards Parks, former dean of women at Colorado College, as President of Bryn Mawr was attended by a pageant, elaborate both in preparation and detail. The pageant took place October 21 and was one of the most colorful pageants ever given on the campus of that famous institution.

Perfect weather marked the celebration. The mingling colors of the hoods of the gowned dignitaries with the dazzling colors of the new gowns worn by the women, proved in itself a wonderful spectacle.

More than 2000 spectators and five hundred notables, including Gov. Sproul and the presidents of 36 universities as guests, formed in line.

Administration Party Celebrating Hallowe'en

At four-thirty this afternoon the officers and employees of the administration were guests at a Hallowe'en party, given in the Faculty room in the Administration building. Invitations to the party were written on black cat shapes.

As the guests entered the faculty room, they found it to be decorated in the black and gold Hallowe'en colors. In the middle of the long table rested a large Jack O'lantern pumpkin and the whole room was filled with a bewitching atmosphere. The place cards had owls pasted on them and this added to the spooky atmosphere. Pumpkin shaped ice cream was served.

Preceeding the refreshments, all kinds of games were played and enjoyed by all. Music and vocal solos were also rendered during the afternoon. It was rumored that Frank Kyfiu tried his talent along this line.

TOWN GIRLS DANCE FRIDAY NIGHT

On Friday night of this week, the Town Girls are holding their semi-annual dance in McGregor gym. This is to be a costume affair and prizes are to be given for the prettiest and cutest get-ups there. No girls are allowed to come unless their dues have been paid, and it is rumored that no girl will be allowed on the floor without some disguise in the way of a blue ribbon or other costume. So, girls, be prepared with a make-up or an alibi.

W. W. Grant, Jr. Addresses Phillip Washburn Club

The third regular meeting of the Philip Washburn Club was held Sunday night at St. Stephen's Parish House. The business meeting was preceded by a supper. At seven-thirty the meeting adjourned to the church to hear a lecture given by Mr. W. W. Grant, Jr., of Denver.

The talk was the second of a series of five to be given at St. Stephens Church under the auspices of the Club. The subject of Mr. Grant's lecture was, "The Task of the Church in Missions and Church." Mr. Grant is a capable speaker, and made the talk interesting.

The first lecture was given a week ago by Bishop Johnson. The next one will be given at the Church next Sunday night by Bishop Ingley. His subject will be, "The Task of the Church in Religious Education." Bishop Ingley is a fine speaker and the talk should be well worth while.

FORESTRY CLUB HIKES TO FREMONT EXPERIMENTAL STATION

Last Saturday morning the Forestry Club enjoyed a hike to the Fremont Experiment Station. Leaving the busy corner at about nine o'clock the party took a car to Manitou and from there they went up Mt. Manitou via the incline. From the top of the incline the Experiment Station is a walk of about a mile, and this was negotiated without difficulty.

Arriving at their destination, the club members were shown the apparatus and given a very interesting and instructive lecture on the work of experimental propagation as carried on by the station.

All band men be sure to come to practice Wednesday night. Only two more practices before Homecoming.

HUNTER SAYS DRAMATIC CLUB PLAYS SHOULD BE OPEN TO THE PUBLIC

Criticizes "My Lord in Livery"

"My Lord in Livery" was given by the Girls' Dramatic Club on last Friday night and was a success in every way. The play was well attended, and especially was this true of the dramatic organizations on the campus. The criticism of the play as given by Russ Hunter follows:

Maxine Ingle who lead the play as Sybil proved herself a "find" for Colorado College dramatics. Her interpretation of the character of that impetuous young lady was well done. Catherine Morton and Anne Wrye as Rose and Laura were graceful in their support of Sybil. Spiggot, the painfully correct butler who 'ardley hever used han aitch, was the role taken by Irene Sherk, who besides taking the role took the majority of applause for the piece. It was well merited. Clara Vorreitor, as the footman played a difficult part well. Her lines were handled throughout with a full appreciation of their comedy value. Frances Hurst took the part of the courageous page and though her lines did not much exceed the traditional, "M' Lud the carriage waits", her work will entitle her to a better part in the subsequent productions of the Club. Marion Bonney, the handsome and delightfully wicked Lord Thirlmore wielded a wicked moustache throughout the piece and captivated the audience and the three ingenues of the show.

Gertrude Sherk coached the play and much of the credit for its successful production must go to her. Florence Lawson and Thelma Bradley managed the show and after compli-

(Continued on page 4)

COLO. AGGIES OUT CLASS UTAH AGGIES SATURDAY

In a game featured by the great offensive strength of the Colorado Aggies, Utah Agricultural College was swept off its feet Saturday and when the smoke cleared on Colorado Field, the Mormons were holding the short end of a 34 to 6 score.

The brilliant offensive power of Hughes' farmer team has not to be denied and in the first quarter, two touchdowns were smashed over by straight football. They duplicated this feat in part in each of the three remaining quarters, with the Aggie backfield crossing the Utah goal line in every period. Four successive passes in the final quarter gave the Utah Aggies their only marker.

The comparative strength of the two teams is shown by the following figures:

The Colorado Aggies gained 351 yards from scrimmage while their rivals collected 55 yards by this method. C. A. C. punted 14 times for 568 yards, an average of over 40 yards. Utah kicked 13 times for 574 yards or 44 yards average. C. A. C. completed 2 passes for 80 yards and made 15 first downs to Utah's 3.

Roosevelt Layed Cornerstone of C. S. Y. M. C. A.

President Duniway, in commemoration of the great American Statesman, Theodore Roosevelt, whose birthday was celebrated last Friday, read different selections from a book by Hamlin Garland who was an intimate friend of Roosevelt, and parts of an essay about the great president, written by Mathews.

The selection from Garland's book gave some interesting incidents about Roosevelt that happened in Colorado Springs, while he was Vice President, telling about the wild west celebration, and about him laying the corner stone of the present Y. M. C. A.

Inter-Society Dance Declared Success

The common saying is that any postponed affair is bound to be a failude, but for once tradition was wrong, for seldom has there been a prettier or more successful party than the inter-society dance held last Saturday night in Bemis Commons. As is the annual temporary were the hostesses to the custom, Minerva, Hypatia and Con- the ladies of the Faculty

Freshmen and new girls as well as to

Promptly at quarter of eight the orcrestra struck up a tune that set everyone's feet to dancing and with only two interruptions this kept up until 10:30. These two intermissions were in themselves interesting enough to warrant the suspension of music,

(Continued on page 4)

"World Fraternity" Subject of Chapel Talk by Dr. Joshi

Dr. S. L. Joshi, professor in the University of Bombay, who is on a speaking tour thru the United States, addressed the students in chapel Friday morning, on "World Fraternity". He said that there are four great delusions which have kept mankind from a general feeling of brotherhood between nations, namely: racial, religious and sexual prejudice, and our prejudiced about success. The United States has come nearer overcoming the racial, religious and sexual preiudices than any other nation, especially the latter, by allowing the women to take part in politics.

Dr. Joshi said he believed that scientific study should not supercede humanitarian studies, and that philosophy, poetry and history should be studied as hobbies, especially philosophy and poetry, for they are the real treasures of men.

"America will be called upon in the near future to play an important part in world affairs, and college graduates will be expected to play their part well", was the prediction of the speaker.

Dorothy Davis and Jack Nolan to Dance for Spanish Club Thurs.

The Spanish Club will hold a meeting next Thursday evening in Ticknor Study. An interesting program of Spanish poetry and dances has been arranged for the evening. A feature of the program will be the presentation of the "Tango Argentine" by Dorothy Davis and Jack Nolan.

The officers of the club for this year are: president, Leta Gale; vice president, Dorothy Graves; secretary and treasurer, Blanche Edgar.

INSIGNIA DAY FRIDAY IF GOWNS ARRIVE

Seniors to Appear for First Time in Caps and Gowns

Senior's Insignia Day which was to have been last Friday was postponed until this coming Friday providing that the caps and gowns arrive in time. There is usually a great deal of delay in the delivery of the caps and gowns. Miss Helen Wells and Gibson Winans, the committee in charge have their doubts about their arrival this week.

The girls of the class held a meeting some time ago and agreed to wear plain white collars this year instead of the high "chokers" which other classes have worn.

Insignia Day marks the first appearance of the Seniors in their full regalia, and it makes an awe-inspiring spectacle. After services in chapel which the Seniors in all their diginity attend, they adjourn to the lawn in front of Perkins and indulge in childish pastimes. Years ago the Seniors wore their caps and gowns every Friday but the custom has fallen into disuse.

D. U. WINS FROM BOULDER'16 - 0

Denver University broke the spell last Saturday at Broadway Park and defeated Boulder 16-0. This is the first time that this has happened since 1917 and the eighth time since 1900.

D. U.'s experienced men overcame all of Boulder's advantages in weight and tradition and finally came through but only after a tough battle. Neither team played exceptional football, and at times the playing was very ragged. At the end of the first half it was anyone's game. The score then being 3-0 in favor of D. U. The second half was featured by some good overhead work by D. U. The outstanding stars for Boulder were Alexander and MacLean and for D. U. Irish Cohen and Williams.

ENGAGEMENT OF MISS PRINTUP TO PROF. HULBERT ANNOUNCED

The engagement of Miss Dorothy Printup and Professor Archer B. Hulbert was announced Friday evening at a dinner party at Bruin Inn. The romance was short, Mr. Hulbert having known Miss Printup only for about a year.

Miss Printup is a graduate of Oberline and Redcliffe Colleges, having received her A. M. degree from the latter. At college she was a member of Phi Beta Kappa and was prominent in dramatic activities. She came to Colorado College in 1921 as Instructor of Romance Languages. While here she was popular with the student body and the faculty and proved herself an efficient instructor.

Mr. Hulbert is a graduate of Marietta, having received both his AB and M. A. degrees from that institution. He came to Colorado College in 1920 from Clark University and is now head of the history department in Colorado College.

No date for the wedding has been given out at this time.

AMEND THE STUDENT COMMISSION TO PERMIT INCORPORATION.

The proposed amendments to the Constitution of the Student Commission to permit the incorporation of that body should passed unanimously. The sysem under which tbe Student Commission guarantees student activities against financial loss has often been abused in the past. Managers not being bond, had a free hand to put their activity in bad financial condition. Then the Student Commission had to make good the loss. In case the manager cared to resort to embezzlement the Student Commission could neither prosecute him nor collect the deficit at law because, since the Commission was not incorporated, there was no one from whom the money was taken legally. Incorporation will make the commission a legal entity with power to act as a legal person.

The fraternity and sorority standings at Montana State show that Iota Delta ranked first with 84.7 and that Sigma Chi ranked last with 76.1.

SCRAPS FROM THE TRAINING TABLE

Tiger stock again took a big jump Saturday although the team was idle. The 34 to 6 win of Colorado Aggies over Utah Aggies shows more clearly what the Bengals accomplished when they went to Aggieville last week and held Coach Hughes' powerful eleven to a scoreless tie. The Farmers by comparative score, now rank as the best team in the Conference and have shown by far the greatest offensive power of any of the Conference teams. Such is the strength of the team that the Tigers held for downs 8 times within the 15 yard line and turned back scoreless.

* * *

The game at Colorado Field Saturday has given the dopesters and preseason championship pickers something to think about. The Utah Aggies, last year's Conference Champions and conceded at the first of this season to have a good chance to repeat,were scored upon 5 times by straight football in the Aggie game Saturday. C. C., the lightest, least experienced and considered by early season dopesters, as one of the weakest teams in the Conference, held this same powerful Aggie team to a 0 to 0 score.

Figure it out for yourself!

* * *

C. C., the lightest team of the Conference has not been scored on yet this season. That's what you call the Old Tiger Fight.

* * *

Muncaster who has been out nursing injuries for the past week, is again able to take his place in practice this week and should be able to make the Utah trip Saturday.

* * *

The Terror score against Florence last Saturday reminds one of Runt McMillan's golf scores (whether for the first 9 or the full 18 holes, it was not said).

* * *

Some of the members of the Tiger team saw D. U. humble Boulder Saturday and are now more confident than ever that our homecoming day is going to be a complete success.

* * *

The Denver papers are again claiming the championship for D. U., after their defeat of Boulder Saturday. Wonder if they have forgotten that the Aggies, Mines, C. C. and Utah University have not even been scored on yet this season. Pretty early for Championships, D. U.

* * *

The Tiger motto is, "One game at a time", and Utah comes next, so let's all pull together for a win at Salt Lake Saturday, and even try to forget the Boulder homecoming game the 11th, until after next Saturday.

* * *

Mr. and Mrs. F. H. Miller of Canon City visited their daughter, Edith, at Ticknor Hall on Sunday.

* * *

It has been rumored that another member of the Dais has bobbed her hair, but the rumor is as yet unconfirmed. We will try to get the correct details from Edna Van Horn before the next issue.

* * *

The Sunday Musicale at Bemis Hall was enjoyed by an especially large audience. Mrs. James H. C. Smith, was the performing artist. She was accompanied by Mrs. E. C. Sharer. Her program included two very well known numbers, Bartlett's "Dream" and Kreisler's "Caprice Viennois". The "Ballade and Polonaise" by Vieuxtemps was a fitting climax to a very difficult but thoroughly enjoyed program. The selections were, all of them, extremely tuneful. Mrs. Smith's rendition of them showed a finished techique and a musical feeling which quite captured her audience. She was beautifully supported by her accompanist.

* * *

Kenneth Todd of Boulder visited friends on the campus Saturday.

CALIFORNIA U. PROF. URGES EXTRA PAY FOR EXTRA KIDS

UNIVERSITY OF CALIFORNIA.—That college professors and other employees of higher institutions of learning should receive a raise in salary from the state for every child born in their homes, is the opinion of Dr. Samuel J. Holmes, professor of zoology in the University.

"A new salary schedule for the academic members of the University should be instituted," declares Dr. Holmes, "a schedule which will remunerate faculty members not only for the quality of the service they render as educators, but for the number of children they bring into the world. He adds, "there should be an automatic increase in salary for every baby born, for unless the state rewards rather than penalizes parenthood the "best blood" of the nation will be eliminated within a few generations.

Miss Bailey '96 First American Woman to Climb Mt. Olympus

Miss Winona Bailey, a graduate of Colorado college in the class of 1896, with Miss Edith Fraser, a companion, is the first American woman to scale Mt. Olympus. After having completed a trip thru Greece and Turkey Miss Bailey, who is a member of the faculty at Queen Anne high school, Seattle, Wash., is visiting at the home home of the Misses Irma and Dorothy Gilfillan, 318 East Caramillo street.

Mt. Olympus, the most celebrated of the Cambunian range, rises to a height of 9,700 feet above seal level and is very difficult of ascent. After essaying to climb the mountain without the aid of guides Miss Bailey was sent back with the warning by Greeks that there were "bad mans" there which would make their trip very hazardous. A few days later Miss Bailey secured permission to make the trip, and with Miss Frazer, was accompanied by six police, all heavily armed.

Terrors Mercilessly Humble Florence 103-0

Coach Cline's Warriors broke all records for high football scores on Washburn Field Saturday, when they ran up a total of 103 against Florence High in a league game. Florence was helpless at all times against the heavier and more experienced Springs team and never even threatened to break into the scoring column.

The Brown and White scored in every conceivable way, smashing the line, running the ends, executing passes, blocking kicks, intercepting passes and even field goals played a part in the staggering total.

The whole Terror team showed the class that is making them the most feared High School team in the State and should end at or near the top again when the State Championship is decided.

DR. HARPER OF BOSTON, NEW CHANCELLOR OF D. U.

Denver University.—Doctor Heber R. Harper will arrive in Denver from Boston University to assume his duties as Chancellor of the University of Denver next Wednesday, according to an unofficial announcement from the office this morning.

As the successor of Chancellor Buchtel, it will be the duty of Dr. Harper to complete the work so ably planned and carefully begn by his predecessor. Dr. Harper has an enviable record as an educator and during the last few years he has held an important position with Boston University, being the executive secretary or vice-president of that institution.

SEEKING a symbolic figure to represent Knowledge, let us turn away from the muses of antiquity and the be-capped and be-gowned youth of our own day.

How about the Football Player Tackling a Dummy? Isn't he typical of everything you do in these four years?

You are the Football Player. The dummy is every knotty problem you tackle, every effort to earn your way through, every examination, every campus activity.

Tackle the dummy hard, and you'll be ready for even bigger tests in the game of business or professional life.

Do not say about this symbol, "How clever", and let it go at that. It is worth nothing unless it reminds you to get the spirit of the Tackler into your work.

By his earnestness he seems to feel the thrill of combat. With set jaws and muscles tense he plunges at the dummy. For him it is alive, and the practice is a means to win the game.

If you intend to help score touchdowns after college, here is a man to measure up to.

WHO OUGHT TO BE WHO

Harriett Way Bumstead.

Vice President of Student Commission, Class President (3), Member of girl's athletic board (3), Junior Class play, Girls' Dramatic Club, numerous committees and etc's. These are some of her accomplishments and others we deemed unwise to list. SHE OUGHT TO BE an accomplished violinist having played on so many occasions, but in an analysis it will be found that three pieces will satisfy more than one audience and she never has the same audience twice. SHE OUGHT TO BE an actress of no mean ability and is even now taking a heavy role at the Community Theatre, but anybody can take things if they help themselves. She would be a real actress if she could act like a school teacher, which she is trying to be BUT SHE AIN'T. SHE OUGHT TO BE popular for her phone number has often appeared in this paper BUT that column in which it appeared is not very widely read. SHE OUGHT TO BE a politician as she has held enough offices, BUT SHE AIN'T because if she were she could have prevented the appearance of this write-up.

SHE OUGHT TO BE proud that we gave her this honor but we will bet that SHE AINT.

ARE YOU A GOSSIP?

Are you a member
Of the class
Of people, who
From chapel pass,
Then stop
And talk before
The exit
From the floor:
And think because
They are outside
The rest of us
Are satisfied?
Would you resent
It, if we called
You selfish, just
Because you stalled
While those of us
Inside, might like
To be on time
At our class of Ssye?
We ask you this
Because we know
That if you would
You'll not be slow
In helping those
Who also care
To get outside
In the fresh air
And if you only
Left us a space
We could pass out
With better grace.

PROFESSOR HULBERT PRESIDENT OF PHI BETA KAPPA

Phi Beta Kappa, the honorary fraternity, will be headed by Prof. Hulbert this year. Prof. Hulbert is head of the History Department, and is also well known on the campus. He will be aided, in carrying out the business end of the fraternity by Dr. J. G. McMurtry, who was elected secretary of the organization at the meeting held in June of last year.

PIKE SPEAKS

C. C.'S WHO'S WHO

Aubrey W. Goodenough, Ph. D.

Aubray W. Goodenough was born in a mission station at Natal, South Africa, May 6, 1883. At the age of five years he came to America to enter school at New Bedford, Mass. He remained in America until his eleventh year when he returned to Africa, this time going to Johannesburg. After three years of schooling at Johannesburg he returned again to America to enter the high school at Worchester, Mass. Upon graduation from high school he went to Oberlin College. Outside of his curricular interests, debating, oratory, and dramatics claimed his attention and he represented Oberlin a number of times in inter-scholastic debates and oratorical contests.

Dr. Goodenough received his diploma from Oberlin in 1906 and for the year following was the principal of the Huntsburg high school near Oberlin. At this time he received a scholarship from Yale University and went there to do research work in English during the year 1908. At the conclusion of this period he took his Masters degree and went to Simpson College as the head of the department of English. On leave of absence from this institution he took graduate work from the University of Wisconsin in Sociology and Economics during the year of 1911, and in English and Philosophy at Chicago University in 1916. He occupied his position at Simpson until 1919 when he accepted a two year, senior fellowship to Iowa University. At this institution he prepared for his Doctors degree which he received in 1920.

Dr. Goodenough's thesis, based on a study of the work of Henry Arthur Jones, the English dramatist, is entitled, "A Study in Dramatic Compromise". On receiving a copy of Dr. Goodenough's manuscript the famous playwright has cooperated with him in every way to make the book more complete. This work will soon be on the press of Everleigh Nash, Jones' publisher in England.

Dr. Goodenough came to Colorado College in 1920 as Professor of English. His spare time is divided between fishing, chess, and the preparation of manuscripts—the first, more—the second, some—the last, least.

INTER-SOCIETY DANCE

(Continued from page 1)

for it was at these times that the prizes were awarded.

Mrs. McMurtry, Mrs. James H. C. Smith, and Mrs. Dern were the judges, each of whom testified so many clever and pretty costumes it was very difficult to chose. However, two dances after the grand march in which girl showed her charms to the greatest advantage, the following awards were made: For the prettiest costume, Dorothy Nyhus; honorable mention; Frances Tucker. For the cleverest costume, Catherine Hood; honorable mention, Alice Sweet.

Much later in the evening a second award was announced, much to the surprise of everyone except the committee in charge, the members of which had promised many surprises during the evening. Those who received mention in the last awarding of prizes were: Prettiest costume, Edna Earnest; honorable mention, Genevieve Whitney. Cleverest costume, Irene Beardsley; honorable mention, Anne Wrye.

According to custom, the room was decorated in the colors of the three societies, Hypatia having an illuminated pin in green and white in the north east corner; Contemporary decorating with red and white banners and streamers and their shield in the north west corner; and Minerva using her symbolic owl and the blue and white for her share both on the north wall and in the decorations of the fireplace directly opposite.

The costumes were of many hues and designs, and the effect of the whole was very pretty as the fair Dutch girls mingled with the beautiful Spaniards, or the Yankee bartender with the Czarina of all the Russias, while Charlie Chaplin hooked his partners with his cane, and Robin Hood bowed with all the dignity of a king.

HUNTER SAYS

(Continued from page one)

menting them for a judicious setting of the small stage we rise to ask if they were responsible for the curtains not meeting at the close of the evening thus leaving the heroine transfixed like a tom-tit in birdlime 'till somebody had the presence of mind to pull 'em together. This was a serious blunder on someone's part.

Our only suggestion to the Girls' Dramatic Club is that more of their plays should be open to the College.

Lorene Reynolds Wins Debate with Mabel Sadler

The main feature of the Athenian program last Friday was a debate on the question: Resolved: That the term of U. S. Congressmen should be lengthened from two to four years. The affirmative, Lorene Reynolds, won the decision over Mabel Sadler, negative. Clara Burghart, recently elected sub-critic, gave a very helpful criticism. Dorethea Rodel was elected factotum to fill the vacancy of that office.

Following the program a treat of candy was enjoyed by all present. Athenian is indebeted to Marjorie Collier, a former member, for the treat. Miss Helen Morton, '21, was a guest.

This Friday, Nov. 3rd, 2:45 to 3:45, is the date of tryouts for membership. All Sophomore, Junior, and Senior girls interested in debating are invited to prepare a five minute argument on either side of the question, Resolved: That the U. S. should withdraw from Haiti.

Kappa Sigs Entertain at Tea Friday

Last Friday afternoon the members of Kappa Sigma were hosts to their mothers, sisters, and sweethearts. The attraction was a tea. It was given in the chapter house. The event proved a great success, and according to the ladies, one ought to be given them every afternoon.

About four-thirty they began to gather at the aforesaid place. A friendly good time was enjoyed by all present until a short time after five, when tea was served. However, the did not stop the good time in the least, but quite the contrary. The talk went on between bites and sips until it was time to leave. The next one is looked forward to by all concerned.

Big Homecoming Celebration Nov. 10-11

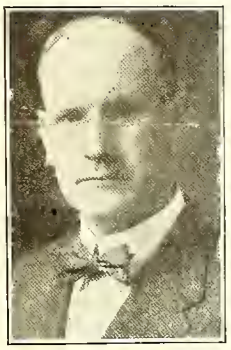
GRIFFITH SPEAKS IN CHAPEL THIS MORNING ON CAMPAIGN ISSUES

Gives Reasons for Backing Ranger Organization

By Dan Hale

Ben Griffith, Republican candidate for Governor and alumnus of Colorado College addressed the student body this morning. He said in part:

"When the machine caused industry to grow into untold proportions



labor was organized. The farmer is talking of organizing and must do so to protect his interests. We wonder if these organizations may not become so top heavy as to threaten to upset the government. One of the great questions today is to see to it that the government continues to function. The government must promote the general welfare which means that the farmer and laborer must have a fair price for his produce and work.

"A corollary of this principle of welfare is that the governments must at all times insure protection to life and property as expressed in the preamble of the Constitution as one of the principles upon which the country was based. The Democrats say they would abolish the state police force. They say that the sheriff is the local law officer; that he alone is responsible; that the only other force is the

(Continued on page 8)

MEMBER RIDING CLUB SUFFERS SET BACK

Couldn't Steer Steed

Was there a maid dismayed?

You tell 'em Brother, but the Antlers stables saved money on the deal.

It was a bright October morning when Dorothy Nyhus, a charter member of the Riding Club ordered a spirited charger for an early canter. The horse was backed up to the front porch of Bemis and Dorothy got on. Over the hills and far away? Well not quite. The noble Pegasus had a different idea, back to the nosebags was his ambition and he set forth with a singleness of purpose to accomplish his purpose. The horse pranced back to his stall and Dorothy came home on the car. Ride 'em Cowboy!

QUESTIONAIRE DIGEST, FACTS ABOUT ALUMNI

40% Are Unmarried. C. C. Grads All Over World

Thirteen hundred and twenty-five men and women have received degrees from Colorado College. Last spring before the addition of the class of 1922 a questionaire was sent to all alumni and former students. Over five hundred of these questionaires were filled out and returned by graduates and over 400 by the former students. All figures, unless otherwise stated are based on the 500 returns of the graduates.

Altogether, the questionaire brougnt back to the College information, criticisms and constructive suggestions from almost one thousand of its alumni and former students. Some of the following facts based on the questionaires may be of interest:

More C. C. graduates live in Colorado than in any other state. California, Illinois and New York follow

(Continued on page 4)

SENIOR GIRLS TO RAZZ MEN AT SHOW

Roxie Jackson Director.

Tomorrow at four thirty the Senior men (also four and five year students) and the women of the college will be treated to a performance without parallel in the known world. For in Cogswell Theatre the girls of the Senior Class are to put on a "Chalk-faced" minstrel show.

The performers have been hard at work for over a week, original songs and jokes are being practiced with pep, and the continuity of an original plot has been carefully worked out and rehearsed.

The performance is in charge of Roxana Jackson who has sent out personal invitations to the Senior men, who are to be guests at the affair, all

BENGALS LEAVE FOR MORMON TOWN THURS.

Parade Takes Team to Train Coaches Talk at Station

The student body of C. C. fully demonstrated to the team yesterday morning as they left for Utah that they were behind them to the utmost. Coach Meade in a short speech before the train left said that if the men had the spirit when they faced the Mormons that the students showed at the train they would make it hot for Utah.

Three morning classes were cut short and the forth period cut altogether. The students met at Perkins at ten thirty and started the parade from there. With a big Tiger banner and the band in front, the team was carried through the downtown streets in cars before they went to the train. The men of the four classes came behind in single file. At Busy Corner they made a big circle and held an impromptu meeting.

At the depot Coaches Meade and Lavik, and Doc Woodward gave short speeches. Several reluctant members of the squad were hoisted up on the baggage truck and expressed their determination to win while the surrounding fellow students showed their approval.

Y. W. C. A. TO STAGE BIG CIRCUS TOMORROW AT 1:30

Cossitt Gym Scene of Show

All the animals of the Jungle are going to be there—not lifeless as in the museum, but living, breathing realities! All the best known performers of the Orpheum and Keith's have been persuaded to appear. All the expert cooks are now working, and the

GAME WITH BOULDER SATURDAY WILL SHOW OLD TIMERS TIGER FIGHT STILL LIVES WHEN BACKED BY STUDENTS AND ALUMNI

Plans Completed for Two Whole Days of Welcoming the Old Grads Back to Alma Mater

The annual Homecoming celebration will be held November 10 and 11. The program starts with a parade at noon on Friday, November 10. It is to be a regular parade, with floats representing the different organizations. On Friday afternoon there will be fraternity and society entertainments, and on Friday night the Sophomore Class will give its big annual Barbecue, with all its usual features. Saturday morning the societies will have their alumnae breakfasts, and at noon there will be an Alumni Luncheon at Cossitt Hall. Saturday afternoon we will show Boulder just how much pep and spirit a school can have by all getting down on Washburn and watching the Tigers fight the boys of the Silver and Gold. Saturday night there will be a banquet for the women in Bemis Hall and one for the men in Cossitt Hall, followed by an All-College dance.

Trains Will be Met

Ellwood Amos, chairman of the welcoming committee will see that every train coming into Colorado Springs during the days immediately preceding the Homecoming celebration is met with cars to take the old grads wherever they wish to go. The fraternity houses, the halls, and the homes of the students are to be thrown open to take care of the alumni during the celebration.

Immediately upon arriving in Colorado Springs the visitors will be taken to the Administration building to be registered by the registration committee which is in charge of Alice Sweet.

Robert McIlvane, the president of the Student Commission, is in charge of the entertainment committee and will see that the program outlined above will be carried out to the full satisfaction of all.

ELLIOT EXPLAINS NEW AMMENDMENTS WED.

10 Bills Discussed

David Elliott, state senator from this district, explained the proposed amendments to the state constitution in chapel Wednesday morning. He said that the citizens of Colorado ought to be extremely careful in their decisions upon amendments since they are of vital importance. In the case of the proposed reapportioument of the voting districts, Mr. Elliott believes that this can only be carried out in a proper manner by the legislature, since it is best fitted for the job. In regard to the property rights of aliens, Mr. Elliott believes that it would be advisable for the state not to take any action on this until the case now pending in the Supreme Court concerning the property rights of aliens in the state of Washington has been decided, which is set on the docket for November 27th.

COACH MEADE PROUD TO HEAD TIGER SQUAD

Is Popular Coach

In a recent interview Coach Meade made the following statement: "To those interested in Colorado College I am glad to say that I have been well received by the faculty and student body and the people of Colorado Springs. I have received the best of cooperation from every angle. I am proud that I am now a Tiger."

The Tiger mentor comes to C. C. from the coaching school at Illinois University and with a wealth of experience as a successful director of athletics.

Telfer L. Meade started his athletic career at the high schools of Salem, Indiana and Decatur, Illinois. He then entered the Indiana State University where he was for four years a member

This Issue Edited by Russ Hunter.

THIS IS THE FIRST SPECIAL ALUMNI EDITION.

Altho the Tiger is primarily a student publication a large portion of its subscription list is made up of alumni. We appreciate the interest shown in our present campus affairs but we feel that it is only fair for us to occasionally do something a little bit extra for the sake of our alumni constituency. That's why we intend to publish periodically these special alumni editions. In these issues we will consider the interest of the old grad just as we consider the interest of the present student first in the regular issues.

Once we have attended C. C. we always retain an interest in the affairs of the campus and of our fellow students, but the present student body takes as matter of course many things that have come since a good part of the alumni have been gone. That is why an alumni special edition is necessary occasionally.

This is not a bid for Tiger subscriptions from the alumni. The alumni have already made these issues possible and necessary by their support of the Tiger, but of course every additional subscription makes the Tiger just that much stronger. With these special issues the alumnus should be able to read the regular issues of the Tiger without feeling that he is reading foreign news. We hope in this way to make the present C. C. as real to them as the memories of their own undergraduate days.

W. K. C.

LOYALTY—Extracts from an Address of the Late Dr. Branner, of Stanford University:

Loyalty is an important factor in the making of character, and even, if you care to look at it in that light, an asset in your profession, or in your business.

Perhaps I lay a little more stress upon this point because I come of a people who habitually place a high estimate upon every phase of loyalty. We seem indeed to have exaggerated or distorted ideas of loyalty, and we rather overdo the thing at times in the Southern States, where we keep up family feuds one generation after another, and vote one political party all our lives through thick and thin.

Without making any fine distinctions I start with the proposition that loyalty is the most valuable attainment, if we may call it an attainment, or the most valuable trait of character, if that is a better name, that any man or any people can have in this life. And I challenge any one who questions this theory to put the matter to any test he chooses to apply from the highest moral standards down to the lowest commercial ones.

Now, loyalty has to do with our relations to principles, or to organizations, to communities, and to persons. I would have it distinctly understood that I regard loyalty to a right principle as the highest type of loyalty, and the kind that must always be satisfactory in the end.

When you get through your university studies and go out into the affairs of life, if you become employers of other men, you will lay great stress on the loyalty of those you have about you. You may not put it to yourselves in just this form, but if you are wise you will none the less be influenced as much, or even more, by the loyalty of your employees than by any other one quality they may have. You will say of every man you engage: "If I can't trust this man to think of and work for my interests, I don't want him around, no matter how skillful he may be in his particular line of work."

There are certain things that loyalty does not demand of us. For example, it does not require of us in being loyal to one person that we be disloyal to others. Environment and education often lead us to look at things differently, and honest men may conscientiously differ, but we are bound to respect the attitude of other people, or as Professor Royce puts it, to be loyal to the loyalty of others.

Remember, too, that loyalty, like charity, begins at home. Where can one see a finer sight than that of a family that stands compactly together, helping and encouraging each other within, and defending each other from without.

And don't expect too much of anybody. We are all human, and human frailties are in our blood and bones. Whether the object of your loyalty be a person, an organization, a party, or a principle, you must not expect it to be perfect. None of the relations of this life is altogether satisfactory.

Loyalty is one of the big and far-reaching virtues; it makes trustworthy men and great men; as a national virtue it makes a people great. For if it is love that makes the world go round, it is loyalty that holds the world together.

Co-Eds Humbled

University of Arizona.—Ten Freshmen girls who have broken the penal code imposed by the sophomore girls of the University of Arizona were punished Friday by being forced to wear large bright green pasteboard ear-rings, an extreme surplus of rouge, and large placards bearing in distinct lettering the words, "I am an ignorant frosh." Not only did the girls have to wear these all day, but they were required to attend assembly in a body, when their names were called out they had to rise.

Official Kelly Adopted

Washington State College—Sophomore class of Washington State College decided at a recent meeting to wear the Derby hat as the official class distinction. Not to be outdone by the men with their distinguished head-dress, the girls are planning on some similiar scheme.

Centre College has enrolled 290 students for the coming year with 25 states represented.

Mr. Kidder,
Tiger Advertising Manager says:

"Mr. Dentan' I think you have a bargan to offer the organizations of Colorado College in the way of programs for dances, parties and other gatherings and I am sure you will get results if you will call their attention to the fact that you have an elegant line of engravings which they can select from at a tremendous saving. On the strength of this belief I want to sell you a quarter page ad in the Tiger."

It is needless to say that Mr. Kidder had the attention of his prospective advertiser immediately and succeeded in selling twelve inches in about two minutes' time. We had previously explained to Mr. Kidder this money-saving plan and we are sure he will be glad to tell anyone interested about it. Another way would be to drop in and see our salesman and let him show you samples and explain the benefits to YOU in "buying printing with forethought."
Mention Christmas Greeting Cards and see what a surprise is in store for you.

C. C.'S WHO'S WHO

Ralph J. Gilmore

Ralph J. Gilmore was born December 18, 1885 at Williamsport, Pennsylvania. He completed his secondary education there graduating from high school in 1903. He then entered Lehigh University, South Bethlehem. While an undergraduate at Lehigh his chief extra-curricular interest was in editorial work. He received his A. B. from Lehigh in 1907 and then did a year of graduate work at that institution. After finishing his course at Lehigh he taught school for a year at Steelton, Penn. During the year 1909 he attended the School of Marine Biology at Woods Holl, Mass., and returning to Lehigh took his Masters degree in 1910.

* * *

Dr. Gilmore then entered Cornell University as an assistant instructor in the biology department and was engaged there for two years when he went to Cleveland as acting head of the Biology department at Western Reserve. In 1913 he returned to Cornell as an instructor and during this time, he completed the work in preparation for the Doctors degree which he received during the summer of 1914. In February of that year he went to Huron College, Huron, S. D., as head of the Biology Department where he taught till his appointment to Colorado College in 1919.

* * *

Extracts from Dr. Gilmore's thesis on the Salamander was published by Colorado College in 1920 and a minor thesis appeared in the Nautilus, an eastern periodical. He is the representative to the athletic conference for Colorado College and is the founder of Delta Epsilon the local scientific society.

For the past two years Dr. Gilmore has interested himself in the problem of the relation of pollons to hay fever, this year he has received an appointment from the Carnegie Foundation to study the distribution of the toxic pollens.

* * *

His interests mentioned above are merely secondary. His main concern is keeping one jump ahead of his two young daughters, Mary Ella, Bob; and Ruth Corson, alias Bill.

He is a Phi Gam pledge.

Bacon, beans, and apple-butter, is his favorite food.

He is a member of the Lions Club.

Salamanders, daughters, and renal portal systems are his grand passions.

Not Worth Salt

Paid waiters have displaced the boys in Harvard who used this vocation to put themselves through school. The reason given by the management of the commons was that the collegians ate too much.

C. C. PLANS TO SWELL ENDOWMENT SOON

Shoup Heads Committee

At the last meeting of the Board of Trustees of the College, a plan of organization of the pending financial campaign was presented, discussed, approved in principle and referred to a special committee for further development. Governor Shoup is chairman of this committee. In brief the plan contemplates in the first place organization of a quite large General Campaign Committee consisting of men and women of high standing in Colorado and elsewhere, who will by accepting membership stand sponsors for the campaign as a whole. There will then be smaller committees, including an Executive Committee, which will take the burden of leadership and work. The several committees will contain representatives of the Trustees, Faculty, Alumni, students and civic and commercial organizations.

The next five months will be occupied with perfecting organization and with personal work for subscriptions. There will also be a development of publicity along many lines designed to give important information about the College and its future and therefore to stimulate interest in its support. The final campaign will probably be made intensively during the months of April, May and June.

The goal of the Campaign is the addition of $900,000 to endowment funds. Toward that sum, $430,000 has already been subscribed and $106,000 has been paid in. Any form of Endowment and any special use for such funds will meet the conditions of the campaign. Probably the one object most interesting to Alumni is the completion of the War Memorial Endowment to provide scholarships in honor of those who died in the World War.

Penn States Accepts Challenge

Corvallis, Ore. Pennsylvania State University will accept the invitation of the Pacific Coast Intercollegiate conference to represent the east in the Intersectional football game at Pasadena, Calif., January 1, against a team to be selected by the Pacific Coast Conference, according to a message received late today by Dr. C. H. Dubach, president of the coast conference.

* * *

University of Idaho, Moscow.—The mental capacity of all new students will be catalogued this year by a series of intelligence tests to be given by the psychology department. About 150 students a day will be examined until the list is completed. The tests will be on the order of those held last year but they will be much more comprehensive and thorough this year. They are given in order to evaluate the possibilities of each student and to determine his capacity and ability for learning.

"When Good Friends Get Together!"

One of the attractive features of the life among the young women at Colorado College, is the informal concert following the after-dinner coffee hour in Bemis Commons on Sunday.

COMMENTS

by Arthur Disbrane

Facisti Control Italy

After two years of effort the Fascisti are in control of Italy. Their leader Benito Mussoulini has formed a new cabinet to succeed that of Luigi Facta which resigned last week. The Fascisti comprise a new party that first came upon the political horizon of Italy in the past war elections of 1920. It has no definite domestic program except that it is opposed to socialism in any form. Like every other party it declares itself to be in favor of peace and prosperity and a return to normalcy. On the other hand it has a very definite foreign policy that calls for expansion and terms the Mediterranean an Italian lake. Signor Mussoulini has chosen a very able cabinet and favorable results are to be expected. For the present, at least, socialism and communism have suffered a setback that cannot be overcome for years. The Fasciti are organized like an army and for the most part are young men. Such a turn of events will, no doubt, have a very definite effect on the already complicated Near Eastern situation.

Hotly Contested Election Campaign in England.

England is witnessing one of her most hotly contested election campaigns in years. With the single exception of the Labor Party no political group has, as yet, announced its platform. A good bit of the campaigning is hinging on the course that Lloyd George will take. There is talk of his forming a "Center" party but as yet there has been no such move. The Liberal party is divided into two camps the one supporting Lloyd George and the other adhering to Asquith. The latest reports indicate that in many districts the Lloyd George candidates are not opposed by Unionists indicating that there is a possibility of the two groups eventually uniting. On the other hand there is a possibility of the two factions of Liberals joining hands. In the melee the Labor party hopes to gain strength since it seemingly is the only one not torn by internal disputes and differences. Both the Liberals and Unionists are strongly opposed to the program of the Labor party and many prominent members of both parties seem to be working harder to defeat the Laborites than to have their own particular party win.

Coalition May Be Necessary

The next Parliament will have only 615 members and only two groups have enought candidates in the field to win a majority, the Unionists and the Laborites. Unless the conservatives can get 315 seats in the next parliament England will have to revert to a coalition to get a working majority. The present cabinet of Bonar Law is a very strong one and may by some miracle get the voters to return a house favorable to them. It is highly improbable that Lloyd George will ever be premier again.

New English Dreadnoughs

It is interesting to note that in spite of the charges made by the enemies of the Washington Disarmament Conference that it was a failure that the two new dreadnoughs ordered by the British Admiralty are within the specifications laid down by the conference. It is said that both England and Japan had plans drawn for ships that if ever constructed could not pass thru the Panama Canal. If the United States were to compete with them in such a race it woud be necessary to construct ships of equal size and then to expend perhaps hundreds of millions widening and deepening the canal if it were to be of any practical use in the national defense.

Liquor Order Leading to Complications.

If the Supreme Court upholds the decision of Attorney General Daugherty that no ship may carry liquor within territorial waters America may find herself in a very awkward international complication. The French ambassador has sent a note to the state department stating that all ships operated under the French flag are regarded and are to be treated as French territory. A statute provides that the members of the crews of French ships be given a certain amount of wine every day. Should we put this interpretation on the eighteenth amendment France will doubtless retaliate by hampering American merchantmen calling at French ports.

Obregon Bringing Peace to Mexico

Mexico has just successfully put down a revolt in the southern state of that country. Obregon has gone far in securing for that strife torn country a much needed period of peace and prosperity. Both life and property are far more safe in that country now than they have been for many years. Such good behavior will doubtless be rewarded in time by the United States giving the Obregon regime official recognition.

BOUCHER OPENS C. C. RADIO STATION 9-XC

Concerts Monday Evenings Free to Public

With the advent of cooler weather and the consequent lessening of atmospheric disturbances, the reception of interest to know that concerts are interest is improving. It may be of of interestto know that concerts are being received by the college radio station 9 XC from radio stations located over 1000 miles from Colorado Springs, and these are amplified by means of the loud speaker so that ordinary head receivers are dispensed with. During almost any evening of the week, concerts may be heard from the Kansas City, the Sweeney Automobile School of Kansas City, Mo., The Fort Worth Star Telegram, Fort Worth, Texas, three radio stations in Denver, Colorado; one in Salt Lake City, one in Dallas, Texas, and the Palmer School of Chiropractic in Davenport, Iowa. The grade of music is of the best. Very little Victrola music is being transmitted. In fact the newly created Class B license prohibits the use of talking machines for radiophone concert purposes. It is said that some of the high class transmitting stations are spending as much as $1000.00 a week on their musical programs.

The variety of music ranges from solos by grand opera stars, to the popular syncopations played by the Dizzy Four Orchestra. Frequent addresses of various kinds are given.

Beginning with next Monday evening and each week thereafter until further notice, Mr. Boucher of the department of physics will open the radio laboratory to the public. Members of the student body and faculty are especially invited to come and listen to these radiophone concerts.

Remember the place — Radio Laboratory, Room 14, Palmer Hall — time, 7:00 to 9:00 p. m. each Monday evening.

Dr. Gilmore Pledged Phi Gam.

Dr. Ralph J. Gilmore was pledged to Phi Gamma Delta last Wednesday. Dr. Gilmore will be initiated during Home-coming Week with Judge McHendrie of Trinidad who was a charter member of the local chapter.

* * *

Forestry Club Meets Thursday

The members of the Colorado College School of Forestry extend an invitation to all men interested in forestry reports and discussions to attend their regular meeting next Thursday evening.

Those who wish to attend are requested to get in touch with Paul Nesbit, William Westby, or Don Kissinger before that time.

Sigs Pledge Yates.

Sigma Chi announces a new pledge —Jack Yates. Yates is a member of the Freshman class.

During the last week the Sig house had a visit from Jean Corfman, a member of the Sigma Alpha Epsilon fraternity at Denver University and at present the principal of Victor High School.

Faculty Members in Outside Work

Professor Goodenough of the English Department will publish a book, "A Study in Dramatic Compromise," as soon as the manuscript has been revised. The volume concerns the plays of Henry Arthur Jones, the English dramatist and will be printed by Nash, Jones' publisher in England.

Professor R. J. Gilmore will spend next summer in research work for the Carnegie Institution. Dr. Gilmore has been studying the relation of pollen to hay fever in this region for a number of years and this year will cooperate with Dr. Clemments who is in charge of the work of the Foundation in this region.

"What is the Gospel", a book by Dr. Ernest Davies, head of the psychology department, will soon be ready for the press. This is the third volume which Dr. Davies has published.

Hallow'een Dance

The annual Hallow'een Cabaret Dance was held last Wednesday at Bemis Hall. A true cabaret atmosphere was given to the dining room by the introduction of an orchestra to provide the music for the amateur performers. Arrangements for the affair were in charge of Miriam Ellsworth. The Senior Town Girls were the guests of the evening.

SCRAPS FROM THE TRAINING TABLE

When the Editor of this column picks up bag and baggage and hikes to Mormon town it leaves others in a bad fix. At least the Tiger will have first hand dope. Don't embarass him by asking him how he went.

* * *

Advance dope has it that the game will be close. How close remains to be seen. There is one thing that we can guarantee and that is that the Boys will be there with the old "TIGER FIGHT."

* * *

"Stormy" Muncaster, although he has not been able to take part in scrimage the past two weeks, is again in condition and will be able to start the game.

* * *

Cox and Hinton are in condition also, both having practically recovered from their sprained ankles.

Have the Tigers ever played a game of football when there wasn't a C. C. rooting section? No. Well, this game with Utah is no exception. Wolfe, Wigram, F. Ryan, Mulford, and McBride will yell their lungs out, if necessary, at Salt Lake this time.

Remember the motto, "One game at a time," and the Upstaters are the next on the "Black List."

Let's not forget the men on the squad that stayed home this time. Better luck next time.

AGGIE-BOULDER GAME TOSS-UP SAYS DOPESTER

The main side show for this weekend is the Aggie-Boulder game at Boulder.

Boulder ought to put up a good game considering the comparative strength of the two teams, because it is her Home-coming day. This ought to make her fight. The Boulder Boosters will be there 100 per cent. strong.

Aggie student body will, undoubtedly, turn out 100 per cent. to back their farmer footballers. The Fort Collins Boosters Club is out backing the Aggies for the championship for the third time in a row.

The Aggies have the advantage over the State in both weight and experience, which is, no doubt, a great advantige. Quinlan, one of Boulder's mainstays of last year, is back and will appear for the first time this year against Aggies. This ought to pep the State up somewhat. The Aggies have two victories to their credit and will fight to keep their record clean. Boulder has taken two defeats this year and so will put up a fight to break their jinx.

GRIFFITH IN BASEBALL 22 YEARS AGO

Newhouse Writes About Griffith

The Tiger is in receipt of the following letter from Frank Newhouse, a business man of Denver.

Keith Chick.

Dear Sir:

Twenty-two years ago I umpired my first baseball game. It was played at Colorado Springs and was between Colorado College and the State University.

Ralph Glaze, former coach at Mines, and big league star occupied the box for Boulder. On the mound for Colorado College was Ben Griffith.

It was a pitchers battle, that game. Glaze won by a 2 to 1 score but Ben Griffith proved himself a good pitcher, a good loser and a good sport.

Griffith was also a football star, and when he studied law in Denver later he helped coach the Denver University squad.

Now that Ben is in the box in a lot more important game than college baseball I want to ask all coaches and athletes to get behind him. It will say a whole lot for athletics in this state to have one of their former stars in the governor's chair. Besides that, we know that anyone who is a square player on the diamond is going to be a square player in the statehouse.

Yours truly,

Frank Newhouse.

TEAM CHEERED ON FIELD WEDNESDAY

Students Stage Unique Pep Meeting on Washburn

The students of Colorado showed the team that they were behind them by their display of pep on Washburn field on Wednesday afternoon..

The girls started the meeting with the singing of Colorado College songs, and when they began to train their voices on the strains of Colorado C Men, the men joined in with them. The yell Leaders got into action and a good many yells were given to the Tigers who were at this time running signals.

The wonderful display of pep shown by the student body of Colorado College has been a much discussed topic. The spirit which the students carried with them to Ft. Collins, helped material in securing a moral victory. It is certain that the students displayed as much zeal and spirit as has ever been shown by a student body of C.C. With the introduction of this new kind of pep meeting and the good attendance there comes the promise of an even greater spirit of "getting behind the team" on the part of the student body.

W. A. A.

Miss Davis has announced that the English hockey coach who was expected to arrive on November 6th for a stay of a week, has had to change her plans and consequently will not come until November 13th, tho the length of her visit is to be the same. The girls who have gone out for hockey are all very much interested in the sport and it is the hope of the W. A. A. board that more girls will come out before the more strenuous coaching begins.

Town Girls' Party.

GIRLS! Don't forget the grand party which is free to all town girls tonight in McGregor Gym at 7:30. This is the great big function of the year and is to be a regular costume dance with prizes and everything, so be sure to be there on time to start the grand march and take your chance with the judges for the first prize. The dance is in charge of Edna Theobold.

Classics Sharks Will Hike to Garden

The Colorado College Classical Club is to stage a hike to the Garden of the Gods next Saturday evening for members of the club and their friends. Those attending the hike are to meet at Busy Corner at five-thirty Saturday afternoon.

DENVER SUPT. BACKS HOMECOMING

Newlon to Release Teachers the 11th

In order that the Homecoming this year may be as great a success as possible, Mr. Jesse H. Newlon, Superintendent of the Denver Public Schools, has given his permission for the Colorado College Alumni who will attend the State Teachers Convention at Denver, November 9th to 11th, to be present at part of the Homecoming festivities.

Those who will be at the convention will have the opportunity to leave Denver Saturday morning, November 11th, in plenty of time to get here for the C. C.-Boulder game at 2:30 p.m. Since this is the main event on the program, this news will be especially gratifying to those who thought they would be unable to see the game. The banquets at 6:30 p. m. and the All-College Dance immediately following are the features for Saturday evening.

WHO OUGHT TO BE BUT AIN'T

Edward J. O'Brien

Freshman—football.
Sophomore—Banquet Committee.
Junior—Class Farce.
Senior—candidate for graduation.

Aside from this he is a member of Pearsons Dramatic Club, on several homecoming committees and a consistent member of the fusser's club.

This brilliant youth (refers to hair) has a permanent wave and the same kind of a job. He is most often to be found in the rear of the local Drug Store but now and then he waits on a customer. We might add that he is Irish and loves all things common to the Irish race such as fights, cabbage, spuds and brick bats.

HE OUGHT TO BE an able manager of his love affairs having had so much experience at the managerial game for College teams; but his hair is so fascinating that he can't keep the girls away so HE AIN'T.

HE OUGHT TO BE about ready to graduate according to Prof. Hulbert, but according to Red HE AIN'T.

But all in all, there is little that HE OUGHT TO BE that HE AIN'T.

* * *

Nothing
We'll sing a song of luncheon,
A dollar and a date
Then take the date to luncheon
And put our trust in fate.

Perhaps you may enjoy it
I have no doubt you will
But the waiter will destroy it
I mean your dollar bill.

It's a problem in subtraction
That the best of men can't solve.
It will drive you to distraction
To see that buck dissolve.

* * *

Enter Lima:—Hello Jelly, where have you been?

Jelly:—Oh some navy pinto had me on the string.

Lima:—Well can you tie that?

Jelly:—Go ahead I don't carrot all.

Lima:—Oh lettuce quit this nonsense.

Jelly:—Very well let's beet it.

Exit.

Y. M. C. A. TO DO SOCIAL WORK

The. Y. M. C. A. cabinet together with the Advisory Board, dealt with some very interesting phases of work at its meeting on Tuesday evening. The committees established at the general meeting were more thoroly organized, and their work in the near future was given a definite outline. Coach Lavik, Professor Parker and Professor Drucker were asked to take charge of some work among the Boy Scouts at Papetown. Donald W. McKay was made chairman of the Community Service Committee, which will also work at Papetown. B. W. Crockett made arrangements to organize some student discussion groups on the campus. A delegate was appointed to act in cojunction with a representative from the Y. M. C. A. at a special meeting next Sunday of student representatives at Denver.

Hypatia Tea.

Last Friday afternoon the members of the Hypatia Literary Society were hostesses to the Freshmen and new girls at their club rooms. Ticknor Study was beautifully decorated in green and white, the colors of the society, with autumn leaves in the fireplace and around the lights. The guests were seated at many little tables on which the green and white motive was again displayed, the refreshments being in the same design.

The program which was delightfully presented for the guests consisted in the following:

Piano Solo, Clara Vorreiter.
"While the Auto Waits" (O Henry) Harriett Bumstead.
Dance, Gail Landers.

Don't forget "Tender Steaks and Apple Pie" at Bruin Inn.

Sweaters that are Made for Sports and Sweaters that Aren't
If your taste runs to sports, there are big, warm sweaters that are as sportsman like—as they are comfortable. But for the mode of sweaters indoors, there are many new ideas, that will meet with instant favor of the Collegiate Miss. Hand-knitted or not — with stripes, plaids, novelty patterns and clever boxes adding colorful charm to the whole — in silk, wool, of fibre — oh, they're wholly lovely—smart—and so moderate in price.

SOPHS BARBECUE TO BE FEATURE OF FETE

Homecoming Stunts Show Pep

Only a week more remains before Homecoming will absorb the minds of all the students and a good number of the alumni. These two or three days promise to be red letter dates on the calendar of Colorado College. Aside from the big game with Boulder, the best attraction during this week will be Sophomore Barbecue, the twenty-seventh of its kind in Colorado College.

While no definite arrangements have yet been decided upon as to the final program for the Barbecue, the old dope will leak out and from it there comes a tale of interest. Something new is promised this year, and it does not apply exclusively to the food. Preceding the feast, there will be a short program in which will be combined the beauty and the skill not only of the Sophomore class but of the whole student body, as well as the alumni.

Frances MacDougall, president of the class of '25, will give the welcome address and he has promised everyone that it will be short. Then there will be a stunt from the Freshmen class and "something new" from the Sophomore girls. While the nature of neither is known at this time, it is expected that the Freshmen will work up something appropriate of the Boulder game the next day. The class song will be sung by the Sophomore girls, and a dancing feature has been arranged. The committee in charge has promised some keen displays of silks and costumes.

An effort is being made at this time to secure the services of Hon. Ben Griffitn to speak at the barbecue. There will also be a short talk from President Duniway.

The last part of the program will probably be given over to the chairman of the enthusiasm committee. Along this line something else new is promised in the line of tossing, and it is rumored that many of the Freshmen girls will find their way into the balmy regions above the Stadium.

Then the "bread line" will be formed the same as in the barbecue of last year. Stan Delaney is in full charge of the food and there will be a sufficient supply of food for the most barbarous person that will infest the regions of the stadium on that night.

After all have appeased their hunger, they will depart for the gym, where a jitney dance will take place. Then after dancing the evening well into morning, the satisfied, yet eager throng will depart — some for the Halls—some for the "Lodges", where they will anxiously await the morrow when the setting sun is expected to bring forth another C. C. victory, the sweetest of them all, over Boulder.

TIGER TEAM SPILLS DOPE THIS SEASON

Critics Back Down

By Larry Wolfe.

The Tigers started this season under many big handicaps. The loss of such stars from the squad as "Slant" Briggs, Fat McKenzie, "Heavy" Lin-Linger and Mitterwalner, "choices on all conference teams", as well as Charlie Ball, Don McMillan, "Pat" Patterson, "Stoop" Wilson, Bill Saffold, "Gob" Harvey, Ira Hicks, Fat Downer and Mal MacDougal, other heroes of many a hard Tiger battle, was a handicap not easily overcome. Added to this loss of 13 letter men, Coach Meade, the new Tiger mentor, and his assistant, Coach Lavik, had only two weeks to prepare for the first conference game with Wyoming University, a team of unknown strength. Another gloom bringer was the smallness of the squad that reported. Only six letter men answered the call and the rest of the squad was light and inexperienced. Around these six men, a team of conference standing had to be built in the short time of two weeks. The task appeared hopeless and the dopesters were quick to rate the Tigers as one of the weakest teams in the Conference.

Imagine the surprise of the critics when this green Tiger team met and completely outclassed Wyoming in the first game of the season and won by a score of 20 to 0. Added to this surprise, was the real class shown by the Bengal team. Even the staunchest Tiger backers were surprised and happy over this unexpected show of strength and the whole Tiger school was encouraged.

The next game was with Gunnison Normal, a heavy, highly-touted team, from the Western Slope. Although outweighed, the Tigers started to work with a vengeance and rolled up a score of 58 to 0 on this team. The class shown in this game caused some of the critics to think that perhaps they had underestimated the Tiger team.

It remained for the game at Fort Collins, though, to put the finishing touches to the dope. The Aggie team, considered by many as the strongest team developed in the conference for several years, was a topheavy favorite to roll up a big score. Needless to say, the game was **some big spill of dope.** Never had a Bengal team more deserved the name of the "Fighting Tigers" than it did in this game. Outweighed, outclassed in everything but fight, the jungle beast with its back to the wall, fought back even after hope was apparently gone. With no chance to show their speed in offensive play, all they could do was fight, kick out of danegr and then fight and hold again. No brighter page has ever been printed in Tiger history than that game on Colorado Field. A light, inexperienced team held the most powerful offensive team in the conference to a scoreless tie. How the lightest team in the conference could hold the powerful Farmer team eight times for downs within the 15 yard line, can only be explained by the one word, "Fight"!

"Slant" Briggs, the old Tiger standby, who was on the sidelines, came very near expressing the feelings of all the C. C. rooters when he said, "I have played some hard games for C. C., but never one as hard as this one today. It was the greatest game I ever saw and I am sure all in."

This is the kind of a Tiger team that is to play Boulder on Washburn Field, Homecoming day, November 11th. They may be outweighed, outclassed and outplayed, but we can promise our Alumni that they will not be outfought! Little of the comparative strength of Boulder and C. C. this year, can be obtained until after the Tiger game at Salt Lake the 4th. Utah University beat Boulder at Boulder and by dope, should be the slight favorite over C. C. at Salt Lake, but you never can tell about a team that is always fighting. In any case the Tigers should have at least an even chance for a win.

We can promise our Alumnae and backers that this year's Tiger team is one they will be proud to get out and root for, a team that will make them proud of their school and a team whose spirit will make every C. C. student, Alumnae and backer feel every play like "Slant" Briggs did in Aggieville.

Both Boulder and C. C. are noted for rising to unexpected heights in their annual games against each other, so this Homecoming game should be a corker, and no one should miss it!

115 persons attended the first function of the year of Pi Kappa Alpha at the University of New Mexico recently.

The All-round C. C. Girl

No longer has to sit on the shore when the wild waves call! Beginning and advanced classes in swimming are conducted at the Broadmoor Swimming pool.

To the "Old Grads" and the "To Be-s"

"The Boys", since the beginning of their business have always been loyal supporters of The Tigers—wherever possible entering into their activities with an unselfish desire to help all that they could.

In their store they have catered to the college man, carrying those things that will appeal to the college man's good taste and judgement in dress.

Today, as in the past, The Tigers find the better styles, "the shadows that are cast before" at "The Boys".

"Dempsey" at Columbia

Daniel Herman, 12-year old freshmen in Columbia College, is the latest addition to the long list of academic Dempseys that have made their appearance upon the campus of the Blue and White within the past few years. He lives at 70 Morningside Drive, and came to New York City from Galveston, Texas.

According to little Daniel he expects to be graduated from Columbia College in two and one half years. He will attend summer school every season. At the present time he is carrying an unusually heavy course including mathematics, languages, and Contemporary Civilization. — Columbian Spectator.

* * *

New York City.—Columbia university is taking a record step in forensics by meeting Oxford university of England in a three-man debate. The question is "Resolved, that the United States Should at Once Join the League of Nations." The decision will be rendered by popular vote.

FOOTBALL INSURANCE

Most of the Aggie football warriors have been insured against injuries. The Franklin - Robbins Insurance agency wrote the policies which have a special clause for gridiron warriors. Only one claim so far has been presented. Bill Pitcher, center player on the team, was paid $28.00 Saturday on account of an injury to his knee.

14 UNITS MINIMUM FOR ENTERING C. C.

100 Applications Rejected

Doubtless most of the constituency of the College have noted with interest the higher admission standards adopted by the Faculty in the last college year. Applicants are no longer admitted merely on graduation from accredited high schools, but must present certain defined acceptable units amounting to a minimum of fourteen for conditional entrance. The effect of the new regulations is seen in the fact that this year's Freshman class is nearly one hundred fewer in numbers than last year's class. More than one hundred applications from students not properly prepared were rejected. Good results are at once apparent in the better quality of the first year class through the fact that they have more adequate preparation for College work.

There is also plainly apparent an enhanced reputation among school faculties and secondary students who respect an institution of high standards. It may be confidently predicted that the cutting down of numbers in the first year class is only temporary, since similar results have followed raising of standards in other institutions. It is also quite certain that mortality of the student body arising from low scholarship and from discouragement about making up requirements for degrees will be greatly lessened.

Cornell Co-eds Take Course of Football Lectures

Cornell College co-eds, loyal supporters of all Royal Purple athletics, are taking a course of footbal l lectures under Director of Athletics Sherman W. Finger to thoroughly familiarize themselves with the game so that they may root intelligently.

The co-eds contend that but few people who have not played foothall really understand the sport. They propose to appreciate the finer points of the various plays as well as the success of the winning team. Before the end of the season the Royal Purple bleachers will be full of fair rooters who with their football knowledge supplemented by feminine intuition will be qualified to turn their thumbs up or down in criticism of 'varsity' tactics.

At the first lesson Director Finger kept to the basic fundamentals of the game. He explained field positions, gave the list of 'varsity' players and how they lined up on the fie'd and the principal duties of each man. When the strict training rules observed by each member of the squad were explained, the co-eds pronounced the restraints on the use of "fags" candy, pastry, dates and late hours as cruel The lectures are supplemented by chalk talks and laboratory demonstrations in which a number of gridiron players go through a series of simple formations to the delight of their feminine audience.

Frosh Win

The freshmen at D. U. will have to wear their caps only until Christmas, as a result of having won two out of three sophomore-freshmen battles.

Former C. C. Dean Installed at Bryn Mawr

Dr. Marion Park, formerly Dean of Women and Instructor in Greek and Latin at Colorado College was formally inaugurated as President of Bryn Mawr College on October the 20th. A New York Times report says that even in its famous May Day fetes, Bryn Mawr never presented a scene more colorful than Dr. Parks inauguration.

"The perfect weather," writes the correspondent, "brought out the women in dazzling hues of new gowns and hats with which mingles flashes of scarlet, blue, red and violet as the capped and gowned dignitaries displayed the colors of their various degrees.

In the procession that preceded the ceremonies more than two thousand spectators and some five hundred notables, including Governor Sproul and the presidents of thirty-six universities as guests, formed in a line and walked across the green and around Taylor Hall into the quaint medieval quadrangle of the cloisters.

Dr. Park when she rose to speak was greeted with great enthusiasm. She told of the growth of Women's colleges and of the change that has taken place in recent years. "The barriers," she said, "that have been set up by colleges to exclude the less well prepared should be surmountable by straightforward and active intelligence plus diligence; that there should be no possible judge of shibboleth of training administered by schools of a certain kind or by special teachers who are in the secret."

Every college should be a going concern and pay its bills. Its policies should be toward lesser individual expense for the students.

"A college must have variety because every intellectual exercise in the class room, every discussion on the campus shows the value of it.

"It is especially the business of the women's colleges to keep in mind the profession of teaching, to call out and encourage the students who show that combination of intelligence and imagination necessary for the good teacher, and to see that she is directed into the proper preparation."

PROF. PALM PUBLISHES FIRST BOOK

Professor Charles Palm has recently published a book, "The Economic Policies of Richelieu". The volume is a publication of the University of Illinois and exchange copies of the work are now on file at the Library. Prof. Palm is now an assistant professor at the University of California.

He has also issued a syllabus for lecture courses in the university. Professor Palm was head of the history department in this school until 1920 when he accepted his present position with the California University.

President Crabbe of the Colorado State Teachers College has been appointed on a national committee for Nature and Content of Supporting Non-Technical Courses in Economics and English.

Just Like the Old Days!

Students on their way to Chapel, with Palmer Hall in the background.

Miscellaneous Activities — Faye Lilley, leading lady at the Community Theatre, Colorado Springs. Suoma Leino, librarian at Telluride, Colorado. Mary Clegg Owen, Secretary to President Duniway. Harry Taylor, First National Bank, Monument, Colorado. Ralph Hankins, with Goodyear Rubber Co., El Paso, Texas. John B. Jackson, working in Seattle, Wash. Olive Haun, Secretary to County Superintendent of Schools, Colorado Springs.

State Phi Gams to Meet During Homecoming

The Boulder and Colorado Springs chapters of Phi Gamma Delta and the Denver Alumni chapter will hold a convention here following the Boulder Game November 11.

The Boulder and Denver men are to be entertained at the Phi Gam house while here. A smoker has been planned for Saturday night following the All-College dance and on Sunday morning the Greeks will enter on a business session. This is the first of a series of annual conventions which will be held at the time of the Boulder-C. C. football game.

SENIOR GIRLS SHOW

women being required to pay fifteen cents admission. Roxie intimates that anyone with a past had better come to find out how much the world knows of his future; while the unsophisticated had better appear to learn about the past's of others. And everyone will be surprised at the revelations of the present.

QUESTIONAIRE DIGEST

(Continued from page one)

next in order. There is scarcely an important country in the world where Colorado College has not least one representative.

Out of five hundred alumni, two hundred have never married. One hundred and fifty-five have married college graduates. Out of 1325 graduates, 112 have married each otner and fifty-seven have married former students.

Seventy-three alumni are of foreign parentage and 310 are active in community and church organizations.

One hundred and nineteen graduates have taken advanced degrees and seventeen of these were from Harvard. The most popular colleges and universities for advance study are: Colorado College, University of Chicago, Colorado State Teachers' College, Columbia, Denver University, University of Michigan, and Yale.

The Y. W. C. A. is the college organization having the largest number of alumni. The Dramatic Club, the Apollonian Club, and tne Minerva Literary Society com next. Phi Gamma Delta has more alumni than any other C. C. fraternity.

The fathers of ninety-eight alumni were farmers; thirty were ministers; twenty-nine were merchants, twenty-eight were lawyers, twenty-six were physicians, seventeen were bankers and eighteen were engineers. The others represent a wide variety of trades and professions such as architects, apiarists, bookbinders, carpenters, druggists, editors, factory owners, linotype operators, laundry men, librarians, mail clerks, college professors, ship builders, undertakers and Y. M. C. A. secretaries.

Actual research work has been carried on by 114 alumni and ninety-one have had technical articles, stories, sketches, poems and translations published in high class magazines.

Educational work has attracted the largest number of C. C. graduates with law and medicine close seconds. Only twenty-eight have followed the vocations of their fathers. One alumnus in five hundred has retired from business while one hundred and eighty own automobiles.

Out of four hundred ex-students, twenty-seven have followed the vocation of their fathers. There are more former students in Colorado than in any other state; California, New York and Illinois come next. One hundred and fifty-five own automobiles. Twenty have held political offices in state, city and county.

Kappa Sigma is the fraternity in college having the most ex-students. Phi Gamma Delta comes next. The Contemporary Club among the literary societies has the largest number of former students.

One hundred and thirty out of four hundred former students obtained degrees from other colleges. Eleven of these were from the Colorado State Teachers' College. The rest are divided between eighty-three colleges and universities in the country. Only sixteen took advanced degrees.

The average time spent by each former student at C. C. was one and four-fifths years. Out of 400 seventy left for financial reasons, forty left on account of their own illness or illness or death in the family; twenty-two married; twenty-seven left on account of the war and did not return; eighteen desired special training; thirty-seven desired larger schools—eastern colleges and institutions for special training; thirteen moved away from the city; twenty-six left to go into business or to work; fifteen wanted to be nearer home; twenty-two left becausc were dissatisfied with the college or had difficulty with the faculty or administrative officials. The others left for various reasons such as a desire to travel, the high altitude, too much fraternity life, one wanted to go where there was sorority life. A shortage of credits discouraged a large number who saw no hope of taking a degree.

DEAN JAQUA

(Continued from page 1)

Colorado College. Since his appointment to the office of dean of the college Dr. Jaqua has been principally interested in the improvement of scholarship and he is cooperating with the various organizations on the campus to improve the grades of their members.

Dr. Jaqua was born in Reinbeck, Ia., and after finishing his secondary education there he entered Grinnel University where he received his B. A. degree in 1907. For two years following his graduation he traveled in Indiana doing organization work in the college of that state.

In 1909 he entered the Union Theological Seminary at New York and at the same time attended Columbia University in preparation for his Masters degree which he received in 1910. He took his Bachelors degree in 1912. On his return from New York he was married to Miss Gwendolyn Evans, a graduate of Grinnel. At this time he accepted a position as junior dean of Grinnel and remained there till 1917 when he went to Harvard to prepare for his Doctors degree which he took in 1919.

After receiving the Ph. D., Dr. Jaqua resigned from Grinnel to accept a position with the Rockefellow Foundation in New York City but before he could undertake the duties of the new situation he suffered a nervous breakdown and was forced to retire from active life. He removed to a country place near Minneapolis where he remained till his appointment to Colorado College this fall.

COACH MEADE

(Continued from page one)

of the track and football teams.

After receiving his degree he coached for a year at Maquokata, Ind. Decatur, the high school from which he had graduated was his next post. He remained there until 1916 when he accepted a position at East Aurora.

In December, 1917, Coach Meade entered the Army and was stationed at the Great Lakes camp for 19 months as a machine gun instructor. After his discharge from the Army went to Lincoln, Nebraska as head coach of sports and athletic director. It will be remembered that his basketball team of 1920 won the Inter-State tourney from the local high school.

Meade came to C. C. this fall as director of athletics and is a popular figure on the campus. His work in moulding a stellar team from a small squad has won him the respect of all C. C. supporters.

HOMECOMING SATURDAY

(Continued from page one)

Jimmie Park is in charge of the publicity for the celebration and has already sent out letters and programs of events to practically every alumnus and ex-student of the College.

This should be one of the best Homecomings we have ever had. The old grads will have a good time if the efforts of the present students are of any value and the undergraduates will have a good time entertaining the older members of the big C. C. family.

GRIFFITH SPEAKS

(Continued on page 4)

national guard which they propose to call out when conditions require. It is only when the sheriff throws up his hands and says that insurrection is upon the community, and only then, that the state with any force at all can appear upon the scene of action. If you will think a moment you will see that this condition is inevitable. The cost of such action would be such that no administration would stand it.

"The Republican party says that it is the business of the state when a strike area has been created to place a police force there before life and property has been destroyed. It is always much better to keep order than to be compelled to restore it. An ounce of prevention is worth a pound of cure.

"Before we had the rangers we had only the two forces, the sheriff until he was overwhelmed, and then the national guard. The state had to pay $1,700,000.00 for the support of the national guard during a single strike period before the establishment of the ranger force. The rangers have cost the state $290,000 in the last two years. Contrary to popular opinion the ranger force does not consist of thousands of men. The normal force is fifty men and this has been supplemented at one time by temporarily recruiting an additional one hundred at one time and an additional ten at another time.

"Being human they may have committed excesses. But is that any reason for abolishing the rangers as something unsound? If this idea is fundamentally sound, if we continue to have peace and order in Colorado at a minimum of cost and maxium of efficiency why can't we continue it?"

Mr. Griffith also pointed out the fallacy of using the armories for warehouses and at the same time expecting to have an efficient National Guard.

HOMECOMING DAY

What appeal does it have for you?

DOES IT MEAN MORE THAN A CHANCE TO WATCH "C. C." BEAT BOULDER?

Of course it does. It means that once more you can be of active service to the college, back in the swi mwith the same old 'college crowd' and with the same old Tiger spirit that is always the same year after year.

Just so, will our Superior cleaning service appeal to you.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV | THE COLORADO COLLEGE TIGER, TUESDAY, NOVEMBER 7, 1922 | Number 15

UTAH BEATS TIGERS IN BLIZZARD GAME WEIGHT ADVANTAGE

Wessen Breaks Away for 95 Yard Run and Only Touchdown

On a snow covered field and in a raging blizzard, Utah triumphed over C. C., Saturday 20-7. It was the first defeat of the year for Colorado College and gives Utah a good chance for the title. To end the season with a clear slate Utah has only to win one more game and that against the weak Utah Aggie team.

Both teams were handicapped by the snow and condition of the ball, but Utah with an abundance of material and a 190 pound line was not so badly handicapped as the light fast Tiger team. It was impossible for light men like Hunter and Amidon to get a footing for open field runs even after they had broken loose.

The Tigers in the first half failed to show any ability to gain and when the breaks of the game gave Utah their first score it looked like a big score against the local team. In the second quarter Utah again pushed the light Tiger line back and after a series of line punches scored again.

With no ability to pierce the heavy Crimson line and the field in no condition for passing the game looked like a walk away, and the only question the Utah rooters asked was how big the score would be. At the beginning of the second half though, C. C. got the first break of the game and Wessen always following the ball was able to pick up a fumble and sprint 95 yards to the goal. Score—Utah 14; C. C., 7.

This break seemed to give the Tigers new cdurage and they opened up a passing game that carried the Mormon team completely off its feet. On three distinct occasions in the next few minutes the Tigers carried the ball to within five yards of the Crimson goal only to lose it thru fumbles. The third quarter ended with the Tigers in possession of the ball on Utah's 1 yard line and three downs to put it over. The first play of the fourth quarter was fumbled though and although recovered lost three yards. On the next play, Hunter carried the ball to within a fe winches of the goal but the next play was fumbled and Utah recovered. Any one of these opportunities should have been good on a

WASHBURN CLUB ENTERTAINS SUNDAY SCHOOL MOTHERS

Last Sunday evening the Philip Washburn Club was host to the mothers of the Sunday School children of St. Stephen's Parish. They entertained them at a supper in the Parish House. The affair was well attended and several of the mothers expressed their approval of the way in which the Club was carrying on.

After the supper Bishop Ingley gave a talk in the Church. The subject was, "The Task of the Church in Religious Education." This was of particular interest to the members of the club and also to the members of the parish. Bishop Ingley could make any subject interesting, and he made this talk especially so. So far the Club has been very successful in these talks by prominent men. The next one will be next Sunday night, given by Dean Borwne.

"BE TOLERENT, OPEN MINDED AND SLOW TO CRITICIZE," OKEY

Good advice, given in an interesting manner by Professor F. M. OKey, and praise of the Tigers for the fighting spirit they put up against odds, when they met Utah University last Saturday in Salt Lake, were the features of Monday's chapel exercises.

"Be tolerant, open minded and slow to criticize," was Prof. Okey's advice. He said that often the people whom we do not like at first, are the very ones we later find out are admirable, and that we should not over look the good qualities which every one has, by letting their bad qualities supersede their good ones.

Larry Wolfe, one of the rooters who reached Salt Lake via the side door pulman route, told the students about the game, saying that the Tigers fought better against Utah than they did against the Aggies. He said their areial attack was superior to any other team in the conference, but the best team won, with a weight advantage and on their own muddy field.

HAG HALL BOYS GET GENEROUS SLOT MACHINE

Some kind, generous person, has remembered the boys at Hagerman Hall with a wonderful slot machine. It is not just the plain everyday type that you see down town in the store windows, tho indeed from outward appearances you would never perceive any difference. But unlike any other machine that has ever been invented, it will give out peanuts, chewing gum, chocolates, and matches; then return the coin to the owner.

There are many and varied conjectures as to who could have bestowed this wonderful token of loving thoughtfulness upon the boys in the hall. Some think that it may have been left by the Salvation Army. Others suggest that it is a part of the work of the new Y. M. C. A. The general opinion is however that some fraternity man, ever thoughtful of his non-fraternity brothers is to be cred-

Prof. Swart Gets Letter Urging Suport For Andrew Gump

Editorial Note—The manager gave us this carbon copy of a letter which he found down at the headquarters of the Andrew Gump Compaign Committee. He feels that it will be of interest to Colorado College since it is addressed to one of the best liked members of the faculty. As to how it was received, we cannot say, but from all indications it received careful consideration.

November 3rd, 1922.

Prof. Jacob Swart,
1008 N. Wahsatch,
Colorado Springs, Colo.

Honored Sir and Voter:

A few dways ago we had the privilege of sending you a campaign button bearing the esteemed physiognomy of the Hon. Andrew Gump, Esq. in the hope that you would give your support to this worthy candidate.

This gentlement has a long record of public service which we respectfully submit to your consideration. His

(Continued on page 4)

FROSH TO BE TOSSED AT BARBECUE FRIDAY PARADE STARTS NOON

No Classes Friday Afternoon; No Chapel in Morning

According to plans of the Enthusiasm Committee there will be a pep meeting in connection with the Sophomore Barbecue next Friday night at Cossitt Stadium. At this time all Freshmen who deserve tossing will be called forth to submit to their punishment. All persons who know of first year men who have committed crimes worthy of such punishment are asked to hand their names to the following men who compcse the committee: Don McMillan, Larry Wolfe and Harry Dawson.

Parade

The time of the big Homecoming Parade next Friday morning rests with the Administration. With the permission of President Duniway, the Enthusiasm Committee hopes to arrange the parade so that it will not cut into the morning classes by holding the four morning classes straight through. According to their plans the students, organizations and their floats will meet at chapel as soon as the fourth period is over, and be lined up for the parade. There will be no afternoon classes.

GRIFFITH WINS IN C. C. MOCK ELECTION

Collegians Favor Constitutional Convention

The mock election held yesterday at Palmer Hall proved to be a complete success, and the members of the civics class deserve much credit for conducting it in so orderly a manner.

There were eightfy four girls and one hundred and twenty three men that cast ballots during the election.

First of all it is to be noted that Andrew Gump, candidate for Congressman carried everything from Governor to County Surveyor by a big majority. The balance of the returns are as follows:

For Governor:
Griffith—134.
Sweet—64.

For Congressman:
Hardy—139.
Horn—52.

For Judge of Supreme Court:
Sheafor—144.
Hill—35.
Schlessinger—5.
Collins—6.
Beuch—1.

For Secretary of State:
Milliken—141.
Noland—46.
Loomis—3.
Taylor—2.

For Constitutional Convention:
Yes—98.
No—43.

Antivivisection:
Yes—13.
No—169.

Educational Amendment:
Yes—134.
No—13.

(Continued on page 4)

SENIOR GIRLS SCORE HIT WITH MINSTREL SHOW SAT P. M.

Something new was presented to C. C. last Saturday afternoon when the Senior girls gave their chalk faced Minstrel Show in Cogswell Theatre. Heretofore plantation songs and dark complexions have been the rule, but tradition was broken this year, when take-offs on well known characters and profs of the school were cleverly done.

The show was based on the stealing of a chicken last spring from the Bemis kitchen, and the subsequent punishment of the thieves. Original songs whose lyrics and music were composed especially for this performance, were well received by an enthusiastic audience.

Including such song hits as "Strolling Around on the Campus," "I've Taken My Fun Where I've Found It," "Midnite Lunch" and "All House '23",, the show was a great success and is a tribute to the cleverness of the Senior girls.

NINE TRY OUT FOR QUO VADIS CLUB BUT ONLY TWO PASS

By Bob Swan

Remember the moving picture, "The Three Musketeers," in which the motto adopted was, "One for all, and all for one," Remember how they had to get through, and how they spent their combined effort to get a man through with the message? Remember how exciting, how thrilling it was? Remember how great was their purpose?

After having recalled these memories to mind, compare them with the adventure that nine courageous C. C. Rooters undertook. Compare them with the fact that out of nine only two got through. Compare them with the fact that all but two of those nine are still "waylaid" somewhere between here and the Mormon City, anxious to get back to their great cause—old C. C. If this isn't Tiger spirit, what is?

The names of those nine C. C. Rooters, who tried so gamely to see that game at Salt Lake, should go

(Continued on page 4)

Ruth Little, Martha Guttenberger Win at Town Girls Party

By Frances Tucker

The Town Girls Organization is certainly making its mark this year with parties, picnics and dances. Last Friday night McGregor Gym was again the scene of a picturesque dance, this time in costume.

The judges were Mrs. Swart, Miss Hutchinpillar, and Mrs. Sisam and prizes were given for the cleverest and prettiest costumes, tho the decision was a hard one to make since the dresses were so varied and so well planned. Special mention should be given to Ruth Little as Andy Gump, and Martha Guttenberger as the silent singer of "Our Colorado."

Music was given by Walter Peyser's orchestra, while Mr. Barthel sent over delicious punch (at the usual figure). The party was managed by Edna Theobold, tho it was really under the direction of Roxie Jackson, President of the Association and was a tribute to the work of these girls.

NEW CLASSIFICATION SYSTEM TO GO INTO EFFECT NEXT MONDAY

Faculty Also Passes on Summer School, Honors, and Entrance

The faculty of Colorado College held one of its most important meetings of the year on Friday of last week. While in session, action was taken on four important matters. They follow:

Summer School in 1923

In the first place the Faculty approved the giving of summer courses of instruction, as carried on during the past summer. The courses of instruction will be given by the professors of Colorado College as well as by a few professors from other colleges. Credit courses will be for one, two, or three hours as may be determined. Only those will be admitted to the summer school who are qualified to matriculate in Colorado College or who have been teaching school for ten years.

Entrance Requirements to be Still More Exacting

Action was also taken in the matter of entrance requirements. The standard, that is, the requirement of not less than 14 units for conditional admission to Colorado College, put into effect in the College this year, will prevail for another year, September 23, 1923 to September, 1924. The more exacting requirements which had been announced to take effect in September, 1923, will not go into effect until September, 1924. In the latter year candidates for admission to the course leading to the degree of Bachelor of Arts, will be obliged to present in every course 3 units of English, 2 units of some Foreign Language, 2 units of History or Social Science, 2 units in Mathematics, and 2 units in Science.

New System of Awarding Honor Degrees for 1925

The Faculty also passed on the following recommendation to the Faculty, as submitted by the Committee on Honors Degrees:

1. The present system of class honors will be discontinued after Commencement 1924.

2. The present system of Honor Diplomas will be continued for the classes graduating in 1923 and 1924 with the following change: the average grade is to computed from all the grades received, including E's and

(Continued on page 4)

BOULDER DEFEATS AGGIES 7-0 BY MOTH EATEN TRICK

The Colorado University defeated the Colorado Agriculture College at Boulder last Saturday in a bitterly contested game, 7-0. The weather conditions were very unfavorable to a fast game because of the cold and slippery field.

Boulder won the toss and chose to receive. Quinlan State quarterback, received the kick-off and ran to the side of the field, The Aggies closed in on him and then Boulder did the unexpected, and that was for Quinlan to pass, which he did to Hopper, who was across the field and five back. Hopper received it and ran the length of the field for a touchdown, the only score of the day for either team. The Aggies had the edge of the contest for the rest of the game, most of the fighting going on in the State's territory.

Scraps from the Training Table

The Tiger does not quit fighting because it has had its tail twisted once. Next Saturday comes the biggest game of the year with the University of Colorado. Every one can get the old spirit that will help the team show Boulder that they haven't had any hard games yet. "Beat Boulder" is the slogan and do a good, thorough job of it.

* * *

BEAT BOULDER SATURDAY!

Utah and Boulder have had their homecoming games and both were successful in them. We think as much of our Alumni as they do, don't we? Then pull 100% for a win Saturday and let the world know how hard you are pulling!

* * *

HELP BEAT BOULDER!

The crowd that met the train Sunday night had the right spirit. They showed that win or lose, they were behind Coach Meade and his fighting Tiger team. The new coaches and this year's team has shown how they could be good winners. Now they have had the harder task of showing how a fighting team can be good losers. Coach Meade and the whole team have a greater backing than ever, after Saturday's game.

* * *

BEAT BOULDER SATURDAY!

Coach Lavik saw the Boulder-Aggie game in which Boulder upset the dope so completely and won. He says we can beat Boulder with the proper spirit and fight. A Boulder invasion from a C. C. view point would make a **tug boat** fight a **battleship**. We are going to have that spirit and fight, so show it in every way possible!

* * *

HELP BEAT BOULDER!

"Swede Wessen may not make his letter in the 100 yard dash, but he is no goat in traveling the first 98 yards. According to "Swede", there is no better inducement for speed than to have a 210 pound Mormon end, one jump behind you. I guess you are right, "Swede", because you sure threw lots of snow back in that 96 yards!

* * *

BEAT BOULDER SATURDAY!

"Pike" Bruce showed why he made an all conference forward in basketball Saturday when he grabbed passes from every angle and in every way. "Pike" got that habit of grabbing everything in sight in Basketball and it came in very handy Saturday.

* * *

HELP BEAT BOULDER!

The Tiger completed 20 passes Saturday at Salt Lake. This was accomplished on a sloppy field with a wet ball and under the worst possible conditions for passing. Quite a record for some team to shoot at!

* * *

BEAT BOULDER SATURDAY!

MacDougal, star Tiger end and triple threat man, was badly hurt in the Utah game. His right knee is in a cast and his chances for being in the Boulder game Saturday are not of the best. If unable to start, his loss will be keenly felt. Besides being everything a good end should be he is one of the greatest punters in the conference.

* * *

HELP BEAT BOULDER!

Most of the Tiger tea meame out of the Utah game in good shape, considering the fierceness of the battle. Muncaster played the whole game and will probably be able to get out for practice this week. He has been unable to get out for practice for injuries but should be in better shape than for some time, against Boulder Saturday.

* * *

GET BEHIND THE TEAM SATURDAY!

Speaking of thrills, Amidon sure supplied one when he cut down a big Mormon who was hotly in chase of Wessen in his mad dash for the goal. Also it made Wessen his friend for life.

* * *

HELP BEAT BOULDER!

It was an eventful game for "Swede" Wessen, and full of breaks. First he broke his nose or some Mormon broke it for him and he had to finish the game with blood on his face as well as in his eye. Next he broke all Marathon records for 95 yards, and entered his name in the scoring column for the first time in his football career. Also, he broke up many Mormon plays and incidentally broke up whatever chance Hancock, Utah's center, ever had of making all conference again this year. Watch this "Swede" boy in Boulder game Saturday. He is liable to break most anything!

* * *

BEAT BOULDER SATURDAY!

"Ma" Greiner showed poor headwork before the game when he put both garters on one leg with disastrous and cold results to the remaining member. That was his last lapse in headwork and memory though, as he ran the team with all the skill that has made him one of the most valuable pilots in the conference.

* * *

HELP BEAT BOULDER!

Captain Waiss expressed the clearest view of the size of the Utah men when he said, the first eleven looked like they averaged about 200 pounds per man, but with each substitute they got bigger until they got to looking like real grown up men with their full health and strength!

* * *

BEAT BOULDER SATURDAY!

Speaking of homecoming, enter a plea for some of our lost students somewhere between here and Salt Lake. May their homecoming be joyous and the faculty pass over their cuts.

* * *

HELP BEAT BOULDER!

Every day this week, that secret practice is not held, should find the stands full of students and faculty. Come on, Faculty, this is also your team, and no matter how busy you are, spend a few hours this week in showing that you are behind them. 100% behind the team for a win over Boulder. This means everyone, so let's do it!

BEAT BOULDER SATURDAY!

ATHENIAN PLEDGES FIVE GIRLS

Tryouts for Athenian Society were held last Friday at 2:45 P. M. and the following girls were admitted as pledges: Dorothy Graves, Luella Pyle, Lavetta Tevebaugh, Lilly Bradley, and Sarah Mintz. Dorothy Graves is a Senior, the others are Sophomores.

Helen Morton and Marjorie Collier, former members, were present at the meeting.

A TOWER OF PISA

IPSE DIXIT *and* GALILEO

There was much learning but little real knowledge in Galileo's time (1564-1642). Aristotle was swallowed in bad Latin translations. Ipsedixit. No one checked him by what seemed vulgar, coarse experiment.

Galileo fought against the dead hand of tradition. He did not argue about Aristotle, but put him to the test. Aristotle led his readers to believe that of two bodies the heavier will fall the faster. Galileo simply climbed to the top of the Leaning Tower of Pisa and dropped two unequal weights. The "best people" were horrified; they even refused to believe the result—that the weights reached the ground in equal times.

"Look at the world, and experiment, experiment," cried Galileo.

The biggest man in the 16th century was not Galileo in popular estimation, but Suleiman the Magnificent, the Ottoman Emperor, who swept through Eastern Europe with fire and sword and almost captured Vienna. Where is his magnificence now?

Galileo gave us science—established the paramount right of experimental evidence. Suleiman did little to help the world.

Hardly an experiment is made in modern science, which does not apply Galileo's results. When, for instance, the physicists in the Research Laboratories of the General Electric Company study the motions of electrons in rarified atmospheres, or experiment to heighten the efficiency of generators and motors, they follow Galileo's example and substitute facts for beliefs.

A student at the University of California was recently arrested for speeding. When he was given the choice of a $25 fine or one day in jail, he took the jail.

* * *

He — They have a trained nurse.
She — Don't they like wild ones?
—Drexerd.

* * *

One of Colorado Spring's society girls has a marked talent for art. She studied in Paris, and last year one of her pictures got into the Salon. This is all very well.——but——

Said her mother the other day to a well known landscape painter of Southern California.

"I don't object at all to dear Dorothy's painting but I don't want her to neglect her social duties for it. If she paints one masterpiece a year, that's quite enough, I think.

* * *

Deep gloom and difficulty was spread over the young stud'es face; the experiment required mineral wool. He scrathed his head and muttered, "Now what the h—l is mineral wool?" Then the idea dawned. He set out to shear a Hydraulic Ram.

COLLEGE SPIRIT STAMPS OUT INOIVIOUALISM

University of California.—"When college spirit dominates the student body to the extent of stamping out individualism, it has gone too far," said Prof. S. C. Pepper of the Philosophy Department in discussing the true value of college spirit.

"Too much organization of college activities tends to make him forget his loyalty to himself. The Honor System is depended upon as a means of keeping dishonorable practices out of the University. But the student should have respect enough for his own character without the need of any such system."

* * *

Six Oays for Wheat Heavers

The University of Kansas is considering the adoption of a six-day school week. The plan, if adopted, would keep students in town over the week-end and this, it is believed, will raise the scholarship standard. Many large eastern schools have adopted the plan, and pronounce it satisfactory.

* * *

Danville, Ky.—Herbert Covington, quarterback on the Centre college football team, in a game here Saturday with the University of Louisville, made six drip kicks.

Officials who presided at the game said the feat constituted a world's record, and that five was the best previous performance in a single game.

* * *

University of California.—Twenty thousand dollars worth of bonds have been sold up to tne present time for the new Women's Faculty clubhouse to be built on the site of the old Music building. The amount to be raised to pay for this building is $50,000.

WHO OUGHT TO BE BUT AIN'T

Among the underclassmen who deserve mention in this column we have JEAN BROYLES, KEN SEWELL and BOB ALLEN for they **OUGHT TO BE** classed with Rudolph and the Shiek only they haven't got the colored inserts in their trouser cuffs so they **AIN'T.** Others who **OUGHT TO BE** called Shieks are, Clyde Phillips who has only seven dates a week for there are only seven nights a week, Bob McIlvaine might qualify having fallen in love three time in one day with three different girls, in fact all of these men might be in Rudolph's class but until they are the equal of MacMillan they **AIN'T.** "Runt" **OUGHT TO BE** a good shiek for he has had so much time in this town in which to practice, and he never seems to lack for some one to practice on even total strangers. Still he has one drawback, he is an engineering major and as such he could never be a true Rudolph so even he **AIN'T** in the Shiek's class.

SIGMA ALPHA EPSILON HOUSE ROBBED

Daily Kansan.—The Sigma Alpha Epsilon house was entered and robbed early this morning, for the second time this year. The robber is thought to be the same negro who was frightened from the Chi Omega house about midnight last night.

The robbery was committed between 2:30 and 5 o'clock this morning by someone familiar with the house, as only the rooms unoccupied by sleepers were entered, according to members of the fraternity. The loss in the first robbery was money, but last night at least five watches were taken besides an unknown amount of money.

* * *

Recalcritant frosh at the South Dakota College are required to do some amusing stunts. Among other feats performed by the yearlings is the taking of a dog and cat census, milk drinking, chasing squirrels about the campus, and sweeping out the armory. Even the women are asked to pick leaves on the campus and some of them wear necklaces of fruit as an indication of an unusually sweet disposition.

BABY TIGERS AND TERRORS TIE IN INTERESTING GAME

The Baby Tigers and the Terrors played to a stand still on Washburn field last Thursday, the game ending with a 0-0 score. The Tigers missed Schoonover at tackle and Hill at end very greatly. Bevans, Allen, Forrest Phelps, and Field Phelps were missing from the Terror lineup.

This was the second time that these teams have played this year and so the feeling was not very high and the game was listless the whole time.

GLEE CLUB AND MANDOLIN CLUB MEMBERS TO GO OENVER

The Denver Branch of the Alumni Association of Colorado College holds a luncheon at the Shirley-Savoy Hotel on Friday noon of this week. Dr. Jaqua will be one of the speakers. Three or four members of the Glee Club and Mandolin Club will go up and attend the luncheon. They will furnish the entertainment.

PROFS. BUSY OVER WEEK END

Professor Davies and Professor Hulbert will speak at the Colorado State Teachers' Association meeting this week end. Professor Davies will deliver an address at Denver and Professor Hulbert is cheduled to speak at Grand Junction. Professor Douglas will read a paper before the science section.

Professor Sisam will attend a meeting of the Colorado Mathematical Society at Denver on Friday.

FORTNIGHTLY SKETCH CLUB TO MEET THURSOAY

The Fortnightly Sketch Club will meet next Thursday afternoon at four o'clock in the Art Academy. All members are urged to attend. This is the first meeting of the year and it should be a big one.

College Gossip

VOCAL PROGRAM AT BEMIS SUNDAY

Miss Margaret Rossignol gave a very beautiful vocal program at the Sunday Musicale at Bemis Hall. She sang three groups of songs, presenting a selection which included lighter love lyrics as well as opera. Her accompanist was Miss Evelyn Arnold.

Miss Rossignol has been for the last year a pupil of Madame Glaser of Denver. She sings with a great deal of musical feeling and rythmic sense. Her high tones were especially clear and resonant. Musical circles of Colorado Springs will follow her career with interest.

* * *

Oon't forget 'Tender Steaks and Apple Pie" at Bruin Inn.

* * *

Mrs. Rossignol, Marguerit Rossignol and Evelyn Arnold were dinner guests at Bemis Sunday.

* * *

Catherine Barker of Denver has been visiting her sister, Dorothy Jean, for a few days.

* * *

Miss Hutsinpillar entertained Mrs. Hartness and Miss Hartness at dinner at Bemis Sunday.

* * *

Neata Green Preiss, '21, was a guest at the Halls this week end. Mrs. Preiss is now living at Pippsburg, Colorado.

* * *

Genevieve Whitney spent the week end at her home in Pueblo.

Alice Sweet, Lilla Munger and Evelyn Stannard spent the week end in Denver at their respective homes.

* * *

Frances Hurst spent the week end in Denver with Masina Larson, ex-'25.

C. C.'S WHO'S WHO

Archer B. Hulbert

Archer B. Hulbert was born at Bennington, Vt., in 1873 and prepared for college at St. Johnsbury Academy, St. Johnsbury, Vt. He entered Marrietta College in 1891 and while an undergraduate there was for three years captain of the baseball team. Football, fan-tan and California Jack were his other favorite games.

After his graduation from Marietta in 1895 he taught history at the Putnam Military Academy in Ohio for two years. Mr. Hulbert was then engaged by a syndicate of eastern newspapers as a correspondent to China. While in the Orient he became interested in the Korean situation and went to Seoul as the editor of the Korean Independent. This engagement terminated when the paper was bought by Russian interests, then as a correspondent he visited Chinese ports and the Shantung Province. Mr. Hulbert had started for England to resume his studies in History when the Spanish-American war broke out and he returned to America in 1898. For two years following the close of the war he was an editorial writer on the staff of the Cleveland Plain Dealer and after that was the night editor of the Ohio State Journal.

About 1900 Mr. Hulbert began the preparation of a series of 16 historical monographs, "Historic Highways of America." The research for this work was done in the libraries of France, England, and America. A result of this special study was the publication of the Crown Collection of Maps, photographic reproductions of old manuscript American Maps in foreign libraries. After the publishing of the "Historic Highways", Mr. Hulbert went to Marietta College as a lecturer in American History where he remained until 1917. While there he published further volumes on various fields of American history.

In 1917 Mr. Hulbert went with the Y. M. C. A. as a lecturer in the training school for "Y" workers in which service he remained till the end of the war when he joined the faculty of the Clark University at Worcester, Mass. In 1920 Mr. Hulbert was elected professor of the History department of this institution.

Next January Professor Hulbert's first text will be published by Doubleday, Page & Co. The book will be unique in that the development of the west is treated with extraordinary fullness. The volume is the first of a series for the higher schools of this country.

Professor Hulbert has lectured at many of the larger schools and universities of this country and will give a lecture course this summer at the Chicago University.

He is a member of Delta Upsilon, Phi Beta Kappa, is an honorary member of the Ohio Philosophical and Historical Society, the Pittsburg Economic Society, and the Andy Gump Club. During the years 1912 to 1917 he was the Archivist of the Harvard Commission of Western History.

TRYOUTS FOR QUO VADIS

(Continued on page 1)

down in memory. These are the names of the heroic nine: "Fat" Wigram, Larry Wolfe, "France" Ryan, "Jack" Mulford, "Micky" McBride, Glen McLaughlin, "Red" Hanson, "Ham" Hamilton, and "Fritz" English. Larry Wolfe and "Fat" Wigram deserve honorable mention for they were the two that carried the message of the C. C. Rooters clear through to the game.

First Six Start in Essex

The first six left here last Thursday morning in an Essex. From here they went to Beuna Vista, where they hooked the train on which the team was riding. Four of them couldn't persuade the conductor, so they had to get off at Malta, Colo. The two left were Wolfe and Wigram. These two evidently had the best line. The other four went back to Buena Vista, where they again got into the Essex. They were snowbound at Glenwood Springs, still trying to accomplish their purpose.

The remaining three had hard luck, They tried to leave here on the train last Thursday, but had to come back before they left town. However, not losing hope, they climbed into a car and were snowed in in eastern Utah.

Only two of these men are back, Wolfe and Wigram. Let's hope the rest get back in time to instill their spirit into us for the Boulder game next Saturday. Beat Boulder we must and the motto of the heroic nine should not go amiss—"One for all, and all for one"—Old C. C. and the Black and Gold.

PROF. SWART'S GUMP LETTER

(Continued on page 8)

record is too long to enumerate at length here, but you are undoubtedly aware that he wears no man's collar, and is 1% for the people and 99% for Andrew Gump. In view of the fact that the other candidates are 100% for themselves, you can readily see the benefit this man will be to the country.

Kindly bear this in mind when you go to the polls November 7th. And gently but firmly mark an X behind the name of Andrew Gump, who we hope will be our next representative in Congress.

VOTE EARLY AND OFTEN!

Sincerely yours,
THE ANDREW GUMP CAMPAIGN COMMITTEE.

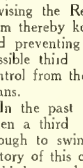
Second Student: "What for?"

First Student: "He wrote on my English theme, 'You have bad relatives and antecedents.' "

—Exchange.

COMMENTS



by Arthur Disbrane

Third Party Rumors

There are rumors that a third party will appear in time to make it interesting for the two major parties in the next presidential campaign. Senator Borah has sounded the warning by advising the Republican party to reform thereby keeping the ranks intact and preventing the Democratic or a possible third party from wresting control from the hands of the Republicans.

In the past there have been times when a third party looked strong enough to swing an election but the history of this country has shown that a third party has never been successful in two successive campaigns. On the other hand, the two major parties have at times undergone internal reforms. We may witness considerable changes in both the Democratic and Republican parties in the next two years.

Labor Party Loses in Municipal Elections

In the recent municipal elections held in Great Britian the Labor party suffered a crushing defeat. While the issue of those elections were purely local and can't be construed to show that the English public has repudiated the Laborites the results have greatly encouraged the Conservatives who now predict an overwhelmingly victory for themselves in the coming general elections. It is said that the reforms proposed by the Labor party are so costly that the taxpayers will revolt against a Labor government.

Russia Returning to Place in Sun

Russia is slowly but surely returning to her place in the sun and the latest indication of this is the note sent by the Soviet government to the English government demanding that Russia be given a hearing at the coming conference called to settle the fate of the Dardanelles and the future of Constantinople. It is also reported that two heredity enemies Turkey and Russia have signed a military aliance to aid each other in case that their demands are not complied with by Allies. It looks as if the recent war did more to aggravate the Near Eastern situation than to soothe it.

FACULTY MEETING

(Continued from page 1)

F's, with no extra credit added for hours in excess of the required 120.

3. The details of a new system of HONORS DEGREES, to affect the class of 1925 and succeeding classes, will be announced in the near future.

New Classification System

1. The present rules for chapel seating and class standing in so far as they depend on the completion of the required courses are abolished (to take effect November 13) except that the officers of the Senior Class shall be elected from the list of candidates for graduation.

2. Every student shall register each semester in all of the required courses offered, for which he has had prerequisites, before he may register in any elective courses.

3. If a student wishes to take more than sixteen hours (except in the Departments of Chemical Engineering, Civil Engineering, Electrical Engineering and Forestry) in any semester he must, before registering in these additional hours, secure the approval of the Committee on Individual Courses to a written petition stating the additional courses he desires and his reasons for wishing extra hours.

4. Any student who has not, by the end of the fourth semester, completed the required courses of the first two semesters or who has not, by the end of the sixth semester completed the requierd work of the first four semesters must complete this work with a loss of one hour's credit toward graduation for each semester course.

If a student enters with twenty hours of advanced credit the operation of the above penalites shall be delayed one year. If he enters with eighty-four hours credit they shall be suspended entirely.

5. The penalties enumerated in article 4 shall become effective following the end of the semester in June, 1924.

GRIFFITH WINS IN ELECTION

(Continued from page one)

The Political Science class wish to express their vote of thanks to Mr. Danks of the Out West Printing Company for his generosity in giving the class the sample ballots and poll books. The class also wishes to thank the County Clerk, Mr. Jackson, who lent the ballot boxes and election booths and who gave the class much valuable information about conducting elections.

HAG HALL GETS MACHINE

(Continued from page one)

ited with this beautiful token of good will.

Whoever this good Samaritan is, the boys in the hall have enjoyed his benefit hugely. All were able to share in the savory morsels, with the exception of Donald McCormack, whose pangs of conscience and whose thoughs of Mother's training would not allow him to participate in questionable charity.

UTAH BEATS TIGERS

(Continued from page one)

dry field and only one touchdown was needed to tie the score. It was a tough break for the Tigers and Utah soon took heart again and started their offensive tactics which finally resulted in the big end of the score.

TIGER GAL THREE ....!

The C. C. team gave an exhibition of passing on a wet field that has probably never been equalled in this conference. They showed plenty of fight and every man starred but they were unable to check the heavy Utah team's line smashing tactics, and lost. No team can be superhuman and the C. C. team gave all they had. Their attempted rally in the third quarter was splendid and shows that in this year's C. C. team there is no defeat until the last whistle blows. Such a team the C. C. backers can be proud to support.

The lineup and summary:

Colorado College		Utah University
MacDougall, le	le,	Clark
Muncaster, lt	lt,	Peterson
Zickafoose, lg	lg,	Evans
Wessen, c	c,	Hancock
Hinton, rg	rg,	Hurren
DeFries, rt	rt,	Moyle
Bruce, re	re,	Stevens
Greiner, qb	qb,	Champion
Burkhart, lhb	lhb,	Whitney
Waiss, fb	fb,	Jewkes
Hunter, rhb	rhb,	Watkins

Scoring — Colorado: Touchdown, Wessen. Point after touchdown, Hunter (drop kick). Utah: Touchdowns, Whitney, Watkins (2): point after touchdown, N. Smith (2) (drop kick and placement.

Substitutions — Colorado: Amidon for Bruce, Burch for Hinton, Sewell for MacDougall, Delaney for Sewell. Utah: N. Smith for Champion, Nation for Evans, Hagen for Jewkes, Champion for N. Smith, N. Smith for T. Champion, O. Smith for Clark, Wirthlin for Stevens.

Time of periods: Fifteen minutes.

Officials: Referee, Dana, (Nebraska; Umpire, Blazr, (Worcester): Head linesman, Worley (Utah Aggies.)

May: "Did you see that $1800 slipper at that shoe store down town?"

Belle: "Yeh. I'd hate to wear it when I danced with that flat tire. I met the other night. He'd knock off $20 every step he took."—Kansan.

BOULDER BEATS AGGIES

(Continued from page one)

At the end of the game the ball was in Aggies possession on State's 7 yard line.

Boulder and Aggies have, for the last few years, been bitter rivals on the football field. Of the 26 games played, Boulder has won 19 and tied two.

The hopes of the Aggies for the championship for the fourth time straight were practically ruined by this game. The Aggies are still in for the Colorado State championship. They still have to play D. U. and Mines.

BIG HOME COMING CELEBRATION IN FULL SWING

BIG BARBECUE TO BE PUT ON TONIGHT BY SOPHOMORE CLASS

Frosh Will Sail High. Grub Will Be Good and Plentiful. Big Time for All

Everything is ready for the Barbecue tonight, at Cossitt Stadium when the Alumni will be the guests of the Sophomore Class and recall former days at C. C. Stanley Delaney, the barbecue manager, has been putting in some real work preparing the stunt and it is going to be the best ever. Of course there will be the regular pep meeting which is an essential part of the program and with it go the lessons in Aviation.

The program, part of which is secret, has been prepared by a committee under Sam McCol. There are to be several speakers but only two have been announced. President Duniway will make a short speech and Francis McDougal will speak for the Sophomore class.

The Girl's Mandolin Club has been announced on the program and their part promises to be a live number. Despite all rought treatment which they may recieve the Freshmen are putting on a secret stunt called "K. K. K." The Frosh are also prepared to touch off the greatest bonfire yet.

Then the regular barbecue eats, which the manager promises will be both good and plentiful. This will follow immediately after the program.

A five piece orchestra has been secured for the Jitney Dance which begins as soon as the barbecue is over. The Gymnasium floor will become the scene of activities, and spectators will be able to watch from the balconies.

PARADE THIS MORNING

The lead-off number of Colorado College's annual homecoming, in the form of a parade, was featured by numerous attractions. The parade left the College grounds at 11:30, traveled down Tejon to Pikes Peak Ave, west on Pikes Peak to Antlers Hotel, back to Tejon and south on Tejon to Court House, east to Nevada, north on Nevada to Pikes Peak, thence to Tejon and return.

Two marshals on horseback lead the procession, next was C. C's big banner "Eat 'Em Up Tigers',, the team in cars, the band, floats, decorated automobiles, and C. C. men.

Without doubt, the floats were the featuring attractions of the parade. There were about fifteen floats representing everything from Boulder's goat to the Alumni's sweetheart.

WELCOMING COMMITTEE

The following students will meet all trains from Friday noon until Saturday noon: Mary Koch, Maxine and Yolanda Ingle, Adaline and Iola Dysart, Mary Morris, Betty Reinking, Catherine Bensburg, Donald Kissenger, James G. McMurtry, Jr., Stewart Bissell, Marvin Reinking, Wilbur Hanes.

HOME-COMING PROGRAM

FRIDAY, NOVEMBER 10TH

12:00 Registration of all Alumni begins; men at Ad. Building, women at Bemis.

12:15 Enthusiasm parade through downtown districts.
Afternoon: Fraternity and Society teas and open houses.

7:30 Sophomore Barbecue in Cossitt Stadium.
- Welcome address ..... Francis MacDougall
- Sophomore Girls Stunt
- Official Welcome ..... President C. A. Duniway
- Freshmen Stunt
- Word from Alumni ..... H. H. Fawcett
- Mandolin Club Stunt
- Pep-Meeting—Don McMillan in charge
- Frosh Antics and Aviations
- Barbecue Feast

SATURDAY, NOVEMBER 11TH

Alumni registration continues until 12:00 noon.

12:00 Alumni luncheon at Cossitt.

1:15 Rotary, Kiwanis and Lions Club meet at Chamber of Commerce for parade.

2:00 Joint parade of men students, alumni and Boosters clubs to Washburn Field forms at Hagerman Hall.

2:30 C. C. vs. U. C. football game.

6:30 Men's Alumni Banquet at Cossitt Hall.
- Address of Welcome ..... Dr. Duniway
- Introduction of Toastmaster ..... Robert McIlvaine
- Toastmaster ..... Harwood H. Fawcett
- Remarks ..... Dr. Omar R. Gillette
- Relation of Colorado Springs Business men to C. C. Athletics ..... George Liljestrom
- Our Prodigal Brother Returns ..... W. Lee Hyder, '10

- What Are the Two Most Important Ideals of C. C. Teachers? ..... Marnie Eppich
- What an Alumnus Owes to C. C. ..... Mrs. M. B. Lee
- How It Feels to be Away from C. C... Doris Haymes Linger

DEBATE CONFERENCE DIVIDED INTO TWO TRIANGLES

At a meeting of the Rocky Mountain Forensic Conference at Denver this week, attended by Mr. W. D. Copeland, Colorado College, Aggies, Wyoming University, Denver University and the State Teachers College were represented. It was decided to divide the conference into two triangles with Wyoming acting as common member of both triangles. Thus the northern triangle is composed of Wyoming, Colorado Aggies, and the State Teachers College. The Southern triangle is composed of Wyoming, Colorado College, and Denver University. We are to debate D. U. at Denver and Wyoming here. The subject for the triangular debate will be: Resolved, that the United States should adopt the British Cabinet-Parliamentary form of government. Arrangements are being made that C. C. may compete with colleges outside the triangle.

(Continued on page 8)

Inter-Fraternity Council Authorizes All-College Smoker and Later Dances

At a meeting last Monday night the Inter-fraternity Council decided a couple of important questions, not only of interest to fraternity men, but to all the students of the College. It was decided to give an all-college smoker for the men of the institution, independents as well as fraternity members. The date was not set, this was left until a later date.

The next thing concerns the girls as well as the men. All fraternity dances will stop promptly at eleven-thirty instead of eleven as before. Hall girls will not have to be in the hall's until a quarter of twelve. This is a question which has taken a long time to settle, but at last it has been done.

BEAT BOULDER

STUDENTS PASS FIVE AMENDMENTS TO CONSTITUTION

On Thursday morning at the regular open meeting of the Student Commission in chapel, the student body passed, almost unanimously, Amendments 10, 11, 12, 13 and 14 to the Constitution of the Student Commission, which have been published in the last few issues of the Tiger.

The chief object of these amendments is to permit incorporation of the Student Commission. To the present time, the Student Commission has acted as a sort of buffer between negligent or unsuccessful managers of activities and their losses, and has never received any of the profits from the real money-making activities which it has sponsored.

In the future, all managers who have control of any activity involving the expenditure of any sum over $50 will be bonded. This will preclude the possibility of any man simply walking off with money collected and

(Continued on page 8)

ALL C. C. MUST HELP TIGERS DEFEAT OLD ENEMY TOMORROW

Boulder Comes Specially Prepared to Combat Aerial Game. Record Crowd to See Game

The C. C. - Boulder game here tomorrow promies to be a real football game. Comparative scores are in favor of Boulder but what is that when the Tigers are in a fighting mood as they will be tomorrow? Boulder seems to be rejuvinated since the D. U. game. One of the main reasons is the return of Quinlan to school. This is a great addition to the team because the State was sadly lacking in a good quarterback. State has also added to their list of stars the name of Hopper. This is his first year of football at Boulder and to start things off right he ran the length of the field thru the Aggies for the only score of the day.

The Tigers game of all games is always with Boulder. The business men and town folks will be out 100 per cent strong and backing the fightingest bunch of Tigers that this school has ever seen. C. C.'s overhead game is enough to dazzle any team. Completing 20 passes in one game is a record that any team in the country would be proud of. Every member of the squad is in good condition with the exception of MacDougall who has a bad knee. If he is unable to participate his place will be hard to fill. MacDougall besides being one of the best ends in the conference is one of the best punters and passers that is to be found. The Tigers are out to square accounts with Boulder for last year and the boys will show more fight than ever has been exhibited on Washburn field in many years. There is only one way to describe the boys feeling and that is that Washburn field is not big enough to hold both the teams.

MEN TO MARCH TO FIELD

All men of the college are to meet at Hagerman Hall tomorrow at two o'clock to organize and enter the field in a body. The Lions, Rotary and Kiwanis clubs from the city are going to co-operate with the boys and will be there in full force to add to the size of the grand parade. The College Band will lead the parade and participate in the demonstration so there will be plenty of noise.

The Tiger Club asks the girls of the college, both town and Hall girls, to meet at Bemis at about two o'clock. The girls will either march to the field in a separate body or join the big parade.

BOULDER PREPARED FOR AERIAL GAME

University of Colorado.—Varsity is developing a defense for the aerial game that the Tigers displayed against Utah as Colorado will travel to the Springs next Saturday for a game. The defense that Colorado College showed when they stopped the Aggie backs was not displayed in the last game.

The chances for a Colorado victory have risen after the good showing made by Hopper and Quinlan as backfield men. Should Varsity be success-

COMMENTS

by Arthur Disbrane

Election Was Surprise

Election day had in store for even the most disinterested people a genuine surprise. The Democratic party made enormous gains in the House of Representatives and cut the Republican majority in the Senate from 24 to 16 besides winning many states that were formerly Republican. There has been a tremendous swing towards the Democratic party since the Republican landslide of 1920. There are various ways of accounting for this, perhaps the best way of accounting for it is that the people wanted a change because of the economic situation the country over and the one group under which they could unite to secure this change was the Democratic party. It must not be construed however, to show how the country will go in the next presidential election. It will on the other hand make both parties think seriously of the future. The Republican leaders fully expected to have a large majority for the next congress but were badly mistaken.

Voters Change Quickly

These elections also show how quickly the voting public of this country will change. It may mean that the two major parties will draw up new platforms in anticipation of the next nation-wide election. Some people attempt to interpret the results as a wave of political radicalism sweeping the nation. While they may be correct some of the candidates who were classed as radicals were defeated by large majorities and others professing advanced political theories were chosen as in the case of Shipstead of Minnesota who ran on the Nonpartisan ticket. France, Republican, of Maryland was defeated by a man who openly professed reactionary ideas and who stumped the state campaigning against the radicalism of the Senator.

K. K. K. Wins in Texas

In Texas where the Ku Klux Klan played an important part the candidate supported by it was elected in spite of the fact that an attempt was made to keep his name off of the ballot. In many cases local issues overshadowed the ones of national importance. In no section of the country did the people do much straight voting but on the contrary there was a great deal of scratching. We will be able to see what the new congress will do very shortly as it is understood that the president will call a special session soon.

In every state where there were measures put before the voters on the prohibition question there were tremendous majorities in favor of modifying the eighteenth amendment and not a few men have been successful running on a wet platform. The results of the voting on last Tuesday may have a definite effect on the pertinent question of prohibition enforcement.

Moslems May Revolt

The Near Eastern question is again before the world and the English cabinet has been summoned to the British War Office to determine the policy of England will follow in dealing with the "sick man of Europe". The Turks have violated the agreement signed at Mudania and in lieu of this have cut the cables in the sea of Marmors. This violation of the armistice may lead to war on a large scale if the Allies cannot get a suitable guarantee from the Turks, that they will be peaceable in that portion of the world. If England goes to war it is probable that all of the Moslems living within the British Empire will revolt. Such an occurence would be disasterous to the whole world and it is to be hoped that diplomats can settle the difficulty without resorting to military for aid.

Small Powers Increase Armament

In spite of the fact that the major world powers have taken a definite stand for the limitation of armament the smaller powers the world over have gradually been increasing their military and naval appropriations. The South American republics all increased the size of their armies and to curb this tendency, Chile, the only Latin American nation having universal military service, has invited the other countries to a disarmament conference On the other side of the world the Scandinavian countries have increased their navel appropriations to a great degree. They explain that Soviet Russia having revived the old Russian navy that they, out of self protection must be better able to defend themselves on the sea. Holland has a very ambitious program that calls for the construction of several cruisers having the almost unheard of speed of 35 knots per hour. All of the European nations are building small war craft ranging from submarines to armoured cruisers. These ships are of the latest design and will all be faster than those of the same class in the American navy. Holland, Spain, Italy, Sweden, France, England, Norway and Denmark are building new warships. People do not learn very fast and if there is no attempt to stop these lesser powers from becoming militaristic we will soon be involved in another great war. It was a dispute that started in a Balkan state that set the torch to Europe in 1914 and it would be possible to start another war in the same manner. The world as a whole does not seem to abhor war as much as some pacifists would have us believe.

Insignia Day Set For Next Wednesday

The Senior caps and gowns arrived last Monday afternoon and were distributed to the Seniors on Tuesday morning. Their arrival will establish next Wednesday as the Insignia Day, as is planned at present.

Insignia Day was set formerly for two weeks ago today, but as the gowns did not arrive it was held over for last Friday. The opportunity to hear Ben Griffith came then so the day was postponed indefinitely.

Emporia's Men Grow Ticklers

Seniors and juniors at the college of Emporia are engaged in mustache growing contests. The mustaches will be judged Thanksgiving Day and after the awards are made the brushes will be shaved off. The blackets, the redest, the longest, the thinnest, and the most kissable will receive points. Dormitory girls have been asked to judge the most kissable mustaches.

* * *

University of California bandmen are to have new uniforms. White duck trousers, white sweaters with the band insignia in school colors and rooting caps will be the main features of the new dress.

* * *

Arrangements are being made at Pomona college in California so students may make the trip to Hawaii with the football men on their Christmas vacation. The cost of this trip will only be from $110 to $200.

* * *

Every member of the University of Kansas eleven that makes a touchdown or field goal against Nebraska or Oklahoma will receive a pair of shoes from each of several shoe stores in Lawrence, Kansas.

* * *

EXCHANGE PROF. PUBLISHES BOOK

G. H. Parker, Professor of Zoology, Harvard University, is the author of a text-book on Experimental Biology and General Physiology, which is being printed by J. B. Lippincott Co. Mr. Parker was the exchange professor to Colorado College in 1921.

Sign of the Time

"Dunno what's the matter—couple of fellas I passed on the campus said 'hello'."

"Must gonna be an election."

* * *

"Ah Ha," cried the Frosh, as he entered the restaurant and tucked his little black cap in his pocket. "For once I don't have to hunt a parking place for my lid."

* * *

Hayes Briggs: "Say, Zick is a resourceful guy, isn't he? He was up to Denver the other night flat broke, yet he slept in the biggest room in town."
Crowder: "How's that?"
Hayes: "Union station."

Ours a Prideful Interest in Tigers

Being interested in every outdoors — every clean sport, we naturally are "for" Tigers for that sake alone.

But in addition, we are proud of the fact that "Tigers" delegate us to furnish them with a big share of their equipment for each sport.

WOOL FROCKS FOR THE COLLEGE MISS

—The youthful styles embodied in our Misses' dresses will delight the heart of any young girl. They are dresses which give the much coveted satisfaction of making one feel modish and correctly dressed. Different from the ordinary small size dresses, they are made in styles that only youth can wear. A few have hats to match. The sizes are 14 to 20 years.

ATHLETIC SWEATERS

—Ideal for hiking, basket ball, skating, or any other such sport. Made in the wanted slip-on style, of good quality, heavy yarns, and fitted below the waist. The colors are white, tan, and white trimmed with Maroon. Every college girl should have one of these sweaters.

FUR COATS

—The college girl who wants a fur coat for real service and hard wear will be interested in our comprehensive assortment of Racoon, Natural and Dark Muskrat, Marmink, and Striped Marmot coats, made large and roomy, as fur coats should be, and lined with heavy durable silks. They afford a world of service.

THE STORE OF MANY CHRISTMAS GIFTS

Already Christmas merchandise is making its appearance in various parts of the store, bringing as each new year does, more attractive and interesting things than the year before. Our Christmas cards were never so varied and unusual. Even the Christmas Seals have found new ways of saying "Merry Christmas."

The earlier you shop, the more you will enjoy it.

On with the Dance

Once you let the rhythm of **Peyser's** orchestra get into your system,—

You just can't make those feet be still.

There is no occasion when you can't **Say it with Music** from Peyser's Orchestra.

"Spend the Difference"

Even 'Diogenese' with a high powered search light would be unable to find either a man or woman who would not enjoy "spending the difference."

* * * *

There are so many items in college life that take one's 'change' that often the 'little old allowance' is sorely taxed.

* * * *

Here's a tip—the Boston sells it for less.

* * * *

The styles shown at the Boston Store leave nothing to be desired, the materials are all absolutely first quality, and the prices — well they give you an opportunity to 'spend the difference'.

* * * *

This is a chain store, we sell for cash, we do business on a large scale enabling us to sell on closer margins of profit and you profit by our lower pricings.

* * * *

Visit this store and you will receive prompt, courteous and efficient service and absolutely fair dealings. 'If it isn't right, we'll make it right.'

HOCKEY COACH WILL ARRIVE NEXT SUNDAY

At the regular monthly meeting and luncheon of the W. A. A. board last Tuesday, it was decided that Katherine Sias, Kathleen McKee, and Evangeline Joder should represent the W. A. A. and the newly organized Riding Club in the Homecoming parade.

Miss Davis announced that the English hockey coach would reach C. C. Sunday afternoon, November 19th, and that a supper would be given in her honor that night in Bemis by the members of the Hockey teams. The next afternoon a supper picnic in Cheyenne Canon will hold her interest, this being for all members of the W. A. A. board, and in charge of Frances Tucker.

To continue the social activity, a tea for all women of the college as well as all Faculty ladies will be held in Bemis Commons from five to six on Thursday afternoon, at which time the guest of honor will say a few words about English sports as compared with ours.

During the week of her visit no other gym classes will be held. All girls will be expected to take part in or at least to observe the hockey games. This is done in order to make the coach's visit profitable to the women of C. C. and to stimulate interest in this particular sport.

Classical Club Discusses Life of Euripedes

There was a regular meeting of the Classical Club last Monday evening in Ticknor Study. The meeting was given over principally to the reading of several papers on Euripedes and a discussion of his life. Dorothy Carnine read a paper on the life of Euripedes, Anna Jane Hitchcock read from one of his plays and Prof. H. E. Mierow gave a discussion on the characters of his plays.

The hike to the Garden of the Gods which was planned for last Saturday afternoon was postponed because of the storm. A similar hike will probably be held in the near future.

Contemporary Initiates Helen Wells and Edith Miller

Last Saturday the girls of Contemporary held their semi-annual initiation at their club house, entertaining the new members at a luncheon at Harding - in - the - Canon afterward. Many of the Alumnae, both local and of town were present, including Neata Greene Preiss, Miss McCoy, a charter member, Marjorie Crissey and Irena Hamilton. At the luncheon there were still other guests, Mrs. Lee, Miss Davis, and Mrs. Dern, the last two being honorary members.

The initiates are both popular and well known girls of C. C. and their friends congratulate Helen Wells and Edith Miller on this great event.

Penland Writes on Polyploidy, Polyspory, and Hybridism in the Angiosperms.

Reprints have been received of an article of which C. W. T. Penland, instructor in Botany is a joint author. The title is "Polyploidy, Polyspory and Hybridism in the Angiosperms." This work was done by Mr. Penland while a graduate student at Harvard.

Committees of the Faculty, 1922-23.

Mary Hicks, Marjorie Collier and Don McKay Attend Stud. Friend. Con.

Colorado College was represented in Denver over the week end at the Student Friendship Conference by Mary Hicks, Marjorie Collier, and Don McKay. This conference was held in the McClintock Building, all Colleges in Colorado were represented, in order to give out information concerning the campaign to take place during the next two weeks.

This drive is like the one held last year and is the studeut way to contribute to the Near East Relief. The money given by college men and women is of great help to the students and professors of Europe and the Near East, and is one of the finest movements of the Y. W. C. A.

Next week also, the Y. M. C. A. and the Y. W. C. A. are joining in the observance of a week of prayer. Arrangements have not been completed and a later announcement will be made concerning the ceremonies attendant upon this observance.

FACULTY COMMITTIES ANNOUNCED FOR 1922-1923

Committee on Committees — The President (ex-officio), Mr. McMurtry, Mr. C. C. Mierow (Term expires October, 1923); Mr. Tileston (Term expires October, 1924); Mr. Jaqua, Mrs. Lee (Term expires October, 1925).

Accredited Schools and Admission —Mr. Jaqua, The Registrar, Mr. Albright, Mr. Copeland, Mr. Keyte.

Administration — The President, The Dean of Men, The Dean of Women, The Registrar, Mr. Davies, Mr. Douglas, Mr. Drucker, Mr. Gilmore, Mr. Goodenough, Mr. Hulbert, Mr. C. C. Mierow, Mr. Sisam, Mr. Tileston.

Advanced Degrees — Mr. C. C. Mierow, Mr. Davies, Mr. Douglas, Mr. Goodenough, Mr. Hulbert, Mr. Latimer, Mr. McMurtry.

Athletics — Mr. Okey, The Dean of Women, The Director of Athletics, The Director of Physical Education for Women, Mr. Albright, Mr. Gilmore.

Chapel Offier — Mr. Albright.

Curriculeum and Schedule — The President, The Dean of Men, the Dean of Women, The Registrar, Mr. Douglas, Mr. Latimer, Mr. McMurtry, Mr. Okey, Mr. Sisam.

Individual Courses — Mr. McMurtry, The Dean of Men, The Dean of Women, The Registrar, Mr. Abbott, Mr. Daehler, Mr. Lovitt.

Library — The Librarian, The President, Mr. Drucker, Mr. Fling, Mr. Hulbert, Miss Hutsinpillar, Mr. Lovitt.

Music — The Dean of the Department of Music, Mr. Brown, Mr. Cabello, Mr. Fling, Mr. H. E. Mierrow, Mr. Smith.

Publications — Mr. Daehler, The Regsitrar, Miss Bramhall, Mr. Parker, Mr. Sisam.

Reinstatement — Mr. Sisam, Mr. Abbott, Mr. Daehler.

Scholarships — The President, The Dean of Men, The Dean of Women, The Registrar, Mr. Albright, Mr. Binkley, Mr. Okey, Mr. Tileston.

Social Life and Student Activities —The Dean of Women, The Dean of Men, The Dean of the Department of Music, The Director of Athletics, The Director of Physical Education for Women, Mr. Copeland, Mr. Hulbert, Mr. Smith, Mr. Tileston.

Tiger Board Representatives — Mr. C. C. Mierow, Mr. Swart, Comptroller of The Tiger Board Constitution).

Athletic Board Representatives — Mr. Albright, Mr. Gilmore.

Representatives to the Rocky Mountain Faculty Athletic Coufereuce — Mr. Gilmore.

Faculty Committees, 1922-23.

WELCOME HOME

It is with a sense of extreme pleasure that the present student body of Colorado College welcomes the Old Grads to the annual homecoming. They are in a true sense our older brothers. We do not yet realize as they do the meaning of alma mater. We think we are enjoying our college life but they will tell us that we do not appreciate it and never will until we too have been out a few years and have had a chance to look back.

Their life is a heritage to us. They are the college. We are either adding or detracting to that which they have done. We may well consider the past altho we should not live in the past. We should study their example; see where their strength lay; see why they have become the men and women that they are and then may we never forget that in all we do we carry the honor of Colorado College.

Alumni, we are proud of you. May you never be ashamed of us..

ARMISTICE DAY

Tomorrow will be the fourth anniversary of Armistice Day. On that day twenty million men quit killing each other and the nearest approach to armageddon the world has ever seen came to an end. This should be a national holiday in America as well as the rest of the world. Our national government has not seen fit to declare it such, however, and has left it to the governors of the various states to use their own discretion as to whether or not this day which meant so much to American history should be properly celebrated or not.

Perhaps if those who consider this day of such trivial importance had been where they could have seen the war end and could have felt the stillness after eleven o'clock, they might have realized that blood had done all that it could to make our democracy safe and that the greatest menace to civilization had been checked. If they had done their part to keep the benefits won by the blood and suffering of the armies of the world, then they might have considered Armistice Day of sufficient importance to be celebrated as a national and not a mere state and local holiday.

CONSIDER THE BAND.

The Band, which aided so materially in C. C.'s victory over Aggies, will again appear in public when it plays at the Barbecue Friday night and at the Homecoming game on Saturday. The Band will also be present in full force at the D. U. game on the 18th, and at the Orpheum, which the C. C. rooters have been given the use of for the evening immediately following the game.

Like many other college activities, the Band is given very little credit and very little glory for a very commendable work, but when the team runs out on the field or lines up for the kick-off, who can forget the thrill of pleasure tha rises when the band strikes up a fight-inspiring college song? The task of perfecting a repertoire is a tedious and difficult one, so when the Band appears to furnish music for our games and pep meetings we should not be without appreciation for those who are so willingly giving their time and their efforts—'for old C. C.'

H. M.

Sophs' Barbecue Song

Each class in college has a day
When all must praise its name
But every day you'll hear them say
The Soph's have won more fame.

Chorus:
The Soph-mores are a mighty class
And lead by far the rest
In every thing they have surpassed
Those who once were the best
So TWENTY FIVE we sing to you
There's nothing that you can not do
In every race, though others strive
The class that wins is Twenty five.

Verse:
As Freshmen we were better far
Than other Frosh before
As Soph-mores now we're up to par
And then a whole lot more.

Verse:
So now tonight our Barbecue
In which we take much pride
Will serve to show what we can do
And prove we have not lied.

Miss Mary L. LeClere, who graduated from C. C. in 1910, is the author of a new booklet entitled "The Human Telephone," a treatise on osteopathics. Miss LeClere is an osteopathic physician. Hre address is 203 Rowland Avenue, Eagle Rocks, California.

Chuckles

Lawyer (to lady leaving the witness stand)—"I'm sorry to say, madam, that there are discrepancies in your testimony."

Lady (looking down hurriedly)—"Good Lord, are there? Where?"

Co-Edna: I got a letter from Frank, the hateful old thing; he's in Florida.

Co-Edith: What makes you think he's so hateful?

Co-Edna: Oh, he said he shot a seven-foot alligator, and as soon as he shoots another he'll have a pair of slippers made for me!

SO THIS IS UTAH

By a Last Week's Journeyman.

There is no need to tell of our departure except to say that is was the easiest part of the expedition. The train arrived in Buena Vista according to custom, two hours late, and we had no difficulty in obtaining an observation seat upon the tender of the engine. Here we were fairly comfortable. The mountain air was keenly invigorating, and the hot cinders might have been worse.

After a two hour ride we arrived at the metropolis of Malta. This is a thriving village at the foot of Tennessee Pass. There must have been a big celebration going on when we arrived because the town was all lit up by two kerosene lamps, one at each end of the station.

Here we met our first setback in the form of a husky yardman with a club. We felt that the club was entirely unnecessary. He invited us to descend from our stronghold and out of common politeness we felt forced to accept. Meanwhile the train departed.

In absence of other means of transportation we decided to hike to the top of the pass. It was a ten mile walk and there was no place to dance at the top, but we thoroughly enjoyed it.

Arriving at the top we waited several hours and finally caught a late freight that came in ahead of time. In due time arrived at a railroad junction which for some unknown reason is called Minturn. Although it was altogether unnecessary, we took time to get something to eat. After a hearty meal of coffee and doughnuts, we held a business meeting and decided to send back for the car. While waiting, we went out to see the town. It consisted of a Y. M. C. A., a round house, a hotel, and one main street. The Y. M. C. A. resembled our organization here, inasmuch as it had the same lettering over the door. At first we were at some loss in determining which was the hotel and which was the round house. The main street agreed very nicely with the rest of the mountainous scenery although there were not so many trails.

After a rather long and tiresome wait the car came into the scene and we were once more upon our way. Road were bad and our tempers were worse. After a monotonous trip which was enlivened by one blowout, we arrived in Glenwood Springs in the midst of a heavy snow storm. This was the extent of our westward journey. It was a question of going on or returning so as to get back in time for the Boulder game and we decided upon the latter.

The next morning we started back for home, with a full realization of the dirty trick that Nature had played upon us in the continuation of the snow. The farther we went the more it snowed. Late in the afternoon the wind came up; from then on we were up the creek. While we pushed we were able to keep warm, but we soon got tired of pushing.

We will pass over those few sad hours of pushing and freezing. It is sufficient to say that it resembled a Billy Sunday revival meeting only so far as there was plenty of action. At this stage there was only one thing that we regretted about the trip and that was that we had ever started on it.

We finally reached our objective, namely, the town of Minturn, and after negotiating for a room retired to dream of more pleasant things than snowflakes and Essex automobiles.

The next morning when we arose we were not surprised to find that the weather was below zero and that we had a flat tire. Our appetites and our surplus of ready assets might have been compared to the means and extremes of a geometrical problem which was unsolvable.

However we started out and once more were doing an Eskimo Pie act in six feet of snow. Six hours later after having dug a boulevard with our hands for four miles, we gave it up and returned to Minturn.

The telegraph wires were in good condition and we used them with good results and for the first time in days were able to form a definite opinion as to our chances of getting home.

In conclusion we wish to thank the D. & R. G. for the many courtesies extended to us by the employees of said railroad, but would advise that the next trip to Utah be made over the Union Pacific. We might get farther.

PHI GAMS TO HOLD SECTION CONVENTION THIS WEEK

The members of the local chapter of Phi Gamma Delta fraternity will be hosts to the members of the Boulder chapter and the Denver Alumni chapter at a short convention, this week end. This is an annual affair and is held each year at the time of the Boulder C. C. game. It was held in Boulder last year. By this meeting and get-together the members may become better acquainted and at the same time swop ideas.

Saturday night after the All-College dance the local members will give a smoker for the visitors. Sunday morning they will hold a business session at which important matters may be discussed. After this the visitors will be shown a good time until they leave.

DOROTHY SMITH ENGAGED TO LAWRENCE KOERNER

The engagement of Dorothy Smith and Lawrence Koerner was discovered the fore part of the week when it was noticed that Lawrence was minus his fraternity pin.

Miss Smith attended Wellesley College for two years and is now a Junior in C. C. Koerner is a senior and a laboratory assistant in the physics department. Both are residents of Colorado Springs.

Scraps from the Training Table

By "Ez" Cornell.

BEAT BOULDER BY FIGHTING

The cast was removed from MacDougall's knee Wednesday afternoon. He is expected to don his war bonnet Saturday when roll is called. Now that "Mac" is to play, Boulder will run herself to death chasing the balls that are kicked over their heads by "Mac" and "Perry Ma".

* * *

Have you heard that one on Piker yet? A Utah fellow threw a head guard in the air last Saturday and Pike caught it and went for a touchdown before he knew what he had caught.

* * *

Coach Meade may not be the biggest man in the matter of weight, but he SURE is the "BIG TIGER."

* * *

I wonder if Coach Lavik has read his wife's "Ladies Home Journal" this week?

* * *

Warning Boulder. Be careful because you're "fixin" to get run over.

* * *

Do you remember how Waiss made the first touchdown against Boulder last year? He claims that he is in better training this year and so can do it more than once this time. Shoos, Captain!

* * *

Let's hope Swede Wessen can lower his 95 yard dash record this time. If he has the ball under his arm we know he can.

* * *

Take notice, girls. Stormy Muncaster has "the skin you love to touch."

* * *

Coach Meade and Referee Dana were continually bothered by reporters at Pueblo on the way home from Utah.

* * *

Zickafoose is getting to be quite a politician. The only trouble was that his soap boz turned over with him the other night in the dressing room.

* * *

How about the Mormon girls, Tigers!

Of all the games of the year, this is the main one for us. Let's show the old Tiger spirit and "Go after 'em."

BEAT BOULDER BY FIGHTING!

IT'S A PARAMOUNT PICTURE

(BY RIP VAN).

OUR POETRY

Our poetry's too friviolus
That's what one rival said
But since it don't imperil us
We guess it will be read.

Though even if it is so far
Beneath his highbrow mind
That it, to him, is clear as tar
He will no better find.

But anyhow to justify
These homely ones we write
We'll print some now that typify
The kind that him, delight.

* * *

P. S. We consider Pike's doggerel to be unworthy of the name of poetry so he is not the one meant as our rival.

* * *

Just to start with here is a little snatch from the romantic school of poetry, it comes under the heading of Chesterfield Poetry — Mild, yet it Satisfies.

* * *

BEAUTY

Say not that beauty is a thing
That has exquisite grace
For beauty is far more than that
And holds in life a place.

Nor may we mean by beautiful
Just what the eye can see
For beauty is far more than that
Unlimited and free.

A hymn, a verse, a life perhaps
Or just some chiseled stone
For much that might be beautiful
Must pass through life alone.

For ears and eyes can not perceive
All beauty in this life,
For much that might be beautiful
Will lose out in the strife.

But woman always will be held
As beautiful by man
At least while Murray's sell the kind
That costs six bits a can.

* * *

That ought to satisfy him but if it doesn't we have a sample of modern poetry which is guaranteed to please the most asthmatic souls. Perhaps his modern mind thrives upon this kind, if so, then let him thrive for here goes.

* * *

THE DANCE

A swish—a swirl,
Of skirts; a girl,
Flits 'cross the floor like fire
A skip—a dip,
Like crack-the-whip,
She twists around like wire.

She's not alone,
You must have known,
A college youth's her guide.
As though possessed,
To beat the rest,
They've left their brains outside.

But if you try,
To find out why,
They will give you the razz,
So let them go
For you must know,
That this is naught but JAZZ.

* * *

How about that? If he didn't go down under that blow we have only one more hope—free verse.

O Elmer C. look out for me
Whenever I come near
But take my LINE and me to dine,
And you'll have naught to fear...

* * *

First Student: "Did you go to Salt Lake?"

Second Ditto: "Yes, I went over in my Cole Eight."

F. S.: "Cole Eight?"

S. D.: "Yes, coal car with eight wheels."

* * *

"I bet he'd kiss you if I weren't here."

"You naughty boy, run away this instance."

Mr. Ormes Gives Interesting Talk on Life of Washburn

Manly D. Ormes, librarian of Colorado College, gave an interesting talk on the life of the Reverend Phillip Washburn, founder of St. Stephens Episcopal Church in this city, and who dedicated the college athletic field which bears his name.

Reverend Washburn was a graduate of Harvard and was prominent in athletics there, having played first base on the Harvard baseball team. He came to Colorado Springs for his health, but was probably the most able and brilliant minister who has ever lived here. He was intensely interested in the college and in its athletics. When Washburn Field was opened in 1895, Rev. Washburn delivered the dedication speech. The Mines were to play football here against the Tigers that day, and Rev. Washburn in his speech turned to them, shaking his fist, and said, "Beat us if you can!" and turning to the Tigers said, "Let them if you dare!" It is almost unnecessary to say that the Tigers won the victory.

Mr. Ormes gave an amusing account of a baseball game played between the faculty and the Tigers and about the rules which Rev. Washburn made for the game. Some of them are as follows: The faculty shall have assistants to run for them. The fielders for the faculty shall be permitted to use blankets to catch the balls. For each run that the faculty makes, there shall be two subtracted from the College runs.

Mr. Ormes recommended that the students read the resolutions by the vestrymen of St. Stephens concerning Rev. Washburn passed after his death here in 1898. A copy of them hangs on the east wall in Coburn Library.

The Library will be closed on Saturday, Home-Coming Day, at 12:30. Reserve Books may be taken out after eleven o'clock Saturday morning.

* * *

Miss Margaret Coleman, ex-'24, arrived at Bemis Hall on Thursday, to spend the week end. Miss Coleman is attending D. U. this winter.

* * *

Contemporary Club will entertain its alumnae at tea at the Club House after the Boulder game tomorrow.

* * *

Ruth Hegener has moved into Bemis Hall for the rest of this semester. We wish the rest of the senior town girls would follow her good example.

* * *

SIG CHI TEA THIS P. M.

An informal tea party and dance was given at the Sigma Chi house this afternoon at four o'clock. The party was given in honor of the alumni who have returned for Homecoming.

The chapter is particularly indebted to Mr. and Mrs. Lenox whose efforts were largely responsible for a very enjoyable social hour.

* * *

Kenneth King, a Sigma Chi of Northwestern University, is a guest at the Sig house this week. King is the brother of Donald King, a pledge of the local chapter.

It may be of interest to know that the chapter house at Northwestern is reputed to be the largest and most expensive fraternity house in the United States. It has a suite of rooms and a private bath for each member. The appraised value of the house is $75,000.

* * *

Insignia day will be held on next Wednesday, November 15.

* * *

Dr. Duniway attended a meeting of the Colorado Educational Association in Pueblo yesterday. Tonight he will attend an Inter City Rotary Club meeting in Denver, while tomorrow he will be at another meeting of the Colorado Educational Association in Denver. Among the other C. C. men and professors attending these meetings are Dr. Davies, Dr. Sisam, Mr. Cabello, Mr. Hulbert and Mr. Douglass.

STANFORD CHALLENGES AGGIES TO MEET IN POLO

Colorado Aggies have been challenged to meet Stanford University in a series of polo games to be held between Oregon Agricultural College, Leland Stanford University, and Colorado Aggies, on Stanford field. The tournament has been suggested either during the Thanksgiving or Christmas holidays, whenever the two visiting schools could be present. This will be the first time in the history of the Rocky Mountain conference that any school has engaged in a polo tournament, that is if the Aggies accept.

Polo is comparatively a new sport that is rapidly gaining distinction in the largest colleges of the east. Schools such as Harvard, Yale and several of the larger institutions have adopted polo as a major sport and are now giving letters to its teams. Polo is rapidly gaining popularity in the country clubs all over the United States and games between the different clubs are being arranged more than ever before.

C.C.'s Who's Who

Dean Edward D. D. Hale was born February 1, 1859, at Aquebogue, New York. His primary and secondary education as well as his preparation for college was completed in the district schools or academies of the New England type. He had never seen a high school until he had completed his secondary education.

Dean Hale received his bachelors degree from Williams College at Williamstown, Mass., in 1880. While in college he majored in languages, fully intending to follow this line in after life. Three years later he took his masters degree at Williams.

It was by a very peculiar incident that Dean Hale gave up the study of languages for music. It occured in the following manner: Dean was preparing to enter an academy directly after obtaining his masters degree, when the head of this particular academy disappeared. At loss as to which way he could turn, his father, a lover of music and a wonderful singer, influenced him to enter the New England Conservatory of Music, in Boston.

From 1883 to 1885 he took post graduate work in that Conservatory. Here he was staff editor of the "New England Conservatory Magazine", editing the music pedagogy department. After finishing his graduate work, he accepted a position as special assistant to Dr. Torjee, founder and director of the New England Conservatory. In this position he acted as tutor in piano theory and composition.

The Dean spent twenty years in Boston, and he was there located when he and Dr. Slocum closed a contract in 1905.

He is now Dean of Music in Colorado College, and a director of the Wolcott School of Music, in Denver. He is a member of the Phi Beta Kappa fraternity. He is chairman of a committee to formulate a course for teachers of music in Colorado.

Poetry seems to be the Deans principal hobby. He reads considerable Latin, German, Italian and French poetry.

His motto: "You are as old as you let yourself be," and he judges himself accordingly.

ROCHESTER MAN PAYS WAY CATCHING "CRITTERS"

Butterflies, frogs and caterpillars are paying the college expenses of Earl Hilfiker, a sophomore in the University of Rochester.

Knowing that Monarch butterflies are used extensively in biological work, Hilfiker made arrangements to sell all he could collect and went to the lake shore where butterflies gather in great numbers. During the summer he made $700.

Next year he intends to collect in South America. Hilfiker says there is good money in the game.

OKLAHOMA A. & M. REQUIRES COURSE IN BABY CULTURE

Dean Ruth Miller (Okla. A. & M.) is the only woman in America who has put Infant Growing and Feeding as a required subject in her college curriculum.

At the State Fair, Baby David's (Okla. A. & M.'s adopted baby) attractive white booth had many visitors and when they were questioned by our faculty members as to the advisability of teaching girls the care of children, every married woman said, "It's the finest thing I have ever heard of."—Orange and Black (Okla. A. & M.)

150 ORPHEUM SEATS RESERVED FOR C. C. NOV. 18

Reservations for seats at the Orpheum theatre in Denver on the night of the D. U. game, November 18, may be made tonight and up until tomorrow night. Don MacMillan has charge of making the reservations, and an initial depost of twenty-five cents is necessary to assure the management of the theatre that the one making the deposit fully intends to go.

BOULDER TAKES BAND ON FOUR TRIPS

The associated students at the University of Colorado is taking their band on four trips this year, two to Denver, one to Colorado Springs, and one to Lawrence, Kansas, where the Silver and Gold will play the University of Kansas, November 18.

No classes were held at Boulder or Ft. Collins election day. Several students of the University distributed literature concerning the educational amendment in Denver.

On the Campus

Bill is a Colorado Springs product. He graduated from the local High School in 1919. Bill did not crash heavily into the limelight until his Junior and Senior years in school. He is well known by the men, of the school although very few of the fairer sex are intimately acquainted with him. Among his accomplishments he seems to have severely neglected this side of college life.

Bill is taking a business major and hopes to be someday, A. C. P. A.

Since his entry into the halls of learning he has appropriated the following titles: Band (1) (2) (3), Assistant Manager Football (3) and Manager Football (4), Assistant Manager Basketball (3), Track Manager (3), A. B. Club, and Alpha Kappa Psi.

While not an athlete, Bill has more than made up for it by the hard work he has put in other phases of college activities, and he is doing his best to help the Tigers to "roll old Boulder." It would be well for you to make his acquainttance girls, he might let you in free for nothing sometimes.

ARCHERY TO BE TAUGHT AT BELOIT

Archery is a new subject about to be offered to co-eds at Beloit. It is an elective included in the Physical Training catalog and will probably take place in the spring. Badmington, a popular English game, played on a turf court with a shuttle-cock in much the same manner as tennis, will also be introduced.

Pearsons Holding Tryouts

Pearsons Dramatic Club held its second tryouts Wednesday of this week. No announcement has been made of the successful candidates and there will probably be none until after the third tryouts which will take place next week. These will be the last tryouts of the year and soon afterwards the Club will start work on a play.

JAP PROF. SAYS AMERICAN STUDENTS "TOO CHEERFUL"

Berkeley, California.—"Too cheerful," is the characterization of American students by Teizo Niwa, professor of horticulture at Tokio Imperial University. "My first impression of the American people, and especially of the university students of California," said Professor Niwa, "is that they enjoy life to a point of excess. In Japan we consider that such a carefree attitude is extravagant.

"Frivolity, which is so common here, is seldom found in the Orient," he continued, "for the students are more serious, both in their academic activities and in sports. I do not believe that many Universities of California students would take their lives rather than face failure in their work. In Japan this is not uncommon.

"Athletics, too, though they have the same principles of sportsmanship as athletes in America," said Professor Niwa, "are forced to endure many hardships unnecessary in this country. During the winter months they begin training at 4 o'clock in the morning, while in summer they practice in the heat of mid-day."

AGGIES PLAY DRAKE TOMORROW

When the Colorado Aggies clash with Drake tomorrow at Des Moines they will be minus one of their best tackles, John Burdick, who was injured in the game last week at Boulder. The Farmers are looking for a hard game, and although they will probably be defeated, they should prove worthy representatives of this conference.

FIRST ORCHESTRA PRACTICE NEXT WEDNESDAY

The College Orchestra will hold its first practice on Wednesday, the 15th, at Perkins Hall.

The personnel of the Orchestra has not been definitely made up yet but it will probably consist of Brumfield and McLaughlin on the cornets, Wallace Mast and Leisy on the clarinets, Wm. Mast on the trombone, Heller on the violin, and Bushnell on the drums.

The Orchestra in affiliation with the Glee Club will likely take a tour during the winter, as has heretofore been the custom, tho no definite plans have been made as yet.

INTER-FRATERNITY COUNCIL

(Continued from page 1)

leaving bills behind him. Also, the Student Commission will, in the very near future set a percentage of profits to be collected by the Treasurer from all managers. The Y. W. C. A. Circus and the Sophomore Barbecue should make a good beginning for the Commission, as these are both money-making propositions which have never before benefited the Student Commission in the least.

Incorporation is only the first step in the rejuvenation of the Student Commission. It is hoped that by the end of the year it will be on a basis of real authority on the campus, and that the new Commission next year will be the real governing body controlling all non-academic activities on the campus, in fact as well as theory.

DEBATE CONFERENCE

(Continued from page one)

A short meeting of the debaters was held Tuesday evening, that the decisions at Denver might be made known to them. The Student Commission at their last meeting accepted the resignation of J. Elwood Amos as debate manager and duly elected Jack Dern to fill the vacancy. It is generally conceded that he is a "Dern good debater."

C. C.-BOULDER GAME

(Continued from page one)

ful they will rise out of the cellar position to which they were relegated at the beginning of the season by the dopesters. The Coaches, Witham and Franklin are much more confident of their team after the Aggie game. McDougal of C. C. is a good punter and should outpunt either Hoppor or Bilbrough unless the latter players show improvement.

NEW FEATURES MAKE BARBECUE UNUSUALLY SUCCESSFUL FRIDAY

Good Weather Continued Till Big Out Door Pep Meet Ended

The Sophomore Barbeque at Cossitt Stadium last Friday night came off successfully. All the visiting alumni, the students and a great number of townspeople were there. The program which had been so carefully prepared went through without a hitch. Only once, when one of the Ku Klux Klan tried to set himself afire, did anything accour that was not on the program.

Francis MacDougall spoke in behalf of the Sophomore class and welcomed the people to the barbeque. President Duniway made the official welcome to the Alumni for the entire Homecoming event. H. H. Fawcett represented the Alumni and expressed their pleasure in being able to attend.

The Sophomore girls put on a very pleasing show near the first of the program called "A Galaxy of Beauty." The girls, about twenty in number, appeared in costumes singing a Sophomore song, while a powerful spotlight, installed for this purpose swung back and forth over them. At the completion of their song and while they were still in position Miss Dorothy Davis gave a solo dance which was greatly enjoyed.

The Freshmen class gave a stunt which depicted the treatment which

TESTS SHOW COLLEGE STUDENTS ABOVE THE AVERAGE INTELLIGENCE

Men Slightly Brighter Than Girls

By Bob Swan

How often has the average college student heard the question, "Is the college student any wiser than anybody else of the same age?" or some question similar to this one? Ten chances to one the student could not answer the question. In the past two weeks the Psychology department has been compiling some interesting figures about the mentality of the students of Colorado College. The exact answer to the above question has been found out.

Mr. Remmers has made tests of one hundred thirty three students in the Psychology classes. It has been found that the boys have a slightly higher mentality than the girls, however it is not enough to be of any signficance. The average score of the men was 178.75, and that of the girls 175.36. Furthermore the seniors have a slightly higher mentality than any of the underclassmen. The average scores of three of the classes follow: Seniors 181.25, Juniors 174.58, and Sophomores 173.33. The average of all concerned was 176.43.

The differences in the various scores is of little significance, however, the general average of the students as a whole gives the information desired. The scores were high enough as a rule to show that the student had mental ability enough to carry the regular college course. A low score would mean that the student would not be very likely to get high marks. however, these low marks were few and

(Continued on page 3)

C. C. PROFS. HONORED BY EDUCATION ASSOCIATION

At the second annual meeting of the State Educational Association held in Denver last Thursday, Friday and Saturday, several people connected with Colorado College either directly or indirectly, were given some very honorable positions. Dr. Davies, head of the department of Philosophy and Education, was elected president of the High School and College section. Mr. Remmers, instructor in the Department of Philosophy and Education was elected president of the Child Welfare section, and in the Classical section of the organization Miss Jean Ingersoll was elected president, and Miss Rosemary Gildersleeve was elected secretary. The latter two are alumnae of Colorado College.

Dr. Davies was elected over a well selected field and is given great honor in receiving such a position. His duties are of the most important kind. He has to look out for the preparation of a program for the high schools and colleges in the state. This program will be brought before the association at their next meeting a year hence. It has great bearing upon the way the schools are to be carried on for their improvement in the future.

Mr. Remmers, was also selected from a strong field of opponents. His duties as president of the Child Study section, tend more to the care of the students while they are in school. Factors such as the care of the student will effect his work to the best advantage come under this line. The program to be made out for the next meeting of the association is in the hands of Mr. Remmers.

Miss Jean Ingersoll, and Miss Rosemary Gildersleeve were former major students in the department of Classics and are Associate Members of the Colorado College Classical Club. Their offices have to do with the teaching of the classical languages in the schools of the state. They should be congratulated on their positions.

The purpose of the Association is to further the educational facilities of the State of Colorado and make them the best possible. It is composed of all the schools in the state. Meetings are held once a year in Denver. Each school sends all the representatives it possibly can to the conference. Usually the public schools close for the days it is in session and let all their

(Continued on page 4)

McDonnal, of Aggies, Succeeds Amos as Manager of R. M. I. C. P. A.

William J. McDonnal, business manager of the Rocky Mountain Collegian, has accepted the office of business manager of the Rocky Mountain Intercollegiate Press Association. He fills the vacancy left thru the resignation of J. Ellwood Amos.

His work will consist in soliciting national advertising and apportioning that advertising among the members of the association.

The Collegian originated the idea of organizing the college papers of the Rocky Mountain conference but the first officers of the organization were elected from Colorado College. McDonnal will now have an opportunity to develope the idea in the way planned by the Collegian staff.

The association is active in the exchange of news from the various campuses altho the service is not well organized as yet.

TIGERS TROUNCE BOULDER, SCORE 15-3

SOCIETIES TO EXPAND BUT MUST NOT RUSH

A New Era in the Life of the Girls' Literary Societies Prophesied

Due to changing academic standards, to war conditions and a number of allied causes, the Girls' Literary Societies of Colorado College have gradually dwindled in numbers, until at present the active members are so few that they are no longer able to fill the prominent place in college life which is theirs by inheritance. The societies have much to offer the college girl, and the College as a whole. They stand not only for scholarship, but also for achievement in extra-curricular activities, and offer unusual opportunities for development and training along social and cultural lines. Loyalty of the finest sort is fostered and links are forged which bind the groups to the College, to the alumni and to those to come in the future. It is impossible to estimate the usefulness of the societies and what they have done for the College.

Under the present condition of small numbers, the less desirable features of exclusive social groupings have been brought to light, rather than the forces for good of which the societies are capable. Mrs. Lee has seen the danger and suggested the remedy. At a meeting of the Presidents and Inter-Council and the Presidents of the Alumnae Chapters in Colorado Springs, it was agreed that the eligibility rules should be so revised as to make a larger number of girls available, and the active mem-

(Continued on page 4)

BOULDER APPARENTLY TOOK LITTLE INTERIST IN SATURDAY'S GAME

Only 105 of 2500 Support Team

Boulder did not have a great deal of success with the special train which they sent to the game here last Saturday. The short and abbreviated train which pulled into the D. & R. G. station that morning was a strange contrast to the special train which rolled into Fort Collins on the day of the C. C.-Aggie game. Last Saturday's excursionists left the train without any demonstration and the band alone marched to the Acacia Hotel.

Out of a school of 2500 students, only 105 accompanied the team, and this included the band. C. C. students who were present when the train arrived said that the most noticeable part of it all was the band.

A special to Denver next Saturday will be the climax of a good season. We can have it for $3.60. The train will leave here Saturday morning at eight-thirty and the students may return anytime they please. Signify your wish to go, and help put the team across to victory.

About ninety more tickets must be sold to secure the section at the Orpheum for that night. The price is $1.10, and reservations must be made with Don McMillan by Wednesday night. Lou Helborn, the manager of the theatre says this is his best show

(Continued on page 4)

Hockey Coach Arrives Week Ahead of Schedule

Miss Margaret Inglis, an English hockey coach, arrived at McGregor Hall on Monday night for a week's stay. Miss Inglis has been all over the middle west, and has been very popular at all the colleges and universities where she has stopped. She was to have been at the University of Colorado this week, but since they have a dirt hockey field which is at present covered with eighteen inches of snow, she changed her schedule and came to C. C. first.

All sports classes in physical education will be out this week, and all girls interested in hockey are invited to come and watch the teams play. The Park Commission has been very kind in lending a field near the Pavilion in Monument Park, and the same will start each afternoon at four o'clock.

The Women's Athletic Association of Colorado College secured Miss Inglis' services, and the Board is planning a dinner party in Bemis on Tues-

(Continued on page 4)

GUNNISON BEATS C. C. FROSH 6-0

Gunnison, Nov. 11 — Colorado College freshman lost a hard fought battle to Gunnison State Normal by a score of 6 to 0.

Gunnison played an open game throughout, and scored their lone score by a forward pass. They were unable to make any gains by line plunges or end runs, and therefore resorted to an aerial game. They only made one first down by line smashes during the whole game.

The yearlings had several chances to score, but lacked the final punch to put the ball across. Gunnison made her touchdown in the first period, and was unable to score again.

Brown, Willis, and Ryan starred for the Frosh, by their end runs, and line smashes. Wright was the outstanding player for Gunnison.

The rest of the game, after the first period was played in the middle of the field with neither team taking the lead. Although they lost this game, the freshman are a hard fighting team and there is good material in this squad for the Varsity next year.

Hypatia Entertains Minerva and Contemporary

Last Friday afternoon the active members of Hypatia were hostesses to the active and Alumnae members of Minerva and Contemporary. This was one of the first of the Homecoming affairs.

Among those who poured during the afternoon were Mrs. Duniway, Miss Gerould, Mrs. Beverly Tucker, and Miss Hutsinpillar, while the members of Hypatia served. The program arranged for the occasion included two selections, "Ecstasy" by Roger and "Will o' the Wisp," by Spross, sung by Miss Dorothy Ehlers, a pupil of Mrs. Cleora Wood Schmidt. She was accompanied by Miss Grace Casey. Miss Margaret Dietrich also gave two numbers "Minuette in G" by Beethoven and "Gavottee" by Gossick.

STATE ON DEFENSIVE DURING ENTIRE GAME IN BLINDING BLIZZARD

Wessen Stars by Blocking Kick With Nose. Pass Game Successful

Again proving that dope plays no part in the C. C.-Boulder game, the Tigers Saturday completely outclassed the highly touted team from Boulder, by a 15 to 3 score. On paper, Boulder looked to be far the stronger team. The addition of five new stars had given them a 7-0 victory over the strong Aggie team a week before. With another week's practice to drill these new men into their places before the C. C. game, Boulder was considered one of the strongest teams in the conference, when they took the Field Saturday against the Tigers. On top of this added strength of the Boulder team, came the loss of two star Tiger ends, MacDougall and Bruce, through injuries. With these two men out, the Beugnl team appeared to be doomed. MacDougall, besides being one of the greatest defensive ends in the Conference could run, pass or kick and had been responsible in a large measure for the great Tiger showing this year. Bruce also had an enviable name for himself in the Utah game when he had caught passes from every angle. With these two men out it looked as if the passing strength of the team would be greatly handicapped if not altogether lost.

The ability of Gray and Delaney, to step into these ends' places with only two days warning and come through as they did, was in a great way, responsible for the big Tiger victory. These men with practically no experience at playing end, stepped in and made good from the start. Their playing would have done credit to two seasoned ends.

No one thought that the light C. C. backfield could puncture the Boulder line as this line had withstood the onslaughts of every conference team and was recognized for its great strength.

The ability of the Tiger team to overcome these handicaps and show the strength they did on Washburn Field Saturday, speaks well for the new coaches and the fighting spirit they have put into the men. The Tiger team fought as a unit and it was a team victory as well as a great victory for the Coaches.

Our Alumni had heard that we had a fighting team this year, that knew football. Now they have seen this team in action and they know this is true. The Tiger, with all the odds against him, outplayed, outgeneraled

(Continued on page 4)

"Jim" Thomas Speaks at Cossitt This P. M. Under Auspices of Y. M. C. A.

Dr. James Thomas, of the Grant Avenue Church, Denver, spoke in chapel this morning and will speak again this evening at 7:30 at Cossitt. The men of the college are invited to this meeting, the first of a series put on by the Y. M. C. A. Dr. Thomas is well known to the 'Y' cabinet and Sheriff Brumfield will guarantee every one a good time at tonight's meeting.

WHAT HAPPENED TO THE PARADE?

What is the matter with the old C. C. spirit? Is it just temporarily worn out by the unusual exertions of home-coming or was it all frozen up in chapel last Monday? It is true that everything planned for the celebration fizzled out and left Runt McMillan severly handicapped, but one man can't do it all. The whole student body seemed to be dead from the neck up. We've got one of the best Tiger teams that ever set foot on Washburn field and we can't afford to lose our pep at this stage of the fight. They have upset the dope in every game they have played. They have as good a chance at the State Championship as any other team in the Conference. Not only that but if they win out in the state, they will undoubtedly be the popular Champions of the Conference.

But how do you suppose they feel now? After beating that bunch of Boulder Dudes for the first time in five years, in spite of all the adverse dope and Boulder's usual run of luck; after all that, the student body acts about as enthusiastic as a sober Presbyterian preacher at a "Hooch Party".

LET'S RUN THAT SPECIAL TO DENVER. The fare for the round-trip is only $3.60 with stop-over privileges. Only 70 students are needed to insure a train. Both the team and the band will go on the special if it runs.

NOW COME ON EVERYBODY AND LETS GO ON THE SPECIAL. IF THE SPECIAL DOESN'T RUN AND THE TEAM GETS BEAT, WE ARE ALL S. O. L. FOR A COME-BACK. DENVER THINKS THEIR TEAM IS GOOD, BUT WE KNOW DARN WELL THAT THE TIGERS ARE GOOD. LET'S GO.

—Red Eye Pep.

After the All-College Dance we should suggest, Stumbling All Around, as the school song.

* * *

The Minervy girls, the Contemtibles and the High-Passion advocates are soon to swell their membership. Chick says the change is contemplated in order that the respective (the word was respective) organizations may have enough members at their solemn conclaves to make it worth while to rap on the table for order. We maintain that the prospective measure will be put thru because the financial burden is too great when there are but a few members within the sacred circle. Whatever the reason, however, the idear is a good one, for the societies on their present basis of organization combine all the bad qualities of sororities and present none of their merits.

Athenian Varies Program for Homecoming

Athenian observed Homecoming by substituting a varied program of music and readings for the usual resume or debate. The program consisted of the following numbers:

Reading—Mabel Sadler.

Current Events — Davetta Tevebaugh.

Violin Solo — Thelma Burchfield, accompanied by Alice Sweet.

Reading—Lois Rose.

Impromptu Debate — Anne Jane Hitchcock and Laurene Reynolds.

Following the program tea was served. Helen Morton, '21, and Mildred Finlay, ex-'24 now attending C. U., were guests.

Anna Jane Hitchcock will give a resume on the English Government vs. the American government, as to democracy, at the next meeting.

DENVER ALUMNI LUNCHEON

Colorado College alumni had a "grand get-together" in Denver this week when they entertained at luncheon at the Shirley-Savoy hotel. In addition to a good many of the alumni from Denver there were present also many alumni from Colorado Springs and adjacent towns.

The general tone of discussion throughout the luncheon concerned old reminiscences of Colorado College and plans for the future of this institution. Dean Jaqua spoke of his impressions of C. C. since his coming here. Among other speakers were included Dr. Williams, head of the alumni association of Colorado College, Mr. Greenlee, head of the Men's C. C. club in Denver, Miss Ashley, head of the Women's C. C. club in Denver, Lloyd Shaw, Dr. Love, and Miss Scott. Music was furnished by several members of the Colorado College Glee Club. A few members of the faculty were present but Dean Jaqua was the only one that spoke.

"The doctor says that I have camel's feet."

"How's that?"

"They've gone a long time without water."

—College Coyote.

New York Alumni Get Play by Play Report

Even distance cannot stop the spirt of loyal Tigers. At least this was shown Saturday at a meeting of Colorado College alumni of New York City. "Fat" Bowers presided at the meeting and it was decided to lease a wire from New York to Colorado Springs and get a "play by play" report of the game. This necessitated a great deal of expense but did not discourage these men. It is not known what they did after the close of the game; but it is a fair wager that nothing short of a big celebration was in order.

Romantic Young Thing: "Oh, isn't the moon just splendid this evening?"

Practical Fellow: "That isn't the moon. That's the clock on the bank down town.

Poor practical young man!

A Sweater

for every occasion, now that you can make them yourself

DURING this season—the Collegiate Girl will want several sweaters in her wardrobe—to create colorful, ever-varying sport costumes—and by devoting a few of your spare moments each evening, you can soon make your own—and save so much, at least $10.00 on each garment, and besides you can choose your own college colors and select your own model.

Even beginners can make them easily and quickly—and such wonderful results will be obtained from the soft- colorful, fine quality

We have a complete stock of Bear Brand yarns in the College and the season's most popular colors—including Knitting Worsted, Art Wool, Marabou, Athletic Mixtures, Camel's Hair, Saxony, Lady Fair, Germantown and others.

Bear Brand Yarns

Many beautiful finished models on display in our Art Needlework Department offer timely suggestions. If You don't know how to knit or crochet—our experienced sales ladies will be glad to instruct and help you get started.

Kenneth Dixon, of the class of '25, was initiated into the mysteries of the Kappa Sigma fraternity last night. He was pledged about the middle of last semester. No longer will he have to feel the strength of the actives' right arm, and the old oak paddle.

* * *

An alumni luncheon was given by the members of the Phi Delta Theta fraternity to all their alumni back to see C. C. beat Boulder. It was given in the chapter house about one o'clock last Sunday afternoon. There were fifteen alumni present as well as three men from the Boulder chapter who stayed over for the affair.

* * *

The local chapter of Pi Kappa Alpha gave an alumni breakfast for their "returned alumni" at their chapter house last Sunday morning. It was a good old get together and many old times were discussed. The alumni present were: Carlton Dein, Robert Miller, and Kenneth Kingsbury. Four men from the Boulder chapter were also present. They were: Oldaker, Taylor, McNerney, and Loudan.

* * *

Dr. Duniway will leave the latter part of the week for the East in the interest of the Administration. While there he will make extensive visits in New York, Boston, Washington, and Chicago. He will be gone about a month.

* * *

The Winter Night Club resumes its meetings tonight at the Antlers Hotel. Dr. Duniway, in the absence of the president, will preside at the meeting.

* * *

Mrs. J. H. McCool of Mississippi was in Colorado Springs over the week end, visiting her son. She was the guest of Miss Landers at dinner on Sunday.

* * *

Mrs. W. P. Southard of Trinidad, visited her daughter, Eileen, at Bemis Hall on Sunday.

* * *

Among the alumnae who were at Bemis over the week end were: Anna Maude Garnett, Pueblo; Gladys Ball, Greeley; Eleanor Hobbs, Denver; Ruth Gilliland, La Junta; Marian Ward, Greeley; Kate Ashley, Denver; Ruth Lewis, Denver; Evelyn Austin, Denver; Dorothy Sweet, Margaret Felt, and Mary Walsh, all of Denver. Eleanor Henaghan, Margaret Coleman, Mildred Finlay, Georgia Allen, Margaret Carter and Dorothy McLean also visited in the halls.

* * *

Contemporary Club entertained at tea for its alumnae immediately after the Boulder game, at the Club House. The guests were Mrs. Ella Warner Fauteaux, Ruth Lewis, Mrs. Kate Kitely Jonson, Mrs. Evelyn Campbell Seeley, Mrs. Lucile Wakefield Neuswanger, Marjorie Crissey, Olive Hensley, Helen Kirkwood, Anna Maud Garnett, Eilene Carrick, Gladys Bell, Dorothy Sweet, Priscilla Nicholson, Ruth Gilliland, and Marian Ward.

* * *

Miss Nell Hunt of Trinidad was the guest of Miss Flora Judd over the week end.

* * *

Mrs. Florence Leighton Carter and Miss Margaret Kemp gave a very delightful program at the Musicale at Bemis Hall on Sunday. Mrs. Carter sang some delightful songs, with Miss Frances Curtes accompanying. Miss Kemp read "What is so rare as a day in June," from "The Vision of Sir Launfal", with Mendelssohn's "Spring Song" as an accompaniment, and did it remarkably well.

* * *

Because of the deep snow in Boulder, the hockey coach who was expected to arrive next Sunday, came last night. This moves up the social events planned in her honor tho the supper picnic will have to be given up due to the change in weather.

However, Miss Davis is entertaining the hockey players and the members of the W. A. A. board tonight in Bemis, and the tea will be given Thursday in Bemis for all college and faculty women.

* * *

The Colorado College Alumni Chapter of Kappa Sigma held one of its regular meetings last night at the McRae Restaurant. Gerald Schlessman, ex-'17 was there to represent the Denver Alumni Chapter; he gave a very interesting talk on the relations of alumni and active chapters. The next regular meeting will be on December 10 when the Alumni and Active Chapters will co-operate in a joint meeting and banquet to celebrate Founders Day.

Line Plunges

"Then hit the line Colorado"

SYMPATHY

A student was trying to persuade the Dean that he should not be dismissed for a certain prank that he had played on Hallowe'en, and after a lengthy explanation the Dean gave this reply to him.

Young man few people know that I have a glass eye.

The Student acknowledged that he was one who did not know of this fact.

Then the Dean said that if he were able to tell which eye was of glass that he would be allowed one more chance to stay in school.

The student thought a minute then said your right eye.

The dean said that was correct and asked why he had guessed that one. "Well," said the student, "I noticed during my explanation, that that eye was the most sympathetic".

* * *

We want help, real good help from the Students, to be able to make this column a real column of college wit and fun. All we ask is that if you hear a good joke let us know about it. We thank you.

COMMENTS

by Arthur Disbrane

Business Men's and Farmers' Alliance

Since the election there has been much speculation as to the possibility of forming a successful third party that will be a real contender for power and one that would have a definite policy for the conduct not only of domestic but of foreign affairs as well. The latest suggestion has come from Bernard M. Baruch who was prominent in the Wilson administration as an organizer of industry for war time production. He proposes an alliance of business men and farmers. This possibility is a real one since both the men engaged in business and in cultivating the soil have the economic future of the country in their control; both are essentially employers of labor and consequently are vitally interested in preserving domestic peace and international tranquility. It is argued that such a party would be more economical and efficient than either of the two major parties now in existence or any labor group. That is only common sense for the farmers and laborers are really united in opposition to only one power in this country. Both are solidly opposed to Wall Street but after that their interests separate. In the older European nations the bitterest enemy of the labor group is the small farmer. Such will eventually be the case in this country. Gompers was turned down flatly by the National Grange last year when he proposed an alliance of the organization and the A. F. of L.

It will be interesting to see what further developments will take place in the direction of forming a third party in the next two years.

Clemenceau Sails for U. S.

Clemenceau has sailed for the United States to reassure us of the friendship that France has for this country. This old French gentlemen is eighty two years old, yet he seems to be as active in politics and only recently informed the world that if Poincare gave in any more to the German demands that he would follow his predecessor to defeat; whereupon two days after that challenge the French premier stated that France would act alone, if necessary, in dealing with the knotty reparations problem. His tour of the country will doubtlessly result in closer relations between the two countries even tho his trip is unofficial in character.

Reparations and Reconstruction

The new British Chancellor of the Exchequer, Sir Stanley Baldwin, has stated that the chief duty of England is to cooperate with her allies in trying to solve the problem of reparation and reconstruction in central Europe. If he consistently pursues this policy the Entente will be preserved and be better able to get back to normalcy than tho each nation followed it's own resources. Coupled with this is the announcement that the new prime minister will do all of his foreign work thru the Foreign Office. The Future, consequently, will witness closer relations between the Allies than for many months. Proof of this is that Italy, France and England simultaneously agreed to increase their military and naval forces on duty at the Bosphorus on last Friday. The following day the new Facisti premier of Italy made a statement similar to that of the British Chancellor.

Automatic Steering Device

A new instrument that will automatically keep ships on their course has been invented and proved successful on its first trial on an ocean-going steamer. If this improvement is generally adopted the danger of collisions at sea will be greatly minimized. Science has done much in the past decade to aid the navigator but little has been done along the line mentioned above. This invention coupled with radio may make cruising in a fog as safe as on a clear day. The inventor of this instrument is an American and the trial took place on an American ship plying between New York and South America. We Americans may yet become ship minded and be the world's foremost commercial navigators. Such news should be very gratifying to those who have hoped to see a revival of American interest in commercial shipping as a result of the war.

TESTS SHOW

(Continued on page 1)

far between. A high score would mean that the student gets high marks although it does not mean that he cannot get a low mark. By comparing the college score with that of the average public it shows that college students are a select group as far as mental ability goes. The scores of the average public is 130. Ergo, College students are more intelligent.

Hypatia and Minerva Initiates New Members

Last Saturday morning Hypatia and Minerva entertained their respective Alumnae at breakfast following the initiation. Hypatia entertained at the Colonial Tea Room and Minerva at the Antlers.

Hypatia initiated Stena Dearborn and Mary Hicks. The new Minerva members are Katherine Wilson and Ellsworth.

Contemporary, whose initiation and luncheon came a week earlier, were hostesses to their Alumna after the football game.

STUDENT FRIENDSHIP FUND DRIVE NOV. 20-21

The annual drive in the interest of the Student Friendship Fund will be made here November 20 and 21. This fund is used as the students' contribution to the Near East Relief. The money goes to relief of students and professors in Smyrna, Hungary, Czech-Slovakia, the Balkan States and Russia. Students of Hungary and Czecho Slovakia have requested that a large portion of this year's contributions be given to Russia and Smyrna, as the greatest need is felt to be there.

Dr. Ward, representing both the Near East Relief and the Student Friendship Fund, will speak in Chapel on November 20.

Further notice of the drive will be given in the Tiger and on the bulletins before November 20 and 21.

Scraps from the Training Table

The Tigers have accomplished something thought impossible, by showing an efficient passing game on a wet, snowy field two weeks in succession. Something to think about, Denver.

* * *

D. U. with their undefeated wonder team comes next. The only wonder part of it to C. C. fans is wondering why they have not been beaten before and how they can keep from getting beat next Saturday at Denver. The Denver papers put D. U. at the top and C. C. near the bottom, at the start of the season. They still concede D. U. an easy victory next Saturday. That's what Boulder thought, D. U.

* * *

One game at a time has been our motto this year. Denver comes next. Everyone who can go to Denver and pull as hard for a victory there as they did Saturday, do it! We beat this same team last year. Let's do it again!

* * *

Our big brother the Princeton Tiger upset the dope bucket Saturday by a 10 to 3 victory over Harvard.

"Swede" Wessen will soon have as prominent a nose as "Roast Beef" Louthan. Saturday's game saw it again broken and this is the third time in two weeks. Some record for one nose! Besides being broken Saturday it took a prominent part in blocking a Boulder kick. In fact, "Swede" took the whole force of the punt on his nose. The block resulted in a touchdown for C. C. though when Gray fell on the ball over the Boulder line. "Swede" says that it was worth it to score against Boulder.

* * *

It was said before the game that Colorado College's chances to win rested on Perry Greiner's shoulders. He had to take over the kicking job as well as running the team. Pretty good job, "Pep.", for a substitute to average 6 yards more to the kick than one of the leading conference booters.

* * *

Speaking of All-Conference choices, here are two more names to be considered with Wessen's: "Pep" Greiner and Muncaster. With two more conference games to play, they have yet to meet a man who has outplayed them at their position. Zickafoose and MacDougall are also drawing their share of attention.

* * *

Delaney and Gray went into new positions Saturday and made good from the start. That shows good coaching, a knowledge of football and the old Tiger fight.

* * *

The papers say the C. C. backfield cannot buck the line. Did it look like they couldn't Saturday when they took the ball on their twenty yard line and marched 80 yards up the field to the Boulder goal, against a driving snowstorm and mostly through line bucks? This they did without losing the ball. D. U. can except something besides passes next Saturday because C. C. has a real backfield capable of any kind of a game.

* * *

Show the team and Coaches that you are behind them as much for a win next Saturday at Denver as you were this Saturday against Boulder. That spirit helps win games, so don't lose it.

* * *

We moved up above Boulder in the percentage column Saturday. Mines and D. U. are the only Colorado teams still above us so pull for another move up next Saturday. It's an open season for dope anyway Tigers, so spill it again next Saturday!

* * *

Help run that special train to Denver by signing up to go on it. Even if you have a car to go in, someone else might not be so lucky. Sign for the special and everyone can go together. It will give many a chance to go who otherwise could not.

C. C. PROF. HONORED

(Continued on page 8)

teachers go, that they may be benefited by the ideas brought to the convention by the heads of the various sections. This organization was formulated several years ago and has proven a great success.

BARBECUE

(Continued from page one)

the Ku Klux Klan would give a Boulder student if they were able to catch one. The climax of the stunt came when the student was flung from the roof of Hagerman. While the bonfire was being lighted the Girl's Mandolin Club played several selections and continued to play while the fire burned at its highest pitch.

After this came the pep-meeting. The team took their place in chairs placed in a semicircle in front. Coach Meade spoke concerning the game of the following day. He said that even though we might not win, when our men had played on that field for sixty minutes, Boulder would have a lot more respect for them. Professor Hulbert also explained to the team a few of Boulder's secret plays such as the criss-cross and the bushel-basket play.

Those who aviated included not only erring Freshmen, but several upperclassmen as well. There were so many that the tossers had to beg for a rest. The spotlight was again used to illuminate the sprawling flyers in mid-air.

At last came the food. Not a single person was turned away without having received the full bill of fare. At one end liberal slices of meat were given out and at the other end of the table, sweet cider flowed freely.

The jitney dance in the gym was well patronized. The five piece orchestra advertised as the best stood up to its guarantee. Then following the dance, the dancers set off homeward in twos, contrary to the fact that they came singly. For those who dare not fuss to the barbeque may escort their ladies home.

BOULDER'S LITTLE INTEREST

(Continued from page one)

of the year, and the section reserved for C. C. is the first five rows. The show there starts at eight-thirty. The tickets given you will be turned in at the ticket office at the theatre that night and you will receive the regular ticket with your seat number.

GIRLS SOCIETIES TO EXPAND

(Continued from page one)

bers of the societies are pledged to cooperate in a whole-hearted and purposeful way. It had been hoped that a better understanding of the Literary societies might have been gained by the student body at a chapel talk this week, but due to an over crowded chapel schedule this will be impossible. Many girls who have not thought themselves eligible to a girls' literary society will this week deceive an invitation to join. They are warned that they will not be asked a second time during their college career, unless they give a reasonable excuse for non-acceptance. They are urged to seek information on any doubtful point from the faculty representative of the Inter-Society Council. Anything that could be mistaken for "rushing" is absolutely forbidden by the Society code of honor, and a cold shoulder at pledging time is no indication of real feeling. No pressure may be brought to bear on any girl to induce her to join, or to influence her choice of society, and the discerning girl will not misinterpret the action of the honorable society.

Eleanor S. Davis,
Faculty Representative — Inter-Society Council.

HOCKEY COACH

(Continued from page 1)

day night, for Miss Inglis and all girls who play hockey. On Thursday afternoon the Association is giving a tea for Miss Inglis, and all members of the Faculty Womens' Club are invited. It will be from four to six o'clock, in Bemis Common Room. The Board is also planning a steak supper in the canon some time later in the week.

After her week here, Miss Inglis will go to Boulder, and from there to the coast, with various stops along the way. Miss Davis, the instructor in Physical Education for women, is planning to make hockey a major sport for girls at Colorado College, and Miss Inglis is here to boom it.

TIGER-BOULDER GAME

(Continued from page one)

and outfought his bitterest enemy, Boulder, and every Tiger and Alumni was more than pleased with the result. It is hard to imagine a greater Homecoming for any loyal Tiger than a convincing victory over the upstate team. No matter what the weather conditions were it was a Homecoming Day that all of our Alumni will be proud to remember.

The game started with the old Boulder Jinx still holding good. The first and only break of the day giving Boulder a chance to score 3 points in the first few minutes of play with a placement kick. The joy of the State rooters was short lived though because the Tiger team immediately took the offensive and kept the State team on the defensive the rest of the game. An 80-yard march straight up the field to the Boulder 6-inch line showed the the strength of the Tiger offense and although the Boulder line held three times under the shadow of their own goal, the fighting spirit of the Tiger was notto be denied and shortly before the end of the first half, Waiss crashed over for the first touchdown of the game.

The fierce tackling of the whole Tiger team gave Boulder no heance to start a dangerous offensive. All they could do was kick and try to hold the fighting Tiger team and then kick again and hope for some break or fumble to put them in scoring distance. "Pep" Greiner, though, gave one of the greatest demonstrations ever seen on Washburn Field of how a good safety man should play and supplied none of these wanted breaks. His handling of punts and running them back would have been a revelation on a clear day with a dry ball but with conditions such as they were Saturday his demonstration was wonderful. Every chance was handled with the best of judgment and without a fumble.

The second half was a continuation of the first in that the Tiger team was always on the offensive. The ability of the Boulder line to hold when they were in danger saved a much larger score. The second touchdown of the game came after a blocked kick by "Swede" Wessen, the ball bounded over the opponents' goal and was followed by a group of anxious yellow jerseys, Gray falling on the fall for the touchdown. It was the second kick in succession blocked by the Tiger team. Muncaster had broken through the play before and blocked a kick which was recovered after a mad scramble by Nichols the Boulder fullback. The only other score of the game came from a pretty 40-yard drop kick by "Doc" Hunter, which shot low and straight through the goal posts. Both attempts at goal after touchdowns were missed by Hunter.

The game ended with Boulder holding the ball in their own territory after an intercepted C. C. pass.

The whole C. C. team starred but the playing of Wessen at center, Muncaster at tackle and Greiner and Waiss in the backfield was exceptionally commendable. The accurate passing of Waiss under the weather conditions was especially noteworthy. For State, Berger at right end was the outstanding feature with Hopper and Quinlan showing flashes of form in the backfield.

The game was played under weather conditions that would have kept most crowds at home but the final gun saw the largest crowd of the season still in their seats, conscious that they had witnessed one of the greatest games ever played on Washburn Field. The impossible had happened and a passing game had been used successfully in a blinding blizzard. The game was a complete upset but a well deserved victory for the Tigers. State defeated the Aggies. The Aggies held the Tiger scoreless and threatened the Black and Gold line at all times. Boulder held Utah to a 3 points with a crippled team and kept their goal line uncrossed. Utah defeated the Tiger team 20 to 7. Then comes Saturday's grudge game, and the Tigers completely outclassed Boulder and with a crippled aggregation. Another poor day for the dopesters.

Final—Tigers, 15; Boulder 3.

The Tigers made 13 first downs to Boulder's 3; completed 13 passes for 117 yards while Boulder completed but 10 for 53 yards. Boulder failed to complete 17 and the Tigers 14. Tigers gained 333.7 yards from scrimmage to Boulder's 107; Tigers punted 9 times for an average of 41.* yards. Boulder 10 times for an average of 35.0 yards. Tigers were penalized 25 yards, Boulder 20.

STUDENT BODY BACKS FIGHTING TEAM TO LIMIT

ORPHEUM PARTY SAT. EVENING FOR ALL PILGRIMS TO GAME

Four Boxes and Five Rows Reserved for Tiger Supporters

The students are back of the team again. Both the special train and the section at the Orpheum have been subscribed for to their fullest amount, and Saturday promises to be a red-letter day for C. C. students.

The special leaves at the Santa Fe depot at eight o'clock for Denver. It is expected to arrive there at ten-thirty. The game will be at Broadway park at two-thirty. Street cars No. 3, 6, 8, and 58 may be taken to reach the field. It is expected that if one hundred students wish to return that night the special will make the return trip after the Orpheum show. However the train tickets may be used on any train either Saturday or Sunday.

The theatre party will begin at eight-thirty at the Orpheum. The first five rows and four boxes have been reserved for the C. C. party. The tickets which have been purchased from the ticket sellers here are to be turned in at the box office there, and regular tickets with the seat number will be given to the person holding the C. C. checks.

PRES. DUNIWAY REPLIES TO EDITORIAL IN ST. LOUIS STAR

In reply to an editorial, "The College and the People," which appeared in a recent issue of the St. Louis Star, many college presidents all over the country have written their response. In their replies to what ails American colleges many new ideas have been advanced along educational line. Many have been found to indorse the small college suggestion, advanced by the editorial. Others favor the establishment of Junior Colleges. An 'Aristocracy of Brains is condemned. .

The following is an extract of a contribution from President Duniway. "It may be true that a considerable majority of all young men and women between the ages of 18 and 22 ought not to 'go to college.' It wou'd then be useful to give them leadership and opportunities for the continuance of

(Continued on page 4)

KALAMOZOO MEN MUST CARRY FOOTBALL ALL THIS WEEK

KALAMAZOO, Mich. Nov. 11. — Because seven of his players fumbled the ball in today's game with Valparaiso university, Coach Ralph Young of Kalamazoo college gave each of the men a football at the close of the contest and ordered that they carry the pigskins with them everywhere they went during the next week. Should any of them be found without the ball in their possession, no matter where it was, during the week, he said they would be thrown off the team. Kalamazoo won from Valparaiso, 21 to 15, the visitors making their two touchdowns as a results of fumbles.

GIRLS SOCIETIES ANNOUNCE THIRTY PLEDGES IN DRIVE

Following the new rules just declared and adopted by the three girls' societies relating to pledging, many girls were declared eligible. The various pledgings took place yesterday. Contemporary pledged at the club house at five o'clock and entertained the new pledges afterwards at the Antlers. Hypatia pledged at six o'clock and had a banquet at the Acacia. Minerva postponed pledging until after the pep meeting and celebrated with a spread at the clubhouse.

The following girls were pledged:

Minerva—Margaret Morris, Janet MacHendrie, Frances Miller, Bethany Reinking, Katherine Morton, Margaret Smith, Harriet Wilson, Mrs. Essex, Dorothy Jean Barker, Lorent Reynolds, Helen Graybeal, and Harleyn West.

Hypatia — Kathleen McKee, Lucy Fast, Evangeline Joder, Rita Fist, Delma Drake, Esther Patrick, Elma Jane Clopper, Dorothy Raedel.

Contemporary — Sadie Kier, Edna Theobald, Elizabeth Southwayd, Gladys Kinsman, Dorothy Niccolls, Florence Wilson, Rena Hestwood, Thelma Burchfield. Thelma Bradley, Esther Norton.

CAPS AND GOWNS APPEAR FIRST TIME WEDNESDAY

The long waited for and much postponed Insignia Day was finally held Wednesday morning. According to the age old custom, the members of the junior class marched down the middle aisle and formed a bower of white colors, under which James Park, president of the senior class led the seniors, arrayed in caps and gowns, to their section at the right of the pulpit. The faculty followed also in caps and gowns and took their places on the stage.

As is the custom, President Duniway made the address to the Seniors. His address in part is as follows: God expects not only what we are capable of, but all that we are capable of. He remembers that here is a great diversity of gifts and achievement among all people. Out of the present senior class there will come many who will work miracles in both their lives and in their work." When Dr. Duniway graduated the telephone and wireless were miracles, so also miracles will happen in the lives of this graduating class, of which no doubt some will play an important part. "The capacity of men is as infinite as that of the Spirit of God. Let us all have a sense of loyalty for the classes that have graduated from this college, for this class, and those who will be graduated in later years."

The ceremony was very well attended by the students, and the friends and relatives of the seniors, who crowded the balcony, in order to witness this impressive ceremony and hear the address.

Pep Meeting Forced Indoors by Snow

Bad weather forced the pep meeting held last night to convene in the gym. The enthusiasm shown by the crowd was conclusive proof that the students are back of the Tiger team. A feature of the program was a short talk by Dean Lee who assured the team of the support of the women of the school. The band was out in full force and Carl Brumfield did a very creditable cornet solo.

DEAN JAQUA PLANS TO STIMULATE SCHOLARSHIP

A new system of stimulating better scholarship on the part of Colorado college students has been initiated. During the past week the Dean has been active in investigating the grades of the students. His efforts have not been confined to the students alone, but some of the parents have been consulted and notified of the progress made by their respective prodigals.

In an interview with the Dean, an explanation is made of the new system of notifying the parents. This system is a continuation of the policy followed by him, during his term at Grinell College. "Most of the parents of the students", according to Dr. Jaqua, "are exceedingly anxious to know of the progress made by the students themselves while in College. It is my purpose to furnish them with this information."

In commenting upon the grades of the students in general, the Dean said that the grades as a whole were above the average. In reaching this decision, he stated that there were not so many high grades as he had expected but on the contrary there were not so many low grades as he had expected. Thus an average has been maintained which is most encouraging at this time. "I find," said the Dean, "a great ability for work among most of the students which is to be commended."

While no definite statements are being issued at present in regard to scholarship on the campus, the Dean expects to have some information on that score in a short time.

LAST OF WASHBURN CLUB LECTURES SUNDAY NIGHT

The last evening lectures to be given under the auspices of the Philip Washburn Club will be given at St. Stephens Church next Sunday night at 7:30. Mr. James H. Pershing will speak on, "The Task of the Church in Organization and Stewardship." It promises to be one of the best in the series. So far the preceding talks have been a great success, and have been well attended by the members of the Parish. The Club has been putting these talks on for the benefit of the general public, especially for members of the Episcopal Church.

The Parish will furnish a supper to the members of the Club at six o'clock next Sunday evening. If it can be judged by preceding suppers it will be a real supper. After the supper a short business meeting will be held. This will be the last meeting of the club for a few weeks, and a full attendance is urged.

TIGERS READY TO FIGHT TO LAST DITCH IN BATTLE WITH DENVER U. TNMORROW. DOPE FAVORS D. U. BUT WHAT OF DOPE?

Ministers Expect Hard Game and Will Not be Caught Off Guard Thru Overconfidence. Tigers Must Fight to Win

The Tiger team has shown that all teams look alike to them this year and now say that D. U. is no exception. They realize that they are going up against the leading conference team Saturday, and that the dope is against them. But they have refused to let dope play any part in their games yet, and any team that beats them is going to have to do it with 60 minutes of the hardest football they can play and not through any past performance.

This week has been spent scrimmaging against the Frosh who have been using Denver plays. These plays worked for the Frosh at first but the way the Tiger line solved them was an indication of how bad they want to beat Denver. Every Freshmen was picked out as a Boyd or a Williams, and smeared accordingly.

The Tiger team realizes that D. U. is the one big team that stands between them and a Colorado championship. This difficulty is going to be removed Saturday if fight and determination can do it. With D. U. now realizing that they are meeting the team with the best chance of defeating this year, they also are going to be fighting with their backs to the wall. Either team that is eliminated has lost its chance to the Colorado title so it should be a great battle.

Colorado College is running a special train so that everyone possible from the school or town can make the trip. Denver expects the biggest crowd that has witnessed any conference game this season and that crowd should see the greatest game of the year among the conference teams. Everyone be there behind our Tiger team, pulling for a win and a championship.

MISS INGLIS SAYS ENGLISH GIRLS ARE BETTER PHYSICALLY

Miss Margaret Inglis, the hockey coach, says that the English girls have better physique than American girls. "English girls start their physical training schools and it continues through all higher schools and is taken up later in women's athletic clubs," says Miss Inglis. "As a rule English girls know more about sports, and can do more in athletics upon the completion of high school than the American girls after they leave college."

Miss Inglis is herself an English girl and has made a specialty of hockey. She told how hockey builds up a strong body and aids in better health. Thruout the week all other women's athletics are giving way to hockey. Numerous teas and entertainments have been arranged for Miss Ingliss during her stay at C. C.

DR. THOMAS ADVOCATES SEVEN DAY CHURCH PROGRAM

It was a small but interested group who had the good fortune to hear "Jim" Thomas address the Y. M. C. A. last Tuesday. Those who did hear him agree that Dr. Thomas had a real message for the men of Colorado College. First of all he went into the true meaning of religion from A to Z. He did it without either getting into a theological discussion, or resorting to the other form of oratory which belongs to the long faced class of "come all ye and be saved or forever sink to hell and damnation".

Dr. Thomas spoke of the tendency on the part of the average college student to discover that his old conception of the gospel will not agree with modern science, and then want to discard all belief that God ever was. He stated that the fault lies neither with the gospel nor with science, but with the students' conception of both.

Dr. Thomas, unlike most ministers believes that when the younger generation ceases to attend church, the church is more or less to blame for it.

(Continued on page 4)

Boulder Again Ambitious Tackles K. U. Tomorrow

The University of Colorado and the University of Kansas will resume athletic relations after a lapse of 15 years, when the two football teams clash in Lawrence Saturday. Of the four games that have been played Kansas won two and tied one. If Boulder can hold Kansas to five touchdowns she will do well. At least that is the way the dope looks.

A Kansas scout came here for Saturday's game to find all about Boulder's method of attack. He was very much impressed with the Tiger play, especially their overhead attack, but found little from Boulder as state was on the defensive through out the contest, only making three first downs and those by lucky passes.

Fans will have a chance to see how Boulder and Aggies compare when playing in the Missouri Valley. Aggies held Drake to a 19 to 6 score. Drake had previously defeated Kansas 6 to 0.

BASKETBALL PRACTICE BEGINS IN UTAH

Provo, Utah, Nov. 16—Basketball is already in full swing at the university. Practice is being held nightly under the direction of Coach Twitchell. A number of men not playing football are reporting. As it is the purpose of the athletic department to build up a strong basketball team this year, this early practice is being held.

Some follower of college activities, under the mystic name of "Red Eye Pep" has bitterly denounced the student body of Colorado College. With the statement that the students have about as much pep as a 'Minister at a Hootch Party', he attempts to justify his statement by the action of the student body in not forming a parade down town Monday, following the big Boulder victory.

No more false statement could have been made. Colorado College students this year have displayed a spirit never equalled in the history of the institution. The Tigers have been backed by the students on all occasions. Already two special trains have been chartered by them and these by a number exceeding one fourth of the student body of Colorado College.

An unorganized parade through the streets of the city, coming as it would have after the monstrous parade on Friday and showing a pitiful contrast to such, could have had no good effect. This, added to the "peeved" feeling aroused by the faculty committee in not allowing time for a proper demonstration, should explain the action of the student body.

The student body is behind the team, win or lose. A fighting team is being backed by a fighting student body, in spite of the accusation of "Red Eye."

B. M.

APPEAL FOR SUPPORT OF STUDENT FRIENDSHIP FUND AT DENVER MEET

Foreign Students in Dire Need

HELP EUROPEAN STUDENTS

By J. C. D.

Sunday, November 5, a conference of students from Colorado Colleges met in Denver. C. C. was represented by Mary Hicks, Donald McKay, and Marjorie Collier. Denver University, Mines, Aggies, Boulder and Greeley, were also represented. The conference took up the reports of delegates of the Student Friendship Fund Pilgrimage, which visited Europe during the last summer.

These reports contained much interesting information about the life and needs of our fellows in European lands. Students in Russia, Poland, Hungary, and even in Germany, Czecho-Slavakia, and Italy, are suffering from internal famine. Food is impossible to obtain, and students must subsist on leaves, bark and clay—a horrible diet at best.

Clothing is also needed badly. Professors are seen in rags, and students, as a class, are even less well provided for. $75 will not buy a second-hand overcoat, suit, cap boots, and underclothing today, in Russia. This winter clothing will be more scarce than ever and many underfed students will die of the cold.

Imagine yourself in Palmer Hall, without heat, or water. Then imagine that you are not in Palmer Hall, but in a wooden shed or other poorly equipped building. If then, you had neither pens, pencils, ink, paper or books, could you study? The Russians do it, even under such conditions.

Nearly every student is working on the outside. Imagine working all your spare time to get enough for one meal a day, or even less than that.

The Friendship Fund reaches upperclassmen only, and is distributed impartially, without regard to race or creed to keep alive the cause of knowledge and culture, Americans sacrificing luxuries, to provide life itself!

Michigan Co-eds Don't Care for Ticklers

A vote taken by the co-eds of the University of Michigan gave a unanimous vote of "no" to the masculine mustache. The hirsute sunshade of the upper lip was assailed as unsanitaary, silly, foreign-looking, and fit only for a man with a receding jaw.

Pike Speaks

Contributions to this column should be addressed to Pike, Care of Tiger Editor.

The Special leaves for Denver at eight o'clock Saturday morning. Freights will leave the Roswell Yards at irregular intervals Friday afternoon and evening. The Auto road leaves town at the extreme north end, all day..

A LETTER

My Dear Mr. Pike—

Your knowledge of womenkind will never get you very far. I admit that the membership of the societies is very small, but we still need a rap on the table to call order, in fact many raps. If there were only two girls in a society there would still be much difficulty in calling order.

Yours Informationally,
"A Contemtible".

Ordinarily we would not consider an unsigned communication, but this one was so funny that we thot it deserved the air.

* * *

When Mrs. Lee
Drives forth
In Ophelia Bumps,
Her new Flivver.
There ought to
Be a
Town Crier,
Or a
Man with a sign,
"Dodge Brothers",
Or something.
Because we think
That the lady has
More pep than discretion
In the matter of
Gasoline.

* * *

Prof. Abbott trying to fill Eversharp at inkwell—"Must be out of order".

* * *

"Well, what are you stopping for?" asked the young man, as the taxi came to a halt in the middle of the block.

"Heard the lady say 'Stop'," said the taxi driver.

"Well, she wasn't talking to you."

* * *

She reached below her dimpled knee
Into her rolled-down stocking,
And there she found a roll of bills;
Ah, me! 'Twas sweetly shocking!
"Why don't you keep it in a bank?"
Inquired a nosey prier.
"The principal is the same," she said,
"But the interest here is higher."

College Gossip

The Faculty held a short meeting this afternoon in the Administration building. General business was discussed.

Professor Drucker will give an address on Monday, November 27 before the Business and Professional Woman's Club at Pueblo.

The Beta Gamma of Sigma Chi announces the pledging of Donald MacKay. MacKay is a Junior, a member of the A. E. F., and a former teacher at Monument High school.

A new local fraternity, Phi Lambda Psi, has been organized on the campus at Colorado Aggies.

Mrs. John Speed Tucker will arrive soon from the East to resume her work as leader of the Girls Glee Club. Miss Baird has been substituting as leader and instructor in Mrs. Tucker's absence.

Don't forget "Tender Steaks and Apple Pie" at Bruin Inn.

The following is a word picture of a familiar occurence in college life:

When the Dean or her mother is there, they sit
Like This.
When the bright moon shines overhead and the breeze softly sighs among the boughs, the sit,—
LikeThis.

SPANISH CLUB SEES ANOTHER DANCE

The Spanish Club held an interesting meeting last night in Ticknor Study at seven-thirty.

Another pretty Spanish dance was given by Dorothy Davis and Jack Nolan, which was greatly enjoyed by the club members. This is the second dance of its kind that this clever pair have presented to the club.

Prof. Cabello gave a talk on Spanish Art during the meeting.

Nebraska university students have shown that they are back of their alma mater 100 per cent strong. They oversubscribed for their new memorial stadium. Every student gave a pledge of 25 dollars.

Plans are under way for the construction of a stadium in ,Denver which will hold 25,000 persons. Those who attended the game a week ago Saturday and didn't get to the field at least an hour before the starter's whistle blew will agree that there is eed for such a structure.

"Mo" Rawlings a member of the Colorado college football team of '916, attended the Boulder game Saturday.

While in the city he visited old friends at the Phi Gam house. "Mo" is in business at Monte Vista.

Wife—Do you think there is a man that could conscientiously say to his wife: "You are the only women I ever loved?"

Hubby—Only one that I can think of.

Wife—Who? You, dearest?

Hubby—Oh, no. Adam!

Line Plunges

"Then hit the line Colorado"

WINTER HAS COME

The snow and the mercury
Are both falling fast,
The glorious winter has come.
The weather's the same
As in the years past.
The glorious winter has come.

The sheepskins and mufflers
Are out in full force,
And I've got a cold in my head.
More people each day
In the classes are hoarse,
And I've got a cold in my head.

I'm sick of the sight
Of cough drops and dope.
The glorious winter has come.
To get to the south
Is my last lonely hope
For the glorious winter has come.

Speakig ob cods id de headz, de one good dig aboud winder id dad id decreadzes de nubber ob ebdy dobes id de sgool.

P. S.—If anybody has any jokes to send in we would greatly appreciate any recipes for cough and cold remedies or cures.

Very sincerely yours,
RIP VAN.

A bunch of the boys in an old New England town were talking one afternoon in the general store about the aquatic achievement of Swifty, a member of a circus company.

The officaial liar held in as long as he could, thereby practically establishing a new world's record, but when he no longer could contain himself, he spoke up and said;

"Well, I hain't denyin' but what that there Swifty is consid'able of a diver—but I had a cousin onc't that could a-beat him."

The official skeptic gave a scornful grunt.

"Ah, hah,," he exclaimed." I rather thought you'd be sayin' somethin' of that general nature before the evening was over. Who, for instance, was this yere consin of yourn?"

"Wall, for instance," said the liar, modestly, "he wan't no one in especial and particular, exceptin' the champeen diver of the world—that's all."

"And what did he ever do to justify his right to that there title?" demanded the skeptic.

"Wall," said the liar, "he done consid'able many things in the divin' line, which was his specialty. I remember onc't he made a bet of a hundred dollars, cash, that he could dive from Liverpool, England, to Noo York City."

The skeptic gave a gram of resignation.

"I suppose," he said, "that you're goin' to ask us to believe he won that there bet."

"No, I hain't," stated the liar, "I hain't a-goin' to lie to you. That was the one bet in his hull life my cousin ever lost. He miscalculated and come up in Denver, Colo."

Editor of Life to Pick Six Best Looking Boulder Women

Six of the best looking women on the campus of the University of Colorado will be chosen by Charles Dana Gibson, editor of Life since 1920, for the beauty section of the 1923 Coloradoan.

Each sorority will be allowed one candidate while the independent wommen will be allowed about five.

UTAH AGRICULTURAL COLLEGE, Nov. 16—The Delta Nu fraternity won the Wanless scholarship cup by maintaining an average grade of 86 per cent.

The "Ruf Neks", hard boiled clubs at the University of Oklahoma, have taken up tobacco chewing as a mark of their membership. This wise precaution was taken when it was found that lounge lizards were becoming addicted to the curduroy pants and flannel shirts hitherto distinctive of the organization.

NO COLLEGE ACTIVITIES IN NORWAY

College athletics, fraternities, dances—in fact any kind of so-called "college life" in connection with college, is absolutely unknown to students in Norway. Norwegian students go to college to study. They do not even have any military training.

Athletics are taken care of by clubs which are a part of the social life of the various cities. These clubs have athletic teams, running most to soccer, which is the national sport. The clubs hold tournaments, vieing for the championship of Norway, and then the champion challenges the champion of England.

MISSOURI VALLEY WOMEN HAVE CRACK RIFLE TEAM

Columbia, Mo., Nov. 16. — Sixty Missouri women, members of the University of Missouri Women's Rifle Squad, are ready to challenge any women's rifle team in the country, according to Captain John P. Lake, U. S. Army instructor who is coaching the team.

Highbrows to be Accomodated

Williams College—A plan whereby exceptional students will be given extra work and accorded special privileges was announced last week by President S. B. L. Penrose. The rules of the college and graduation requirements will be modified for the benefit of the highbrows.

COMMENTS

by Arthur Disbrane

The Ex-Kaiser Marries a Second Time

The former emperor of the German Empire, Wilhelm II, was married to Princess Hermine of Rouse at the home of the deposed monarch in Dearn, Holland last week. Many of the most intimate friends of the Ex-Kaiser were present at the ceremony many of them having witnessed the first marriage in Potsdam, Prussia, in 1881. No doubt, these people were able to make some vivid comtrasts between the two occasions.

Fascisti Reforms in Italian Finance

The new government has already begun to carry out its plan of lessening the awful tax-burden by asking for bids from private corporations or individuals to take over and operate the government monopolies. A decade ago these monopolies were the source of a large percentage of the Italian revenue but now they comprise the chief drains on the treasury. If successful this step may enable the Italians to take big strides in deflating their currency.

Fascisti in Germany

The enemies of the German Republic are again active and claim that the Fascisti of Italy have shown them how to secure their aims. Several of the instigators of the Kapp revolution of 1920 have been in Italy conferring with Meusselini about his system of organization. The leaders of the Fascisti of Italy have, from time to time, made assertions that they intend to extend their influence into other nations to combat socialism and communism. That is a real threat to these groups since the Fascisti movement has, to all outward indications, had so great an appeal to the working masses as ever did the various forms of socialism.

International Football

The contact between this country and Canada, of late, has been increased by competition in football between McGill Univ. of Montreal and Syracuse University. Such international competition should be encouraged. Other colleges and universities should follow this example for if it should be it would not be long until some of the international games would hold as much interest for the public as some of the Yacht races do at present. It would also bring the students of the two nations together in a way not now possible. If we really want better relations between nations it might be a good thing to encourage international sports.

Scraps from the Training Table

The Bengal team will journey to Denver with the team which beat Boulder last Saturday, intact, and with the possible addition of MacDougall who is again able to be out although his knee is stiff. If MacDougall is able to get into the game, it will boost Tiger stock a great deal, because his all around ability has made him one of the most feared ends in the conference.

* * *

"Pike" Bruce has his knee out of the plaster of paris cast also, but will not be able to play for some time yet. "Pike" is an all-conference basketball forward, and is too valuable a man to take any chance with a bad knee.

* * *

The rest of the Tiger team is in fairly good shape and ready for the fight of their lives Saturday.

* * *

The Colorado Aggies have shown more conclusively than ever that they are an in and out team by the great game they played Drake last Saturday. Drake has not lost a game this season and hold with Nebraska the honor of leading the Missouri Valley teams. The Aggies have been the first team to put over a touchdown on Drake this season and they did this through straight football, after a steady advance of 70 yards. If this score is any indication of having found themselves, the Mines team has a great deal of need for worry next Saturday.

* * *

The Tigers have perfected one of the best offensive combinations in the conference and should score on D. U. If the line is able to smash the D. U. shift, as well as thy did last year, we should win.

* * *

We wonder what the Denver papers are going to say if C. C. beats Denver U. Saturday. It will be pretty hard for them to explain all they have said concerning the strength of the two teams this season.

* * *

Don't lose your pep because we beat Boulder. That means a lot to any C. C. fan, but a win over D. U. is now more important. Go to Denver and show the same fight as you did on Washburn Field last Saturday, and let the team know that you are behind them stronger than ever for a win over Denver and then a State Championship.

SENIDRS TD HOLD PARTY IN MDNTY NEXT FRIDAY

The senior class is preparing for their first party of the year which will be held in Montgomery Hall next Friday night. The party will begin after the Freshmen Play in Cogswell theatre is over.

Miss Gertrude Klein is in charge of the program for the evening. The time will be spent in dancing, candy-making, and card-playing. There will not be a dull moment during the whole time, it is promised by the committee.

WORLD FELLDWSHIP CDNFERENCE AT GDLDEN THIS MDNTH

The World Fellowship Conference of the Colorado-Wyoming Student Volunteer Union will be held at Golden, Colorado, on November 17, 18, 19.

The central aim of the conference is to advance the spirit of the brotherhood of man and the spirit of International ism among college students. Some very worth while speakers will be there. Among those present will be Dr. Hinte of Iliff; J. W. Coule, a student of Denver University, who spent seven years in China; J. Merle Davis, Y. M. C. A. Secretary from Japan; W. Kearns, recently returned from Europe; Lyman Hoover, and other speakers of note.

Some of the meetings which will be conducted at the conference will be the European meeting and the Life Service Meeting. Another meeting will cover the subject, "Conditions in the Forcign Field" and will be conducted by foreign students.

Delegates are expected from all the Colleges in Colorado and Wyoming.

MICHIGAN TO HAVE HALL OF OF FAME

A "Hall of Fame', containing the portraits of prominent alumni of the University will be installed by the Michigan Union in its building, according to plans formulated at the last meeting of the Board of directors.

The gallery proposed will contain the photographs only of those men whose names have been passed by the board of directors of the Union. Many names, such as that of Henry Carter Adams, Secretary of the Navy Denby, Harry M. Daughtery, and other prominent national figures have already been suggested as candidates for the "hall."—The Michigan Daily.

BUG LAB GETS DVEN, SENNING RAISES PIGS

A new $75.00 imbedding oven has recently become a part of the equipment of the Biology Department. After certain specimens have been heated to the proper temperature they may be covered with parafin and thereby preserved for use in the laboratory.

This department has a goodly supply of live alligators, water dogs, turtles, and guinea pigs, which are used in conducting experiments. The guinea pigs, about fifty in number, are being raised by William Senning, a senior in the Biology Department.

Boulder Special Arrives in Time for Game

Harry Peterson and Albert Johnson students at the University of Colorado, came here for the game Saturday. Both attended the All-College dance at Bemis.

On the Campus

Do you know the leader of the college band? That's Carl A. Brumfield. In spite of the fact that there is a great scarcity of covering on his ... ow wicked note. We are glad that Carl does not cut a figure similar to Boulder's Drum Major even if it were possible.

You can figure out the age of our hero when we tell you that when the present senior class was frosh he ran for sheriff against John Weir and was defeated by a majority of only 535 votes. Since then he has been climbing the political ladder rapidly; he is now a member of the El Paso County Central committee.

During the late war he served as a corporal three times; at no time exceeding twenty four hours at that post. Fourteen months of this time was spent in France. During this time he failed to learn any thing more than "doughboy" French, so Miss Landers says. It was also during this time that he got his first lessons in politics by being a dog robber for a guy with an eagle on his shoulder. Carl says he has no interest in France outside of Paris. His favorite work of French literature was "La Vie Parisienne" altho he has now reformed and is president of the Y. M. C. A.

Since his primary education he has subsisted on his efforts at making that kind of sausage that mother never heard of, and various other questionable practices among which is signing notes to the college.

Carl has been in almost every line of activitiy since his entrance in college. Time out, while we name some of them. Glee Club (2), President (3), Orchestra (2), Band (1). Assistant Conductor (2), Conductor (3) (4), Junior Farce (3), Class Treasurer (2), Hitchy Kow (2), "The Only Girl" (3), Nugget Board (3), Science Club (2) (3), President (3), Pearsons Dramatic Club (2) (3), American Chemical Society, Masonic Club and Theta Alpha Phi.

He is majoring in chemistry, and is now working on a secret formula. No one seems to know just what it is so we are all safe for the present at least.

Carl is popular with co-eds as well as the men students and seems to know everyone by their first name. He is a senior in spite of the fact that he is often mistaken for a professor by one of the freshmen.

C.C.'s Who's Who

William Vernon Lovitt, Ph. D., was born at Whiting, Kansas in 1881. His early education was received in the country schools. He attended the high school at Shenandoah, Ohio. He received his Bachelors degree from the University of Nebraska in 1903; his masters degree from the University of Chicago in 1907, and in 1914 his Doctors degree.

He worked all of his way thru college. He went to Lincoln to enter the University with $159 and graduated with two dollars in his pocket. While in college he milked cows, mowed lawns, shot furnaces, waited table, carried papers, and worked in the library to defray his expenses. Prof says he never flunked a course but was on the ragged edge several times. Thru his college life Dr. Lovitt had intended to teach in public schools after graduation. But after three years as a public school teacher at Arcadia, Nebraska, he went to the University of Washington in 1907 as an instructor in mathematics. From 1913 to 1918 he was an instructor at Purdue and came to Colorado College in 1918.

He is an active member of Sigma Xi, honorary national scientific fraternity. He is also a member of Delta Epsilon. Dr. Lovitt, with Alfred M. Kenyon of Purdue, has written a text entitled, "Mathematics for Agriculture and General Science". He has contributed articles to several mathematical journals but principally to the "American Mathematical Monthly".

FORT COLLINS, Nov. 15—Seven football teams will play on the Colorado Agricultural college field here within 24 hours this week end.

The Aggie and Colorado university freshmen teams, who were scheduled to meet last week, but were prevented from doing so by a heavy snow storm, will clash Friday afternoon.

Saturday morning three northern Scholastic conference teams, Loveland, Fort Collins and Greeley, will tangle in a three-cornered tournament to decide the championship of the conference.

In the afternoon, the Colorado School of Mines will clash in a Rocky Mountain collegiate conference game with the Colorado Aggies.

DR. THDMAS
(Continued from page one)

He attributes part of this fault, however, to the great scarcity of competent men in the pulpits. To use his exact words, "No man's son is going to consider it manly for him to attend Sunday morning services, if it is more manly for Dad to sit at home in his pajamas and read the morning papers, and on the other hand Dad isn't going to church unless there is something there to go for."

As a remedy for the present difficulty in the churches, Dr. Thomas advocates not only that the pulpits be supplied from the colleges and universities, but that the educated classes take a renewed interest in the churches and what they are trying to do. He believes in the type of religion that runs seven days a week. In order to keep this religion alive in the souls of individuals for seven days each week, he advocates a seven day church program.

Dr. Thomas related many interesting stories, among them, some of his experiences in connection with his own work. He told of the work of his own church in Denver and in other places where he has been. He gave a very interesting account of the gymnasium which is built in the church and of the athletic teams which are being organized as a part of the seven day program, which will hold the interest of the young people during the week.

Mines training table was not started until last week. Financial difficulties prevented it being started sooner.

PRES. DUNIWAY
(Continued from page one)

their intellectual training. This need is already met in a considerable degree by the extension department of universities. This form of education might well receive fuller development with great advantages to the nation and to individuals concerned.

"These considerations do not obviate the great need for the expansion of colleges to give higher education to greater numbers of deserving and competent young men and women. The institutions of higher education are under obligations to sift out those who are not prepared to undertake their courses. After this is done, the community should provide adequate facilities, whether through state institutions supported by public taxation or through endowed institutions established and maintained by people of wealth and vision or by great religious and social organizations."

UNSCHEDULED PARADE BOOSTS PEP FRIDAY

Gauntlet Threatened to Conscientious Students Who Returned to Classes

An impromptu parade was staged by nearly all of the men and of the college last Friday morning during the third hour. The men decided after chapel that a parade should be held in honor of the coming game, and they formed at Murray's for a snake dance downtown.

On the way to Busy Corner they passed through the High School, and interrupted the classes while they showed their pep. A snake dance was held on North Tejon and a yell session at Busy Corner. Later they returned to the college and forced non-participants to run the gauntlet. Several members of the faculty also spoke a few words as the students gave them yells. They were persuaded to return to fourth hour classes.

WASHBURN CLUB PLANS FUNCTION BEFORE CHRISTMAS

The regular meeting of the Philip Washburn Club was held in the St. Stephen's Parish house last Sunday evening. The Parish furnished a delicious chicken supper. At the meeting following the supper the members decided to have a function before Christmas vacation. A big affair is planned and all are looking forward to it. This social side of the club should attract some new members who are known to be in College but who have not shown up at the meetings. The club plans to do something at Christmas time that will be well worth while.

The next meeting will be held in three weeks.

Rev. Prince of St. Marks Episcopal Church of Denver delivered the last address to be given under the auspices of the Philip Washburn Club, last Sunday evening. Rev. Prince talked on the subject, "The Task of the Church in Organization and Stewardship". Mr. James Pershing of Denver was to give the lecture but could not come. However, Rev. Prince filled his shoes in a very capable manner and gave one of the best talks yet heard in the series. These talks being so highly appreciated, the Club will undoubtedly make an effort to do something of the kind again in the future.

FROSH GIRLS PUT ON PLAY FRIDAY NIGHT IN COGEWELL

The girls of the Freshmen Class are presenting a short play at Cogswell Theatre in Bemis next Friday night. The name of the play is "The Trysting Place" which is a one-act farce of humorous character.

All girls of the college are invited and special invitations are extended to the following: Theta Alpha Phi, Girls' Dramatic Club, Pearson's Dramatic Club and the Freshmen men.

The majority of the freshmen girls tried out and it was difficult to choose the six most capable of taking the parts. The cast follows:

Lancelot, a youth infatuated with
Mrs. Curtis .....Eloise van Diest

A. P. R. Drucker Favors Historical Method of Teaching Accounting

A. P. R. Drucker, head of the Business department of Colorado College, makes a plea for the use of the historical method of teaching accounting in the November issue of the Balance Sheet, a magazine for commercial teachers. Explaining that most teachers concern themselves with teaching how things are done in bookkeeping and not concerning themselves with why they are done, Mr. Drucker presents an admirable plan for a new system.

In the old method of teaching bookkeeping no reasons whatever could be given for certain conventional processes. The bookkeeper defind bookkeeping as an art and in this way tried to avoid explanation of the processes involved. In this way they said that the rules of bookkeeping were not referable to reason or demonstration.

However in the new system, as advocated by Mr. Drucker, one is able to understand the rules and processes, just the same as the rules and laws of common arithmetic or algebra. Looking at the study from this standpoint we can see that the various developments in the science of keeping books are not radical changes but merely an enlargement by successive steps of the fundamental laws of bookeeping.

To illustrate Mr. Drucker's method more clearly it is necessary to make a brief summary of the developments of modern bookkeeping, thus bringing out the historical method of teaching. The first attempt at scientific bookkeeping was the single entry method. The Day Book was the first book used. In it were placed all personal accounts and the terms debit and credit applied after the name of the account, according to which of the two the account was. Later the terms debit and credit were applied to cash payments. Soon the Day Book became impracticable and the use of the Ledger, or the book of final entry, was inaugurated. The introduction thus suggested the principle of balances or

(Continued on page 4)

Dr. Ward, Recently Returned from Near East Tells of Conditions There

Following C. P. Dodge's plea for money for the Students Friendship Fund, at chapel Friday morning, Dr. Ward made a ringing appeal to the students yesterday morning for their aid in subscribing to the Fund which will help the persecuted Armenians as well as the suffering students in Europe. Dr. Ward related his experiences while running a hospital in Armenia after the war and until the Turkish government ordered him to leave, because he would not turn over the Armenian girls in his hospital to the Turks. He risked his own life many times by giving aid and comfort to the miserable Armenians in his hospital where he and his staff cared for hundreds of orphans and girls.

During the drive of the exiled Armenians by the brutal and heartless Turks, when thousands of Armenians sickend and died by the roadside before they even arrived in the miserable country they were being exiled to, Dr. Ward bruied 300 of the dead who fell while passing thru the town he was in. Over 10 000 more lay unburied, and the Turks refused to bury "the Dirty Christians," as they called them.

RESERVE SECTION TOO SMALL FOR OR HEUM PARTY

Those who were able to make the trip to Denver over Saturday and Sunday bring tales of adventures to the stay-at-homes. First there was the game Saturday afternoon, which was exciting despite the unfavorable way it ended. Then there was the Orpheum theatre party which was greatly enjoyed. Everyone had adventure and fun aplenty during the two days.

The reserved seats and boxes at the theatre were all filled and other seats in the balcony had to be reserved. After the show there were so few that wanted to come home that the special did not make the return trip, but the pilgrims came on regular trains on Sunday.

Many who made the trip had friends and relatives in Denver with whom they stayed. The dormitories at the University also held many C. C. girls who had girl friends at those halls.

Because of the comparatively short distance to the city where the game was held there were a great number of those who did not pay railroad fare either way. Some of the latter went so far as to complain of the slowness of their method of travel, when they had hooked a ride with some person who was not up to their standard as a speedster..

Scraps from the Training Table

Denver University looked far different from the Wonder Team the Denver papers have raved about all year. With their full strength and a mass of substitutes playing against a Tiger Team, robbed of their greatest offensive power by the loss of both ends and Waiss, Captain, and fullback, they were outplayed for three quarters of the game, and only succeeded in getting a flukey 6 point win and this largely due to the dumbness of Packard the head linesman. The most wonderful part of the Denver team seemed to be their ability to break the rules and get away with it, the one bright light being the clean, hard playing of Williams, star Denver halfback.

* * *

Although many Tiger supporters drove to Denver, the special had 215 on it, which was twice as many as the Boulder special brought down here. Some difference considering the comparative size of the two student bodies. This being the case, it seems rather absurd for the claim by certain parties that the students are not backing the Tiger team. Win or lose, the whole student body is behind the team and no conference team can claim better support than has been given by the C. C. students this year.

* * *

Can anyone explain why Coach Murphy was allowed to coach his team from the side lines during the game and charge wildly on the field whenever he wished and change the official's decision? One play in particular which gave D. U. a long gain through the line saw Coach Murphy and two substitutes far out in the field when the play was started. Instead of getting a heavy penalty, no one seemed to notice it and the play and gain were allowed. Also why, even if it had been the third down in-

(Continued on page 4)

FRIENDSHIP FUND NOW HAS $104 CASH AND $82 IN PLEDGES

Tiger pep extends not only to athletics, but to the world at large! This is proven by the success of the Student Friendship Fund campaign, now being put on by the Y. M. C. A. and the Y. W. C. A.

Yesterday in chapel envelopes and blanks were passed around, and the students were urged to subscribe or give.

Those who did not subscribe were urged to do so today, and these latter subscriptions will undoubtedly swell the total.

But even now, the committee has received $104 in cash, $92 in pledges, and several more verbal pledges. This is a very creditable showing, and the credit for the success of the campaign should be given to the committees in charge.

Miss Mary Hicks, Donald McKay, and Jack Dern finished the drive this morning, and these three should be given credit for the final success of this fund.

The amount raised will be divided equally between the Near East Relief and the Student Friendship Fund, and will be sent on to New York at once.

DODGE TELLS OF NEED OF EUROPEAN STUDENTS

Last Friday Clarence P. Dodge, former owner of the Gazette, who has recently returned from one of his frequent visits to Europe, told about the conditions of univesity students in Russia and other parts of Europe, on behalf of the Student Friendship Fund, which is providing money and books for needy students in European countries. In telling of the need of this fund, Mr. Dodge recounted some of his experiences while with the Y. M. C. A. in Warsaw. He found many students trying to study under street lights because they did not have light, or fuel in their rooms. In one university where the students are fed by the Y. M. C. A., two students were found

(Continued on page 1)

American University Union In Europe Aids Traveling Students. C. C. is Member

The following letter was received yesterday from the Secretary of the American University Union in London. Editor of the Colorado College Tiger,

Dear Sir:

The American University Union in Europe, through its branches in Paris and in London, exists for the purpose of aiding in every possible way American University men and women who are studying or travelling in Europe. Among the subscribing Colleges and Universities who maintain the American University Union is Colorado College.

In order that no student or graduate of Colorado College may come to England without knowledge of the location and purpose of this office I am writing to ask you if you can see your way clear to publishing in "The Tiger" as a standing item or at least periodically as often as possible the following notice:

The American University Union, British Division, at 50 Rusell Square, around the corner from the British museum, is the headquarters in Eng-

(Continued on page 4)

DENVER UNIVERSITY WINS FROM TIGERS IN HARD GAME 20-14

Waiss Injured in Third Play. Delaney and Gray, Sub Ends, Score Touchdowns

In the game Saturday with Denver University, which was witnessed by the largest crowd of the season, thrills and brilliant playing by both teams featured. The Tigers at all times, showed fight and utter disregard for dope that has featured their playing this year. It was one of the most bitter, hard fought contests ever played in this conference and a heartbreaker for the Tigers to lose. The Bengal team this year needs no alibi, they gave all they had when the breaks went against them, and lost.

Waiss Injured

The game started with one of the worst breaks possible for the Tigers. They fumbled on the first play and Denver recovered. Added to this, Captain Waiss, premier line plunger and passer, was so badly hurt that he was removed from the game on the third play. The Tiger team, thus, thrown on the defensive and without the services of their Captain to back up the line, gave one of the greatest exhibitions of gameness and fight ever shown in this or any other conference by immediately putting the hightly touted Denver team on the defensive. After holding Denver for downs, Perry Greiner proceeded to get off one of the greatest punts ever recorded. Standing on his own goal line "Mo" booted a high spiral many yards over the Denver safety man's head and the ball rolled out of bounds on the D. U. 6 yard line, a distance of 94 yards. This kick was accomplished with practically no wind and forced Denver to kick from behind their own goal on first down. The Denver kick was about forty yards, and gave the Tigers the ball in Denver territory, or a net gain of about 60 yards on one exchange of punts. Although Denver substitutes poured in thick and fast the Tigers continued to keep on the offensive and this despite the fact that both Tiger ends were out as well as Captain Waiss, fullback. The loss of these men meant that the regular kicker, both regular passers and the only man in the backfield heavy enough to buck the line were out. The ability of the remainder of the Tiger to nobly nobly rise to the occasion and by a series of passes and line plunges carry over the first touchdown of the game in the second quarter, will long be remembered by every Tiger fan. Greiner proceeded to do the passing as well as the kicking and Burkhardt plowed the Denver line will all the power of a 180 pound line plunger. The ability of these light backs with the aid of Hunter and Amidon gave promise of a C. C. victory and the first half ended with the Tigers holding the business end of a 7-0 score.

Denver Picks Up in Second Half

The second half saw the Denver team showing more ability at plunging the line. The continual substitution of new men coupled with the brilliant running of Williams, D. U. star halfback began to show results and give some foundation for the many stories, originating in the Denver papers about the D. U. wonder team this year. C. C. fought back with all they had but after holding for three downs on the one yard line, a massed play at

COMMENTS

by Arthur Disbrane

The British Elections

Last week after a hotly contested campaign the British voting public elected its first Conservative majority to parliament since 1900. The election was void of personalities for the first time in many years. The principal war cry of the campaign for the anti-labor parties was: "Whatever you do, don't vote Labor". The Labor party showed a tremendous gain over the previous election by getting more candidates to parliament than any other party except the Conservative. These gains came from the congested industrial areas where unemployment has been rampant the last two years. Even in these districts Labor frequently won the seat with considerably less than a majority of the votes. That was because the anti-Labor group was divided which resulted in three and even four candidates running in certain districts. It is highly improbable that the Liberals will ever unite with the Laborites after this election.

New German Cabinet

Premier Wirth of Germany has resigned and Dr. Cuno, the manading director of the Hamburg-American Line has formed a new cabinet. Many of the new members of the Cuno cabinet were prominent in official circles prior to the abdication of the Kaiser. It is another instance of the reaction that is sweeping Europe at the present time.

Fascisti in Mexico

Reports from Vera Cruz state that Facism is going to become a dominant force in Mexico as a result of the communistic and socialistic agitations in the industrial regions. It is also stated that the Mexican Government is sympathetic with the movement. One of the peculairities of this new political phenomenon is that it grows most rapidly in the urban districts and then is quickly taken up by the rural citizens where it finds its most loyal supporters.

Earthquake in Chile

Some very peculiar subterranean activities have taken place along the coast of Chile. Scientists are not agreed as to the exact cause of the disturbances but all seem to agree that the greatest upheavals were not on the mainland but under the ocean some hundreds of miles from the coast. Thousands of lives and millions of dollars in property have been lost along the coast of the provinces of Atacama and Coquimblo.

Did You Know That:

Colorado is the only state in the union that annually grows more timber than is cut from its forests?

The naval and military appropriations of Japan take over forty per cent of the total revenue of that nation?

One of the finest expositions ever held is now going full blast at Rio de Janerio? The first building constructed for the diplomatic corps of the United States in a foreign country has been recently completed at Rio de Janiero, Brazil?

Even tho Prince George of Greece is acting as king for his country his father has not formally abdicated?

TIGER-D. U. GAME

(Continued from page one)

the center of the line pushed over a score. Muncaster, Tiger tackle again proved his worth though by breaking through and blocking the try at goal, leaving the Tigers still in the lead with the score 7-6.

The next break came when the dependable "Pep" Greiner made his first fumble of a punt this season, and the ball took a crazy hop away from the Tigers who were following it and into the arms of a Denver player who was lying flat on the ground. Break number two for Denver and after a brilliant cut back play through tackle by Williams the ball was literally pushed over from a massed formation again. O'Donnell succeeded in his try for goal this time and the score stood 13 to 7 in favor of Denver.

Head Linesman Changes Decision

The less said about the third Denver score the better, because it was an absolute gift by the head linesman Packard who seemed to be in a worse trance than usual. After paying no attention to D. U. being off side on practically every kickoff and lapses of memory, which always kept the spectators in doubt as to what he was going to call the next down, he capped it all by changing his decision from fourth to third down when D. U. was preparing to kick in the center of the field. The play came after Greiner had kicked to Bowman who had returned 5 yards to center of the field. On the first down Williams went through the line for three yards. Coach Murphy of Denver then replaced Williams with Mitchell. Mitchell reeled off two yards thus making the third down and then Gibson made a yard through center. This made it fourth down, and four yards to go and Bowman elected to kick. When the Denver team dropped back for the kick, however, Coach Murphy charged on the field and claimed it was third down. This gave D. U. another play before kicking and this play netted 37 yards on a pass and on the next play they went over for the deciding points of the game. There were hundreds of fans non-interested, who saw the blunder. But alas, Packard was the judge and the score followed. It was his last officiating for the Tigers. He will not work another C. C. game. That, however, doesn't alter Saturday's score and the Tigers lost.

The second Tiger touchdown came after a recovered fumble by Gray, Tiger end, and a 70 yard sprint down the field with the whole Tiger team following him to block any attempt to stop him. Hunter again kicked goal and the score was 14 to 20 in favor of Denver. This gave the Bengal team a chance to win with another touchdown so they opened up and by their now famous spread play carried the ball into Denver territory. The game ended with the Tiger team fighting desperately for a score and the Denver team trying in every way to kill time until the final whistle.

The Denver team using its full strength against the crippled Tiger team probably deserved to win but the Tiger fight kept them in constant danger and in all probability without the lapse or inefficiency of Parckard, head linesman, the game would have ended 14 to 13 in Tiger's favor, due to Gray's run and Muncaster's blocking one of Denver's attempts at goal.

There were 215 who made the trip to Denver on the Tiger special. Others who went by auto, Alumni in Denver and many Denver admirers made up a rooting section that held its own from start to finish.

With the Societies

Due to an oversight in the Friday issue the name of Martha Mae Kirkpatrick was omitted from the list of Hypatia pledges.

CONTEMPORARY

The active members and pledges of Contemporary Club were guests last Saturday night at the home of Miss Ella Campbell, an honorary member of the society, at a beautifully appointed buffet supper. The colors of the organization, red and white, were carried out in the decorations and refreshments.

MINERVA

The active members of Minerva were guests last Thursday afternoon of the local alumna chapter of the society at the home of Miss Jeanette Scholtz. After a short business meeting, Frances Tucker, president of the active chapter, made a brief talk on the policies and activities of the organization. This was followed by a very interesting talk by Miss Alice van Diest describing her trip of last summer to the University of Madrid. Mrs. Herbert Sinton poured and assisting her were Miss Louise Kamp, Miss Addie Hemenway, Miss Helen Morton, and Miss Mary Clegg Owen.

Y. W. C. A.

After the rousing talk given in Chapel yesterday morning by Dr. Warde, the students of C. C. made a large donation than ever before to the Student Welfare Fund. The most of the money came in as cash, there were a few pledges payable within a few weeks, the whole amounting to $196.95. Don MacKay and Mary Hicks are more than pleased and feel that their efforts have been far from wasted.

EUTERPE TO BE REPLACED BY PIANO CLUB

Due to a greater need for a piano club than for Euterpe, Dean Hale has announced that for the present the latter will be discontinued, while the former is properly organized and started. This will be a blow to some of the music lovers of the school and community, but in all probability Euterpe will be reorganized on a better basis next year. Meanwhile great things are expected of the piano club.

W. A. A.

Miss Margaret Inglis, the well known hockey coach, for whom many informal affairs have been given during the past week, left yesterday afternoon for Boulder after expressing heartily her pleasure at being here and at knowing C. C. and C. C. girls.

Alice Sweet gave an impromptu music program after dinner at Bemis on Sunday. No music had been planned, because of the small number of girls in the Halls, and so the informal music was much enjoyed. After supper the girls had a "sing" of old familiar songs for about an hour.

Line Plunges

"Then hit the line Coloredo"

HEARD IN ENG. Q.

Prof.—What are the three forms of expression by the verb?

Frosh — Indicative, interrogative, imperative.

Prof.—Give an example of each.

Frosh.—Jack is sick. Is jack sick—pause—Sick 'em Jack.

* * *

Not bad for an innocent Frosh but here is one on a wise old Soph.

Bill—My girl is going in for dramatics.

Coo—What's she going to be, the fast male.

Bill—No the Stage Coach, you dumb bell.

* * *

And now one on the Juniors.

Co—Mary was quite a wall flower last night.

Ed—Yes, but from the amount of refreshments she consumed she would be an expensive border.

* * *

And lastly a Senior who is so dumb that he thinks a sailing smack is a sailor's term for a kiss.

* * *

ANNOUNCEMENT

The winter term of the green cloth academy opened with the first snow fall. Courses in English, Drawing and Banking are offered.

* * *

Ripples

Well the Seniors are a funny class
The members all are queer
But we'll review them as they pass
Where ever they appear.

The first one is the president
The far famed J. G. Parks
Who fusses some Hall resident
And goes on week end larks.

Bob McIlvaine of Commission fame
Is really king of kings
He makes amendments just the same
For big or little things.

We have to study French tonight
So this all for now
But Seniors if you fear the light
We'll let you be for now——

* * *

Oh, Rodolph! Oh, Rodolph,
See what you've went and did.
You've blasted all our happy plans;
Our heads with shame are hid.
We once were very happy
In giving love its fill,
But since you taught them "Perfect Love"
Our efforts give no thrill.

Oh, Rodolph! Oh, Rodolph,
You sure have done us dirt.
You've slapped all normal mortals
In a place that's sure to hurt.
Sweet nothings we once whispered
Were the things they loved to hear,
But now the love songs of our hearts
Fall on a deafened ear.

Oh, Rodolph! Oh, Rodolph,
It's time you called a halt.
You gave us all a grievous wound,
And now you rub in salt.
You stole the nation's sweethearts
With your penetrating glance,
But now you ruin all the men
With those d— bull fighting pants.

By H. R. M.

Note—(This is **not** addressed to Rodolph Sewell.

CLASSICAL CLUB PROGRAM TO FEATURE HOMER

The next meeting of the Classical Club will be held next Thursday evening in Montgomery Parlor. The program is to be a "Homer" program in which topics of all sorts in connection with this Greek writer will be taken up. Christine Miller is in charge of the program.

Joan Heckenlively is to give a piano solo interpreting one of the myths recently read by the club.

* * *

Don't forget "Tender Steaks and Apple Pie" at Bruin Inn.

COLORADO AGGIES DEFEAT SCHOOL OF MINES

The Colorado Agricultural College defeated the School of Mines Saturday at Fort Collins 19-0. The Aggies hit their stride and outplayed Mines during the entire game. The performance of this team Saturday showed the benefit a team can really get from playing a team from the bigger conferences of the country.

McGlone was the outstanding star for Mines, while Houser was the Aggie mainstay. McGlone seemed to be the only Miner who could gain ground thru the Aggie line. The halves were generally thrown for a loss. During the last half the Miners resorted to a passing game. McGlone tried twenty eight passes during this half of which twelve were completed.

Later in the game McGlone had three ribs broken, but will be in condition to play the Tigers on Thanksgiving Day. Crawford was reported to have broken his collar bone but the report was not true.

The game does not speak very well for D. U.'s chances on Thanksgiving, but it does speak well for the Tigers.

C.C.'s Who's Who

Charles Christopher Mierow, born in New York City, June 16, 1883. Graduated from Lakewood High School, Lakewood, New Jersey, 1900. Entered Princeton University in the fall of 1901. Member of the Cliosophic Society, the oldest Literary Society in American (founded in 1765); elected to Phi Beta Kappa; delivered the Latin Salutaory at Commencement in June, 1905. Returned to Princeton as a fellow in Classics, receiving the degree of Master of Arts in 1906 and that of Doctor of Philosophy in 1908.

First teaching at Phillips Academy, Andover, Mass., a one year position as Instructor of Latin; served as Instructor in Classics at Princeton from 1909-1906; head of the department of classical Languages and Literatures at Colorado College since 1916.

Married June 12, 1911 Bernadine Susan Beecher of Albion, New York; two children, Barbara (aged 5) and Dorothy (aged 2).

Publications include:

Jordanes: The Origin and Deeds of the Goths in English Version, Princeton Press, 1908.

The Essentials of Latin Syntax, Ginn and So., 1911 (2nd edition with vocabulary, 1917.)

The Essentials of Greek Syntax, Ginn and Co., 1911.

PRINCETON TAKES BIG THREE CHAMPIONSHIP

Princeton won the Big Three championship Saturday by defeating Yale 3-0. The contest was the best exhibition of football witnessed in the East this year. The game was nip and tuck all the way, neither side having the edge for any length of time. Princeton took advantage at the right moment when she completed a drop kick, for the only score of the day.

On the Campus

William C. Senning is a graduate of the Colorado Springs High School of the class of 1919. Since his entrance in Colorado College he has made a name for himself as a student and a hard worker.

Bill has received only one grade under an A since his entrance in college and that was because a Prof. once made a mistake in grading. Prof. Gilmore says that Bill is one of the best students that he has had in any of his classes in fifteen years of teaching.

William is majoring in Biology and is very active in all phases of the department. He is first assistant slave in the laboratory and is managing operator of the Peripatetic Piggery. Bill raises pigs for the use of the Biology laboratory and has saved the college a great deal of money. To the present time he has raised about fifty pigs for this purpose. Sheriff Weir heard that there was a blind pig in the near vicinity of the college but never succeeded in finding it. This failure was largely instrumental in his not being reelected in the last election for that office.

Bill will probably be a part author with Prof. Gilmore on the subject of Fortal Renal Systems in Vertebrates. The research work is only half finished but will be completed by next year. He assisted Prof. Gilmore in the collection of pollen for hay fever, this last summer.

His favorite sport is slumming at the Broadmoor, although he is hard boiled, which most of the freshmen will swear to.

His favorite hobbies are bugs and pollen. He is the proud possesor of a Biological vocabulary which he is apt to spring on you at any time, and which is more bewildering than the lingo of a tongue tied Chinaman.

By the way, Bill is engaged to Miss Della Scott who graduated from this institution last year. If he is as good at making love as he is in his lessons he should have Rudy backed off the map in this department.

Besides all of the accomplishments he has been a member of the Science Club for two years and was a member of the wrestling team his first year in college. He was the first man to be initiated into the Alpha Nu fraternity.

Pike Speaks

Contributions to this column should be addressed to Pike, Care of Tiger Editor.

First Mouse—"So Niblo is pretty clever eh?"
Second Mouse—"Clever is no name he can nibble a hole in a piece of cheese so natural it looks like it was built in."

'25—Where to—Where to?
'26—Gotta write a essay on "Sleep", must buy some linen paper.

The child stood on the street car track—
The street-car gong rang loud.
And then a lady faintly asked,
"Is a doctor in the crowd?"

Johnnie Walker—"I'm off."
Hennesy—"Kee-rect."

Sig Frosh—"Eight o'clock, Eight o'clock."
Bronson Cook—"Whose?"

We must give the Flamingo credit for this one.

Stranger—"Why is it that none of these antoists around here put out their hands when turning corners."
Cop—"You see this is a college town and the young chaps aint octopuses."

Motorist (Stoping beside car parked in shadow) "Any one hurt?"
Parker—"No but there soon will be."

How do you suppose the tradition of kissing was handed down?
From mouth to mouth, I suppose.

R. H. Simpson,
Executive Secretary.

DODGE TELLS OF NEED

(Continued from page 1)

to possess only one suit of clothes between them, but they were thankful for even that and a chance to learn. Hundreds of Russians are committing suicide because there is no food or fuel, or event hope for them. The professors there are paid only $10 a year.

"Europe will lose its professional class and its brainy people unless something is done immediatley, and this in turn will affect America more than we realize, and this fund will give us a chance to think internationally and to act internationally if we subscribe to it." was Mr. Dodge's final plea.

SCRAPS FROM TRAINING TABLE

(Continued from page one)

stead of fourth, was Coach Murphy allowed to rush onto the field and complain? The Denver team had drawn back to kick, and Murphy evidently didn't want them to. Since when has the Coach acquired the right to tell his team what to do during play? The method of most coaches is to send in instructions by a substitute which is given after the completionof the first play. Coach Murphy's new system, surely has its advantages though, if there are many officials like Packard.

Referee Dana is without a doubt the best official in the Conference but no one official can see everything. It is to be hoped he gets more help especially from the head linesman in the remaining games.

Saturday's score was probably a fair difference between the two teams with the Tigers crippled and their passing game largely broken up. But no matter what the strength of the two teams, following of the ball and Gray's recovery of a fumble and his long dash for a score should have given the winning points. No one knows what would have happened if D. U. had gone ahead and kicked on the fourth down instead of taking advantage of Packard's slip and completing a long pass of 37 yards which resulted in a score and a win. Without this slip the game would probably have ended 14 to 13 in the Tiger's favor.

The Denver papers still seem to think that every D. U. player outclassed his opponent. They did condescend to give Wessen an even break with Platt, but otherwise, the Tigers were outclassed, even giving Bowman the edge over Greiner. We wonder how they can figure the score when the whole Tiger team was so outclassed. All we can say in answer is that we think, Greiner, Wessen and Muncaster, at least, deserve all-conference after their names and we hate to see them lose it through newspaper propaganda.

Greiner has at last supplied them with something to harp on by his first fumble of a punt this year. But his all around playing, passing and kicking, under all conditions has surely equalled anything accomplished by any other quarterback in the conference. This one slip just proves he is human and does not detract much from his great showing this season. He is without a doubt, the most valuable quarterback to his team, in the conference.

Muncaster again proved his worth on offense and defense and his block of O'Donnell's try for goal should have given the Tigers the winning margin by one point.

Denver University may lead the conference and be everything the Denver papers claim, but we would hate to wager on their chances in their next game with the Aggies.

The Tigers have another hard game with the strong Mines team here on Thanksgiving so keep up your pep and pull hard for a win. We started and finished the last season with wins and we can do it again this year by a win over the Miners. Get behind the team harder than ever and show your confidence in them.

The two new Tiger ends, Delaney and Gray, scored both touchdowns for C. C. in the game Saturday. This indicates the way these men stepped in as substitutes and made good.

Nothing but praise can be said of the whole Tiger team. They played the game and never quit fighting. offensive in the last few minutes threatened to score and had the Denver team stalling in every way possible and waiting anxiously for the final gun.

Zickafoose played the last 25 minutes with a badly broken hand. You would never have known it the way he smeared Denver plays. This is just another indication of how the whole Tiger team was fighting.

Waiss, MacDougall and Bruce will all probably be in shape for the Mines game.

D. U. rooters could not understand what had become of the Tiger passing game Saturday. They did not seem to realize that the two regular passers, Waiss and MacDougall were both out and that the plays used for weeks could therefore not be used Saturday. Although Greiner rose to the occasion splendidly, it was impossible for a man to be as effective a passer, without experience.

The only man in the Tiger backfield really big enough to plunge the line was Waiss, so not only the passing game was hurt when he went out, but also the plunging game. Burkhardt especially, though showed an ability to meet the occasion and tore off big gains through the line. His playing would have done credit to any half back in the conference, both in offensive and defensive play.

DRUCKER

(Continued from page one)

scales as applied to accounts. Thus at this stage they arrived at the single entry system. As the principle of offsetting accounts became more familiar the modern method of double entry bookkeeping was used and with it a new book of original entry, the Journal, to take the place of the Day Book.

Mr. Drucker has written a book which deals with the teaching of that science by the historical method. This book is used in the laboratory class in Business 1, Accounting Theory and Practice.

CHAPEL COMMITTEE PLANS GOOD PROGRAM

Talks on Life Work, Music Programs and Home Talent Speakers

The Chapel Committee of Colorado College met on Thursday afternoon and decided upon definite plans for the chapel exercises for the remainder of the year. It is the plan of the committee to make the exercises more entertaining and more wholesome than they have been in the past and thus stimulate a more favorable attitude toward chapel on the part of the student body.

There will be various talks on "life work" by men who are leaders in their profession and are thus able to discuss the fine points of their respective professions. There will also ' be talks by those students who have been the recipients of the more honored scholarships. These talks will include discussions on the life of the doner as well as the nature of the scholarship. The history of the college will be discussed from time to time. Various heads of the different departments will make talks in which they will discuss the nature of their department and its relation to present day student life. In order that the students will gain an additional appreciation for the best of music of all kinds, several chapel services will be given over to

(Continued on page 4)

DOLLAR SIGN POOR SYMBOL OF SUCCESS ACCORDING TO OKEY

"We ought to have some other way of measuring success than by the dollar sign, or in terms of money," was the assertion of Professor F. M. Okey in his speech Wednesday morning at chapel.

Professor Okey's speech in part continues: "The so-called sucessful man is always talked of in terms of money onyl, but there are numerous other ways of measuring success than by money. Financial success is a minor consideration when studying the lives of Washington, Lincoln and Roosevelt. A formation of good character is the prime use of success. The real man and woman will not want to know the value of the stocks and bonds you may hold, but about your life and how you live it. Get and use only enough money to live comfortable, and do not make the acquiring of money the only ideal in life."

Colorado Aggies Play Brig. Young Tomorrow

The Aggies and Brigham Young will play Saturday. The dope is greatly in favor of the Aggies for the Mormon school is considered very weak. This is their first year in this conference and they have not had time to build up a good team this year.

The Aggies will start but two first team men, these two being Houser and Anderson. The Aggies are saving their men for the Turkey Day game with D. U. They will probably need them but the dope is greatly in their favor at that.

The Brigham Young University has scored one victory this year and that was against the Wyoming University. They wone the game 7-0.

Hoover Speaks in Chapel in Interest of Student Volunteer Movement

Mr. Hoover, representative of the Student Volunteer Movement and student in the Harvard Divinity School, who is making a speaking tour of prominent colleges and universities thruout the United States, spoke at the chapel exercises yesterday morning. He urged that some of the students take up missionary work after graduating, and become members of Christ's army working in foreign lands. "The most abundant life there is, is working for Christ", was Mr. Hoover's assertion. "The unity of life and the facing of all the international problems together is what the world needs."

SENIOR PARTY TONIGHT IN MONTGOMERY PARLORS

Tonight is the night of the big Senior party. The first party of the year for this class, and it promises to be one of the best of the year. The time will be spent in a great variety of gay pastimes that will include everyone and leave not a second for moping. Miss Gertrude Klein is in charge of the program.

The place for the party is at Montgomery Parlor. It will start on its merry way about eight-thirty or as soon as the Freshmen play is over. All during the evening doughnuts and cider will be served to the guests.

Dr. and Mrs. Gilmore will be the chaperones. The price is thirty-five cents which will be charged of all the Seniors whether they attend or not.

W. A. A. Board Entertains Hockey Coach at Party

The board of the Women's Athletic association gave a party for Miss Margaret Inglis, the hockey coach, in Miss Davis' parlor at McGregor Hall last Friday night. The evening was spent popping corn, making fudge and playing games. Miss Inglis gave a short talk.

This party took the place of the supper which had been planned for Sunday night in Bemis.

Those present were: Ruth Little, Adelaide Easley, Edna Theobald, Gladys Kinsman, Stena Dearborn, Betty Brown, Katherine Sias and Edith Miller.

MINISTERS OBJECT TO PARRAKEET COVER

The Methodists ministers in Denver are objecting to the front page design used on the edition of the Parrakeet, humerous magazine published at the University of Denver, which was distributed at the C. U.-D. U. game.

The cover is entitled "The Full Back". In the foreground of the design is the figure of a woman in a backless gown.

GIRLS GLEE CLUB MONDAY INSTEAD OF WEDNESDAY

The Girls' Glee Club will meet Monday instead of Wednesday on account of Thanksgiving.

Mrs. Tucker returned last week from the East and will resume her work as director of the organization. It is understood that a very interesting program is being made up for the coming year.

FROSH GIRLS ENTERTAIN MEN AND DRAMA CLUBS AT PLAY IN COGSWELL

Party in Cossitt Follows Play

The Girls' Dramatic Club will make its second appearance this year when the freshmen girls will stage the one act farce, "The Trysting Place", in Cogswell Theatre tonight. The curtain rises at eight o'clock.

Bradley P. Kidder will act as critic. "Rip" is president of Pearson's Dramatic Club and a member of Theta Alpha Phi and should prove himself a good critic.

All the girls of the college are invited and special invitations have been extended to all the men of the freshmen class, Theta Alpha Phi, The Girls' Dramatic Club and Pearson's Dramatic Club.

Many members of the freshmen class tried out for the play and the final selection of the characters was difficult. While nothing is known of the dramatic ability of those taking part in the play, it is understood that most of them have had good high school experience. The play is being coached by Carlita Wetherel and managed by Mary Patterson. The cast follows:

Mrs. Curtis .....Eloise van Diest
Mrs. Curtis, a charming young widow .....Yolanda Ingle
Jessie, a young girl....Irene Beardsley
Mrs. Briggs, a widow, the mother of Lancelot and Jessie.....
.....Catherine Parmenter
Mrs. Inglesby, an old friend of Mrs. Briggs .....Louise Pitkin
Rupert Smith, in love with Jessie....
.....Kathleen Conway

All the material for the play is being supplied by the Freshmen class and sole charge has been left to them. The orchestra, which will play during the time preceeding the raising of the curtain, has been recruited from members of the class.

Immediately after the play there will be a subscription dance in Cossitt Hall for the minimum charge of 25 cents. This is also under the management of the freshmen class, Mary Clegg Owen, Mr. Copeland and Prof. Fuller will act as chaperones.

Mines and Boulder Play Tomorrow in Denver

The School of Mines and Boulder clash tomorrow at Denver. Although the game will have no bearing on the State title there will be a great deal of interest on both sides. This will be the twenty-ninth game between those schools. Boulder has won 14, and Mines 11, and four have been tied. The Miners consider this a good chance to add one to their side of the card and therefore make things come nearer balancing. The Aggies came back from Drake with a new spirit and a greater knowledge of football. Boulder's game with Kansas may have worked the same wonder with them. At least the Boulderites are pinning their hopes on this.

The Miners are in none too good condition following the last two Saturdays of play. Two weeks ago they played D. U. and last Saturday they played the Aggies. McGlone was injured last Saturday but is expected to be in condition to play against Boulder tomorrow.

The Boulder players, although they went thru a tough battle last Saturday are in good condition for the fray.

A. K. PSI PLEDGES GIVE STUNT NEXT THURESDAY

Annual Affair Part of Initiation Into Business Secret Society

According to custom the Alpha Kappa Psi pledges will give their annual stunt in chapel next Tuesday morning. They met yesterday and appointed Wm. Thompson, Perry Greiner and Robert Wardwell as a committee to arrange the affair. It is an event required of the pledges of the fraternity every year. The stunt is a part of their initiation.

Last year the pledges staged a skit called "Back to Narmaley", which was a great success. The characters were: Financier, James Park; Business Manager, Keith Chick; Capitalist, Ben Wendelken; Higher Learning, Russel Carter; Good Old Days, Harry Taylor; Einstein, Robert McIlvaine; Devil, Ellwood Amos; Suffragette, Charles Bemis; Religion, Malcolm Graham; Common Man, Myron Car-

HOW DO YOU LIKE THE TIGER?

In order to find out just how The Tiger is "getting by" all subscribers are requested to fill out the following blank form. Clip it out and place it in the ballot box which will be found near the bulletin board in Palmer Hall. If you file your Tigers you many answer the questions on some of your own paper. Every subscriber should take the trouble to do this in order that the Tiger staff may have your opinion on the job they are doing for you.

IS THE TIGER WORTH HAVING?

The manager of the Tiger made an appeal for support of the Tiger in chapel yesterday morning in which he declared that unless the Tiger receives better support from the student body it will be necessary to reduce the standard.

It is not exactly encouraging to the editorial staff to work as hard as every member has been working to make the Tiger really interesting and then find that the student body does not appreciate the efforts made in their behalf enough to pay the subscription price.

The price was reduced this year in order that more students might find it possible to subscribe. This has not resulted in an appreciable increase in the number of regular subscribers, however. The staff has made a study of the field of college papers and has tried to improve the Tiger in a number of departments with the idea in mind of serving the college public. But this has not been appreciated as is clearly shown by the subscription lists. The Tiger is the student organ. It's editorial policy is to safeguard the position of the students thru fearless publicity and open editorial columns but this is not appreciated either.

The Tiger has been severly criticised in a certain group for not having a better comic department. Cartoons were wanted to liven up the page. Upon investigation it was found that among this group from whom the criticism came there was only one member who had paid for his Tiger subscription. This may be an extreme case but it is not far from typical of the entire student body.

We welcome criticism. Our job is to make the Tiger interesting and instructive to whoever is interested in Colorado College. If we are not succeeding now we will gladly change our ways or resign as our clientele sees fit but in order to have a Tiger at all we must have paid subscriptions.

YOU CAN HAVE THE TIGER TWICE A WEEK FOR THE REST OF THE YEAR FOR $1.25 OR YOU CAN DISCONTINUE IT'S PUBLICATION WITH NO EXPENSE AT ALL—TAKE YOUR CHOICE.

MINES AND AGGIES SWAP COMPLIMENTS.

The following editorials clipped from the Rocky Mountain Collegian and the Oredigger, respectively, show that a true spirit of good sportsmanship exists between the Colorado Agricultural College and the School of Mines.

—From the Collegian before the game:

ORDIGGERS' SPIRIT

"Again we read that the Miners are backing their team. No matter where the Oredigger eleven plays, practically the entire student body follows. Win or lose, they stick by their team, an example which should be followed by every college in the country. A special train is scheduled to leave Golden next Saturday for Fort Collins and, according to word received, there will not be a Miner left in Golden. Everyone is planning on getting up here to see the game whether it be by road, coach or car."

—From the Oredigger after the game:

AGGIE SPIRIT

"The Farmers are good sports. Tho they won from us, they did not forget that the losing team of Miners put up a fight. We like that attitude and are pleased to think that at least one conference college is capable of thinking of the other fellow when he is defeated.

"Aggies played a hard game and won; Mines played a hard game and lost. Aggies in victory were not arrogant; Mines in defeat were not surly. Our Fort Collins hosts made us feel at home, and gave us lots of credit for coming up en masse.

"Certainly we dislike defeat, but if lose we must, let the Farmers be the victors. They're a likable crowd, play good football, and treat us splendidly. May the coming years intensify the mutual respect these two conference rivals have for each other."

If you have frequent fainting spells, accompanied by chills, cramps, corns, bunions, chilblains, epilepsy and jaundice it is a sign that you are not well but liable to die any minute. Pay your subscription now and thus make yourself solid for a good obituary notice.

SCHOOL OF MUSIC PROGRAM

For the past several weeks the school of music has been giving weekly programs in Perkins Hall. Dean Hale says that these programs have now reached such a stage of excellence that they are well worth while for the pupils to attend. The public, particularly the college public, is therefore cordially invited to attend every day afternoon at four o'clock. The program given yesterday afternoon was as follows:

Andante ..... Mozart
Miss Bangs

Rondo ..... Beethoven
Miss Lysacht

Polichinelle ..... Rachmaninov
Miss Pillar

Souvenir ..... Drdla
Kulwiak ..... Wieniawski
Miss Dietrich

Etude Japonais ..... Poldini
Miss Drake

Prelude ..... Torjussen
Miss Tripler

"With You" .....
Mr. Murane

Idyl in B-Flat ..... MacDowell
Miss Griswold

Berceuse ..... Greig
Miss Covey

"Hark, Har, the Lark" .....
..... Schubert-Liszt
Miss Norton

Les Silvaine ..... Chaminado
Prelude ..... Rachmaninov
Mr. Troller

NOTICE TO FRESHMEN GIRLS

It is not considered quite the correct thing for Freshmen girls to bring candy and other eatables to classes, particularly Biology, and to eat the same before upperclassmen, notably Seniors, without offering the same to the aforesaid Seniors. Will any girl guilty of such an offense hereafter abstain from a repetition of the same, or suffer dire consequences. This is a true warning.

Silk hosiery and note book paper are being sold by the residents of Martha Cook Building at the University of Michigan. The proceeds of the sales will be contributed to the Women's League Campaign building funds. Both the hosiery and note book paper are sold at reduced prices, and students of both sexes are laying in a winter's supply.

C.C.'s Who's Who

ALBERT HARTMAN DAELER

Albert Hartman Daeler was born at Chadwick, Ill., in 1883. His primary education was received in the public schools of that place, graduating from the high school in 1900.

He entered the University of Illinois in 1904 and graduated in 1908 with an A. B. degree. While in the University Mr. Daehler was Editor of the College Daily, member of the debating teams and class orator.

From 1908 to 1910 he took graduate work in the University of Illinois. After the completion of this work he went to Purdue University as an instructor in English. While here he edited the monthly journal for three years, and during his last two years he edited all of the university publications. He also compiled a style book and reported on several newspapers.

Professor Daehler came to C. C. in 1920. He is an Assistant Professor in English and very active in administrative work.

Prof. says his hobbies are poetry and Buckwheat Cakes.

Line Plunges

"Then hit the line Colorado"

Ripples

RIPPLES

Ann Herzog, of the wicked eyes
Is next upon our list
There's nothing she cannot devise
If only you'll insist.

There's Corley of the Short Line fame
A scientific man
He's quite a worker just the same
But never misses Pan.

And Roxy Jackson too I'm told
Expects to graduate
She like her brother's rather bold
And not a bit sedate.

At the request of one Keith Chick
Who edits this great sheet
Some underclassmen we will pick
To make our list complete.

So Juniors, Sophs and Freshmen too
We'll do our best to include you
If space permits, perhaps we will
Even give the Faculty a thrill.
And if we do we'll look to you
To help us see this blame thing through.

* * *

PARDON OUR RELATIONS

Frosh, (On Sunday afternoon) — Mrs. Lee may I go out riding with my brother this afternoon?

Dean Lee — How long have you known him?

Frosh—About three weeks.

* * *

Dumb—What's the difference between a married man and a bachelor?

Bell—Shoot warden, I'm guilty.

Dumb—Well married men all have better halves, but bachelors have better quarters.

* * *

Training—Hey you, I found a button in my salad.

Table—S'tubed musta come off in the dressing.

* * *

JUNGLING

Well Jack and Jill
Went down the hill
To wander in the Jungle
He sought to win
Her with his pin
But made a sorry bungle.

He gazed in to
Her eyes so blue
And asked her to be his'n
Ere her reply
A cop came by
And drug the lad to prison.

So Freshmen all
Both large and small
To my advise please hark
Who necks or pets
Or tears hair nets
Is not safe in the park.

WOMEN HIKE TOMORROW

Saturday's hike for the Women's Athletic Association will be an all day hike to Seven Falls.

All women planning to go are asked to bring their own lunch and meet at Murray's at 9 o'clock.

4 hours gym credit will be given.

Scraps from the Training Table

The Tiger team has another week to get the cripples back in shape, as they are idle this Saturday. With this rest until Thanksgiving, in all probability Waiss and MacDougall will be in shape to start against the Miners. Bruce with a crippled knee will be out for the rest of the season and every effort will have to be made to have him in shape for the first basketball game. Several X-ray pictures have been taken to try and locate the trouble but the result of these pictures is not known yet.

* * *

The Denver Times Saturday had a long piece about the Denver-Tiger game. They seemed to think that the Tiger team was far outclassed and wondered how they had made as good a showing as they have this year. The two Tiger scores came on bad flukes they said and the score should have been a great deal bigger. That is pretty hard to take from anyone that saw the game and especially so considering the play that gave Denver their winning margin. Also they had a good deal to say about the merits of the two coaches. One remark being that Murphey's team showed far superior coaching. I think C. C. fans agree that our coaching system suits us the best and that such criticism coming from such a source will strengthen instead of weaken our convictions.

* * *

Get behind the coaches and team stronger than ever. They got a tough break in Denver last Saturday but Thanksgiving is another day. The Mines, another team and **Packard wont be head linesman.** We can end the season right by a win over the Mines team so forget past grievances and pull for a win on Thanksgiving.

* * *

Zickafoose has a badly broken hand from the Denver game but with proper care he will get in against the Miners next Thursday. The rest of the team with the exception of Bruce, Waiss and MacDougall are in fairly good shape and ready for the game of their lives.

* * *

The Mines-C. C. game every year develops into one of the greatest battles of the season. These two teams generally have more pep than any other teams in the conference and when they get together the fur surely does fly. No matter what the strength of the two teams during the year, this game always develops into a close bitterly fought contest. Postpone going home until after this game and see the hardest game of the season.

* * *

The Aggies play Denver University on Thanksgiving. The Aggies have shown themselves to be the best team when right and no amount of wild newspaper propaganda in Denver is going to save D. U. from a bad licking by this team of Hughe's if they are going good. Also it is a safe bet that Coach Murphy doesn't get away with his tricks of last Saturday again. No conference official can afford to let him get away with that stuff twice.

COMMENTS

by Arthur Disbrane

Hugo Stinnes

The most outstanding figure of central Europe at the present time is not a politician or soldier but an unassuming business man. This man is Hugo Stinnes. He is a German by birth, being raised along the banks of the Rhine where he first entered business as freight hauler. He hauled a great deal of coal and from hauling coal he next took to mining it. This combination worked most admirably since the Rhine carried the coal from the mines to the industrial heart of Germany. As he got from the coal hauling business to the coal mining business so he got interested in the iron and steel business. After he got firmly established in the iron business the sky was the limit for his enterprise. He gradually got control of various plants and then on to greater efforts.

His next step was into the shipbuilding game and it was only a step further to get into the hauling business on the high seas. By this time his success was the marvel of all of Europe. He employed about a quarter of a million people in his various enterprises. Then the war broke out. He then mobilized his vast interests on a war footing and gave the Fatherland the whole of his efforts and genius. He was an advocate of the ruthless submarine campaign and never gave up the hope that Germany would win the war.

While his war activities were varied and successful, it was not until after it was over that he reached the place that he now holds in the former German Empire. He was a staunch supporter of the Kaiser and disliked the idea of a republic. However, he took the thing as it was and made the best of it. To make his position secure he plunged into politics and formed the Peoples party as an anti-socialistic group. He then got control of the press and in the period after the war he has become the foremost newspaper owner of the world.

During this time he was increasing his industrial activities at a rate unprecedented in history. He believes that the eight hour day is a failure. He works from twelve to sixteen hours every day. He believes that the reparations are exhorbitant and that Germany will never be able to pay them.

Stinnes seldom appears in public but has as his lieutenants men who were prominent in the German army. On these men he relies to do the work that is obnoxious or too tedious. This man will bear watching since Dr. Cuno, the new premier is a member of the Peoples Party.

France Revives Her Navy.

Reports coming to this country have shown that France does not intend to let her navy rot in the harbors of the naval bases. The French never have had a very strong navy but now they are determined to have as strong a one as the finances of the country will permit. It must be remembered that France has colonial possessions second only to those of England and that a navy is the best protection for them. She will not build any capital ships before 1925 if she lives up to the Washington Naval Treaty, but she has let contracts for the construction of some of the latest types of cruisers and submarines.

Did You Know That:

The largest drydock in the world is at Boston and that the new British liner Majestic is so large that it is the only dock in the world that can be of any use to her?

Argentina is the only nation that is greatly increasing her wheat production at the present time?

The new boundaries and the cutting up of the old estates of Europe has very seriously cut the production of food in that continent?

Czecho-Slovakia is the only continental nation of Europe that is any where near successful in balancing her budget?

$5.00

You cannot afford to be without a Kodak.

The New Hawk-Eye Folding film pack camera takes a picture 2¼x3¼ size. It is all metal construction.

The price is $5.00

On the Campus

THEODORE H. WINANS, JR.

Ted put in his appearance on the college campus during his Sophomore year. He hails from Mexico, Missouri, the "show me" state. Ted was a student at the university of Missouri during his freshman year and so escaped all of the menial duties of a frosh on the C. C. campus. While attending the U. of Mo., he made quite a record for himself as a songster and was a member of the Glee Club. The Pi Kappa Alphas have quite a collection of old shoes donated by the next door neighbors since his coming to their chapter.

Theodore is majoring in Physics and most every afternoon you can locate him loitering in the laboratory.

His favorite pastimes are taking pictures and hiking in the mountain regions. His collection of pictures is really worth seeing, especially the ones of the "old home town."

He is an enthusiastic devotee of the Alto Horn and also plays the violin in the college orchestra.

Ted is an admirer of the fair co-eds and spends his time to and from chapel telling some fair maiden of his latest exploits in the realm of Physics.

Minnesota U. Students Well Versed in Current Crime Stories

THE UNIVERSITY OF MINNESOTA, Nov 23.—If the coming mid quarters would consist of the very latest bits of scandal, and of reports of the recent murders, nine out of every ten students would receive "A's" according to a representative of the Daily, who has been conducting an intelligence test on the campus.

Of the fifteen students who were questioned only two knew what was meant by the fascisti (one girl declared that it was the second person plural of the latin verb "facio" but all knew the minutest details of the Hall-Mills case.

The hearts of Lucille Van Slyke and Barbara Cassleton would swell with pride, if they could see the rapidity and excellence with which every girl have a synopsis of "The Husband who Was Afraid of Himself" and "The Wife Who Wouldn't Settle Down." All the men questioned knew who the auther of "Gasoline Alley" is, but couldn't tell who was the auther of the bonns, bill.

Of the eight girls questioned, five could describe with perfect accuracy the fiancee of Mischa Elman, although they weren't quite sure whether he was a violinist, pianist or an operatic star. Every man knew who Ollie Aas is, three woman had heard of Bud Bohnen, and one girl guessed that Tom Phelps was either a great cartoonist or football player, she couldn't remember "just which it was."

Northwestern Sororities cut Frivolity for Charity

Eighteen sororities of Northwestern University have voted to discontinue their regular semester dances and will use the $2,500 or more thus saved in a Christmas fund for the poor children of Evanston. In addition they will cut out fudge and theater partes and in place of these pleasures will take a party of twenty-five factory girls to the Northwestern-Monnouth football bame, paying all expenses and treating their guests to a dinner after the game and a dance that night.

* * *

Fencing has been taken up as a minor sport at Ohio State University. This sport is rapidly gaining in popularity in the East.

Boulder Segregates Fraternity and Sorority Houses

Restriction of fraternity and sorority houses to certain sections of Boulder has been decided upon by the city authorities, preparatory to limiting further purchase or construction of such houses outside a district to be set aside.

Frosh Rebellion Unsuccessful at Cincinnati U.

University of Cincinnati, Nov 23.-An insurrection was a featnre of the freshmen pep meeting last Friday, as might have been expected, it proved to be of no avail, as the freshmen were greatly outnumbered. After winding through the crowd, the frosh assembled on the front steps of McMicken hall. When, however, they were ordered to stand on the lower steps, the "rebels" remained seated on the upper steps. A second invitation was extended, whereupon one frosh voiced his disgust for the vigilantes. The latter seemed to resent this, and accordingly the froshman was called to account for his remark.

At a signal the conspirators were on the upperclassmen's neck's. The battle was short-lived and order was restored. It was then announced that the plan of putting freshmen on their honor had failed, and that a daily court would hereafter be held for all freshmen who break rules.

The ringleader was delt with later in the locker room.

Girls Slick, Men Rough Till Team Cops Game.

The unshaved athletes of Texas Christian University at Fort Worth, who have foresworn shaving until the football team wins a game, have been joined by a large number of co-eds, who have vowed to wear their haid slicked back until a football victory is achieved. Announcement of the girls' co-operation with the gridiron heroes was made when the young women appeared in classes and on the campus with the old style in hair dressing. Bobbed hair will disappear for the time being.

"After he proposed to you, did you tell him to see me?"

"Yes, Father, he said that he had seen you several times, but he still wanted to marry me."

A. K. PSI
(Continued from page one)

ter; and the Laborer, Malcolm MacDougall. These personages were seated around a directors tablew ith the problem before them of getting back to normalcy without cutting any of the pie they were eating. The Financier, chairman of the board, gave the opening speech. He reiterated the time worn phrase of co-operation, hard work and more profits to all. The Capitalist was in favor of all changes which would increase his profits. The Manager was all for efficiency and coordination. The Suffragette with her cracking voice had the solution with women as business executives. The parson treated the audience with a sickly smile. "Rah, Rah" had the Salvation of Higher Learning. The Common Man wanted everything cheap. The Devil came in at this time and influenced the Laborer to tell them all to jump in the lake. The Devil was pushed out and the Good Old Days entered. He explained that from the relative amount of business in the past and the future, the amount of present business might be determined. By this data and his brains a solution might be reached. This solution so disgusted the assembly, that they adjourned.

The pledges this year will have to go some to beat the one mentioned above.

BLUFFING STUDENTS
(Continued from page 1)

from asking him a question by asking one himself, he is making good use of his gray matter. I'm not referring to the student who is lazy and bluffs habitually. I mean the one who usually knows his work, and yet can put a 'bold front' on the day he hasen't had time to study. The human professor with a sense of humer accepts such a student as a genius."

Bluffing is "putting it over" on the other fellow, according to the scientific informer. He quoted a Stanford colleague who said, "The most successful organism is the one that keeps another organism guessing."

"Does the 'prof ever bluff—I should say he does. A good elementary instructor is a good liar. He must pick out the surest facts in his possession in order to have his students accept his lecture as absolute truth. It's a real game."

Standard Scale Set for Music

Fifty of the organization, both social and professional, on the campus at K. U. have fixed the price of orchestra music at $3.00 per hour mor each member of the orchestra and $1.00 extra per hour to the leader for each member. Similar price scales have been adopted at Wisconsin, Nebraska, and Oklahoma universities.

music. This will tend not only to develop an appreciation for music but will also develop choral singing in the college. Mr. Vessey's services have been secured and he will be heard in at least four exercises. From time to time there will be discussions by some of the leading men in the country on various international problems. These will include modern economics and religious questions.

The foregoing plans will be in force at an early date. Mr. Vessey has already consented to do his part and it is expected that the committee will have little trouble in carrying into effect the other phases of the year program.

TERRORS UNITE WITH TIGERS IN PEP FEST FOR MINES GAME

PARADE THIS NOON PEP MEET TONIGHT WHOLE TOWN HELPS

Terrors Have Hard Game With Husky Farmers from Olathe Saturday

One of the biggest pep meetings ever staged at the college will be held at Cossitt Stadium this evening at seven o'clock. The High School and college are to start the pep going together.

The College will prepare for the game with Mines, while the High School is to play Olathe High school, the champions of the Western Slope, Saturday on Washburn field. In this case the Tigers are helping the Terrors and the Terrors are helping the Tigers.

This morning at eleven fifteen, all the men of the college met at Perkins where a parade started down Tejon street. The High School men gathered at the Acacia Hotel and joined the Tiger parade there. Then both groups marched thru the business section of town. At the Busy corner cheers and songs were given for the College, High School and Luncheon Clubs.

This evening the student body of the College and the High School and the Luncheon Clubs will meet in the stadium for the big pep meeting. The College band, the High School band, and the Telegraph Drum and Bugle Corp will be there. Dr. Mierow, Coach Mead, Coach Lavik, Captain Waiss, and Hinton of the college will talk, while Mr. Votaw or Coach Kline, Al Bevans and Forrest Phelps of the High School will speak on their game.

Some stunts have been arranged by Charlie Bemis and Don McMillan which promises to be very entertaining. Let's all get there promptly and get behind this bunch of Tigers and Terrors for their final games of the season.

PEARSONS PLANS ORIGINAL PLAY FOR PAN PAN

Pearson's Dramatic Club met Wednesday afternoon in Perkins Hall to draw up plans for the year and to discuss future plays which the club will give.

After much discussion and debate it was decided to stage a one act play during Pan Pan just preceding the Christmas recess. The club will endeavor to give a play, written and staged by the members of the organization. It is thought by many that this type of production will be a better success than a non original one could effect. A committee, composed of Russell Hunter, chairman, Bradley Kidder, and Harold McBride, was chosen to draw up a plot of a play of this type. This plot will be submitted to the members for their approval at the next meeting on Tuesday evening. If the plot is adopted, work will begin immediately on fashioning a play from it.

Another committee composed of Ed. O'Brien, chairman, Sam McCool, and Jack Nolan, was appointed to investigate the matter of a suitable burlesque to be given in case the members decided not to give an original play. In the matter of this, the aid of Mr. Sar-

Dotterer Feeds Fighters Tomorrow Night at Antlers

Tomorrow evening after the Thanksgiving game the members of the football squad will be the guests of Bill Dotterer at the Antler's Hotel where they will be served a Thanksgiving dinner fitting to their valor on the field. Bill Dotterer is one of the men behind the Tigers in everything they do.

After the banquet the football men will be his guests at the Antler ballroom where a dance in their honor will be held.

ALL C. C. MEN TO ATTEND BANQUET TO HONOR TEAM NEXT MONDAY NIGHT

Faculty Pays for Team

At seven o'clock Monday evening in Cossitt Hall there will be a banquet in honor of the football team. The banquet was suggested by the faculty of the college and it will be put on by the Faculty and the Student Commission. Let's all show the "fightingest buch of Tigers we ever had" that we are behind them, win or lose. They've been thru a lot for the College in the last two months so let's show them how much we appreciate it. The faculty men will pay $2.00, which will cover the cost of their own dinner and one Tiger. The men of the College will pay $1.00. Everyone expecting to attend must give his name to Ez Cornell before Saturday noon.

Kidder Compliments Freshmen Girls On "Trysting Place"

By Rip Van Kidder

As a usual thing the job of a critic is rather precarious, but for the Freshmen play it was a different matter as there was little that did not warrant favorable comment. The Play itself was a well chosen farce and such a snappy one that it was admittedly suited for an evening into which so many happenings had been crowded.

Those girls who took the parts of men in the performance deserve especial praise for the way in which they carried out these roles. All too often a play has been spoiled by some ridiculous burlesque of masculine characters, but this time there was not the least hint of this crude work. Miss Eloise Van Diest, who carried the part of a young and only son, experiencing for the first time the deep passions of a true love, had the audience in laughter from the first line. The part was doubly difficult for a girl but Miss van Diest was faultless in every detail, and earned for herself a wealth of praise. Yolande Ingle who supported Miss van Diest, and who carried the part of a young widow displayed unusual ability, playing her part almost to perfection. It is to be hoped that these two girls will take an active interest in dramatics as they show great promise.

Catherine Parmenter, as Mrs. Briggs, and Irene Beardsley as her daughter were also exceedingly good, although at times it seemed as though their lines were a bit forced. However that is no great fault this early in the game. Katherine Conway as Rupert Smith

(Continued on page 4)

MINES "M" DAMAGED BY TERRIFIC BLAST EARLY YESTERDAY

A report was received yesterday afternoon that the School of Mines' "M" on Lookout mountain was blown up Tuesday morning at four-thirty o'clock. The "M" is one hundred feet high and eighty feet wide. The whole center was reported blown out and the upper left hand corner damaged. The general custom of the Miners is to guard this letter before any game, but it was not deemed necessary this time because the rivalry between C. C. and Mines has always been clean with the exception of two years ago on Washburn Field when there was a battle royal. It was the general opinion on the Mines campus Tuesday, that the C. C. fans were to blame for the incident, but a few of the more thoughtful Miners lay the blame to the students at Boulder or D. U.

Don McMillan said, "As far as I know, there has not been a man off the campus since Saturday, and in my opinion, the blame cannot be laid to the C. C. men. We will receive the Mines team and rooters with the best hospitality and with only one thing in mind, to send them home with defeat."

PHI DELTS AND SIG CHIS HAVE UNIQUE PARTIES

Phi Gams Dance at Broadmoor Golf Club

Fraternity night again broke forth on the campus again last Saturday night. Three of the fraternities only participated in the fun. Why the others stayed out is the question. Those who entertained were Phi Delta Theta, Phi Gamma Delta, and Sigmi Chi.

PHI DELTA THETA

The Phi Delts held a function that was the best on the campus this year so far. For novelty and fun it couldn't be beat. It was a carnival dance in San Luis. The programs stated that it was the "Phi Doodle Smoker" staged by the "Colorado Chapter" in San Luis "Gymnasium" and the "Bouts" were divided into three classes—"the preliminaries, the main bout, and the finals." The first six dances constituted the "Preliminaries" the next four the "Main Bout" and the last four the "Finals." The "Referees" (Chaperones) were Mr. and Mrs. Herbert Sinton. Confetti and streamers and all sorts of carnival contraptions were in abundance. The guests were: Misses Meriam Tessier, Marie Coleman, Margaret English, "Bobbie" Clark, Roxana Jackson, Ruth Ziegler, Martha Mae Kirkpatrick, Yolande Ingle, Ethel Reasoner, Marjorie Wood, Fern Lewis, Edith Radford, Harriette Bumstead, Miriam Bancroft, Alice Sweet, Rita Fist, Edith Fitzpatrick, M. Nelson, and Mrs. Briggs, Dr. and Mrs. Schaeffer, Prof. Copeland, Miss Martha Tucker and Dr. Woodard.

PHI GAMMA DELTA

The Broadmoor Golf Club was the scene of the dance given by the members of the Phi Gamma Delta fraternity. Prof. and Mrs. Ralph J. Gilmore and Mr. and Mrs. Frank Evans, Jr., attended as chaperones. The guests at the affair were: Misses Hel-

(Continued on page 4)

LAST GAME OF SEASON FOR BOTH TEAMS WILL BE REAL BATTLE FROM START TO FINISH WITH DOPE FAVORING NEITHER

Mines Determined to Close Season with Defeat of C. C. But Tigers Say It Can't Be Done in Sixty Minutes

The Tigers are to fight it out with Mines tomorrow in the last game of the season. It will be a battle from start to finish. The Tigers are going to try to square things that are left over from last season with the Mines. The Miners are going to try to right things after the last two Saturday's when she has taken the short end of the score from both the Aggies and Boulder.

Waiss, captain and fullback of C. C., and McGlone, captain and fullback of the Mines are playing their last games on that day. The Mines team is losing a number of men next June thru graduation. This alone is enough to assure everyone of a good battle. MacDougall is in condition to play and will probably start the game. These two men being in condition should make the Tigers passing game the best that it has been this year. Perry Greiner, of course, will be there with his great generalship, as will Wessen be there with lots of fight. For that matter, all the Tigers will be there with the exception of Bruce.

Do you remember last Thanksgiving Day when Denver's "Wonder Team" came down here with the express purpose of twisting the Tigers' tail? The fighting Tigers showed them a thing or two about football that they never knew before and they went home with the short end of a 28 to 21 score and what's more they were out fought and outplayed all of the time. Also do you remember how the Aggie team, the conference champions of 1919, came down feeling very sure that they could trim the Tigers? They also got very badly fooled and went home with a score considerably less than the Tigers. It just seems that this is a habit of the Tigers and it happens so often that it very soon will be a tradition of the school that has to be lived up to.

Let's all get out and back this fighting buch of Tigers like no other team of this institution has ever been backed before.

BABY TIGERS FINISH WORK. MANY GOOD MEN ELIGIBLE FOR TIGERS NEXT YEAR

Gave Tigers Good Practice

The Baby Tigers completed their season Monday night by very fast but clean scrimmage with the Varsity. Although the Frosh did not win any games they served their purpose for the year and served it well. Without this small group of eighteen prospective Tigers, the Varsity could not have shown up as well as it has. With new signals each week and a new set of plays that were used by the other schools of the conference, the baby Tigers worked with the Varsity in a commendable fashion.

There is a great deal of weight among these men that will be very useful next year. The chances for the future Tiger team certainly looks good.

These men will be the guests, along with the Varsity men, of the Faculty and Student Commission, Monday night at a banquet in Cossitt. They will receive their numerals next month.

Hulbert Favors Fraternities and Girls Societies

Professor A. B. Hulbert, in a speech given at chapel last Friday morning, declared himself very much in favor of maintaining fraternities in small colleges, despite the fact that many of the small colleges in the east are doing away with them. He said that it was quite true that fraternities could either join or disjoin social bindings, but that he knew of no force that bound men's hearts together in loyalty and unity of cause other than the fraternities. If a man is disloyal to his college he is also disloyal to his fraternity, was Professor Hulbert's assertion.

The speaker made it plain that he meant not only the men's fraternities, but also the girl's societies on the campus, in regard to joining or disjoining social bindings. He urged the officers of the fraternities and the girl's societies to see that their members did their

(Continued on page 4)

Peripatetics Swim Thru Sea of Felicity in Den of Cholmondely

"It ain't the individual nor the army as a whole
"But the everlasting team work of every bloomin' soul."

With the above basis of action as their omnipresent stimulus, the Biological Peripatetics swam through a sea of felicity Thursday night. The den of Cholmondeley Thornton formed the material confines of their activities. A wealth of song and story, an unexhausted store of alimentary and the inimitable association of kindred spirits formed a combination of which mighty Olympus could boast no peer.

Biologists study life: Peripatetics practice it.

WINIFRED HAIGLER, BOY VIOLINIST, PLAYS IN CHAPEL MONDAY

Winifred Haigler, youthful violinist and pupil of Professor E. A. Deitrich, instructor of music in the Academy of Fine Arts, played two well known selections, Griselda and Romola by Drdla, in chapel yesterday morning. He was accompanied by Miss Audrey Schoonmaker on the piano. The selections were very well played, and audience was so well pleased that an encore was demanded and received.

WE DON'T USE DYNAMITE.

The dynamiting of the Mines "M" yesterday morning was certainly not the work of Colorado College men. Our relations with the School of Mines have at times been slightly strained but this is not one of the times. The sentiment on the campus has been in sympathy with the Mines in their brave attempt to win the conference championship after so many years of repeated defeats. Mines has always put a fighting team in the field but luck and their lack of numbers has been against them. Then when they started this season with a team that bade fair to make the best of them work hard for a chance we were glad. We wanted the Mines to be rewarded for the faithful support they have always given their teams, win or lose. They have a habit of being particularly careless about the way they let their fists get into action on our field but we have met them at their own game and have helped them wash up afterwards in the best of spirit. These fights have never led to bad feeling between the two institutions and no thoughts of damaging their campus or property have ever been entertained by C. C. men. The Miners play good football and put up good fist fights and C. C. men are never far behind them in either, but we never have used dynamite.

COMMENTS

by Arthur Disbrane

French Birth Rate

One of the greatest problems facing the French people at the present time is that of the declining birth-rate. For several generations France has been barely able to sustain her population. Several reasons have been suggested as being responsible for this among them being the inheritance laws, the fact that the nation is primarily agricultural, and that the relatively high education of the masses makes a large family undesirable..

Tokyo, Japan, Now Wordl's Third Largest City

The latest statistics give Tokio, the Japanese capital, a total population of 5,164,000 and an area of 161.1 square miles. This makes the city the third largest in the world, London being the first and New York a close second.

Congress in Session Again

President Harding has called Congress together again to rush thru some legislation that failed to be passed last spring. One of the first bills to come up for consideration will be that regarding a shipping subsidy. The Old Guard Republicans are also determined to set aside the seniority rule for the senatorial committees. It is understood that the purpose of this is to keep LaFollette from becoming the chairman of the finance committee.

The Polish Elections

Last Sunday the Poles voted in the elections to the senate, having voted for the candidates for the lower house the week before. It is the custom to have both houses meet in a joint session and choose the new president. If one is to judge by the party alignments it looks as tho Marshall Pilsudski will be the president for the coming term.

English Parliament Formally Opened by the King

The newly elected parliament was opened by the king last week. The speech given by the king warned that the two pressing problems facing the new government are the Irish question and unemployment.

McClones Have Big Time Holding the Aggies

In one column in a recent issue of the Silver and Gold it told of the effort of Capt. McGlone to hold the Aggies. In an adjacent column it told how his brother, captain of the University freshmen team, played his best game this year, attempting to hold the Aggie freshmen.

Boulder Luck

It was bad enough to have State kick a drop kick and score a touchdown, but when Quinlain's try for the extra point hit a Miners head and bounced directly between the bars, that simply showed how Dame Fortune had placed her money.

Wrestling Starts at Boulder

The first call for wrestlers at the University of Colorado was issued November 27. Seven veterans were back, and according to Captain Coleman, champion in the 145-pound class in 1922 prospects are exceptionally bright.

FROSH HAVE BIG TIME AT PARTY FRIDAY

After the play at Cogswell theatre the Freshmen class adjourned to Cossitt Commons where a subscription dance was held. The room was well filled with dancers throughout the evening. Peysers Band supplied the music. Refreshments were served in the form of cake and brick ice cream with a 26 in the center. The chaperones were Mary Clegg Owen, Mr. Copeland and Prof. Fuller.

With the Societies

MINERVA

Minerva, according to custom, was at home to the pledges for the first meeting after pledging. A short review of the life of Oscar Wilde, and a resume of his "Florentine Tragedy" were given by Frances Tucker. This was followed by a short playlet "Rigaletts" by Flaccus, the following girls having parts:

Rigsletts	Genevieve Cox
Gilda	Katherine Wilson
Madeleine	Clara Burghart
Duke	Catherine Hood
Assassin	Franesc Tucker
Reader	Miriam Ellsworth

Light refreshments were served afterward.

CONTEMPORARY

Following the course of study outlined for the year the Contemporary actives gave a program centering about the life and works of Bernard Shaw, in honor of the pledges. The main program was entrusted to Edna Van Horn, and was followed by a brief social hour.

KAPPA SIGS ENTERTAIN FATHERS AND FACULTY MEN AT BANQUET

Last Sunday night saw Beta Omega of Kappa Sigma entertaining fathers profs at their annual Father and Son Banquet. The banquet was served in the house and was followed with a number of good speeches. Prof. C. C. Mierow acted as Toastmaster and the following gave short talks on various topics: Mr. Morton, Ed Morath, Wallace Mast, Melvin Johnson, James C. Park, J. Ellwood Amos. These men were guests of the chapter: Messrs. Heath, Hunt, Awes, Morton, Thomas, Morath, Seely, and the following faculty men were present: Messrs. Cabellos, Lavik, Hulbert, Copeland, Swart, Keyte, and Anderson.

HYPATIA

Last Friday afternoon the active members of Hypatia entertained the pledges at Ticknor Study with the following program:

Life of Swinerton—Betty Brown.
Nocturn, Swinerton—Evelyn Stannard
Selection from Rubinstein—Alice Sweet

A short social hour followed.

Kappa Sigma Thanksgiving Breakfast Tomorrow

The Kappa Sigs will hold their annual Breakfast Dance Thanksgiving morning. This is one of the most elaborate functions of the College year and is always a big affair. The breakfast will be served in the chapter house and the dance will be staged in San Luis.

SENIORS PULL TAFFY AND DANCE AT PARTY

About twenty-five Seniors were present at the first Senior party of the year held last Friday night in Montgomery parlors. The party began immediately after the Freshmen play and lasted until well along toward the middle of the night.

A variety of pastimes kept those present occupied. There were groups making candy, others danced to jazzy music and still others engaged in the dignified pastime of playing cards. An uninvited guest in the person of a dog forced himself upon the dance floor several times and had to be ousted so that the dance could go on. There were refreshments consisting of cider and doughnuts served during the entire evening.

The entertainment for the evening was varied enough that everyone who attended found something to do that interested him most. Dr. and Mrs. Gilmore acted as chaperones.

Line Plunges

"Then hit the line Colorado"

A new organization has been founded on the campus, with a Club Room on fourth floor Bemis. It is evidently the fruitful result of Dr. Davies' speech several weeks ago in Chapel. The following appears on the door of the Club Room:

YE SIGN OF YE FLAT IRON

Headquarters
for the
Gentle Art of Loafing
Seats free—nominal rent for beds.
Pressing Engagements:
Sign here for appointments:
(open all night)
(Bring your own clothes racks and shoe trees)

ALL JOKES WELCOME
(Do "comin")

General rules:

1. No two shall laugh alike.
2. Park your gum and hairnets on the transom.
3. Slip garters over the knob.
4. Do not hang up stockings until Christmas.
5. Don't "gas" with the alarm clock.
6. Roll Call will be answered by members.

(By their numbers ye shall know them)

7. All meals will be announced.
8. Washing will be taken in if in soak.
9. No extra charge for bathing facilities.
10. Cider will not be served until hard.
11. No animals will be admitted except domesticated cats and teddy bears.
12. All impediment of the masculine gender barred except 10' X 9' pictures and large size hats.
13. Book agents admitted through windows.

Amendment I. Studying aloud in Greek only.

Amendment II. Only sister and safety pins may be worn.

I WOULD BE HUMBLE, FOR I KNOW MY WEAKNESS.

Don't forget the poor and needy. Suppose nobody cared!

On the inside of the door there appear three signs:

STOP!
Have you left anything?
LOOK!
Have you taken anything?
LISTEN!
Have you heard anything?

Our motto: "Laf, Lif, und Luf.

Florence Lawson and Clara Burkhart Lose Debate to Mrs. Essex and Dorothea Rodell

Last Friday the question, resolved: That the English government is more democratic than that of the United States," was debated by Florence Lawson and Clara Burghart, affirmative; and Mrs. Essex and Dorothea Rodel, negative. Mr. Daehler, Helen Morton and Donald McKay acted as judges and rendered a two to one decision in favor of the negative. Following the debate Miss Bramhall gave an instructive criticism.

The next meeting will be December 8th, at which time Dorothy Graves will review the ship subsidy question now before Congress. The question has long been a favorite in debating circles and it's present appearance in national politics makes it a timely subject for debate.

FRIENDSHIP FUND AMOUNTS TO $240 CASH SO FAR

The Student Friendship Fund now has almost $240 in cash besides the pledges that have not been collected. Those carrying on the campaign are well pleased with this result.

The pledges are due now at any time, and may be paid to Mary Hicks or Donald MacKay. Those who have not paid their pledges are urged to do so as soon as possible.

AGGIES SMOTHER B. Y. U. 33-0

The Colorado Aggies defeated the Brigham Young University Saturday in a lopsided game, 33-0. Never once did the full Aggie team play and the second team played most of the time. Houser was the star for the Aggies while he was in. The Farmers were saving their men for the fray with the Ministers on Turkey Day in Denver. The Aggies were slow in getting started this season. They did not develop their real strength until the game with the Miners two weeks ago. They now have confidence but are not over confident.

NOTE—Contributions not in typewriting are likely to appear with misspelled words.

Donald MacDugall, former Colorado college student, now in business in Denver, spent the week end at the Phi Delta house.

Frank Schaede, Pi Kappa Alpha and a freshman last year, is classed as a star student at the U. S. Naval Academy by reason of standing twenty-fifth in a class of 800.

Vachel Lindsay, the tramp-poet and singer of ballads of the open road will appear shortly at the University of Oregon.

"Sweet for Governor", an essay written by Justin Barnard of the University of Colorado School of Law, won the first prize offered by the State Democratic chairman on why Sweet should or should not be elected governor.

Saturday evening—recital, by the Normal class, of original pieces and other numbers.

Thursday evening, December 7th—Pianoforte Recital by Miss Esther Norton, assisted by Donald Hale, violin.

The usual weekly recital in the afternoon.

The Y. W. C. A. cabinet held its regular meeting at Palmer Hall Tuesday afternoon at 3:45 o'clock. Clara Burkhardt had charge of devotionals.

The Bruin Inn trip satisfies but it need not be too mild. The hike is just long enough for a good appetite.

Katherine Sias went to Denver on Thursday afternoon, for a short visit with her brother, Donald Sias.

* * *

Mrs. Skidmore and her two small daughters were the guests of Miss Landers at Bemis on Sunday.

* * *

Mrs. W. C. Wrye, of Newton, Massachusetts, arrived on Saturday for a two weeks visit with her daughter, Anne, at Ticknor Hall.

* * *

Mrs. Kirkpatrick and Martha Mae were dinner guests at Bemis on Sunday.

C.C.'s Who's Who

A. P. R. DRUCKER

A. P. R. Drucker was born in Russia in 1876, and came to the United States when he was sixteen years of age. For the first five years he enjoyed the carefree life of a factory worker in New York City, at wages ranging from fifty cents to a dollar a day. Then he became acquainted with a man named Stephens who was also a factory worker but who was a well educated man. Stephens took an interest in the young man Drucker and helped him study in his spare hours. After considerable tutoring under Stephens, he was able to enter night school. Stephens continued to help him until his entrance into Columbia University in 1899. His work had been so thoroughly done that he was able to qualify as a Junior in the university upon his entrance.

In 1898 Mr. Drucker enlisted in the eighth New York Volunteers. However his regiment reached Cuba at the time the armistice was signed and saw no action. This army experience stood him in good stead at a later period in his life which will be mentioned below.

Mr. Drucker worked as a janitor at night during his entire course at Columbia and knows what it is to really work his way thru. He graduated from Columbia in 1901 and the next year he returned to Russia to look after the affairs of his family. He had learned that his father had lost all of his property but there were few details in the report. Added to this was the inability to get any word direct from any of his people. When he resolved to make the trip he did not bother to go thru the formality of obtaining a passport and took passage as a laborer on a cattle ship.

Because of his failure to obtain a passport it was necessary that he be smuggled into Russia. Upon his arrival at his native village he was immediately arrested for evading military service and was forced into the Czar's army. It was his original intention to serve his regular time in the army in order to regain his father's property which had been confiscated because he had not answered the call for military service some time before while he was in America, but he was arrested before he could declare his good intentions.

Because of his training in the United States Army the Russian methods of drill were difficult for him. Upon one occasion after several months of training, he made a mistake in executing an order and was reprimanded with abusive language by a non-commissioned officer. This man was not of sufficiently higher rank than Mr. Drucker to make him remember his subordination and he answered back in kind. This resulted in a commisioned officer being called and he struck the private on the right arm with the back of his sabre such a hard blow as to nearly break his arm. In a fit of anger Mr. Drucker picked up a stone and hit the officer. This would have been considered a serious offense in any army but in the Czar's army where the person of an officer was particularly sacred it was an offense punishable by death. Mr. Drucker was confined in a cell just big enough to lie in, a sort of hole in the wall. By bribing his guard with all the money he had he was able to get in communication with the American ambassador at St. Petersburg whose prompt action saved him from execution. Mr. Drucker had become an American citizen upon entering the United States Army and had not lost his citizenship because he had been impressed into the service of the Czar.

Thru the efforts of the ambassador he was able to locate his father and provided for his passage to America where he supported him for the rest of his life.

From Russia, Mr. Drucker went to Germany where he studied in the University of Breslau. He made a special study of accounting methods in Germany and made extensive investigations of working conditions and allied problems.

In 1908 he returned to the United States and in 1909 entered Chicago University where he was granted the degree of Master of Arts in 1910. He then taught in a school of commerce in New York City and in 1914 became assistant to Roy B. Kester, professor of Business Administration in Columbia University. From 1916 to 1918 he served on the faculties of Oklahoma, Idaho, and Oregon Universities. In 1918 he was appointed professor of Business Administration and Banking at Colorado College.

He is the author of a number of articles on business problems and is now working on a text book on accounting. He is a charter member of the local chapter of Alpha Kappa Psi.

BOULDER BEATS MINES 15-0

Boulder sprang one of the biggest surprises of the season last Saturday by defeating the School of Mines 16 to 0. The game was bitterly contested thru the first three periods, after which the score stood 0-0. A Miner fumbled and a Boulder man recovered on the State 28-yard line and then went over for a touchdown. This gave State heart and they put over another touchdown on straight football, overhead and line plunging. Following this they got within scoring distance and garnered a dropkick.

At the first of the season the Miners were considered one of the strongest teams in the conference and a contester for the title. On Armistice Day they played D. U. which at that time was to decide the state title if not the conference title. They were held to a 0-0 tie. This was the first stepping stone to a team with a broken morale. The following Saturday they took the short end of a 19-0 score at Aggieville which broke their morale. They then suffered this defeat at the hands of Boulder. Whether they can build up their morale by Thanksgiving or not is the question. The morale of the whole team may come back by itself with the anticipation of losing the season with a victory over the Tigers.

Of course it would not be fair to give all the credit for the victory to the fact that the Mines did not play good football. The State was very slow in hitting their stride this year, but now that they have hit it you must admit that they have a good team. They played good football and had lots of fight and pep all the time. A lot of the credit for the victory goes to Quinlan for his generalship and choice of plays. Alexander and McLeau played stellar games at their respective places at guard and tackle.

STENA HELENE DEARBORN

Stena Helene Bearborn is one of our fair co-eds who is majoring in the gentle art of chemistry. Her one great drawback, according to Prof. Douglas, is her woman's curiousity, which has no place in a chemistry laboratory.

Stena is a product of the Colorado City High School of the class of 1919. Her first year in college she elected to journey far into the wilderness and attend the University of Kansas. She says she likes it there but that the men of C. C. are far more attractive.

We are glad to see that there are a few girls of the college age that are still interested in hiking and in sports. Stena says that her hobbies are hiking and hockey. She also wields a wicked tennis racket.

Since her entrance in Colorado College Stena has appropriated the following honors: Y. W. C. A. (2) (3), Dramatics (2) (3), Prunella (2), Womens' Athletic Board (3).

She is a member of Hypatia and the inter-society council.

Pike Speaks

Contributions to this column should be addressed to Pike, Care of Tiger Editor.

ONCE UPON A TIME
(Wnth apoligies)

A swarm of bees chased Gertie
Till the girl was almost wild
Her anxious parents wondered
Why the bees pursued the child.
To diagnose they summoned
Their physician, Dr. Ives
"I see," he said, "the reason's clear,
Your Gertie has the hives!"
—Contributed.

Let this be a time of thanksgiving,
And one to remember for aye;
Extend to your friends a fond welcome
To dinner this Thansgiving Day.

We're glad that the Pilgrims of Plymouth
Decided to thus celebrate,
And ev'ry November we've followed
Their custom on down to this date.

We're gladdest of all for the spirit
Pervading our football team,
The fightingest bunch of Tigers
The Rockies have ever seen.

Our team 'gainst the Miners from Golden
Will fight till the sound of the gun
Proclaims on this day of Thanksgiving
Our fightingest team has won.
—E. C. H.

E'er heard of kidder, Raymond,
They call "The kidding fool?"
He has the rest of us outclassed
At kidding girls at school.

And now of Raymond's day-dreams
If half would e'er come true,
He'd live among the "fairies"
And coo, and coo, and coo.
—K. S.

(This is not intended for Hubert Raymond Moody)

I WANNA

I wanna girl as warm as toast
When she is cold is ice;
I wanna girl who's noughty—yet
Despite that, very nice;
I wanna girl who's close cropped hair
Hangs far below her waist,
I wanna girl who swears—by me
And knows that glue's not paste;
I wanna girl who drinks—of love
And gets intoxicated,
I wanna girl who smokes—a ham
And knows what women rated;
I wanna girl who's innocent,
Who's very sweet—and yet
I want her in filmy dress
To cast a silhouette;
I wanna girl whose beauty stays,
With years does not decline,
But most of all I wanna girl
Who will be Mine, all Mine.
—The Log.

A lot of co-ed's are anxiously hoping that Santa Claus will bring them a doll for Christmas. Perhaps they hope to use the dresses for themselves.

JOAN HECKENLIVELY IS ELECTED PRESIDENT PROF. MIEROW'S BIBLE CLASS

Professor C. C. Mierow's Bible Class for College men and women has organized by electing the following officers: President, Miss Joan Heckenlively; Vice President, Miss Dorothy Page; Secretary and Treasurer, Miss Imogene Purvis; Chairman of the Social Committee, Miss Mabel Sadler. The topic of study (in the words of the Epistle to the Hebrews) is: "God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets," and the class has already studied the writings of Amos, Hosea, Micah, Zephaniah and Nahum. Regular meetings are held each Sunday at 9:45 in the First Congregational Church, and all Colorado College students are welcome. The subject for next Sunday is the prophecy of Habakkuk.

WILLIAM LENNOX ENTERTAINS HALL GIRLS SUNDAY

Mr. William Lennox invited all the Hall girls to his home Sunday evening. The regular Sunday Musicale was held there at seven o'clock, and proved to be a complete success. Over forty girls enjoyed the beautiful program, and joined in the group singing afterward. Besides three groups of vocal numbers, by Mrs. Osborn, Miss McIntosh and Miss Biggar, Mr. Jessop played two piano selections. A grate fire and light refreshments added the finishing touches to a lovely evening.

Hulbert in Chapel

(Continued from page one)

part in taking interest in the various organizations on the campus, such as the Glee Club, Departmental Clubs, Dramatic Clubs, etc.

Professor Hulbert made an investigation of how many of the fraternities men and the girls who belong to the societies took the Tiger, finding that there were less than ten subscriptions to a fraternity, and a little more than that number among the girl's societies.

Scraps from the Training Table

Basketball practice has started at C. C. with Captain Harvey in charge. Every member of last year's championship team is back except McTavish. Bruce is in school but unable to report for some time because of a badly injured knee. Everything points to a very successful season and another championship is hoped for.

The Mines team after their disastrious defeat at the hands of Boulder last Saturday, will be especially hard for the Tigers to beat on Thanksgiving. The Golden team is noted for its comebacks and the loss of a game usually puts them in a frame of mind that demands revenge. The loss of two straight conference games has put on added persuasion on winning their last game with C. C.

The Mines always have one of the hardest fighting teams in the conference. The Tiger team has also shown plenty of scrap this season, so the game Thursday should result in a real battle.

Waiss and McDougall will probably start the game Thursday. This added strength in the lineup should make a great deal of difference in the chances of the Tigers.

Captain Waiss and Curt Hinton will make their last appearance in Tiger uniform against the Mines, Thursday. They will be the only men lost from the C. C. team this year, due to graduation.

While th eTigers and Miners are fighting it out on Washburn Field, Thursday, Denver and Aggies will be settling their differences in Denver. Although Denver leads the conference, it is probable that the rejuvenated Aggie team will start the game as favorites to win. A win by the Aggies would put the Colorado standing in a worse tangle than ever and Utah will have a clear claim to the conference title.

Coaches Mead and Lavik have been getting the kinks out of the Tiger machine gradually, for the past week, and the team should be in better shape than for some time to start the Mines game, Thursday. In good shape, we think the Tiger team is the equal of any conference team this year. The game Thursday should be one of the hardest of the season and C. C. should have a good chance for a win.

Mines won one of the hardest games of last season from us, by a score of 7to 0 score. The Tiger team will be out for revenge for that defeat Thursday. The game should afford plenty of action for all.

The Mines have a clean hard fighting team this year. They have shown good sportsmanship whether they have won or lost. The Miner team is the kind you fight the hardest when on the field and pull for the hardest after the game is over. They are good sports and worthy rivals. May the best team win!

FRATERNITY PARTIES

(Continued from page one)

en Fairbanks, Katherine Hood, Ruth Espey, Lucile Brundage, Martina Maher, Helen Tucker, Hazel Hendricks, Catherine Morton, Mildred Johnson, Conway, Kathryn Varney, Janet McHendrie, Elsie Berg, Margaret Smith, Lucile Lyard, Genevieve Vanderhoof, Marian Lamme, Loraine Elser, Mildred Fanson, and Mildred Griffith.

SIGMA CHI

A Kid Party featured the dance at the Sigma Chi chapter house. Some of the costumes were quite catchy and the whole party bubbled over with fun from beginning to end. The chaperones were Mr. and Mrs. Loring C. Lennox. Foltowing is the list of the guests: Misses Dorothy Jean Barker, Helen Anderson, Dorothy Chambers, Louise Covey, Genevieve Whitney, Mary Clegg Owen, Eunice Scribner, Bonnie Walker, Lyle Blaine, Sarah Love, Helen Stoddard, Frances Hurst, Frances Weigle, Isabel Postlethwaite, Hila Van Hook, Margaret Keating, Mrs. Donald McKay, Mrs. Campbell Rice, Christina Wandell, Katie Van Vechten, Ruth Hutchinson, Thelma Blaine, M. Thomas, Mr. and Mrs. Geo. Myers., and Mr. and Mrs. R. Lewis.

FROSH PLAY

(Continued from page one)

was a very ardent lover and a very good man and played a small part above criticism. Miss Louise Pitkin as Mr. Ingoldsby a staid old bachelor in love with Mrs. Briggs, was another who took a difficult part and played it better than the average.

The play was, in the opinion of all who saw it, a decided success and no play is successful without the persistent efforts of the girls behind the scenes. The settings, properties, costumes, and programs were finished complete to the last detail. The Freshmen class is to be complimented on having so fine a representation.

PEARSONS PLANS

(Continued from page 1)

gent will be secured and a good production is guaranteed for Pan Pan, regardless of whether or not it is written by the members themselves.

At this meeting, plans for the coming year were also discussed at length. It was decided that the Club will hold regular meetings twice a month in the faculty room in the Administration building. These will be held at seven o'clock and the first meeting will be next Tuesday night.

The president also gave a short history of Pearson's. An effort will be made this year to bring the Club up to its former standard, which includes the giving of a banquet during the second semester in conjunction with a play.

TIGER BASKETBALL SQUAD STARTS WORK SIX LETTER MEN OUT

Inter-Fraternity Contests to be Run Off Before Squad is Weeded Out

The Tigers will start the long grind for preparation for basketball season this week. Only one letter man has been lost from last years champoinship team. The six other letter men are back and with the exception of Bruce are in the best of shape for the season. With a large number of last year's substitutes reporting as well as many promising freshmen with convincing high school records, it looks like another very successful season.

The Coaches will commence the weeding out process to pick this year's squad after the completion of the Fraternity League which will start this week. Each fraternity will be represented in this league and a round robin tournament will determine the winner. Everyone will be eligible to represent his fraternity except the six letter men of last year's team and the showing of the men will largely determine whether they are chosen on the squad for this year. A wealth of new stars as well as many good men from last year's squad will make up these teams and some exciting games are expected.

ONLY FIVE FILL OUT QUESTIONAIRES ON TIGER

Only five people took advantage of the opportunity to express their opinion on the Tiger and its various departments. These five varied considerably in their answer to the questions. Four of the five said that college news was thoroughly covered. One placed question marks in the spaces "yes" and "no". "News generally isn't new" was written in the space for remarks. Other remarks in regard to college news were: "More girls on the staff to cover girl's entertainments would give more news to the Tiger;" "Better than in recent years;" "This could be a little better."

Four declared their interest in news of other institutions. One wanted more of it. Another wanted it limited to near institutions. One said that it was "very interesting."

Two voted that editorials reflected students sentiment; two failed to express an opinion, and one said: "Why not have one occassionally?"

Two liked Disbrane; two didn't vote,

(Continued on page 4)

Vessey Leads First of Series of Chapel Song Fests

The students and faculty took part in one of the most enjoyable chapel exercises this year when Mr. Bernard Vessey led them in singing several popular songs. Some of the songs which were sung were: "America the Beautiful", "When Shall We Two Meet Again", "Peggy O'Neil," "Howdy", and "Tuck Me Too Sleep." According to those who took part, the saying of Shakespeare in the Merchant of Venice, "The man that has no music in himself, nor is moved by the concord of sweet sounds, is fit for treasons, stratagems and spoils;" is quite true when music is the feature of chapel programs.

WASHBURN CLUB TO GIVE BOX SUPPER DEC. 15

One of the most novel entertainments of the year is coming up on the College calendar. On the night of December the fifteenth a Benefit Box Supper Dance will be staged in the Broadmoor Art Academy by the Philip Washburn Club. This is this organization's first attempt at entertaining the Student Body but they are surely going to give something worth while.

Did you ever go to a regular box supper where you have the suspense of not knowing which one of the girls you are going to eat supper with? Did you ever let yourself go and dance and dance to the tune of a wonderful four-piece orchestra? That is what they are planning. The boxes will be sold at a reasonable price and the proceeds are to go to charity. The men will

(Continued on page 4)

FIFTEEN TIGERS TO GET LETTERS FOR FOOTBALL

There will be fifteen football letters awarded in the near future. In order to receive a letter, a man must play 90 minutes in conference games. There was a new ruling that went into effect this year: In order to play on the varsity a man must be on the campus at least one year, and pass 10 hours of College work the preceding semester. This allows only three years of varsity playing for one man.

Football is the only sport, now, in which a slip-over sweater is presented, all the rest receive sweater coats. The following men will receive sweaters: Waiss (3), Greiner (2), Wessen (3), Muncaster (2), Burghart (2), Delaney (1), Hunter (1), MacDougal (1), Bruce (2), Zickafoose (1), Hinton (1), Burch (1), Amidon (1), DeFries (1), Gray (1).

TERRORS 43 - OLATHE 7

By Beuford B. Hahs.

O'athe went down to defeat before the Colorado Springs Terrors Saturday, by a score of 43 to 7. The game was won in the first quarter of play. The second quarter had barely begun before Coach Kline jerked all but two of his first string men.

The Terror second team was a good match for the western slope champions. They even outplayed them. The regulars scored three touchdowns before the seconds went in, then the second team scored four touchdowns—all made by LeBeau. Their goal was crossed once. The whole Terror team showed strength that was not to be denied although saving themselves for the championship game next week with Fort Collins.

Olathe showed at various times flashes of good football, but they were not consistent. There were three men who stood out prominently. Captain R. Manuel, F. Manuel, and Neal. R. Manuel and Neal showed great ability in plunging the line, and were good backfield men all around. F. Manuel showed good form in his tackling. He spoiled several plays for the Terror backs.

Next Saturday the state championship will be played on Washburn field, with Fort Collins. This gives the promise of a good hard fight, as Fort Collins out weighs the Terrors and have had experience playing good teams.

BANQUET TO HONOR FOOTBALL MEN HELD IN COSSITT TONIGHT

Every Man in College Is Expected to Be There to Show Appreciation

As a crowning event of a very successful season in football, all the men of the college will attend a banquet in honor of the varsity squad and the freshmen team. Besides the two squads, certain business men of the town who have contributed to the training table and other things will be guests.

Coach Mead will give a talk on the benefit of football to a man. Prof. Gilmore will give a talk on football also. Captain Waiss and one or two Tiger boosters will give talks. This is our chance to show the fellows on the team how we appreciate what they have done this fall. When we consider the size of the squad, the inexperiences of a great number of them, we can see that it was a remarkably successful year.

A banquet was suggested by the faculty men. The Student Commission agreed to stand part of the expenses for the teams and business men guests. A committee was appointed to make arrangements. The Committee consists of Coach Mead, Prof. Okey and the student commission representative to the committee, Lester Powell. The price for men wh oeat at Cossitt is 50c, other men $1.00, and faculty men $2.00.

Pres. Duniway Meeting Alumni In East

President Duniway has been the guest at a number of luncheons, given by the alumni of Colorado College, while on his visit in the East. A group of New York City alumni met with Dr. Duniway to learn the needs and future plans of the institution. Among the alumni at the meeting were Edith M. Dabb, Thomas L. Kirkpatrick, Mary E. Scott, Abel Gregg, Warren C. Jones, H. G. Harrison, M. E. Strieby, A. F. Rose, Mr. and Mrs. E. J. Allen and G. A. Bowers.

On the same day Dr. Duniway was the guest of honor at a dinner given at the Cosmos club in Washington by the Washington alumni of Colorado Col-

(Continued on page 3)

MacKENZIE MAKES GOOD RECORD WITH LITTLETON HIGH

Thursday the Littleton High triumphed in the Suburban league race for the championship by defeating the fast Arvada team, 14-6.

The team itself was fast and aggressive, playing at times a brand of football seldom seen in high schools of the region.

They started the year right by defeating East Denver 3-0.

They also defeated Englewood 74-0, Ft. Lupton 57-0 and Brighton, 10-0.

Due credit for Littleton's showing is given to Ian MacKenzie, the coach. He played four years at Colorado College as guard, making all conference two years. The "Fighting Scotchman" has put the same spirit in his team that characterized his playing.

MARCEL DUPRE TO GIVE CONCERT IN PERKINS HALL

Marcel Dupre, eminent French organist, will appear in Colorado Springs and Colorado College on Saturday night, December 16. The concert will begin at 8:15 in Perkins Hall. He is appearing under the joint auspices of the Colorado Springs Musical club and Colorado College.

Monsieur Dupre is one of the "Big Three" which included Gailmant and Bonnett. He is the present organist of Notre Dame Cathedral, Paris, and winner of Grand Prix du Rome, 1914. He has had a most successful American tour and has been greeted by large audiences on all occasions. Upon the occasion of Dupre's American debut at New York, Wanamaker auditorium last year, requests for Dupre recitals from all parts of the country were forthcoming.

Dupre, during the past season, has been adding numerous laurels in Eng-

PROF. DRUCKER WILL TELL Y. W. ABOUT PAPETOWN

The Y. W. C. A. will have the annual Papetown meeting in Bemis Commons at 7 o'clock Wednesday evening. Professor Drucker will speak on the work that is being carried on at Papetown. Lelia Taylor is preparing special music for the occasion.

At this meeting dolls will be given out to the girls to dress for Papetown children for Christmas. The girls will return the dolls dressed by the time of the Christmas meeting. The Y. W. C. A. invites the men of the college to the Christmas meeting where the men judge the dolls.

All girls are expected to attend the Papetown meeting.

Aggie Faculty Member Objects to Victory Bell

Aggies seem to be having some trouble concerning the ringing of their victory bell, as it is rumored among the Farmers that one of the faculty has declared that she would rather have Aggies lose a game rather than be bothered by the ringing of a bell all night long.

AGGIES 26 - D. U. 6

By Beuford B. Hahs.

The Aggies proved that they were the strongest team in the conference by defeating D. U. last Thursday by a score of 26 to 6.

They outplayed Denver during the entire game. In fact the whole Aggie te. m starred. D. U. made their lone score by a blocked kick in the third quarter.

The Aggies played straight football during the entire game, and hammered their way down the field several times. When the final whistle blew, the Aggies were within two yards of another touchdown. This game was altogether backwards to what Denver papers claimed. They claimed that D. U. was the strongest team in the conference, but the results point to only one conclusion, that the Aggies were the strongest team.

OREDIGGERS AVENGE DEFEATS BY AGGIES AND BOULDER THURS.

Tigers Start With Rush and Score in First Few Minutes of Play

By Larry Wolfe.

Last Thursday the Tigers met a rejuvenated Mines team that showed more strength than any team they have played this year.

The Tigers started the game with a dash that resulted in a score within the first few minutes of play, the Miners then stiffened their defense and the Tigers failed to show any strength until just before the end of the half when a great drive down the field was halted a few feet from the goal line by the end of the half. The score at the half was 6-6 as the Mines had pushed over a score in the second quarter by the great plunging of their captain and star fullback, McGlone.

The third quarter saw the Golden team at its best and McGlone and McWhorter gained almost at will through the C. C. line. The Tigers were put on the defensive practically all of the rest of the game with the exception of the final minutes when the spread formation that has been so successful this year was again brought into play and only stopped deep in Mines territory by an intercepted pass.

The Mines team showed a world of strength during the whole game and it is hard to understand their 16-0 loss to Boulder the Saturday before, unless it was another one of those things. The Tigers had completely outclassed Boulder and won by a convincing score, so you can draw your own conclusion as

(Continued on page 4)

City Y. M. C. A. Entertained C. C. Men at Thanksgiving Dinner

By J. C. W.

The city Y. M. C. A. very thoughtfully extended to the college men an invitation to its Thanksgiving dinner this year. A small group from the campus was able to attend and partake of the generous helpings of turkey and many other good things to eat. It goes without saying that there was lots of everything, as well of plenty of vacant places in which to put it. In the language of the sport writer the contestants were evenly matched and a great game ensued. It turned out to be about a draw between turkey drumsticks and his warriors, and the ever invincible appetites of young men. In the end the grub end of it appeared to be about all in, with the participants of the opposing team still looking happy.

It must be stated however that the feasting was only a part of the good things to be participated in. First of all the crowd warmed up with a good old song or two led by Mr. Vessey who afterward gave the men a selection or two of his own. The bunch next broke into a general hand-shaking bee, each with every other in reach. The banquet was followed by a few Thanksgiving speeches which, although for the most part brief, were full of the kind of spirit that makes one thankful to be alive and a part of the great scheme of life.

THE ROCK OF THE NATION—

At Northwestern university a tablet has been set up in memory of David Thomas Hanson, who took a degree in arts in 1905 and in medicine in 1909. President Walter Dill Scott in his address told why the memorial was erected.

Hanson played football at Northwestern four years, but never got bis letter. He was one of the players who must be used for the training of the men who represent the university. He took the hard knocks and did the hard work and never had his name mentioned as a player. Physically he was good, or he could not have played football for four years, even on the scrub team, but he never was needed on the first team.

His average in his classes in the four years was B plus, which is good, but not good enough for distinction. He could not make Phi Beta Kappa with it.

In the Spanish war he volunteered. In the world war he volunteered and was a captain in the medical corps when at St. Etienne be was killed trying to rescue a wounded soldier. After his death be was given the Croix de Guerre, and it was laid on the stone when the memorial was unveiled.

This is the brief record of David Thomas Hanson, an idealization of the average citizen. There is a manly thrill in recognition of his importance. Genius must guide a nation at times, but Hanson was the material without which neither a great nation nor a sound society can exist.

He had sufficient ability for usefulness and for service to others, but not enougbt to reward him with distinction. He had character, fortitude, and ideals, and would make any sacrifice for the ideals.

The memorial at Northwestern is even more significant than the tomb of the unknown soldier at Arlington.—Chicago Tribune.

COMMENTS

by Arthur Disbrane

The Near East

The Near East is again the center of interest in Europe. This cradle of so many of Europe's past wars is again threatening to throw all of the continent into a conflict as gigantic as the one we have just passed thru. Three great forces are now gripping Greece, the focus of the present trouble. These forces are Revolution, Bolshevism, and Fascism. All three are powerful and may set all Europe ablaze with revolt and war.

The Lausanne Conference

The Lausanne conference is endeavoring to solve the puzzle of the Near East. The most shrewd of the old world diplomats are discussing the situation caused by the Turkish victory over the Greeks. The League of Nations is of little use in the present situation since Turkey and Russia, two nations vitally concerned over any disposition of Constantinople, are not members. Meantime we hear of preparation for any eventuality that may arise.

Long Hours in Industry

The latest of the great financiers of this country to condemn the twelve hour day and the seven day week is John D. Rockfeller, Jr. It is not any great feeling for humanity that prompts the captains of industry to make such assertions and put them into practice. It is efficiency and the realization that a human being can do more and better work if he is not driven to the limit of his endurance. It is a good policy for the industrialists of the nation to adopt. The eight hour day is here to stay.

Did You Know That—

The United States is the only great nation of the world that has an army that is smaller than the combined police forces of the country.

Turin, Italy is the second city of the world in the manufacture of automobiles.

The Oil exports of Mexico furnish over eighty per cent of the revenue of that country.

The greatest undeveloped fields of anthracite coal are in French Indo-China.

Investigation Shows That Most Football Men Work Way

By Pep

I wonder how many people realize the sacrifice a football player has to make. He must train. Think of what training means, certain foods, early to bed, no smoking, few dates, etc. He must spend a lot of time at practice, three hours a day, about eighteen hours a week, or about as much as an average person spends in all his classes. Besides this he must keep his studies up at all times.

Of the twenty two men that are out for football in C. C., eighteen are working their way thru school, which is an added burden. Of the first twenty two men at the High School, there are seventeen working their way thru school. Are there very many men in this school or in any other who would or could make this sacrifice? These men deserve all the help boosting, cheering, that the student body can give. Let's get behind the mand show them that we are for them and and all.

8 o'CLOCK
Where's that bottle of Toro?
What for?
'Fore I can wear a pair of pants.

* * *

The first annual cane fight which is scheduled to occur at the Pan-Pan should become a regular feature of the year's program. It's popularity at other institutions at least recommends it as worthy of trial. The Pan-Pan fight is being prompted by Chief Meyer who predicts that the event will be a good outlet for the enthusiasm of the underclassmen. Coach Lavik started yesterday to train the men for the brutal test of strength and endurance and the date of the Pan-Pan should see them ready to put up a mean tussle.

A. K. Psi Chapters

Alpha Theta of Alpha Kappa Psi was installed on the campus of the University of Utah last week. The installation was conducted by George A. Day of the chapter at Denver University and a district officer. A few days later these men installed the Alpha Iota chapter at the Utah Agricultural College. Both chapters promise to become very strong as the business departments in the two colleges are exceptionally strong.

Combined H. S. and College Pep Meet Was Success

Cossitt Stadium held one of its biggest crowds of the year last Wednesday night when C. C. and Colorado Springs High School held a big joint pep meeting. The C. C. students occupied the east section while the High School students filled the west side of the stadium. The Freshmen as usual supplied the bonfire.

PORTRAIT OF J. DALTON BY JOHN LONSDALE

The Quaker *who made* Chemistry a Science

CAVENDISH had shown that two volumes of hydrogen and one of oxygen always combine completely to form water and nothing else. Proust, a Frenchman, had proved that natural and artificial carbonates of copper are always constant in composition.

"There must be some law in this," reasoned Dalton (1766-1844), the Quaker mathematician and school teacher. That law he proceeded to discover by weighing and measuring. He found that each element has a combining weight of its own. To explain this, he evolved his atomic theory — the atoms of each element are all alike in size and weight; hence a combination can occur only in definite proportions.

Dalton's theory was published in 1808. In that same year, Napoleon made his brother, Joseph, king of Spain. This was considered a political event of tremendous importance. But Joseph left no lasting impression, while Dalton, by his discovery, elevated chemistry from a mass of unclassified observations and recipes into a science.

Modern scientists have gone beyond Dalton. They have found the atom to be composed of electrons, minute electrical particles. In the Research Laboratories of the General Electric Company much has been done to make this theory practically applicable so that chemists can actually predict the physical, chemical and electrical properties of compounds yet undiscovered.

In a world of fleeting events the spirit of science and research endures.

Kappa Sigma Breakfast Dance Thanksgiving Morn.

According to their custom the members of the Kappa Sigma fraternity held their fifth annual Breakfast Dance last Thanksgiving morning. The breakfast was served in the chapter house, and the dance was held in the San Luis school across the street. The fraternity colors prevailed throughout the house, there being scarlet and white carnations set off with ferns on the tables, and the rooms were hung with scarlet, white and green streamers. San Luis was decorated in black and gold with turkies hung from the chandeliers. Zimmerman's five-piece orchestra furnished the music for the affair.

The guests were: Misses Irma Patton, Anne Smith, Alice Sweet, Edna Earnest, Irene Beardsley, Gertrude Klein, Esther Law, Alberta Matteson, Miriam Tessier, Harlyn West, Naomi Counts, Margaret Smith, Fern Lewis, Isabel Postlethwaite, Betty Arms, Lodice Everett, Margaret Druehl, Marjorie De LaVergne, Hazel Round, Mildred McMurtry, Katherine Morton, Gladys Humm, Hazel Guley, Bristow, Ethel Reasoner, Genevieve Whitney, Nina Whisler, Celia Webb, Ruth Williamson, Hannah Mayfield, Martina Maher, Arline Leggett, Marie Coleman, Dorothy Printup, Messers, Earl Harvey, Francis Ryan, Prof. A. A. Hulbert.

The party was chaperoned by Dr. and Mrs. McMurtry, Mr. and Mrs. L. M. Hunt, Mr. and Mrs. C. W. Currie, Jr., and Mr. and Mrs. Logan Ragle, Jr.

Alpha Kappa Psi Pledge Stunt Shows Value of Co-operation

The Alpha Kappa Psi pledges, including Lester B. Powell, William L. Smith, William Thompson, Floyd Padgett, Edward Patterson, Wilbur Hanes, Perry Greiner, Marvin Reinking, Robert Wardwell and Robert Burkhart presented their initiation stunt at chapel November 28.

Floyd Padgett played the part of the African janitor, raising the curtain upon what was supposed to represent a manufacturing plant, consisting of a jumble of Kiddie Kars, baby tricycles, etc. Shortly several black hooded figures came in, each representing some certain necessity at a business establishment namely: Time, Trucks, Filing Cabinet, Light, Telephone, Cash Register and Typewriter. Each related how indispensible he was in running business. Bill Thompson, as the manager of the business establishmen, entered and found the indispensibles revolting. Upon seeking to establish order he was mobbed, but finally he and his slogan of 'Cooperation and brains are what business needs', won out and the hooded figures disappeared from the scenes riding the Kiddie Kars.

COLORADO COLLEGE SCHOOL OF MUSIC

Program 1161

Pianoforte Recital by Miss Esther Norton, assisted by Edward Norton, Basso and Donald Hale, Violin. Perkins Hall, December 7th, 8 o'clock.

December 14, Recital by Students.

Miss Bramhall spent the week at Cascade, and entertained several groups of college people at the cabin. Dern and Waddell chopped the wood.

ODE TO THE TURKEY

Thanksgiving day you looked so good
And tasted better still
Then Friday night they served you cold
And we all ate our fill.
But Saturday, in sandwiches
Your taste had lost its zip
And Sunday when we saw you hashed
We nearly got the pip
Today we thought we'd have no more
Of you in any form
So when we found you in the soup
Do you wonder we were warm?

* * *

Speaking of Turkeys and vegetables we wish to inform the Freshmen that Cauliflower ears do not grow on cabbage heads—i. e. not as a rule.

* * *

We had a good one on a mouse trap but it is too snappy to spring here.

* * *

Little boy blue come blow your horn
The blind pig's in the meadow drinking the corn
But the little blue boy, with a star on his breast
Is helping the bootlegger get rid of the rest.

RIPPLES

Today we have brave Andy Gumps
Of Tiger football fame
He is the captain who once thought
Turkey and fish the same.

Then next in The Line
Is C. Gertrude Klein
The college comedienne
With a voice devine.

If you don't like this stuff
There's one clever way
In which to avoid it
Just throw it away.

DUNIWAY MEETS ALUMNI

(Continued from page 1)

lege. The guests included: Dr. and Mrs. H. L. Shantz, Dr. and Mrs. M. C. Hall, James K. McClintock, Miss Helen Moseley, Dr. and Mrs. Gleason C. Lake, Adin P. Brooks, Major and Mrs. C. R. Bull, Miss Harriet A. Tucker, Carl E. Nordeen, Mr. and Mrs. K. C. Heald and Miss Cornelia S. Barnes.

Dr. Duniway also called upon Senators Phipps and Nicholson and Congressman Hardy, while in Washington.

The purpose of the tour is to not only discuss future plans of the college but also to prepare the alumni for an endowment campaign which the Administration will wage in the near future.

Professor and Mrs. Roger Henwood Motten are the proud parents of a baby girl, Emily Jane, who was born November 30. Mr. Motten will be remembered as former secretary of Colorado College and professor English literature.

* * *

About thirty girls remained in the Halls over Thanksgiving.

* * *

On Friday night Gertrude and Irene Sherk, Florence Wilson and Dorothy Niccolls entertained at a slumber party in Montgomery Hall. The evening was spent playing bridge. The guests were Anne Wyre, Edith Miller, Clara Vorreitor, Edna Van Horn, Gertrude Klein and Anne Herzog.

Miss Judd spent the Thanksgiving vacation in Trinidad visiting friends and relatives.

* * *

The Bruin Inn trip can hardly be excelled for beauty at any time of year. There is something new and wonderful for the true lover of the mountains no matter how often the trip is made.

Eta Omega Delta fraternity has granted a chapter to the Circle Club on the campus at the Colorado School of Mines.

* * *

The C. C. students are to be the visitors next Friday night at the last pep meeting held this season by the High School students. It will be held in Cossitt Stadium as a forerunner of the High School championship game with Fort Collins on Saturday afternoon.

The Y. W. C. A. held its regular cabinet meeting in Palmer Hall this afternoon (Tuesday) at 4 o'clock. Evangeline Joder had charge of the devotionals.

* * *

Today the board of the W. A. A. held its monthly meeting and luncheon in Bemis. There was a question of changing the day from Tuesday to Monday, but it has not yet been fully decided.

* * *

Ten girls who remained in the halls over the vacation enjoyed a hike to Bruin Inn last Saturday night. Those present were the Misses Klein, Van Horn, Herzog, Southmayd, Wilson, Sherk, Niccolls, Vorreiter, Miller and G. Sherk.

* * *

* * *

Another vacation party was the bridge tea at which Mary Merriman was hostess Friday afternoon. Three tables of bridge were played, and about ten girls called during the tea hour. Among the guests were Christina Wandell, Helen Harmon, Mrs. Howard Clark, Carlita Wetherell, Eloise van Diest, Margaret Osborn, Elizabeth Fertig, Mrs. Frank Evans, Elizabeth McAloney, Mary Clegg Owen, Isabel Postlethwaite, Frances Tucker, Margaret Smith. The hostess was assisted by Mrs. Evans, Mrs. Clark, Miss Wetherell, and Miss Tucker.

* * *

Edna Earnest was the week end visitor of Genevieve Cox in Canon City.

Last Friday afternoon Miss Ruth Williamson was hostess to three tables of bridge, the party being in honor of Miss Lorena Berger, who is teaching at Holly, Colorado. The guests were friends and classmates of Miss Berger and included: Roxana Jackson, Harriett Bumstead, Ruth Zeigler, Melva Lattimore, Helen Anderson, Mrs. Howard Linger, Serena McIntosh, Faye Lilley, Margaret Cooper, Evelyn Arnold, Marjorie O'Brien, Lorena Berger and the hostess.

C.C.'s Who's Who

WILLIAM C. BINKLEY, PH. D.

Dr. W. C. Binkley was born in Newbern, Tenn., in 1889. He attended the grammar schools at that place. He went to the high school in San Diego and Santa Anna California, graduating in 1910. While in high school he played baseball and basketball and was editor of the school paper.

Dr. Binkley entered the University of California in 1910. He was a member of the Freshmen baseball team and in his Sophomore and Junior years was associate editor of the College Daily. He dropped out of the University after his Junior year and for the following three years was in the hardware business. During this time he was married.

He returned to the University in 1912 and received his Bachelor's Degree the following year. From 1917 to 1920 he was part time instructor of History in the University and during this time he completed work to receive his Master's Degree in 1918 and Doctor's Degree in 1920. He was head of the History Department in the A to Zed School at Berkeley in 1918-19.

He went to the University of Texas in 1920 where he was instructor of Political Science. In 1921 he came to Colorado College and is now assistant professor of History.

Dr. Binkley was Secretary and Treasurer of the Southwestern Political Science Association in 1920-21. He is associate editor of the Southwestern Political Science Quarterly. He has published several articles on the history of the west in the Southwestern Historical Quarterly and several articles on state government in the Southwestern Political Science Quarterly. He now has a book on press entitled, "Expansionist Movement in Texas, 1836-50."

He is writing a history of the Republic of Texas and says he hopes to finish it sometime during his life.

Dr. Binkley's hobbies are tennis and hiking.

He is a member of Theta Alpha Kappa fraternity.

EUNICE K. SCRIBNER

Eunice K. Scribner proudly claims Pueblo as her home. The one redeeming feature is that she was born in Colorado Springs. This probably explains why the environment of Pueblo has had no noticeable effect on her.

One thing Eunice says she has learned since attending Colorado College, and that is how to play bridge. She is admitted to be the champion of McGregor Hall and an authority on the etiquette of the grand old game.

Her favorite pastime is fussing Bill. Fisher says it's alright for him but hard on his studies. Bill says that he is boss of the family but how does he explain the fact that she wears his sheepskin coat while he shivers in the cold. Eunice says her age is sixteen but according to our experience with the fairer sex that means at least twenty.

Eunice started her career by attending Centennial High School in Pueblo. After graduating from this institution, she made her entrance into Colorado College just four years ago. As a side line she is majoring in English, Her other activities have been Dramatics (1) (2) (3), Eager Heart (2), Y. W. C. A. (1) (2) (3), Barbecue (2), May Fete (2) and Y. W. C. A. Circus (2). She is also a member of some secret organization, the name of which we were not able to obtain.

Eunice had both a brother and a sister graduate from C. C. She says that she intends to follow their footsteps if possible. As to the future, Eunice states that she is absolutely giving out no information.

Scraps from the Training Table

The Coaches' All-Conference Team is as follows:

First Team

MacDougall, left end	Tigers
Weigle, left tackle	Aggies
McMichael, left guard	Aggies
Hancock, center	Utah University
Bain, right guard	Aggies
Crawford, right tackle	Mines
Hinds, right end	Aggies
Quinlan, quarterback	Colo. U.
McGlone, fullback	Mines
Williams, left halfback	Denver U.
Houser, right halfback	Aggies

Second Team

McLaughlin, left end	Denver U.
Muncaster, left tackle	Tigers
Hurren, left guard	Utah Univ.
Vidal, center	Colo. U.
Alexander, right guard	Colo. U.
McLean, right tackle	Colo. U.
Brown, right end	Aggies
Smith, quarterback	Aggies
Knowles, fullback	Utah Aggies
Hopper, left halfback	Colo. U.
Shutts, right half back	Aggies

MacDougall, star Tiger end was hurt agam in the first of the Thanksgiving game and had to be relieved by Delaney. Injuries kept Mac out of both the Denver and Boulder games and has handicapped his playing all season. This was his first year in college football and his record, although marred by injury, has been so convincing that he has received an end position on the mythical all conference team, picked by the vote of the Coaches.

To make an all conference team, the first year is something anyone should be proud of and is a splendid tribute to the fighting ability of this Scotch boy, MacDougall. Great deeds can be expected from him in his remaining two years of football at C. C.

Wessen and Greiner played their usual brand of super-football and it is hard to believe that the Coaches all-Conference does not include them but its a strange world and everyone has his own opinion.

Colorado University with a tail-end team put five men on either the first or second team by Coaches' vote. Utah Aggies placed one on second team. Colorado College, Mines and Denver University, two apiece and Utah University with the championship team, three men, only one of which was on the first team. Poor Boulder always gets the worst of it in everything!

The following reasons were given by the Gazette in their placing of Wessen and Greiner on their all-Conference eleven:

" 'Swede' Wessen of the Tigers was in a class by himself at center this year. It was his best year. Anyone who would say Wessen is a great defensive player but not as good offensively is misguided by his work. Wessen is the most aggressive center in the conference; there is not a better passer, (in fact, several of the centers were very weak passers), and there is not another center as good a tackler. Wessen plays at every position during the game to make his tackles. The center position is one of the easiest to pick. Coaches forget this position to allow another man to squeeze in, this being due to reputation more than anything else. Hancock, is a mighty good center and gets by now more because of his experience than anything else. Vidal is third best, but away below Wessen, most assuredly.

"Greiner got Tim Callahan's vote for quarterback. He also got Coach Mead's. He deserves the vote of every coach in the conference. He is one of the few real field generals the Tigers have had. A great punter, handler of the forward pass and possessed with true football sense, he held the Tigers together often this year. Here's another man the coaches missed. Quinlan of State and Smith of Utah also are good team directors. Both are valuable because of their ability with the dropkick. Quinlan was very effective with the forward pass and at advancing the ball. Smith also is a good ground gainer. Neither, in our opinion, is the field general of Greiner's caliber."

We agree most heartily with their choice and think it would have made a stronger team.

Muncaster the other member of the Tiger team to receive mention on the Coaches' choice deserved his place through the hard fight and aggressiveness he has shown during the season. With the exception of the Mines game, no team has successfully gained through his position. With another year's experience "Stormy" should bow to no tackle in the conference.

The Tiger football season has been a success in spite of several defeats. The prospects at the beginning of the season were the poorest in years and without many experienced men to mold a team around, Coaches Mead and Lavik have accomplished wonders. Boulder was badly beaten which is a successful seasou in itself anytime. In the seven games the Tigers played, three were won, three lost and one scoreless tie against the Aggies, the strongest team in the conference. It was a record that no Tiger fan should be disappointed in and next year with a wealth of more experienced men eligible, it looks like a great chance for the Tigers to win a championship or at least be very near the top.

The two Tiger Coaches, Mead, and Lavik, have made good with the team, the school and the town and we hope are back next year building an even greater Tiger team. They have shown themselves to be real Tigers and we hope their stay in Colorado Springs will be a long and pleasant one.

Class is sure to tell in the long run, as the Aggies demonstrated against D. U. last Thursday. A 26-6 victory sounds about right for the two teams. The Denver Post and Denver Times didn't even try to alibi it off, which shows how very convincing it was. A little less self advertising would make more friends next year D. U.

Basketball starts next and D. U. is our first conference victim. What could be sweeter? Everyone pull hard for a victory so big that the Denver papers cannot alibi it. Get behind the best team in the West and pull hard for another Conference Championship.

Hypatia

The active and alumni members of Hypatia, as well as all the pledges who were in town over the Thanksgiving vacation had a line party at last Saturday's matinee, to see "Sinners" which was playing at the Community Theatre. About a dozen attended.

Town Girls Open House

Next Thursday afternoon at four P. M. the Town Girls will again hold open house. This time the Sophomores are in charge, and Ticknor Study will be gay for two hours. A delightful program has been arranged and will be followed by dancing and refreshments.

OREDIGGERS AVENGE

(Continued from page 1)

to dope. The final score of 25-6 in the Turkey Day game is representative of the strength of the two teams as they played Thursday. The Mines showed a stronger team and deserved to win.

Line Up and Summary

MINES	TIGERS
Gross, r e	r e, Gray

MARCEL DUPRE

(Continued from page one)

land and on the Continent. A series of eight recitals at the famous Trocadero in Paris, given by Monsieur Dupre, attracted enormous audiences. French critics report that "there is no one who renders greater homage to thin country than Dupre".

It is safe to say that he is the most eminent artist to visit Colorado College this year. The president's office is sending circular letters to the townspeople, telling them of the concert. The admission is placed at $1.00 except students. They will be charged 50c so that all may come.

WASHBURN CLUB PARTY

(Continued from page one)

draw for the boxes. And after the supper, that dance! and in the Broadmoor Art Academy! and free of charge!

Everybody is not going to get the chance of going either, because it is an invitation affair and only a limited number of the "select few" are going to be invited. Exclusive? Oh Boy! Exclusive is no name for it! Consider yourself lucky if you are invited. The invitations will be out this week and there are going to be a good many disappointed students.

VESSEY LEADS CHAPEL SINGING

(Continued from page one)

and one voted for his disappearance. One was emphatic in praise of the column.

Four were interested in "Scraps from the training table" and the other one didn't vote. The remarks showed a desire for improvement in this department. They were: "This editor is somewhat off in his remarks, he does not know football well enough;" "A little more about our men in training, the column isn't personal."

Four were in favor of continuing "Line Plunges" and the other didn't vote. The remarks were: "A good man is Brad Kidder, I surely enjoy his bull," and, "I seldom bother to read it."

Four were in Favor of "Pike Speaks" also, with the same one failing to vote. The remarks were: "Hunter is also very good" and "Pike doesn't speak very regularly, which may be just as well."

"C. C.'s Who's Who did not get any unfavorable comment. The only remark was, "One of the best features of the paper." "There was a unanimous vote for "On the campus" but there were no remarks.

Three declared that they liked the Tiger in general. One of the others didn't vote and the other said: "It has improved." One of these who liked the Tiger had this to say: "I think the paper could be worked up to a larger size, especially as it is a college paper. I am a subscriber and let's hope to see a bigger and a better Tiger."

WESSEN ELECTED 1923 FOOTBALL CAPTAIN

Letter Men Show Confidence in Ability of Popular Candidate

At the banquet Tuesday evening Theodore "Swede" Wessen, star center on this year's Tiger team, was elected Captain for next year by the letter men. "Swede's" election is popular with the student body, as well as the

townspeople, for besides his personal popularity, he is recognized as one of the nerviest, hardest-fighting men that ever wore a Tiger uniform. Although outweighed by every opponent he went against this year, he was never outclassed, and his ability to diagnose enemy plays before they were fairly started and meet them, was in a large way, responsible for the great showing of the Tiger line. "Swede" has good football sense and is a nautral leader. He should make a great captain and from present indications he will have a great team to captain next year. Wessen is President of the "C" Clubb, the letter men's organization of Colorado College, and is a member of the Phi Delta Theta Fraternity.

PROF. DRUCKER TELLS Y. W. OF SERVICE AT PAPETOWN

Professor Drucker emphasized great service that the local committee of the Y. W. is doing at Papetown, in his address at the Y. W. C. A. meeting in Bemis Commons Wednesday evening. He said that too often people look even at service from a selfish view, and he urged that such work as that which is being carried on at Papetown should be considered as absolute service and unselfishness. According to Professor Drucker the committee has accomplished much. He said that through its influence in organizing at Papetown a successful Girl Scout Troop, he had been able to organize a Boy Scout Troop. He called for volunteers, one girl to take care of the books of the

(Continued on page 4)

INTRA-MURAL BASKET SCHEDULE ANNOONCED

The Intramural Basketball League has been organized. Eight teams will be entered, there being one from each fraternity, and two clubs representing non-fraternity men. One of the latter will consist of town men, while the other will be represented by men from Hagerman Hall.

The season will start after the Christmas Holidays. Two games will be played each Tuesday and Thursday evening so that each team will see action once a week. A round robin series will be played and the championship will be awarded on a percentage basis. Members of the first squad will be barred.

PEARSONS BEGINS WORK ON ORIGINAL PLAY FOR PAN PAN

Pearson's Dramatic Club met last night and formulated an outline for the work of the organization for the rest of the year. If the Club is successful in its plans, Pearsons should experience one of the most successful years in its history.

Permanent committees for the club were appointed by the president. A decision was reached to stage a one act original play during Pan Pan. The Committee in charge of the property for this production includes Rufus Carter, Wallace Mast, and Jimmie Amos. All the dialogue and plot will be worked out by the members of the club. "The Night Before the Formal," is the name of the play and, as is suggested, frater-

MEAD CONGRATULATES TEAM ON FINE SHOWING AGAINST GREAT ODDS

The banquet held last Tuesday night in Cossitt hall in honor of the varsity and freshmen squads will long be remembered. It was preceded by a meeting of the athletic board, which selected the 15 men to be awarded the football monograms. The selections were Captain Waiss, Greiner, Hunter, Burghart, Amidon, Bruce, MacDougall, Gray, Delaney, Muncaster, DeFries, Hinton, Zickafoose, Burch and Captain-elect Wessen.

Following the banquet Professor C. C. Mierow as toastmaster opened the ceremonies by calling on Captain Waiss, who piloted the varsity through a most successful season. Waiss thanked the members of the faculty, the business men and the student body for the generous support that they had given the team. Captain-elect Wessen followed the old pilot of the Tigers, and pledged himself to give his best in the interest of the team and of the college.

Coach Dan Kline of the Terrors gave a short talk on the co-operation of the High School, and Colorado College, of

(Continued on page 4)

Bair Tells of Need for Teachers in Public Schools

Frederick E. Bair, Superintendent of Schools in Colorado Springs, addressed the students at chapel, Wednesday morning upon teaching as a life work. He outlined the public school system, telling of the different schools, and their work in education. In speaking of the principles of elementary discipline, Mr. Bair believes physical education should come first, not to produce superdrednaughts of vigor and health such as champion football and basketball teams, but to produce a creative system of health for all the students. Language should be second, since it is the conservatory of the experiences of all races which have gone before in history. Mathematics should come under this classification. As a sequel to language, natural sciences, social sciences and arts should be taught.

"If you are planning to teach, don't start in as a professor in college, because the ivory is already set with the students, but start in the elementary schools, where the students are still inexperienced and eager to learn,", Mr. Bair advised. He intimated that there

(Continued on page 4)

MCILVAINE TO SPEAK AT MEETING OF PUEBLO AND C. C. BUSINESS MEN

Two weeks ago the members of the Pueblo Chamber of Commerce were guests of the Colorado Springs luncheon clubs. The purpose of the joint meeting was the promotion of the greater Colorado Movement.

Tonight the luncheon clubs of Colorado Springs are guests of the Pueblo Chamber of Commerce. At the request of Mr. J. P. Shearer, President of the Colorado Springs Chamber of Commerce, and Mr. A. L. Mowry, chairman of the program committee, R. S. McIlvaine, president of the student commission of Colorado College, will speak on Colorado Educational Institutions in general and Colorado College in particular. The purpose of his address is to show the business men of Colorado that home institutions are the places for their sons to acquire their higher education.

The Chamber of Commerce Special train left here at four fifteen and will return after the affair is over.

W. A. A. Publishes Outline of System of Awards

It has been thought necessary to publish a brief outline of the awarding of the W. A. A. given thruout the year, since the interest of the girls is so great in this matter. These rules are subject to revision at any time as the board may see fit.

Article X—Athletic Awards

Section 1—There shall be two insignia awarded for excellence in competion contests—the emblem and the class numeral.

(a) The emblem of the association is a double C and awarded on the following basis:

1. Eligibility—A student must have an average grade of 70, both in her academic work and in her Physical Education work for the preceding semester.

2 Those eligible are considered by the following point system:

1—Play.....possible points 10
Team 5, Individual 5.
2—Posture of Individual 4
—3Attitude 5
Disciplin 2; Interest in sports 2.

(Continued on page 4)

C. C. MEN TO BE GUESTS OF LAS ANIMAS TONIGHT

The high school of Las Animas, Colorado, is entertaining the members of their football team and several members of Colorado College's football aggregation at a banquet tonight. The invited guests of C. C. are Captain Andy Waiss, Captain-elect Wessen, Coach Lavik, Stan Delaney, Ken Sewell, Lester Powell, and Bill Copeland. The purpose of our representation is to promote a spirit to go to college among the high school students and incidentally to Colorado College.

Las Animas is proud of their team as they suffered only one defeat and that was at the hands of the championship La Junta aggregation. This association of the high school gridiron warriors with those of the college should bring the relationship closer and boost college attendance.

Our representatives left for the valley town after chapel today. Some of them went in Bill Copeland's automobile and the rest on the train.

DEBATE TRYOUTS TO BE HELD IN PERKINS NEXT WEEK

The tryouts for the Debating teams will be held sometime next week, the exact date will be announced next Tuesday in chapel. The question is, Resolved, That the Cabinet-Parliamentary System of Government should be adopted by the United States. Those wishing to try out should prepare a five minute speech on either side of this question.

The Cabinet-Parliamentary system of government is in operation in England and France and other European countries. This is a political science question and requires considerable knowledge of our own government as well as of the governments which have the Cabinet-Parliamentary system.

(Continued on page 4)

MEAD AND GILMORE ATTEND CONFERENCE COMMITTEE MEETING

Coach Telfer L. Mead and Professor Ralph J. Gilmore left this afternoon for Denver, where they will represent Colorado College tonight at the annual meeting of the Rocky Mountain Conference Committee. A coach from each college and university in the conference make up a Schedule Committee, which prepares and presents to the Conference Committee, which consists of a faculty member from each institution, a schedule for all athletics in which the colleges and universities compete with one another during the next twelve months. This schedule includes basketball, track, baseball, football, boxing, wrestling, tennis and golf. The Conference Committee adopts the schedule presented by the coaches and has power to change the rules governing athletics, and this is the only meeting at which the rules can be changed. Professor Gilmore is chairman of the Rules Committee.

New Mexico, Arizona and Regis College of Denver are considering applying for membership. The Tigers have the Aggies, Denver and Utah in sight for Washburn field football in 1923.

The Colorado College glass backstops also will be discussed. These were protested last year by several of the teams who were not accustomed to them, although they are standard equipment throughtout the middle west.

Prof. Bramhall Suggests Sources of Debate Material

The best method of procedure, I think, is to read first some brief description of the English and the American forms of government, and as you will find in Agg. Governments of Europe (1920 edition) p. 46-111, 176-205, and Beard, American Government and Politics, 1920 edition. After this I would read A. V. Dicey, "Comparison between the Cabinet Government and Presidential Government", in the Nineteenth Century (1919) Vol. 85, P. 25-45 and H. J. Ford, "Present Tendencies in American Politics" in the Political Science Review, Vol XIV, P. 8-13.

The best work on the English Government is that by Lowell, Bagehot, English Constitutional, ch. I, VI, IX, gives you an excellent description of the cabinet system before 1914. On

(Continued on page 1)

FEATURE OF PAN PAN WILL BE CANE FIGHT

McMillan Announces Suggestion of Chief Meyers Will be Cariedr Out

By Bob Swan.

Pan Pan this year will be different, absolutely different, from any Pan Pan ever given. Now, that's saying something, because Pan Pans in the past have been of all sorts and denominations. The various social organizations have put on the show before and so far have made a great success of the event in general. Last year's was probably the best of those gone by. To give the Freshmen and those who would like to be informed an idea of what Pan Pan is all about we will say that it is to put hitherto unheard of pep into the student body.

Last year Pan Pan was held in Perkins Hall Thursday evening, December 15. It was the first pep meeting held after the one preceding the Thanksgiving game and was attended by practically every student of the college. The local high school juniors and seniors were invited to attend. Some of the best vaudeville stunts pulled last year were: "the Piemg of Mushy Mike Moran", "The C. C. Follies", "Prof. Praymoor Physics", and "Prof. Willie Willie Wahoo".

This year a central committee will have complete charge of the big affair. Five good, peppy acts and a cane fight between the Freshmen and Sophomores will constitute the bill. The best of college talent will be secured and some real vaudeville ought to be the results.

(Continued on page 1)

DERN GIVES OUTLINE O FLIFE OF PERKINS IN CHAPEL

Jack Dern, recipient of the Perkin's scholarship last spring gave a short history of the man who donated this scholarship fund for the students, and who gave the major part of the money for the building of Perkins Hall, at chapel Tuesday morning.

William S. Perkins was by trade, an architect, coming to Colorado for his health. As far as is known he had no near relatives, and gave, most of his fortune of $24,000 for the building of Perkins Hall, and left $14,000 for the scholarship fund. Out of this comes the scholarship money for the C. S. High School, and the two in college which are given to the boy and girl who stand highest in grades at the end of the Sophomore year. Christine Miller was the girl who received it last spring.

TERRORS MEET REAL TEST IN GAME HERE TO MORROW

The Colorado Springs High School Terrors are going up against some real competition when they meet the Fort Collins Lambkins tomorrow afternoon. The Lambkins are heavier than the Terrors and are reported to be a well coached team. They arrived this afternoon and went immediately to their hotel and dressed for a workout on Washburn Field. They look like the nearest thing to bad news the Terrors have seen for a long time. They are the champions of Northern Colorado altho they won this honor by winning a three sided tournament played off in

(Continued on page 2)

TERRORS MEAT REAL TEST

(Continued from page one)

Ft. Collins some time ago.

Coach Kline of the Terrors, scouted the Thanksgiving game and has prepared his gang for all that the Lambkins showed at that time. The local boys have made a wonderful record this season and it is expected that they will be able to make some impression on the Fort Collins line. The Terror defense has had little chance to develop because of the fact that they have rarely been forced to defend their goal this season.

Coach George W. Scott of the Lambkins is a Colorado College man and played with the Black and Gold several years ago.

Dana of Nebraska will referee; Sam Hill of Princeton will be umpire, and Carl Schweiger of Colorado College will be head linesman.

The management rises at this point to assure the dirty populace that he is not running out of ideas at all. Herumph! Of course not.

There is a custom at Colorado College which has not the slightest reason for its existence. That custom is the practice of closing Coburn Library at six o'clock in the evening. The arguments against this absurd custom are legion. In the first place fully ninety per cent. of the men students work or are engaged in student activities after school and consequently do not have the opportunity to enjoy the privileges of their library except for very brief periods between classes. Students may draw books during the day, to be sure, but the library should be a place for study and no college student can do intelligent and efficient work when he does not have the advantage of dictionaries, encyclopedias, atlasses, and innumerable other publications to which he must constantly refer. Morover, practically all of the studying is done between the hours of eight and ten at night and it is only reasonable to expect that the students should have access to the library during that time.

Another thing that discloses the monstrous absurdity of this plan is the fact that Colorado College is the only institution of its kind in the country that closes its library at night. It is understood that some years ago Coburn was opened at night and was soon closed again because of the small number of students that attended. We do not doubt the advisability of closing for a short time then, but certainly it is no excuse for closing the doors at six o'clock for all time.

It may involve a little greater expense to open Coburn at night, but we students are paying for the support of this library and it is only right that we should expect to enjoy its privileges.

If anyone can voice any reason why Coburn should not be opened at night it might be well if they expressed themselves through the medium of the college paper.

Several of the faculty have consented to write a short article stating the opinion on this subject and these articles will appear in subsequent issues of the Tiger. —H. M.

AGGIES, TIGERS, MINERS!

Miners have nothing but praise for the Tigers. The splendid treatment we received Thanksgiving proves that the fist fight of a few years ago was the result of a misunderstanding. "The Tiger," Colorado College paper," before the game claimed that the Miners were a "team you fought hardest on the field and pulled for hardest after the game."

Athletic relations have become somewhat strained with Colorado University and Denver University this year, but considering that Aggies and Tigers have become our staunchest friends and admirers, we believe "Mines Spirit" has triumphed.

Aggies, Tigers, and Miners, can help the conference by maintaining their amicable relations. —Oredigger.

Perhaps investigation might show that there are some white men at Boulder and D. U. also.

Frank Mahan, one of last year's debaters, and now in the Sales department of the Kellogg Co. of Battle Creek, Michigan, says that of all the student activities in which he engaged at Colorado College his two years of debating have proved the most valuable to him. And Mahan is right. Business men everywhere agree that the ability to speak well in public is one of the greatest assets with which a college graduate can enter the world of business, and that debating is the best possible training that can be used to develop him along this line.

If you can debate you owe to your college to try-out. Freshmen and Sophomore men, especially, are urged to do their bit in this very important activity. While individually receiving a lasting benefit you will be showing your loyalty to C. C. —E. C. H.

COMMENTS

by Arthur Disbrane

The Swiss Elections

As a further indication of the wave of reaction that is sweeping continental Europe the anti-socialist parties now control the Swiss government as the result of the recent elections. Many of the socialist strongholds sent anti-socialists to the national legislature. This is merely another instance of the way the people of war-stricken Europe are turning to the conservatives to get them out of the mess.

The New Irish Free State

The newly organized Free State has been recognized by the British king and now assumes a status in the British Empire not unlike that of Canada's. Very probably the Irish will now really appreciate the advantages of being associated with the other nations which form the British Commonwealth of Nations. De Valera and his followers are still holding out for a republic but the chances are that this trouble will eventually die out.

German Paper Money

The printing presses of the German government are now working night and day to turn out sufficient paper money to satisfy the needs of the country. The fluctuations are now almost hourly in their occurence. If a halt is not called very soon the mark will be of no more value than the rouble. The only stabilizing influence that has been working to keep up the value of the mark has been the strike of the employes of the government printing offices. They struck for a period of two weeks, during which time no paper money was printed in the country.

Latin America Plans to Disarm

Brazil has taken a step in the right direction when she invited Argentina and Chile to meet with her to discuss the reduction of armament in South America. It has been a well known fact the South American republics were slowly becoming militaristic and any step to check this movement will be of advantage not only to the nations effected but to the world in general.

Japan Cuts Her Military Appropriations

In the budget submitted to the Japanese Diet the appropriation for the war department has been cut by 200,000 000 yen or approximately $140,000 000. To those who wish the world to disarm such news is very gratifying and Japan has always been regarded as a militraistic nation.

GOLD ORE AT C. C.

A collection of gold ore samples, the value of which will probably run into the thousands, has been presented to Colorado College by L. G. Carlton. In fact, the collection is invaluable, as it could not be duplicated anywhere.

H. L. Shepperd, a former broker of the Cripple Creek district , made the collection, spending many years in getting it together. He made a point to procure a sample from every gold vein that was opened in the district.

Among the samples in the collection there are some that will assay as high as $10 to $15 a pound. There are between 400 and 500 samples showing telluride, sylvanite, calaverite and petricite ores with their various oxidized forms. As soon as a case is procured the collection will be displayed in the college museum.

With the Societies

Hypatia

The Hypatia meeting was an entertainment in honor of the actives, given by the pledges. The program is entitled "Medley of Poetry", the numbers of which follow:

Psalm of Life—Delma Drake.

Mertin and the Gleam—Esther Patrick.

Visions of Sir Launfal—Elma Jane Clopper.

Pippa's Song—Dorothy Roedel.

The Highwayman—Rita Fist.

The last number was a Nousense Novel by Stephen Leasack, which was read by Lucy Fast. A pledging song written by Evangegline Joder was an appropriate finishing touch to a delightful program.

Contemporary

The Contemporary pledges entertained the actives this afternoon with the following interesting program:

A general review and criticism of Bernard Shaw's Dramatic work—Rena Hestwood.

Current Events—Elizabeth Southmayd.

Music — Esther Norton, Thelma Burchfield, Florence Wilson.

Minerva

This afternoon the pledges were hostesses to the actives at a beautifully arranged program, followed by a delightful social hour. The program was in charge of Mrs. Essex and was as follows:

Minerva Song—Pledges.

Resume of a play by Wilde—Janet MacHendrie.

"A Secret"—Pledges.

Violin Solo—Bethany Reinking, accompaniest Margaret Smith.

Pledge Song, Minerva Melody — Pledges.

HIGH SCHODL PET MEETING OFF

The pep meeting which was to have been held in Cossitt Stadium tonight by the High School students has been cancelled. A parade was held Thursday night by the students through the down town section. As the students are allowed only one night out a week, the parade last night automatically cancelled the pep meeting scheduled for tonight.

On the Campus

ROXANA JACKSON

At last we have found a fair co-ed who has admitted her exact age without faltering. Roxana Jackson proudly stated that her age is twenty one and that she voted for Gump in the recent fall lections. Roxana was born in the thriving metropolis of Salida but has

finished the major part of her education in Colorado Springs. She graduated from the local high school in 1919. During her high school career she participated in was a member of the Zeta Society.

Ever since she was a little girl Roxana says she has wanted to be of great help to the world and so set her determination on being a welfare worker. Since she has entered Colorado College Roxana has spent a great deal of her time in Americanizing the youngsters of the Papetown colony. Roxie plans to enter the Chicago school of Philanthropy and Charities and to study under Jane Adams who is universally known as a great welfare worker. At the Hull House, classes are attended in the evening and in the day time the students work among the poor and the foreigners. Roxana is providing a good foundation for her future by majoring in economics.

Roxie says she is carrying nineteen hours. Her way of expressing is "carrying thirteen and dragging six".

Her hobbies are many. She likes golf and bridge, and is equally crazy about teaching the little Papetowners what's what in the American language.

We admit that she is good when it comes to bridge, but anyone who takes two hundred and thirty for eighteen is certainly not in Chick Evans' class.

Roxie's pastime, according to her observations, is drinking coca colas and eating hot tamales. Mr. Murray thinks she is his star customer and someday is going to give her a free meal ticket good for everyday.

When we asked her opinion of men and Einsteins Theory she said, "I think men are fine at a distance but much nicer at close range. And in regard to Einstein's Theory—I think it would be practical if applied with a monkey wrench and a little Mazola Oil.

She cried her eyes out the first two years at C. C. for not being able to go to the up State school. But after a liberal education on the subject says that she would not trade C. C. for Boulder or D. U. with Vassar thrown in.

Roxie states emphatically that she is not swedish in spite of the way she looks and that she certainly spells her name with only one n like Roxana.

She is a sister of Swede Jackson who for three years was a member of the Colorado College football team and who graduated last year.

Since her entrance in our noble institution she has assumed the following responsibilities—Athletic Board (2), Nugget (3), Town Girls (1), (2), (3), President Town Girls (4), Dramatic Club (1), (2) and Spanish Club (1), (2).

FROSH GIRL PROTESTS SEATING IN CLASSES

I thoroughly disapprove of the use most teachers make of the alphabet. I have suffered under this use, or rather, this misuse, for many years and in many classes.

The first day I go to class the teacher takes our names and enrolls us alphabetically. Unfortunately I am afflicted with a last name that begins with "B" and consequently it is uncomfortably near the top of the list. From then on until he learns our names the teacher glances at said list before calling on anyone. Mine is in a conspicuous place. He can't miss it. So I am called on at least twice and usually oftener during the period.

Next we are seated alphabetically. I invariably draw the first, second, or third seat in the front row. Because he calls on me so often, and I am right there, he soon comes to know me, far too soon. This familiarity results in my being called upon to answer an unusual number of questions when he is in too much of a hurry to look up anyone else on the list. Then too I am called upon at the first of every period, which leaves me no chance to prepare my lesson. Another disadvantage of a front row seat is the difficulty such a position places in the way of getting acquainted. I do not like to turn around; at best such an action attracts an undesirable amount of attention. And since most of the class sit behind me, I seldom know anyone besides the six or seven other afflicted ones who help to fill up the front row. (Even in Chapel I experience this difficulty. I am forced to occupy a front seat in the Freshmen section and I om so near to the speaker that my conscience prevents studing, letterwritingg, or fussing).

Later in the year spectical topics are assigned. As this too is done in alphabetical order, I, as usual, am the first victim. I prepare my topic and present it to the class, forseeing my fate, but helpless to prevent it. As I expected, my efforts are criticized with a view to showing the class what not to do. Those who follow profit by the experience of those who precede them and by the time the last topic has been given a high degree of excellence has been attained. We then start all over again. I am reminded that this is my second attempt and that I should therefore improve upon all previous attempts The class is invited to criticize my efforts at will. By this time I am the verge of nervous prostration or else I have become desperate and and don't care what happens. Neither condition is conducive to success and I usally manage to end as the object of the pity and derision of my classmates.

One teacher I shall never forget. I shall never cease to feel grateful to him. I hastened joyfully to his classes and sadly and reluctantly did I depart. This teacher also enrolled us, seated us and called upon us alphabetically, but contrary to all rules and precedents he began at the end of the alphabet.

I have come to the conclusion that my only hope of salvation lies in marrying a man whose last name begins with "Z".

P. S. I wish to extend my heartfelt thanks to Mr. Albright.

I have this day received from him the following notice:

Beginning Monday you will please occupy Chapel seat **No. W-LL.**

M. L. B.

Boy! Page Mr. Lester Herbert Zanger '26, the only unmarried man in college whose name begins with Z.

LEND A HAND

We'se labored hard most every day,
to think up something we could say.
At first the thoughts came thick and fast; but folks, you know that we can't last. A man can talk about so long, and then he's through—he's sung his song. Now women can talk when they've nothing to tell, when they've nothing to say they say it well! But, since we're mere men, and we've said our say, you'll have to help us from day to day. Just loosen your belt, give your heart full swing, and send in a poem or some foolish thing.

—H. P. H.

Entertainment as Novel as Eruption of Pikes Peak December 15

By Bob Swan

An entertainment as novel as an eruption from Pikes Peak would be, is in store for some of the students of this commendable institution. A college organization is going to give a Box Supper Dance on the night of Friday, December 15., at the Broadmoor Art Academy. The party is only going to be for a select few as it is an invitation affair. Only your friends or those you would like to have for your friends are going to be invited.

Did you ever go to a real, honest-to-goodness box-supper dance, and feel that suspense of who you are going to eat supper with? And too, can you dance to a real four-piece orchestra with that girl of yours, especially if the dance is free of charge? And girls, don't you like to do the same thing? From all reports it's going to be some party, at least the most novel one given on the campus in the last few years.

Something different, that's what it is going to be, and those who get an invitation can feel lucky, because from what the writer can find out it's to be the biggest affair before the Christmas holidays.

Line Plunges

"Then hit the line Colorado"

Hi, Logan; Why so sad?

Well you see it's this way, last night I was calling on my girl and the lights went out.

Well that shouldn't make you so sad.

It wouldn't only I gave her kid brother a quarter, and the little fool went down stairs and put it in the motor.

RIPPLES BY RIP

Today we have Curt Hinton
With whom we'll head the list
He's a darn fine football player
And next year he will be missed

Next we have Miss Fanny Tucker
The College's stage vampire
She also writes for the Tiger
And her stuff is hot as fire.

Now we'll take a crack at Wessen
Of the cauliflower ears
He's next years Tiger captain
And at football has no peers.

* * *

First Englishman—"Charley did you hear that joke about the Egyptian guide who showed some tourists two skulls of Cleopatra—one as a girl and one as a woman?"

Second ditto—"No, let's hear it."

Scraps from the Training Table

Conches Mead and Lavik will have a squad of over 30 to pick a team from in basketball season this year. From present indications they will not be handicapped by lack of substitutes as they were in football. With six letter men and the class of material that is reporting for practices, the prospects for a good team well supplied with substitutes, is very bright. Much will depend though on whether "Pike" Bruce all conference forward last year, will be in condition to start the season. His loss would be keenly felt even with the good supply of substitutes.

* * *

Denver University is the first Tiger Conference opponent. They have every member of last year's flashy five back and loom up as strong contenders for the title. Besides these regulars they also have a very promising bunch of substitutes on hand for the season.

* * *

State University will be aided a great deal in their effort for a title by the eligibility of Nichols, a former Terror who is one of the fastest basketball men in the State. Willard and Bell are missing from last year's team, but even so Boulder's prospects are also good for a strong team.

The Aggies have three letter men back and can be counted on to spill the dope as they usually do. Their win over the Mines team last year kept that team from a tie with C. C. for the champoinship.

* * *

Rhodes and Bunte will not be with the Mines team this season but with the other regulars back and the fight the Mines teams always display, they must be considered pretty carefully when championships are discussed.

* * *

It is probable that the Colorado champions will play the Utah champions later in the season for the Rocky Mountain Conference Championship.

DRUCKER AT Y. W. MEETING

(Continued from page one)

Papetown library; another to go story telling. He also stated that he needed two more young men to help him with his part of the work, one for Papetown and one for Pikeview.

Mrs. Went sang "Teach Me to Pray," accompanied by Lelia Taylor at the piano.

After the program Ruth Little distributed dolls to the girls to dress for the Papetown children for Christmas.

Several girls volunteered for the telling and library work.

DEBATE SOURCES

(Continued from page one)

P. 111 in Ogg you will find a bibliography of the alterations in the cabinet system during the war.

In University Debates Annual 1920-21, P. 199-247, you will find a debate on the question, "Resolved that the Parliamentary form of Government should be adopted in the United States"—a debate which took place between the University of Chicago and the University of Michigan. On P. Page 243-247 of the same volume there is a fairly full bibliography of the subject.

I have had the books referred to above placed on reserve for you in the College Library.

E. C. Bramhall.

DEBATE TRYOUTS

(Continued from page one)

Arrangements are being made for a debate here with Montana State sometime between February 30 and March 5. On March 28 we will debate Denver University at Denver and Wyoming University here.

Debating has long been an important activity of Colorado College. Last year the question for the league was "Resolved, That the closed shop is justifiable." In order to select teams last year a series of inter-class debates were held. The sophomore team composed of Charles Kimbal, Jack Dern and Miller Mussey advocated the Industrial Court Plan of Kansas. The Freshmen team, John Duniway, Paige Benbow and James Flaherty won the decision from them. The Seniors, Ian McKenzie, Ben Wendelken and Ernest Sheppard advocating the cancellation of the allied debt, lost the decision to the Junior team, Frank Mahan, J. Elwood Amos and Robert S. McIlvaine.

An affirmative and negative team on the closed shop were chosen from these two debates. The affirmative team of Ernest Sheppard, Charles Kimbal and Ben Wendelken lost to Denver University and the negative of Frank Mahan, John Duniway and Paige Benbow lost to the Aggies. Let's have some more victories this year.

MEAD CONGRATULATES TEAM

(Continued from page one)

his hope to send a large number of Terrors to college next fall, and congratulated the team on its "fighting spirit".

Coach Mead made no alibis for the games we lost this year, but rather congratulated the team on its fine showing: He pointed out that what we need most on the campus, and he has great confidence in the future. Coach Mead also said that the greatest advertising medium for a college is athletics, and due to the showing of the Tigers this year it should help to influence Freshmen in their selection of a college.

Professor Gilmore stated that during the year no man, to his definite knowledge, played a single game who was down in his studies. It is his duty to see that the Tigers keep up in their work. He left the impression that they were not only Tigers on the football field, but in the classroom as well.

Coach Lavik, who coached the line this season, made some remarks on the character building of athletics, especially football, and cited many cases in regard to this respect. Professor Okey, who has charge of the finances, said that this year was altogether profitable from a monetary point of view, and by next year he expected to have paid off a large part of the outstanding obligations.

J. P. Shearer, the last speaker of the evening, pledged the support of the business men to the Tigers. The business men of Colorado Springs have always been boosters of Tiger stock, and they wished them another successful season.

C.C.'s Who's Who

GORDON PARKER

Prof. Gordon Parker was born April 26, 1879 at Wahtagh, N. Y. He received his primary and college preparatory education at Brooklyn Polytenic Institute. He graduated in 1896 and immediately entered Columbia University.

While in Columbia Prof. Parker was handball champion for two years. He was also a member of Inter - Collegiate chess teams. He majored in mathematics, but also took quite a bit of Greek, and history.

Mr. Parker spent four hours every day in travelling from his home to the University. He lived on the opposite side of the city from the University and lack of present day transportation caused him many weary hours in going to and fro.

He graduated from Columbia with a bachelor's degree in 1900. The following nine years were spent with B. F. Goodrich and Dodd Mead & Co. N. Y. City. First four years with the former and the last five with the latter.

In 1909 Prof. entered the Harvard Forestry school. He received his master's degree in forestry in 1911. He then went into the U. S. forestry department, his first location being Lander, Wyo. He was here for about one half a year when he was sent to Mancos, Colo., the Cliff Dweller's country. He was located here from 1912 to '15 when he was made Forest Examiner.

Mr. Parker was married in 1913.

In 1915 he was made supervisor of Montezuma forest. He obtained a leave of absence in 1919 and returned to Summit, New Jersey. He was there when communications with Dr. Duniway brought about his appearance at C. C.

Prof.'s hobbies are chess, handball, and stamp collecting. His motto — Never to grow up.

Pike Speaks

Contributions to this column should be addressed to Pike, Care of Tiger Editor.

We offer for our readers this evening an anthology of the lighter sort of verse. An honest effort to always present the best in contemporary literature motivates us in presenting this collection of poesy. In case you are unable to understand some of the deeper sentiments call Main 27 between 10:59 and 11 o'clock on alternate Thursdays.

A lute softly sighs softly through the Orient night:
Beneath an opal moon in Nashipur
A voice is heard and melodies allure
The heart of one who listens hid from sight.

Come, love, the night is fragrant, roses send
Their perfume o'er the gardenside, above
The zephyrs whisper sweetly of my love:
Ah come to me beyond the river's bend.
C. G. G.

WORLD FELLOWSHIP

The World Fellowship Committee will present the play, "The Hanging of the Sign", at the World Fellowship meeting in Bemis Commons next Wednesday evening at 7 o'clock. The cast will be announced in the next issue of the Tiger.

As this is one of the most important meetings of the year, all girls are urged to attend.

Douglas Weigle Will Captain Colorado Aggies

Douglas Weigle, a junior in the school of engineering at the Colorado Agricultural College, and al-conference tackle this year on the Aggie eleven, has been elected to be captain of the Aggie football team during the 1923 season. He has played football with the Colorado Aggies for three years, playing part of the season as guard and then being shifted to tackle last season. Twenty members of the Aggie squad were awarded letters.

The news was received here recently of the marriage of G. E. Hollister of the class of '18 to Miss Mildred Rider of Glenmont, N. Y. The marriage took place on the thirtieth of November.

Mr. Hollister was a member of the baseball teams of '17 and '18. He was one of the founders of the old local fraternity, Epsilon Sigma Alpha which is now Pi Kappa Alpha. After his graduation here he went to Purdue, and completed his work there last fall.

* * *

Have you ever toasted marshmellows in the big log fire at Bruin Inn?

If you are tired of movies and dances take a trip to Bruin Inn. It's not too far for an evening excursion and the results are usually satisfactory.

* * *

Lilla Munger returned to the Halls Monday night, having been detained in Denver because of illness.

PAN PAN

(Continued from page one)

It is rumored that Orpheum won't be in it, anyway the show will sure be worth seeing.

Cane Fight to be Feature

The cane fight, beyond all doubt, will be the most exciting, absorbing, heart-rendering act of all. This is the first one held here and in the future it will probably be one of the looked forward to conflicts between the Sophomores and the Freshmen. There are some pretty husky men in both classes and as Coach Lavik is training them, they ought to put up an awfully good scrap. Three men from each class are to do the fighting. Loving cups will be given the winners by Barnes Wood & Co. Come on, "Sophs" and "Freshies" here's something to work for besides class honor. The rivalry between classes is already at fever heat and unless something is radically wrong, one side is going to shed blood. "Chief" Meyer is in charge of the big wrangle. Yesterday morning after chapel Ed. Ryan was elected to lead the Sophomores, and the Freshmen selected Al. Brown.

Bronson Cook is stage manager for the affair and will watch out for things behind the scenes. The big event will be held Thursday evening, December 21. Everybody get behind and push and make this Pan Pan the biggest ever so that it may instill the old Tiger spirit into everybody for Christmas vacation and many months to come.

PEARSONS ORIGINAL PLAY

(Continued from page one)

nity life on the campus will be displayed.

Regular meetings of the Club will be held every first and third Tuesday in each month. At these meetings short, interesting programs will proceed the general business programs. On these occasions there will be short talks by different men on the idea of the Drama. Professor Goodenough will be probably asked to give a talk on the general working of the drama, and other men from the Community Theatre will probably give more practical talks along this line.

A function play will be given by the Club during the last of the semester, followed by a dance at the Broadmoor. In this way the old tradition of Pearsons giving one big formal during the year will be carried into effect.

Heretofore Pearsons has had no set of laws or any constitution. It is planned to draw up a constitution in the near future. There will also be a new system of tryouts in which one will be held each semester. The candidates will be judged partly from their high school experience as well as their ability, shown at the time of the tryouts. Questionnaires will be submitted to each candidate in order to determine the nature of his dramatic work while in high school.

W. A. A. OUTLINE OF AWARDS

(Continued from page one)

4—Hygiennic living	4
5—Appearance	2
Total	25

(1) Not more than 10% of those ranking highest according to the Point system shall receive the emblem.

(2) Class numerals shall be awarded in any competitive sport or gymnastic meet at the discretion of the Executive Board. Not more than one seventh of those competing shall have numerals.

It has been decided to change the day of meeting from Tuesday to the first Wednesday of every month, the meetings to be followed by the usual luncheon in Bemis.

BAIR AT CHAPEL

(Continued from page one)

was a tendency now for the High Schools to become better adapted to teach its students how to make a profitable living after they graduated, than to prepare them for college. Teaching them to become heads of families, good members of a community and how to use their spare time profitably, were also some of the essentials of education in high schools.

Mr. Bair said that he knew of no work so interesting and useful as teaching. It is clean dignified work, with growing rewards and many possibilities for expansion.

Mr. Bair was formerly a member of the C. S. High School faculty. He was in the English department. He was also coach of boys' athletics. Leaving Colorado Springs after a year's work he went to Columbia University where he took his M. A. degree. He has served in English departments in many different colleges and universities in the east, including, New York U. and Wisconsin U. He was appointed principal of the C. S. High School in April, 1920, but upon the resignation of R. C. Hill, Superintendent of Schools, he was appointed to that position.

INTRA-MURAL BASKETBALL

(Continued from page 1)

A number of practice games will be played before the Holidays and the schedule for these games follows:

Tuesday, Dec. 12.

7:00 P. M. Phi Delta vs. Sigma Chi.
8:00 P. M. Pi Kappa Alpha vs. Phi Gamma Delta.

Thursday, Dec. 14

7:00 P. M. Town Men vs. Kappa Sigma.
8:00 P. M. Hagerman vs. Beta Theta Pi.

Tuesday, Dec. 19

7:00 P. M. Winners of previous Tuesday games.
8:00 P. M. Losers of previous Tuesdays games.

Thursday, Dec. 21

7:00 P. M. Winners of previous Thursday games.
8:00 P. M. Losers of previous Thursdays games.

The pre-holiday schedule will consist of practice games only and will have no bearing on the final result.

FACULTY DISCUSSES COLLEGE ATHLETICS

Sport's Conceded to be Valuable if Properly Directed

The Colorado College Faculty discussed the subject of inter-collegiate athletics at their dinner last night. It was not the purpose of the discussion to come to any decision but merely to become familiar with the subject because it will be brought up for serious consideration at the December meeting of the national organization of college professors. A great variety of opinion was expressed. All admitted that there were evils connected with inter-collegiate sport but none of them advocated such extreme measures as abolishing the present system.

It was pointed out that the present tendency to erect enormous stadiums and provide games for such vast crowds as have never been assembled for sport since the days of Rome is likely to lead to commercialism. Intersectional games were definitely assailed as being too expensive to be worth their sport value.

The plan of Ohio State outlined by Professor Davies was generally conceded to be very near the ideal method of dealing with the athletic problem. The object should be to give athletic training to practically every student in the institution and thus develop teams that would actually be the best men in the college.

Coaches Mead and Lavik declared that they hoped to put a somewhat similar plan in effect in Colorado College. The present inter-fraternity basketball league is a part of this plan.

Question Club Pledges Seventeen Freshmen

The little red ribbon of the Question Club pledge appeared on the campus yesterday morning on seventeen men. The names of these men are: Ezra Cornell, Clare Thomas, Alfred Hill, Olin Capps, Darrell Putnam, Albert Brown, Tom Willis, Tom Ryan, William Fisher, Edmund McAllister, Marion Ziskafoose, Harry Bryden, Theo. Wessen, Walter Ray Worr, Rufus Carter, John Schoonover, and John Tallman.

The Club will hold its first function next Friday night. The place, time, and details are the question.

Alpha Kappa Psi Initiates Ten Men This Afternoon

The local chapter of Alpha Kappa Psi, the national business fraternity willl hold its initiation banquet tonight at McRae's Restaurant. Ellwood Amos, president of the organization will be the toastmaster. W. W. Postlethwaite, Earl MacTavish, Bill Copeland, and Perry Greiner will be the speakers of the evening. The men who finish their term of pledgeship tonight are Powell, Greiner, Reinking, Patterson, Padgett, Hanes, Burkhart, Thompson, Wardwell, and Smith.

Kappa Sigma Founder's Day Banquet

Kappa Sigma held its annual Founder's Day Banquest last Sunday evening at the Alamo Hotel. This event is held in commemoration of the founding of the fraternity fifty-three years ago at the University of Virginia.

Boulder Admits Prospects for Basket Ball Tournament "Dimmed"

Univ. of Colo., Dec. 11—Prospects for holding the annual state basketball tournament under the auspices of the Boosters club in Boulder during the next quarter have been dimmed by recent action of the state athletic board.

The committee in charge of the tournament is now communicating with the president of the state high school athletic board in regard to the matter. A Denver paper has recently printed the report, however, that the meet has been awarded to Colorado College.

Much opposition has been encountered by the Boosters club in the past from other Colorado schools, notably Colorado College, the State Agricultural College and the School of Mines in securing the meet for the University. They were successful last year in getting the tournament for the fifth consecutive year.

A growing feeling among southern high schools against holding the contest in the northern division coupled with a new policy of the state board to alternate the section will probably give the meet to Colorado Springs.

LETTER MEN ENTERTAIN C. C. FAIR ONES AT FIRST DANCE LAST SATURDAY

Twenty Seven Guests

The "C" Club gave its firts function of the year last Saturday night at Cossitt Hall. The party was in charge of Francis Ryan.

Among the guests were the Misses Margaret Smith, Katherine Morton, Hazel Hendricks, Billy Sanderson, Mildred de Longchamps, Irene Beardsley, Ruth Williamson, Margary Wood, Elizabeth Nichols, Lodice Everett, Dorothy Jean Barker, Alice Sweet, Marian Lamme, Ethel Reasoner, Ruth Zeigler, Naomi Counts, Rita Fist, Ruth Espey, Marian Bonny, Isabel Postlethwaite, Dorothy Smith, Mary Smith, Frances Tucker, Lyle Blaine, Miss Lowe and Mrs. Zickatoose, and Mrs. Okey.

The hosts included: Messrs Cornell, MacMillan, MacDougall, Bleistein, Amidon, Zickafoose, Holman, Morton, Hunter, Wessen, Greiner, Wolfe, Hinton, Waiss, Parks, Moreland, Case, Burch, Padgett, Crowder, Delaney, Patterson, Amos, Sewell, Koerner, Page, F. Ryan, E. Ryan, Allen, and Brown. Prof. and Mrs. Okey were chaperons.

World Fellowship Play to Be Given Tomorrow Night

The World Fellowship Committee will present the play, "The Hanging of the Sign", at the Y. W. C. A. meeting in Bemis Commons at 7 o'clock Wednesday evening. The cast is as follows:

Chinese Girl—Mary Cox.
Korean Girl—Helen McKinney.
Missionary to Africa—Thelma Bradley.
Hindu Girl— Blanche Edgar.
Mohammadan Woman—Ruth Little.
Japanese Girl—Jean Strang.
Philippine Girl—Ruth Allen.
American Girl—Esther Norton.

The play is a presentation of the work by medical missions.

All girls are urged to attend this meeting.

EAGER HEART, ANNUAL CHRISTMAS PLAY TO BE PRESENTED SUNDAY 8 P. M.

All Senior Men Invited

The annual Christmas play, "Eager Heart", will be staged for the thirteenth time in Cogswell Theatre on Sunday night of this week at 8 P. M. Aside from a probable early morning serenade of the different fraternity houses, the student body at large will not receive the benefits derived from seeing such a production. For only senior men will be invited this year as has been the custom in the past.

The story of the play is of a young girl, Eager Heart, who prepared a simple feast and lodging hoping that she might house a royal guest that night, for the Christ Child was awaited. Winged angels appear thru a veil and sing praises to God. Christmas anthems and hymns are sung thru the play, at intervals. The star of Bethlehem guides the shepherds and kings to where the Christ Child lies in the humble dwelling of Eager Heart, and they lay their gifts at His feet. Eager Fame and Eager Sense come too late to see the Christ and receive His blessing. They had gone to the city gates and to the palace where there was a great celebration for the King's coming. Noel, the Christmas carol is sung at the end of the play.

The cast of the play follows:
Eager Fame—Ruth Ziegler.
Eager Sense—Marie Coleman.
First King—Florence Lawson.
Second King—Dorothy Nyhus.
Third King—Frances Wargele.
First Shepherd—Clara Burghart.
Second Shepherd—Florence Wilson.
Old Man—Margaret Ellis.
Young Man—Irene Sherk.
Joseph—Edna Van Horn.
Eager Heart—Gertrude Klein.

Gertrude Sherk is coaching the play and Harriet Mason is managing it. The stage director is Dorothy Niccolls. Elizabeth Southmayd is costumer. Music is in charge of Leila Taylor and Dean Hale.

In the past there has been a tendency to disregard the invitation to attend the play by some of the men. The play last year was a decided success. Judging by the rehersels held thus far the play will be a success for another year.

High School Orchestra Forced to Play Overtime

It has been a pleasure to go to chapel on Monday mornings for the last three weeks, according to the opinions of the students. Yesterday morning the program was exceedingly enjoyable, when the High School orchestra, numbering about thirty-five pieces, under the direction of Fred G. Fink, played a number of well received selections.

Mr. Fink and his orchestra are to be highly complimented on the music they produce, as was shown by the hearty applause the students gave them for their selections. Time after time the students demanded more, even after the regular chapel period was up, until instead of playing twenty minutes as was scheduled, they played a full thirty-five minutes, before they were allowed to go.

GREELEY, COLO.—Purple and old gold will be the new official athletic colors of the Colorado State Teachers College. The new colors will replace the former lavendar and gold.

Phi Delts and Sig Chis Tangle in Practice Game Tonight

The practice games of the Intra-Mural Basketball scheduled for this week are as follows:

Tuesday, December 12, 7:00 P. M.—Phi Delta Theta vs. Sigma Chi.
Tuesday, December 12, 8:00 P. M.—Kappa Alpha vs. Phi Gamma Delta.
Thursday, December 14, 7:00 P. M.—Town men vs. Kappa Sigma.
Thursday, December 14, 8:00 P. M.—Hagerman vs. Beta Theta Pi.

These, while only practice games, should offer some good, interesting basketball. No admission charges will be made.

C. S. H. S. TERRORS LOSE STATE CHAMPIONSHIP TO FT. COLLINS LAMBKINS

Weight and Confidence Win

The Terrors, undefeated champions of Southern Colorado, suffered a decisive defeat last Saturday at the hands of Fort Collins by a score of 16 to 7.

From the very first of the game the Terrors were on the defensive. Only for a short time in the last period, did they show the power that they have shown in other games. It was the "come-back" spirit of the team, but it did not come soon enough for victory.

The Fort Collins team showed by far the best playing. They seemed to go through the line time after time. Captain Brown, quarterback, and Austin right half broke through the line, and ran around the locals many times. Austin is far above the average high school player, as showed by his playing. Four times he broke through the Terror line for touchdowns. Twice he was called back on account of some of his team being in motion. A good big man is better than a good little man.

(Continued on page 4)

Judge Kinsley Tells of Advantages of Law As a Profession

Judge Samuel H. Kinsley talked to the students Friday morning upon the profession of law as a life work, telling of its great importance to society, the requirements to become a practicing attorney, and the compensation both financial, and in serving society.

Judge Kinsley said that one who is inclined to study law must have a strong inclination to make the practice a success, since the task is not easy, but a difficult one. Lawyers must assume everybody's troubles along with their own. "The real education in becoming a lawyer comes after one begins to practice it." the judge said, "but before this one must have had a college education, with three years experience in a law office, or two years in a law school and one year in a law office." He stressed the study of geometry as an important factor in studying law.

Judge Kinsley outlined the methods in which a lawyer works a case and explained the different kinds of lawyers, including criminal, corporation and probate.

In discussing compesation Judge Kinsley said that there was not only the financial, but also the satisfaction of serving society, in an honorable and worthy profession.

SCHEDULE OF SPORTS ANNOUNCED FOR YEAR

Basketball Starts With D. U. Game in Denver January 25

Coach Mead and Professor Gilmore attended the meeting of Conference Coaches and Representatives at Denver, Friday night of last week. The schedules for the rest of the year were drawn up in every branch of sport as well as the football schedule for next season. The C. C. football schedule has one member not played before, Brigham Young University of Provo, Utah, who will play here on November 29th.

The Tigers have five grid games on Washburn Field next year and only three out of town games. The following teams will be played here:

Gunnison Normal—September 29.
Colorado Aggies—October 20.
Utah University—November 10.
Denver University—November 17.
Brigham University—November 29.

The three out of town games are as follows:

Wyoming University at Laramie—October 6th.
Mines at Denver—October 13.
Colorado University at Boulder—November 3.

The dual wrestling and boxing dates for this season are as follows:

Denver University vs. C. C. at Colorado Springs—March 16.
Aggies vs. Wyoming at Laramie—March 10.
Colorado University vs. Mines at Golden—March 16.

Basketball practice starts in earnest this week and a steady grind will be kept up to round a team into shape for the first conference game with D. U. on January 26th.

The basketball schedule for the season follows:

January 26—C. C. vs. D. U. at Denver; C. U. vs. Aggies at Ft. Collins.
January 31—Wyoming vs. Denver at Denver.
February 1—Wyoming vs. Mines at Golden.
February 2—C. U. vs. Mines at Golden; Wyoming vs. C. C. at Colorado Springs.
February 3—Aggies vs. C. C. at Colorado Springs.
February 9—D. U. vs. C. U. at Boulder; Wyoming vs. Aggies at Laramie.
February 16—D. U. vs. Wyoming at Laramie; Mines vs. Aggies at Ft. Collins; C. C. vs. C. U. at Boulder.
February 17—D. U. vs. Aggies at Ft. Collins; Mines vs. Wyoming at Laramie.
February 21—Mines vs. C. U. at Boulder.
February 23—Mines vs. C. C. at Colorado Springs; Aggies vs. C. U. at Boulder.
Mines vs. D. U. at Golden.
March 2—C. U. vs. C. C. at Colorado Springs; Aggies vs. Mines at Golden.
March 3—D. U. vs. C. C. at Colorado Springs.

FORESTRY CLUB DANCE LAST FRIDAY

Prof. and Mrs. Gordon Parker entertained the Pikes Peak Forestry Club of Colorado College and their guests at an informal dance held at their home last Friday evening. The guests of the foresters were as follows:

Eloise van Diest, Dorothy Carnine, Irene Rahm, Maudie Moffat, Margaret Osborn, Charlotte Bergner, Mary Cox, and Kenneth Gordon.

COMMENTS

by Arthur Disbrane

Italy Again in Foreign Affairs

Since the Fascisti have taken over the reins of government in Italy that nation has assumed a very aggressive attitude in European diplomatic affairs. Mussolini has made it plain that the Entente must not be severed and that Germany must pay to the best of her ability. It is improbable that any settlement will be made in the Near East that does not have the sanction of the new Italian premier.

The Near East

Turkey has surprised the world by flatly refusing to adopt the proposals of Russia over the future of the Dardanelles and the Bosphorus. Turkey and Russia have long been hereditary enemies and it is not likely that two factions such as the Kemelists and Bolsheviks can agree on any plan that will be to their mutual benefit. England's plea for the freedom of the straits has been seconded by France, Italy, and the United States.

Moratorium for Germany a Possibility

One of the probable results of the conference of the Allies now being held in Brussels will be, that if given proper guarantees, France will consent to a moratorium for Germany. If such action takes place it will enable Germany to fight the economic paralysis that now faces her.

Russia a Poor Place for Anarchists

No government will tolerate anarchism and Soviet Russia is no exception, Berlin now has to contend with an organization made up of refugee anarchists who have either been expelled or escaped from Russia. Russia is not a democracy at present and any order that is dangerous to the present government is ruthlessly supressed. It might be well for America to give our opponents of the present political and social order the same treatment.

Canada Encourages Immigration

Canada is now putting on a great drive to increase immigration to the Canadian farming regions. The Canadians especially desire to get immigrants from the British Isles and the Scandinavian countries. Immigration bureaus have been established in Holland, Belgium, and France besides in those countries mentioned above. The purpose of these bureaus is to give information and to encourage the people to establish new homes in Canada.

Did You Know That:

The production of petroleum in the United States is increasing almost hourly and each month witnesses a gain of almost 3,000,000 barrels over the preceding month?

There is a movement to merge the iron and steel plants of France and Germany into one gian corporation and if the plan succeeds the organization will be the largest in the world. Brazil probably has the world's largest untouched deposits of iron.

Italy has been experimenting with liquid hydrogen as a fuel for internal combustion engines so that she might become independent of foreign countries for her supply of liquid fuel. One gallon of liquid hydrogen will drive an ordinary automobile over 1000 miles. The only difficulty now to overcome is that of manufacturing the material at a cost that will enable it to compete with gasoline.

No girls can weep their way through school; they only succed in weeping their way out. The type which bursts into tears betrays the fact that they are flappers. Every professor is wise to the ways of the co-eds. He has heard many varieties of the hard luck story, but when they begin to cry, his sympathy vanishes according to Prof. P. W. Nahl, of the University of California.

* * *

A recent canvas of twenty men and women students at the University of Chicago, revealed the fact women attended the institution for the benefit of the social life and "to pass the time plesantly." The men attending the institution are there to obtain an education, to enter athletics, and to enroll in class fostering general culture.

BRUCE DESCRIBES STANFORD UNIFORMS.

Menlo Park, California,
December 3, 1922.

Dear Chick:

It is late and I have not time to enter into any lengthy resume but noted your appeal in the last issue of the Tiger for cash so want to get you my $1.75 pronto. Am very sorry I have neglected this so long. Have been enjoying the sheet very much and should like to commend the staff and yourself on the way it has been handled. Thought the alumni edition very good and hope there will be a repeater. Am certainly glad to note the success the Fighting Tigers have had this season and am sorry they could not have left a good taste in their mouths by trouncing the Mines. We are all with them strong as ever regardless. Geo. Lusk and Prof. Palm have been having "seconds" on my Tiger and are anxious for news of C. C.

Stanford will soon close for the holidays and I hope to get to Los Angeles and see Flaherty, Layden, French, Johnston, Crandell, Sevitz, Taylor, McKesson and several other C. C.'rs who are now residing there.

Noted in one of the Tigers where the Colorado Aggies may send a polo team out to the coast to play the Stanford team. I am playing No. 3 on the Stanford team and we hope to meet C. Aggies during the holidays. We have had several games with various army teams and lost our first game Thanksgiving to the Presidio team, 7-6.

Your asking for pictures of the mode of dress which I described in vogue here has been a difficult one for me to fulfill. I will thus explain it again. The Seniors wear light colored corduroys and a regular broad brim stetson hat.

The Juniors wear only the corduroys, and usually a tweed cap. The sophs wear a prescribed soft hat (gray this year) with a red band. The frosh wear the proverbial frosh hat as is worn at C. C. The graduates wears cords if desired and a broad brim stetson **without** a leather band. I forgot to mention the senior hat has a leather band with the class (Stanford '22, stamped on it. This attire is worn every day of the week and certainly cuts down on clothing bills and is very serviceable and distinctive. The cords cost $6.00, the Stetson hats $8 to $9, the soph hats $4, and they are worn throughout the year. California has identically the same U. S. C. practically the same as also has Washington and Oregon. Really think it goes quite a way in getting class spirit into a school and is a splendid move for a democratic student body as rich man, poor man, beggar man and society hounds are as one. Think it would be a splendid move for the men of C. C. to adopt a similiar system as I remember in my own budget clothes amounted to a good deal more than here.

Must ring off as it is late. Remember me to the old gang there. Hope you and your news spreaders have a fine Xmas and wish you all and the college a bang up new year and hope that it will mark a new era in the College history.

Sincerely your friend,

Geo. Bruce.

Chuckles

Thora: "My father gives me a dollar every birthday and I have seventeen dollars now."

Ruby: "How much does he owe you?"

* * *

Judge:—You were present when the fight started?

Mandy:—Yass-ah.

Judge:—And you got cut in the fracas?

Mandy:—No, sah, ah got cut in the arm.—Orange Owl.

* * *

Professor: "What effect does the moon have upon the tide?"

Sweet Coed: "None! It affects only the untied."

* * *

They fib the whole note thru,
And then tack on the end of it,
"Tere's no one dear butyou."

* * *

Prof. Andy—"I want to see you pull a "B" on this exam young man."

Bill Clarke—"So do I. . Let's pull together."

* * *

I never go with college girls,
I never make a date,
I'm never fussing on the steps
Or saying "Ain't love great?"
I never take one to a dance—

The reasons plain to see,
I never go with girls because
The girls wont go with me.

* * *

He—"Are you going to take dinner anywhere tonite?"

She—"Why --er--erer er—er not—not that I know of.

He—"My, I bet you'll be hungry next morning.

On a wonderful night in September
It happened as I remember
We sat on the bank of a bubbling Brook
And oh! how winsome she did look
I had my arm around her tight,
Was loving her with all might
When suddenly from my embrace
She slipped and fell right on her face
Into the brook. Ah! fatal fall
For then I lost my favorite doll

* * *

Love is like an onion
We taste it with delight
But when it's gone we wonder,
Whatever made us bite?

* * *

Starck—"What were your father's last words?"

Wescott—"Father had no last words. Mother was with him to the end.

Apples are sold according to the honor system at the University of Iowa by the W. A. A. Large, jucy apples are placed on a table, near a box labeled: "Apples, five cents—honor system." Women wishing apples help themselves and drop their money in the box. About 40 apples are sold every day and not one has been lost.

Junior class men at the University of Pennsylvania will carry dark mahogany canes with a sterling silver-band bearing the owner's name and class numerals.

* * *

If you would keep out of prison take a university or college course. That's the advice of the warden of the Arkansas penitentiary.

The prison report, just made public, shows that of 1,302 persons at the institution during the fiscal year, July 1, 1921, to June 30, 1922, only 15 were of university or college training.

Of the total number committed 235 were illetrate, while 175 had completed only the fourth grade in gram mar school.

Volume XXV | THE COLORADO COLLEGE TIGER, FRIDAY, DECEMBER 15, 1922 | Number 25

MARCEL DUPRE HERE TOMORROW NIGHT

Noted Organist Gives Concert in Perkins Hall

Tomorrow night at 8:15 in Perkins Hall the students of Colorado College and the town people at large will be given the unusual privilege of hearing the organ recital of Marcel Dupre, world renowned organist. The announcement of the coming recital has created widespread interest and many people are expected to take advantage of this opportunity.

N o organist of the century has won as many honors as Marcel Dupre. At the age of 12 he was appointed organist of the Church St. Vincent at Rouen. When only 19, as a pianist, he took first prize, given by the Paris Conservatory and at 21 he won first prize in centerpoint. He has been the pupil of Guilmant, Widor and Vierne. The winning of the coveted Gran Prix de Rome and his later appointment to the position of organist of Notre Dame Cathdral have made him known all over the world.

Monseur Dupre has been most successful in his apperances in this country. Twelve remarkable recitals in New York and Philadelphia, given before audiences of 50,00 or more people have established his successes in this country. He comes to Colorado College under the joint auspices of Colorado College and the Colorado Musical Club.

Classical Club Gives Xmas Program Monday

The Christmas program of the Classical Club which was to have been held last night has been changed to Monday night at 7:15 in Montgomery Parlors. The change was made because of interfering activities.

The program is to be essentially an Xmas celebration with several interesting features. Two members of the club will read papers concerned with ancient festivities of the Christmas and New Years seasons. Alex Chapman will read a paper on the Roman New Year and Miss Dorothy Carmine will give a talk on the Greek New Year.

Y. W. C. A. Holds Xmas Meeting Wed. for Men

After the annual custom, the Y. W. C. A. extends a special invitation to all men of the college to attend the Christmas meeting Wednesday evening at 7 o'clock in Bemis commons.

One of the features of the meeting is that the men will judge the dolls which the girls have dressed for the Papetown children for Christmas. Ribbons will be awarded to the winners.

Mrs. Mead, the wife of Coach Mead, will tell Christmas stories. Leila Taylor is preparing special music.

This is considered one of the best meetings of the year, which all men and women of the college are urged to attend.

SENIOR MEN INVITED TO EAGER HEART

The Senior men were extended an invitation to Eager Heart during a short meeting which they held yesterday morning immediately after chapel. It has been the custom to invite the men of this class to the play which is staged by the Freshmen girls.

Girls' Glee Club Gives Concert Next Tuesday Night

The Girls Glee Club is giving a concert at Cogswell theatre Tuesday night. The entertainment will be given as a

Dorothy Davis is a member of the Christmas program and the Glee Club is extending every effort to make it a success. The concert is being directed by Mrs. J. S. Tucker and Ann Vorrietor.

The program follows:

First Half

Selection ... .Glee Club
Reading ... .Yolande Ingle
Violin Solo .....Bethany Reinking

Second Half

Christmas Cantata.

Each girl who is a member of the Glee Club is authorized to issue invitations to relatives and friends. The faculty and their families are extended a free and cordial invitation to attend.

TRAINING TABLE FUND WELL SUPPORTED BY BUSINESS MEN

$956.95 Total Amount

The burden of the credit of maintaining a Training Table for the football team must go to a few of the business men of the city, although the students themselves added to the contributions from time to time. The method of raising money among the students was by means of jitney dances and tag days. Mr. D. S. ("Pat") Patterson, who directed the campaign among the business men, was eminently successful and much credit is due him for his efforts. The complete list of contributions is as follows:

Colorado College Tag Day and Jitney Dances	$281.95
Tags, Miscellaneous, "Heavy" Linger, Newton Holman, Dr. J. Williams, Ton Easley, W. M. Marshall	4.00
P. B. Stewart	50.00

(Continued on page 4)

Kiwanis Honor Tigers at Luncheon

The Kiwanis proved they were behind the Tiger and Terror athletic teams at a luncheon, given last Wednesday, in honor of the two elevens. President E. C. van Diest said the luncheon was given in appreciation of the gallant fight put up by both elevens during the past football season, and to "give them heart for future contests."

Short talks were made by Coaches T. H. Mead, and Dan Kline; also Captains Ted Wessen, of the Tigers, and Bevens of the Terrors.

PAN PAN TO BE GIVEN NEXT WEDNESDAY NIGHT AT PERKINS HALL

Program Out

The date of the Pan Pan which was announced for next Thursday night has been changed to Wednesday night at eight o'clock in Perkins Hall. There will be no admission charge and those who attend will see at least six acts of good vaudeville. Don McMillan as head of the Enthusiasm Committee is in charge of the exhibition.

Prof. Copeland, the Field Secretary and Robert McIlvaine, the President of the Student Commission, are on the program with speeches. The stunts on the program are to be as follows:

1. Freshmen Play.
2. Songs and Dance. Dorothy Davis and Pete Clark.
3. "Six Nights in a Bathroom", or "Just Before the Formal, Mother." Pearsons Dramatic Club.
4. "A Night in the Quad." Pi Kappa Alpha Quartette.
5. "Egyptian Myths". Bud Lewis & Co.
6. "Shouts of Laughter". Donald King & Co.

Following these acts will be the cane fight between members of the Freshmen and Sophomore classes. There are three beautiful loving cups being donated by Barnes-Woods & Co. to the winner in each of the three weights entered in the contest. The Hamilton Jewelry Co. is donating the engraving on the cups. The name of the winner of the cup, and the class which he represented will be put on the cup. Those who have seen the cups say that they are well worth making a hard struggle for. The men of the Sophomore class met yesterday afternoon and began organizing for the fight. "Chief" Myers is in charge of this feature of the program.

All friends and members of the families of the students are invited to be present. An invitation is likewise extended to the members of the Junior Senior classes of the local high school.

Bronson Cooke as the stage manager asks that any new stunts which are to be submitted, be handed in to the men in charge of the exhibition not later than Saturday night.

McIlvaine Chastises Freshmen in Chapel

The Freshman class was brought to task by the President of the Student Commission, Robert McIlvaine, in a short speech at chapel yesterday morning. He told the class that there were several traditions which they were failing to observe.

One of the customs, he said, that they were not following is that the lower classes are to allow the members of the upper classes to march out of the chapel first. The two lower classes have in the last few weeks, been rising and marching out before their turn which results in congestion. The method to follow is as follows: row A shall rise first and file into the aisle, it will be followed by B and so forth until the last row in the chapel has gone out.

The men of the Freshman class are also forgetting to wear their Frosh caps. These are to be worn only until the Christmas vacation since the Freshmen won the first flag rush. Mr. McIlvaine told the men of this class to dig up these hats and wear them or the upperclassmen would be compelled to enforce the rule.

Y. W. C. A. Stages "Hanging of the Sign" in Bemis

The World Fellowship committee of the Y. W. C. A. presented the beautiful little one-act play, "The Hanging of the Sign," in Bemis commons last Wednesday evening.

The play represents a young American girl just out of college with a beautiful M. D. sign. Her problem is to find a place to hang it. In her home town there are too many doctors already, in the city there are too many competitors. While she is thus seeking a place, Africa, China, India, and other foreign countires come to her pleading for her sign.

With so many calls it is difficult to decide where she shall go. After her decision she extends a call to other girls to answer the other appeals.

The meeting was opened by all singing "Little Town of Bethlehem."

LLOYD SHAW RECALLS COLLEGE DAYS IN SPEECH AT CHAPEL

Describes Student Life

Lloyd Shaw, principal of the Cheyenne High School and graduate of C. C. in 1913 recounted some interesting occurences while he was in college, and gave some good advice to the students, Wednesday morning at chapel, in a speech upon "If I Could Take My College Course Over Again."

He said that if he could take his college course over again he would try to take courses in cultural art so that he would have an adequate background for appreciation of the fine things in life, because he would realize that soon he would have to specialize in some life work. He inferred that if he could come back he probably would waste about eighty per cent. of his time, by not giving keen attention, in the class room, take the easiest subjects, and bluff his professors, as he did before.

He gave an interesting account of how he passed a course in mathematics without using a text book during the whole term, thereby winning a bet from his fraternity brothers, that any one could pass a course if they attended class every day and gave strict attention to what the professor said and to the student's recitations. He made a statement under the sanction of Prof. Albright that he was some what of a 'bone head' when it came to mathematics during his college days.

Mr. Shaw said that he would try to get better acquainted with the 'queer' professors and the 'queer', shy, students on the campus. He would try to get outside of the influence of local thoughts and prejudices, by living a broader life. He would try to spend less time at Murrays and more time at the library. He would try to become more interested in the courses he took, and go beyond the regular assignments.

Calendars Ready For Distribution

At last the Calendars are ready for distribution. This year the calendar is larger and more handsome than anything the College has had, being ten by thirteen inches and printed on a beautiful heavy Topaz paper. It has a leather-grained Morocco cover. There is a special page and a new picture for each month of the year. The work was done by Mr. Danks of the Outwest Printing and Stationery Company and Mr. Standley, photographer.

GREEKS WAGE WAR IN INTRAMURAL GAMES

Phi Delts, Phi Gams, Betas, Kappa Sigs Winners in Opening Games

In the first inter-mural basketball games of the season the Phi Delts beat the Sig Chis 35-1, Phi Gams beat the Pi Kaps 22-14. In the Thursday night games the Kappa Sigs and Betas triumphed over the town men and Hagerman Hall men by scores of 21-4, and 23-16 respectively.

The first game the Phi Delts had their own way practically all the time. Gene Broyles was the star for the Phi Delts, shooting baskets from every angle and from difficult positions. He was very ably assisted by Hayes Briggs. Although Broyles was high point man Briggs saw to it that th ' ill got to him all the time. The Sig This had no star and showed very poor team w ork.

The second game was c ose and hard fought. The game ended 14-14, but they played an extra 5 minutes, in which the Phi Gams scored 8 points. Bryden was the star for the Pi Kaps. He followed the ball all the time, and put up a good battle for his tribe. The Phi Gams had no outstanding star but showed very good team work for a fraternity team. Art Gray and Bill Rose played very good ball, in fact just a little too good for the Pi Kaps. McMillan, playing guard for the Phi Gams got his dates mixed. Outside of mixing fall and winter he played a very good game.

The third game of the season was played Thursday night between the Kappa Sigs and the Townmen. The Kappa Sigs held the advantage most of the time. The game ended with the Kappa Sigs in the lead, 21 to 5. Young made most of the scores for the winning team, being run a close second by Wolfe. There were no outsanding stars on the Townmen team, although Nassour played a fast game.

The fourth game was between the Betas and Hagerman Hall the final score being 23 to 16 in favor of the Betas. This proved to be a fast game, and the teams were evenly matched. Hitch, Weiner, and Rasor of Hagerman showed good team work. For the Betas Flaherty was the outstanding man, his ability in shooting baskets was truly remarkable. Putnam, Brown and DeFries were also fast.

Lavik Speaks on Need of Physical Education

Coach Rudolph Lavik, physical director for the men, explained the different methods of physical education and their purpose, in a speech given Tuesday morning at chapel. He said that part of his work consisted in correcting the posture of many Phi Bets, who had the habit of carrying their books always under the same arm.

In speaking of the different types of physical education Coach Lavik explained the hygenic or recreation type, as having no particular system of coordination, but useful in stimulating the circulation, respiration and metabolism. The corrective system is very important, as it is useful in correcting the weak spots of the body. The education of the nervous system is also important, in that it teaches a person to do the proper thing at the proper time. This, he said the successful athlete must cultivate.

Dais Initiates Flora Judd, Ruth Hegener and Katherine Sias

Last Friday night the Ancient and Honorable Order of the Dais initiated Flora Judd, Ruth Hegener, and Katherine Sias. The ceremony was held in the Commons room. Refreshments were served in the dining room.

The Dias is the organization of the senior hall girls and was founded in 1908. The members sit at a long table in the front of the Bemis dining room. This table is placed on a platform a step above the floor of the rest of the dining room, hence the name dais. The purpose of this organization is purely social.

Boxes Will Not Be Auctioned at Philip Washburn Club Party

The stage is all set for the big Box Supper Dance at the Broadmoor Art Academy, which is to be given by the Philip Washburn Club next Friday night at 8 o'clock. One more piece has been added to the orchestra, making five pieces in all. Can you dance and just keep on dancing to the tune of a five piece orchestra? Well now we wonder. That floor, that music, that supper, that suspense, everything that goes to make a wonderful party.

As was stated before this is this organization's first attempt at entertaining the Student Body. They are going to do it right from all advance indications. The invitations are out, all that remains to be done is to have the big time that is in store and then start wishing for another party of the same kind in the future.

In the past few days there have been several erroneous statements made in the newspapers about the Philip Washburn Club Box Supper Dance to be held Friday night. The worst one was the statement that the boxes would be auctioned off. This is entirely contrary to fact, as the boxes will be numbered and the men will draw for the numbers. A charge of seventy-five cents will be made each man upon entering the building.

Kansas U. Broadcasts Yells and Songs

LAWRENCE, KANS., Dec. 11—Kansas' famed battle-cry, "Rock Chalk, Jayhawk, K. U." will resound in all sections of the country the night of December 11, when 10,000 graduates and former students of the University of Kansas will tune in on their radios and join in the famous Kansas college yell when choir-leader Virgil Miller leads off on Mount Oread. University of Kansas alumni in virtually all states of the union will gather in reunion about their local sets, according to reports here.

The sound will be carried from a thousand throats in Robinson gymnasium, the camping ground of sport enthusiasts, out over the wires to the Kansas City Star's 400 meter wave length station, WDAF, and thence out over the entire state.

Sophomores Have Charge Town Girls Meeting

The first regular meeting of the Town Girls Organization was held in Ticknor Study last Thursday afternoon and was in charge of the Sophomore girls, headed by Margaret Smith and Gladys Kinsman. A short program was the main event of the day, and featured Grace Garvey in a vocal number. This was followed by a passage from "The Return of Peter Grimm" by Maxine Ingle. Dancing and refreshments concluded the program.

SPANISH CLUB PROGRAM LAST THURSDAY

The program which was to have been given by the Spanish Club on Nov. 16, but was postponed will be given this next Thursday evening in Montgomery Parlors.

As formerly planned Prof. Cabello will give the address. Dorothy Davis and Jack Nolan will present a Spanish dance.

"Here comes a friend of mine. He's a human dynamo."

"Really."

"Yes. Everything he has is charged."

Pike Speaks

Contributions to this column should be addressed to Pike, Care of Tiger Editor.

THE PLEDGE'S SONG

Drubbing, tubbing,
Answering the phone.
Sorority teas,
"Nobody home,"
Making beds,
Hopping around,
Pledge ain't nothin',
Low as the ground.
Somebody's calling,
Somebody's bawling,
Gotta do something
All of the time.
Initiation night,
Comes bye 'n bye,
Bet I get even
Then—won't I?

* * *

EYEBROWS.

Plucked,
Darkened,
Dyed,
Eyebrows stare at us.

Curved,
Straight,
Twisted,
Raised,
Eyebrows glare at us.

Expressive,
Uncomfortable,
Dumb, Pleading,
Actually they swear at us.
Women's eyebrows!

* * *

THAT KISS

On Manhattan's isle
I drank fair bronxes.
In Italy from tall thin glasses
I drank rich wines.
In Paris of dreams I sipped absinthe
From tall green goblets.
In old Munich of rich beers
I quaffed lager.
'Neath the smoke of Edinborough
I gupled raw Scotch
In Dublin's rocky streets
I stook straight rye.
In Kentuck's plains I drained
Gentleman's whiskey,
And in her hills I jerked the fire
Of mountain moonshine.
But none had the thrill and the potent richness
Of THAT kiss.

—Traveler.

ON THE NEW GALOSHES

Gaily flopping, straps a'flapping,
See the galoshes go,
Row on row
With women's feet inside 'em.
Last year they came, this year the same.
Let the galoshes go,
Row on row,
Like castanets the fasteners click,
Our mothers wore 'em, I'll always ador 'em,
See the galoshes go,
Shuffling through the snow
Just as they us'ter over the campus.
But shades of the nation, a variation!
Still the galoshes go
Row on row,
But they fasten in back, tan and black those galoshes!

* * *

The class was reciting in natural history. Finally, the teacher asked: "Where is the home of the swallow?"

"The home of the swallow," declared Bruce, "is in the ctomach."

* * *

Mrs. H.—How is it I find you kissing my daughter?
How is tit, sir?
H. P.—Great! Great!

* * *

An Overworked Word

We wake up and make up,
We rake up and fake up,
And use the word up when we can;
We drink up and think up,
We kink up and shrink up,
And do up a shirt or a man.

We slack up and back up,
We stack up and whack up,
And hold up a man or an ace;
We beer up and cheer up,
We steer up and clear up,
And work up ourselves or a case.

We walk up and talk up,
We stalk up and chalk up,
And everywhere "up's" to be heard;
We wet up and set up,
But hanged if we let up,
On "up," the much ever-worked word.

PRINCETON HAS WON FOURTEEN OF TWENTY-FIVE GAMES WITH HARVARD

The following statistics, printed in The Princeton Alumni Weekly of November 15, may be of interest to readers of The Tiger:

"It has been repeatedly stated in the accounts of the Harvard-Princeton game that last Saturday was the first time Princeton has won in Cambridge since 1896. That, to be sure, taken merely as a literal statement of fact, is true, but it is quite obviously a statement which might, and probably has, conveyed implications which are not true. For most readers would doubtless assume that Harvard has defeated Princeton at Cambridge every alternate year since 1896. The facts are, of course, that during this period of twenty-seven years Harvard and Princeton have played only five games in Cambridge; that from 1896 till 1911 there were no Harvard-Princeton games, and that during the war years, 1917-1918, the games were also omitted. Of the five games played in Cambridge, in 1912, 1914, 1916, 1920, and 1922, three were won by Harvard. These three years were included in the period of Harvard's most sustained success, the period 1912-1916, during which Harvard won five successive games. Then came the war, since which there have been two tie games, followed by Princeton's victories of the last two years. Of the twenty-five games played since the series began in 1877, Princeton has won fourteen, Harvard eight, and there have been three ties.

TERRORS LOSE TO FT. COLLINS

(Continued from page one)

This was indeed proven on Washburn field last Saturday. It was a great handicap for the Terrors. Captain Brown deserves mention, for he handled his team to perfection. Next to Austin he gained more ground than any man on either team.

For the Terrors, Eddie Allen starred. Twice he got away for long gains, once for 50 yards, and again for 40. His kicking was without fault, in fact it can be called the best he has done this season. Unfortunately he was knocked unconscious in the third period, and did not regain consciousness until 10 o'clock Saturday night. He is now on the road to recovery.

Art LeBeau played a good game. He entered the game in the early part of the third quarter and took Allen's position as passer, and did remarkably well. The Phelps brothers played a good defensive game, and F. Phelps going over for a touch down made the game a real thrill. Without the touchdown the game would have ended much sadder for the Terror supporters.

All flour used in France after December 25 must not contain over ninety per cent of wheat and that the reason for this step is the depreciated value of the franc.

The Norwegians are the greatest seafaring people of the present generation having a greater proportion of her people making their living on the water than any other nation.

England claims the honor of having constructed the most powerful airplane motor ever built and this motor develops over fifteen hundred horse power.

The styles are changing in Paris and the short skirt will probably again be in vogue by the time summer rolls around.

* * *

Louis Vidal, captain and star guard on the basket ball team of the University of Colorado, will be able to play all this season if he keeps in as good physical condition as he is at present, notwithstanding all Denver newspaper conditions to the contrary.

He states that the outlook for a leading team to represent the University this year is bright.

* * *

The freshmen are no longer wearing their caps at Colorado State Teachers College as a result of a football game last week.

The decision of the game was placed on the basis that if the Frosh won, the caps were to be discarded immediately; if the upper classmen won, the Freshmen were to wear their caps till January 31; in case of a tie, the caps were to be worn by the Frosh till Christmas.

The freshmen won 7 to 0.

What chance have you got against him?

IT was a cynic who said: "Some men go to college. Other men study."

A slander! But yet there probably are college men whose bills for midnight oil are not large.

And there are men who left school in the lower grades who, along with a hard day's work, put in long hours of study—spurred on by a dream and a longing.

Look out for them.

The achievements of non-college men in business suggest an important fact. Success seems to depend, not so much on the place where a man studies, as on the earnestness of the student.

But, granting equal earnestness and ability, it is still true that the college man has the advantage.

Regular hours for study and lecture, the use of library and laboratory, the guidance of professors, contact with men of the same age and aspirations—all these will count in his favor, *if he makes the most of them.*

A big "if." The new year is a good time to start making it a reality.

With the Societies

Contemporary

A Christmas party at the home of Mrs. Morrow took the place of the regular meeting of Contemporary this afternoon. The program consisted of a take-off on Dickens' Christmas Carol. The following pledges took part: Thelma Bradley, Dorothy Nicolls, Gladys Kinsman, Edna Theobald, Sadie Kier, and Florence Wilson.

Minerva

This meeting also was given by the pledges in honor of the actives, and was in charge of Margaret Smith. The program which was most enjoyable was as follows:

Piano Solo—Harleyn West.

"A Pledge's Dream of Initiation."

Musical Selection—"I Cannot Sing the old songs."

Hypatia

The active members of Hypatia were hostesses this afternoon at a most attractive meeting honoring the honorary members of the society. A special program composed of the following numbers was given.

Review of "Babbitt" by Lewis—Harriett Bumstead.

Musical Selection—Rita Fist.

Girls are funny,
Girls are queer,
Girls are flighty,
But oh! they're dear.

* * *

Esther Nyberg—"I just love this weather."

R. Yeo—"I'm glad you make a practice of doing only one thing at a time."

Line Plunges

"Then hit the line Colorado"

GO GET 'EM

Hurry and hustle, bustle and crush
Christmas is coming, hence the rush
Giddings and Kirkwood, full to the doors
Kaufmans and Hibbards, crammed on all floors
Five and ten cent store, Wow what a mob
Try to get through them. Boy it's a job.
Try some place else, so say they all
But none of the rest, have room left at all
What's all the trouble? Why all the crowd?
There's ten days till Christmas. Don't breathe it aloud.
The day before Christmas is the time to shop
But the day before Christmas is Sunday you wop.

* * *

ODE TO CHRISTMAS

Well Christmas comes but once a year
For which, in many ways we're glad
Cause first of all we get a rest
From studies dull and some marks bad.

Then next we like to feel the thrill
That only comes with Christmas cheer
When everybody wears a smile
Though the weather's dark and drear.

But best of all we like to know
That our just being gay
Has made some folks feel happy
That felt the other way.

But though these holidays are full
Of merriment and glee
Suppose 'twere this way all the year
What a sorry world 'twould be.

For pain and sorrow, grief and toil
Help make the world worth while
So with Christmas coming once a year
We learn the value of a smile.

Leipzig, Dec. 6.—An operation making a short person long has actually been performed, according to a report read before a scientific convention here.

A dwarf who desired to attain a somewhat more mature stature, submitted to an operation on his legs. A piece of the upper leg was cut out, a bony substance, not actual bone, inserted which joined up anew with the real bones. This was firm enough to support the weight of the man when it healed.

* * *

Cap and Gown, a Chicago University publication, is promoting a male beauty contest. The "most beautiful man on the campus" soon will be chosen by the students of Chicago University.

* * *

With fire in their eyes and fire in their hearts the coeds of Pomona College swooped down on a match-making raid on a men's dormitory. They did not kidnap the men; they were absent at the time, but they left traces that mark the raid as the most spectacular in the history of the college. They invaded the boy's rooms collected all the pictures of Pomona girls, wrote the name of some freshman girl across the front and redistributed the pictures.

It has not been disclosed as yet whether the girls whose names were used in the raiding party but it is certain that the names reveal the fact that the freshman maidens might not resent attention from the man whose possessions were favored with her name.

The men of the college say that the girls think they are paying too much attention to the town girls and that the raid is the undertaking of an incipinet "Lonely Hearts Club." If such a thing could happen in 1922 just wait 'till 1924 rolls around!

—Knox Student.

Russel Krauss, a student of the University of Utah, has been selected to hold one of the famous Rhodes scholarships, and thus represent Utah at the University of Oxford, England.

C.C.'s Who's Who

JESSIE HUTSINPILLAR, A. M.

Miss Jessie Hutsinpillar was born in Ironton, Ohio in the year of (????). She attended the grammar school in that city and prepared for college at a private school in Ashland, Ky.

She entered Wellesley College in the fall of 1898. While in College she took part in debating and was interested in dramatics. She was also a member of the Wellesley Crew for one year.

She was an assistant professor of English in the Ohio State University from 1907 to 1919. During this time she was also studying for her Master's degree, and she spent the summer of 1908 in England doing research work for her thesis. She obtained her A. M. from State University in 1908.

From 1912 to 1917 she was a member of the faculty of the University of Colorado. The year of 1917-18 she spent in the graduate school of Columbia University, after which she returned to the University of Colorado for a year. She came to Colorado College in 1919 as an assistant professor of English.

She was secretary of the class of '02 at Wellesley college; a member of the A. G. O. R. A., a society similar to the women's societies in C. C., a member of the Wagner Club, the Dramatic Club, and took an active interest in Y. W. C. A. work.

Her hobbies are hiking and horseback riding.

Swimming Meet to be Held By W. A. A.

A meeting of all girls was called yesterday after chapel for the purpose of bringing before the women of the College the facts concerning the swimming meet to be held next Wednesday at the Broadmoor. All other gym classes will be given up for that afternoon, and all girls are urged to be present at the meet, to the winners of which numerals will be given.

At the last banquet of the year given for the football team, Coach Mead emphasized the need of athletics in Colorado College as an advertising agency. A few days later at a banquet of the faculty men, Dean Jaqua spoke of the need of sound scholarship as a vital factor in any modern institution of learning.

There is no doubt that athletics, particularly football, advertises the College as no other activity could. The prospective student inquires about the athletic achievements of the college before he decides to enter that particular institution. Often the football captain in this as well as any other college is better known to high school students than the president of the same institution. Athletics have come into their own as an advertising agency and as such, bid fair to remain.

However the effect of sound scholarship should not be overlooked. While athletics advertise the college to prospective high school students, the standard of scholarship advertises the institution to other colleges and establishes its position among such. In order for Colorado College to remain an A-1 institution, it must maintain a high standard of scholarship.

Thus in order for the College to maintain its high place among American colleges, there bust be a system of fine co-operation between the athletic and scholastic departments. With this system of co-operation realized and, only with such a realization, will Colorado College maintain its position among the best American institutions of higher learning.

Why not open Coburn Library a few evening of each week for the benefit of debaters and others who, under the present system, find it impossible to do justice to their library readings?

Debaters must search the library for material. The majority of books to which they refer do not contain the information desired. Whether or not certain articles can be used can often be determined in a very few minutes. It is disgusting to a debater to carry home at night a big armful of books, some of which are three or four inches thick, which, upon examination, prove to be of little or no value to him. If the library were opened after 6 P. M. he would no longer be inconvenienced by having to carry home usless books.

If the debater happens to be taking three or more subjects that require library reading, and has to spend several hours each week in the laboratories and in the gymnasium, and is working all or part of his way through college, how may he rightfully be expected to find time for his library work with Coburn closed at 6 o'clock? Perhaps he is working between 5 and 6 P. M. and must depend on some pledge or other friend to take out for him the books which later prove to be unnecessary.

Invariably, those men of C. C. who have expressed themselves to the writer were favorable to the opening of the library at least a few evenings of each week.

—E. C. H.

COMMENTS

by Arthur Disbrane

The Polish Elections

The Polish Chamber of Deputies and Senate met on December 9, to elect the president for the coming term. Gabriel Narutowcz was chosen. He was opposed by the Nationalists who allege that he was elected by the combined votes of the Germans, Russians, Jews, and Socialists. The new president has witnessed several hostile demonstrations against him; on one occasion being snowballed by a body of university students. The Socialists have called a general strike as a protest against these demonstrations. Pulsudski refused to be a candidate for the office unless he could be assured of an all-Polish party which at the present time does not exist.

Germany in Desperate Economic Condition

The economic future of Germany is now dimmed by the prospect of the nation being compelled to issue food cards for the distribution of staples. This action coupled with that of France is making all wheat flour be diluted with at least ten per cent. of flour made from other grains clearly shows the plight that the inhabitants of continental Europe are in. The dividing of the large estates with the consequent diminishing of the production of food in the Central European countries is largely responsible for this present condition. Socialistic theories and cold facts don't always agree.

England Again Rules the Waves

In spite of the Washington Treaty England still is mistress of the seas because she now has the most efficient navy in the world. She has so improved her present captial ships that they are now equal to the best in any navy. The House committee on the Navy reported that the 13.5 inch guns of the British navy were able to outshoot those in the American navy at a distance of five miles. If the United States ever is to compete with England on the sea whether it be in the mercantile marine or the navy we American citizens must become ship-minded. Such was the warning of Edward N. Hurley when he was the head of our wartime merchant fleet. The Americans do not rely on their navy as the British do on theirs for the safety of the nation.

Did You Know That:

The average annual gasoline consumption per automobile in the United States is 420 gallons?

The most powerful warcraft afloat is the British battle-cruiser "Hood"?

The English pound sterling is now quoted at $4.66 and that is the highest point it has reached since the policy of "pegging the exchange" was abolished?

The University of Prague, Sheco-Slovakia is now reported to be the largest in the world?

There is an active campaign in New York to purge the city of the Ku Klux Klan?

For brainey people only, note: Read backwards.

Do fools all, it do would you knew we. —Ex.

She (at fancy ball) Isn't the moonshine wonderful tonight?

He: You'd better be careful, there's a cop right outside.

NUXATED IRON

--MASTER STRENGTH BUILDER OF THE BLOOD

THE POWER BEHIND THE STRONG, STURDY MEN AND HEALTHY BEAUTIFUL WOMEN OF TODAY.

"To make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as Nuxated Iron—organic iron", says William Edward Patterson, four letter man at Colorado College, Colorado Springs, Colorado. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system. It often increases the strength of the weak and delicate people in two weeks tims. It is estimated that over 3,000,000 people use Nuxated Iron annually as a tonic and blood builder.

MAKE THIS TEST YOURSELF and find out where your blood stands

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous run-down people who are ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form.

THE COLORADO COLLEGE NEWSPAPER.

Volume XXV | THE COLORADO COLLEGE TIGER, TUESDAY, DECEMBER 19, 1922 | Number 26

PAN PAN POSTPONED TO MEET NEW PLAN

To Be Combined With Stag Ball

Due to the crowded condition of affairs during the last few days before vacation, it was decided by the Pan Pan committee to postpone this event until after the final examinations of the first semester instead of holding it this week as planned before. Although the plans for the future are indefinite, yet theyq believe that the Pan Pan will be combined with the Stag Ball.

At the Stag Ball it is the custom for only men to attend the ball while the girls of the college are admitted as spectators. The men take the place of the ladies as well as of men in the dance while the real girls watch their imitators from the balcony. In combining the Pan Pan and the ball, the visitors will see a double bill.

The Pan Pan acts will be staged between dances at the ball which will be in Cossitt gymnasium. All acts will be the same as prepared for this Wednesday night and after there are through the cane fight will be held as planned. The spectators will be charged ten cents admission to pay for the prize to the best couple in the Stag Ball.

Extra Two Days Granted by Faculty

The announcement made in Chapel by Dean Jaqua yesterday morning that the Christmas vacation is lengthened by two days is a sure sign that the merry spirit of Yuletide has penetrated the bones of the faculty. One of the chief reasons given for the unexpected two days of the Christmas is that the students will have an opportunity to reach home before the twenty-fifth.

A number of College events cheduled for the pre-vacation days have been postponed in accordance with the edict of the faculty. The All College Pan Pan, the Glee Club Concert, and the Intra Mural games are among the events affected.

Some gay fraternity functions which would have been prescribed by the former ruling are now made possible under the new plan.

INTRA MURAL GAMES PUT OFF

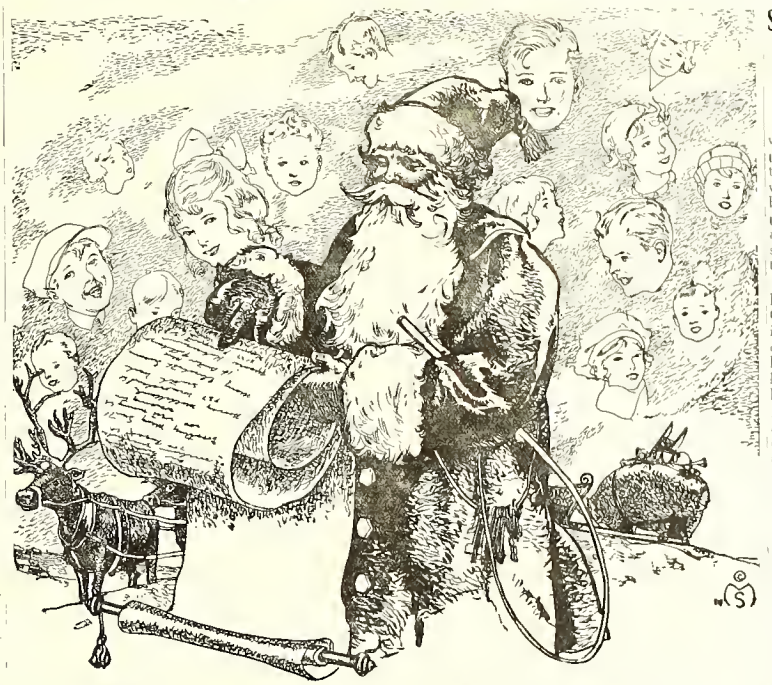
The basketball games between fraternities and organizations will be postponed until after the holidays, with the exception of Tuesday's game. These games will be played Tuesday afternoon in Cossitt gymnasium. Postponing these games until after the holidays gives them the chance of practicing more, and after we come back we should see some fast games.

PROF. LOVITT IN CHAPEL

Professor W. V. Lovitt, in a speech before the students last Friday urged specialization in some course of college education. He emphasized the fact major studies are arranged so that one who specializes in a certain subject must take numerous other studies which tend to make one acquire a cultural education and a broad mind.

He said competition forces many to specialize in the technical schools, where they do not acquire a good cultural education.

A vital factor in specialization is concentration, and if one strives to specialize and concentrates his attention in that subject he will become broad minded and cultured.



A Merry Christmas and A Snappy New Year

MINERVA ENTERTAINS

Minerva is the only society to initiate before the holidays, the initiation being celebrated last Saturday morning. Several of the alumna were present at the ceremony, including Miss Alice van Diest, Mary Clegg Owen, Helen Morton, and Nina Schaffer. Breakfast was held afterward at the Broadmoor, at which silver M.nerva pendents were given to the new members. This was followed by an informal dance.

Those initiated were Margaret Morris, Margarct Smith, Harriet Wilson, Lorene Reynolds, Mrs. Essex, Helen Greybeal, Dorothy Jean Barker, Frances Miller, Janet MacHendrie, Katherine Morton, Harleyn West. Bethany Reinking was initiated yesterday afternoon at five o'clock, since she was unable to be present on Saturday.

ATHENIAN DEBATE

The past two Athenian meetings have been in charge of the pledges. The topic under discussion has been, Resolved: That the ship subsidy bill now before Congress should be enacted. On Dec. 8th Dorothy Graves gave a resume of the question; and last Friday the question was debated by Lilly Bradley and Lavetta Tevabaugh, affirmative; and Luella Pyle and Sara Mintz, negative. The decision of the judges favored the negative. The debate was interesting, instructive, and well handled. Miss Hutsinpillar was present and acted as critic.

C. L. ("Poss") Parsons, head of athletics at Colorado College yast year, says the 1923 football season promises to be the greatest in the history of the Rocky Mountain Conference.

Faculty and Students Adopt New Years Resolutions

New Years Resolutions, as adopted by prominent members of the faculty and student body, to go into effect on January 1st, of the ensuing year.

Resolved, that every other Friday shall be made a holiday—Dean Jaqua.

Resolved, that I shall overlook any breach of rules which the Hall girls may see to commit next semester—Dean Lee.

Resolved, that I shall give no more written quizzes for the remeinder of the year—Prof. Guy H. Albright.

Resolved, that I shall not fall in love with more than one girl at a time—Bob Allen.

Resolved, that I shall give the students at least ten cuts a semester—Miss Landers.

Resolved, that I shall not take roll the second semester of this year—Prof. Swart.

Resolved, that we shall graduate this June—The Senior Class.

Resolved, that we shall give college students unlimited credit, and ten per cent discount on cash payment of all bills—The Murray Drug Co.

Resolved, that I shall play only popular music during chapel service—Mr. Jessop.

Resolved, that Chapel shall be held only two days a week—The Administration.

Resolved, That I shall write no more more poetry.—E. C. Humphrey.

Resolved, that we shall have an eight page Tiger every Friday, and that the subscription price be lowered to fifty cents a year—J. E. Amos.

Resolved, that I shall give a course in the history of golf and the art of wearing golf togs, the first six weeks of next semester—Prof. Hulbert.

Resolved, that I wear only soft collars from now on—Prof. Lovitt.

Resolved, that I shall not ask payment on any more tuition installments—Mr. Postlethwaite.

Resolved, that I shall never again kiss a man on the steps of Bemis—Gertrude Klein.

Resolved, not to charge fines on unreturned books from the library—Manly D. Ormes.

Resolved, that I shall never enter Murrays Drug Store again—Ruth Williamson.

Resolved, that I shall have the Pan Pan or die in the attempt—Don McMillan.

Resolved, that we are not responsible for these resolutions—the editorial staff.

When is a newspaper not a newspaper? Ah yes, Raphael—that is the question. Here is the answer. It's when the advertising manager (long may he wave) sells three pages of advertising to run in a four page issue.

* * *

Bernard Vessey led the students in the third of the all college sings, Monday morning at chapel.

SECOND DEBATE TRYOUTS TO BE HELD AFTER VACATION

Results of First Contest Announced

The second tryouts for debate, which were to have been this week, have been postponed until the first Thursday after the holidays. The hour and the place will be announced later. Some of the Holidays can be spent in finishing the preparation for this preliminary debate and the manager has been assured that some will take advantage of this opportunity.

Last Thursday at 4 P. M. in Room 3, Palmer Hall, the following men of C C. tried out for the honor of representing their Alma Mater in intercollegiate debate: Donald MacKay, Glen McLaughlin, John Dunlway, Hubert Mondy, Alexander Chapman, Ralph Monell, and Bronson Cooke. The judges for the tryouts are Professors Abbott, Swart, and Bramhall. The successful contestants will be announced after the tryout following the holidays.

GIRLS SERENADE FRATERNITIES

Sunday night following the presentation of Eager Heart the girls of the Senior class and the Girls' Glee Club carried out the custom of serenading the fraternities, halls and homes of members of the Faculty. The tour started about ten-fifteen from the halls and ended at two o'clock the next morning.

Miss Leila Taylor was in charge of the singing which consisted of Christmas hymns and carols. The treat is similar to the ancient custom of caroling in Merry England. Although it lacked the proverbial snow, it was cold enough to be real.

The trip carried them to all fraternity houses, the President's home, homes of several of the Professors, and through Hagerman and each of the girls' halls. The girls reported that four fraternities served them with warm food on the way.

Y. W. MEETS TONIGHT AT BEMIS HALL

On account of the change in the time of the Christmas vacation the Y. W. C. A. Christmas meeting has been changed to Tuesday evening at 7 o'clock in Bemis Commons.

Come see the men of the college judge the Christmas dolls that the girls have dressed for the Papetown children! All dolls must be in by the time of this meeting.

Mrs. Mead will tell Christmas stories and Lelia Taylor has prepared special music.

HYPATIA INITIATES

The active members and pledges of Hypatia held their annual Christmas party this afternoon in Tickner Study. A lovely Christmas tree was the main event of the party, at which presents were given to all the guests. Afterwards all enjoyed a dinner in Bemis.

PENALTY FOR STUDES WHO CUT WEDNESDAY

Students missing classes Wednesday will be assessed one dollar for the privilege of taking a make-up exam in the subject.

Edgar Howbert, C. C. '24, who has been attending the University of Michigan the past semester is home for the vacation.

Colorado College Calendars

In every field of human endeavor, the highest achievement is a work of art. Just such an achievement—a work of art—is the Colorado College Art Calendar for 1923.

Each student will want one of these beautiful calendars for his own room; then, of course, he will want one for the folks at home; he can send them no more beautiful description of the college and its surroundings; no doubt, he will want to give several to his friends; such gifts as Holiday Greetings will be appreciated for twelve months and will be a constant reminder of the thoughtfulness of the giver.

The number of calendars available is smaller this year. Place your order early.

These Gift Calendars will be on sale after the chapel period on Tuesday and Wednesday, this week. They may also be procured at the Administration Building.

Eclipse of the sun

THIS is the month when the sun is outshone, and we mortals draw greater warmth and sustenance from that homely provender—mince pie.

It is the warmth of the holiday spirit, which causes human hearts to glow when temperatures are lowest. Mother's cooking—the family united—Christmas trees and crackling logs—what would this world be without them?

In promoting the family good cheer the college man's part is such that modesty often blinds him to it.

It would hardly occur to the glee club man to sing over the songs of Alma Mater for the still Dearer One at home.

The football man would scarcely suspect that his younger brother is dying to have him drop-kick for the "fellers".

The Prom leader would not presume to think that among those sisters who have been waiting to share his agility at fox-trot may be his own sister.

And in general, college men would scorn to believe that any conversational prowess they might possess on books, professors or campus activities could possibly interest a certain Gentleman Who Foots the Bills.

But just try it, all of you. The welcome you get will warm the cockles of your heart.

This suggestion, amid sighs as they look back across the years, is the best way a bunch of old grads here know of wishing you "Merry Christmas".

WILLIAM W. POSTLETHWAITE

William W. Postlethwaite, the treasurer of Colorado College, was born in Harrisburg, Penn., sufficiently long ago to recall the Centennial exposition and the Johnston flood. He was educated in Philadelphia, leaving there in the latter 'eighties to go to Greensburg, Penn., where he was associated with several large coal mining companies, serving as treasurer of the Claridge Gas Coal Company and secretary of the Keystone Coal & Coke Company. While at Greensburg, Mrr Postlethwaite had the opportunity to go to Washington as private secretary of one of the prominent coal operators who had been elected to congress, and had the advantage of interesting congressional work during the fifty-second and fifty-fourth sessions of the national legislature.

In 1896 he returned to Philadelphia as chief accountant of the Pennsylvania Bituminous Coal Company, an association of Pennsylvania operators who formed a headquarters' office in the city. This association dissolved in 1897 and Mr. Postlethwaite came to Colorado Springs and had the privilege of immediately becoming associated in a confidential capacity with the late Genl. Wm. J. Palmer, and at the same time serving as secretary of the Antlers Hotel Company, and the National Land & Improvement company. Mr. Postlethwaite remained with the Palmer interests for two years after General Palmer's death and was then appointed treasurer of Colorado College in 1911.

In 1902 he married Miss Lucile Newman, of Emporia, Kansas. The Postlethwaites have two daughters, Isabel, who is a special in C. C., and Constance who is attending Steele School.

Mr. Postlethwaite has been secretary-treasurer of the Winter Night Club for fifteen years. He is a member of Alpha Kappa Psi. He is also a staunch Kiwanian.

PUBLIC UTILITIES EXPERT TO SPEAK TO A AND B CLUB

Forty One Students Eligible to Honorary Economics Club

The A and B Club is to be reorganized and is to have its first meeting of the year on Wednesday of this week. The A and B Club is made up of students majoring in either the Business or Economics Departments whose grades in these departments average at least A or B. The club had several meetings last year and these were very successful. The first meeting for the coming year promises to be exceptionally good as Mr. C. A. Jackson of Milwaukee is the principal speaker of the evening. He is the chairman of the Wisconsin Street Railway Commission and the president of the National Association of Public Utility and Railroad Commission. Several of the local business men will be at the meeting to hear the address. The new officers will be chosen and plans for the coming year will be discussed. The following students are eligible for membership and will find that the time given up to this club will be more than worthwhile: Misses Ruth Nicolson, Edna Van Horn, Mary Hicks, Ruth Little, Ruth Lawson, Dorothy Jean Barker, Lily Bradley, Evangeline Joder, Evelyne Stannard, and Anne Wrye; and Messers. K. Chick, C. P. Govieau, A. Linger, L. B. Powell, T. J. Wessen, R. McIlvaine, E. Meyer, F. Padgett, J. E. Harvey, D. L. Strother, M. Reinkin, E. E. Louthan, C. A. Ward, W. L. Smith, F. Parker, R. Green, C. R. Daily, R. Gruner, C. R. Haupt, E. Mantey, D. Roedel, R. Swan, M. I. W. Smith, J. J. Dern, E. C. Humphrey, J. L. Ralston, R. H. Wardwell, J. C. Park, W. C. Thompson, Miss Anne Herzog and Mrs. Pattee.

Refreshments will be served.

President Discusses Value of Individual Men in World Affairs

Pres. C. A. Duniway addressed the students upon New Year's Resolutions at the first chapel meeting after vacation. He dealt with the serious helpful resolutions, not the trite joking ones that are usually made.

In speaking of his recent trip east the President described the mass of spectators who witnessed the Yale-Harvard football game in the famous Yale Bowl. He was impressed by the great number of people and the comparative insignificance of one man in the population of the world, or in other words, "What does one man count?" The speaker answered this simultaneously by saying that each person can contribute something toward the betterment of mankind by leading a better life in 1923.

President C. A. Duniway discussed the life and work of Franklin K. Lane, member of President Wilson's cabinet, before the students at chapel Monday morning. Mr. Lane was the Secretary of Commerce in President Wilson's cabinet, and his letters written concerning the actions of the cabinet before the United States entered the war, have been collected and printed, creating quite a sensation. The speaker quoted several of the letters, emphasizing the one about Abraham Lincoln.

President Duniway said that Mr. Lane was reputated as being the Roosevelt of the Democratic party, and truly one of the great active men in the world today.

Profs. Giving Course of Lectures at San Luis School

A series of lectures on current events is being given by Colorado College professors every Friday evening at the San Luis School. Professor W. L. Abbott, of the Economics department, gave the first lecture last Friday evening on "Fascisti." Professor Hulbert and Professor Goodenough are the other men who will give lectures. The Five remaining lectures yet to be given are:

Jan. 18—"Some Aspects of Revolt in Modern American Literature"—Prof. Goodenough.

Jan. 19—"The Economic Situation in Europe"—Professor Abbott.

Jan. 26—"The Miracle of American Unity" (dealing with the adaptibility of American principles to a world state)—Prof. Hulbert.

Feb. 9—"Do We Need a New Constitution?"—Prof. Hulbert.

PHI GAMS, KAPPA SIGS AND BETAS HOLIDAY PARTIES

As a rule the holidays are taken for rest in order to get ready for the finals, but not so entirely, this year, at least. Three out of the six fraternities were active in having social functions during the past two weeks vacation.

The Phi Gams held a sort of Christmas Supper Dance the evening of Christmas Day. The function was held in the house, which was attractively decorated in Yule Tide colors. A Buffet Supper was served during the course of the evening.

Two informal dances featured the social activities of the Kappa Sigs. Both were held at the house. One was held Saturday evening after school was out for vacation, and the other was staged Monday evening, the first of January.

An Alumni Dance at their chapter house constituted the activities of the Betas. It was held the evening of December 26. The Beta Orchestra furnished the music.

"THERE IS NO PLACE LIKE COLORADO COLLEGE FOR A GIRL"

"There is no place like Colorado College for a girl." Such is the statement made on the front page of a recent pamphlet, published by Colorado College, under the direction of Dean Lee.

The pamphlet gives in an attractive summary the various factors in the life of a girl while going to Colorado College. Much emphasis is laid upon the democratic spirit that prevails and the opportunity for a healthy outdoor life. The Pikes Peak region scenery is pictured briefly. A short history of the institution is also found along with the various aspects of the social life, led by the women of C. C. "Colorado College does not foster sororities. Opportunities for social life are afforded through various organizations such as the Young Women's Christian Association, the Dramatic Club, the Girls' Athletic Association, the Glee and Mandolin Club, the Athenian Debating Club, and the Literary Societies." Thus reads the statement concerning the social life of C. C. women.

Dean Lee is now on the Pacific Coast in the interest of Colorado College. The pamphlet is only the beginning of a campaign for a better C. C. for women.

TIGERS BEAT GREELEY IN FIRST BASKETBALL GAME OF SEASON

Frosh Show up Well

The Tiger team with many new faces, due to the ineligibility of many stars, won their first game of the season in Cossitt Gymnasium, Saturday night, from the Greeley Teachers' Team. The game was raggedly played and was a typical early season game with the lack of accuracy and team work generally shown on these occasions.

The finished playing of last year's championship team was noticeably lacking, but the work of Patterson at forward and Captain Harvey at guard was nice to watch. The loss of Francis Ryan, all-conference guard, through ineligibility and "Pike" Bunce, all-conference forward, who is still out with a bad knee, was a hard blow to the Tiger team and if these men as well as Allen, another of last year's letter men are not eligible by the first conference game with Denver on the 26th, the outlook is far from bright.

Denver has the same team intact which took third place in the conference race last season and with another year's experience, will be hard opponents, even with the full strength of the C. C. team to use against them.

Next Friday night another practice game is on the bill for Cossitt Gymnasium, with Gunnison Normal. This game will also furnish the Coaches with a good chance to see all their material in action and help get out the faults shown in the game with Greeley.

DRUCKER SUGGESTS LABOR PROBLEM COMMITTEE

Professor A. P. R. Drucker, head of the business department of Colorado College, has only been recently appointed by Governor Sweet on the board to study labor problems in the state of Colorado. Dr. Drucker has been intensely interested in industrial affairs and his appointment comes as no surprise to those acquainted with his activities along this line.

Mr. Drucker comes forward with a suggestion for a Committee of Cooperation. Although Mr. Drucker refuses to discuss recommendations made to the committee, he does give us his own view as to the proper solution of the labor problem in the state. This committee, according to Mr. Drucker, should be composed of nine members, apportioned as follows: three members representing the public, three representing labor, and three representing the manufacturing interests. All these would be appointed by the Governor.

Mr. Drucker in offering his suggestion, declares that "an ounce of prevention is worth a pound of cure." He declares that it would be far better to make every effort to prevent trouble than to try to cope with it after it has started. In order to do this, cooperation among the three classes of representatives must be required. "Should some problem arise in the federation of

(Continued on page 1)

PAY UP!

The Treasurer's office requests that all delinquent tuition, board and room accounts be adjusted by the fifteenth of the month, otherwise students in arrears will not be permitted to take final examinations.

Betas 13, K. Sigs 12, Hag. Hall 20, Town 7, In Practice Games

The Betas beat the Kappa Sigs by a score of 13 to 12, in the second series of practice games played last Thursday night. This game was one of the fastest inter-fraternity contests that has been witnessed for some time. The game was rough from the start, and many personal fouls were called on both teams. The second half began with the Betas leading by five points, but the Kappa Sigs showed their come back spirit—only to be beaten by one point.

The Hagerman Hall five won their game with the Town men by a score of 20 to 7. This game was very good only it lacked punch. The Hagerman Hall five will lose two of their team on account of their being chosen on the varsity squad. This is the case with many of the teams. To be able to play with a fraternity team or any organization, the player cannot be on the varsity squad, so this will probably have the effect of showing up the games in the future.

The league games of the intramural teams will start the week following final examinations.

CHARLEY BEMIS LOSES BACHELOR PRIVILEGES

Sunday afternoon, December 31, at five o'clock, the wedding of Charles H. Bemis, Jr., and Miss Josephine Helen Miller, was solemnized at the home of Rev. Fred Staff. The wedding came as a surprise to most of the young couple's friends, as it was kept secret until it was over with.

Mrs. C. H. Bemis

Mr. Bemis and Miss Miller were engaged for about two years.

The groom is a member of this year's Senior class, his major is in History. "Charley" has taken part in many of the activities on the campus some of which were: Track, Wrestling, Captain of the wrestling team last year, Baseball, Football, "C" Club, Hitchy Kow, and Chapel Monitor. He is a member of the Kappa Sigma fraternity. His home is in Medford, Mass.

Mrs. Bemis was a member of last year's Senior class, graduating with a major in Biology. During her stay in Colorado College she was Secretary-Treasurer of the Spanish Club, President of the Mandolin Club, and a member of the Girl's Dramatic Club.

Mr. and Mrs. Bemis will make their home in Colorado Springs for the present.

CLASSICAL CLUB CHRISTMAS PROGAM GIVEN THURSDAY

The oft-postponed Christmas program of the Classical Club which was originaly to have been held sometime prior to the holidays was given last Thursday evening in Montgomery Parlors.

Miss Dorothy Carnine read a very enjoyable paper on the customs of the ancient Greek New Year. Alex Chapman also was to have given a paper on the Roman New Year but was unable to be present. Some Latin versions of Christmas songs and carols were studied by the club during the evening.

DEFICIT LAST YEAR PREVENTS C. C. FROM TAKING TOURNAMENT

Six Thousand Dollar Handicap Placed on Mead's Administration

It has been said that C. C. was asleep on the job, or they would have gotten the 1923 high school basket ball tourney. In an interview with Coach T. L. Mead, director of athletics at C. C., he said, "There were several reasons for Colorado College not being awarded the basketball tourney, but mainly they were financial reasons."

He also said that Cossitt gymnasium was not large enough to accomodate enough people to make it a paying proposition. Also that C. C. was $6000 in debt at the beginning of this year, and he felt like they could not take the chances of loosing money. A large payment on this debt has been made during the past year.

The tourney which was awarded to the University of Colorado, at Boulder, will probably be held here in 1924 if there is a large enough place to hold it. Anyway the prospects look very good for the next years' tourney to be held at Colorado Springs.

"Brains and Bananas Do Not Ripen in the Same Climate"—Staff

The Rev. Fred Staff of the First Congregational Church who has recently returned from the Pacific Coast, related his trip through the Panama Canal, to the students at chapel Friday morning. He said that he was more than impressed with the fact that the United States specializes in the doing of things that can't be done, thus meaning the building of the great canal. In speaking of the Central American countries, Rev. Staff said that he fully realized his statement made several years ago in a chapel speech, that brains and bananas do not ripen in the same climate.

He described the workings of the Gatun Locks and his visits to the old city of Panama and San Salvador. While cruising up the coast he witnessed a volcano in action.

Girls Glee Club Postpones Meetings till After Exams

It has been decided to postpone the meeting of the Girls' Glee Club until after final examinations.

Since a cantata has already been given, Mrs. Tucker and Clara Vorreitor are reviewing operas preparatory to the performance of one later in the spring. Nothing definite has yet been decided, but an announcement will soon be made.

TERRORS DEFEATED BY CENTRAL OF PUEBLO, IN SECOND CONTEST OF YEAR

Coach Dan Kline's Terrors were defeated last Saturday night, by Central, to the tune of 24 to 7. This places their average in the South Central League at .500. The Terrors played a defensive game throughout the contest, and they were not able to pierce Central's defense.

GIVE A WINNING TEAM AS MUCH SUPPORT AS A LOSING TEAM.

Captain Harvey's warning that we have not yet won the conference championship should be well heeded. We have an excellent chance of coming out ahead but the other teams of the Rocky Mountains are still playing basketball. They will be all the more determined to play their hardest against us because we are rated strong. We have won games from early season newspaper champions because they were overconfident and we must now see to it that we do not fail in the same way. Every C. C. student should support the basketball team just as wholeheartedly and with as much determination to fight as he would if we had a weak inexperienced team with no hope of winning except by sheer grit. It has been noticeable that we actually do support a losing team much better than we do a winning team. It was noticeable last fall when the whole college turned out with the band to welcome the football team home from the disasterous Utah pilgrimage but could not be induced even by dismissing classes to parade after the victory over Boulder. If we expect our teams to be consistently successful we must not make them wait till they lose a game before we start supporting them.

COMMENTS

by Arthur Disbrane

The Entente Broken

At the last meeting of the Allied powers England and France parted ways and now are pursuing two separate policies in regard to the Reparations puestion. Italy and Belgium decided to cast their lot with France and the widening breach between Italy and France is closing into a working agreement. The Fascisti of Italy are very desirous of having the Latin powers cooperate.

Invasion of Germany Probable

It is now probable that the French and Belgians will invade the territory on the left bank of the Rhine and this territory will be held until Germany pays up what she thus far failed to pay. England has been favoring the adoption of a more lenient policy toward Germany. Bonar Law proposed cutting the Reparations figures one third but the other Allied nations refused to agree stating that the lessening of the figures was to break the Treaty of Versailles. German taxes are not as heavy as are those of France and the French rightfully feel that the Germans should pay as heavily per capita as the taxpayers of France.

U. S. Not To Call an Economic Conference

The attempted amendments to the last naval bill in the Senate calling on the President to call an international conference on disarmament and economic problems has definitely failed. Senator Borah who proposed the amendment later stated that the time is not yet ripe for such a meeting. The military and economic status of Europe is so interwoven with the reparations problem that should the country attempt to settle any military and economic problem we would become hopelessly involved in the reparations controversy.

Mellon For Discontinuing the Issuance of Tax Exempt Securities

Secretary of Treasury Mellon, who is reputed to be the second wealthiest man in the country, has taken the stand that the United States will soon have to enact laws that will prohibit the issuance of tax-exempt securities. The income of the Treasury department is falling off at an alarming rate due to the tax exempt securities. Those securities that can be taxed are not finding a ready market. Such a statement coming from so wealthy a man is significant. Sooner or later all of the bonds that are now being issued free will be taxed.

Scraps from the Training Table

The question of "Pike" Bruce being able to start the first conference game with Denver is one of the most talked of subjects on the campus these days. Without "Pike" in the lineup the outlook is not of the brightest. From Bruce to Patterson and Patterson to Bruce, is sure a wonderful combination and to work another into one of these all conference players' places, will be no easy task. Better to be out at the first though, "Pike", than for the whole season.

* * *

Francis Ryan, Allen and Fisher, all felt the weight of scholarship last Friday and they all signified their intention of winning a Phi Beta Kappa Key before the end of next semester.

* * *

All of the new men tried out in the game Saturday showed lots of promise, five Freshmen, Broyles, Weiner, Brydan, Woods and Hitch, got into the game and showed up well.

* * *

You can't always judge a man's religious training by his conservation on a golf course.

* * *

With the starting of the games in the Intra-Mural League this week, some good games and lots of pep is sure to manifest itself. These games always bring out lots of pep and fight and a little good basketball, and are interesting to watch from every standpoint.

* * *

The melancholy days have come. Wool hose and flopping galoshes!

* * *

Ryan, Fisher and Allen are talking some of entering a Phi Bet team in the Campus League. They should be encouraged in this endeavor.

* * *

Coming down to points, most of us are willing to admit that Noah had the best Menagerie, but Barnum got the most jack.

* * *

A good number of boxing and wrestling candidates have answered Coach Mead's call. More men are needed though to make good strong squads in these sports. If you can spare the time get out and try these new conference sports.

Said the bridegroom to the gloomy-looking man:
"Well, old man, have you kissed the bride?"
"Not lately," repiled the g. l. m., as he passed out into the starry night.
—Wampus.

LANGLEY'S FIRST

MODEL IN FLIGHT

"The way of an Eagle in the air"

CENTURY after century men broke their necks trying to fly. They had not troubled to discover what Solomon called "the way of an eagle in the air."

In 1891 came Samuel Pierpont Langley, secretary of the Smithsonian Institution. He wanted facts. His first step was to whirl flat surfaces in the air, to measure the air pressures required to sustain these surfaces in motion and to study the swirls and currents of the air itself. Finally, in 1896, he built a small steam-driven model which flew three-quarters of a mile.

With a Congressional appropriation of $50,000 Langley built a large man-carrying machine. Because it was improperly launched, it dropped into the Potomac River. Years later, Glenn Curtiss flew it at Hammondsport, New York.

Congress regarded Langley's attempt not as a scientific experiment but as a sad fiasco and refused to encourage him further. He died a disappointed man.

Langley's scientific study which ultimately gave us the airplane seemed unimportant in 1896. Whole newspaper pages were given up to the sixteen-to-one ratio of silver to gold.

"Sixteen-to-one" is dead politically. Thousands of airplanes cleave the air—airplanes built with the knowledge that Langley acquired.

In this work the Laboratories of the General Electric Company played their part. They aided in developing the "supercharger," whereby an engine may be supplied with the air that it needs for combustion at altitudes of four miles and more. Getting the facts first, the Langley method, made the achievement possible.

What is expedient or important today may be forgotten tomorrow. The spirit of scientific research and its achievements endure.

Minerva

The members of Minerva held a purely business meeting last Friday in the club house. Next Thursday the active chapter is to be at home to the Alumnae Chapter at 4:30 at the home of the president, 817 N. Weber St.

Next Friday a meeting for the election of officers will be held at the home of Clara Burghart, 2224 West Pikes Peak.

For Thursday's meeting the following program has been arranged:

Piano solo—Harleyn West.
O'Henry Story—Margaret Morris.
Quartet: Bethany Reinking, Dorothy Jean Barker, Catherine Hood, Frances Tucker. Accompanist, Margaret Smith.

* * *

Contemporary

The weekly meeting the Contemporary was held last Friday in the clubhouse. Following the line of work mapped out for the year, Gertrude Klein presented "Violets under the Snow," by Dennis Cleugh. Esther Norton furnished the music for the afternoon, and tea was served at the close of the program.

* * *

Hypatia

Last Saturday morning Hypatia held its initiation in Ticknor Study, following the ceremony by breakfast at the Broadmoor.

Those initiated were: Martha Mae Kirkpatrick, Evangeline Joder, Rita Fist, Lucy Fast, Elma Jane Clopper, Delma Drake, Esther Patrick, Dorothy Roedel and Kathleen McKee.

* * *

Denver Alumnae Chapter of Hypatia entertained the active chapter at tea at the Brown Palace Hotel on December 28. There were many out of town guests, and the affair was a decided success.

Ben Wendelken arrived home Sunday from Ann Arbor, Mich., where he is studying law at the University of Michigan. He was visiting friends on the campus yesterday.

The Princeton Alumni Weekly for December 6, 1922, contains the following poem by Professor H. E. Mierow of the department of Classics of Colorado College:

NASSAU HALL

By Herbert Edward Mierow '14

Invested with the glory of the years,
As with a garment bright with many a star,
Changeless she stands — and yet, in some strange way,
Adorned with pearls of laughter and of tears.
About the time-worn stones of Nassau Hall
There clung diaphanous memories of old,
That serve but to reveal her peerless grace.
How many men have thrilled to hear thy name!
How many men who sleep where poppies bloom,
And some who at the outposts of the world
Still bear the torch of Princeton through the dusk,
Dispelling sin and superstitions fear,
And lead men upward toward the mountain top.
These are the gems that sparkle on thy brow!
We never knew thee till we went away,
We know thee now, great Light upon the hill,
Who far dost cast thy beam of guiding hope
To Princeton ships upon life's restless sea.

On the Campus

RAY C. GREEN

Ray C. Green truthfully admits his age to be 22. Ray was born in the town of Keota, Iowa. We will say that he does not look much like a farmer even if he did originate in a farmer's state. Ray graduated from the Grand Junction High School in the class of 1918. The year following he did not attend school as he was a member of Uncle Sam's army. He entered Colorado College in 1919.

Ray has a number of hobbies and to name the one he likes best would be a gamble on our part. Moonlight, Moonshine and the habit of getting engaged are the foremost in the list. He expects to be a married man one of these days and to a very ernest girl. We are in doubt as to which one so we will not venture an opinion. The Pledges often bewail the fact that Ray writes so many notes to the hall girls as it means at least one trip a day for one of their number. The worst of it is that the unfortunate pledge always has to wait for an answer.

As for the future Ray plans to be a doctor. He is, however, majoring in history. As to the school he will attend next year Ray is undecided although it will be in the east or at Iowa University.

He is quite efficient at the art of applying Brilliantine. Three Flowers and sure throws a wicked powder puff. He will long be remembered as the girl who made great sensation at last year's Pan Pan. As we have heard it expressed, Ray would be a fine looking chap if he was a girl.

No matter how much of the above stuff is true Ray is industrious to the extent that he is working most of the afternoons and evenings. He is a movie director at the Rialto and a member of the Y. W. C. A. Dining Association. He has lots of pep and is in to the college activities as much as his limited time will permit.

He was a member of the track team in his freshman year, and the Glee Club in his Sophomore year. He has shown his ability as an actor in the Junior Farce and in the Pearsons Dramatic Club. Ray was initiated into the dramatic fraternity, Theta Alpha Psi, this year.

We heard one good one that even we cannot refrain from telling. A certain young lady was on the sick list and Ray wanted very much to send her flowers. He induced one of his fair admirers who is engaged in the floral business to sell him a nice bunch for half price which he dispatched to his sick friend. We admire him for the good idea and hereafter plan to order all our flowers thru Ray if he will be so kind-hearted.

C.C.'s Who's Who

Birthday Greetings!

WILLIAM D. COPELAND, A. M.

One point of interest to this chronicle is that W. D. Copeland, while one of the youngest members of the faculty is also one of its oldest men on the campus. Also, he is one of the very few native born Coloradoans on our faculty.

Mr. Copeland was born in Denver, Colo., January 9, 1897. He attended grammar school at Long Beach, California, and later at Georgetown, Colo. In 1910 his family moved back to Denver, and he was graduated from the East Denver High School in 1914.

He entered Colorado College in 1915. He majored in economics and received his A. B. Degree in 1919, and the following year he received his A. M with a major in Business Administration and Banking, and an English minor.

He became assistant secretary of Colorado College in 1919, and when Prof. Motten accepted a position as secretary of the International Rotary Association in 1920, Mr. Copeland accepted the position of Secretary. As Secretary he isalso high school inspector for the college. By virtue of this position he is a faculty member and a member of the administration of the College.

By the following list it can be readily seen that Mr. Copeland's life is anything but monotonous: Member of: Kappa Sigma, Alpha Kappa Psi, Tau Kappa Alpha, Theta Alpha Phi, Kappa Beta Phi, Sigma Delta Psi, Pearson's Dramatic Club, and faculty representative to the Rotary Club.

The pledging of Howard Olson was announced yesterday by Beta Rho of Pi Kappa Alpha. Olson is a member of the Sophomore class, and is from Colon, Nebraska.

The Tiger

THE COLORADO COLLEGE NEWSPAPER

Volume XXV | THE COLORADO COLLEGE TIGER, FRIDAY, JANURY 12, 1923 | Number 28

SUBSCRIBE NOW FOR PIKES PEAK NUGGET

Juniors and Seniors Must Have Photos Made Soon as Possible

The 1924 Pikes Peak Nugget was placed on sale for the first payment yesterday after chapel. The price this year is only four dollars and the payments are to be made in two installments of two dollars each. The first payment is due on February first and the second when the book is published in May.

The announcements concerning the book promise that it will be the best book in every way that has ever been published by any class at Colorado College in its history. Every feature about the book is to be unique in its development and composition. There will be a cover, which is in itself a work of art, and inside there is a great treat in store for all. The paper on which the book is to be printed is the best quality which the market affords, and the division pages are to be highly superior to any that have ever been used in this part of the country.

From the point of completeness the 1924 Nugget will be eminently above the books of past years, as not even the smallest detail of the year's activities will be omitted. The view section, the Athletic section and the feature section, all these are to be handled in the very latest fashion for engravings, and printer's styles. The section of events will be a sight for sore eyes, that have long been weary of the steriotyped sections of other books. Now for some inside dope on the feature section, if you can imagine a picture of Prof. Davies in scant attire, pressing his own trousers then you will be able to imagine the novelty of this section. All we need to say is that it is in the hands of Russell Hunter and you may rest assured that it will be unique.

The photographer is now busily engaged in taking the pictures for the Senior and Junior classes and has set the time limit for Feb. 5. Fults Studio is doing the work this year and is giving a very attractive proposition to the students. He makes four proofs, finishes one dozen prints from the one selected, offering a selection of six different styles of finishing and mounting, and makes the cut for the Nugget all for the price of $4.25. Sittings may be arranged for at any time and as the rule is first come first served, it will be well to be early.

Do "Frat Pin" Engagements Really Count?

(From the Daily Californian)

Is a "fraternity pin engagement" for life or just for college?

"They are as successful as regularly announced engagements," says Edward Paya of the Spanish department. "It is true that the co-eds wears a fraternity pin from habit, but she doesn't change sweethearts any oftener than she does pins. It is a pastime that makes campus life more attractive."

Paya believes that few marriages result from this pastime, because the two learn too much about each other. Those marriages which do take place are usually successful because the participants develop the same tastes during their three years of companionship. When the engagement is broken, neither person should hold the other responsible. Paya believes that men other than the owner of the fraternity pin have a right to step with the girl who wears it.

LICHTY TELLS OF VALUE OF C. F. & I. TO COLORADO

Mr. A. H. Lichty, vice president of the Colorado Fuel and Iron Co. spoke to the students at chapel Wednesday morning upon the various products his company produces and of its value as an industry to the State of Colorado and to the middle western states in general. His talk was of great value because it brought before the students great amount of raw and manufactured materials this company produces, and the great number of men it employes.

The C. F. & I. is strictly a Colorado industry and the largest in the state. Its plants are situated at Pueblo and its coal mines in the vicinity of Trinidad. Its iron mines are situated at Sunrise, Wyo. just across the border. Mr. Lichty said that there was enough ore there in large deposits to run the plants for 75 years.

(Continued on page 4)

KAPPA SIGS ENTERTAIN NATIONAL OFFICERS WED.

Last Wednesday evening Beta Omega of Kappa Sigma was honored by a visit from two of the fraternity's national officers, Dr. W. S. Ferguson and Mr. Beverly W. Howe, and from the head of this district, Mr. R. W. Bradford. Dr. Ferguson is a member of the faculty in the Cornell University shcool of medicine, and lives in New York City. Mr. Howe is from Chicago and is a prominent lawyer in that city. Mr. Bradford is from Denver.

The visitors were shown a royal welcome by the fraternity. After being shown through the chapter house, the guests accompanied by the members of the chapter went up to Bruin Ina for a banquet. Prof. C. C. Mierow acted as toastmaster. The banquet finished, the party came back to the chapter house where a short program completed the evening's entertainment.

NATIONAL PEP FRATERNITY INSTALLED AT K. U.

Lawrence, Kansas.—Pi Epsilon Pi, which is believed to be the first national pep organization, came upon the University of Kansas campus with the new year. The organization was started Monday, December 18, at the Baltimore Hotel in Kansas City as a result of several months' steady writing on the part of a K. U. man.

Five pep organizations in the Missouri valley sent delegates to the conference, thus becoming chapters of the national organization. After an all-day session the constitution, ritual, pin and crest were accepted. The Cuckleburr was made the official flower, and blue, white and orange were adopted as the official colors.

Initials Spell Pep

The initials of Pi Epsilon Pi spell pep and the individual chapters have been allowed to keep their former names as chapter organizations. The membership is limited to from 25 to 40 men. No grand officers have as yet been elected, but will be chosen in a few weeks.

Bredberg, the organizer, says: "The effect of this organization is going to be a better spirit of friendliness and sportsmanship among the various universities especially during the times of athletic events. Many schools which have never had pep organizations are going to wake up now and organize."

COLLEGE MUST PAY FOR CASCADE AVENUE PAVING

The City Council, in session Tuesday, by a unanimous vote rejected the resolution of the Chamber of Commerce requesting a refund of $11,000 to Colorado College, which is its share of the cost of the paving and other improvements on North Cascade Avenue. The city clerk was asked to write a letter of explanation to the Chamber of Commerce concerning the action taken.

The council followed the advice of City Attorney Irwin. He stated that the request of the Chamber of Commerce, if granted, would be illegal. Declaring that the paving ordinance stated that half of the cost of the paving should be paid by owners of abutting property, Mr. Irwin said that he did not wish to start a precedent of refunding money for such institutions as Colorado College, the Y. M. C. A. and the Y. W. C. A. as well as a number of churches in the city.

The assessment against the College is $11,284.04, less $767.35 discount for a cash payment of $767.35.

COMMENTS

by Arthur Disbrane

France and Belgium Invade Germany

The French and Belgian armies have advanced into Germah territory to demand that Germany make payment on the Reparations. This action was taken after Germany had been declared to be in voluntary default of the coal and wood payments for the last quarter of 1922.

American Troops are Withdrawn from Germany

The administraton heads in Washington have decided to recall the last of the A. E. F. in Europe. The soldiers in the Rhineland are not pleased since they were able to take advantage of the depreciated value of the mark and were living better than the natives. The present monthly pay of a private in Germany was three million marks.

Klan Trial in Louisiana

The eyes of the nation are now centered on Mer Rouge, a town where the Ku Klux Klan has been accused of cruelly putting to death two men whose mutilated bodies were found in a lake after a search of three months. So far no charges against the Klan has ever been proved and it is not likely that this trial will be the first to be decided against it.

French Taxes

The French income taxes do not bring in anywhere near the amount of money that the British and American taxes do. This because the number of Frenchmen who have large incomes is proportionately very small. The number of people having an income over 20,000 francs is slightly in excess of 500,000. At the normal rate of exchange that is about 4,000 dollars but at present, due to the adverse trade halance that sum is about 1,500 dollars. The French nation, while it is wealthy has that wealth distributed as no other nation. The people of that country have always been used to paying indirect taxes and at present they amount to approximately one third of the income of every man, woman and child in that country.

(Continued on page 4)

McILVAINE URGES MORE INTEREST STUDENT AFFAIRS

Robert McIlvaine, president of the Student Commission, exhorted the students to a more active part in the various activities on the campus, especially debating, in a speech at chapel Tuesday morning.

About 100 failed to redeem their $1 pledges for the Nugget last year, according to Mr. McIlvaine, and the Student Commission is still holding these notes. He urged that unless the students could live up to their pledges, not to subscribe this year.

Mr. McIlvaine also deplored the fact that many who take part in the college activities demand some financial remuneration for their work. This is a decidedly wrong attitude to take toward college activities, he said.

RUSS HUNTER ELECTED MANAGER JUNIOR PLAY

Russel Hunter was elected Manager of the Junior Play for this year in a short meeting held by the Junior class immediately after chapel Thursday morning. No further action has been taken on the play beyond the election of the manager.

The Junior Play of last year was "Mrs. Temple's Telegram", a farce which was greatly enjoyed. This play had to be presented twice to accomodate the people who wished to see it. Frank Mahan was the manager of this play.

INDIANA WOMEN FIND OUT WHAT MEN LIKE IN "DATES"

Indiana University.—What quality or accomplishment is most essential in what a man terms a "good date?" Women students of Indiana University, who aim to please, took a census and found that brains are no attribute as far as popularity is concerned. A good line seemed most desirable. Sense of humor and pulchritude came in for their share while sorority qualifications was ignored completely.

Indiana co-eds, after satisfying their curiosity, declare that it doesn't mean anything. And the men—well—silence is golden.

UPTON SINCLAIR CHARGES "SPY SYSTEM"

Upton Sinclair, in his new book, "The Goose Step", charges the University of Minnesota with maintaining a "spy system" and a black list against liberal instructors and says that academic freedom is entirely lacking in the institution. Besides the University of Minnesota, the University of Pennsylvania, and Wharton chool of Finance, are scored.—Ex.

Y. W. TEA TUESDAY OF EXAM WEEK

The Y. W. C. A. will have its annual Exam tea in Ticknor Study Tuesday, January 23 from 1:30 to 6 o'clock.

This furnishes a most welcome break in the exams for all of the girls of the college, a place where they may spend a social hour and rest for a time between the exams.

Light refreshments will be served.

GUNNISON NORMAL TIGER MEAT TONIGHT

Western Slope Teachers Expected to Spring Surprise Attack

The game with Gunnison Normal, slated for tonight promises to be a good one. They have a fast group and, although not in the conference, are an affiliated school. They hope to become members of the conference soon.

The "Phi Beta's", Ryan, Fisher, and Allen will not be in the game, neither will "Pike" Bruce who is being saved for regular conference games. With these men out of the game, it will, in all probability, be close.

Coach Krause, of Gunnison, has a fast team, and rumor has it that he has a pair of forwards that are hard to stop. This game will be a deciding factor in the matter of Gunnison being eligible for the conference, and this will make Gunnison play all the harder.

ALLIGATORS PETS OF CORNELL WOMEN

Nine-inch alligators are replacing toy dogs as pets with the Cornell sorority women. These pets are easily carried about in one's coat pocket and are still new enough to cause quite a sensation when they stick forth their grinning heads from their resting places. Alligators are less trouble than an eight-day clock, as they only have to be fed once a month. They are then fed on a piece of raw meat which must be forced into their mouths by prying open their jaws.

A few enterprising students have indulged in alligators which are over two feet long. These have proved to be a problem, as the only convenient receptacle that can hold alligator and water at the same time is the bath tub.—Daily Kansan.

MINES PASSES RESOLUTIONS TO CURB ROUGH NECKS

The Student Council at Mines recently passed resolutions concerning the conduct of Mines men when not on the campus but yet representing the school:

Whereas: The reputation of the Colorado School of Mines has been imperiled by the ungentlemanly conduct of a few of its students, and,

Whereas: The student body as a whole looks with disfavor upon such conduct, therefore,

Be It Resolved: That any student who, in the opinion of the Student Council, is found guilty of misconduct, either on the campus or off, that would bring discredit upon the school will be recommended by the Student Council for expulsion.

The council also passed a resolution that all dances close at 1 A. M., except the Junior Prom and Freshmen Ball.

Y. W. SING WEDNESDAY

Gathered around the fireplace in Bemis commons, the girls of the Y. W. C. A. had an informal sing Wednesday evening. The old Conference favorites were sung as well as some other songs. Katherne Orendoff gave the reading, "The Road to Yesterday."

This was, according to those present, one of the most pleasing meetings of the year.

There will be no regular meeting next week on accomt of the exams.

WHY NOT HAVE OUR POLITICS OUT IN THE OPEN?

One of the more useless of the traditions of Colorado College is the practice of carrying on school politics in the dark. The theory of course is that we don't have partisan politics. Perhaps we don't have permanent parties but we most assuredly do have the worst features of petty ward politics without the redeeming feature of the right of debate either on candidates or issues. It is not considered good form to get up in meeting and support a candidate much less denounce another candidate. This often results in incompetent officers being elected because those who could testify to such incompetency are not permitted by custom from exercising their right and duty toward their group.

What would be objectionable to carrying on campaigns for college elections? Why wouldn't it be a good thing to allow speeches and even advertising in the interest of candidates and issues?

We live in a country that believes in popular elections. In order that the public may really have a choice in the matter an attempt is made to present the issues to the voters thru legitimate publicity. There are abundant abuses of our political system but these abuses are not the fault of honest publicity but rather in spite of it. The thing that makes national, state and municipal politics corrupt is the very thing we are featuring right here in our little laboratory of life we call Colorado College. We have the system of nomination by the political bosses and professional student politicians but we do not have the offsetting influence that keeps the parallel operations in real life within the limits of at least the semblance of honor.

Our fraternities are our political parties and they control the situation by the exercise of the shrewdest political psychology. Occasionally a non-fraternity man forces his way to a good political job but such occasions are rare. But what of the woman? As to such jobs as the women alone vote on there is considerable doubt as to how anything exciting happens, if ever, but when it is a race for some position which the whole student body votes on, the fraternities again control. There are very few if any formal alliances between fraternities. The fraternities are the ones interested in developing their members and for that reason are active in politics.

We believe that if organized campaigns were carried on there would be less voting for a man because he happened to be a Kappa Sig or a Beta and more consideration would be given to his actual fitness for the job. We are working in the dark. We have a weak political system. Worst of all we are not getting the benefit of what could be made an excellent laboratory of politics. IS IT SACRILEGE TO SUGGEST A CHANGE?

WELLESLY GIRLS QUIT SCHOOL RATHER THAN CIGARETTES

Two co-eds recently withdrew from Wellesley College rather than give up smoking cigarettes. The girls were caught smoking in their rooms and told that the penalty was expulsion and that if they were caught again they would be reported to the dean. They say the school "does not permit the development of the new women."

* * *

The senior class of Smith has taken out insurance for a class gift. Twenty members are insured for twenty-five years and the premiums are paid by collecting $4.50 a year from each member. At the end of 25 years the class of 1923 will give $45,00 to the college.

* * *

QUALITY—NOT QUANTITY

The University of California.—"I believe in short assignments well assimilated rather than in long assignments merely read over," said Prof. F. M. Russell of the political Science department. "Students' objections to long assignments is not due to laziness in most cases, but to real lack of time."

Professor Russell believes that instructors frequently give long assignments because of their own interest in a subject, forgetting that members of their classes, have many courses in which to study. "The quantity of work we try to do just for quantity's sake is over-estimated in value. It is the quality that ultimately counts."

Fifty young men who had neglected to appear at a yell practice were recently humiliated, before a student gathering, with efficiently wielded paddles.—Gonzaga Bulletin.

C.C.'s Who's Who

HARRY A. FLING, A. M., Ph. D.

Dr. Harry A. Fling was born in Portland, Maine. He attended the primary and secondary schools in that city. In 1882 he entered Bowdoin College, from where he received his A. B. degree in 1886, and his Master's degree in 1887.

From 1887 to 1890 he was principal of the high school at Old Orchard, Maine. At his father's death in 1890 he went to St. Paul, Minn. to take charge of his business. For the next four years he traveled over the U. S., establishing agencies for the marketing of the products of the business in the largest cities of the country.

In 1894 he took a year of graduate work in Biology, at the University of Wisconsin. The following two years he completed his research work for his Ph. D. which he received from the University of Chicago in 1897.

While at Chicago he was a member of the chapel choir for one year, the President of the Glee Club in '96, and a Fellow in Biology in 1897.

From 1897 to 1919 he was Professor of Biology at Ostegish Normal School, of Wisconsin. The following year he was state manager for the Keystone Co. with headquarters at Lincoln, Nebr.

He came to Colorado College in 1921 as Associate Professor of Biology.

Prof. Fling's hobbies are singing and gardening.

He was a member of Psi Upsilon Fraternity at Bowdoin College.

What chance have you got against him?

IT was a cynic who said: "Some men go to college. Other men study."

A slander! But yet there probably are college men whose bills for midnight oil are not large.

And there are men who left school in the lower grades who, along with a hard day's work, put in long hours of study—spurred on by a dream and a longing.

Look out for them.

The achievements of non-college men in business suggest an important fact. Success seems to depend, not so much on the place where a man studies, as on the earnestness of the student.

But, granting equal earnestness and ability, it is still true that the college man has the advantage.

Regular hours for study and lecture, the use of library and laboratory, the guidance of professors, contact with men of the same age and aspirations—all these will count in his favor, *if he makes the most of them.*

A big "if." The new year is a good time to start making it a reality.

Every team in the Conference is pointing for the Tiger game this year in basketball. The Bengal team is favored to repeat for championship; and every team will arrange their practice and conditioning to reach their peak of strength for the Tiger game. This means that C. C. will have to be at its best for every game and show a real championship team to go through the season undefeated. Overconfidence by the student body will not help the team to accomplish this task. We have a great team and can afford to be confident but not cocky.

Boulder Takes Back 119 Out of 315 Flunk-outs

Of the 315 students who flunked out at the end of the last quarter at Boulder, 119 have been readmitted on petition.

* * *

OKLAHOMA DROPS 'EM

At the University of Oklahoma an automatic dropping system is being used; under it a student who fails in two-fifths of his work in one semester is on probation; if he fails in this amount of work for two successive semesters, he leaves the University and has no chance of reinstatement.

KIDDER PROMISES BETTER NUGGET THAN EVER BEFORE

Bradley Kidder, editor of this year's Nugget told the students Thursday morning of the merits that the Nugget will have. He declared that it would be better than the best that was ever put out. It will have some entirely new features and a large amount of space devoted to good jokes.

About 400 of the Nuggets will be printed this spring. The pledge cards were distributed Thursday morning, so that those who wish Nuggets had better sign at once.

LICHTY

(Continued from page one)

The C. F. & I. controls the largest coal mining industry in the state, producing about four million tons yearly. Forty five per cent of this is used by the company itself in its plants, and fifty five is sold to the railroads and domestic consumers.

The steel plants supply rails to nearly every large railroad in the west and during the war supplied the railroads in Alaska, Japan and Russia. During the war these plants were some of the largest that were producing steel for the government.

Mr. Lichty gave an interesting account of the different products that his company produces from coal, eleven different products being extracted from one ton of coal, which are ordinarily wasted in the black smoke.

The C. F. &. I. brought between $31,000,000 and $32,000,000 into Colorado during 1920. It has a $25,000,00 payroll of which 90% goes to Colorado men, employing between 40,000 and 50,000 men. Besides these it pays very large taxes and pays for a amount of freightage.

The plants at Pueblo are some of the largest producers of wire and nails, which are sold to consumers in large quantities all over the U. S.

DRISBANE DOPE

(Continued from page one)

Government Economy

The present administration is economising wherever and whenever possible. In two years the national debt has been reduced three billion dollars and the budget for the coming year is two and one quarter billion dollars less than for the year 1920. The number of government employes has been reduced almost one third and the administration plans to further cut the number by consolidation of some of the bureaus. No matter how a person may feel toward the administration he will have to admit that it has faithfully carried out its policy in regard to national economy.

Sweet Inaugurated Governor of Colorado

Last Tuesday at noon William E. Sweet was sworn in as the governor of the state for the coming term. Shoup, the ex-governor, made several appointments the day before he left the office as the supreme executive of the state. Among these appointments was that of giving a place on the Civil Service Commission to Colonel Pat Hamrock who until recently was the head of the Rangers. This appointment was met with disfavor by the Sweet crowd which has appointed a woman to the place which Hamrock has refused to vacate. A settlement thru the courts will, no doubt, be forthcoming in the near future. In his inaugural address Mr. Sweet outlined his policy for the coming term. He is for the abolition of the Rangers, in favor of a state income tax and a corresponding reduction in property taxes, some form of state aid for the farmer, in sympathy with the direct primary, and insists that the "living wage" should be the prime consideration in any labor dispute. The defeated candidate was in favor of a state income tax but differed, in the main, on the other points. Mr. Sweet is under the handicap of having both branches of the legislature in the control of the Republicans.

Spanish Art Discussed at Spic Club Meeting

The Spanish Club held its first meeting since the holidays last night in Ticknor Study, at seven-thirty. Besides the regular business meeting, there was a very interesting talk by Prof. Cabello on Spanish Art. The club also spent a part of the evening singing Spanish songs.

Minerva

The active members of Minerva entertained the Colorado Springs chapter of Alumnae last Thursday afternoon at an informal tea at the home of Frances Tucker. After the short program of songs, a reading, and a piano number, refreshments were served by the members.

On Friday the active chapter met at the home of Clara Burghart for a business meeting. Mrs. A. G. Sharp, Mrs. John Speed Tucker and Mrs. James H. C. Smith were elected honorary members.

(Continued on page 4)

Davies and Remmers Publishes Articles on Psychology in Periodicals

Dr. Davies and Mr. H. H. Remmers of the Psycology Department are becoming widely known through the agency of several psycological periodicals. Since the first of the semester both have had numerous articles in different numbers of these magazines.

In an early number of the "Psycological Review" Dr. Davies will have an article on "The Influence of Biology on the Development of Modern Psycology in America." Mr. Remmers has a book review in the December issue of the "Journal of Educational Research". This review is written on the book "Text Book Selection" by Franzen and Knight.

Dr. Davies will go to Denver this week end to attend a meeting of the Executive Committee of the Colorado Sunday School Association.

LAST TIGER THIS SEMESTER

This is the last Tiger for this semester. There are no members of the Tiger staff who can safely give time to putting out a paper during examination week. For that reason there will be none. The first semester begins Monday, January 29, and the first Tiger of the new semester will be out Tuesday the thirtieth. There are to be a number of changes in the personnel of the Tiger Staff beginning with that issue.

DON McMILLAN RESIGNS AS HEAD PEP DISTILLER

Don McMillan's resignation as Chairman of the Enthusiasm Committee was tendered to the Student Commission at their meeting last week. The Commission accepted the resignation and gave a vote of appreciation to Don for his successful career as the chairman and the work which he did in making C. C. pep known.

The motive for his resignation was the great amount of work connected with the jog which interfered with his schoolwork during his graduating year. Don McMillan accepted the appointment as chairman with the understanding that it would be only for the duration of the football season last fall. He has put in a lot of time and work with his post and has put across several successful features in connection with the football games in the way of special trains and pep demonstrations.

The president of the Student Commission has not made any appointment for the vacancy, and probably will not until after the final examinations are out of the way.

One of the first duties of the new chairman will be bringing the Pan Pan to a realization. All except a few details are ready and it is hopedto hold it sometime within three weeks after the beginning of the next semester. Bronson Cook, the stage manager, says that the acts are all arranged, and the scenery is being prepared.

"WE HAVE AN EVEN CHANCE TO WIN THE FIRST GAME"

—D. U. Coach

Denver University, Jan. 15.—Denver University feels that they have a very promising basketball team this year. The team has played several practice games and won all of them but one, that with a team of former college stars including Bunte and Clow.

Eight men are battling for first-string positions. They are: Captain Bowman, McLaughlin, and Howells at forward; Edgar and McQuade at Center; and O'Donnell, Beal and Scilla at guard. It is likely, according to Coach Woods, that all of these men will alternate in the games.

"We have an even chance to win the first game with Colorado College," said Woods. "One favorable sign is that the men are not overconfident. Perhaps they have not confidence enough. But it is better that way than for them to go into the game favorites, thinking that they will easily win, and not putting forth their best efforts."

TIGER-GUNNISON GO PROVED TO BE EASY WALK AWAY FOR C. C.

Buell Crawford, Former C. C. Man, Scored Eleven of Visitors Thirteen Points

The Tiger team found little competition from Gunnison Friday night and chalked another easy win with the final score standing 47 to 13. The expected strength of the Western Slope team failed to materialize and the badly needed competition for the Tiger squad was not obtained.

The Bengal team got off to an early lead and although using the whole squad during the game the lead was always increasing, the substitutes more than held their own when they got into the game.

Patterson again led the scoring with 23 points chalked up after his name, before giving place to a substitute. His foul shooting especially showed a great improvement over the previous week, Captain Harvey and Ed Ryan played a slashing game at guards and gave promise of keeping the Tiger goal from much danger during the game.

All but two of the visitors' points were made by Buell Crawford, a former C. C. student and a member of the Beta Theta Pi fraternity.

(Continued on page 4)

Scraps from the Training Table

The Tigers defeated Gunnison 47 to 13 on Friday night. Denver University trimmed the same team 61 to 12 on Saturday night. The difference in these scores indicates clearly what the Tigers are up against in their first game with D. U. on the 26th of this month. This game may decide the championship as D. U. and Mines are figured as the strongest contenders to stop the Tigers if they are stopped. The proper attitude by the student body backing our championship team is needed to help put over this win.

* * *

Even if Allen and Francis Ryan are eligible for this game their lack of practice in conditioning games is sure to handicap the team play of the Bengals. Added to this is the almost sure loss of Piker Bruce, one of our all-conference forwards and half of our great scoding machine, Patterson and Bruce. Pike's knee has failed to knit properly and it is very doubtful that his own nerve and optimism will allow him to even enter the game. Coach Mead and his squad realize that they are up against and are working hard to overcome these handicaps. A proper attitude of general confidence in the team and coaches and not cockiness, is needed in the whole student body. Go to Denver on the 26th expecting to see a real championship team start the season off right but don't go up bragging about how easy it is going to be because it is not going to be easy and another championship may be at stake.

* * *

With Francis Ryan again eligible a lot of the coaches' worrying about the center position will be ended. Hitch and Hill have shown up well but Fran is in a class by himself when it comes to floor work. His brilliant playing at a guard last year earned him an all

(Continued on page 4)

NOTICE TO DEBATERS

There will be no formal practice debates until after final examination week. Since at the close of the week of the final examinations we will have two days of vacation it is imperative that the men on the squad at least get their material so that they can study. Get together with the men debating on your side of the question and apportion out the work so that all can be ready for a debate the first week of the coming semester.

THETA SIGMA PI (HASHERS) BALL FRIDAY NIGHT

The active members of Theta Sigma Pi, hashers' fraternity at Colorado College were the hosts at a dance Friday night in Cossitt Commons. The dance was one of the best ever given by the hashers, in spite of their reputation for such in the past.

The black and white color scheme was carried out, not only in the decorating but also in the apparel of the guests. For the greater part of the evening, the hashers danced in their white coats. Small aluminum trays with printed programs pasted on them, were given to the guests as souvenirs. Music was furnished by Peyser's orchestra.

The names of the guests include: Evangeline Joder, Helen Hart, Genevieve Vanderhoof, Margaret Smith, Alice Sweet, Lyle Blaine, Martha May Kirkpatrick, Ruth Espey, Katherine Mortour, Fern De Flon, Dorothy Jean Barker, Ethel Reasoner, and Ruth Williamson. Mr. and Mrs. Postlethwaite were chaperones.

KIDDER URGES STUDENTS GET SHOT BEFORE FEB. 10

The contract for the Junior and Senior class pictures for the 1924 Pikes Peak Nugget has been awarded to the Fults Studio, on the basis of the canvassed opinion of the student body and the price cost. The proposition which the Fults Studio makes is as follows, they will make one sitting of four proofs, then from the one selected they will print one dozen pictures giving a choice of six different styles, and finish the cut for the Nugget at one price of $4.25 for all. The second proposition is for the Nugget cut alone with no prints fmished for the individual, this they will do for $2.75.

As this years editor of the Nugget, Brad'ey Kidder desires to make the book uniform in all respect it will be necessary to have all work handled by one concern. Kidder says that he has satisfied himself that Studio Fults is in every way prepared to handle the work of taking the pictures, having gone so far as to purchase additional materials in order to do the work as the Nugget staff desire. There will he a charge of seventy-five cents on all pictures not taken at Fults, which charge is made to cover the cost of having the cut made for the Nugget. The upperclassmen should bear these facts in mind when they have their pictures taken and also remember that February 10th is the last day that you can have your picture taken by any photographer.

SIG CHIS, PI KAPS AND PHI GAMS HOLD PARTIES SATURDAY

Acacia Hotel, Broadmoor Art Academy and Bruin Inn Scenes of Festivities

The social whirl of the campus for the first semester drew to a close last Saturday evening when three of the mystic greek organizations entertained the fairer sex. Those giving parties were: Sigma Chi, Pi Kappa Alpha, and Phi Gamma Delta.

Sigma Chi

Sigma Chi entertained at a dance in the Acacia Hotel ball room, the chaperones were: Dr. and Mrs. A. C. Holland, Mr. and Mrs. J. T. Milliken, Mrs. Loring Lennox. The guests follow: Misses Ethel Reasoner, Mary Clegg Owen, Eunice Scribner, Yolanda Ingle, Louise Covey, Carlita Wetherel, Bonnie Walker,, Frances Wiegle, Helen Anderson, Thelma Blaine, Marie Coleman, Lyle Blaine, Mrs. C. F. Rice, Constance Grant, Elenor Pendleton, Hila Van Hook, Martha Guttenberger, Marjorie O'Brien.

Pi Kappa Alpha

The Broadmoor Art Academy was the scene of an informal dance given by the members of Pi Kappa Alpha. Prof. and Mrs. Douglas acted as chaperones. The guests were: Misses Miriam Malsbary, Margaret Druehl, Sadie Kier, Dorothy Carmine, Bernice Ryer, Norma Raley, Charlotte Waterfield, Elsie Britton, Mary Patterson, Edith Bloom, Margaret Tyson, Ruth Allen, Charlotte Bergner, Helen Finley, Dorothy Swan, Cecil Bradford, Irene Rahm, Evelyn Carnier, Marjorie Barron, Mrs. Zickafoose, Evelyn Hunt, Helen Little, and Mrs. A. D. Rice. Messrs, A. D. Rice, Kenneth Dixon, Russell Mann.

Phi Gamma Delta

The Phiy Gamma Delta fraternit was a Dinner Dance at Bruin Inn. They entertained as guests: the Misses Marjorie Woods, Mildred Johnson, Kathryn Sutton, Marion Lamme, Hazel Hendricks, Dorothy Jean Barker, Catherine Hood, Genevieve Vanderhoof, Helen Tucker, Margaret Keating, Ruth Williamson, Christina Wandell, Dorothy Chambers, Ruth Espey, Lucile Brundage, Evangeline Joder, Margaret Morris, Dorothy Ehlers, Janet McHendrie, Margaret Smith, Elsie Berg, Lucille Lilyard, Marion Elser, Kathryn Varney, Helen Fairbanks, Helen Loveland, and Beth Thomas.

The chaperones were Mr. and Mrs. Wesley Dennis.

W. A. A. Awards Numerals to Evelyn Stannard and Anna Jane Hitchcock

At an after chapel meeting of the W. A. A. board last Thursday, Miriam Ellsworth was chosen to succeed Betty Brown as representative to the Student Commission.

Numerals were awarded to Evelyn Stannard and Anna Jane Hitchcock for excellence in the swimming meet held last Wednesday. These numerals to be presented on Thursday. Honorable mention was given to Martha Guttenberger and Louise Covey, second and third respectively in the advance work, and to Marjorie Harrison, Jean Collier, and Ruth Walker in the beginners section.

There is to be no January luncheon for the board due to the press of examinations and other activities.

NUGGET PICTURES

The present editor of the Tiger has "been thru the mill" of attempting to produce a creditable annual and for that reason has great sympathy with the present editor of the year book as he begins the first big task. This same task will still be his biggest problem long after the rest of the work is done. The hardest job is to see that every Junior and Senior and every organization of the campus attends to the matter of having photographs made.

The Tiger and Nugget are student publications and they look out for their own interests. Consequently when the editor and the manager decide upon a certain printer and a certain engraver to do the work they make their decision on the basis of what they consider to be the best for the production of a year book worthy of Colorado College. The matter of photographs is as vital in the production of the book as the printing and engraving. When a photographer makes a bid for the work that is as low as is possible consistent with good workmanship and furthermore goes to the expense of installing special equipment for the purpose o producing photographs that meet the specifications of the engravers, the editor and manager are fully justified in declaring that only the photos made by this photographer or exact imitations will be accepted for reproduction.

It is as necessary to have uniform size and background in reproduced photographs as it is to have a uniform style of printing thruout the book. It is as logical to have part of the Nugget printed at one print shop and the rest of it at another as it is to divide the work the work of taking photographs between several photographers particularly if these photographers refuse to adopt the specifications of the engraver. It was tried last year and the plan failed. If you want a good looking Nugget you will find some other way of expressing your individuality than going contrary to the expressed desires of the editor of the Nugget.

KIDDER WILL PUT OUT A GOOD BOOK IF THE STUDENTS WILL ONLY CO-OPERATE.

COMMENTS

by Arthur Disbrane

French Advance in Germany

The advance of the French in Germany has been extended beyond the Rhur to mclude the giant plants of Hugo Stinnes. The German premier has been highly incensed by the French move, declaring that the invasion abrogates the Treaty of Versailles and that France can lo longer hold Germany to the treaty. The French have found that the German workmen are not prone to work under compulsion so they have begun the organization of a corps of strikebreakers numbering at present about sixty thousand men.

English Foreign Trade Increases

The past year has seen a tremendous increase in the foreign trade of Britain. Unemployment has not been decreased to any appreciable exten but to the trade gradually increases the unemployment situation gradually grows better and automatically cures the evil. The Labor party has been demanding that the government do something to aid the situation but that is impossible as the doles now given out to the unemployed reach the staggering total of one half billion dollars annually or, in other words, is the biggest single item on the British budget.

Jean Longuet

Shortly after the arrival of M. Clemenceau in this country another Frenchman, Jean Longuet, by name began a speaking tour of America. He is a Socialist who is attempting to show the American people that the French are really adherents of his rather than believers in the policies of Clemenceau. He is having a hard time of it because the French have really repudiated the socialists and he is attempting to convince us that the real liberals of France are the socialists. He has been addressing a great many so called liberal societies that are no more than harbors for communists and socialists and their insidious propaganda. He will, no doubt, go back and the the French malcontents that he has convinced the Americans that he represents current French thought.

Debs Addresses Cleveland Business Men

The charges that the capitalists and the entrepreneurs of America are unwilling to give the radicals a chance to expound their theories have been refuted by a group of Cleveland business men when they invited Eugene V. Debs to address their association a short time ago.

Y. W. EXAM TEN THRUSDAY

The Y. W. C. A. will give its usual exam-week tea on Thursday afternoon in Ticknor study from 4:0 to 6 o'clock.

A special program has been arranged. Miss Flora Judd will give some impersonotions. There will be music and dancing. Light refreshments will be served.

All girls of the college are cordially invited.

* * *

IOWA PROF. HAS SCHEME TO SELECT GOOD STUDENTS

Iowa City, Jan. 15.—Progressive selection and elimination of college students is suggested by Dr. Carl E. Seashore, dean of the graduate college of the University of Iowa, as a means of raising the standards of American colleges and increasing the service they render to the students themselves. Student analysis would begin in the junior year in high school and continue through the junior, senior and graduate colleges, according to Dean Seashore.

"How far a student would advance along the educational system would depend upon his mental capacity," says Dean Seashore. "If it were evident that his education should stop upon completion of high school, his work would be such as to prepare him for effective wage earning. The more gifted students would be urged to continue the educational process in the junior college, the still more gifted continue into the senior and the graduate college, and so on."

YALE STUDENT COMMITS CRIME TO STUDY CRIMINOLOGY

A Yale graduate was so anxious to do research work in criminal psychopathology that he stole an automobile and got eighteen months in prison. Before being sentenced, he revealed his identity and said that he had studied in Sing Sing but was not able to do much because he was not a prisoner and his field was accordingly limited. —Kansan.

Line Plunges

"Then hit the line Colorado"

Have you heard of the wonderful one
hoss shay,
With Sheridan twenty mile away?
"What no.", she cried as the 15 ball
Rolled down the hill to McGregor Hall.
A task well done is all I beg,
And the sunset looked like a hard
boiled egg.
Then the deacons answered the fire
alarm—
And another little drink wouldn't do
us any harm.

* * *

A Rhapsody

A bite to eat—
Some shredded wheat.
And then
An egg or two;
The morning news,
A quiet snooze,
And lo,
The lecture's through.

A little bluff
On learned stuff,
Ho, hum,
It's not bad fun;
Somewhat a bore,
But nothing more—
And soon
The section's done.

A question sheet,
A survey fleet,
And then
And then
A muttered "damn".
Three hours there
In wild despair,
And lo
A flunked exam.—Ex.

* * *

The college is baffled by reports of a nocturnal visitor to McGregor Hall. The gent does not seem to be quite conventional in his habits for his favorite porch is the roof or the back porch of that edifice. His last appearance was reported by one of the frosh who immediately started a frenzied search for the night watchman.

Ladies and gentlemen—the question before the house is:—"What was the aforesaid freshman doing down behind McGregor at that time of night?"

* * *

Logan — Do you take a cold bath every morning?
Berry—No, but I eat a grape fruit.

* * *

Mattie—Fred has the cutest trick of kissing me on the eyebrow.
Cattie—Oh yes, I taught him that.

* * *

Jack—Just one more dear, just one more like the last one.
Catherine—But there isn't time dear, you must leave in ten minutes.

* * *

Irate Motorist—Will you tell me why you have reversed that Bangor-Monroe sign?
Illiterate Farmer—Well I was putting it on the right side of the road but I struck a ledge and had to put it up on the left.

I. M.—Don't you see it points the wrong way.
I. F.—Yes, but hell anybody ought to know the way to Bangor.

* * *

Is there any prof on our campus who is absent minded enough to pour his syrup down his neck and scratch his waffle.

* * *

Zig—The Betas are fast boys.
Rox—How come?
Z.—Dana told me they had seven loving cups.

AGITATION TO TAKE "LOVE" OUT OF TENNIS

At the Philadelphia tennis conferences held recently, a movement was started to abolish the word "love" from the score sheet of the game. It is whispered that the persistent use of "love" has given the impression to outsiders that tennis is an effeminate or "sissy" game, where in fact, it is a battle and embroilment for real he men as well as for stalwart women.

If love can be taken out of business, it should be taken out of tennis. It doesn't mean anything anyhow—that is in tennis. It is unusual that the abonding "love" should start in Philadelphia, the city of Brotherly Love.

STANFORD MAN PUTS COLLEGE WOMEN IN THREE CLASSES

Stanford University, Jan. 15.—"Throw them out", such was the gentle treatment proposed by Leon T. David of Stanford for the fair damsels of that institution.

No, it wasn't any tea-party celebration, or mock initiation, it was just a plain caveman's remedy for banishing the gentler sex and converting the perky "upstage" college vampire into a prosaic human being.

"There are three classes of girls who come to Stanford," said Mr. David, "those who make learning their all compelling star in a college education; those who seek a good time and come to college, 'because, my dear(it is the rage nowadays,' and those who are planning a good marriage in the favorable atmosphere created by the ratio of 500 young women to 2,000 young men."

As for the first species, Mr. David asserts they receive their high average through adhering to "pipe courses." Alas, these sweet mortals are destined to play the part of mural decorations, as if wall flowers and the state of single blessedness were accursed things. Then there is the "Queen of Sheba class," who ride only in the spiffiest of cars, Rolls Royce they prefer, orchids are their favorite flowers and Russian Caviar, their chief means of sustenance. Gold digging is their delight and heart trapping their indoor sport. They are not harmful, but they pique a man's sunny disposition and tug upon the strings of his money bag. "But the third class of feminine collegians are the mose wily," declared Mr. David, "for they are planning a good marriage. They play up every prospect and give every opportunity for moon madness. And there was a time when the Stanford man who worked his way through college, was esteemed, but today he olives no part in the coeds life."

CALIFORNIA CO-EDS PLAY BRIDGE ALL NIGHT

University of California, Jan. 15.—So great has become the card playing fad at University of California sororities that numerous houses have imposed rules, which work the terrible hardship on the "sisters" of being restricted to only 14 hours a day for bridge playing.

The new rule is that there must be no playing before 10 a. m. and none after 7 p. m. on school nights. On other nights the lid is off.

Some of the more studious sisters decided that a grand slam in the evening means a flunk in the morning.

It was reported that the bridge playing fad got so bad that the girls were making a night of it, and taking a cup of coffee and a morning rub in place of regular breakfast before rushing off bleary-eyed to classes. The first house to pass the new rules were Phi Beta, and Delta Zeta. In other sororities, the sky—and the lawn — is still the limit.

* * *

Charles Dana Gibson, editor of Life, picked the young woman who will head the Vanity Fair section of this year's Coloradoan, annual of the University of Colorado.

C.C.'s Who's Who

MRS. JOSEPHINE MORROW, A. B.

Mrs. Morrow was born in Holden, Mo. She attended the grammar school in Joplin, Mo. and entered High School at Winfield, Kans. in 1901. In the fall of 1902 she entered the University of Kansas. While in the University she distinguished herself in scholarship. She was graduated in 1906 with a biology major.

In December of the next year she married Charles E. Morrow, who was a member of her class at the University.

Mrs. Morrow came to Colorado College as secretary to Dean Parsons in September of 1910. In 1917 she became the Registrar of the College, the position which she now holds.

She is, with the exception of Prof. Albright and Manly Orms, the oldest member of the faculty, in point of years of service.

CHAS. H. BEMIS, JR.

Chuck comes from way back in Medford, Mass. He completed his high school education in Medford and graduated in 1916. During the war he served ten months in Uncle Sam's army and entered Colorado College in 1919. Chuck is majoring in History and hopes to follow the footsteps of his brother who recently won $3,000 in the Knights of Columbus contest of history essays.

Chuck is a member of Alpha Kappa Psi and Sigma Oelta Psi, honorary fraternities, Track (2), Wrestling (2), Captain (3) Baseball (2), Football (2) "C" Club (2) (3) Hitcy Kow (2). Social Service (2).

As to what he intends to do after graduation Chuck does not know but we are sure he will do everybody. He has some idea of teaching and coaching.

His pastime, when not studying, is having a good time at the expense of others.

His hobbies are geeting free trips to Medford and swipeing things. The police recovered 70% of stolen goods last year and Chuck has the other 30%. He is going to offer a free course next year in how to get to Boston on small change.

He was quite emphatic in denying the use of powder puffs and cheap perfume. His fraternity brothers made a donation, however, before his wedding. They proceeded to tie up all of his clothes in one huge bundle and generously sprinkled them with "Sweet Essence from Araby." Not satisfied with this they cut all the buttons off of his best suit. We are assured, however, that he had ample time before the ceremony in which to replace them.

Chuck delights in playing jokes on his best friends. It is said that he spent one whole afternoon in collecting red ants to put in Cornell's bed. We never did hear the outcome of this interesting episode. It is also rumored that he put the cows in Palmer Hall, although it has never been proved. This will go down as one of the unsolved mysteries of the last decade.

REGISTRATION NOTICE

The Registration of Freshmen is going on now in the office of the Registrar.

Sophomores will register Thursday and Friday of this week. All upperclassmen are requested not to report to the registrar's office for registration until requested to do so by that office.

TERRORS LOSE TO CENTENNIAL 21-20

Coach Oan Kline's Terrors went down to defeat last Saturday night at the hands of Centennial by a score of 21-20. This was one of the most spectacular high school games ever played at Cossitt gym. The Terrors were outplayed in the first half, but in the second period it looked as if they would come out victorious, as it was they were beaten by a single score. This makes two games the Terrors have lost —both to Pueblo High Schools.

BELOIT PRESIDENT RESIGNS TO TAKE POST AT MONTANA

Chicago, Jan. 15—M. A. Brannon, president of Beloit College, has resigned his position in order to accept the chancellorship of the University of Montana and associat schools, it was announced today. President Brannon will leave for the West at the end of this week where he will assume his new office.

Under his direction are the State School of Mines, The Teachers' College, and the Agricultural College, as well as the State University. The colleges embrace the entire system of er education in Montana.

California Girls Not Allowed to Smoke on the Campus

A "no-smoking" rule for co-eds is now in effect on the University of California campus. The sorority presidents have been asked to see that there are no violations of this rule.

U. OF UTAH R. O. T. C. TO TRAIN FOR POLO ON WOOOEN HORSE

University of Utah, Jan. 15—An extensive program has been outlined for the R. O. T. C. during the coming year at the University of Utah. It includes the formation of polo teams, the building of a steeplechase course and use of service chrapnel in the school of artillery. A wooden horse is to be constructed to train the men for the polo teams.

The horse will be placed in a wire netting enclosure so when the student strikes the ball it will rebound to a point within striking distance again. This is to accustom the student to swinging the stick and keeping his balance on the horse.

OANCING ANO SORORITIES IN DANGER AT GREELEY

Oancing and sororities may be done away with at the Colorado State Teacher's College. President Crabbe recently held a danceless reception to the faculty and students, and the students objected greatly. At chapel the next day the president made a long talk discussing Greek letter organizations and social rights of the students. He added that if sorority women refused to sit beside non-sorority women, as had been reported, some change would have to be made soon.

College Gossip

NOTE—Contributions not in typewriting are likely to appear with mispelled words.

There is a place to dance when you get there but the big log fire at Bruin Inn will surely please you if dancing interferes with your idea of a hike.

A bill was introduced in the state legislature last week to convert the Gunnison State Normal to the Western State College, which would be a western branch to the state university.

Warren Leisy, Leonard Young, Kenneth Gordon, and Dr. Smith were hosts at a dinner party last Sunday noon. The party was given in Cossitt Hall. The guests were: Sadie Kier, Miriam Malsbary, Dorothy Carnine, and Mrs. Smith.

Beta Thet Pi recently granted a charter to the local fraternity, Delta Epsilon at North Oakota. Robert Wardwell, now a pledge to the local Beta chapter, was a member of that local when he was attending college there. This fact makes Wardwell eligible for immediate initiation into this chapter.

Don McOougall, formerly of the Tiger football team and a member of the Phi Delta Theta fraternity, spent the week end visiting with his fraternity brothers and some of his old (?) acquaintances.

SUNOAY SCHOOL

A class for young men and especially for College students has been organized at the Presbyterian Church. Supt. Bair of the public schools is the teacher. Come! Come 9:30 A. M.

The University of Colorado, O. U., and the Miners will have representatives at the D. A. C. wrestling tournament. There are no entries from Colorado College.

Miss Hutsinpillar and Miss Gerould entertained the members of the Faculty on Saturday evening in Bemis Commons. Dancing and cards formed the amusement for the evening. Punch was served durnng the dance, and delicious refreshments served later.

At the last meeting of the Student Commission, Donald McMillan tendered his resignation as Chairman of the Enthusiasm Committee. The resignation was accepted, with much resignation was accepted, with much regret. McMillan has done exceptionally good work in this position, which is hard to fill, and the Commission hates to see him give it up. His successor has not yet been appointed.

Marjorie De La Vergne is a patient at Glockner, being treated for an abcessed ear.

Miss Landers has been ill with a bad cold for the past week.

Miss Bramhall entertained a small group of girls at tea on Saturday afternoon. Those present were Edna Van Horn, Helen Wells, Harriet Mason, Gertrude Klein and Ann Herzog.

Ethel Fay Asbury, ex-'25, is returning to College second semester.

Isabelle Chapman attended the inauguration of Governor Sweet and the Inaugural Ball at the Brown Palace Hotel on January 9. Her father is a member of the State legislature.

Instead of a formal music program last Sunday, the Hall girls had an informal "sing" of College and familiar songs. There were several special selections, and Maxine Ingle read a cutting from Oavid Belasco's "Peter Grim".

SCRAPS FROM TRAINING TABLE

(Continued from page one)

conference position and his addition would be a great asset to any team in the country. Everyone is confident the "Swede" will put over those ten hours this semester and be in the going when the the whistle blows to start the season.

Allen is also a valuable addition who will probably be added to the team after the exams. With these two men back in the going, Tiger stock should be back to almost par.

Among the Freshmen, Broyles, Hill, Wood, Bryden, Hitch and Weiner, have shown the stuff that will make them stars with a little more seasoning. Broyles especially should prove very valuable during the coming season, especially if he gets a little added confidence. All of these men as well as Young, Cox and Burkhart, among the older players, are good enough to make many college teams, so Colorado College is indeed lucky in substitutes. A strong reserve is what makes a team pull through in a very hard season.

The fight the Terrors made to come from behind in their game with Centennial High of Pueblo, made them lots of friends and admirers. It is the old fight against odds that shows the metal of a team. The Terrors lost by a one point margin but they gained a lot of friends for the fight they made.

SUMMER SCHOOL TO BE BEST IN HISTORY

Committee at Work on Plans for Record Attendance

Colorado College is at present making plans for the biggest and best summer school in all its history. Professor Guy Albright has been appointed chairman of a committee to draw up plans for the school. The work of the committee includes the investigation of the housing situation here in the summer, with special regard to the teachers, the offering of typical courses in demand by students attending summer schools, and the enlargement of the old summer school to suit the demand of the tourist population in the summer time.

The summer school in all probability will start about the middle of June and continue for a period of six weeks. One and two hour courses will be offered this year in preference to three hour courses. This is to facilitate the students using Saturday as a holiday and will bring about a variety in the work.

Lists of proposed subjects are being sent out to the various high school teachers not only in Colorado Springs but also other schools throughout the state. Supt. Bair of the Colorado Springs High School is cooperating in

(Continued on page 4)

PRICHARD GIVES VIEWS ON EDUCATION IN CHAPEL TALK

Dr. H. P. Prichard, president of the Board of Christian Colleges and one of the representatives of the International Association of Disciples of Christ, which will hold the largest convention in the history of the city, in the new Municipal Auditorium, spoke to the students at chapel Wednesday.

The theme of his talk was the primacy of education, and he stressed the fact repeatedly that education is essential to the largest measure of individual success. His message to those who have become discouraged in getting a higher education was helpful encouragement, impressing them with the fact that there is no time lost "in grinding".

Interfraternity Council Votes New Rule

Last Wednesday night the Inter-fraternity Council passed a new ruling that will be of interest to some of the pledges of the various fraternities. Beginning now if a pledge passes twelve hours after his condition exams, he can be initiated. Before now a pledge had to have twelve clean cut hours before he could be initiated. This ruling may ease the conscience of some of the neophytes.

A short meeting of the board of the Women's Athletic Association was held after chapel yesterday to discuss a new point system for the awarding of letters and numerals.

The revision of the Constitution made necessary by this change, will not be made at once, as more information is necessary before taking any steps.

Frances Tucker, Christine Miller and Stena Dearborn are to attend to a questionaire sent out by the University of California.

Intramural Games Start Next Tuesday

The intrumural games that were postponed until after final examinations, will be resumed next Tuesday night in Cossitt gymnasium. From the reports that have been circulated there will be some fast basketball played in these games and perhaps there will be some new stars developed. These games will be played on the same schedule as the practice games played last semester.

The games scheduled for Tuesday night will be: Phi Gams vs. Pi Kappa Alpha; and Sigma Chis vs. Phi Delts.

STUDENT COMMISSION APPOINTS NEW HEADS OF ENTHUSIASM COMMITTEE

New Plan Announced

The new Enthusiasm Committee for the ensuing period was announced in Chapel yesterday morning by the President of the Student Commission. The members of the committee are: Harold McBride, Chairman; Ed O'Brien, Manager; and James Flaherty and Ezra Cornell, Assistants.

The new Enthusiasm Committee is being operated under a new plan. Formerly the chairman of the Committee was the only permanent position and as this chairman needed assistance he appointed a temporary committee to do that part of the work. Under the present plan these four members ae aprpointed permanently with each essigned a definite portion of the work to do.

The chairman of the committee will act as the advertising medium and will announce the plans which are to be carried out to the students at it becomes necessary. The manager is to see to the actual carrying out of the details of the projects with the aid of the assistants. The chairman and manager are to be chosen from the two upper classes and the other two members from the Sophomore class. In this way the two assistants will receive special training for possible future promotion.

Athenian Elects New Officers

At the last Athenian meeting, on Jan. 12, the following pledges were initiated into the society: Dorothy Graves, Sarah Mintz, Luella Pyle, and Lavetta Tevebaugh. Lilly Bradley, who could not be present at the time because of illness, was initiated this afternoon.

Following the initiation occurred the election of officers for the new semester:

President—Clara Burghart.
Vice-President—Florence Lawson.
Secretary-Treasurer — Anna Jane Hitchcock.
Sub-Critic—Mrs. Elsie Essex.
Factotum—Mabel Sadler.
Tiger Correspondent — Dorothy Graves.

The meeting this afternoon was an informal discussion of plans and program for the remainder of the year.

On Tuesday evening, January 16, Professor Smith gave a public lecture on colloids in the chemical lecture room. The above was given under the auspices of Delta Epsilon, the honorary scientific society of Colorado College.

PAY UP

Payments on the 1924 Nugget Are Due on on Before Monday, Feb. 5

TIGERS HAVE OFF DAY AND DROP LOOSELY PLAYED GAME TO JAYHAWKERS

First Defeat of Season

The Tigers dropped their first game of the season last Monday night to Kansas Wesleyan due to the simple reason that C. C. was not playing basketball. All throughout the game it could hardly be said that the Tigers played with any of the old fight so renounced in basket ball circles.

During this game C. C. had, approximately 40 shots at the basket to Kansas Wesleyan's 20, but the score is enough to show what happened. In a way this gives the Tigers a small advantage, for Greeley and Boulder beat them and, of course, they expect to clean the Tigers. Greeley has already raised a cry that C. C. is afraid to play them, but Coach Meade says that due to the ineligibility of certain members of the squad, and the crippled condition of our star forward, Bruce, it will be impossible to play any other than conference games.

There will be a conference game in Cossitt gymnasium Friday night with the University of Wyoming, this will give C. C. a chance to show the old "comeback" spirit.

MISS CLARK, NOTED CHURCH WORKER TO VISIT C. C.

Miss Mary Ellen Clarke is coming to visit Colorado College again. Many remember Miss Clarke and her enthusiastic work from her former visits. At Bemis commons Monday evening at 7 o'clock she will speak at a special meeting of the Y. W. C. A. In addition special music has been prepared for the meeting.

Miss Clarke is student secretary of the Presbyterian Board, and her work is particularly to interest college students in Christian work of various kinds. She will arrive in the city at noon Saturday and will be here until Tuesday. During this time Miss Clarke will be available for personal interviews at Bemis and, most especially, at the coffee hour Sunday afternoon. She will be a Sunday dinner guest at Bemis.

Greeley Assumes Aggies' Schedule

With the State Agricultural College dropping out of the conference, Greeley has been selected to take their place. The games that Greeley plays will be the same as those the Aggies would have played, but they will not be counted as regular conference games. This is a very good arrangement for if there had been no school capable of playing the games that the Aggies would have played, it would have left the conference in a bad shape, as it is now the regular schedule will be played out.

Pierce Butler, who was recently appointed as associate judge of the United States Supreme Coure, graduated from Carlton College in 1887.

Dramatic Club to Stage Function Play

The Girls Dramatic Club is fast making arrangements for its function play which it will give sometime in March. Tryonts for the play will be held Tuesday afternoon at four o'clock in Cogswell Theatre. All girls are eligible to try out.

The name of the play is "Mr. Pim Passes By". It will be coached by Francis Tucker.

The Girls' Dramatic Club is also planning a tea for its members to be given sometime in the near future.

MIAMI TRIAD DANCE BRINGS TOGETHER GREEKS OF THREE FRATERNITIES

Phi Delts, Sig Chis, and Betas, Attend

The alumni of the Phi Delta Theta, Sigma Chi, and Beta Theta Pi fraternities—the Miami-Triad—gave the annual Miami Triad dance at the Broadmoor Hotel last night. These three fraternities are called the Miami-Triad because all three were founded at Miami University. This fact is celebrated each year through the medium of a dance. The dance this year was a big carnival affair with hats, noisemakers, balloons, and all the fixings. A buffet supper was served at midnight. Mr. Stuart Aimit was in charge of the affair.

Members of Phi Delta Theta who attended were: Messrs. Perry Greiner, Carl Brumfield, Ted Wessen, Bradley Kidder, Harold McBride, Bay Crockett, Irving Hunter, Harold Briggs, Wesley Hamilton, Sam McCool, Brank Strachan, William Twilley, Walter Woods, Rufus Carter, Marvin Reinking, Leroy Burgess, Roy Brumfield, Donald McDougall, Francis McDougall, Edmund Crockett, Robert Morris, Glen Lowry, Allen Thompson, Dr. Harry Woodard. Their guests included: Misses Elizabeth Nicholls, Ida Blackman, Marjorie Woods, Harriette Bumstead, Martha Stewart, Roxie Jackson, Billie Sanson, Dorothy Chambers, Martha May Kirk-

(Continued on page 4)

Howard Walker to Speak on Architecture

President Duniway announced in chapel Thursday morning that Howard Walker, of Boston, who is making a tour of important colleges and universities, giving lectures on the architecture in America, will speak to the faculty at 3:45 Monday afternoon and at 4 o'clock will give a lecture in the pit in Palmer Hall, open to everyone.

Robert McIlvaine, president of the Student Commission extended the official Student Commission welcome to all new students, and advised them to become acquainted with the rules and traditions of the college as soon as possible.

James Amos, manager of the Tiger announced a new plan which will be undertaken to make the Tiger's subscription list 100% in the college.

Raymond Robbins, widely known lecturer and former member of the executive committee of the national progressive committee presidental campaign, spoke to the students this morning at chapel. Tonight he will speak in Perkins Hall under the auspices of the Colorado Springs Federation of Teachers.

DENVER MINISTERS WALLAPED BY TIGERS

Pike Bruce Sees Action in First Conference Game

The Tigers defeated D. U. last Friday night to the tune of 43-34. This being the first game of the season gives to C. C. an advantage that will be hard to overcome. D. U. was heralded in all the Denver papers as the championship team of the conference this season, this game will give them something else to think about.

The Tigers held the lead all during the game, and at the end of the first half the score was 26-18. "Pike" Bruce played part of the game, but was taken out in the second half, because it could easily be seen that he was limping badly. Patterson and Ryan were up to their old form as forwards and both scored many points. In fact this game showed the same old conference champions fighting as they did last year.

Needless to say that the Parsons claims to show C. C. up in the next game played at Colorado Springs—but we will wait and see.

DUNIWAY SPEAKS ON GRADUATE SCHOLARSHIPS

President Duniway discussed graduate scholarships and fellowships which are of particular interest to graduate students in college and to seniors, at the regular chapel exercises Tuesday morning. He explained the requirements of their award and their value. Scholarships are available in a great many colleges and universities here in America, and several are offered by foreign universities such as the Roades, French, Belgian, etc. He encouraged all of the students to take an interest in these graduate scholarships, for there are plenty of opportunities open for those who show themselves capable of receiving them. Their values range all the way from the payment of tuition to covering the holder's entire expense while studying.

Fraternities Pledge Six New Men

Since the last issue of the Tiger several men have been pledged by some of the fraternities. Although last Monday night usually termed "rush night", lost the aspect of being such a night to a certain extent because of the Miami-Triad dance, some men were pledged. Most of them were taken in before the end of last semester, however.

Phi Gamma Relta announces the pledging of Ford Carlisle of this city. Mr. Carlisle is a freshman.

The following were announced as pledged by Kappa Sigma: Frank Bond, Michael Tucker of this city, John Mendenhal of Montrose, and Paul Ganley of Newcastle.

As yet the other fraternities have announced no new pledges.

While Lonis Cavllitti, a vocational student at the Colorado Agricultural college, was being sought by the police for the slaying of two persons and wounding of three others, he entered a motion picture show in Denver last Monday night and fatally shot himself.

This Issue Edited by Sam B. McCool.

A new semester is well on its way to a good start in Colorado College. What the problems of the individual student will be during the next five months is largely a matter of conjecture. What the problems of the institution will be depends largely upon the character, and attitude of the students themselves. The success of this institution then depends upon the success of the individual students.

One of the advantages of a new semester is to give the student an opportunity of profiting by the mistakes of the previous period. Just recently some unfortunate students have been forced to leave college because of scholastic deficiencies. Others, who had previously been forced to do the same thing, have re-entered the institution. This is all very well. It shows a keen loyalty, and devotion to the college itself.

The primary aim of the College student, in spite of many contrary statements to such, is to seek a liberal education. Realizing this as we should, it behooves us to get down to work and really make this next semester count for the best. Constant, nerve-wracking study is not approved by the best minds of the day. But a close observation of student life, leads one to the conclusion that, on the average, the student could improve his mind by actual study.

The reinstatement committee has shown that it will show no mercy. Its policy, it would seem, is fixed. It then becomes the duty and opportunity of all students to see that no excuse will be given to the committee for action against them. Start in at the first and "hit the ball". Remember that you are responsible not only for your own individual success but the success of Colorado College.

COMMENTS

by Arthur Disbrane

French Occupy the Industrial Heart of Germany

Following the declaration by the Reparations Commission that Germany was in voluntary default in meeting the coal and wood payments the French and Belgians occupied the Ruhr valley. The German government has adopted a policy of passive resistance toward the invaders. No serious outbreaks have taken place and the French seem to be determined to take whatever measure that may be necessary to bring the Germans to their senses.

Labor Party of Australia Gains in the Recent Elections

The Labor Party of Australia showed such tremendous gains in the last elections that the Nationalist and Country parties have formed an anti-Labor coalition to carry on the general policies of Premier Hughes. The recent elections reflected the general desire for a change in the government and the Laborites profited by not being in power.

Early Start for the Next Presidential Campaign

Already the papers are full of talk regarding the possibilities in the next election. Henry Ford is being boomed by the Democrats and La Follette has been mentioned as a likely candidate of a third party. So far the Republicans have not mentioned any of their possible contestants.

Irish Free State Adopts Stern Measures

The new government for the south of Ireland has adopted strong measures to awe its enemies and show the British that she is capable of handling her own affairs. The guerilla warfare has not ceased as many people predicted and it is a question if there is any more peace in Ireland since the withdrawal of the British troops than before. It has already put to death more men than had the English in the past decade and with all that seems to be having grave difficulties.

United States Appoints Delegates to Pan-American Conference

The American delegation to the Pan-American Conference to be held this March in Santiago, Chile will be headed by the American Ambassador to Belgium, Mr. Fletcher. The choice is a good one since Mr. Fletcher has long been in the diplomatic service and knows Latin America, having served for many years as ambassador to Mexico.

England Adopts a New Air Policy

It was recently announced that England plans to completely reorganize the Air Service and construct a new type of plane that will insure for her the mastery of the air and sea. This follows shortly after the announcement that the government intends to rush to completion the two battleships provided for by the Washington Conference.

With the Societies

Town Girls

The Town Girls' Board held a short meeting yesterday at which it was decided to have a party in charge of the Freshmen, two weeks from yesterday. This will be the regular February meeting.

Hypatia

The members of Hypatia held a meeting at the home of Harriett Bumstead on Saturday the week of examinations. No business was transacted the affair being purely a social one.

Minerva

Believing that recreation is necessary during examinations the members of Minerva had an informal supper at Bemis Hall on Sunday night preceding the second week of exams. The girls were seated at one large table, and gave evidence of their presence by singing one of the Minerva songs.

Contemporary

Taking advantage of the anonomous gift of two large cakes the Contemporary Club members held an informal tea in Ann Herzog's room a week ago last Monday. This broke the monotny of exams.

Ralph Moni, Chicago Dress Designer, Says American Women are Ruining Their Figures

Chicago, Jan. 15.—American women are selling their beauty to the style mongers. Dressing to the dictates of fashion is ruining the feminine figure.

Charming busts are giving away to undulating hips, and the Venus woman has become the faddist femme. This was the substance of an interview today with Ralph Moni, instructor in women's dress designing at the Chicago Academy of fine arts.

"The American woman has fallen prey to the French dressmaker and is sacrificing her beauty to its fads and teaches that dressing is an art, and each foibles of fashion," declared Moni, who woman a canvas to be made or marred by the right strokes of design.

A young woman has been appointed sport editor of the "Trojan" of the University of Southern California.

"The Mirror", student publication at the Colorado State Teachers college won second place in a contest held by the Colorado Editorial Association to determine the best newspaper published in the state outside of Denver. The "Steamboat Pilot" took first place.

Scraps from the Training Table

Now that Denver University has been disposed of in the first conference game of the year, the Tigers are giving their attention to the Wyoming game, which will take place tonight. One game at a time has been the watchword all through the past football season and the Tigers are still clinging on to it. Wyoming is an unknown problem at this time. However all the latest dope seems to have it that Wyoming will have a fighting team on the floor. That means a hundred per cent attendance on part of the student body.

* * *

At the beginning of the season when all the sport writers of the Rocky Mountain conference were doing a post mortem over the inactive body of Pike Bruce, Pike came through with the statement that he would see action in the first conference game. Pike not only got into the fray at Denver but also jumped into the contest with the Kansas Wesleyans. Although badly handicapped in both games, Pike displayed a fighting spirit, which carried the team to victory in the first contest and helped to lessen the lead in the second. As for the knee it seems to be getting better each day. By the time of the Boulder game, Pike is sure that he will be in the best of condition.

* * *

The absence of Allen from the Bengal lineup will be keenly felt. Bob had just hit his stride and he was fast becoming a finished forward. However, the Tigers are not discouraged. With Bruce back in the game with Patterson, we still have a pair of forwards, Patterson played a great game against Denver and seems to have rounded into his old time form. With Harvey and Ed Ryan showing some air-tight guarding and Fran Ryan playing his usual fast game at center, the Tigers seemed primed for another championship.

* * *

The Jayhawkers beat us because we didn't play good basketball. The Tigers had an off day and the Kansas team was good enough to take advantage of it. The result of the game has caused some of the sport writers much concern over the final outcome of the conference standing. Report also comes from Boulder that the upstate boys are feeling rather "cocky" over the defeat of the Tigers. Although Boulder at this time is not causing the team any worry, still it is time that the student body were making plans to see the Tigers subdue the University five. Let's all be there and see Boulder get over this "cocky" feeling.

"Mother of College Presidents" is the title merited by the Indiana University as a result of her imposing record of having trained twenty-seven living presidents and ex-presidents of institutions of higher learning in the United States.

* * *

University of Utah, Jan. 17.—The application of Thomas Fitzpatrick, former athletic coach, for the position which he resigned sometime ago has been received by the board of regents. Action will be taken by President Thomas.

* * *

For the first time since 1823, the United States mint officials have announced, a full calendar year has passed without the coinage of a single piece of minor currency. No dimes, nickels, or pennies, quarters, or half-dollars will bear the date 1922.

University of Michigan. — The seventeenth annual Michigan Union opera, "In and Out", this year invaded six states, going as far east as Pittsburgh, south to Louisville, and west to Chicago. A total of sixteen performances were given. The capacity houses with which the show met at these points marks a new era in the broadening of the opera's popularity.

* * *

Gunnison, Colo. — Between fifteen and twenty youths, all students of the Gunnison State Normal school here, were called before the Gunnison county grand jury immediately after it was impaneled here Monday noon. The college boys were summoned to testify as to their knowledge of liquor sales to college students.

* * *

The Colorado Aggie stock judging team took first at the Denver Western Stock show recently, defeating Kansas Aggies, Nebraska, and Wyoming.

C.C.'s Who's Who

ALBERT R. WAPPLE, A. M.

Prof. A. R. Wapple was born in Oakland, California, in 1890. He attended the primary and secondary schools in that city, receiving his diploma from the Oakland High School in 1910. He entered the University of California in the fall of that year, and received his A. Degree in 1914. He majored in Math.

From 1914 to 1916 he took graduate work at the University and received his Master's degree in 1916. The following year he held a position as an assistant instructor in Mathematics at the University.

When the war broke out he enlisted in the infantry, as a buck private in the rear rank. He was in France for a year and was discharged in 1919 as a non-commissioned officer.

After being discharged he took a position as Instructor of Mathematics at the Oregon Agriculture College, Corvallis, Oregon. He came to Colorado College in January, 1922 as an instructor of Mathematics.

Prof. says his fate was sealed last summer. (?)

Having heard Coach Lavik's speech he denies any connection with Phi Beta Kappa.

HARRIETT LOWELL MASON

This snappy action photo, caught by the staff photographer sometime last spring portrays Miss Harriett Lowell Mason in the act of coming out of Chapel.

Miss Mason was shipped down here from Greeley shortly after completing her high school course and the records show that she has been more or less regular in her attendance ever since.

Besides garnering the requisite number of hours to entitle her to a diploma in June, Harriett has done a right smart of garnering in the direction of extra-curricular activities. She is a member of the Contemporary Literary Society, Dramatics, (1) (2), Student Government Treasurer (2), Y. W. C. A. (1) (2) (3), Inter-Society Council (3), Nugget Board of Control (3). Harriett swings a mean mandolin pick and gets paid regularly for refusing to check freshman drawings in the Bug Lab.

In spite of the above evidence of being a strong minded and emancipated young woman Harriet is a right nice girl who seldom smokes and never drinks.

All girls are especially invited to be present at the Sunday afternoon Coffee hour at 2 o'clock in Bemis next Sunday, to meet Mary Eliza Clark, Student Secretary of the Presbyterian Board. Miss Clark is well known to the students.

Dean Hale has charge of the music program.

* * *

The last two Sunday evenings from seven to nine o'clock the Gilmore family have had open house for the biology students and their friends and a continuance of the practice for the remainder of the year is contemplated.

* * *

Miss Margaret Thomas, a senior at Chicago University this year and formerly a student in Colorado College, has received an honor not often granted to a senior in the former institution. She was recently pledged to the Phi Delta Upsilon society, one of the most popular girls organizations on the Chicago campus. This is made more of an honor than ordinarily because there is an unwritten law at that school against pledging seniors, and a senior has to have exceptional qualities to receive such recognition. Miss Thomas was a member of the class of '23 in this institution.

* * *

Walton Volk, a prominent member of the freshman class at the School of Mines died in a Denver hospital last Tuesday of gangrene which set in after an appendicitis operation. Volk was quarterback on the freshman football team and a promising candidate for basketball.

A recent trip through the pawn shops of Denver reveals an amazingly large number of fraternity and sorority pins "in hock." A commendable fact, however, was that the majority of the "hocked" pins were not from Denver University, but from other schools.

Among the pieces of collegiate jewelry observed at the time was a Phi Beta Kappa key, which like the other pieces of fraternity jewelry, was evidently there for the same reason — that its owner was on the brink of financial exhaustion.

SUMMER SCHOOL

(Continued from page one)

this work by sending the lists out to his teachers.

Some of the courses that will be offered as set forth in a tentative plan are: One course in Italian; two in sociology; five in psychology and education; three in economics; seven in chemistry; seven in mathematics; seven courses in Spanish; three in history; seven courses in business; three in biology; three in geology; six courses in French; three phases in the study of art; and five courses in English.

The Colorado College summer school should be made into one of the best of the country. Due to scenic attractions of the Pikes Peak region and the population here in the summer time, the school should grow into the largest of this region. Members of the faculty, townspeople, and business men, have shown a keen interest thus far in the plans.

MIAMI TRIAD DANCE

(Continued from page one)

patrick, Margaret Keating, Helen Loveland, Helen Harmon, Mildred Johnson, Alien Anderson, Christina Wandell, Evelyn Arnold, Helen Stote, Isabel Peck, Dorothy McLean, Marjorie Jaillite, Rosa Belle, Rita Fist, Hazel Hendricks, and Mr. and Mrs. Robert Law, Mr. and Mrs. Earl Davies, Mr. and Mrs. Herbert Sinton, Mr. and Mrs. Wynne Ross, Mr. Max Hardy, Mr. and Mrs. John Carter, and Mr. Roy Burgess.

The representatives from Sigma Chi were: Messrs. Curt Hinton, Bronson Cook, Robert Allen, Paige Benbow, Ed O'Brien, Cecil Tait, John Holland, Tom Willis, Tom Ryan, Donald King, James Albert, Herbert Moody, Jack Miliken, Edward McAllister, Rue Williamson, Tom Douglas, Jack Yates, Arthur Chapman, Roland Fisher, Huntington Wandell, R. J. Collins, and Malcolm Graham. Among their guests were: Misses Alice Sweet, Mary Clegg Owen, Elizabeth Lowe, Ethel Reasoner, Helen Anderson, Lyle Blaine, Dorothy Winey, Hila Van Hook, Louise Covey, Genevieve Vanderhoof, Dorothy Jean Barker, Frances Weigel, Ruth Williamson, Mildred Cowen, Eunice Scribner, Lorene Fitzsimmons, and Ruth Hutchinson. Mr. and Mrs. Campbell Rice, and Mr. and Mrs. C. B. Freeman.

Members of Beta Theta Pi who were present were: Messrs. THE COLORADO COLLEGE NEWSPAPER

Volume XXV | THE COLORADO COLLEGE TIGER, TUESDAY, FEBRUARY 6, 1923 | Number 31

BOULDER DIPTHERIA THREATENS TIGERS

Patterson Barely Escapes Being Quarantined in Boulder

With the Wyoming Cowboys disposed of by the Bengals, Coach Mead is now getting his men ready for the Mines game Saturday night. With the form that the Tigers have shown in previous games and with the first team intact, they should be able to subdue the Miners. But at this time, old man jinx has hit the Tiger camp and put a dimmer on Tiger hopes for victory. Sickness has crawled into the lair and has declared Ed Ryan, "Gob" Harvey and Pat Patterson as victims. Patterson visited the Phi Gamma Delta House in Boulder the day they were put under quarantine for diptheria. If these men do not get into the lineup Saturday night it will mean a weakening of the team. Even if they do get into the game, they will probably not be in the best of condition. Mines has been showing a steady improvement since the opening of the season. Saturday they won from Wyoming by a score of 29 to 9. If the Tigers enter the game Saturday night with a crippled lineup it will mean that they, in common with the student body will have to work harder than ever for a victory. Lets all be there to see the Tigers fight.

Gunnison and Mines Games Saturday

The Tiger squad this week will assume the proportions of an Orpheum circuit vaudeville company, when part of the troupe will journey to Gunnison to play the Normal quintette and another team will remain here to battle the Ore Diggers from Golden. Coach Mead has not yet decided who will make the trip to Gunnison but in all probability it will consist of men from the second and third teams.

Scraps from the Training Table

Change the Flavor

A columnist in one of our local papers asks us to "pick your own flavor". So far the "flavor" that he has offered has had so much bitterness in it for the Tiger team that no one in particular cares to taste it. We don't know just exactly what kind of a flavor ipecac has but if it is like we think it is, then the flavor that has been bursting forth in the above column is just about as welcome by Tiger fans as a debutante with a string of apecac around her neck at a Broadmoor tea dance. A bit more praise for the best team in the conference would be appreciated by all Tiger Supporters.

* * *

"Hook Somebody"

With Pike Bruce back in the game, the cry of "hook somebody" has one once again incited the Bengals to action. Pike might not be the most active man in the conference at this time but he has forgotten more basketball than Bowman or Jordan will ever learn. His fight and spirit in the games played so far have made a noticeable difference in the team play of the Tigers. We look for this fighting Tiger forward to get back into his former stride before the year is over, barring other injuries to that knee. If he does, nothing can stop the Tigers in their fight for a second conference championship.

AM. UNIV. UNION ACTIVE IN EUROPE

The American Uni. Union, with which Colorado College is connected as a subscribing institution, cordially invites students and graduates visiting Europe, to make use of the facilities offered at the Union offices at 1 rue de Fleurus, Paris, and 50 Russel Square, London, W. C. Lists of pensions and lodgings are kept and various social opportunities are offered. Access may be also obtained to the British Museum and other liberties as well as to universities and other institutions of learning; candidates for degrees will find their way made easier by consulting, at Paris, Professor Paul van Dyke, Dirtcor of the Continental Division, and at London, Dr. George E. MacLean, Director of the British Division.

The annual bulletin of the Union which has just been issued shows that there were 1348 registrations during the year at the Paris office, and over 1239 at the London headquarters, Professor G. H. Nettleton, of Yale, now acting-President of Vassar, visited the Union Offices abroad during the summer on behalf of the Trustees, and his report, together with those of Professor van Dyke and Dr. MacLean, will be found in the bulletin, which may be obtained on application to the Secretary, Professor J. W. Cunliffe, Journalism Building, Columbia University, New York City.

RUMOR SAYS C. C. GIRLS GOING OUT FOR BOXING

The girls of Colorado College are said to be about to organize a Boxing Association. Women's Boxing Associations are becoming quite the fad now. One was recently organized at the University of Illinois, where some twenty candidates signed up for the work. It is said that the news of the organization of this Association is the reason for the alleged agitation on this campus. A future match between the two schools is even hinted by those who seem to know.

It seems as if the "K. O." and the various sensations of the boxing game have apparently made their way into the systems of the feminine sex. If the above rumor is true, boxing for girls should be a great inducement for girls to come to Colorado College, in the future. The possibility of even having national championship bouts for the Girl's Boxing Title is something to look forward to.

PHI GAMMA DELTA INITIATES EIGHT MEN SUNDAY

Chi Sigma of Phi Gamma Delta led off last Sunday afternoon with the first fraternity initiation of the year. It was held at the chapter house at 1122 N. Cascade. The following men were initiated: Keith Chick, Lester Powell, Arthur Sharp, Jack Shepherd, John Schoonover, Robert Spurgeon, Melvin Weimer, and John Tallman.

Immediately after the initiation a banquet was held at the Antlers Hotel. Dr. Leo Bortree acted as toastmaster. The alumni who spoke were: Chas. W. Henderson of Denver, Dr. Judson T. Williams and John Spalding of La Junta. Robert McIlvaine and Robert Spurgeon were speakers for the active chapter.

(Continued on page 4)

INTRA-MURAL GAMES START NEXT TUESDAY

Two Games Lost Eliminate Teams. Two Games Each Night

Intramural basketball games will begin anew next Tuesday night when the Phi Delts will battle the Kappa Sigs in the first game and the Town Men will be pitted against the Pi Kap team. Thursday the fifteenth the Hagerman Hall men meet the Phi Gams in the first game and the Betas match themselves with the Sig Chis.

On the following Tuesday the winners of the preceeding Tuesday night games will play each other and the losers play each other. The same plan will be carried out in regard to Thursday night games. A two game elimination plan has been worked out whereby a team drops out of the running in case it loses two games.

These games should prove to be good ones. The practice games before Christmas vacation were played off in fine style and these games brought out some real good basketball. The Phi Delts, Betas, Phi Gams, and Kappa Sigs, have proven themselves to be very strong in practice games. However any of the other teams may upset the dope and come out on top.

The following is a complete schedule for the next eight games.

Tuesday, February 13

Phi Delts vs. Kappa Sigs.
Town Men vs. Pi Kaps.

Thursday, February 15

Hagerman Hall vs. Phi Gams.
Betas vs. Sig Chis.

The first games will begin at 7:15 and the second games will begin immediately after the first ones are finished.

Y. W. CABINET MEETS; SCHEDULE ANNOUNCED

The Y. W. cabinet held its regular meeting in the Y. W. rest room in Palmer on Tuesday afternoon at 4 o'clock.

The following is the the schedule for the Y. W. meetings up to the time of the spring vacation:

February 5—Miss Mary Eliza Clark.
February 14—"My Six Lincolns", by Professor Hulbert.

(Continued on page 4)

If there is any one thing a student likes to see, it is a good show. The students at C. C. are going to have the opportunity of seeing two exceptional shows this week. More than that they are going to have a wonderful opportunity to patronize TIGER ADVERTISERS. The Rialto Theatre is the only theatre in town which supportsT he Tiger. Not only that, but in this issue they have the first and only full page ad that any theatre in Colorado Springs has ever had in The Tiger. Pat Argust is a good Tiger booster and be is showing the very best pictures, so let's all go. "When Knight-hood Was in Flower" will be shown all this week.

The American Legion Vaudeville is the other show that you cannot afford to miss. They have a quarter-page ad in this issue and it will be worth your while to read every word in it. From all indications this is going to be about the best home-talent show ever given in the Springs.

TIGERS CHEW UP COWBOYS 43--14

The University of Wyoming was defeated in an easy victory last Friday night by the Tigers; the final score being 43 to 14. When the game started the Cowboys looked good, but when Bruce and Patterson got to working they slowed up considerable.

The regular five started the game, at the end of the first half the score stood 21-6 Tigers. Coach Mead began sending in substitutes in the second half until there were only a few of the regulars playing.

Wyoming seemed to play in spurts, but could gain no headway against the fast playing of the Tigers. The Cowboy team was centered around one man, D Thompson. Although they played hard they were practically helpless against the onslaught of the Tigers.

Many new men were given a chance in this game, and Broyles, a first year man went in in the second half and shot three goals and two free throws. Bryden, Young, Wood, Weimer, Burkhart, Hitch and Hill also played part of the second half.

The following is the standing of the six teams in the conference to date:

Team	Won	Lost	Percent.
TIGERS	8	0	1000
Mines	2	1	666
Ministers	1	1	500
Boulder	0	2	000
Wyoming	0	3	000

LEADERSHIP PROBLEM OF DEMOCRATIC GOVERNMENT

—Raymond Robbins

"Leadership is the great problem of democratic government," was the assertion of Raymond Robbins, and the basis of his address to the students at chapel Friday morning. "This is not a government of laws as some suppose, but a government of men. The Constitution and law did not hold good in my own state of Illinois at the time of the Herrin crime. The people took matters into their own hands and ran things to suit themselves," Mr. Robbins said.

Turning to the faculty, he asked, "I wonder if there is any one in the assembly who is stupid or better said slow?" "I wonder if there is any one here who is poor?" If there is, I want to greet them as my brothers." Then the speaker went on to relate how he started out as a newsboy. How he worked many years in a coal mine. How he visited Washington, D. C. and Arlington cemetery when he was a young man. How he took a new view upon life when he read the inscription upon the Tomb of the Unknown Dead in Arlington Cemetery. How he came later to Leadville as a miner. How he went to the Klondike as a gold seeker and a sour dough.

"Things on the inside of one count, not those on the outside", he said. A big strapping athlete failed to get over the high mountains into the Kloudike, because he did not have the real stuff inside to endure the terrible hardship of the trail.

"If I were to choose the leaders among you, I would not choose the bright stars, but the steady, slow, consistent and thoughtful workers," he said, "for amidst all the brillancy, the spotlights and stars of the world, the common ordinary people are carrying on their menial work.

Do you want to know how to become leaders? Then observe the life

SOCIAL SCHEDULE SECOND SEMESTER

Second Semester, 1922-1923

Friday, February 2—Basketball, Wyoming at Colorado Springs.
Saturday, February 3—
Friday, February 9—
Saturday, February 10—Basketball — Mines at Colorado Springs.
Friday, February 16 — Contemporary Club Valentine Dance.
Basketball—Boulder at Boulder.
Saturday, February 17 — Fraternity Night.
Wednesday, February 21 — Colonial Ball.
Thursday, February 22—Washington's Birthday—All College Picnic.
Friday, February 23 — Basketball — Mines at Golden.
Red Headed Girls Dance.
Saturday, February 24 — Basketball—Wyoming at Laramie.
Friday, March 2—Basketball — Boulder at Colorado Springs.
Saturday, March 3 Basketball — Denver University at Colorado Springs. (Subject to Change).
Thursday, March 8—Debate Wyoming University at Colorado Springs.
Friday, March 9—Girls' Dramatic Club Function Play.
Wrestling—Boulder at Boulder.
Saturday, March 10—All Girls Dance.
Friday, March 16 — Town Girls Subscription Tea, afternoon.
Wrestling — Denver University at Colorado Springs.
Saturday, March 17 Mens' Glee Club Concert.
Friday, March 23—Minerva Freshman Meeting, afternoon.
Girls' Glee Club Operetta, evening.
Saturday, March 24—Fraternity night.
Tuesday, March 27—Debate — Whitman College at Colorado Springs.
Wednesday, March 28 — All College Dance.
Thursday, March 29 — Spring Recess begins at 5 p. m.
Thursday, Friday and Saturday, March 29, 30 and 31, Conference Meet at Boulder.
Tuesday, April 10—Spring Recess ends at 8 a. m.
Thursday, April 12 — Beta Theta Pi Open House, afternoon.
Friday, April 13 — Theta Alpha Phi Play.
Saturday, April 14 — Athletic Board Carnival.
Thursday, April 19—Athenian Society

(Continued on page 4)

C. HOWARD WALKER MAKES PLEA FOR ART

C. Howard Walker, representative of the American Institute of Architecture spoke to the students at chapel Monday morning upon the value of Art. This was a brief introduction to his lecture upon architecture which was given Monday afternoon.

Mr. Walker said that any one who did not know how to draw was crippled. He related how he was able to travel in a foreign country without knowledge of its language or customs, by drawing what he wanted. He said that he was able to get along very well.

"The universal record of mankind is read in art", Mr. Walker stated. "It is not a subject that is at a standstill, but one that is constantly expanding and ascending."

DO WE LACK SPIRIT?

In a recent issue of one of the Colorado Springs newspapers a statement like this appeared, "It is found (after talking to several men who have been prominent in Colorado College athletics) that spirit is lacking at Tiger games." If true this fact must be corrected, but we must at least change our actions if we are giving such an impression to the public.

It is not beneficial to any college to have such an article printed about it. An out-of-town person who reads such a story, would naturally think that this institution was lacking in spirit, if they did not know the facts. The student body is the part of a college that makes impressions on outsiders. If this student body is making such impressions—whether they are well founded or not—something must be done.

SPIRIT WINS GAMES and that is what we are after. Mines is the next game played here. It is going to be a real one, one of championship calibre. LET'S ALL GET ON OUR TOES AND SHOW THE AUTHOR OF THAT LITTLE ARTICLE THAT HE DIDN'T SEE THE SPIRIT, AND SEE IF HE WON'T CHANGE HIS MIND. —A. E. S.

COMMENTS

by Arthur Disbrane

Sun Spots Seen With the Naked Eye

Last week in western Pennsylvania the spots on the sun could be seen by the inhabitants of that region because a peculiar fog permitted them to look at the sun without injury to their eyes. Scientists claim that the spots are new ones and that they will be visible for some time to come.

American Ships not Affected by Dry Ruling

The recent reports on the shipping situation show that the fact that the ships flying the stars and stripes are not suffering any loss of patronage because they can no longer serve liquor to their passengers. American ships now carry over fifty per cent of the travelers from the United States to Asia in spite of fierce competition of the British and Japanese lines that have no prohibition ruling affecting them.

New Diamond Feld

Diamonds have been discovered in Dutch Guiana about eighty miles from the chief port Paramaribo. There is an old mining region, gold having been discovered there some forty years ago. It is expected that the new discovery will cause a new "rush" to the district that may prove to be one of the richest in the world.

Colorado River Pact Ratified by Nevada

The agreement between the states thru which the Colorado River flows providing for the distribution of the water has been signed by Nevada, the first state to sign. The pact still has to weather some political storms in the legislature of these states that have not signed and we may have a good bit of debating in Denver before the state agrees to the pact.

French Extend Occupation in Germany

The French have extended their field of operations in the Rhineland for the purpose of making the isolation of the Ruhr district more complete. The Berlin government has protested against the isolation alleging that it is a violation of the Treaty and will not accomplish what the French think it will. The strikes have been largely settled due to the firmness of the French in carrying out their threats. The population is not so hostile as it was and it is probable that the disturbances now being dealt with are emanating largely from the cliques of industrial magnates. Sooner or later the Germans will wake up to the fact that it does not pay to try to feel the French.

Lausanne Conference Adjourns

The conference of Lausanne called to settle the statue of Turkey has been saved from a complete wreck by the Allied diplomats who proposed adjournment after Turkey refused to sign the Treaty. England has only the nominal support of the French. The French are using the Turks to secure from the British the cooperation so necessary to French prestige.

Ford in Russia

Henry Ford has loaned to the Russian Soviet government the sum of four millions of dollars. The money will be used to purchase Fordson tractors which will be shipped to Russia. The payment for them is to be in grain raised on the land cultivated by the tractors. Ford denies that he is at all in sympathy with the Bolshiviks but does not let his political views prevent him from increasing his business.

Student groups in the Universities and technical colleges at Utrecht, Delft, Gronningen, Leyden, Amsterdam and Wageningen make up the International Geheel-Onthonding Bond (Intercollegiate Anti-alcohol) of Hallond. Eeach year, this society brings in some iutstanding anti-alcohol authority for a tour of lectures and conference. A year ago, this visitor was Prof. Dr. Aschaffenberg of Cologne, and this year Dr. M. Legrain of Paris.

* * *

The first summer prohibition conference of students in Czechoslovakia was held at Nachod, Bohemia, last August for four days. They are to be held annually. The national student abstinent society has 1500 members and is growing steadily.

Sports, gymnastics, rowing, swimming and mountain climbing are parts of the activities of the "dry" students of Swiss universities. The clubs in the universities of Basel, Berne and Zurich, each have their own club room in a hotel and keep up lectures and study groups as well. The national federation of these anti-alcohol clubs is called the' 'Abstinents Schweizerische Burschenschaft."

* * *

Students at the Teachers' College, Greeley, Colorado, at a recent meeting of the Student Association, failed to pass an amendment raising the Student Association fee fifty cents for thes upport of the paper. The action may mean that the publication of The Mirror will have to be suspended.

"Among the highly useful student organizations is the Inter-Collegiate Prohibition Association. On the completion of twenty years of active work, it gives evidence of vitality. Not only has this association seen and responded to the need of securing intelligent support for the prohibition laws of this country, but it has heard the call from other lands. . . . Certainly every Christian student must not only wish the I. P. A. well, but also set himself by every means to cultivate prohibition sentiment not only in this country, but wherever men are cursed by the liquor business."—Student Edition, Association Men.

* * *

A number of separate, spontaneous incidents indicate that a wave of sentiment and action for law enforcement is sweeping our colleges. At Yale, at a student meeting, two undergraduate committees were chosen to promote respect for law in the student body. At the University of South Dakota, a "Bone Dry" Club has been formed to promote enforcement of the Volstead Act. Wesleyan University, Conn., ratified a plan by which the students themselves are to punish any student drinking during the academic year. And the Freshman Class at Lafayette College, Pa., passed a resolution disapproving the use of alcoholic liquors on the campus.

Tell 'em you saw their ad in the Tiger.

Eighty-five Denver University students took an inspection tour of the City and county jails of Denver to acquaint themselves with the institutions.

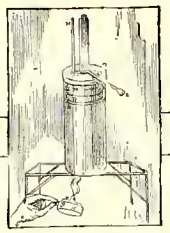
Dr. Henry Van Dyke has tendered his resignation from the faculty of Princeton University. He says that he is making way for a younger man. He has been professor of English at Princeton University since 1899.

DENIS PAPIN'S STEAM CYLINDER



They Weighed Air— *and* Charles II Laughed

SAMUEL PEPYS says in his diary that Charles II, for all his interest in the Royal Society, laughed uproariously at its members "for spending their time only in weighing of air and doing nothing else since they sat."

This helps to explain why Charles has come down to us as the 'merry monarch."

The Royal Society was engaged in important research. It was trying to substitute facts for the meaningless phrase "nature abhors a vacuum," which had long served to explain why water rushes into a syringe—the commonest form of pump—when the piston is pulled out.

Denis Papin had as much to do as anyone with these laughable activities of the Royal Society. Papin turned up in London one day with a cylinder in which a piston could slide. He boiled water in the cylinder. The steam generated pushed the piston out. When the flame was removed, the steam condensed. A vacuum was formed and the weight of the outer air forced the unresisting piston in.

Out of these researches eventually came the steam engine.

London talked of the scandalous life that King Charles led, and paid scant attention to such physicists as Papin, whose work did so much to change the whole character of industry.

The study of air and air pumps has been continued in spite of Charles's laughter. In the General Electric Company's Research Laboratories, for instance, pumps have been developed which will exhaust all but the last ten-billionth of an atmosphere in a vessel.

This achievement marks the beginning of a new kind of chemistry—a chemistry that concerns itself with the effect of forces on matter in the absence of air, a chemistry that has already enriched the world with invaluable improvements in illumination, radio communication, and roentgenology.

ATHENIAN DEBATES POINT SYSTEM

Proposition Set Forth in Tiger Basis of Discussion

Anthenian Society held its first meeting for this semester Friday afternoon, with Clara Burghart, the new president presiding. The vice-president, Florence Lawson, gave a report concerning plans for the semester's program. It was decided that as a special feature, in addition to debates and current events, there should be regular reports of items which would likely be included in future histories.

The program for the afternoon was an impromptu debate, the question being Resolved: That the point system be adopted at C. C." The affirmative was upheld by Lavetta Tevebaugh, the negative by Sarah Mintz. The proposition as discussed was set forth in the Tiger, May 5, 1922.

Argument for Point System

Miss Tearbaugh, speaking for the adoption of the plan, declared that the point system would make for better scholarship, since no student can do more than a certain amount of outside work without his studies feeling the effect of it. Also such a system would mean the development of more leaders, and it is the business of any college to develop latent qualities of leadership. As it is, only those with evident powers of leadership are given a chance to exercise their abilities. She insisted that the most popular people are not necessarily the most capable, and that there are certain important facts to be filled which require special efficiency, to which more often than not, the students elect some popular student already over burdened with activities.

Argument Against Point System

Miss Mintz, the negative speaker, said that the students who have the power of leadership, and can get things done(usually have a personality which makes such qualities known, that naturally such students are elected to office, and that indeed only popular students can command the co-operation, which makes success in any venture possible The point system would cause confusion and hard feelings, since a student already filling offices to the limit, might be given a chance for an office which he would rather have, but could not accept unless he resigned some other office. Thus an organization might lost its president or some other officer at any time, and its plans be much hindered thereby. It was also objected that here were minor offices for which only 5 points were allowed, which take a great deal of work, and that 25 points a year could yet allow a student to be overburdened.

In the general discussion which followed the debate, Lorene Reynolds told of the success of the point system at Washburn College, where she spent her freshman year.

With the Societies

Minerva

The members of Minerva were the guests of Miriam Ellsworth, Lorene Reynolds, Catherine Hood and Genevieve Cox last Friday afternoon for the regular meeting.

After a short business session, Mary Clegg Owen gave a reading. The society enjoyed light refreshments afterward.

SPANISH CLUB

The Spanish Club will meet Thursday evening of this week at 7:30 in Ticknor Study. Will all members please be there as there will be an election of okeers. There will be special music.

A certain way of finding whether or no college men are a success is by comparing them with the non-college men, which may be done by a careful survey of America's most successful men in every phase of life. "Who's Who in America," gives a fair representation of the truly prominent men today, and from this source an abundance of proof is provided showing the real value of a college education.

Perusal of the book discloses the information that from the adult population of 41,000,000 adults, 7,852 names have been chosen as leaders in our national life and thought. Of the names listed, 31 had no schooling, 808 had completed the eighth grade, 1,245 had finished a high school course, and 5,768 were college graduates.

An analysis of this information shows that the high school graduate has 22 times as good a chance for success in life as a man with only a grammar school education, and the college graduate has 200 times as good an opportunity.

Decisive statistics as this can leave no doubt in the minds of the most skeptical that a college training is worth while and that success is gained by hard work. This despite the statement of Thomas A. Edison that "college men are afraid of work—especially dirty work." It cannot be refuted that the college trained men are a success, nor can it be denied that the present leaders of the world have reached their stations in life through the efforts exposed in college—Denver Clarion.

Of ninty-one students dismissed from Stanford University for deficient scholarship, four are star varsity athletes, and five freshman football players.

Automobiles are taboo for students at the University of Texas according to a recent ruling of the board of regents.

* * *

Students at Indiana University differ widely as to whether or not a "leap week" should be set aside every year when the co-eds would ask the men for dates. The idea is tradition at some institutions and, by reference to the prevailing leap year custom, gained the name of "leap week". Men approve the plan because it would be something new and different. Women disapprove the plan simply because it "wouldn't work".

He—"Don't mention it."
She—"Gee whizz, I won't tell a soul."

On the Campus

ANNA A. HERZOG

If Anna A. Herzog were to cash in her checks, go west, over the great divide, shuffle off, or pass out there would be a jolly little tombstone surmounted by an eight-day clock denoting efficiency. — AND AFTER HER NAME GRAVEN DEEP WOULD BE THE FOLLOWING Catalog of her college achievements:

Contemporary (2), Vice President (3), President (4), Dramatics (2), (3), (4), Sophomore-Junior Play (2), Stage Manager Eager Heart (3), Nugget (3), French Club Secretary (3), Manager Colonial Ball (2.

And then something snappy in the way of an epitaph, "She knew her eggs and had them all candled." Yes Anne is that kind of a girl. One of the best jobs she has at present is being Officer of the Day during the evening over at Bemis, she checks the girls in at night as they seek the downy and claims to have enough evidence to hang most of them and to imprison the rest for life.

Anne gives the typewriter in Mrs. Lee's sanctum a hard half hour every now and then and she can take short hand notes almost as fast as she can talk. Notice the almost. —Ed.)

Her:

Ambition — Is to be somebody's secretary and general manager.

Favorite Prof.— Goodenough.

Favorite Breakfast Food— No figures available on this since she does not get up for breakfast during the school year.

Favorite pass-time Coaching Patterson in Spanish.

C.C.'s Who's Who

ELIZEBETH WOOD GEROULD, A. B.

Miss Gerould was born in Elmira, New York. She attended the primary grades there. In 1904 her family moved to Pueblo, Colorado. That fall she entered Centennial High School of that city. While in high school she was for three years a member of the Girl's Glee Club, and for two years a member of the school paper. She was graduated from high school in 1908 and entered Colorado College the next fall. She majored in Chemistry and received her degree in June of 1912. The following year she took a graduate course in Physiological Chemistry in the University of Michigan.

From 1914 to 1916 she taught in the Cripple Creek High School, and came to Colorado College as an assistant in Chemistry in 1917. The year following she became instructor of first year Chemistry.

At present she is working for a Master's Degree and she plans to take her examination in June.

She is a member of Hypatia Society, and of the National Chemical Society.

Her hobbies are hiking, and performing wierd chemical experiments.

GLEE CLUBS CONTEST IN NEW YORK

Glee Clubs from eleven different colleges will sing in a competitive contest in Carnegie Hall, New York City, early in March. They are: Amherst, Columbia, Cornell, Dartmouth, Harvard, New York University, Pennsylvania Penn State, Princeton, Wesleyan and Yale. The trophy presented by the University Glee Club of New York has been won once by Harvard. A glee club must win it three times to become its permanent custodian.

MOVEMENT TO OUST WOMEN FROM UNIVERSITIES

Stanford Univ., Feb. 5.—Certain Stanford and University of California men have become inbued with the Cornell spirit of oust women from the universities. The fight is conducted through the press. The "Stanford Press' started and the "Raspberry Press' of the University of California followed suit.

The women in the Universities are charged with bankrupting their families to maintain themselves in style, having no regard for self-supporting students, coming to college to seek eligible young men creating an artificial world around themselves, and distracting men from their studies with social life.

The men are jealous because the women are beating them in scholarship," is one girl's answer to these charges. Others point out that it is time the men woke up to the fact that they have an exaggerated opinion of their own importance. They charge that the movement indicates that the male ego is being stepped on, and that if women are looking for eligible young men in college, most of them go away dissappointed.

PHI GAMS INITIATE

(Continued from page one)

Those outside the active chapter who attended the initiation were: Dr. Leo Bortree, Dr. Judson T. Williams, Willis Armstrong, Jo Atkinson, John Taylor, Earl Bickford, Hub Johnson, Carman Freyschlag, Frank Evans, Sam Knowles, Armin Barney, all of Colorado Springs, Murray Sprague of Burlington, Dudley Cornell of Boulder, Wesley Dennis of Woodland Park, Cecil Reed of Burlington, Tom Thompson of Pueblo, Chas. W. Henderson of Denver, Hildreth Frost of Victor, John Spalding of La Junta, Chester Hart of Pueblo, Spencer Scribner of Pueblo, and Robert Hart of La Junta.

This week is "H—— Week" for most of the remaining fraternities and the actives as well as the rest of the students are enjoying the antics of the "poor" pledges. The other Greek organizations will probably initiate in the near future.

GIRLS OUT FOR BOXING

(Continued from page one)

According to rumor the girls of Colorado College are very wise in forming such an association because it is said that there are some promising candidates among their ranks. Among those who are alleged to be anxious to sign up for the game are: Leila Taylor, Frances Tucker, Lucy Fast, Lyle Blaine, Gertrude Klein, Marian Lamme, Katherine Sias, Lilla Munger, Ann Herzog, Helen Wells, Margaret Smith, Gladys Kinsman, Janet McHendrie, Ruth Espey, and Dorothy Niccols. The promoters are said to say that with such material as is available in this institution a wonderful team can be picked.

It is understood that Miss Davis is to be the coach. As far as can be found out there is no opposition to the project. Whether the Dean of Wowen will favor the plan or not is not known.

Work

Colorado College students know what it means to work. In addition to the many hours spent in the classroom, lecture hall, library, and laboratory, many students spend a great deal of time in "outside work".

There are few students in Colorado College who do not engage in some kind of useful work outside of the regular college requirements. The business men of Colorado Springs are very generous in their desire to help worthy college students and are glad to pay well for the assistance of able college men and women.

The Colorado College Student Employment Bureau wishes to help all students find necessary employment. Students who need work and employers who need help are urged to make use of this service. The office of the Bureau is in the office of the Field Secretary — Administration Building, Colorado College —Phone Main 867.

Volume XXV | THE COLORADO COLLEGE TIGER, FRIDAY, FEBRUARY 9, 1923 | Number 32

WRESTLING-BOXING TAKES SPURT AT C. C.

Will Enter Full Team in Conference Meet at Boulder

Captain Bemis, of the wrestling squad reports that a number of men in all classes are out for that sport. In the 115 lb. class there are Leisy and Williamson. Leisy is a last year's member of the squad, Williamson is not out yet, due to the fact that he is working, but hopes to be out soon. Fritchle is the only man in the 125 lb. class. He is a new man and is showing up well. Captain Bemis and McBride come in the 135 lb. class. They are both members of last year's squad, and should make a good showing in the conference this year. Robinson, Glass, Senning, and Tucker are in the 145 lb. class. Senning is an old member and he is fast getting into shape. The others, Robinson, Glass, and Tucker are new men and are showing up well. McMillan, and Clark are in the 158 lb. class These men although not on last year's wrestling squad were out, and are getting into shape again. Willis freshman football captain of last year's team, and Morrison are in the 175 lb. class. Both are new men but should go good in the conference meet. Moody is the only man in the heavyweight class, and being a first year man it remains to be seen what he can do.

There are not quite so many out for boxing, but those out are hard to stop. Wolfe, (135) last year's boxing captain, is a fast man. It will be remembered that there was only one bout last year, so this year it will give the men a chance to show what they can do. Dixon'(145) is also a last year's member. He is a hard hitter, and is in good shape. Cook (145) is also out for the team. He is also getting in shape for the meet. McCaughey '(158) is the only man in this class. He is a first year man, and has a lot to learn, but with careful coaching he should turn out to the good.

The first meet is to be held with Boulder March 9. Both teams will go. There will be two other meets, one with Mines in the latter part of March, then there will be a conference meet also the latter part of March. The bouts with Mines are to be staged in Cossit Gymnasium. The ring that used to be at Stratton Park will be used, and this should give everybody plenty of good seats. The date of the Mines, and conference meets will be announced later.

THETA ALPHA PHI ELECTS OFFICERS

The local chapter of Theta Alpha Phi the national dramatic fraternity held its first meeting this semester after chapel Tuesday morning.

Carl Brumfield was elected president of the organization; Gertrude Klein, Vice President; Gertrude Sherk, Secretary, and Russell Hunter, Treasurer. Committees were appointed to take up the matter of a function play to be given the latter half of the semester.

Election to membership will be made at the next meeting when a list of eligible students will be presented to the officers. To be eligible for membership to the fraternity a student must have had speaking parts in two major college plays.

Coeds Make Much Over Tiger Boxing Story

By Heck.

Perhaps the most interesting article which has appeared in the Tiger for many months was that which appeared in the last issue about the new Boxers Club. At the meeting of the Womens' Athletic Association Board on Wednesday an indignant protest was made, and the Tiger editor was much censored because of the notice.

In fact Miss Davis held forth at length about "those awful newspaper men." And can one attribute all the outcry to the fact that the article was almost too explicit in its detail, or is it because the reporter accidently stumbled on a rare piece of news and gave it to the public before the plan had fully matured?

Whatever the source of the news, the reporter was wrong in printing some of the names appearing in the list of aspirants. Some of the girls are very angry at the slip, not of commission but of ommission, and feeling is high between those who were honored (?) by appearing in the number of hopefuls, and those who were left out.

However it may be, perhaps it is needless to say that Mrs. Lee and Miss Davis are behind those who were omitted, and a reward of some value is being offered for the capture of the person who started the whole affair, which was the result of the quick brain and pen of a Tiger reporter.

ALPHA KAPPA PSI ELECTS NEW OFFICERS AT BANQUET

Burghart President

The Colorado College chapter of Alpha Kappa Psi, the national business fraternity held its regular business meeting and banquet at McRaes Cafe Thursday evening. The following officers were elected: president, Robert Burghart; vice president, W. L. Smith, secretary, Perry Greiner; treasurer, Edward Patterson and diary correspondent, William A. Thompson.

A committee was appointed to make arrangements for furnishing the chapter room and another committee was appointed to look into the matter of publishing an Alpha Kappa Psi bulletin for circulation among high school students who have the intention of taking up work in the Business department of the college.

Sam Knowles, of the Knowles grocery store, and an alumnus of this chapter of Alpha Kappa Psi was the guest of honor.

The following men attended the banquet: Samuel Knowles, one of the alumni members, Professors A. P. R. Drucker and W. D. Copeland, Robert McIlvaine, James C. Park, Robert Wardwell, Perry Greiner, Marvin Reinking, J. Ellwood Amos, W. L. Smith, Robert Burghart, Edward Patterson and William Thompson.

FORTNIGHTLY SKETCH CLUB TO PUT ON FOFMAL OINNER OANCE

The Fortnightly Sketch Club met last Thursday in Perkins. Plans were discussed for the formal function which will take place in April. The members of the club are going to be hostesses at a dinner dance at the Broadmoor. About fifteen men will be invited.

EDITOR SICK!

Due to the sudden illness of the Editor, Keith Chick, this issue of the paper has been delayed. This issue edited by Sam B. McCool.

MISS CLARK TELLS Y. W. C. A. OF NEEDS IN COLLEGE

Urges Religious Need

Mary Eliza Clark, Student Secretary of the Presbyterian Board, who spoke at a special meeting of the Y. W. last Monday evening in Bemis commons, was introduced as having the view point of the college girls. Her opening remarks assured the girls of this fact.

In her talk Miss Clark said, "Many are afraid of being considered 'highbrows' if they step out with a new idea." She then gave a list of ideas to work on, such as: Europe is on the brink of war; Students in Russian and other parts of Europe are starving; Only one-fourth of the women of the world can read and write; Thousands of babies die annually in the big cities.

Miss Clark pointed out how some of these problems are being worked out. She spoke of the Student Friendship Fund, the educational and Christian outlook on life that is being gained by students in Christian colleges, the work the Y. W. C. A. is doing, the establishment and the need for spreading women's colleges all over the world, the Child Welfare work in the big cities.

College People Must Take Responsibility

Miss Clark said that the trained people, the College people, must make these ideas effective. She pointed our channels for immediate use of big ideas by college girls, such as, the young people's meetings and the churches, which she urged the girls to think of not as individual organizations but as a big 'going force', the Y. W. C. A. which in many places, she said, is the most effective organization in the world. She spoke at some length of her interesting work, and that of others in Home Missions. "It is more inspiring sometimes", she said, "to visit a Home Mission than a college: the people there are always doing something." She told of the eagerness of the children of the Home Mission schools, and of some of their strange, old traditions. "Foreign Missions", she said, "are a going enterprise. They are one of the greatest forces quietly working for world brotherhood."

(Continued on page 4)

W. A. A. ADOPTS NEW POINT SYSTEM

At the monthly meeting and luncheon of the W. A. A. board last Wednesday, it was decided that C. C. is to join the middle-western section of the national association rather than the western section which has its headquarters in California.

The University of California system of points for hiking was adopted, and hereafter twenty-five points for fifty miles, and one point for every two miles thereafter will be given to hikers. However one must understand that no points will be given until the first fifty miles have been covered; and that only the scheduled W. A. A. hikes will count toward this number. Miss Davis has announced that extra hikes will be scheduled so that girls may gain their points as soon as possible.

University Women Announce Shows for Scholarship Fund

Mrs. Friedline, representative of the American Association of University Women announced in chapel Tuesday morning that two pictures are being given this week at the America theater, the proceeds from which will be used as an endowment of the Lois Logan Arlan Memorial scholarship of $2,000 for Colorado College. The two pictures being shown are 'Timoth'y Quest' by Kate Douglas Wiggin and 'Silas Warner,' by George Eliot.

The American Association of University Women has already given $12,000 in scholarships and has subscribed $16,000 more. The Arlan scholarship is given in memory of Miss Arlan who attended Colorado College and whose sister graduated here.

President Duniway made a few additional remarks regarding Mr. Walker's topic on architecture which the speaker was not able to make on account of the shortness of time the day before. Namely, that the American Institute of the Architecture is not trying to get additional courses in art put into the curriculum, but it is eager to have art taught in estimation of its full value and not as a supplement. President Duniway also mentioned a book called the 'Significance of Art' which has been recently published by a number of distinguished architects.

PARK DATE IN LOFT FOR MINES-TIGER GAME

McBride Advises in Chapel

Harold McBride, the new chairman of the Enthusiasm Committee, made his debut in chapel Thursday morning, to exhort the students to back their team to the limit Saturday night at the Mines game, when the Tigers will go on the floor crippled through sickness.

He reminded the students that victory was not at all impossible, but that it would take some real fighting on the part of the team and the students on the sidelines would have to put up a real fight as well. He asked that there be no fussing that every man should put himself down along the sideline to spur the team on. If a man had to bring his "date" to leave her up in the "hay lofts" and line himself up on the sideline.

HIKING SCHEDULE FOR THE SECONO SEMESTER IS ANNOUNCED BY THE W. A. A.

February 10—Bear Creek Canon to Camp Vessey.
February 24—Y. W. Cabin on Cheyenne Mountain.
March 3—Cave of the Winds and Williams Canon.
March 17—An all day hike over the High Drive. Distance 10 miles.
April 14—Red Rock Canon.
April 28—Corrall Canon.
May 12—Half Way House — making the trip from the top of the Manitou Incline.
May 18—Austin Bluffs—Supper by Moonlight.

(Copy in long hand—not responsible for transcription.)

Dr. and Mrs. Duniway were hosts at a luncheon on Monday, at the El Paso Club. Mr. Howard Walker of Boston was the guest of honor. Those invited to meet Mr. Walker were Mesdames Etienne Ritter, Alexander Cushing, Mabel Lee: Messrs. Leslie J. Skelton and Robert Reid.

FIGHTING TIGERS BATTLE MINERS TOMORROW

Bengals Face Most Important Game of Conference Year

The Tigers will play their third conference game of the season tomorrow night. As the dope stands at present, the Bengals should come out on top with a comfortable lead. But during the past week sickness has hit the camp and has laid claim to Patterson, Ryan, Harvey, Broyles and Bryden. These men are all back in action now but are out of condition. The Miners, having defeated Boulder and Wyoming in the last two games, seem to be getting better as the season progresses. When asked to postpone the game the Mines Coach replied that they would like to beat the Tiger first team but if they were unable to play they would be glad to beat the second team. This means that the Tigers will have a hard fight on their hands tomorrow night. The first blow of the whistle will no doubt find the first team intact but it is a question as to how long they can last. No matter what condition the team may be in, it is up to the student body to get out and show the team and the town people that they are behind a championship team. Remember, tomorrow night at 7:30.

Two Best Centers Meet

Tiger fans will be given a rare treat tomorrow night when they will see two of the best centers of the conference come together. Fran Ryan will fight it out with Ed McGlone, and from all the dope available, it promises to be an interesting struggle. Fran made all conference last year at guard and is going great this year at center. In the matter of following the ball and recovering it from the back board he has not his equal in the whole conference. His speedy foot work and accurate passing have helped to put the Tiger in the win column. McGlone carries around with him a burst of speed, despite his great size. His weight seems to help rather than retard his playing. In the matter of shooting baskets, Fran has the advantage at present, he having hooped nine baskets to McGlone's four thus far in the conference race. Who will get the tipoff at center, it is hard to say, but in the previous conference games both centers have been able to outjump their opponents.

The Miners with two wins and one defeat are at present second to the Tigers in the leadership of the confer-

(Continued on page 4)

SOPHS ASSESSED BY CLASS TREASURER

An assessment of seventy-five cents on all members of the Sophomore class was announced by Al Linger, the treasurer, yesterday morning after chapel. The assessment was made to cover bills which have been pending for some time and also to help the girls in their presentation of the Colonial Ball on the twenty-first of this month.

The balance left over from last year in the treasury was very small and was not sufficient to cover the expense. Formerly it was the custom to use the profits from the Barbecue for the Colonial Ball but there were no profits realized after this year's Barbeque.

The assessment is payable immediately to Al Linger or to official assistants which will be appointed by him for each of the fraternity houses and in some of the other organizations.

COMMENTS

by Arthur Disbrane

Brisbane and the Radicals

Recently Arthur Brisbane commented that Morris Hilquit and Amos Pinchet, two prominent socialists, feared and were opposed to the Carnegie and Rockefeller foundations and schools. He said that they felt that the schools would be used for propaganda and overlooked the service that they have done for humanity and the country as a whole. There is nothing surprising in the attitude of these two men, being typical socialists they are interested in the welfare of humanity only so long as it agrees with their ideas. Like the great bulk of the present day radicals, they are more interested in teaching their political and economic heresies than in helping the world along.

Criticism of the French in Germany

The floor of the United States Senate, the press and some of the meetings of the so called liberals of this country have been the scenes of much anti-French criticism. This type of criticism need not be heeded by the people of the country as amounting to anything. It is very probable that the French people weighed the matter carefully and decided that the course that they have taken as the best. Little does the anti-French criticism of America effect the French policy.

American Legion in Sympathy with the French

The American Legion is, for the most part, in hearty sympathy with the French attempt to make Germany pay the reparations. The national commander recently stated that the general policy of the Legion is to favor the French in all disputes in which the reparations were the chief bone of contention.

Disloyalty to Occupation

Lately the papers have been full of the statements of and the answers to two eminent New York clergymen. The men referred to state that they do not believe in the fundamental doctrines from which they get their livlihood. They do not propose to get out but hope to see martyrdom by being tried as heretics. Loyalty to principal is one of the finest traits of human character and if these men do not see fit to remain loyal to their institutions and the doctrines they teach they should get out and let others take their places.

Roosevelt as a Radical

Much hot air and wind is now spilt by the radicals of the country by trying to prove to the body politic that Roosevelt was a "lebaral" not unlike themselves. There is a tremendous difference between the progressivism of that red-blooded American and the imported European liberalism of the intelligensia and lower East Side of New York. If Roosevelt were alive it is doubtful if such assertions would be made by our so called "progressives."

Mind Your Own Business

More people get into trouble by trying to carry the other fellow's burden and running his affairs than by any other single way. Most people have a fair idea of what they are up to and the success or failure of their affairs are the test. Too many people take things for granted. They would do well to first get at the facts and then think before forming an opinion, much less telling the world what they think. Germany took many things for granted and got fooled. Individuals, like nations, can be taken by surprise and be defeated.

More School Spirit

Mick McBride hit the nail on the head when he asked for more attendance at the basketball games. The local papers state that our games lack spirit. How can we correct that fault? By getting more pep at the games and seeing that the student body turns out en masse for all of the games. Outwardly spirit is shown by loyalty and pep. If you are disloyal keep away from the games but don't come and then fail to cooperate with the cheer leaders.

With the Societies

Minerva

The regular meeting of Minerva was held this afternoon in the club house. After a short business meeting a review of the Spanish novel, "In The Shadows of the Cathedral" by Ibanez was given by Dorothy Jean Barker.

(Copy in long hand—not responsible for transcription.)

* * *

Contemporary

On Saturday night, February 3, the Colorado Springs Alumnae of Contemporary Club entertained the active chapter at the home of Helen Kirkwood in Broadmoor Park. During a most delightful evening, a new edition of the Contemporary Song book was "initiated."

* * *

Hypatia

At the Friday meeting of the Hypatia Society the following officers were elected:

President—Alice Sweet.

First Vice President — Stena Dearborn.

Second Vice President — Evelyn Stannard.

Secretary—Gertrude Sherk.

Tiger Correspondent — Clara Vorreitor.

Treasurer—Martha Mae Kirkpatrick.

Factoti—Dorothy Rodel, Kathleen McKee.

The society is continuing the study of the modern novels for this semester. A very interesting report of Hutchinson's "This Freedom" was started by Clara Vorrietor to be finished at the next meeting.

Harriett Bumstead rendered two violin solos the "Souvenir" by Durdla and the "Indian Lament" by Kriesler.

(Copy in long hand—not responsible for transcription.)

ART LECTURES
(From the Evening Telepragh)

An unusual series of interesting lectures has been arranged for Colorado College during the month of March, according to the announcement made today by President C. A. Duniway. Professor Tozzer, exchange professor from Harvard college, will arrive here March 5 and will give instruction and lectures during the remainder of the month. His discourses will have to do with anthropology.

Miss Elizabeth Drew of Oxford, England, will be at the college on March 5. She will lecture on literature. During the present winter she has been touring the United States speaking at numerous colleges and universities. She is a graduate of Oxford and formerly an instructor at Cambridge.

On March 22 Gardner Hale of Boston will speak at Perkins Hall. His subject will be 'Craftsmen, Jewelry and Enamels.' To round out the month, it is announced that Director Eggers of the Denver Art Association will deliver two lectures here, probably the second week of March. The whole series will be a part of the year's schedule of special lectures and instruction in art and letters.

The chapel period Thursday morning was allotted to the students and an enthusiasm session in preparation for the Miners-Tigers basketball game was held. This morning Mrs. Mabel Barbee Lee, dean of women, was the chapel speaker.

There will be no holiday at the college on Lincoln's birthday. A special chapel service in commemoration of the emancipator's birth will be held. There will be a college holiday on Washington's birthday.

Line Plunges

* * *

Speaking of absent-minded professors, did you ever hear this one?

A-M. Prof.: "Jones, when was the treaty of —"

Jones: "Why, I'm absent today, professor."

A-M. Prof: "Pardon me. Will Miss Smith answer the question?"

* * *

"Boy, Bring Me the Sunday Papers"

He had made his pile and he was anxious for everyone to know it, so when the reporter for the Sunday supplement called around, he showed him gleefully over his brand new mansion, boasting of his Raphaels and his hardwood floors, his gold-plated plumbing and Gobelins, his light plant and his French furniture.

But the pride of his heart was his travelling bathtub.

"It's onyx," he said, "a lovely golden shade. It runs by electricity, on tiny pneumatic tires, smooth and silent. Whenever I don't feel disposed to leave this room it comes in here to me filled, just as I like it, with genuine Atlantic Ocean, brought up from Coney Island and warmed to 80 degrees. It comes in any time I push this button.

"Push it now," said the reporter curiously.

The button was pushed, the doors slid magically open, and the great onyx bath glided in stately silence into the room. But in it, mouth open and eyes aghast, sat the millionaire's astonished wife.

* * *

Heard at the Rockpile:

"Waiter, I came in yesterday for a steak."

"Yes, sir. Will you have the same today?"

"Why, I might as well if no one else is using it."

* * *

George—"So your father is ill. I hope it is nothing contagious."

Jack—"So do I. The doctor says he is suffering from overwork."

Good Alibi—Defending Counsel:

"Think, gentlemen of the jury, my client is so deaf that he only hears the voice of conscience with difficulty."

* * *

The students at Colorado College have always been strong for keen competition, both as individuals and collectively. We have not until recently felt the keen competition of the high school men taking our hall girls away from us. Yet, one of the most enterprising male members of the junion class is confronted with that very problem. It may be that the lady in question feels that it will be good preparation for teaching kindergarten to fuss the infants of C. S. H. S.

* * *

However, that doesn't help out our young Lochinvar of the junior class. Being away from home he is not able to have a flivver at his beck and call as is his Terror rival. The staff feels that this will test the mettle of both suitors. It promises to be a real test of the bulldog stick-to-it-iveness of the Terror and the jungle prowess of the Tiger. The interester spectators of this war of flivvers and wits are expecting a break in favor of one of the two Romeos in the near future.

The pledges of Kappa Sigma spent Thursday at the Halls prooving that they are "Modern Greeks" by the simple expedient of shining the shoes of the 'fair Co-eds' on invitation. It is estimated that at least three boxes of Whittmore's best XX was used, seven brushes were worn down to the final bristle, and 10 pledges were worn down to a frazzle.

* * *

According to a statement made late last night by one of the blacking squad every variety of show from the dancing pump to the Russian galosh was worked over by the anxious candidates. The climax of the event was reached when an eye blinding lustre was administered to Miss Jessie Hutsinpillar's hiking boots.

Tell 'em you saw their ad in the Tiger.

FUNCTION PLAY

Miss Earnestine Randolph will carry the title play in the Dramatic Club function play, "Mr. Pimm Passes By", which will be presented March 9 in Cogswell Theater. Miss Frances Tucker has been elected to coach the play and has selected a stellar cast to support Miss Randolph.

The characters include Miss Rita Fist as Olivia, Miss Dorothy Nyhus as George, Miss Alice Sweet as Dinah, Miss Gertrude Sherk as Brian, Miss Maude Bangs as Lady Merven, and Miss Mary Osbourne as the maid.

After the presentation of the play the Dramatic Club will entertain their guests in the common room at Bemis where refreshments will be served.

Tell 'em you saw their ad in the Tiger.

PI DELTA EPSILON

Chicago, Ill. '(Special)—Is the college graduate poorly equipped physically? Has his bodily development been neglected because of attention to mental development. Should a new standard of physical fitness be required of every student as a qualification for a degree

Every male undergraduate in the United States and Canada has been invited by Pi Delta Epsilon, honorary collegiate journalism fraternity, to answer these questions.

In announcing as the subject for Pi Delta Epsilon's 1923 Intercollegiate Editorial Contest "Physical Development as a Requisite for the College Degree", Cecil P. Gordon, of Dartmouth College, General Undergraduate Chairman, said:

"Last year hundreds of editorials were entered in our contest. Pi Delta Epsilon has two objects: first, to interest American college students in affairs affecting them all as a group; and, second, to arouse a greater interest in journalism in general and editorial writing in particular. We confidently expect no less than 3000 editorials."

Medals to be Awarded

As in the past, Phi Delta Epsilon will award its coveted gold, silver and bronze medals to prize winners. One gold medal, two silver medals and 10 bronze medals will be given. Because of the nature of the subject chosen, extensive publicity will be given by the Metropolitan press in general and particularly by sporting editors interested in intercollegiate athletics.

Faculty Aid Solicited

Philip C. Pack, Grand Editor of Pi Delta Epsilon, has urged co-operation by college faculties in making this subject compulsory with all students in English and rhetoric classes. "In 1921-22", he said, "many instructors in these subjects required entry by every student. Since the student is offered the additional incentive of participation in a contest of national scope, instructors may well expect very creditable work."

Harding Praises Contest

A letter received from the White house from President Warren G. Harding, a member of Pi Delta Epsilon, indicates his thorough endorsement of the contest. As a former newspaper and college man, he is in whole-hearted sympathy with its object. Announcement of the Contest Rules will be made within the coming week.

Tell 'em you saw their ad in the Tiger.

On the Campus

CHARLES BRADLEY PAGE

Charles Bradley Page is a two miler, a 'C" man, a major in engineering, a senior, a natural born stage manager, and a native of Colorado Springs. This gent has run into a lot of hard luck while trying to grab a sheep skin from the administration, some of the hardest of which is the fact that his family removed to Granada, Colorado soon after Chuck had started his education in this city. However he was not discouraged by this horrible handicap for he completed his high school work in three years and matriculated in the Engineering Department here. After his graduation in June he will go to Ames, Iowa, Prof. Okey's Alma Mater to take a Bachelors Degree in Electrical engineering which he intends to make his life work.

Chuck is absolutely impervious to all advances of the opposite sex and according to the authorities couldn't be roped into a date with 30 feet of half inch manila. Page is one of the most popular men on the campus and we will miss him a lot when he sets out for Ames.

Bad Habits—Doesn't smoke. Wears pleasant smile, engineers hat, slide rule and surveyors chain at all times. Rides bicycle. Invents and solves problems in mechanics as a pass-time, most insidious.

Aside from the above outlined faults the boy is O. K., but we'd suggest that his name be changed to Handley-Paige because he's three-motored, fast travelling, high-flying, freight-carrying sunuvagun.

C.C.'s Who's Who

HENRY HOWARD BROWN

Instructor of Music

Some folks say that education ends a man's belief in superstition, but if you had seen Mr. Brown waving horse-shoes after the Boulder game this year you would have lost your faith in that statement.

Mr. Brown was born in Cincinnati, O. in 1869. He attended the Suburban Grammar, and the Weedward High Schools of that city.

When he was in the grade schools he became interested in music, and determined to study that subject. His early education was taken in Cincinnati. In 1892 he went abroad to study the Paris Grand Opera, and to form his own opinion as to how it compares with the Mertopolitan, of this country; and he says that the odds are in favor of ours.

When he returned he remained in New York and studied with the great teachers and coaches of the time. At a later time he taught Voice Culture in that city, and had as pupils, such great artists as, Lawrence Mooney, Marie Stone, Bessie Wynne, and many others of equal repute.

Ill health brought Mr. Brown to Colorado in 1907. Since that time his hobby has been watching the Tigers beat Boulder at most any game.

Tell 'em you saw their ad in the Tiger.

College Gossip

NOTE—Contributions not in typewriting are likely to appear with mispelled words.

Bruin Inn is a cozy place to spend the evening, whether you hike or motor thru the canon.

COWBOY SONGS REICTED BY PROF. HULBERT

Cowboy poems and ballads read by Professor A. B. Hulbert and played by Mr. Samuel Jessop was the feature of Wednesday morning's chapel exercises. Prof. Hulbert told of the origins of these songs and said that many of our modern words were derived from cowboy terms. He declared that the mission of these songs and ballads originated by the cowboys, was to sing the cows to sleep to prevent them from stampeding.

MISS CLARK AT Y. W. C. A.

(Continued from page one)

In closing Miss Clark illustrated the large idea of religion, which she urged is needed, by the example of the Swiss Mountain climbers, they must go in a body roped together. The church, she suggested, should be the "roped-together" company seeking the heights of life where large ideas are."

Louise Covey sang "The Silent voice", accompanied by Leila Taylor at the piano.

TIGER-MINES GAME

(Continued from page one)

ence. Tomorrow night they will be out for blood and all those who are in the belief that it will not be a hard game, will be disappointed. The only defeat that the Mines have suffered was early in the season and since then they have been improving daily. Coach Smith has a good team to work with and it is expected that he will surprise many followers of the game with the showing of his team.

Williams Star for Mines

Williams, former Boulder star, is expected to bear the major part of the offense for the Miners. At present he is second in the conference in matters of baskets and points made with a total of 51 points. However with Harvey or Ryan in good condition it will be hard for the Mines' forward to add many more baskets to his scoring column. Gob has been playing stationary guard this year and thus far it has been pretty hard for the opposition to make any headway in the matter of baskets. With Gob in bad condition, matters may be reversed and this clever little forward may slip his way through for many baskets. At all events he will bear watching.

Fight! Fight. Fight.

Fight will be the watchword from the first tipoff and the student body will have to get behind the team in this matter, if they expect the Bengals to win. One by one has been the order in which the Tigers have met their opponents this year. Let's all lend our best efforts to the team tomorrow night and keep the Tiger team in the thousand per cent. column.

Gunnison Game

Although Coach Mead has not yet definitely decided just who will go on the trip, it is certain that another team will go to Gunnison to play the Normal quintette, while the first team will battle with the Miners. Coach Lavik and Professor Okey will accompany this team to Gunnison.

Work

Colorado College students know what it means to work. In addition to the many hours spent in the classroom, lecture hall, library, and laboratory, many students spend a great deal of time in "outside work".

There are few students in Colorado College who do not engage in some kind of useful work outside of the regular college requirements. The business men of Colorado Springs are very generous in their desire to help worthy college students and are glad to pay well for the assistance of able college men and women.

The Colorado College Student Employment Bureau wishes to help all students find necessary employment. Students who need work and employers who need help are urged to make use of this service. The office of the Bureau is in the office of the Field Secretary — Administration Building, Colorado College —Phone Main 867.

MINERS PAY FOR FORCING GAME

TWO PERFORMANCES OF TIGER VAUDEVILLE TEAM UNSUCCESSFUL

In Second Show Tigers Quit at Scheduled Score But Gunnison Kept On

The basketball team that journeyed to Gunnison last Saturday played two games—and lost them both. It was not however the regular Tiger team. They were men who were out for the team, and some were not even out. Due to the sickness of some of the members of the regular team it looked for a while as if there would be no team go, but Coach Mead finally found enough men to go.

The first game was played at 2:30 Saturday afternoon, the final score being 25 to 21 in favor of Gunnison. This game must have given them confidence for the evening game at 8:30 ended 29 to 21 in favor of Gunnison. Twenty-one seemed to be the jinx of our team. For that was the final score in both games.

Crawford of Gunnison was the man that did most of the good work for them. He seemed to evade our team and shoot baskets from almost any place on the floor. The reason for two games being played was that there was not enough room for all the customers to see the game, therefore two games were played to give everyone a chance to beat C. C.

Some of the members of the team said that Gunnison would stand a good chance in the high school league to be played in Boulder. The members of the team were: Amidon, Hill, Cox, Putnam, Brown, Barnett and Quick.

DEBATE WITH CARLTON CANCELLED—LACK FUNDS

The debate scheduled with Carlton College of Northfield, Minnesota for the evening of March 27 has been cancelled. Finances are the chief cause for the meet being called off. Carlton College was coming here without any financial guarantee and had only Colorado College on the proposed trip to the Pikes Peak Region. C. C. not having enough money to properly carry on the debates in the local conference had been forced to answer all proposals to debate in the negative because we could not give any financial aid to the visiting team.

Carlton College has an enviable reputation in debating circles. She has lost only two out of all the debates scheduled in the past twenty-six seasons. She had never taken part in an intersectional debate and the first and only one for this season was to be with C. C. Unless more interest is taken in debating it is the opinion of Jack Dern, the manager, that debating be dropped from the list of college activities, and the time, money, and energy be devoted to other interests. Half hearted interest kills any school activity and debating has been dying slowly for the past four years.

ALUMNI SUGGEST VARIOUS CHANGES IN COLLEGE COURSE

"Teach the students citizenship," was the factor most emphasized by the alumni in answer to the questionaire sent out by Mrs. Lee, Dean of Women, some time ago asking the members of the alumni to tell what they think is the weakest spot in college education, and how they would improve it. Mrs. Lee read a number of these answers to the students at chapel Friday morning. Some of the improvements suggested are as follows: Emphasize the practical, not the theoretical: Include athletics as an academic study: Teach them citizenship thru an extensive study of economics and political

FIRST LABORATORY IN COLO. REMODELED FOR GEOLOGY DEPT.

Prof. Strieby Assayed First Ores From Cripple Creek and Started Gold Rush

Under the direction of Superintendent Bayliss two new rooms in Cutler are being remodeled and made ready for use. The basement of the left wing which has had the old board floor has been replaced by a floor of cement and the walls have been replastered, making a very desirable room for the geology department. This room was used for a laboratory, in the old days, and is reputed to be the first school laboratory established in the state of Colorado. Immediately adjoining this is another room which is undergoing a similar reconstruction, a partition having been removed to enlarge it. In this room Professor Keyte plans to install a number of machines for polishing fossils and other geological specimens, many of which are picked up during the geology hikes. The one item of particular interest in this room is the old Muffle furnace, built by Professor Strieby in the early eighties. In spite of its crude construction it was used night and day. Many of the first ores from Cripple Creek were assayed here, and the results of these assays were in part responsible for the great gold rush to that region. If for nothing more than a historical curiosity, the old fur-

Prof. and Mrs. Sisam Entertain Mathematics Majors

Those majoring in mathematics were entertained last Tuesday evening at the home of Prof. and Mrs. C. S. Sisam, 311 E. San Rafael. After a delightful dinner the guests were entertained with music and a few mathematical puzzles. They were: Elma Jane Clopper, Geneveive Cox, Catherine Hood, Christine Miller, Mabel Sadler, Lorene Reynolds, Lilhan Swenson, Edna Theobald, and Ruth Nicholson. Anna Wrye was ill and unable to attend.

It is rumored the above students were excused from having their math lessons next day.

TIGERS COME FROM SICK BEDS AND DEFEAT MINES 26-18 IN THRILLING GAME

Mines Coach Refused to Postpone Game When Told Most of Tigers Were Ill. Said That They Would Like to Beat Tiger First Team But If They Were Unable to Play They'd Be Glad to Beat the Second Team

In a game filled with thrills, superhuman effort, fight, and almost uncanny speed, the Colorado School of Mines, went down to defeat Saturday night before the attack of the snarling, growling Tigers. More than this. A Tiger team, weakened by sickness and playing with their backs to the wall at the end of the first half, came back in the latter part of the game and started a terrific attack, which ended in a final score of 26 to 18 in favor of the Bengals.

There was little to chose between the two teams at the start. Due to three successive fouls made by F. Ryan and Bruce, Williams annexed three points for the Orediggers almost as soon as the game had started. Patterson's free shots and Bruce's pretty field basket put the Tigers in the lead, 4 to 3. Soon however the Miner team began to work like a steam engine and successive baskets by Jordan and McGlone again put them in the lead. From then on to the end of the first half, it was anybody's game. The half ended with the score 12 to 9 in favor of the Golden quintette.

In the second half the Tigers started working their baskets from the start and when Patterson dribbled through the whole Miner defense for a basket, it was a beginning point from which the Bengal five started an attack which was never halted by the fighting Miners.

To Bruce and Patterson all credit is due. Bruce twice injured his knee before being forced to retire from the game in the last two minutes of play. The fight that this Bengal forward displayed will long be remembered by C. C. students. The Bruce to Patterson machine was working smoothly in the second half of the game and when the Tiger forward could not work their short passes through the five man Miner defense, they resorted to long shots, the accuracy of which, completely broke the defense of the invaders.

All the Tigers were stars in spite of their weakened condition. Frances Ryan was playing in the air most of the game and frequently he could be found on the back of some Miner hanging on to the ball. Ed Ryan showed the effect of sickness more than any of the Tigers. Time w. s called by this guard twice. Gob Harvey played the best game of his life, completely shattering the offense of the Orediggers at all times.

Only one substitute was made for the Tigers. Broyles went in the game in the last two minutes of play for Bruce. Although he was not in the game long, he showed a burst of speed and a lot of fight.

For Mines, McGlone was the outstanding star. In the last half when he threw two baskets in succession, he started something which looked like a threatened rally but which was short lived. In the latter part of the game, the Tigers passed the oval in Mines territory with ease, the Mines defense being in Tiger territory all during the second half. Williams, by his clever floor work, accurate free throws in the first half was dangerous throughout the game. Patterson, under fire in the second half, made all his free throws good.

Mines substituted when Mahood was forced out with four personal fouls. Swift replaced him and this Miner guard stuck with Patterson like a fly does to fly paper.

The lineup with score is as follows:

Colorado College (26)

	G.	FT.	P.F.	T.F.
Patterson	3	10	2	0
Bruce	5	0	2	0
Broyles	0	0	1	0
F. Ryan	0	0	3	0
E. Ryan	0	0	1	0
Harvey	0	0	3	1
	8	10	12	1

School of Mines (18)

	G.	FT.	P.F.	T.F.
Williams	0	8	2	0
B. Gebo	0	0	2	0
McGlone	4	0	0	0
Jordan	1	0	3	0
Mahood	0	0	4	0
Swift	0	0	3	0
	5	8	14	0

EDITORIAL CONTEST OPEN TILL FEB. 23

Physical Development As Requisite for College Degree Is Subject

Chicago, Ill. (Special)—Rules governing Pi Delta Epsilon's Annual Intercollegiate Editorial Contest have been approved by the fraternity's Grand Council. The unusual interest aroused by the subject, "Physical Development as a Requisite for the College Degree", has resulted in a deluge of questions.

For the information of every instructor in English or rhetoric and the student body in general, the Contest Rules are printed herewith.

1. Contest will open Jan. 29, 1923 and will close Feb. 23, 1923 at midnight.

2. Editorials submitted may not exceed 500 words.

3. Type or write legibly on one sode of sheet only.

4. Write an assumed name in the upper left hand corner of each sheet.

5. On the face of an envelope write this assumed name, enclosing a sheet of paper on which is written your own name, age, home city, class and local college address and telephone number.

6. Seal this envelope carefully and pin or clip it to your editorial.

7. Then hand it to your instructor in English or rhetoric or, if not compulsory as a class-room assignment, mail it to Keith Chick, local chairman.

Editorials will then be sent directly to Cecil F. Gordon, Sigma Phi Epsilon

RED HEAD GIRLS ENTERTAIN MEN FEBRUARY 23

One of the interesting affairs on the social schedule is the dance to be given by the Red Headed Girls Club. It is the annual function of the organization. Thelma Bradley and Mary Clegg Owen have charge of the arrangements. They will give no information other than that the affair will take place the evening of February 23, probably in Cossitt commons.

The only qualification for membership in the club is that implied in the name. Members who have signified their intentions of attending are: Gertrude Klein, Lois Rose, Betty Reinking, Irene Rahm, Mary Patterson, Louise Pitkin, Eleanor Purvis, Mary Arms, Alice Reinking and Marian Bancroft.

No Fraternity House Taxes in Kansas

A proposed fraternity tax law was killed by the senate committee in the Kansas legislature last week. At present all fraternity houses in Kansas are not taxed, since they are construed to be dormitories in connection with educational institutions.

Frances Tucker Reads From Drinkwater's Lincoln

In commemoration of Lincoln's birthday, Frances Tucker read several selections from Drinkwater's "Abraham Lincoln", at chapel Monday morning. This play is one of the best, perhaps that shows the character of the great American better than any other.

Two of the most dramatic scenes read were the ones where Lincoln reads the Emancipation Proclamation to the cabinet, and the scene where he pardons William Scot, a soldier condemned to be shot, for sleeping while on guard duty.

COMMENTS

by Arthur Disbrane

British Labor's Foreign Policy

For considerable time the British Labor Party has been petitioning the Prime Minister to call parliament to consider the revision of the Treaty of Versailles, the cancellation of the war debts, and the recognition of Soviet Russia. That party has been wisely ignored by Mr. Law, the Prime Minister. The Labor Party is not for England but, for the selfish ends which it's leader's seek. While it may have policies for every great world problem, they are the policies of a selfish group. To combat them, a new sort of Facist party has come into being and has adopted a programme not dissimilar to that Italian organization.

French Tighten Circle of Ruhr

After witnessing the disasterous effects of the visits of the German government officials to the Ruhr, the French have forbidden the Germans to send any more dignitaries into the occupied region. That is common sense, because the Germans in the Ruhr are heartened by such visits.

Expensive Policing

The French now hold about as much territory in the Ruhr and the neighboring regions of the Reich as the state of Rhode Island. The revenues do not pay for the full cost of the expedition and the strikes are slowly crippling industry. However, the whole story is not yet told and every false move on Germany's part means additional territory occupied by the French.

Republicans Kill Code Bill

The Republican senators in a caucas decided to kill the Code bill, one of the ideas of the governor. The threat that the Republicans would kill the administration policy seems to be making good. Sweet may be a good man, but there are some good men in the senate who seem to be able to hold their own in any battle where politics is involved.

The School Politician

Politics are played in College as they are played in high school and in the life after school days are over. While most of us recognize that there are such men and women on every campus of the nation it is doubtful if we give the thought to them that really should be given. Being a politician has its responsibilities as well as its compensations. Generally the morale of the student body is no better than that of the politicians. If we have good, capable, school politicians we have good wise action by the students. If we have cheap, grafting ones we have a cheap student body. It is the duty of every man and woman to see that only the best stock be permitted to run the politics of C. C.

Moderation

If there is one thing that a college student is apt to do that will be a handicap to him in after life it is to permit himself to become warped on some particular subject. Use moderation in everything that you do and you won't go far wrong. If you have a hobby, don't let yourself be carried away by it, try to broaden yourself by getting other interests and hobbies. Don't let your other interests suffer because you do it but temper your actions. It is the average man who makes good rather than the man who is a genius along one line and a dumbell on other things.

Criticize Constructively or—Not at All

The greatest crabbers and criticizers are those who do the least to aid the things which they attack. The school, the students and the policies of the school and individuals are discussed (sad but TRUE) by those who are not even capable of forming an intelligent opinion. Unless you have constructive criticism to offer or some alternative KEEP YOUR MOUTH SHUT. If you can't offer one or the other of those alternatives NO ONE CARES WHAT YOU THINK.

HOW ABOUT RINGING THE BELL?

With the exception of the Kansas Wesleyan game the Tiger Victory Bell has rung after every basketball game this season but who were the Freshmen who did the ringing? After careful questioning it has been discovered that the duty of ringing the Cutler Bell has been assumed by a group of six "Old Reliables." Some two or three of this six is always on hand to tell the world of a Tiger victory within a minute of the final gun. The Victory over Mines Saturday night was certainly worthy of celebration yet there were again no new recruits for bell ringing duty.

Ringing the Victory Bell is the duty and privilege of every Freshman in college. Only six are doing their duty. Let's have a little more completion for a place in the belfry.

Safety Last

I.

A moonlight night, a co-ed fair,
With dimples in her chin.
A davenport, a sweetheart song—
Thus plants a Greek his pin.

II.

Another night, say two years hence
Another dimpled chin—
But now he croons a dullaby,
And plants a different pin.—Ex.

* * *

I'm just a little guinea-pig;
I romp throughout the day;
I have no cares, just eat and sleep,
And pass the time away.

When I was born, I'd fur and teeth,
And also open-eyes;
They say I'm slightly timid, shy,
But I shall soon get wist.

My hair is short and red as fire;
I'm named for Ed O'Brien;
They say I look so much like him;
He'll say that I ame lien'.

I make the others stand around
When they get in my way;
I reign supreme in little hutch;
I like biology.

SEARCH FOR NAMES ON TOMBSTONES REWARDED

I was walking on a street, a bleak and dreary street it was too, for it was not an ordinary street, nor was it an ordinary circumstance which led me in such a direction. The snow was blowing, blowing like the very old nick himself, and it was cold, terribly cold. At first I walked fast but as I walked, I became frightened, so frightened in fact, that I stopped still in my tracks and thought a minute. It only took me about a minute to decide that I didn't want to go any farther, so I turned tail and fled.

Upon reaching civilization again I began to reason with myself, I thought "I can't go back without some evidence, what did I ever turn back for?" Then I began to think of the dreary task before me. I had just about decided neither to go nor to go back home, when the sound of laughter came to my ears from a nearby pool hall. An idea flashed into my mind. I would go over there and get some one to go with me. After some arguing I had persuaded four fellows to accompany me almost to my journey's end, so I again started out, this time in their company.

It seemed only a short time until all my companions had left me, and I was alone with about two block to go, so I went, I know not why, but I did. I arrived, and good gosh, how funny I felt. As I felt my way around from stone to stone, lighting a match now and then, I could hear the most unearthly noises, and I even went so far as to see a ghost Finally, after standing it as long as I could, I up and ran, and ran 'cause the Lord knows what was behind me, I don't and don't want to. I sure covered ground for it was only a short while before I was back from where I started from.

Glad? Boy, you don't know how glad I felt, but this lasted only a short while. When I showed the results of my errand (The names off of seven tombstones) to one of the actives, he said, "All wrong" and—HE PADDLED ME FOR IT.

BOULDER HOLDS UP CONSTRUCTION OF UNIVEISITY GYM

The construction of the University of Colorado gymnasium, a structure which will cost approximately $350,000, may be delayed indefinitely as a result of the decision of the Boulder City Park and Planning commission to prohibit the University authorities from further removal of stone from the city quarry. It will nost several thousand dollars and much delay if a new quarry has to be located.

* * *

Bob and Yolanda seem to get along nicely, well that is always a hopeful sign because Bob is discreet and doesn't waste much time.

With the Societies

CONTEMPORARY

On Friday afternoon Contemporary Club began a series of programs in the study of art. Thelma Bradley gave a very interesting short synopsis of the history of art, and an explanation of the ten periods of art. Thelma Burchfield then gave a general tolk, illustrated with pictures loaned by the Art Department, giving some ideas about lines, light and coloring in relation to real art. Two piano selections by Leta Gale finished the program, after which coffee was served and a social hour enjoyed.

* * *

HYPATIA

The regular meeting of Hypatia Society was held Friday afternoon in Ticknor Study. After the business meeting, Clara Vorreiter concluded the review of Hutchinson's "This Freedom." A general discussion of the theme presented by the author followed.

MINERVA

The active and alumnae members of Minerva are entertaining on Thursday at the club house in honor of the Honorary members. The program is in charge of Harleyn West; invitations are being sent by Catherine Hood, Genevieve Cox heads the reception; and Mrs. Leo Bortree is taking charge of the refreshment.

Scraps from the Training Table

Boulder Will Put Up Fight

Now that the Mines game is over, the Tigers are looking forward to Friday night when they will play Boulder at the State gym. Until last Saturday night Boulder was not conceded much of a chance in the conference race. In fact they were slated for a cellar position without fear of having much competition in that respect. However Boulder again has accomplished what has seemed to be the impossible and in a hard battle trounced Denver University on the latter's own floor. This means that the Tigers in order to win their next game must fight. Boulder is sure to have a certain amount of good luck for that has always been a characteristic of the State teams. In order for the Tigers to be at their best they must have a good backing from all C. C. people. Let's all make that big effort to get up to Boulder and see the Tigers in action next Friday night. Remember men, if you can't afford the ride, there is always a good chance of bumming to Denver.

* * *

Don't Razz the Referee

The game Saturday night clearly showed that the Tiger students and fans need to use their heads more if they expect to win any real tight games. A lot of the students would have felt pretty cheap by now if the extra basket awarded Mines by Referee Dana for the hissing of the crowd had decided the score of the game in favor of the Orediggers. A little more quiet on the sidelines please, when foul shot are being made.

* * *

Bruce Menace to Mines

Pike Bruce displayed one of the best exhibitions of what is best called "intestines" that has been seen in some time. Although playing in severe pain throughout most of the contest, this Tiger showed the fight in him by sticking it out until he could not go any further. This Bengal forward annexed ten points and this fact coupled with the fight and the team work that he instilled in the men, made him stand out as the most serious menace to the Miner five man defense.

* * *

Harvey Stopped 'Em

"Gob" Harvey played one of the best games of his career Saturday night. Although he went on the floor a sick man, Gob, didn't let this little fact mar his playing one bit. In the matter of following up shots, Gob was at his best against the Miners. Time after time the Miner offense led by Williams and McGlone was completely stopped in its onslaught by this fighting Tiger captain. We still maintain that there is not a man in the conference who can dribble past Harvey and get away with it.

* * *

McGlone Met Match in Ryan

McGlone more than had his match with Fran Ryan. This Tiger center was everywhere in the second half and frequently McGlone recovered the ball, only to have it taken away from him by Fran. He still follows up his shots in the same old way and this combined with his speed and accurates passing caused the hall to be in Tiger territory as much as it was.

* * *

Now Mr. Columnist, how's the old C. C. spirit? Don't we get a change of flavor?

* * *

Don't forget the game with Boulder. HELP THE TIGERS WIN BY BEING ON DECK AT THE FIRST BLOW OF THE WHISTLE.

Oklahoma and Kansas Hard on Cigarettes

Two bills are before the legislature of Kansas, one to put out of business any dealer convicted of selling cigarettes, the other to repeal the anti-cigarette law. Cigarettes are either going to be sold everywhere or nowhere in Kansas.

An anti-cigarette bill is before the Oklahoma legislature.

FRATERNITIES ERECT 19 STORY HOTEL IN N. Y.

NEW YORK, Feb. 12.—Through the efforts of the newly organized interfraternity house association, a 19-story hotel for fraternity men is being erected here. The completed building will contain 625 furnished rooms, and a private club room for each fraternity housed. It will contain, in addition to the rooms mentioned, a large and small dining hall, cafeteria, billard room, gymnasium, roof garden, reading rooms, writing rooms, and a library.

A block of rooms will be permanently reserved for each fraternity represented each block containing approximately 100 rooms. This will enable each fraternity to house their visiting brothers.

* * *

BELOIT TUITION SET AT $225

Beloit, Wis.—Tuition at Beloit College next year will be increased from the present rate of $200 to $225 a year according to an announcement to students in chapel before the end of the fall quarter. In addition to the increase in the tuition a matriculation fee of $10 will be charged all incoming students.

According to statistics from catalogues in the offices of the deans, the additional fee makes tuition at Beloit no higher than in many schools of its class. The cost of tuition ranges from $260 at Carleton down the scale to $127 at Lawrence.

* * *

Boulder Athletes Good Students

Men who partake in athletic sports at the University of Colorado are better students than the average man student. Athletes averaged 76.93, while the average for all men enrolled was 74.63. Of the athletes the baseball men stood lowest with an average of 72.12, the wrestlers heading the list with 83.82.

Pi Kappa Alpha Initiates Eight Saturday

Last Saturday afternoon Beta Rho of Pi Kappa Alpha initiated eight men into the mysteries of the fraternity. The initiation was held in the chapter house, 1339 N. Nevada Ave. The following men were initiated: Edwin Dailey, Glen Grot, Mark Smith, Howard Olson, Dudley Pierce, Wray Gardner, Clifford Fritchle, Lawson Sumner.

A banquet was held at the Alamo Hotel immediately after the Tiger-Mines game. Marion Zickafoose acted as toastmaster and the following men spoke: Edwin Daily, Simeon Wilbur, and Warren Leisy, for the active chapter; Ralph Maxwell for the Alumni.

Three out of town men were guests: John McCann of Denver, Ralph Maxwell of Ft. Collins, Robert Owens of Ramah, Colo.

EDITORIAL CONTEST

(Continued on page 4)

House, Dartmouth College, Hanover, N. Y.

Last Year's Winners

Pi Delta Epsilon's Contest of 1921-22 was won by William W. K. Freeman, of Massachusetts fnstitute of Technology. Second prize was won by Shelby H. Atchley, of the University of fdaho. Ralph K. Chase, of Union College and William J. Woods, of Hamilton College tied for third place.

Honorable mention was accorded: Frank A. Ricky, Southwestern Louisiana fndustrial Institute; Peter H. DeFries, Hope College. John A. McLeod, Furman University. Carl H. Farman, University of Southern California; Ira S. Fritz, Muhlenberg College; G. Felter Wendell, Bucknell University; Sydney S. Biro, University of California; Jesse Clark, University of Utah; Leon V. Quigley, Worcester Polytechnic fnstitute, Ellwood T. Dickinson, Dartmouth College; C. T. Chianese, University of Pennsylvania; Ralph Lipson, New York University; and Lester C. Lewis, Massachusetts of Technology.

Design of Medal

Pi Delta Epsilon's Medals, in gold, silver and bronze, are circular in shape, display the antique ink-well, crossed quills and symbols of the fraternity. The reverse side is engraved with the winner's name, date and description of the contest. Thus far, only four medals are in existence.

FIRST LABORATORY

(Continued from page one)

nace will probably be left undisturbed.

The announcement that parts of Cutler are being remodeled will be of special interest to some of the old alumni, to whom the memory of Cutler Hall is the memory of Colorado College. The old building dates back to 1878, and at that time it was the sole object on the prairie for a considerable distance, the first house of what then constituted Colorado Springs being located approximately where the Antlers Hotel now stands.

The site for the original Palmer Hall was chosen for its unobstructed view of the mountains. There were no trees about the campus in those days, everything was cactus and sagebrush. Even the Monument Creek was nothing more than a little prairie stream, dry most of the year. About fifty yards in front of where Ticknor now stands a small plot of ground was cleared for the athletic field, and a small wooden bleacher erected.

The hall continued under the name of Palmer Hall until a second endowment made possible the building of what we now know by that name. After most of the work of the college had been transferred to the new building, the original Palmer became Cutler Academy. The Academy was an institution for students of high school age and the work was carried on in conjunction with the college. This lasted until 1914, when the Academy was discontinued and the student body absorbed by the local high school. Since, Cutler has been used as an engineering building, it is hoped that sukcient improvements can be made in the near future to bring that department up to the standard desired.

ALUMNI SUGGESTS

(Continued from page one)

science: Emphasize ideals: Give more attention to physiology and history: Teach Americanization: teach culture and morality: teach them to concentrate: teach them open mindedness: teach them how to express themselves in public: etc.

"Work is God's greatest gift to mankind", said Mrs. Lee, "and it is only by doing some good honest work in our lives that we can attain happiness."

"Learn by your mistakes and your failures while you are in college. Do not shrink from responsibility as many do, but welcome it for one learns a great deal from the experiences of having a responsibility."

Work

Colorado College students know what it means to work. In addition to the many hours spent in the classroom, lecture hall, library, and laboratory, many students spend a great deal of time in "outside work".

There are few students in Colorado College who do not engage in some kind of useful work outside of the regular college requirements. The business men of Colorado Springs are very generous in their desire to help worthy college students and are glad to pay well for the assistance of able college men and women.

The Colorado College Student Employment Bureau wishes to help all students find necessary employment. Students who need work and employers who need help are urged to make use of this service. The office of the Bureau is in the office of the Field Secretary — Administration Building, Colorado College —Phone Main 867.

ONE OF HARDEST GAMES OF THE SEASON TONIGHT

—CAPT. HARVEY

BOULDER DELIVERS FIRST INSTALMENT TRIBUTE TO TIGERS

Final Score 31-22 But State Played Good Game in First Half of Contest

By Ez Cornell

The Colorado College Tigers kept their slate clean Friday night at Boulder and trounced the Upstate five 31-22, in one of the most spirited contests of the year.

The game started out fairly close and during the first half the playing was featured by the offensive work of F. Ryan, Patterson, and Bruce, and the defense of Harvey, and E. Ryan. During this half Chilson, Boulder's guard displayed his ability at keeping the scoring down. The short passing combination, Bruce and Patterson, proved too much for the Boulder guards four times during this twenty minutes of play and the half ended 9 to 7 in favor of the Tigers.

Between the halves the Boulder rooters made an attempt at some cheering but it was so listless and lacking enthusiasm that instead of cheering their team up and instilling fight into them it apparently had the opposite effect. The second half started with a bang and before the Boulder quintet had stretched the kinks out of their legs the score stood 13-7. The rooters thought the game was lost and from then on until the final gun there was a steady stream of tea-hounds leaving the gym. Captain Hervey with the two Ryans were in their prime for seldom did a Boulder man get near enough to take a short shot. Patterson and Bruce both proved to be too fast for the Boulder guards. About the middle of the half the Boulder rooters started yelling "Let the wooden leg man do it", and so "Pike" to prove that he was still faster than any two guards in the conference

(Continued on page 4)

Sigma Chis and Kappa Sigs Function First Fraternity Night

The fraternity functions of the second semester were ushered in last Saturday night when two of the greek letter organizations gave house dances. The Kappa Sigs and the Sigma Chis were the only ones to take advantage of the night this time.

Kappa Sigma

Beta Omega of Kappa Sigma held a Valentine Dance at their chapter house. Old St. Valentine reigned supreme. The house was attractively decorated in red and white, with a heart effect throughout. Chaperones for the affair were Prof. and Mrs. Okey, and Mrs. J. E. Amos, Sr. The guests were: Misses Marian Lamme, Harleyn West, Miriam Tessier, Ethel Fay Asbury, Betty Arms, Elsie Berg, Alice Sweet, Helen Hiles, Alberta Matteson, Margaret Smith, Edna Ernest, Marjorie Wood, Marjorie De La Vergne, Dorothy Jean Barker, Helen Tucker, Hazel Guley, Katherine Morton, Anne Smith, Irene Beardsley, Bernice Ryer, Marian Bancroft, Clara Vorrieter, Hazel Round, Aileen Southard, Eleanor May, Charlotte Waterfield, and Dorothy Russel, Mrs. Chas.

(Continued on page 4)

Freshman Town Girls Entertain Thursday

The members of the Town Girls Association were entertained by their Freshmen sisters in a Valentine party, Thursday afternoon. The party was held in Ticknor study from four until six. Margaret Osborne and Margaret Knowles were in charge of the program.

The guests passed the time in dancing and playing games which were Valentine in character. A short program was also given during the afternoon and consisted of a Valentine story by Carlita Wetherell and a song by Lelia Taylor. Refreshments appropriate of the occasion were served between the dances.

SORORITY GIRLS SCHOLARSHIP DANCE FRIDAY

There being no sororities on the Colorado College campus, the girls belonging to national Greek letter societies have organized themselves under the name of the Pan-Hellenic Association of Colorado Springs. One of the purposes of this association is to raise a sum of one hundred dollars each year to be used to help some worthy high school girl to start college. They will raise this money by different methods, the first of which will be a benefit dance in the Rose Ball Room of the Antlers Hotel, Friday, February 23. Punch will be served and the Beta orchestra will furnish the music. Dancing will be from 9 to 12 P. M. The admission is $1.50 per couple. Tickets may be obtained at the Busy Corner Drug Store, Murray's—across from the campus, or from any sorority member.

DEBATING TEAMS CHOSEN AND FINAL TRAINING BEGINS TRIANGULAR DEBATE MAR. 8.

D. U. and Wyoming Opponents

The debating teams have been chosen and are hard at work as the time for the triangular debates rapidly approaches. The affirmative team is composed of Ralph Monell, Glenn McLaughlin, and Charles Kimble while Alex B. Chapman, Hubert Moody, and John Duniway will champion the negative side of the question, Resolved: That the Cabinet-Parliamentary system of government should be adopted by the United States. The triangular debate is to take place on March 8 when our affirmative team debates Denver University at Denver and our negative team debates Wyoming University here.

Professor Abbott, whose ability as a coach is unquestioned, has been lending valuable assistance to the debaters, and Miss Bramhall and Mr. Meyer are giving the teams many excellent pointers. They deserve much praise for spending their time to help out in such a noble cause. The team is handicapped by having only two experienced men.

The experience of the other four has been confined to debating in high school. The squad is made up of underclassmen for the most part and these have not had any courses in political science, a knowledge of which is necessary to be able to do effective rebuttal work. However the boys are doing their best and it is expected that they

(Continued on page 4)

Saturday Night New Date For Colonial Ball

The Colonial Ball set for Wednesday night has been postponed until Saturday night it was announced late Monday afternoon. The reason for the postponement was given as a social conflict due to the crowed state of the calendar for this week.

No other details of the program have been changed and it will be carried off just as it had been planned for Wednesday night.

TIGERS MUST MEET DESPERATE TEAM FIGHTING FOR HONOR LOST THROUGH OVERCONFIDENCE EARLIER IN SEASON

Denver University Team Has Learned Much About Basketball and Danger of Cock-Sureness Since Tigers Met Them in First Conference Game

All Tigers in Good Condition

Tonight in Cossitt gymnasium the Tigers will meet the Parson quintet from Denver. This will be the next to the last game on the home floor, the last one being on the third of March, with Boulder. The Tigers opened the season by defeating the Denver five 43 to 34. But since then Denver has learned a lot of basketball, and the contest should be fast and furious. Denver will not come down over-confident but with a spirit of do or die.

Howell, Denver's forward, played his first college game against the Tigers, this year but now he has learned college basketball and forgotten a great deal of his high school playing. Bowman, Denver's captain, has gotten away from a great deal of his individual work and he, with Howell make a great pair, and two men to be watched. The Denver guards with the center have perfected to a certain degree their defensive game, and as they have played against the Tigers once this season their guarding of Patterson and Bruce should be much better, and the scores for both teams should be low.

The Tiger team is in the best of physical condition, and every man of the team will start the game and by the looks of things the C. C. percentage following this game should remain at the perfect mark.

ALL-COLLEGE PICNIC TICKETS GOING FAST

Big Feed at Cathedral Spires at 12:15 For Ticket Holders

Tickets to the All College Picnic at the Garden of the Gods next Thursday were placed on sale this morning at chapel and will be on sale at the same place tomorrow. They may also be secured at Murray's, in the various halls, and from Ray Green at school or at the picnic. The price of the tickets is fifty cents and thirty-five cents to the Hall girls.

Those who plan to hike to the picnic should arrange to start early enough so that they will be there on time for the eats which will be served at twelve-fifteen near the Cathedral Spires. Following this will be an afternoon of fun and frolic under the supervision of Jack Nolan chairman of the entertainment committee. Prizes are to be offered to the winners in the various field events planned.

AGGIES GET $1500 FOR DEBATE TRIP TO PACIFIC COAST

Colorado Agricultural College has prepared their debating schedule for the coming season. Two questions will be used, two debates on that of the use of courts in deciding disputes in essential industries and nine on the cabinet-parliamentary form of government problem. The farmer orators will meet Denver University, Colorado State Teachers' College, Montana State, Washington State, and Kansas Aggies at home. On their anual tour debates are scheduled with Pomona, University of Southern California, College of the Pacific, Gonzaga, Montana Wesleyan, and Montana State. Last year the Aggies made a tour of the Eastern States and won the larger part of the debates.

Debating is considered an important activity at Ft. Collins. The various squads have $1500 at their disposal each season.

Y. W. CABINET TRANSACTS IMPORTANT BUSINESS TUESDAY AFTERNOON

The Y. W. cabinet held its weekly meeting Tuesday afternoon in the rest room in Palmer at 4 o'clock.

DR. HEBER R. HARPER INAUGURATED D. U. CHANCELOR FRIDAY

C. C. Faculty Members Attend as Representatives of various Institutions

Dr. Heber R. Harper was officially inaugurated as chancellor of Denver University last Thursday and Friday. College presidents, other representatives of colleges, the governor of Colorado, and men of prominence throughout the country were present at the ceremonies.

Representatives from the Colorado College were Pres. C. A. Duniway who represented the college; Dean E. J. Jaqua, Grinnell; Prof. R. J. Gilmore, Lehigh; and Miss Ella S. Campbell, Morningside. Prof. A. Butler Hulbert, who was unable to attend, was to have represented Marietta.

Formal ceremonies began Friday evening in the Municipal Auditorium. Bishop Charles L. Mead of the Methodist Episcopal church delivered the formal charge and Dr. Harper responded with his inaugural address.

Dr. Harper is one of the youngest, if not the youngest men who ever assumed the position as chancellor of a large university, yet his experience is so wide in the thirty-seven years of his life that he comes to Denver University as a man of maturer years.

He was born in England, but educated in American schools. After the ending of the war in which he was ac-

(Continued on page 4)

KAPPA SIGMA, SIGMA CHI, PHI DELTA THETA REVEAL MYSTERIES TO TWENTY-FOUR MEN

Three more of the fraternities initiated a total of twenty-four men into the secrets of their organizations last Sunday afternoon. Beta Omega of Kappa Sigma held their initiation at the Eagles Hall. The ceremonies were held for the following men: William Mast, Wallace Mast, Beuford Hahs, Robert Fling, Hayes Walters, Albert Hill, Ralph Monell, and Clare Thomas. Immediately after the initiation a banquet was held at the Elk's Home. Prof. C. C. Mierow acted as toastmaster. Hugh Morton, J. Ellwood Amos, and William Mast spoke for the Active chapter; and Louis Deez of Pueblo, Eugene Preston, and Chas. Kurrie of this city, for the alumni. Among those present for the ceremonies were: Chas. Kurrie, Fred Wanberg, Chas. C. Mierow, Herbert Mierow, Landell Bartlett, A. Meldon Johnson, Monroe Heath, Louis Deez, and Thomas Seeley.

Colorado Beta chapter of Phi Delta Theta put the following men through initiation at their chapter house at 1319 N. Nevada, last Sunday afternoon: Walter Wood, Rufus Carter, Emmet Graham, Frank Strachan, Gene Bowles, Marvin Reinking, William Twilley, Gerald Sullivan, and John Mulford. A banquet at the chapter house followed the initiation ceremonies. Bradley Kidder acted as toastmaster, and among those who spoke were: T. Wynne Hose, Malcolm MacDougall, Donald MacDougal, and Newton Holman. Other guests at the affair were: Harry Holman, Ray Burgess, Roy Brumfield, Edmund Crockett, Burr Crockett, John Carter, George Kief, Frank Briggs, Harry Taylor, Willard Smith, Robert Morris, Glen Lowry, Kenneth Brown, and Stewart Armil.

Beta Gamma of Sigma Chi initiated six men: Tom Ryan Tom Will's Donald King, John Holland, Herbert Moody, Edmund McAllister, and Jack Yates. The ceremonies were held at their chapter house. After the initiation they adjourned to the Acacia Hotel where a banquet was served. Speakers at the banquet were: Dr. Holland, Mr. L. C. Lennox, Mr. Geo. Allebrand.

COMMENTS

by Arthur Disbrane

Discoveries in Egypt

The recen discovery in Egypt of a complete funeral regalia of one of the ancient kings is of interesting value to the world. The men who made the discovery deserve the utmost praise for their painstaking work. Much is now said by various schools of thought as to what shall be done with the mummy of the ancient king. Some of the utilitarians say that it should be taken to the British Museum, while others says that the tomb should be sealed and everything left just as it was found.

Excessive Cost in Government R. R. Administration

The full cost of the government operation of the railroads during the recent war has just been determined by the treasury department. The cost will aggregate one billion eight hundred million dollars. That staggering sum is almost incomprehensible to the average mind. Double that sum and the nation would have enough to give the ex-service men their bonus. (Five time that much amount would pay the civilian employees of the government almost three hours work during the war.—Ed.)

France Loans to Poland

In spite of reports that France is on her last legs, financially there is a report that the French government has loaned 400,00,000 francs to Poland. The money will he used to improve the military equipment of that new nation. France can always see Germany and Russia allied and sweeping over western Europe. She is leaving nothing undone to prevent such an occurence. Hence we have the Petit Entente and the Franco-Pollish alliance.

French Military Machine Perfect

The recent reports indicate that it is the flower of the French army that is in the Ruhr. The men are superbly equipped and are the best trained men to be found in Europe at the present time. While the Germans loath to see them in their native land they have had nothing but praise for the troops that are carrying out the will of the French people. The best calvary to be found enywhere in the world is policing the industrial heart of Germany. No unnecessary burdens have been put on the Germans and the occupying troops are inclined to fraternize with the populace.

British Debt Plan Sanctioned

Both the House and Senate have given their approval to the plan for the funding of the British debt. The plan calls for the issuing of new bonds by the British to the American government. The interest is to be at the rate of three per cent. for the first ten years and three and one half per cent. from then until the principle is paid. It is estimated that it will be sixty-five years before the British can pay this huge debt of four and three quarter billion dollars. The British debt is approximately 35% of the total amount loaned by the United States to the Allies in the war.

To Reform Diplomatic and Consular Services

A new bill that has passed the house calls for improving and remodeling the consular and diplomatic services of the country. It is well known that these services are not to be compared to the British and French services. We do not pay these men enough and we do not get the best men in the country to go into the service. In England they put these services under the civil service bureau and then if the candidate passes the requirements he is appointed to a certain post where he has a fine chance of working up and eventually to become an ambassador, if he makes good. The pay is good and as the man is advanced his pay is likewise advanced. England knows that one good diplomat is worth more at times than a division of soldiers when an international crisis arises. We do not pay our men enough to keep them on a par life the other nations and a man going into that service must have a large private income. It is to be hoped that Congress will see fit to pass this bill.

SPORTSMANSHIP.

If those people who attempted to give Referee Dana the razz at the Mines-C. C. game had attended the game at Boulder last Friday night, they would certainly have seen themselves as "ithers see 'em". The spirit displayed by the up-state boys was what it should be every thing else but. From the very first whistle they seemed to take malicious delight in Razzing the referee whenever he called a foul on the C. U. men and Razzing the Tigers when they made personals. It is to be sincerely hoped that in the future the C. C. men will save their antagonistic opinions of the referee and our opponents until they are out of the gymnasium.

The game at Boulder was fast and clean and well refereed in spite of the adverse criticism of the spectators. We can understand that it is mighty hard to have a mere College clean up on the Varsity. It is too bad that a state institution with Boulder's prestige cannot furnish a better basketball court. One girl was injured when one of the railings gave way and threw her to the bottom of the stairs. It is quite a wonder to the writer that many others didn't have to extricate splinters from various parts of their anatomies after parking on the rafters and other improvised seats which were pressed into service.

—Red Eye.

With the Societies

SCHOLARSHIP CUP FOR GIRLS' SOCIETIES

The Denver Alumnae Chapters of Minerva, Hypatia and Contemporary will give a scholarship cup this Commencement to the active Society having the highest scholarship average. Previous publications have wrongly stated that this cup is to be given by all the alumnae of the societies, but the Denver chapters are the only ones concerned.

It is hoped that this gift will stimulate scholarship in all three societies, in creating a friendly rivalry. The girls have always wanted some such award, and are very enthusiastic about it.

* * *

CONTEMPORARY

On Saturday morning, at eleven o'clock, Contemporary Club pledged six girls—Anna Frances Wrye, Ernestine Randolph, Ruth Walker, Adelaide Easley, Hildred Taylor and Katherine Sias. The pledging service was followed by a luncheon served in the Club House.

* * *

MINERVA

Minerva held the semi-annual pledging at the club house last Saturday morning, following it with breakfast at the Colonial Tea Room.

The new pledges are: Frances Wiegel, Levetta Tevebaugh, Dorothy Graves, Leila Taylor, Lilla Munger, Ethel Fay Ashbury, and Maxine Ingle.

* * *

HYPATIA

Instead of the regular meeting of Hypatia Society Friday afternoon the pledging of the following girls took place: Roxana Jackson, Alberta Matteson, Ruth Espey, Marie Coleman, Dorothy Carmine, Frances Hurst, Irene Sherk.

Each pledge was presented with a Valentine corsage of Ophelia roses and pansies. Dainty refreshments were served after which a social hour was enjoyed.

AUDIENCE TO JUDGE INTERNATIONAL DEBATE

UNIVERSITY OF CALIFORNIA, Feb. 19.—California's Varsity debating team will be the first team of any American university to go outside of the United States for a debate when it meets the debating team of the University of British Columbia early in March. It will be a dual contest consisting of two debates, one to be held at Vancouver, British Columbia, and the other at Berkeley. The question is "Resolved, That France was justified in her occupation of the Ruhr Valley." California will represent the negative side of the question. The Varsity team will debate the same question with Washington State University while on its way north.

The California debaters are trying to hold this debate according to the open Forum system in which there is no decision by judges. The audience votes on the merits of the question. This method, according to D. E. Witken, assistant manager of debating, is more practical than the former way of judging debates.

The capacity of the student hospital at the University of Kansas is severly taxed because of the unusual amount of influenza there.

Only Six "National" Universities

Austin, Texas, Feb. 20.—Dr. Albert Bushnell Hart of Harvard has selected Harvard, Yale, Columbia, Chicago, Michigan and Cornell as being "national" universities. In the opinion of Professor Hart, only these six institutions have had sufficient influence upon American history, offer adequate enough curricula, and draw the student bodies from territories sufficiently diffused to be worthy of being termed "national."

* * *

"Don't Send Me Posies", Cry at University of Oregon

UNIVERSITY OF OREGON—"Don't send me posies" is the cry of the University of Oregon Pan Hellenic Council, and the campus is agog whether or not the Oregonian means to follow it up with a plea for shoesies is not laid bare, but the women say that the men are put to an unnecessary expense and that the prevailing styles do not favor corsages anyhow. The opposition plays up the thrill which comes only from opening a box of flowers, and say that the nosegays add a touch of color to the most drab party. No settlement has been made, but the men are dumbly hopeful.

A New Kind of Pollyanna—

Boss—You look happy today Jane.

Jane—I'm sick.

Boss—'s a funny thing to be happy about.

Jane—It's an ill wind that blows nobody good.

* * *

Contemporary, Hypatia, and Minerva have all pledged again. They are the best girl's literary societies on the campus and they all got the best girls. There, by hickory, we've done our duty and if it makes any sore it ain't our fault. Even the names are put in alphabetical order.

* * *

Have you noticed how uppity, insolent, and overbearing these newly initated actives all over the campus are getting. We advise the upper classmen to put at least one of those paddles under the bath tub for future use. There's nothing like a little target practice to while away the long winter evenings.

It's lucky the weather took a turn for the warmer here the last few days or some of the frosh would be getting double PP-new-monia from going around with the old coat pulled back to display the full glories of the new badge.

* * *

If Mary Clegg is determined to treat Bronson so rough it does seem to us like she would hit him somewhere else where it would not be so visible as on his face.

* * *

DO YOU KNOW?

Whose Beta pin Roxy was wearing?

That there's a rumor about another red headed club being formed? The charter members will probably be: Jack Dern, John Fairbanks, Ed O'Brien, Clifton Ward, Ted Street, "Pinky" Bryden, Fat Thomas, Red Amos and Gene Broyles.

That Gene's hair isn't red, though? At least, the sport editors once referred to him as "golden haired Gene."

That Lees Armit was the handsome bridegroom in the Legion Vaudeville.

How gracefully Jack Yates kissed Ethel Reasoner in the same show? He seemed to be well versed in the art.

That Pat, Ed Ryan, Clark Robinson, Francis Thomas, Al Burton and Spud Tait played football together on the Terror championship team three years ago?

That Bill Fisher, Ed Ryan and Ed Patterson were basketball champs the same year?

That Fran Tucker is a good newspaper reporter? She can "make" stories and get away with them.

That a mere Freshman, who is dated up at present, is going to try to make a date with Alice Sweet when his social schedule permits? We are wondering.

That the pit was warm one day last week?

Who is the Infant Professor's latest?

That "Jesse" James ought to be very strong judging from the way he exercises his arm, shoulder and jaw muscles?

How interested Betty becomes when anyone mentions Boulder?

Why everyone has such a good time at Prof. and Mrs. Gilmore's Sunday evening "at homes"?

That a new Freshman passing the Museum noticed the bear and other animals near the door and exclaimed, "Oh, look at the Zoo."

Scraps from the Training Table

The Ministers invade Tiger territory tonight and from all the dope the Parsons should be defeated by the Bengals by a good margin. However, if D. U. should decide to show a little fight during the game, the battle might be a close one. Possessing a team of experienced men, who have played together before, the Minister five should be one of the best in the conference. So far the Denver quintette has failed to show any kind of a fight that would entitle it to a first place in any conference. There is one thing sure: if D. U. displays any fight during the conference season it will be against the Tigers. The two teams are ancient rivals of the cage game and the Ministers are expected to give the Tigers a hard fight tonight. It will be a good battle and every student will have to be there for the Tigers to be at their best.

* * *

Bowman Mainstay Tonight

With Bowman leading the conference in the matter of baskets, this clever Minister captain is expected to do the dirty work for the Denver offense. However the Tigers have met the Ministers before this season and at that time, the Tiger guards did not have much trouble stopping Bowman. With Harvey and Ryan having improved their defense in the last games, they should have little trouble in keeping down the Ministers forwards.

* * *

Boulder Outclassed, But Hard Fighters

Another victory over Boulder! In spite of Boulder luck, the Tigers walked away from the State team in the last half. Reports from Boulder say that Bruce and Patterson are too clever for the other conference teams. This proved itself in the last half of the game when these two Bengal forwards passed the ball at will around the dazzled Boulder guards. Smith's reputation dwindled and Walters was forced to take long shots. The Upstate five was completely outclassed in every department of the game. The only consolation they have is the fight they displayed. Outplayed and overrun, the Boulder team showed a fight which deserves nothing but praise.

* * *

It's funny how all the Denver papers give D. U. the glad hand when the season opens and then start "razzing" them as soon as they lose a game.

* * *

Teacher's College Crab Cancelled Game

The following is an extract from the "Mirror", the student publication of the State Teacher's College, Greeley.

"It is a peculiar thing that since the Teachers have proven their ability to meet conference leaders by defeating Kansas Wesleyan and Boulder, that the Tigers should cancel their games. The attitude of the student body of Teachers College is that it shows very poor sportsmanship on the part of Colorado College in cancelling its game just because it does not want to get beaten by an associate member of the conference. C. C. claims to have the best team in the state, but from the dop Teachers seem to be the best. The Teachers beat the Kansas Wesleyans and K. W. beat C. C., so from this it leaves the Teachers the best team in the state."

* * *

Coach Mead States His Cace

"We did not play the game with Greeley because we did not schedule a game with them. If they assumed Aggies' schedule, it was on their own hook, as they did not do so with the consent of the other teams in the Conference at a regular meeting of conference officials. Furthermore if any team in the conference played Greeley, it was on its own hook for they were not compelled to do so. The State Teachers coach has admitted that they have not followed conference rules this year and that if they did so they would not have any basketball team. We do not propose to play any team as a conference team or any team playing on the schedule of any conference team, which does not enforce conference rules."

* * *

Live Up to Conference Rules, Greeley

Coach Mead is right in every respect. We cannot be expected to play a game which we have not scheduled. If Greeley would enter the Conference with the proper rules enforced and the proper action of conference officials, then they would probably have no trouble in scheduling their games.

* * *

Tigers Beat Greeley in Early Season

Besides where does Greeley get the idea that they are the best team in the state. Does Greeley remember the night the Tigers massacred them over two to one? Greeley must also remember that Kansas was defeated by Boulder and other conference teams, whom the Tigers defeated. When Greeley thinks that they can put out a team of conference standing with conference enforced rules, then they will find the Tigers will be more than eager to meet them as per scheduled.

HUGH M. MORTON

Hugh M. Morton, Colorado Springs, Kappa Sigma, Sigma Delta Psi, Ec. Major, Track, Pearsons, K. U. K., "C" Club, Assistant Manager basketball and football; that just about completes his pedigree.

But has distinguished himself this year as manager of basket ball by introducing a number of novel plans to increase the income of the athletic commission. His pet project is to cover the east slope of Pikes Peak with grand stands and load them to the guards with spectators for the games on Washburn Field at $1.50 a head and then charge 'em 10 cents a piece to peek thru his telescope. This however is not as practical as his recent installation of a vacuum cleaner at Cossitt to retrieve the gum drops, rubber heels, lemon drops and pennies dropped under the stands by the excited fans.

Huge is a prominent member of the Senior class and after graduating will accept a position with a large manufacturer of billard balls, as head of a research laboratory established for the purpose of removing the ivory from ivory soap.

NOTICE TO DEBATERS

No meeting will be held until Wednesday evening, when both affirmative and negative teams will meet in practice debate in Palmer Hall at 7:00 P. M. Be there on time.

HAWLEY SCHOLARSHIP STUDENTS GUESTS OF PROF. AND MRS. SISAM

The Hawley scholarship students were entertained at dinner Friday evening at the home of Prof. and Mrs. Sisam. The guests were Misses Joan Heckenlively, Elsie B. Essex, Miriam Ellsworth, Rena Hestwood, Helen McKinney, Thelma Burchfield, Elizabeth Southmayd, Katherine Wilson, Kertrude Klein, and Levetta Tevebaugh. Miss Eleanor Purvis, the recipient of the Richards scholarship, was also a guest.

THELMA BURCHFIELD TO SPEAK AT Y. W. MEETING TOMORROW NIGHT

The Y. W. meeting next Wednesday evening in Bemis commons at 7 o'clock will be entirely in charge of student leaders. Thelma Burchfield will give an original talk on "The Quest of Learning." Ruth Allen will have charge of the devotional. Leila Taylor will prepare the music for the program.

Miss Burchfield's talk will be the main feature of the program and it promises to be of real interest.

Rev. S. S. Klynne Speaks in Chapel Monday

Rev. S. S. Klynne, pastor of the First Methodist Episcopal Church spoke to the students at chapel Monday. As an introduction he referred to the book "What Men Live By," naming four essentials pointed out in the book as work, play, love and religion. He said that we came by play and love thru instinct. Work, was left for the faculty to supervise but he came to talk upon religion.

The theme upon which he spoke was the sovereign power of God which is vested in our souls.

((Eureka!)

BOULDER GAME

(Continued from page one)

took the ball from center and dribbled past both Boulder guards on one leg and shot the basket. This brought forth great cheers from the Boulder stands because anybody must admire a good play by an opponent especially if he does the apparently impossible.

Comparing the two teams one would say that the differences were: the Tigers passed far better than Boulder; the Tigers followed and shot better than Boulder; the Tigers had better team work than Boulder; the Tigers had more fight than Boulder; the Tigers outplayed Boulder in every department of the game.

BIG TIME!
Garden of the Gods
THURSDAY
EATS TWELVE-FIFTEEN

CITIZENS' MILITARY TRAINING CAMP

Word has been received from First Lieutenant J. A. Gilruth, Infantry, D. O. L. C. M. T. C. Officer of the 8th Corps Area, which includes the states of Texas, Oklahoma, Colorado, Arizona and New Mexico, that elaborate plans are now under way for the continuance of the Government summer camps for young men which proved so popular last summer and the summer before.

Nearly three thousand young men received an outing at Government expense last year, some at Camp Travis, Texas, Fort Sill, Oklahoma, Ft. Logan, Colorado, and Fort Bliss, Texas.

According to present plans, camps are to be held at Fort Sam Houston, Texas, Fort Sill, Oklahoma, Fort Lagan, Colorado, and Fort Huachuca, Arizona, this year. The branches of instruction offered may be slightly different from those of last year, but in the main will be in the same branches, which includes Infantry, Calvary, Field Artillery, Engineers, Coast Artillery, Signal Corps and the Air Service.

The courses offered include a basic Red Course, which gives fundamental training but does not instruct in any particular branch of the service; Advanced Red Course, which gives basic instruction in branches desired; White Course, (for which graduates of last year's Red Course who were certified are eligible for admission to white courses are qualified) fits students to be a non-commissioned officer in the Organized Reserve or the National Guards; and the Blue Course, (for which graduates of last year's White course who were certified as eligible for admission to Blue Course are qualified if of proper age and possess necessary educational qualifications) which fits candidates for commission in the Organized Reserve Corps.

The age limits are the same as for last year, 17 to 25 for the Red Courses, 18 to 26 for the White Course, and 19 to 27 for the Blue Course. These age limits do not apply to those who attended a Citizens' Military Training Camp in 1921. Veterans of the World War may be accepted up to 35 years of age.

Although formal application blanks have not been received, young men of proper qualifications will find it to their advantage to mail requests for applications to the C. M. T. C. Officer, Fort Sam Houston, Texas, at as early a date as possible. Although it will be possible to accomodate more than twenty-five per cent, more candidates than were accomoated last year, it is expected that more will apply than can be admitted. By having your request for application on file, you will have opportunity to receive application blank early.

The Glee Club of Emery University, Georgia, recently completed a very satisfactory tour of the Southern states and Cuba.

* * *

The University of Minnesota will take an active part in the National Ski tournament to be held in Glenwood Park, Minneapolis February 11 and 12.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV | THE COLORADO COLLEGE TIGER, FRIDAY, FEBRUARY 23, 1923 | Number 35

TO ORGANIZE STATE ASSOCIATION HEADS OF STUDENT BODIES

Meeting in Denver Tomorrow to Perfect Organization Suggested by Colorado College

Robert S. McIlvaine left this afternoon to attend a meeting of the presidents of the student organizations of all institutions of collegiate grade in the state. The purpose of the meeting is to form an organization similar in some respects to the Rocky Mountain Faculty Athletic Conference. This organization would handle all matters coming up in regard to student activities outside institutions. It would also provide for an interchange of ideas of campus government and various other matters of interest to such an inter-collegiate organization.

Full details of the meeting will be published in the next issue of the Tiger.

ELLINWOOD MARRIED

Announcement was made last Tuesday by Mr. and Mrs. L. F. Rader of the marriage of their daughter, Fern, to Mr. L. E. Ellinwood, after having kept the secret for over a year. The ceremony was performed a year ago last January. Mr. Ellinwood will continue his course here at the College, and Mrs. Ellinwood will remain at home with her parents.

SCIENTIFIC BASIS OF MUSIC DEMONSTRATED TONIGHT

A demonstration of the principles of the scientific basis of music by the Department of Physics at Colorado College, Friday, February 23rd, 7:45 P. M., Room 32, Palmer Hall. No admission.

1. Musical Tone, a periodic vibration.

10. Acoustics of Halls.

Marthas and Georges Apper Tomorrow Night at Colonial Ball

Tomorrow night at seven-thirty the Sophomore girls entertain the girls of the College with their annual Colonial Ball. The date was set for Wednesday night of this week but was later changed to Saturday night because of conflicts with other events. The Ball will be given in Bemis Hall.

Special attention is called to the fact that the invitation includes all the girls of the college instead of only the girls of the Junior and Sophomore classes. The faculty is invited to attend the affair from nine until nine-thirty to watch the minuet. The girls are requested to come dressed in colonial costumes, and the committee in charge says that only those who have colonial costumes will be allowed to dance.

PRIMITIVE PUNISHMENT AMUSES CROWD AT FROLIC IN GARDEN OF THE GODS

Victims Placed in Stocks

It would be hard to find any student of Colorado College who attended the picnic yesterday — and if there were any who did not attend they were certainly not numerous—who would say that the annual Washington's Birthday All-College outing was not a tremendous success.

The weather was perfect and overcoats and sweaters were abandoned. It was more like a June day in Kansas than the February 22 that the Calendar proclaimed. Winter days are hard to find in the Pikes Peak region and the weather gods were unusually kind to the picnic.

While the eats were being served a Kangaroo court was held and Coach Lavik, Bill Coneland, Don McMillan, and several other victims were sentenced to eat at least a part of their dinner in the stocks built after the fashion of the old Pilgrim machines. The heads and hands were fastened in the stocks while the feet, in the case of the diminutive McMillan, dangled in the air below. In this position food was introduced thru the ventral opening. Before the last course was entirely served the bloodthirsty juniors and seniors began to teach some of the more prominent malefactors the art of aviation. Prof. Gilmore and Prof. Smith represented the faculty in this event, and Bob McIlvaine, Charlie Kimble, Lake Moore, Ed O'Brien, Jack Nolan, and several others carried on the honor of the student body. A cry was raised for a girl who deserved tossing but the only girls in riding clothes were Evangeline Joder and Lilley Clements and there was no one in the crowd with sufficient fortitude to demand their ascension on any charge that might be trumped up.

In the afternoon a number of games and contests furnished amusement and sprained ankles. A dance at the San Luis School completed the program of the day.

Mines Beats Boulder 39-21 Wednesday Night

The Colorado School of Mines defeated the University of Colorado basketball team last Wednesday night by the decisive score of 39 to 21. The score at the half stood 13 to 9 in favor of Mines but during the last eight minutes of play the Miners opened a style of offensive that the state guards

(Continued on page 4)

TIGERS' TEAM WORK WINS OVER BOWMAN'S INDIVIDUAL PLAYING

Patterson, Bruce, F. Ryan, E. Ryan and Weiner Share Points Made for C. C.

Winning their fifth straight conference game, the Tigers romped all over Denver University last Tuesday night, by the score of 31-19. Throughout the contest the Bengals clearly demonstrated their superiority over the D. U. clan. "Pat" Patterson was "on" and when the final gun went off he had garnered eight field goals and three free throws, making a total of 19 points. His floor work was uncanny and his shooting couldn't be beat. "Pat" and "Pike" worked like a clock, as is their custom. Piker Bruce had to leave the game in the last half, when he twisted his knee, Broyles went in for him.

Bowman was easily the star for the Parsons. The D. U. candidate for an all-conference position played the floor well and gathered in 13 points in the course of the evening. He made some pretty chance shots, in spite of the close guarding of "Gob" Garvey and Ed Ryan, however, the little fellow from Denver was boxed too tightly by these two men to get much chance at the basket. F. Ryan played a great game, and there is probably not another man in the conference that can cover the floor like Ryan does. The lack of the ability to hit the basket on the part of Bowman's teammates was another thing that helped spell defeat for the Parsons.

Bowman drew first blood when he dropped in a pair of free throws. Then Pat slipped the ball into the basket for the two points. A free throw by Bowman put the Parsons in the lead again, but two more goals by Patterson put the Tigers in the lead for good. Never after the first few minutes of play were the Tigers headed. The first few minutes of the first half was close, so close that it looked as if D. U. was going to

Lecture on American Archeology Draws Full House to Perkins

Professor Byron Cummins, director of the Arizona Museum and professor of archeology at the University of Arizona gave a lecture last night in Perkins Hall under the auspices of the Colorado Springs Society of the Archaeological Institute of America.

He spoke at length on the ancient civilization of the people who inhabited the territory of the southwest states and Mexico. He said that their civilization was thousands of years older than that of the pyramid building Egyptians. He told of pyramids and ruins of temples near Mexico City that were at least eight thousand years old and pointed out the importance of the study of these ruins in determining the nature of the peoples who inhabited this hemisphere before the period of written history.

HISTORY DEPARTMENT CHAIRMAN GIVES TALKS ON VARIOUS SUBJECTS

History Course begins March 5

A series of talks by the Chairman of the History Department to history majors and such members of the History Club as desire to attend was announced Monday. History teachers in the local high schools will also be invited. The talks will present subjects relating to present-day practical topics of interest to those expecting to study or teach history. The schedule of talks follows:

1. Schools of American History in the United States Today. — A discussion of the fields of study for which certain universities are most famous and of the various leading American history professors who are directing these schools, their methods of work and the publications which have made them noted.

2. The Leading American Libraries Specializing in Americana.—A description of the collections which make certain libraries the logical place to do re-

(Continued on page 4)

TIGERS MEET MINES IN GOLDEN TONIGHT WYOMING TOMORROW

Entire Student Body Gives Team A Rousing Sendoff This Morning

The student body turned out en masse this morning to send the fighting Tigers on their last trip of this season. Classes were cut short in order that no particular period would suffer and a parade was formed at Cache la Poudre and Tejon streets which escorted the team to the Santa Fe station. All automobiles in the parade were decorated in the college colors and the men marching in snake dance formation kept the welkin ringing with the old fight inspiring yells.

The Tigers are likely conference champions but they well realize that the conference championship is not yet won. The game tonight with Mines will undoubtedly be the hardest test that they have been put to yet. Denver University on the Tiger's own floor did not show up so strongly as they might have but the Miners, who have easily conquered the Ministers and State will require a herculeanean labor on the part of the Tigers to bent them in Golden. The game in Cossitt gymnasium was an exhibition of what determination could do in the face of the odds of sickness and lack of practice for a week before the game. The game tonight will require all the Tigers have in the way of skill and endurance for the Miners are not in the kindergarten

(Continued on page 4)

SWEET EXPLAINS CODE BILL TO STUDENTS WEDNESDAY

Gov. William E. Sweet addressed the students at chapel Wednesday morning upon the administration code bill, telling of its advantages, the large amount of money that would be saved the state each year, and refuting the arguments against it. The Governor said that the bill was strictly of a business nature and not a political issue.

Governor Sweet said that efficient state government is a thing of great concern among the states of the union at the present time. A few of them have taken up this new administrative code system, namely: Illinois, Ohio, Washington, and Nebraska, realizing that the waste of money could be eliminated by this measure. The system has proved efficient in these states.

The Governor points out that this code bill is not a new one in this state. Six years ago Gov. Carlson appointed a committee to investigate the code system, and the committee's report inferred that the system might well be used. This committee consisted of men well known in Colorado Springs with Philip B. Stewart, chairman.

"The Constitution of Colorado states that the governor shall be the supreme executive authority, but he is not that in any sense of the word now," the speaker declared. This is shown by the numerous boards, the various officers and institutions having their own purchasing power. The purchasing power for all officers, boards and institutions should be placed under one head or bureau, appointed by the governor. This is one thing the code bill provides.

The department of finance, taxation, mines, labor, agriculture, board of health, public, welfare and public works would be definitely organized so

(Continued on page 4)

STUDENT COMMISSION REORGANIZATION PROPOSED TO CENTRALIZE AUTHORITY

Details of a plan of reorganization of the Student Commission are now being worked out by a committee appointed by the president of the commission, and will be submitted to the student body for approval as soon as possible. It is claimed that under the present system of representation of particular groups and individual organizations there is not sufficient interest in the good of the student body as a whole, affairs are loosely controlled and there is a lack of centralized responsibility. The different student activities such as athletics, publications, dramatics, debating, and social affairs are now carried on independently, to a great extent. Some activities are allowed to lag because there is no central authority to bolster up the specialized organizations when it is weak. In this connection it is pointed out that this year the Glee Club and Band have been allowed to languish and nearly die out entirely because it was nobody's business. Debating is not well supported by the student body and there is no adequate appropriation for carrying on that activity. Many other examples of failure to develop and control activities were brought up and discussed at the meeting of the Student Commission Wednesday afternoon.

A study is being made of the plans of student body organizations at Grinnell, Leland Stanford, and a number of other institutions who have tried out a scheme of student organization modeled closely after the commission plan of government. Applied to Colorado College, these schemes would probably resolve themselves into the following organization, according to the officers of the Student Commission who have been investigating the subject: A commission of nine members elected by the student body at large and not having any obligations to particular groups or organizations. This commission would consist of probably five men and four women divided between the Senior, Junior, and Sophomore classes. Under this commission and appointed by it would be the various boards of control and executive organizations of all student activities. The above is merely a suggestion of the ideas to be worked out by the committee in charge and should not be considered definite by any means.

PUBLIC SALES

We have purchased 122,000 pair U. S. Army Munson last shoes, sizes 5½ to 12 which was the entire surplus stock of one of the largest U. S. Government shoe contractors.

This shoe is guaranteed one hundred per cent. solid leather, color dark tan, bellows tongue, dirt and waterproof. The actual value of this shoe is $6.00. Owing to this tremendous buy we can offer same to the public at $2.95.

Send correct size. Pay postman on delivery or send money order. If shoes are not as represented we will cheerfully refund your money promptly upon request.

MUCH GOOD WORK IS LOST FOR THE LACK OF A LITTLE BIT MORE.

It was one of the great financiers of our country who first expressed the above bit of wisdom. He had in mind the loss to the investor in an enterprise who grows tired of putting money into a scheme that is slow to show any return. If he quits he loses not only the money invested but the labor and time already spent in the venture. Bery few things are of any value until they are completed. A house with walls, floors plumbing and a heating system is useless without a roof. It is not much more useful without the roof on it than it would be if it had only a foundation. The foundation is useless without a house on it, and the house is useless until entirely completed.

Acquiring an education is very much like building a house. The grammar school is analogous to the first excavations and the high school completes the basement and starts the foundation for the superstructure. It is possible to live in a basement in the fashion that the earlier settlers of this country lived in dugouts but it is much better to do a little more work and build a house over the basement. The first three years of college complete the rough superstructure but this is not of much value without the finishing of the walls, the shingling of the roof and the installation of essential furnishings which is closely analogous to the fourth year. Post graduate work may add luxuries and extra conveniences.

THE COLLEGE COURSE IS A UNIT AND MUST BE COMPLETED TO BE OF ANY APPRECIABLE BENEFIT.

COMMENTS

by Arthur Disbrane

Senate Filibuster on Shipping Bill

The Ship Subsidy Bill will have hard sledding in the Senate. The senators who are opposed to this bill have laid plans to continue the debate as long as may be necessary to kill the bill for the time being. The administration leaders say that if the bill is not passed it will mean the passing of our now huge but unprofitable fleet of merchant ships from the high seas. The other great nations have long made it a policy to subsidize their merchant fleets and it is only reasonable to say that with the LaFolette Seaman's Act in operation it will be useless to compete unless we have a similar aid for shipping.

French Tighten in the Ruhr

Following the stiffening of the German passive resistance in the Ruhr the French have made numerous arrests and are prepared to carry out the steps necessary to make Germany come to her senses. The Germans have been fighting a losing battle. Their export trade has fallen off materially since the occupation and it is a well known fact that they cannot carry on their huge industries unless they have the coal and iron of the Ruhr.

Poland Invades Lituhania

Another sign of the utter helplessness of the League of Nations is the invasion by Poland of the territory granted to Lithuania by the League after the territory had been under League administration for over three years. We will not, in all probability see another war result from this step but it serves to show that any nation can disregard the League if it chooses and not suffer from it.

No Coal Strike This Year

It was with a sigh of relief that the public read that the operators and miners of the central competitive field which comprises practically all of the union worked coal mines of the country had come to an agreement not to strike or lockout this year. The bone of contention is wages and while the public will have to pay for coal at war time rates it wont freeze. There are too many mines and miners in the country and eventually the public will demand that both be cut to a place where industrial disputes will not be the outsome of uneconomical exploitation of the coal resources.

Henry Ford Again

Ford has again come into the limelight by proposing some projects for the water power development of the Ohio River. It must be remembered that Ford has piled up wealth faster than any human being that has ever lived and that he is not proposing any projects that are not going to increase his wealth. The Ford plant is the largest plant in the world that is owned by a single family. Nobody but Ford and his son hold stock in the Ford Motor Co. He is not infallible, however.

Brazil Encourages Japanese Immigration

It is reported that the Brazilian and Japanese governments have made arrangements whereby over a half million Japanese will be sent to Brazil to exploit the agricultural resources of that great nation. The Japs are to pay the transportation cost and the Brazilians to parcel out the land. That colony if established will be a menace to the western world. In a generation there will be a million and a quarter instead of a half million in Brazil. The Japs do not practice race suicide.

Dynamite made from sawdust is the invention of Doctor Dehn, professor of chemistry at the University of Washington.

Radio Debates With Distant Colleges is Possibility

The Boston University Debate Society held a radio debate, said to be the first of the kind. The ramarks of the debaters were broadcast from a department store radio station, while members of the society listened in at a receiving set at the University, and voted on the teams. It was announced that efforts would be made to arrange radio debates with other colleges.

College Girls Active in Girl Scout and Girl Reserve Work

A number of the girls of the college are interested in outside activities, other than strictly college affairs. Many are giving valuable time to various organizations, such as the Girl Scout movement and the Girl Reserves, the junior department of the Y. W. C. A.

College girls who are doing Girl Scout work are: Lorraine Allen, Captain of the Helen Hunt Troop; Ruth Little, captain of the Papetown Troop; Mary Patterson, lieutenant of the Papetown Troop; Lillian Swenson, lieutenant of the Pioneer Troop; Ruth Williamson, captain of the Pike View Troop; Ellen Weir, lieutenant of the Pike View Troop; Bethany Reinking, Captain of the Buena Vista Brownies.

College girls who are doing Girl Reserve work are; Margaret Morris, chairman of the Girl Reserve Leaders; Helen Sewell, leader of the Columbine corps at Washington School; Jean Collier, leader of the Columbia Corps; Catherine Morton, Eloise van Diest and Leila Taylor, leaders of corps at Steele School; Anna Small, leader of the corps at West Side Junior High School; Margaret Wilson, leader of Garfield corps; Ruth Allen and Ione Squires, part-time leaders of the Liller corps; Florence Griffith, Lucy Fast, and Miriam Malsbury, at the Girls' Club as assistants of Miss Alice van Diest, at the Corps of Wohelo at the Lowell School.

The Girls' Work Secretary at the city Y. W. C. A. has stated that there is still a shortage of workers for the Girl Reserves, and any girl who will help with the Girl Reserves Corps will be greatly appreciated.

SOCIAL SCHEDULE
Secood Semester, 1922-1923

Friday, February 23 — Basketball — Mines at Golden.
Red Headed Girls Dance.
Saturday, February 24 — Basketball—Wyoming at Laramie.
Friday, March 2—Basketball — Boulder at Colorado Springs.
Saturday, March 3 — Basketball — Denver University at Colorado Springs. (Subject to Change).
Thursday, March 8—Debate — Wyoming University at Colorado Springs.
Friday, March 9—Girls' Dramatic Club Function Play.
Wrestling—Boulder at Boulder.
Saturday, March 10—All Girls Dance.
Friday, March 16 — Town Girls Subscription Tea, afternoon.
Wrestling — Denver University at Colorado Springs.
Saturday, March 17—Mens' Glee Club Concert.
Friday, March 23—Minerva Freshman Meeting, afternoon.
Girls' Glee Club Operetta, evening.
Saturday, March 24—Fraternity night.
Tuesday, March 27—Debate — Whitman College at Colorado Springs.
Wednesday, March 28 — All College Dance.
Thursday, March 29 — Spring Recess begins at 5 p. m.
Thursday, Friday and Saturday, March 29, 30 and 31, Conference Meet at Boulder.
Tuesday, April 10—Spring Recess ends at 8 a. m.
Thursday, April 12 — Beta Theta Pi Open House, afternoon.
Friday, April 13 — Theta Alpha Phi Play.
Saturday, April 14 — Athletic Board Carnival.
Thursday, April 19—Athenian Society Open Meeting, afternoon.
Friday, April 20 — Hypatia Freshman Meeting, afternoon.
Fortnightly Sketch Club Formal, evening.
Saturday, April 21—Fraternity Night.
Friday, April 27—Junior Play.
Saturday, April 28—Minerva Formal.
Friday, May 4—Contemporary Freshman Meeting, afternoon.
Saturday, May 5—Hypatia Formal.
Friday, May 11—
Saturday, May 12—
Friday, May 18—Senior Play.

Knox Admits Three and a Half Year Students

Knox College will try a method of admitting Freshman students which promises to be most interesting as well as unique.

The institution will, at the opening of the second semester on February 5, admit twenty-five students who have finished high school in three and one-half years. Only students who have achieved marked excellence in studies will be admitted.

It is possible that students now enrolled at Knox, whose grades have been low, will be dropped to make way for the new students.

* * *

Women Take Light Courses to Make High Grades

The University of Southern California has it all doped out. The women's grades are higher than the men's, they claim, not because of superior brilliancy, but beeause the women select lighter courses. Statistics recently compiled show that on the U. S. C. campus women average two hours less work than the men, take lighter subjects and have fewer outside activities.—Ex.

C.C.'s Who's Who

Prof. Smith was born in Forest, Ohio, on February 3, 1895. He started in the grade schools of that city, but the years following this were much divided among the various schools throughout the middle west. He eventually finished the grades in Pueblo, Colorado and the fall began in high school. After a high school period spent in a large number of schools much the same as his grade school work he graduated from the high school at Monmouth, Illinois, in 1913.

He entered Monmouth College in Monmouth, Illonis that year and received his A. B. degree from the same institution in 1917. While attending Monmouth College he was assistant manager of the Monmouth College Oracle and an assistant in the Chemistry department. He was also a member of the Phi Sigma Alpha, a local fraternity at that college. Prof. Smith, while at Monmouth received the scholarship for the state of Illinois from the Harvard Club of Chicago and started his graduate work at Harvard in the fall of 1917.

In December, 1917 he entered the army and was first placed in the Engineer's Corps but was later transfered to the Chemical Warfare Service. He remained in that branch of the service until after the Armistice. He was discharged in December, 1918.

He next entered the University of Chicago in January, 1919. He received his M. S. degree in 1920 and Ph. D. at the same institution in 1921. While at Chicago he was a member of Gamma Alpha and elected to Sigma Xi, honorary scientific fraternity. He was employed in the U. S. Public Health Service as a Junior Chemist and also engaged in research work on Arsenical Drugs as an advisor to Prof. Steiglitz, an expert in that work.

Prof. Smith was married during the summer of 1921 and that fall came to C. C. as assistant professor of Chemistry.

What could be better than a cup of coffee and a piece of rich apple pie after a hike thru one of the most beautiful canons in Colorado? Bruin Inn is not too far to hike.

CUMMINS IN CHAPEL

(Continued from page one)

Only a few college students availed themselves of the privilege of hearing this lecture but the hall was well filled with faculty members and towns people. Professor Cummins is considered one of the foremost authorities on American Archeology.

Tigers Meet Mines

(Continued from page one)

when it comes to basketball and on their floor they are next to unbeatable. Last year Mines defeated the Tigers in the game on their own floor and came near taking the championship away from the Tigers. The defeat of Mines at the hands of the Aggies saved the day for C. C.

The game with Wyoming tomorrow night may have some surprises in store altho the dope is strongly in favor of the Tigers. It must be remembered that Wyoming lost to D. U. by a margin of only two points. The Bengals will be somewhat tired from the games with the Ministers and Mines and they will be playing on the Wyoming floor. The Cowboys have a never-say-die spirit and can be counted on to make the Tigers work for all they get and there is a possibility that they may defeat the prospective champions.

The fault of overconfidence is not creditable to the Tiger team and they can be relied upon to fight.

Sweet in Chapel

(Continued from page 1)

that there would be no mix up as to their duties, and their heads would be appointed by the governor with the consent of the senate, the responsibility being directly upon the departments.

This, according to Governor Sweet would be getting down to a business basis, the same as that of the Federal Government. It would abolish seventy boards, but not their duties, which would go under the supervision of efficient heads of departments.

'Now once an appropriation, always an appropriation, seems to be the attitude of the legislature", the Governor said. Under the code system the present budget would not be a mere farce as it is now, but a systematic and efficient one.

In refuting the arguments against the bill, Governor Sweet read numerous statistics showing that in the states in which this code system is in effect there has been a great saving of money. He declared that Governor Lowden, in a letter to him approved of the code bill, not as some have said, that he fas against it.

The Governor stated definitely that the bill was not a political issue, but a business proposition which would make efficiency and economy the watchword in the business of the state.

MINES BEAT BOULOER

(Continued from page one)

were unable to cope with. A quick short pass McGlone to Jordan to Gebo worked with lightning rapidity and Mines scores piled up fast.

The Mines used no substitutes while Boulder tried out eight men in the attempt to stop the Mines attack.

With the Societies

CONTEMPORARY OANCE

Last Friday night Bemis Commons was the scene of one of the prettiest parties ever given in C. C. when the members of Contemporary Club were hostesses to the members and pledges of the other two societies at their annual Valentine Dance.

All men are so conceited that they feel sure that an all-girls dance is not an exciting affair for the guests. How disillusioned they would have been could they have looked on the gaiety of last Friday's party. All the girls were in their prettiest dresses, and the rainbow resulting from the combinations of color was truly beautiful. The programs were some of the cleverest in years, each dance being a separate heart, and all attached to a ring which slipped over the wrist.

The music was very good, Bill Mast and his orchestra out-doing themselves, and the refreshments were excellent.

Gertrude Klein, president of Contemporary, headed the receiving line, and was the guiding spirit of a very lovely and most enjoyable affair.

Patterson Has Good Chance High Scorer in Conference

Bowman no longer holds first place in the high score column. Williams of Mines now holds the honor. Bowman is losing out fast and before the end of the week Patterson should be at the top. He is third now and only nine points behind the leader. Bowman only leads him by five points. Considering the fact that Mines has played one more game than the Tigers and that D. U. has played two more, it can easily be seen why Patterson is not in the lead. The Tigers have three more games, D. U. one, and Mines two. F. Ryan is also coming up on the list. He now is tied for fifth place with Howell of D. U. and Gebo of Mines.

The standings are:

	F.G.	F.T.	Tot.
Williams, Mines	26	50	102
Bowman, D. U.	38	32	98
Patterson, C. C.	35	23	93
Walters, C. U.	13	23	49
Howell, D. U.	15	2	32
F. Ryan, C. C.	16	0	32
Gebo, Mines	16	0	32
Jordan, Mines	13	0	26
Edgar, D. U.	10	0	20
Bruce, C. C.	9	0	18
Greg, Wyo.	8	2	18
Nichols, C. U.	5	1	11

Fitzpatrick Stays at Utah

Tommy Fitzpatrick has been reengaged as general coach of athletics at the University of Utah, according to announcement made Tuesday.

Fitzpatrick resigned some time ago because of difficulties over salary. His new salary, it is stated, will be $3,000 per year.

HISTORY LECTURES

(Continued from page one)

search work in certain fields of work; with special attention to the Harvard, John Carter Brown, American Antiquarian, Congressional, Chicago and Wisconsin libraries.

3. Our Most Important Manuscript Collections.—A survey of the importance of the special collections at the libraries which made collecting a specialty including a history of the archival science in American as illustrated by the campaign for a national archival building at Washington.

4. Great American Editors from Justin Winsor to Worthington C. Ford.—This will involve a study of carrying a manuscript through to publication and the approved methods of editing. Certain famous series of publications such as "The Jesuit Relations" and "The Journals of the Continental Congress" will be examined critically.

5. Present-day Historical Publications—This will be a study of current literature in the historical field as aids to students and teachers. It will involve the rise, history and character of such publications as "The American Historical Review", "Mississippi Valley Historical Review", "History Teacher's Magazine", "Current History", "Current Events", etc. Also a review of the worthwhile publications of local historical societies with a word about others.

These talks will be given on alternate Monday evenings beginning March 5 in Room -9, Palmer Hall. It is hoped that many topics of discussian of interest to teachers and prospective teachers of history can be aired at these meetings. If the group is sufficiently large it is proposed that a stenographic record of the talks be taken at the expense of the members and a bound typewritten copy of the same be placed in the library for the use of the members of the group containing full bibliographical references not included in the formal lectures.

TIGERS BEAT O. U.

(Continued from page one)

make it pretty hot for the Tigers. It was not long, however, until the aspect of the game changed. Patterson and Bruce were working too good for the D. U. tossers. The score at the end of the first half was 16-11 in the Tigers' favor.

During the second half the Bengals scored two points to their opponents one. Once in a while D. U. would show some real flashes of form, but it didn't do them any good. Ed. Ryan was taken out on personals during the latter part of this half. Weiner and Burkhart took turns in his place. Broyles subbed for Bruce when the latter's knee went bad again. The game ended 31-19 with the Tigers on the long end of the score. It is interesting to note that Patterson made as many points himself, as the whole D. U. team put together.

McILVAINE CHAIRMAN STUDENT PRESIDENTS

Temporary Organizations of Students of Colorado Schools Effected

Robert S. McIlvaine was elected temporary chairman of the Rocky Mountain Association of Student Body Presidents at the meeting held in Denver Saturday. Denver University was represented by Arthur Henry, President of the Student Commission; Mines, by Arthur B. Martin, President of the Student Council; U. C., by Reid Williams, President of the Associated Students; Aggies, by W. M. MacDonald, who held the proxy of Ervin T. Hines, President of the Associated Students. MacDonald is business manager of the Rocky Mountain Inter-Collegiate Press Association.

The meeting was for the purpose of discussion of plans of organization. No Constitution was adopted and the election of permanent officers was postponed until the meeting to be held in May.

The name of the organization, while not yet formally adopted, will probably be the Rocky Mountain Association of Student Body Presidents. Membership will consist of both old and new presidents. That is, both the newly elected presidents and the retiring presidents will be members of the association. The association plans to meet at least twice a year. The tentative plans call for a meeting the second Saturday in May of each year. This meeting will be held

(Continued on page 4)

COACH MEAD SAYS TIGERS WILL NOT PLAY UTAH TEAM

From the Gazette.

Sometime ago Coach Mead of the Tiger basketball squad proposed to the members of the team that if they won the Rocky Mountain conference title, he would negotiate with a Utah championship five to come to Colorado Springs.

Since that time the matter was forgotten and the Bengal mentor has neither written, wired nor telephoned to any Utah team, he announced yesterday.

The Tiger five is really in a crippled condition, the coach said yesterday. Bruce's knee, hurt earlier in the season, is in no better condition—and in fact, worse today. Ed. Ryan, who is suffering with rheumatism, may not be able to complete the game Friday night against the University of Colorado at Cossitt gym. Captain Harvey, F. Ryan and Ed. Patterson are in fairly good condition.

"The Tiger five is really in no condition to meet a Utah team this year," said Coach Mead.

The squad will be put thru light work this week for the last game of the season.

SOPHS STILL BEHIND WITH DUES

About half of the sophomores have handed their dues to Al Linger, the treasurer, and he reports that the larger portion of this has been from girls. The men are decidedly slow in making the payments which are now fast becoming overdue.

The money is needed as soon as possible to meet bills for the Colonial Ball and every sophomore is asked to pay the seventy-five cents at the earliest opportunity.

PSYCH. STUDENTS READ CHARACTER BY PHOTOGRAPHS

Intelligence rating by photographs is the latest field of research which the Physcology department is taking up. Our own department is cooperating with the department of Physhology at the University of Wyoming in this line. Some very interesting results have been obtained. The Wyoming students send their photographs down here and the examining and judging is done down here in our laboratories.

A few weeks ago the photographs of five men and women were sent to us from Wyoming. As a result some very widely separated opinions were passed as to the mentality and intellectual ability of those individually. One person was judged both sub-normal and highly intellectual. The men were inclined to have the highest mentality and the women judged women to have the highest. Whether partiality had anything to do with the judments or not, we do not know. One girl, the one who was supposed to have done the best

(Continued on page 4)

TIGERS MEET STATE FRIDAY NIGHT HERE

If Tigers Lose Championship Will Be Tied With Miners

Friday night a Tiger, smarting from a most disasterous defeat at the hands of the Miners will come forth from his lair for the last time this season. The victims will be the team from the University of Colorado and the stake will be the championship of the Rocky Mountain Conference.

Although Coach Mills is expected to send in a team with fighting qualities, still the Tigers have all the edge of the dope. The Tiger this season has been found just as hard to whip as the Miners on their own home floor. Add to this the fact that the Bengals have already trounced the Upstate team on their own home floor, and we get an idea of the chances of both teams Friday night.

The Miners will play D. U. at Golden tomorrow night and by all rights and traditions the Mines team should win. However the Ministers have proved to be a jinx for Mines this season and the unexpected might occur. In case the Orediggers do lose, the championship goes to the Tigers, without the need of playing the Boulder game.

Coach Mead will take no chances of tossing the championship away and will

(Continued on page 4)

REMMERS PUBLISHES MORE DOPE ON PSYCHOLOGY

Mr. Remmers of the Psychology Department has again broken into print in the educational magazines. In the February number of "The Journal of Experimental Psychology" an article appeared in which Mr. Remmers was one of the three authors, the other two being Mr. Laird and Mr. Peterson of other schools. The subject of the article was, "An Experimental Study of the Organization of Material for Memorizing and Upon Its Retention." In an early number of the magazine, "School and Society" an article entitled" A Suggestion to Writers and Users of Textbooks", written by Mr. Remmers, will appear.

APOLOGY

At the time of going to press the responsibility for failure to prepare stories on the basketball games with Mines and Wyoming has not been definitely fixed, but the scores are published as a matter of record. The Mines game resulted in a defeat for the Tigers by the score of 40 to 17. The game with Wyoming Saturday night ended with the score 41 to 22 in favor of the Tigers.

Scraps from the Training Table

With the championship at stake, the Tigers will be out for a decided victory Friday night over the Boulder five. Having defeated the State team on their own floor the Bengals should have no trouble in repeating in their own backyard. However the State five will in all probability give the Tigers a stiff fight and the Bengals will have to play real basketball to beat them. It will be remembered only too well how the University team last year put a big scare into the Tiger camp when the Bengals succeeded in annexing a one point margin victory. Friday with nothing to lose and all to gain, Coach Mead's team is expected to play their best basketball of the year. The help of the student body is needed and everybody should be there to help the team win.

* * *

How Did It Happen-

There will always be somewhat of a mystery in the brand of basketball displayed by the Tigers against the Miners last Friday night. The Tiger team, although composed of men who have played together for many years and who are gifted with that experience that can only come trough such long teamwork together, played in the fashion of grade school kids, desregarding all manner of teamwork. In fact, the second team went better than the first. As for Mines, nothing more can be said than the fact that the Orediggers were truly ON. Displaying a sharp passing game mixed with an uncanny accuracy for baskets, the Miners completely outplayed the Tigers. Perhaps some excuse can be offered in the work of the Tigers by the fact that Ed Ryan was not in the best of physical condition. However we offer no alibis. The Miners beat us squarely and deserve all the praise of victory.

* * *

Tiger Sport Editor's All-Conference Selections

As the season draws to a close the time has become ripe when all the sport editors throughout the conference begin to give their choice for all-conference teams. How do you like the team made up of the following men as chosen by the editor of this column?

F	Patterson, C. C.
F	Bowman, Denver
C	McGlone, Mines
G.	Harvey, C. C.
G	Fran Ryan, C. C.

Patterson is not only the high score man of the conference but is one of the best floor men also. Bowman of Denver has been chosen as his running mate chiefly due to his uncanny eye for the basket at any range. Williams and Geho of Mines are both probably better floor men but both have failed to deliver at times during the past season, when baskets were needed.

(Continued on page 4)

FORMER C. C. DEAN GUEST OF HONOR COLONIAL BALL

The girls of the Sophomore class entertained about one hundred and twenty-five girls of the college at the Colonial Ball in Bemis Hall last Saturday night. Miss Loomis, former Dean of Women at C. C. was the guest of honor and was the special guest of Dean Lee. A number of faculty members were also present during the presentation of the minuet.

The ball was opened by the Grand March with Mrs. Loomis and Alberta Matteson leading on one side and Mrs. Lee and Janet McHendrie on the other. Following this the guests in their various Colonial costumes danced until nine o'clock, when Elsie Berg and Clara Vorreiter gave a very clever couple dance which was greatly enjoyed. After this the Minuet was presented by sixteen girls in costumes.

The girls in the Minuet were: Ruth Espey, Helen Graybeal, Alberta Matteson, Ruth Edwards, Bethany Remking, Gladys Kinsman, Mildred Mann, Elsie

HULBERT EDITED WASHINGTON'S DIARY

Instead of the regular lecture Friday morning the students of History 1a enjoyed a talk on Washington by Professor Hulbert. He related many interesting incidents of his life and told about a trip the great general took, after the war, through the country near the Alleghany mountains to find out what improvements could be made to aid its progress. On that trip he kept a diary in which he put down his observations.

At one time Professor Hulbert while at the capitol looked this diary up. Later he helped edit it in book form so that it might be available to everyone. The diary shows that Washington was a man of wonderful foresight as well as a great general.

GILMORE MAY LEAVE TO TAKE COE OFFER

President of Cedar Rapids Institution Anxious to Get C. C. Prof.

Professor Ralph J. Gilmore, head of the department of Biology, yesterday received an offer from President H. M. Gage of Coe College, Cedar Rapids, Iowa, to become head of the department of biology there. The Coe College department has an endowment of fifty thousand dollars and also receives support from student fees. Colorado College at present has no endowment for the biology department and must rely on student fees for all expenditures and research work.

Dr. Gilmore declined to make known the amount of salary offered but said that is would amount to a substantial increase over what he is now receiving.

President Gage is an old friend of Dr. Gilmore and has tried to secure his services before but all previous offers have been declined. Work with the Carnegie Foundation will occupy Dr. Gilmore's time during the coming summer but no definite decision as to his acceptance or rejection of the Coe College offer has yet been made.

The department of biology of Colorado College has received considerable recognition under Dr. Gilmore's leadership but is severely handicapped by lack of adequate funds.

BROWN RECITAL HELD LAST NIGHT IN BEMIS HALL

The pupils of Mr. and Mrs. H. Howard Brown appeared in recital at Bemis Hall last night at which the following program was given:

1. In the Time of Roses.. Reichardt
   Sweet Miss Mary ... Neidlinger
   Mrs. Herbert Stubbs, Mae Sisty, Viola Allen, Daisy Ann Thompson
2. Arm, Arm Ye Brave (Judas Maccabaeus) Handel
   Fred H. Shantz
3. The Birth of Morn ... Leoni
   Morning ... Speaks
   Mae Sisty
4. Spring Song of the Robin-Woman (Shanewis) Cadman
   Viola Allen
5. Onoway, Awake (Hiawatha) ... Coleridge-Taylor
   Harry Kellogg
6. Hungarian Rhapsody No. 11 ... Liszt
   Viola Allen
7. Until ... Sanderson
   Requiem ... Homer
   The Trumpeter ... J. Airlie Dix
   Warren S. Bainbridge
8. Cuor mio, non vedi ... Donaudy
   Child of Earth With the Golden Hair ... Horn
   In Italy ... Jeane Boyd
   Mrs. Hebert Stubbs
9. Vuoi ch'io, o caro bene (Artaserse) ... Cherubini
   Alene Anderson, Ethel Asbury, Irene Beardsley, Evalyn Blunt, Louise Covey, Georgia Danks, Jane Ewing, Ferol Hawkes, Mildred Johnson, Helen Murphy, Mrs. M. C. Murane, Jane Norton, Lois Rose, Helen Stote.
10. Ah Rendimi (Mitrane) ... Rossi
    Daisy Anne Thompson
11. Recitation and Air (Simon Boccanegra) ... Verdi
    Millard C. Murane

(Continued on page 4)

COMMENTS

by Arthur Disbrane

French Gaining in Germany

Every move of the German Government to hinder the French is met by more and more determined action by the French. The latest step has been the annexation of more territory and the importation of sufficient workers to install express train service from Paris to Essen.

German Strikers Failing

The strikers on the railways of the Ruhr are losing the battle. Of the sixty thousand men that struck, over twenty thousand have already resumed work and the French and Belgians have sent twelve thousand railway men into the Ruhr. It is also reported that if the Germans refuse to work over one hundred thousand men are ready to leave Italy to work in the mines and factories.

Colonial Troops May Be Used

The acts of sabbotage on the part of the Germans have been met by French threats that if such acts keep up the French will replace the troops in Germany with colonial troops. That threat was enough to instill fear into the heart of every German. The morale of the population can easily be broken by the introduction of black Mohammedan troops into the Ruhr valley.

King Tut's Tomb Sealed

The work that has been carried on by the expedition of the Earl of Carnaven in Luxor, Egypt has been halted for the time being. No further research work will be done until next fall when all of the funeral regalia will be removed for examination. This discovery will prove to be very lucrative to the hotel keepers of that country. Thousands of tourists will flock to the spot to look on the remains of the ancient king.

Trouble in Turkey

The war party of Turkey is not willing to agree to the agreements that were being worked out by the conference at Lausanne. They are desirous of getting back all of their old territory and are again threatening the British Empire. Sooner or later the Turks will have to be whipped by the British. Until that time there will be no peace in the Near East.

More Credit for Farmers

A new bill has been put before Congress to enable the farmer to get more credit under more favorable conditions to him. It calls for the formation of two corporations, one private and the other government owned. These two companies will be able to give the farmer credit for a period of nine months and at a lower rate of interest.

American Relief for Russia to Cease

After the first of March the American Relief Administration will cease to give any aid to Soviet Russia. The reason for this decision is that the Bolsheviks are now beginning to export grain while millions of their population are starving and the government makes no attempt to lessen the misery. Soviet Russia must learn and while millions may suffer as a consequence the Bolsheviks must be forced to come to their senses. We may expect a howl from the pink Americans who rave about humanity but such talk is idle and must be ignored. If they believe in Russia let them leave America never to return.

Private Industry in Russia

Since Lenine gave up and permitted private companies to manufacture in Russia the socialistic companies have been slowly closing down to a point where they will soon no longer exist and the industry of the nation will be in private hands again. Russia is paying a fearful price to learn how fallacious and communis mare.

THE ROCKY MOUNTAIN ASSOCIATION OF STUDENT BODY PRESIDENTS.

The formation of the Rocky Mountain Association of Student Body Presidents is a step in the right direction. Relations between institutions of higher learning have often been needlessly strained because of the lack of a means of understanding each other. The formation last spring of the Rocky Mountain Inter-Collegiate Press Association brought the editors and managers of the student papers in touch with each other and while this organization has not been successful in accomplishing all that it set out to do, yet this much is certain; there have been no quarrels carried on between different school papers. The editorial policy of every institution in the conference has been to eliminate all unsportsmanlike feeling between their institution and their opponents. This new organization of the presidents of the student body organizations will have more direct bearing on immediate situations than the older association of student paper editors. We must all come eventually to the realization that while our school is undoubtedly the best in the world so far as we are concerned, the other fellow is not necessarily a criminal because he happens to be pursuing his education at another institution. We want and need wholesome inter-collegiate rivalry but we want to keep it clean and within the realm of sportsmanship.

With the Societies

MINERVA

After a short business meeting the members of Minerva were entertained by the following program:

Evil Doers of Good—Beninente, by Clara Burghart.

Romance—MasDowell, Harlyn West.

The refreshments were in keeping with the time of year, featuring hatchets and partiotic colors in honor of Washington's birthday.

* * *

CONTEMPORARY

Contemporary Club held its regular meeting on Friday at the Club House. Mae Gallavan gave a very interesting paper on Early Italian Art, and Ruth Hegener gave short sketches of the lives of Raphael and Leonardo da Vinci. Ruth Brown played several piano solos. After the program refreshments were served and a social hour enjoyed.

* * *

ATHENIAN

The members of the Athenian debating society spent a most profitable hour Friday afternoon. Several of the girl's participated in an extemporaneous debate, the subject of which was of special interest to the debaters (whose names, by the way, we have promised to withhold). The question was: Resolved that the C. C. profs should not be allowed to fuss their students.

The decision was in favor of the affirmative.

INDIVIDUAL SCORES INCLUDING GAMES PLAYED FEBRUARY 24

	F.G.	F.T.	Score
Patterson, f (C. C.)	42	31	115
Bowman, f (D. U.)	38	36	112
Williams, f (Mines)	29	52	110
Gebo, f (Mines)	25	0	50
Walters, f (C. U.)	13	23	49
Bruce, f (C. C.)	23	0	46
Thompson, g (Wyo.)	11	21	40
McGlone, c (Mines)	20	0	40
F. Ryan, c (C. C.)	17	0	34
Howell, f (D. U.)	16	2	34

Flapper (after the Colonial Ball)—Gee! This powder in your hair makes it feel like an Annheuser Busch!

* * *

What would you think of a girl who was so cold her knees and teeth knocked together?

* * *

It isn't impossible for a man's nose to be red and blew at the same time!

* * *

The days are cold, but the nights are colder, says the Sig Chi who stood outside the fraternity house at one A. M. and yelled, "Gimme my pants!"

KU KLUX KOLLUM

How does Jack manage to keep up a flourishing love affair himself, and at the same time keep up on everybody else's? The only explanation we can think of is that, like Edison, he sleeps only four hours a night, and is working every minute of the other twenty!!

* * *

Frank Parker says the reason he doesn't like the Halls is because he can never manage to get around before it is time for them to close.

* * *

We wonder why the President of S. G. doesn't pick on somebody her own size—if not her own class.

* * *

Say Marie, you had better watch your step. We are thinking of going in with the womens S. G. as a sort of Toheka. We will be merciless too.

* * *

Well at last we have found that some of the S. G. girls are human and can at least bend a rule now and then.

* * *

Say, Pat, you are getting by pretty good but you must remember that S. G. as well as the Tiger staff has good eyes and an efficient espionage system.

* * *

Clara, we wish to give you the glad hand; the man is first class and we are sure that he thinks a lot of you.

* * *

This Kollum is going to conduct a contest to determine what girl is the best flirt in school. Any girl that you favor in this respect can be entered in the montest. The following have thus far turned in their names by proxy: Alice Sweet, Gertrude Sherk, and Anne Wrye.

NO, Jimmie, Izzie is not hooked up with that guy in Kansas any more. You had better get busy or somebody will beat your time. She knows that you and Irma are not getting along any more.

* * *

The editor of this Kollum advises those who have journalistic ambitions not to dabble in biological terms unless they know what they mean. Good intentions don't make up for gross ignorance.

* * *

Query: Are Kif and Mary engaged to be married or are they just "engaged?"

* * *

Runt says that there is some compensation in having a neck like a bull. Allright Boy, but don't let it go to your head. Your neck may not fit the stocks but a peanut shell would make you a plug hat.

"Would You, for a Big Red Apple"

In order to encourage excellence of work, members of the agricultural agricultural classes at Iowa State have been receiving red apples. This plan was originally inaugurated by Joseph Pulitzer, formerly editor of the New York World and founder of the department of journalism which bears his name at Columbia University. There the staff worked as energetically for the red apples as if they had been golden.

* * *

D. U. Players Go Back to Mont-a-a-na

Denver University basketball men are to be treated to a journey through Montana after their next game with Wyoming at Laramie. Most of the Denver players hail from Montana and their coach is also a product of that region.

* * *

European tours under the direction of professors for college credit is the innovation being introduced into the University of New York next summer. No student may take more than two such courses.

The High Diving Contests Are Over

THE days of seeing how fast you can chase a shaving cream cap down the drain pipe are past. For here is a cap that can't get lost. It's hinged on. Think what a lot of minutes it will save. No matter how carelessly you handle your shaving apparatus, the cap is on to stay.

With a convenience like this cap you might be tempted to use Williams' Shaving Cream whether you cared much for the cream or not. But once you use Williams' you'll like it as well as you do the cap. For Williams' breaks all records for fast softening of the beard. And more, it is good for the skin—soothes it, keeps it in good condition always.

Test a tube of Williams' by judging it on every point you can think of—speed, lather, comfort. See if you don't think it's noticeably better.

Lucille Lilyard went jungling Sunday afternoon—with her mother, we heard, and a nice little bulldog and a man.

* * *

We wonder how it happened not to snow for the All College Picnic.

A Plea for Better Things.

It has been a long time since we have heard a good old fashioned, inspiring Y. M. C. A. spell binder at chapel. You know the kind. The ones that get a tear in the eye, and a tremour in the voice, and ask us if we arn't glad that we're the "leaders of the world of tomorrow." At this point they insert that the last mentioned is a "Challenging Thought." May we pause here to ask just what does than mean. We wont pause much longer for we suspect that it doesn't mean much and we must be getting on. Anyway right after that one about the "Challenging Thought" there always comes a wise crack embodying a plea for a "World-Outlook." That one is always rather nebulous, too, but it bust be a rather good thing for it's brought up so often. The service generally ends with a blanket prayer for every thing and every body, and we claim these should be three cheers for Harold Bell Wright, Gene Stratton Porter, Pollyanna, and the Kiwanis Club. Another point in favor of these harangues is that they cut the third period short and are not interrupted by the powers. Let us hope that there will be more of these delightful addresses in the near future.

Ziegfield Judges Texas Girls

University of Texas, Feb. 25.—"Delighted to judge photos of forty most beautiful girls in University," was a wire received recently by the student body of the University of Texas from Florenz Ziegfield of the famous Ziegfield Follies. Photographs of forty of the most beautiful girls of the University are to be selected from representatives of all sororities, dormitories, and the Women's Athletic association by the editor in chief of the college pictorial magazine. The three best poses of each girl will be sent to Ziegfield for final judgment and from these he will select the eight most beautiful girls.

In addition to being adjudged the most attractive Texas coeds, the winners of the competition will be awarded a hand-painted porcelain miniature of herself valued at $75.

W. DOUGLAS CORLEY

W. Douglas Corley, '23, Colorado Springs, Chem. Major, "C" Club, Science Club, Tiger, Track.

Douglas started his checkered career some twenty odd years ago and has been just busier than a bee adding checkers to it ever since. In addition to the curricular a-complishments listed above W. Douglas is involved in a flock of farm land, coal mines and a rail road. The above mentioned railroad ain't as long as some but its just as wide as any a a whole lot steeper than most.

As a chem assistant Corley is the cat's marsupial and every month he frightens the treasurer's office with a wicked time sheet.

Since last semester Corley has become quite a vocalist and has been practicing steadily on one of the older ballads, "Pring back my Bonnie to me." He intends to have this ready for presentation to an enraptured audience next June.

Douglas is working in the assay lab this year in collaboration with Carl Brumfield. These men are nearing the termination of a long series of experiments, which if successful should revolutionize the field of practical chemistry. "The Recovery of Gold from Gold Dust" is the title of their forthcoming book.

Katherine Sias has been confined to her room with the pink eye during the past week.

McILVAINE CHAIRMAN
(Continued from page one)

in Denver. At this meeting officers for the coming year are to be elected. The officers will probably consist of a chairman and a secretary-treasurer. Each member organization will be required to pay a fee of probably five dollars each year.

The fall meeting will probably be held the first Saturday in October. This meeting will be held at some member school and will rotate so that each institution will have the meeting every five years.

Special meetings may be called by the chairman on petition of any member or on his motion. The organization is to act as a sort of clearing house for inter-collegiate differences and will submit recommendations as to blame and method of adjustment altho it will have no disciplinary powers of its own.

One of the projects discused was the possibility of having an all-Colorado song written which would be sung jointly by contesting institutions and on other occasions at which two or more Colorado Schools are represented. Means of meeting and entertaining visiting teams were discussed and it was agreed that there should be some set principles to guide the action of all institutions in this matter.

It was also proposed to arrange for an interchange of yells after contests for schools from out of the state. Co-operation with the Greater Colorado Movement was discussed and plans are being made to assist in the advertising Colorado Schools to the middle-west. In general the object of the organization is to build a better spirit of co-operation between members of the Association.

TIGERS MEET STATE
(Continued from page 1)

probably start the first team intact, consisting of Patterson and Bruce as forwards, F. Ryan at center, and E. Ryan and Harvey at guards. Although Ed Ryan's knees have been giving him trouble in the last two games, still he expects to be able to start the game Friday night. All the other members of the team are in the best of physical condition, barring the crippled knee of Bruce.

Chilson and Walters will bear the chief part of the offensive work of the Boulder quintet. These two men have developed into men of real worth during the past season and they are expected to deliver the goods Friday. At least those who do not predict a struggle will be disappointed. The State team, realizing this game to be the last of the season in which the championship will be at stake, will put everything they have into the game towards the defeat of the Tigers.

PHOTOGRAPHS SHOW
(Continued from page one)

judging, judged one woman intelligent because she looked meek and mild, and one man because he had a gentle and intelligent look in his eyes, and one girl not intelligent because "a girl who combs her haid in that way wouldn't be intelligent".

The girl who was lowest in the judging rated people high in intelligence who had steady eyes, well-shaped faces, and drooping lips.

Most of the rating was wrong when compared with the intelligence tests by another means. One conclusion can be formed, that is that it isn't looks that makes the man, and that good looks isn't necessary to good brains.

They are forming a rogues gallery at the Wyoming school in which are all sorts of specimens for these examinations. They dress their subjects up in hideous fashion and then take their pictures. In this way it spoils the clew that clothes might give the judge. A small camera constitutes their equipment for the taking of these pictures. They already have a good collection.

SCRAPS FROM THE TRAINING TABLE
(Continued from page one)

Bruce Best Forward in Conference When in Condition

Pike Bruce, Tiger star, is probably the best forward in the conference when he is in condition. Hampered by a bad knee Pike has not been able to show the speed of his rivals. For the center position we have eliminated the McGlone-Ryan controversy by shifting the latter to guard. McGlone has been able to secure the tipoff on every occasion and has displayed the brand of floor work which would make him all conference. For guards Ryan and Harvey have been chosen. Ryan, although probably better than McGlone at center plays a still better guard and this is his natural position. His floor work, connected with air tight guarding has placed him ahead of any other guard in the conference. Harvey, one of the most reliable and steady men in the conference, stands out as the selection for stationary guard. His defensive work this season has been one of the outstanding features of Tiger team play.

* * *

Tigers Take Spite Out on Cowboys

The Tigers came back, as the saying goes, during the Wyoming game. Disgusted with the writings of some sport writers who had declared that the Tigers were inferior to the Mines team, the team displayed their real worth with the Cowboys. Short passes were a feature of the game and in this Patterson and Bruce showed that they were supreme. Bruce with a lame knee made fourteen points and was the real star of the affair.

* * *

Although the Tigers were clearly "off" during the Mines game, there was one Bengal who still made trouble for the Miners. Fran Ryan, a man who never plays a bad game, was shifted from center to guard and in this position displayed the quality of defensive play that made him all conference last season. In the air most of the time, this Tiger frequently picking the ball off the backboard and sending it back into Tiger territory with uncanny accuracy.

COLONIAL BALL
(Continued from page one)

Baier, Harlyen West, Francis Miller, Marie Coleman, Kathleen McKee, Lavetta Tevebaugh, Lucy Fast, Evangeline Jodes. The music for the evening was supplied by William Mast and orchestra.

The ball was under the supervision of Janet McHendrie as manager and Alberta Matteson the assistant manager. Irene Sherk was the floor marshall during the evening.

Hard Night Predicted for "T.B.Sick"

NEW HONORS SYSTEM ADOPTED BY FACULTY

Affects Present Sophomore Class But Not Juniors and Seniors

President Duniway announced at chapel Tuesday morning of the decision made by the faculty Monday afternoon in regards to the new method in acquiring diploma honors which will be put into effect for the present sophomore class, but not affecting the present junior and senior classes

Colorado College in an endeavor to keep up with all that is best in education is going to change her system of the so-called "honors." The system to be adopted is now in vogue in several of the better schools of the eastern portion of the country and bids fair to be adopted generally thruout the country within the next decade. The plan differs in minor details in the different schools where it is now used but in the main the essential features are the same.

Any student who wishes to graduate with "honors" will, it is said, make that decision known to the professor in charge of the department in which the student will do his major work. The course is then to be outlined for the student who will then begin work on his major and minor subjects. At the time that the student is ready to graduate he will submit himself to the department in which his major work has been done and will take a comprehensive examination covering the field of his major and minor subjects. If he reaches a given standard in this examination as well as in his daily work he will receive a diploma which will state that the holder has graduated with "honors" or "high honors" as the case may be. This granting of honors will, it is understood, not be solely dependent on the grades that the student makes but will largely be governed by the amount of work accomplished and the ability of the candidate to use the information which he gets while in college. At the present time honors are almost solely determined by the grades that the student makes. Many of those who make high grades are not as capable as those

(Continued on page 4)

CAPTAIN AMIDON ISSUES FIRST CALL FOR BASEBALL

The first call for baseball was made last night by Captain Amidon. All men going out report at Cossitt Gymnasium at 4 o'clock next Monday afternoon. There are several veterans back from last year, and incidentally a good number were lost thru graduation and other causes. Some of the returned vets are: Captain Amidon, "Pike" Bruce, "Gob" Harvey, Clark Robinson, "Pat" Patterson, "Swede" Wessen and "Roastbeef" Louthan.

All these men are old timers at the game, and our chances look good for a prosperous year in baseball. For pitchers we have Robinson, and "Roasty", they both played good ball last year, and have several games to their credit. "Roasty" is a south paw and does a good job. "Gob" Harvey will probably receive them. And—perhaps there will be many new players developed during the coming season.

BETAS INITIATE FATHER AND SON AT SAME CEREMONY

Gamma Delta of Beta Theta Pi held its annual initiation at the chapter house, 727 North Nevada last Saturday afternoon, followed by a banquet at the Elks Club. Fifty guests were present representing alumni from Colorado Universities, Chicago, Beloit, North Carolina, Michigan, Northwestern, Iowa, Columbia, and Dartmouth.

The unique feature of this initiation and especial privilege accorded Gamma Delta was the placing upon the official rolls of Beta Theta Pi the name of Thomas Lake Moore, Sr., North Carolina, '89. Mr. Moore was a member of a prominent southern fraternity known as "THE MYSTICAL SEVEN" having chapters originally in seven southern universities. At the time of its union with Beta Theta Pi in 1789 there were four active chapters. The initiation of Mr. Moore's son, Lake, at the same

(Continued on page 4)

BLIND SCHOOL STUDENTS DEMONSTRATE TEACHING METHODS IN CHAPEL

Supt. MacAloney Speaks

Superintendent Thomas C. MacAloney, of the State School for the Deaf and Blind, spoke upon the methods employed in teaching the blind, and the history of the education of the deaf and blind, at chapel Monday. As a sequel to this talk, Mr. MacAloney brought the blind orchestra and several students to demonstrate the methods used in teaching, on Wednesday morning.

The education of the blind was not thought of until the eighteenth century, when it was first started in Paris by a scientist, Valentine Hauy, under the supervision of the Academy of Science in 1784. It was not until 1832 that the education of the deaf and blind was started in this country.

The training of the hands is the first essential in teaching, and this is done primarily by teaching them to work

(Continued on page 4)

SEVEN ELECTED TO PHI BETA KAPPA MEMBERSHIP

Colorado Beta chapter of Phi Beta Kappa, national honorary society, announced this morning in chapel, the election to membership of the following students: Juniors: Christine Miller, and Adelaide Easley; Seniors, Gibson Winans, Mary Hills, Elsie Essex, William Sennings, and Dorothy Graves.

The Phi Beta Kappa Society, the oldest American Greek letter fraternity, was founded at William and Mary College in Virginia in the days of the Revolution, Dec. 5, 1776. Though not originally intended as a society of scholars, it has always fostered a love of wisdom and sound learning, and the cardinal principles of the philosophy which its founders took as their guide of life are Fraternity, Morality, and Literature.

The Colorado College chapter—Beta of Colorado—was the fifty ninth to be organized and secured its charter from the United Chapters of the Phi Beta Kappa on Dec. 7, 1904.

GIRLS BOXING CLUB ELECTS S. W. TRAINER

Feminine Pugilists Perfect Organization For Spring Activities

After chapel on Thursday morning the Girls' Boxing Club held its annual election of a Trainer, which always takes place on March 1. It is very important that spring training be started early, in preparation for the main bout of the season, which will take place on or near March 17. After a few strenuous rounds, Shorty Wells alone survived, and was proclaimed Trainer by unanimous admission.

The Trainer has assigned the girls to the following training tables: The Fly-By-Night, Margaret Smith, Ruth Espey, Janet McHendrie, Lyle Blaine, Marion Lamme; The String Bean: Lilla Munger, Lucy Fast, Gladys Kinsman, Gertrude Klein, Ann Herzog; Heftyweight: Helen Wells, Frances Tucker, Dorothy Niccolls. Due to previous overtraining, Katherine Sias has been assigned to a special division. She has complained of water on the knee, and the Trainer is requiring her to wear pumps.

The work of Gertrude Klein will be followed with much interest by her many friends, since she is the only representative of the carrot-top welterweights.

BIG PARADE MAY BE HELD IF TIGERS WIN TONIGHT SAYS MICKEY McBRIDE

Organizations Prepare Floats

"Mickey" McBride, chairman of the enthusiasm committee, announced in chapel yesterday that if the Tigers win the Boulder game there may be a parade Monday in celebration of the championship. It is not definitely know as yet whether such a parade will be held. In order to facilitate getting one up on short notice plans must be begun. ALL ORGANIZATIONS ON THE CAMPUS MUST HAVE THE NAME OF THEIR STUNT OR FLOAT HANDED IN TO MR. McBRIDE NOT LATER THAN SATURDAY NIGHT. He can be obtained at Main 2654, or may be seen in person. It was announced in chapel that this should be handed to Ez Cornell, but he will not be in town over the week end.

The enthusiasm committee is anxious to make this the biggest parade ever held, but it cannot be done by one or two persons. The quicker the organizations comply with the wishes of the committee the more it will be appreciated. It will be definitely known by Monday morning whether or not the parade will be held.

NEGATIVE TEAMS WIN FIRST INTERCOLLEGIATE DEBATES

The University of Colorado broke even in the first forensic meet of the season. The team upholding the negative of the proposition, "Resolved that organized labor should enter politics as a separate political organization," defeated the affirmative team of the University of Utah at Boulder. State's affirmative team lost to the negative of the University of Wyoming.

CUTLER BELL WILL RING TILL WEE SMA' HOURS IF TIGERS DEFEAT BOULDER

If Boulder Should Win Championship Will Be Tied With Mines and Will Be Played Off on Neutral Floor

A crippled Tiger team will emerge from the dressing room tonight to battle the University of Colorado five, in a game which will settle the question whether or not the Bengals will again register a championship. The State team is reported to be in the best of condition and consequently are expected to give the Tigers a real fight.

Although Ed Ryan has been suffering for over a week with rheumatism in his leg, still he will, in all probability, start the game. Bruce still has his lame knee but the Piker will not be absent from the floor when the first whistle is blown. All the rest of the team is in the pink of condition. Patterson, playing the other forward position with Bruce, is expected to run wild tonight in an effort to surpass Bowman for all conference scoring honors. Fran Ryan will no doubt play the best game of his career as he has many reasons for doing so. The best is that he just likes to play his best game against Boulder. Harvey, all-conference guard, will complete the team that will go on the floor for Colorado College.

The Tigers are expected to win. All the dope of the season would point to that fact. The Bengals have already annexed the initial games with the "varsity" on the latter's own floor. The Tigers for the last few years have been almost unbeatable on their own floor and the team does not propose to let this last game be an exception to the rule.

State may spring a surprise though and give the Tigers a real hard game. Last year the issue was in doubt until the final blow of the whistle and the ring of Old Cutler bell told of the victory. The University five has a team composed of former high school athletes. Inexperienced and unaccustomed to team play they have played a changeable quality of basketball all season. It is believed that Coach Mills has been giving his youngsters some instructions on general defensive principles over the week. At any rate the state five will do its utmost to keep down the heavy scoring machine of the Bengals.

In the event the Tigers lost tonight's struggle they will meet the School of Mines in a post season game to decide the championship. Each team has won six games and lost two to C. C.'s one. Every eye in Golden town will be fixed on Cossitt tonight in an anxious effort to see the Tigers get defeated. Every eye, mouth, and all other parts of the anatomy of the whole student body of C. C. will be on hand to watch the champions repeat.

BIG PEP MEETING WITH VAUDEVILLE FEATURE THURS.

One of the best pep-meetings ever staged in Perkins was given yesterday morning as a forerunner to the game with Boulder tonight. The two features of the program were a talk by Coach Mead and a Vaudeville skit presented by two versatile comedians.

McBride, the chairman of the Enthusiasm Committee, introduced the program by a short speech on plans for a parade if the Tigers win tonight. Coach Mead gave a talk on the value of athletics not only to the one engaging in the games but to the ones who watch as well. He said that the audience gains from watching a good game much as they gain by hearing an artist sing. Also if there is a person who would say that a victory over Boulder would do him no good, then that person is not loyal to C. C. and ought not be in this college.

Following this was presented a suet composed of Armour Bros. The set was the Suds Scene from Lux. The principal characters were Captain Walters and Coach Mills of the Boulder basketball team. The words of the music were a clever parody on "Mr. Gallagher and Mr. Shean." The skit was presented by Todd, Briggs & Co.

Music for the program was furnished by Peyser's Orchestra, and this orchestra supplied the music for the singing of College songs which completed the stunt.

C. C. Game Homecoming Attraction for Boulder Next Fall

Laying the corner stone of the new gymnasium will be one of the main features of next year's homecoming at the University of Colorado. The other feature of the day, November 3, will be the U. of C.-C. C. foothall game. Arrangements are being made to broadcast the game.

* * *

The University of Southern California on Thursday conferred the degree of doctor of laws on Ignace Jan Paderewski, the famous pianist.

PHI GAMS AND KAPPA SIGS TO PLAY FOR CHAMPIONSHIP

The two winners of the last Intramural games, Kappa Sigma, and Town men played the semi finals last Tuesday night. The Townmen went down to defeat by a score of 26 to 9. It was a one sided contest during the first half, but Coach Lavik entered the game due to Town men being short on players, his presence greatly helped them, but he took no shots at the basket and kept the Town boys dazzled by his handling of the ball. The Kappa Sigs held the advantage from the first and kept it during the game. This eliminates the Town men from the running for campus champions.

The second game was much closer than the first. The Phi Delts defeated Pi Kappa Alpha 12 to 10. The game started with the Pi Kaps leading, but the Phi Delts soon hit their stride and held the lead when the whistle blew. The second half started with a tie score

PLAIN WORDS FROM A COMPETENT CRITIC OF ATHLETICS.

Hugh Fullerton, of the Chicago Tribune, known far and wide as a wise and unprejudiced observer of intercollegiate athletics, recently spent a month in visiting representative institutions from Harvard to Iowa, interviewing "presidents, deans, athletic directors, coaches, editors of student publications, captains of teams, and leading alumni". Readers of the Tribune have followed with interest his discussion of affairs as he saw them at the separate colleges and universities. In the Tribune of January 18th he draws certain conclusions, which come with a good deal of force from so competent an authority, and which will provoke a good deal of serious discussion—as is their intent.

Among other things Mr. Fullerton says: "In this investigation it has become more and more evident that the opposition to athletics in intercollegiate form results from two things:

"First, failure of schools to decide what their educational objective is, resulting in participation in intercollegiate contests by colleges that have no business in athletics.

"Second, pernicious activity by the alumni.

"Colleges deciding that their mission lies in providing academic education only inevitably arouse opposition, internally as well as externally, when they attempt intercollegiate activities. * * * Universities deciding on largely post-graduate activities cannot be united in physical education and athletics. Neither is well fitted for strenuous athletic contests since they are not engaged in a comprehensive scheme of physical education for all students.

"The evils charged against athletics chiefly are confined to endowed schools. Four-fifths of all American universities and colleges live on endowments which render them liable to dictation or interference by alumni or outsiders. Investigation shows that such old grads as give liberally to athletic causes want their money's worth in winning teams, and are liable to pollute the purity of Athletics.

"The worst evils arise from attempts by the smaller and more poorly endowed schools to compete with the larger and richer. Save by rare accidental development, no group of five or six hundred boys can turn out athletics teams to compete with those from a group ten times as large. No poor school can produce teams to compete equally with those able to employ the best coaching talent.

"The temptation of the small school, seeking publicity, toward professionalism, toward the employment of unsportsmanlike methods, toward hiring coaches who are expected to get results regardless of material * * * *

"The old grad is a harder evil to reach. He usually thinks he is doing a service to his school by proselyting, scouting, paying expenses of boys through school to play on the team. He usually is a rabid fan, sees no evil in what he does, and refuses to realize the fact that he is prostituting sport, bringing infamy upon his alma mater, and worse, debauching the morals of secondary school students."

As a "table of commandments" whose observance must become universal among American colleges if interscholastic athletic competition is to avoid extinction, the following principles are set down. Many of them have been operative at Grinnell for a long time: hardly any question can be raised as to the salutary effect which would follow their complete adoption by every college and university.

What Must Be Done.

1. Secure absolute faculty control of athletics.
2. Select coaches chosen for moral character, even above technical skill.
3. Build up comprehensive scheme of physical education and intramurals allied with intercollegiate contests.
4. See to suppression of the old grad activities tending toward professionalism.
5. Eliminate the "win at any cost" coach and policy.
6. Put limit upon long trips, and confine schedule to games within cruising range of undergraduates.
7. Discourage wholesale migrations of undergraduate bodies.
8. Tramp athletes and tramp coaches must go.
9. Migratory students, transferring from one college to another, must be investigated. Eventually transferred students probably must be barred from athletic participation entirely, although that will work injustice to some.
10. Confer faculty ranking on athletic directors and leading coaches.
11. Persuade refusal of larger and richer schools to schedule games with smaller ones, eliminating temptation for small schools to indulge in unfair means of getting strong teams to make a showing.
12. Restrict competition of individuals to fewer sports, to avoid exhaustion and, perhaps, injuries.
13. Suppressing gambling.
14. Refusal by purely amateur teams to schedule games with teams refusing to abide by rules is needed.
15. Agree upon the freshman rule and suppression of intercollegiate contests between freshman teams.
16. Practice rigid enforcement of scholastic standings.
17. Discontinue publicity seeking methods.

It is to be regretted that Mr. Fullerton did not extend his investigations to members of the Missouri Valley conference, for, in general, he found conditions in the west better than in the east, and Iowa was said to be "fifteen years ahead of Yale."—From Grinnell Alumni Bulletin.

Notice to Correspondents

All copy intended for publication in the Tiger must be typewritten, on one side of the paper only, and double spaced. Copy written in long hand is an imposition on the typesetter's good humor and seriously affects his relations with the editor.

HYPATIA

Friday afternoon Mrs. Duniway, assisted by Mrs. Pattee, Mrs. Latimer, and Miss Hutsinpillar, entertained Hypatia Society at the President's home. Mrs. Latimer sang several English folk-songs. She was accompanied by Mrs. Pattee, who also gave some piano selections. Martha Tucker reviewed Galsworthy's entertaining novel, "To Let."

Following the program refreshments were served, carried out in the society's colors, green and white.

MINERVA

The regular meeting of Minerva was held at the club house this afternoon, with the pledges as hostesses. The following program was given:

Pledge Song.
Vocal Solo—Leila Taylor.
Piano Solo—Leata Gale, Guest.
Duets—Dorothy Graves, Leata Gale.

After the program a short social hour was enjoyed.

"My dear, I'm so sorry I couldn't see you when you called, but I was just having my hair washed."

"Yes, and the laundries are so slow about returning things, too."

—Octopus.

Line Plunges

"Then hit the line Colorado"

Captain Walters and Mrs. Mills

Try this to the tune of Mr. Gallagher and Mr. Shean. Best sung when properly demonstrated by Briggs and Todd. "Pastime Entertainers."

Verse

There are two funny men,
The queer—est kind of pills,
One is Captain Waw-all-ters;
The other Mis-ter Mills.
When these two fogies meet
It sure-ly is a treat;
The bull they spread
It would spin your head,
For they think they're up the street.

Chorus

Oh, Cap-tain Wal-ters—
Oh, Cap-tain Wal-ters—
Hel-lo what's on your mind this morning Mis-ter Mills,
Everybody's bet their shoes
That the Var-sity's going to lose
All the pa-pers say we're yellow to the gills.
Why Mis-ter Mills
Why Mis-ter Mills
Don't you think we'd better hide out in the hills
'Cause the Ti-gers have a team
That will sure be cham-pean
Pos-i-tive-ly Captain Waw-all-ters
Ab-solutely Mis-ter Mills.

Chorus

Oh! Captain Waw-all-ters
Oh! Captain Waw-all-ters
What's the name of the game they play in the gym?
With their hands they throw the ball
At a hoop upon the wall
Then the rooters howl and cheer their team to win.
Oh! Mister Mills
Oh! Mister Mills
You don't even know a window from a sill
It's the Colorado game
And you don't even know it's name.
Sure it's Hand-ball Captain Waw-all-ters ?
No; it's bowling Mister Mills.

This song was written by Brad Kidder and sung by Briggs and Todd in Chapel yesterday morning.

Scraps from the Training Table

Championship game with Boulder tonight!!!! A crippled Tiger team playing all year with their backs to the wall, will meet the acid test tonight. In many respects this will be the hardest, fiercest game of the season. Each team is expected to give its all in an effort to stave off defeat and snatch victory. There is no disguise in the Bengal attitude. They realize that the game counts everything and they will be out for winnings. Boulder has been looking forward to this game all week with anxiousness. A victory for them means a Tiger defeat, and, judging from past traditions, no sweeter thing than this could happen, according to Boulder.

* * *

Boulder Game Biggest of Season

The game tonight will have a double significance. Not only a championship is at stake but it is really the big game of the year. The game with Boulder has always been the one game that the Tigers have played for. If the Bengals are successful, the success will be two fold—a championship and another defeat for Boulder.

* * *

Open the Gym!

Future Tiger championships will be a thing impossible unless the athletic department changes its attitude about keeping the gymnasium open. In a game like basketball, stars are the result of years of development. This development consists mostly of "dropping in" on the floor most any old time and playing with the ball. Why not keep the gym open over the week ends all the time?

* * *

Baseball Call Soon

Lovers of the national pastime will soon satisfy their desire for action, when in a few days a call will be issued for baseball candidates. Already the old gloves are being oiled and diamond talk is displacing ordinary conversation. These are the great days in which many hopefuls loom up as big stars. According to all pre-season dope, the Tigers with four or five veterans back and several freshmen aspirants making an appearance, will not look so bad, if they can get a pitcher.

* * *

Track Too

Some of the lads are already making a mean cloud of dust along the cinder paths. Candidates for track will also be called forth in a few days. Unless the freshmen have something to offer, the sport's editor is not so optimistic as to say that the Tigers will be Rocky Mountain champions next June.

* * *

Mines Claims Popular Championship

Reports from Mines headquarters confirms the statement of some Denver sports editor that Mahood, lanky Mines guard, should be awarded all-conference honors, as the result of not allowing Patterson a single basket in the most recent Tiger-Mines game. But those who hold such views forget the fact that this was practically all that the Mines guard accomplished. His stick-to-it-iveness must be admired for he stuck to Patterson like a fly to flypaper. We maintain though that a guard, in order to make all conference, must possess something else besides the power to keep one man from throwing baskets. The sports editor of "The Orediggер" has also seen fit to say that the Miners deserve the championship in the place of Colorado College. Whether Mines could be able to register a victory in a post season game in Denver is debatable, but the figures show, that, if the Tigers win tonight, they will be returned champions. The ability of the Tigers to come out on top in most every game has been one of the outstanding features of Tiger team play. The Miners although possessing a great team have slumped at times during the past season, and have now paid dearly for it. Certainly her claim to a championship is not to be substantiated by the results of the season.

* * *

Patterson High Score Man

With tonight bringing forth the last game of the season Patterson will only have to make five points to tie for conference high score honors. The three high point men of the conference with their scores are Bowman, Denver, 120; Patterson, Tigers, 115; and Williams, Mines, 112. It is a safe prediction that Patterson will lead the conference.

GERTRUDE MARGARET KLEIN

Gertrude Margaret is majoring in history and has a new pair of red gloves. Ehe's a good politician with the exception of the fact that she hands out no cigars. She is a compendium of all useful (?) knowledge and after leaving college expects to get a job as a traveling encyclopedia. The inmates of this institution were surprised and pained to learn that she had been carrying on in a most abandoned fashion with Jimmy Park. However that rumor has been more or less successfully squelched and we suppose that things are going on much as before.

Gertrude came from Golden and on graduation from that high school tried to enter the School of Mines but the President of that institution was too well acquainted with her.

Gertrude is one of the most accomplished Thespians in school and has been active in every branch of college dramatics. She is an officer of the local chapter of Theta Alpha Phi, and carried a lead in last year's Junior Farce which was later presented at the Community Theatre.

Contemporary, Athenian, Student Commission, and Inter-Society Council just about finishes her pedigree. She is a busy girl, does many things well, and has lots of friends. We'd rate Gert about like Ivory Soap, 99.44%. .56% off for the red gloves.

College Gossip

NOTE—Contributions not in typewriting are likely to appear with mispelled words.

What could be better than a cup of coffee and a piece of rich apple pie after a hike thru one of the most beautiful canons in Colorado? Bruin Inn is not too far to hike.

* * *

Mrs. Harold Fisher of Denver will be the week end guest of Mrs. Lee at Bemis.

* * *

Mr. John Dwyer, formerly of the University of Virginia, has been pledged to the local chapter of Beta Theta Pi. Mr. Dwyer entered Colorado College this semester as a sophomore.

* * *

Alice Sweet and Evelyn Stannard left Friday for Denver, to spend the week end.

* * *

Ellen Keating has been ill for the past few days, with a severe cold.

* * *

Mrs. Robert R. Boggs stopped off for a short visit with Miss Bramhall on Sunday, enroute from Los Angeles to Atlanta. Mrs. Boggs is the owner of the cottage at Cascade where so many college people have been delightfully entertained by Miss Bramhall during the past two years.

* * *

Miss Butler has been ill for the past week, and Miss Wardwell is substituting as Nurse in the Halls.

* * *

We might suggest that for their next debate, Athenian use the following question: "Resolved, that undergraduates be required to treat kindly any professors wishing to fuss them."

NEW HONOR SYSTEM

(Continued from page one)

who are able to use effectively the knowledge that they acquire while in college. This system will also prevent the student from taking a lot of dissimilar and unrelated subjects and will also keep the candidate from taking too narrow a course.

The adoption of this system will in no way keep those who do not care to graduate with honors from doing as they do at the present time. It will not change the basis whereby the scholarships and the fraternity scholarship cup are now awarded. It will only enable those who now wish to graduate with honors to do better work toward that end.

The President stated that the establishment of a series of prizes to be awarded by him to the best student in each of the seventeen departments of the college, that was instituted last fall would also remain in effect.

BETAS INITIATE

(Continued from page one)

time as his father was a very unusual incident. Robert Wardwell was initiated for the Delta Sigma chapter of North Dakota. Earl MacTavish presided as Toastmaster at the banquet. Ernest Mitchell, retiring district chief, responded to "Our District", while Robert Burghart spoke on "Our Chapter," and Albert Brown on "Our Frosh."

The initiates were: Thomas Lake Moore, Sr., Thomas Lake Moore, Jr., Albert Brown, Robert Wardwell, Myler Butterfield, of Colorado Springs, Donald MacCleod of Calgary, Canada, Darrell Putnam of Buell, Idaho, James Whited and Ross Kellerman of Raton, New Mexico.

GLEE CLUB REORGANIZED WITH PROF. FLING LEADER TO TAKE LONG TRIP SOON

Many New Features

The Glee Club, which has been inactive for the past several weeks, is being reorganized. The club has suffered setbacks thru inability to get a director who could be present at times of rehersal. The difficulty has been finally solved by securing Prof. Fling's consent to act as director. Professor Fling has had considerable experience along this line and should prove to be an able leader.

The club plans to incorporate many new features in this year's program, which, if carried out properly will make the recitals very interesting and enjoyable. A trip has been tentatively planned for spring vacation, tho nothing definite has yet been done. The trip will likely be taken thru Southern Colorado and Northern New Mexico, the club returning to Colorado Springs by way of the San Luis Valley of the western slope.

Mrs. Gilmore Speaks at Y. W. Meeting

Mrs. R. J. Gilmore, in her discussion of "My Ideal of an Educated Woman," at the Y. W. meeting in Bemis commons Wednesday evening, indicated her ideal as one who can enjoy life to its fullest possibilities, also one who thinks of other people as well as of herself. Mrs. Gilmore stated that, according to her ideas, a woman's education does not depend alone upon a string of degrees, or on the honorary key she may wear, but on herself, and what she really makes of herself. She closed her talk with the poem, "If—For Girls."

There was no musical program.

K. U. Student Tells of German Universities

A Kansas University student recently returned from Germany, gives some interesting sidelights on German universities. Women are in a very inconsequential minority. There are about 25 women to 1,000 men. They take no part in school activities. The favorite sports are the "weirte shafte", or beer gardens and duelling. It is a mark of distinction to have a great many scars on the face, gained through duelling.

All courses are lecture courses, no examinations are given, or attendance taken. At the end of four years a student applies for a degree and is given an examination on the courses he has taken. As a result few degrees are conferred.

Oil has been discovered in the "backyard" of Pamona College. It has been

INTRA MURAL GAMES

(Continued from page one)

7 to 7. These teams were good looking in their baby pink, and blue jerseys. The Phi Delts will play the Hagerman Hall quintet next Tuesday night.

Thursday Night's Games

The Phi Gams were the victors over the Betas 11 to 10 in a fast played game in Cossitt gym last night. From the starting whistle it was a hard fought game. The Betas gained the lead in the first five minutes of play on a personal, the Phi Gams came back with a field goal and were ahead. By the end of the first half the Betas were in the lead by one point 7 to 6. During the second half the Phi Gams came back and gained the lead, and kept it during the rest of the game. Rose was the outstanding star of the game. Muncaster had several easy attempts at the basket but failed to come through. The game ended with the score 11 to 10 in favor of the Phi Gams. They will play the Kappa Sigs for the campus championship next Tuesday night. Both teams are fast and this promises to be a fast and hard fought game.

Hagerman Hall defeated Sigma Chi in a one sided contest, by the score of 13 to 6. "Spud" Tait was the star for the Sigma Chis, dribbling down the floor thru the whole Hagerman Hall team, he made a basket. The game went slow for the first half, but during the second half Hitch, and Rasor got to working and played the ball up and down the floor at will. Hitch did not get in form until the second half, missing several shots at the basket. Hagerman Hall will play the Phi Delts in next Tuesday's games.

BLIND SCHOOL STUDENTS

(Continued from page one)

with. They learn to read thru the Brailes System of raised symbols, which has been recently revised by experts so that there is now a revised Brailes System used universally. Mr. MacAloney, was the chairman of the committee appointed for this purpose.

Arithmetic and higher mathematics are taught by the use of the Taylor Board and a machine similar to a typewriter. Geography is taught by the use of raised maps. In the high school three main courses are taught, the musical, liberal and industrial. In case a student wants a university education, this is provided thru the State University.

The two selections played by the blind orchestra Wednesday morning under the leadership of Prof. Dietrich were well given and received hearty applause from the students. The reading, writing and arithmetic demonstrations given by the younger students and the method employed in solving a difficult algebra problem by one of the older students, spoke for themselves as to the superior training that is given to the blind.

We'll Match Our Time Against Yours

Nearly every day brings a shipment of new things to wear—new suits, new shirts or hats or ties — things that we know you will be interested in too.

So you have our invitation to come in and visit anytime — of course we want you to "trade with the Boys" but our invitation is merely an invitation—you will not be urged to buy a thing.

We'll just match our time against yours.

BOULDER'S SUPREME EFFORT FAILS

Win From State Again Makes Tigers Undisputed Champions of Rocky Mountain Conference
Played Consistent Game All Season in Spite of Sickness and Injuries
Patterson Takes Individual Score Honors

Displaying a crashing attack in the last half of play in which was combined all the efforts that fight, determination, and skill could muster, the Colorado College Tigers again fought their way to a well earned victory over Boulder Friday night. It was a furious battle from start to finish and it was not until the last few minutes of play that Cutler bell was able to announce to the world that the Tigers were again basketball champions of the Rocky Mountain Conference. The final score was 30 to 22.

The game early resolved itself into an uphill battle for the Tigers. Crippled by the absence of Ed Ryan from the lineup, the team in the first half was weak on the defense. Boulder, ever ready to take advantage of any waiting opportunity, early realized this fact, and with Nichols and Chilson carrying the ball down the floor into the basket, made victory look a thing far removed from Bengal grasp. The Boulder five fought hard and put a scare into the Tiger lair as soon as the first whistle was blown.

The State team early led the pace for the Tigers by a show of some speedy dribbling and brilliant team play. Nichols was the first man to score for Colorado. However Bruce soon tied it up with a net basket. At this stage of the game, Boulder seemed to take on more life, and soon, by the stellar work of Evans and Nichols ran up the score to a fair advantage. It was only in the last few minutes of play in the first

SUPPORT DEBATING.

When our athletes go out on the field of battle to fight for the honor of the college, we are all there to give them our support to the limit. Our debaters are just as truly Tigers and deserve our support. Let's turn out en masse at Perkins Thursday evening and show our teams that we are behind debating as well as other student activities at Colorado College.

Scraps from the Training Table

All honor is due the Champions. The odds have been against the Tigers all season. Starting out with a crippled team, the Bengals were doomed to further bad luck, when just before the most crucial game of the year the whole Tiger team were forced to their beds with sickness. However when a team is full of fight and an undying spirit nothing can stop them. The Tigers not only trounced Mines in that contest but managed to win enough of their remaining games to keep them at the head of the conference standing. CHAMPIONS, THE STUDENT BODY IS PROUD OF YOU.

* * *

Bruce 1924 Captain

Congratulations, Captain Bruce! No better choice could have been made by the letter men than that of Joe Piker Bruce. This forward knows basketball from start to finish. In addition he has a head and a heart that has carried him often times to ends that his knees could not accomplish. Without a single exception, this Tiger has shown more fight than any man in the Rocky Mountain Conference. The world admires a fighting man, and the name of Bruce will long live in the memory of basketball fans of Colorado College.

* * *

We Need All the Men Back

Captain Harvey spoke of the need of Colorado College yesterday morning in connection not only with basketball but all athletics. If we are to have a championship team next year, we must see that all the members of the team come back. It is true in any line of activity. Let's pull together and each student individually see to it that he comes back to C. C. next year.

* * *

'Ray! For the Second Team

All credit is due to the second team this year. This is the hardest college in the conference for a man to make a letter in basketball at the present time. Some of these men could, in all probability, be stars on other teams throughout the conference. They have stuck it out, knowing of their slim chances to make a letter These men are Bryden, Wood, Burghart, Hitch, Young, Hill, Weiner, and Cox.

* * *

Lavik to Coach Baseball

Baseball is here. As it stands the Tigers have Wessen, Captain Amidon, MacDougall, Louthan, Harvey, Robinson, and Patterson, around which to build a team. These men have all played good baseball and stand ready to repeat. Coach Lavik will coach baseball. He has spent many years dabbling in the secrets of the national pastime and should prove himself an able mentor. As a whole the Bengals seem pretty well fortified for the coming conference season.

* * *

The students have demonstrated real C. C. spirit in the last few days and during the whole of the basketball season. In the past baseball has not had the support of the students and the town people that it really deserves. Every student should make it a point to see that at least every game on Washburn field does not take place without his presence.

BONFIRE, FIREWORKS, DANCE, CUTLER BELL PARADE, VAUDEVILLE, BIG CELEBRATION

Following the game Friday night, a more or less impromptu celebration was held on the tennis courts in the quad. All those who could be informed under the conditions were present for the fun. Ellwood Amos was in charge of the program.

A huge bonfire was built on the courts and furnished the light for the rest of the events. Speeches were made by various members of the victorious team. "Pike" Bruce, "Pat" Patterson, and "Fran" Ryan were on the list of orators. A display of firecrackers was also given, which were supplied by John W. Garrett.

After these various stunts, the participants danced on the lawn until midnight. A piano supplied the music..

A parade through the downtown district, a pep meeting in chapel, a dance at the San Luis School, and a theatre party at the Burns in the evening constituted Monday's program for the celebration of the winning of the championship at C. C. The first two periods of the morning were held as usual and then the students were released for the day's sport.

The parade was formed at Murray's at nine-thirty and marched from there to the business section and return. A number of clever floats and comic take offs on some of C. C.'s victims were features. The body then returned to Perkins for the Vaudeville advertised for the morning.

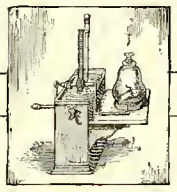
At the show a Living Picture was first presented showing C. C. in the act of defeating its rivals one by one. Following this the members of the first and second teams were brought to the platform amid the cheers of their admirers. Captain Harvey was the first speaker and voiced the thanks of the eam for the support given them by the students throughout the season.

Then Coach Mead came forward and after a few words announced the choice of the team for next year's captain, "Piker" Bruce. "Pike" was given a tremendous ovation from the students and for his part added to the remarks of Harvey. "Fran" Ryan was next, and asked the students not to forget the second team. Although they may be called scrubs elsewhere, yet C. C. calls them "Tigers". He said that the team would be back next year fighting for the championship under a captain who is the gamest player in the conference.

The imitation orchestra gotten up by the Betas gave the students several "tortures" during the program and the last thing presented was a revival of the skit, by Todd, Briggs & Co.

In the afternoon a subscription dance was given at the San Luis School and in the evening the major portion of the college attended the Pantage's Vaudeville at the Burns. Thus ended the celebration of the championship.

ROBERT BOYLE'S



AIR ~ PUMP

The "*PRACTICAL*" Alchemist *and* "*THEORETICAL*" Robert Boyle

THE alchemists wrote vaguely of "fluids" and "principles." Copper was potentially silver. Rid it of its red color and the "principle" of silver would assert itself, so that silver would remain. With a certain amount of philosopher's stone (itself a mysterious "principle") a base metal could be converted into a quantity of gold a million times as great.

This all sounded so "practical" that Kings listened credulously, but the only tangible result was that they were enriched with much bogus gold.

Scientific theorists like Robert Boyle (1627-1691) proved more "practical" by testing matter, discovering its composition and then drawing scientific conclusions that could thereafter be usefully and honestly applied. Alchemists conjectured and died; he experimented and lived.

Using the air pump Boyle undertook a "theoretical" but scientific experimental study of the atmosphere and discovered that it had a "spring" in it, or in other words that it could expand. He also established the connection between the boiling point of water and atmospheric pressure, a very "theoretical" discovery in his day but one which every steam engineer now applies.

He was the first to use the term "analysis" in the modern chemical sense, the first to define an element as a body which cannot be subdivided and from which compounds can be reconstituted.

Boyle's work has not ended. Today in the Research Laboratories of the General Electric Company it is being continued. Much light has there been shed on the chemical reactions that occur in a vessel in which a nearly perfect vacuum has been produced. One practical result of this work is the vacuum tube which plays an essential part in radio work and roentgenology.

General Electric Company
General Office Schenectady, N.Y.

05-625D

There is a place to dance when you get there but the big log fire at Bruin Inn will surely please you if dancing interferes with your idea of a hike.

* * *

The Fortnightly Sketch Club met last Thursday in the Art Room. Further plans were made for the formal function which will take place in April.

* * *

Mrs. Lee will talk to the girls of the Y. W. in Bemis commons Wednesday evening at 7 o'clock. Her subject is "Attractiveness—What is its Secret?" Daisy Ann Thompson will sing.

* * *

The Y. W. cabinet held its weekly meeting in the rest room at Palmer Hall this afternoon at 4 o'clock.

* * *

President C. A. Duniway of Colorado College delivered one of the principal addresses at the dedication of the new Manitou High School last Saturday evening.

* * *

Jane Love has returned to school after a short illness.

* * *

Professor Hulbert will give a series of lectures on subjects pertaining to History each Monday evening for about a month. The first of these was given last night in Room 32. The subject was "Well Known History Teachers of Today—Their Methods and Publications."

* * *

Mr. and Mrs. Donald McCrary were guests at Bemis at lunch on Tuesday.

* * *

Ruth Watt, ex-'25, visited Lucy Fast at McGregor Hall over the week end.

* * *

"CARNIVAL AU PALAIS ROYAL"

A great deal of excitement and interest is gathering in anticipation of the big party which the Hall girls are going to give to the Town girls on Saturday, March 10th, in Bemis Hall. It is to be absolutely different and original. Detailed announcement will be made later in the week.

Do You Want Help?

C. C. girls are willing to work afternoons and evenings. Call Thelma Burchfield, Y. W. Employment Bureau, Main 1567.

"Meet me at Murray's"

Movie directors, please copy

IN fiction and the movies all college men naturally fall into two groups. Those who pass their days and nights "Rah! Rah!"-ing and snake-dancing; and those who never appear except with evening clothes—and cane.

The man who works his way through college simply doesn't figure.

Taking care of a furnace, running a laundry, waiting on table, tutoring, covering for a city paper, working in shop or office in vacation—all this may be lacking in romantic appeal, but it is an essential part of the college picture.

And a valuable part. The whole college is the gainer for the earnestness of men who want their education that hard.

Valuable to the college, but even more to the men who travel this rough going. They learn an important lesson in Applied Economics—the amount of sweat a ten dollar bill represents.

If you are one of them you may sometimes feel that you are missing a good deal of worthwhile college life. If you are not, you may be missing a good deal, too.

9-11 Pikes Peak Ave.

The Chicago Herald and Examiner offered a spare time position as feature writer, to the thirteen-year old student admitted to Northwestern. A chance for the free kindergarten to make some money.

* * *

A totem pole, carved by Alaskan Indians, will be given to Grinnell by one of her prominent alumni. It will adorn some conspicuous spot on the campus. How nice it will be in the time of class scraps and fraternity initiations.

* * *

Invalids at the infirmary at the University of California will no longer be allowed to receive flowers. The reason given was that there is no room for the enormous bouquets that are sent to the patients day after day.

* * *

The University of Arizona is working up a Mexican Literature department. During the past two years 325 new books by Mexican authors have been added to the library. They are historical novels of rather high literary standard.

* * *

Ice hockey is now one of the principal minor sports at the University of Washington. Most of the games have been played with local amateur teams but it is hoped that there will be more college hockey teams available next season.

* * *

Summer Visitor—Do you know anyone who has a guitar around here?

Old inhabitant—No; but I have the asthma.—Lampoon.

Stewed—Honey, I'd like to see you apart for a moment.

Lady Clerk—Say Kid, whadayah think I am, a puzzle for the little ones?
—Awgwan.

COMMENTS

by Arthur Disbrane

England Develops Commercial Air Service

The British being ever watchful for an opportunity to further their trade interests have established an air service to the east via Amsterdam, Prague, Belgrade, Constantinople, Bagdad, and the coast of India. This is proof that slowly but surely the British are making an earnest attempt to restore their pre-war position in the field of foreign trade.

Hemp Raisers Aided by Discovery

The hemp raisers of this country and the other producing nations of the world are reaping the benefit derived from the invention of a harvester that will enable them to get along without the labor that was gradually becoming so expensive that there was no money in producing this essential crop. It seems that if there arises a real need for a machine it is forthcoming in the nick of time.

Depreciated Currency Used for Soap Wrappers

Shortly after the announcement in this country that Swiss brewers were using Austrian currency for labels on their products comes the news that the soap manufacturers are using Austrian ten Kronen notes as soap wrappers. They are doing this because the notes are cheaper than a printed soap wrapper. Some day these notes may be worth something but that is highly improbable.

Germany Keeps the Presses Running

Fabulous sums of marks are being printed daily in Germany so that the mark will soon be as valueless as the Russian rouble. The Germans are making no attempt to balance their budget and are soon going to be forced to capitulate to France. They are not giving in as yet having just issued orders that the miners who refuse to work for the French will be paid the same as tho they were putting in full time. That will never work as the French and Belgians are paying for services in francs and the franc even tho depreciated in value is vastly more valuable than the mark.

Japanese Shipping in a Slump

The people of the United States are not the only people to feel the need for a ship subsidy. After a period of almost unprecedented prosperity the Japanese ship owner has been hard hit by the post war slump in shipping. Over half of the shipping under the Japanese flag is now employed in foreign waters. The greatest portion of this is employed in carrying wheat to Europe. The Japanese like the British are dependent on a powerful navy and mercantile marine to protect their shores and in these hard times the Japanese people are aiding their ship owners by means of a subsidy.

Bloc in Congress

Constructive legislation is being held back in Congress by the existance of so called blocs. These groups are wholly lacking in foresight and are not working for the good of the nation as a whole but are seeking special concessions and privileges for certain geographical districts and economic groups. Such men as those who form these blocs are anything but progressive and wholly lack the ability to legislate wisely for the country as a unit. The United States cannot progress with one economic group holding out against the other. Sectionalism should be ruthlessly crushed. Lets start an American Bloc in Congress and forget petty jealousies.

SIGN ADVERTISES ADVERTISERS

A sign board bearing the names of advertisers in the Coloradoan, student annual, was recently removed from its location near the entrance of the University of Colorado compus. Boulder merchants declared that the board was in the nature of a boycott against merchants who did not advertise in the publication. However, the annual staff found it a very effective method of securing ads.

SEEN AND HEARD

By A. Soda Jerque

WHO WERE THEY?

'Twas a quiet night in February, the stars were shining, it was warm and the only thing discernible in the stillness was the distant rumble of a Stratton Electric. The time for lights out in the "Quad" was fast drawing nigh. A fair co-ed and her ardent swain were seated on the settee at Murray's sipping soda. First she sighed—then he sighed—and then they both sighed—side by side. Ah! the looks they were giving each other were as warm as the warmest of spring sunshine and as tender as a new born mouse. Thus they sat—a good looking young C. C. man and his fair co-ed—regardless of anyone but each other.

"Got your lessons for tomorrow," sighed our hero.

"Not a one", she sighed back.

Both settled back to the "Mooneyed" stuff for a moment.

"Aw what's the use of it all anyway?" whined the love-sick one.

"Search me", she said, "I wish I didn't have to go to college."

Several more minutes elapsed in complete silence. Suddenly our hero brightened up as if connected to an electric socket.

"Say," he almost yelled in a whisper, "I've got it, we—er—you know—let's elope. I'll—"

"Get out now—quit your fooling."

"No fooling—straight goods. I'll get my partner's flivver and you meet me tomorrow night at nine"—(too inaudible to ascertain).

"Well—alright—if you aren't kidding me—do you really mean it?"

"Sure, and we'll—" (in a cooing voice).

"My darling! And no more classes or anything!"

The couple left the store happy.

(Note)—This story is based on an actual happening. This couple are still around the campus. When are they going to disappear? WHO ARE THEY?

Pres. Crabbe of Greeley Re-elected National President Teachers' Colleges

Dr. J. G. Crabbe, president of Colorado State Teachers' College, was re-elected president of the American Association of Teachers' Colleges at the annual meeting of that body in Cleveland, Ohio, Last Saturday, Feb. 24. Pres. Crabbe has the honor of being the only man elected to this office twice.

C.C.'s Who's Who

REBEKAH M. HARTNESS

Rebekah M. Hartness was born at Lansing, Michigan in the year——yes, she was. She attended the grade schools of that city, going from there to Marquette, high school at Michigan from which institution she was graduated. Miss Hartness received a diploma from the Houghton, Michigan high school as well. Upon completion of her high school course she went to Carroll's College, where she received her A. B. degree in 1910. After her graduation she was engaged as head of the department of Modern Language at Northland College, Ashland, Wisconsin until 1916. The following year she took her A. M. degree at Columbia University. After leaving Columbia Miss Hartness taught French at Coe College, of Cedar Rapids, Michigan for three years, coming from that institution to Colorado College in 1920, s an instructor in the department of Romance languages.

Miss Hartness has attended numerous summer sessions, some of these being at the University of Michigan, University of Chicago, Middlebury College, Vermont and last summer she attended the University of Paris.

Some of her activities are the French Club, Swimming Club and Riding Club.

Her ambition is to live in Paris. Now we wonder who she met last summer (?)

Miss Hartness lives at 332 E. Yampa with her mother.

Line Plunges

Paulin has a weak back.
How come?
She can't bare much—more!
—Wampus.

* * *

New Co-ed—Do they wear those horribly short track pants right out in the open?

Old Timer—Nope; they usually wear them out in the seat.
—Chaparral.

* * *

A Suggestion

The Woman—"I believe I've danced with you before, haven't I?"

The Victim—"I dunno; if you have why don't you do it now?"
—Chaparral.

* * *

Teacher—Do you like fairy stories, Abie?

Abie—Gnome!
—Tar Baby.

* * *

Hard

Prof: "Do you know the five methods of choosing the atomic from the combining weights?"

Frosh: "I know four."

Prof: "Which one don't you know?"
—Burr.

* * *

Those Memory Wizards

"I know all the telephone numbers in town."

"How extraordinary."

"* * * Only I don't know who they belong to."
—Jack-o-Lantern.

* * *

It Matches So Well

"I see you're wearing Jack's pin."

No. Oh. I am, ain't I? I'd forgotten I had put on my blue dress this morning."
—Siren.

* * *

He (excitedly): Did'ja see that great, big woman with that little dog tied to that big rope?

She: Yes?

He (yawning): Well ,the rope broke and the dog got away.

* * *

"Will you take a walk with me? It will be good for your health."

No, I believe in auto-suggestion as better for one's health."

* * *

Pres. Burton Tells This One Now—

A little girl was sent by her mother to buy a loaf. Her mother gave her a penny. Soon she came back and said: "Mother, I have lost the penny." Her mother gave her another penny.

But the little girl came back again crying and said: "Mother, I have lost that penny too."

Her mother gave her another penny and said, "If you lose this penny I will kill you when you come back."

Five minutes later the little girl came back and said she had lost the third penny, so her mother killed her.

* * *

Customer—Give me that currant pie in the window.

Clerk—Excuse me, Sir. But if you brush the flies off you'll find it's custard.—Banter.

* * *

Sambone—What would you do if you had two aces and t'other nigger had three?

Hambone—Hunt mah razor, chile!—Yellow Jacket.

* * *

Sea Captain (to one of the passengers leaning over the ship-s rail — S'matter, m'lad? Weak stomach?

Passenger (nervously)—Hell, ain't I puttin' it as far as the rest of 'em?—Columbia Jester.

* * *

AT THE GAME!

Gertie—What's that man sitting on the ball for?

George—Sh! little girl. He's hatching a touchdown!—Panther.

* * *

"Say, do you get shaved in the Union?"

"Nope! I cut my face on a bottle."—Brown Jug.

Sal—Will you please run up the blind?

Soda—I'm not much of an athlete, but I'll try.

"Lava," wrote the Freshman, "is what you use to shave with"

AND perhaps the Freshman was not so far wrong at that. He may have been thinking of lather that rolled down his cheeks, dried on his face, and erupted his feelings in the process.

Today, there is something better—Williams' differs from any shaving lather you ever used. For Williams' Shaving Cream contains a certain ingredient that is distinctly beneficial to the skin. And Williams' is easier to shave with. It softens whisker resistance with a speed that takes all the tedium out of the shaving process. Get a tube of Williams' today and begin enjoying its helpful care.

C. C. MEETS WYOMING IN DEBATE THURSDAY

Parliamentary System is Question for Argument

The C. C. negative debating team will clash swords with Wyoming University at Perkins Hall on next Thursday, March 8, at eight P. M. This promises to be a very interesting debate on a subject quite popular this year in many American Colleges and Universities. The subject is, Resolved, That the Cabinet-Parliamentary system of government should be adopted by the United States. Mr. H. C. Rehm, of the Colorado Springs High School will be the judge here. Our negative team consists of Chapman, Moody and Duniway.

While our negative team is debating here our affirmative team will be competing with Denver University at Denver, where Benjamin Griffith, a graduate of Both Colorado College and the Denver Law School, will act as judge. Our affirmative team consists of Monell, McLaughlin, and Kimble.

On the same evening D. U. is to debate Wyoming University at Laramie.

EVERY ALL-CONFERENCE TEAM HAS TIGERS ON IT

Spalding's Guide Will Name Patterson, Bruce, McGlone, Harvey, Jordan

Coaches' selection as printed in the Colorado Springs Evening Telegraph: forwards; Patterson (C. C.) and Williams (Mines); center, McGlone, (Mines); guards, Harvey (C. C.) and Jordan (Mines).

Second team: forwards, Gebo (Mine) and Bowman (D. U.); center, F. Ryan (C. C.); guards, Mahood (Mines) and Beal (D. U.). Coaches voting: Corbet of Wyo., Mills of C. U., Woods, of D. U., Smith of Mines, and Mead of C. C.

Colorado Springs Gazette: forwards; Patterson (C. C.) and Bowman (D. U.); center, McGlone (Mines); guards, Harvey (C. C.) and Chilson (C. U.). Second team: Bruce (C. C.) and Williams (Mines); center, F. Ryan (C. C.); guards, Jordan (Mines) and Mahood (Mines).

Rocky Mountain News: forwards, Patterson (C. C.) and Bowman (D. U.); center, McGlone (Mines); guards, Harvey (C. C.) and Mahood (Mines). Second team: forwards, Williams and Gebo (Mines); center, F. Ryan (C. C.); guards, Beal (D. U.) and Chilson (C. U.).

D. U. Clarion: forwards, Patterson (C. C.) and Williams (Mines); center, McGlone (Mines); guards; Harvey (C. C.) and Mahood (Mines). Second team: forwards, Bowman (D. U.) and Gebo (Mines); center, F. Ryan (C. C.); guards, Chilson (C. U.) and Thompson (Wyo.).

Coach Mead: forwards, Patterson (C. C.) and Bowman (D. U.); center, McGlone (Mines); guards, F. Ryan (C. C.) and Harvey (C. C.). Second team: forwards, Bruce (C. C.) and Williams (Mines); center, Edgar (D. U.); guards, Mahood and Jordan (Mines).

C. L. ("Poss") Parsons in the Denver Post: forwards, Patterson and Bruce (C. C.); center, McGlone (Mines); guards, Harvey (C. C.) and Jordan (Mines). Second team: forwards: Gebo and Williams (Mines); center, F. Ryan (C. C.); guards, Mahood (Mines) and Seilly (D. U.).

Parsons, formerly athletic director at C. C., is one of the officials of Spaulding's basketball guide and he selected the above as the Rocky Mountain all-conference teams for that guide.

FINAL INDIVIDUAL SCORES

	F.G	F.T.	Tot.
Patterson, C. C., F	48	39	135
Bowman, D. U., F	39	42	120
Williams, Mines, F	29	54	112
McGlone, Mines, C	30	0	60
Gebo, Mines, F	27	0	54
Walters, C. U., F	13	27	53
Bruce, C. C., F	24	0	48
Thompson, Wyo., G	11	21	43
Howell, D. U., F	18	2	38
F. Ryan, C. C., C	18	0	36

Riding Club dues for the second semester are payable this week to Kathleen McKee.

MR. PIM PASSES BY COGSWELL THEATRE FRIDAY NIGHT

The annual function play of the girls dramatic club will be given Friday night at Cogswell Theatre. Frances Tucker who is coaching the performance says that actors have mastered their parts and that the remainder of this week will be spend in adding the polish that will make "Mr. Pim Passes By" the most finished production of the year.

The play is a clever farce of British domestic life and particularly concerns the trials of one George Mardon and his wife Olivia. Dorothy Nyhus and Rita Fist portray these characters in a most convincing style. Alice Sweet is the Dinah of the sketch, who is engaged to Bryan Strange, played by Gertrude Sherk. Sarnestine Randolph plays the lead in the character of Mr. Pim, this genial gentleman manages to pervade the whole show with an air of confusion which is most bewildering to the other characters. Miss Magaret Osbourne as the maid portrays a light comedy part with delicacy.

Lucy Fast is managing the stage for the production and has carried out its decoration in oak panneling.

All the beauty and chivalry of the school and some not so beautiful or chivalrous will be seated in Cogswell Friday night when the curtain rises at eight.

This is one of the few formal affairs of the year and all of the 98 Tuxedos in town will be requisitioned by the men for Friday's party.

The sale of tickets has been going well, consequently there are few seats available for the performance.

DENVER HAS LITTLE LUCK ON NORTHERN TRIP

Denver University has had little success on their basketball trip through Montana and Utah so far. Montana State college defeated the Minsters by scores of 34 to 17, March 1 and 38 to 30, March 2. On the 6th and 7th the team will meet Montana Mines at Butte, and on the 8th and 9th, Utah Aggies at Logan, returning to Denver March 11. Coach Woods expressed himself as confident of wining the remaining games.

K. U. MISSOURI VALLEY CHAMPIONS

The Kansas University Jayhawkers won the Missouria Valley Conference basketball championship by defeating Missouri University in their last game Wednesday at Lawrence, Kansas, by a 29-23 score. The Kansans broke all precedents in the conferencce by completing a season without a single defeat. They won all sixteen conference games.

UTAH U. WINS TATE CHAMPIONSHIP

OGDEN, UTAH, March 5. — The University of Utah basketball team won the Utah State intercollegiate title at Logan tonight by defeating the Utah Aggies, 44 to 30, in the final game. Tommp Fitzpatrick's charges by tonight's victory and a victory last night managed to nose out the Logan crew.

The University won five games and lost three. The other members of the conference are Utah Aggies and Brigham Young University.

DWIGHT NICHOLS TO BE BOULDER CAPTAIN NEXT YEAR

After the game Friday the University of Colorado basketball team elected Dwight Nichols captain of the 1924 team. Nichols has starred both at forward and center this year and Friday carried the blunt of the Silver and Gold attack against the Tigers. He is a former Terror and team-mate of Patterson and Bruce. The election will not be official until the faculty has passed on the eligibility of the players.

PIKE BRUCE CAPTAIN NEXT YEAR'S CHAMPS

"Hook Somebody" Will Have Official Significance Next Year

Through a vote taken of the letter men by Coach Mead yesterday morning, Joe "Piker" Bruce was chosen as captain of the champion Colorado College Tigers for next year. In the words of Bruce himself, there is every indication that this fighting Tiger will captain another championship team, and in so doing, will realize a sort of secret abmition of every great basketball man.

Pike is one of the cleverest forwards that ever donned a Tiger uniform. In his three years of college basketball, he has combined a fighting spirit with a thorough knowledge of the game. At the first of the season, it was reported that the "Piker" would not be seen in uniform this year, due to a gad knee which he injured in the football season. Nothing could keep him down however and although the knee necessarily slowed his work on the gym, still he was one of the main cogs in the Tiger offense.

Bruce has played three years with the Tigers. His familiar cry of "hook somebody", which is characteristic of his fighting spirit, has contributed to the defeat of many opponents of the Tigers. Pike made all conference last season and came out on top in the matter of high point man of the conference, he, having tied with Patterson for this honor with 120 points. This season found him seventh among the leading scorers with 48 points to his credit. Great things are expected of the "Piker" next year.

Abbott Discusses Ruhr Occupation in Chapel

Professor Abbott discussed 'The Aspects of the French Occupation of the Ruhr Valley', at chapel Friday morning. The two main points brought out in the talk were: whether Germany can be made to pay by the French occupation, and if the allies really want Germany to pay.

In taking up the first point, Professor Abbott pointed out that the French are occupying the chief industrial district of Germany or the Penn. state of America. The occupation is costing France more than she is getting from Germany, and the latter country has now ceased to pay upon any of her indemnity.

The terms laid down at the treaty of Versailles were that Germany should pay thirty-three billion marks, but this was later modified so that she should pay one hundred and eighty billion. The workers of the Ruhr valley are now on a strike, which further proves the failure of France, and in proof of her imperialistic ideas she has siezed the printing presses in the district and is printing her own marks.

"The question is a practical one, not a moral one", the speaker said, "and history clearly shows that the people of Germany cannot work hard enough to pay off the debt. This is shown by the following reasons: The terms are twelve billion to be paid in gold, but there are only nine billion dollars in gold in the world, so gold payment is impossible. The powers of the world have shut out German goods by high tariffs so she cannot pay off the debt by commercial dealings. In case she became strong again, she would be a rival of England and France commercially.

In speaking of the solution of the problem, Professor Abbott said that a small indemnity would be possible, and France could get some compensation which she deserves. The part of the United States is obvious since France owes us and cannot pay unless Germany pays. The speaker said that no satisfactory economic condition can be restored in Europe until this question is settled.

PHI GAMS HELP TEAM BREAK TRAINING

Last Friday night after the basketball game the members of Phi Gamma Delta held a training breaking dinner in honor of their members of the basketball team. These men were Captain Harvey, Captain elect Bruce, "Pat" Patterson, Francis Ryan, and Ed Ryan. This bunch of men played a great part in bringing the championship to old C. C. and they deserve all the praise they can get.

CAPTAIN SIG THROWS PARTY FOR SISTERS AND SWEETHEARTS

A beefsteak fry at Austin Bluffs and a dance afterwards at their chapter house formed the program to which the members of Kappa Sigma treated their sisters and sweethearts last Saturday afternoon. The chaperones were Mr. and Mrs. Chas. Kurrie.

The sisters and sweethearts who attended were: Misses Marian Lamme, Marian Fling, Marie Awes, Mary Arms, Mary Cox, Elizabeth Arms, Helen Gildea, Katherine Morton, Helen Morton, Helen Tucker, Irma Patton, Helen Braybeal, Edna Copeland, and Alberta Matteson.

WYOMING MEN AND WOMEN DEBATERS WIN EIGHT CONTESTS

The Women's debating team of the University of Wyoming defeated the team of the Colorado Agricultural college Saturday evening. Wyoming had the affirmative of the question, "Resolved that the United States should cancel the debts of the allies in Europe". Thursday the team defeated Colorado Teachers college and Friday those of the School of Commerce of Denver University, using the same question.

The debating teams of this university including both men and women have won eight debates and lost none so far

Beautiful corsages and strange mysteries pervaded the biology laboratory one day last week, and a blushing lab assistant suffered the curiosity of some of the indiscreet Frosh.

TIGER BOULDER GAME

(Continued from page one)

half that the Tigers retaliated. At this point Patterson and Broyles each counted two, thereby putting the Bengals in the lead at the end of the half with a single point advantage. Score 14-13.

The State team opened the second half with a rush and soon brought the score to 19 to 14. At this point of the game, the Tigers realized that they were not working their defense. Nichols was not being covered and this man dribbled repeatedly down the floor through the entire team for baskets. Coach Mills sent in his second team, hoping to give the first string a much needed rest. This was probably the turning point of the game. The whole Tiger team seemed to take on new life. Broyles, who had heretofore shown little defensive power, ran wild and mixed his oense with much clever guarding. Patterson and Bruce worked their passes better until the former had brought the Tigers from behind by some accurate baskets. In the last ten minutes of play the Tigers rounded into more perfected team play. With the advantage in their favor, the Bengals passed the ball at will in Boulder territory, the whole State team being under the C. C. basket.

Patterson with 20 points cinched his place as high score man of the conference and was the main factor in the Tiger offense. Broyles played the best game of his life. He showed a fight, combined with skill, which made him a dangerous man throughout the second half. Bruce used his head to advantage on all occasions and although he did not chalk up many baskets, nevertheless was a main factor in the team play during the second half. Harvey and Ryan played their usual steady game. The former was always in the thick of the battle and frequently the uncanny dribbling of Nichols was stopped by this Tiger guard. Nichols and Chilson starred for State.

Hakanson of Denver refereed the game. The lineup and score follows.

COLORADO COLLEGE (30)	G.	F.T.	P.F.

MAT AND RING MEN MEET C. U. TONIGHT

Dope Favors Boulder But Tigers Should Make Good Score

The wrestling and boxing teams left this morning for Boulder to participate in a match there tonight. The were weighed in at two o'clock today. The members of the boxing team are all in good condition, having been training for a period of two months.

Cook (145), Dixon (135), Wolfe (125), and Wilbur (105) are the men who will represent the Tigers in boxing. There will be no men in the light-heavyweight class. Cook (145) is in the best of shape, and ready for the battle tonight. Dixon (135) is very clever with his dukes, and has made a great improvement over last year. He should go good. Wolfe (125) although light, has a kick in both mitts, and if he wins it will be a KO. Wilbur (105) although small packs a kick in either mitt, and is one of the hardest men to hit in his class in the conference.

Some of Boulder's men are ineligible, due to studies, but the major part in good shape for their meet with the Tigers.

The wrestling team comprises: Captain Bemis (135), Willis (175) James (145), Leisey (115), Briggs (125), and McBride (158). This team is expected to offer keen competition to Boulder, all are in good shape for the match. Moody, heavy weight, will be unable to make the trip, due to the fact of his being on the debating team.

In the matches that Boulder has this season, Boulder beat Denver U., and Aggies beat Boulder in their last match. Denver University will come to Colorado Springs March 16. C. C. has secured the boxing ring used at Stratton Park and has placed it in Cossitt Gym. It is a well equipped ring and will enable a larger number of people to see the bouts. The conference tournament will be held at Boulder March 29, 30, and 31.

TRACK AND BASEBALL PRACTICE STARTS THIS WEEK

Captain Patterson issued a call last Tuesday for track, men. They are beginning to train, but the weather is a little too snappy yet to allow much outdoor work. Patterson, McDougal, Hamilton, and many new men are out getting into form.

Coach Lavik reports that a good sized squad has reported for baseball. About 25 men reported last Monday afternoon, but due to the weather they were not able to practice outside. However, they have been working out on the diamond these last few days. Most of the veterans are back, and many new men are out.

FAREWELL PARTY FOR ELISE BURNETT

Honoring Elise Burnett, ex'-26, who is leaving Monday for Texas by motor, Mary Clegg Owen entertained with a "Mah Jongg" party Thursday night at her home. The guests, all members of H. B. H., including Isabell Postlethwaite, Margaret Morris, Jeanett Taggart, Edna Copeland, Frances Weigle, Margaret Smith, Eunice Scribner, Betty Reinking, Katherine Morton, Ruth Hawk, Ruth Hutchison, Martina Maher, Leila Taylor, Irma Patton, and Elizabeth Knox.

CAPTAIN CORNELL ASKS GOLFERS TO REPORT MONDAY

All tryouts for golf are requested to report to Captain Cornell some time before Monday. This sport is gradually getting to be recognized as an authorized college sport. Several large universities and colleges in the east have recently placed it on their schedules as an authorized college activity.

The golf candidates will have permission to play on the Broadmoor links, free of charge, until May 1. Through the efforts of Captain Cornell this has been arranged. This will give the candidates a good opportunity for plenty of practice on one of the best golf links in the country. The conference matches will be played on these links also.

PAN PAN WILL BE HELD BEFORE SPRING VACATION DATE SET FOR MARCH 28

Bronson Cooke in Charge

Contrary to the popular idea that the Pan-Pan has been given up this year an announcement was made in chapel yesterday morning which dispelled any doubt as to the intention of the Enthusiasm committee. The date for the Pan-Pan has been set for Wednesday night, March 28th, at seven o'clock in Perkins Hall. The first All-College dance of the second semester is also scheduled for this night but will not interfere because the Pan-Pan will be at seven and the dance at nine.

Bronson Cooke has been appaointed manager of the event. He has appointed several committees to aid him in the work and these committees are already preparing the details. The scenery committee is under the chairmanishp of Harold McBride and is made up of McBride, Edmund McAllister, and Rufus Carter. Albert Linger is property man, and the stage men are Jimmie Lester, William McIntyre,

(Continued on page 4)

Judge Alter Speaks at Beta Dinner Sun. Night

Last Sunday night at their home, the Gamma Delta Chapter of Beta Theta Pi fraternity entertained the fathers and numerous guests at dinner.

One of the distinguished guests present was District Judge W. A. Alter, a Beta of the Denver University Chapter '03. Judge Alter spoke informally to the chapter and their friends, and outlined the advantages in general of a fraternity to the young men in college. While in college Judge Alter took part in the ceremonies at the installation of the chapters of Beta at Mines and Boulder.

Another interesting talk was that of Thomas Lake Moore, Sr., a member of the Mystical Seven who was recently initiated into Beta Theta Pi by the Gamma Delta Chapter.

Among the Alumni and guests were: Judge W. A. Alter, J. F. De Fries, F. J. Burghart, D. H. Capps, Fred Butterfield, R. K. Harrison, Frank R. Wadell, Daniel Thatcher, F. A. Wardwell, Joe Irish, Harry Whiting Woodward, M. D., Vence Dodge. Alumni: Norman Campbell, Dr. Crouch, Earle S. Lyons, Ted Thomas, Floyd Blicke, Paul Clark, Frank Kyffin, Fred Storke, Ollin Capps, Cecil MacIntosh, T. L. Moore, Sr Pro-

(Continued on page 4)

WOMEN'S RODEO PLANNED FOR MEMBERS RIDING CLUB SOME TIME THIS SPRING

All Girls Eligible

Although a new idea at Colorado College, the riding club is by no means a minor factor. Day by day in every way it is growing and growing and gaining momentum as it goes. Spring is on its way. There are great plans afoot. What only a few weeks ago was a low rumor in Bemis Commons is now a campus-wide proclamation. There is going to be a Spring Rodeo. Among the special features will be contests in riding for form, speed in bridling and saddling, riding by squads for handling of horses, and numerous novelty races. Expert judges will be present to award prizes to those members displaying marked horsemanship.

"The Lost Necklace" to be Presented March 24th.

The Girls' Glee Club will present an operetta, "The Lost Necklace" on the evening of March 24th in Perkins. The girls are preparing the songs and dances under the direction of Mrs. Tucker. Tickets may be obtained from members of the Glee Club at fifty cents each.

PRIMITIVE MAN EXCHANGE PROFS. CHAPEL SUBJECT

Professor Alfred W. Tozzer, the Harvard Exchange professor this year, spoke to the students at chapel Tuesday morning about primitive man.

Professor Tozzer, who has made an extensive study of primitive men in Guatemala, said the common convention expressed by an English writer that the manners of primitive man were beastly, and that they had no customs, was not so. All primitive men had some sort of religion even though it might be very barbarous, and they had rigid codes of ethics which have been studied by students of anthropology thru their legends and stories. It has also been learned that primitive men were hedged in by their toboos to a greater extent than our prohibitions now.

DUNIWAY AND COPELAND GO TO WYOMING

President Duniway and Mr. Copeland left Wednesday for Cheyenne, Wyoming, where they will attend the International Rotary Club District Convention. Mr. Copeland will return Friday night, but President Duniway will not return before Saturday night or Sunday. He will attend a Y. M. C. A. conference in Denver Saturday.

Next Tuesday night President Duniway will leave for Chicago, to attend the Annual Meeting in that city of the North Central Association of Colleges and Secondary Schools. He expects to return from this trip on Monday, March 19.

NOTICE!

The first two periods will be cut five minutes each Monday morning. Separate chapel services will be held for men and women. The women are to meet in Cogswell Theatre and the men in Perkins.

KAPPA SIGS WIN CHAMPIONSHIP CAMPUS LEAGUE

In what was probably the closest game ever played in Cossitt gym, the Phi Gams, fighting furiously for every advantage, went down to defeat at the hands of the whirlwind Kapp Sigs. The game was full of anxious moments and only after two extra periods were played did Cox get the winning basket that gave to the Kappa Sigs the championship of the Intramural Basketball League. Score 15 to 13.

It was a nip and tuck affair from the blow of the first whistle. Both teams showed a world of speed and fight. Many fouls were committed during the game and Moreland, Parker, and Gray were forced from the game in quick succession because of personals.

(Continued on page 4)

FUNCTION PLAY TONIGHT WILL BE FORMAL AFFAIR GIRLS GET CHOICE OF MEN

Few Seats Open to Public

"Mr. Pim Passes By", the annual function play of the Girls' Dramatic Club will be presented at Cogswell Theatre tonight at eight. The final rehearsal was held yesterday afternoon and a perfect performance is predicted by the coach, Miss Frances Tucker.

Mrs. Telfer L. Mead will be the official critic of the production and her criticism which will appear in the Tiger Tuesday will be read with interest by those who see the show. Mrs. Mead has had great experience in dramatic work and is well qualified to judge the show.

The house is booked to be well filled for tonight's performance. However there will be a few seats available when the box office is opened tonight at Bemis.

The cast has been working hard for the past month and all signs point to a finished production.

MRS. LEE GIVES Y. W. GIRLS KEY TO SECRET OF ATTRACTIVENESS

Mrs. Lee, in her talk, "Attractiveness—What is its Secrets?" given at the Y. W. meeting in Bemis Commons Wednesday evening, developed five points that she considered essential to the person who is attractive, or as she pointed out as a finer thing, one who has charm. These were: sympathy, simplicity, poise, sincerity, and culture.

The first point that Mrs. Lee took up was sympahty. She said that to be attractive one must be sympathetic, must be congenial, and have a common basis of sympathy with others. Her next requirement was simplicity. She said a girl must have a certain amount of simplicity; it is displeasing to see someone affecting something that is not so. Poise—balance—was her third essential. "Nothing," she said, "Is more attractive in a human being than a perfect balance, and it is very rare." Some excel in some one thing and fail completely in something else. "One must have sincerity. And being sincere," said Mrs. Lee, "is being sincere with self as well as sincere with others. And to be sincere one must have the courage of his own convictions."

The final quality discussed by Mrs. Lee was culture. She said a person may have all the foregoing qualities,

(Continued on page 4)

C. C. DEBATERS LOSE TO WYO. AND D. U.

Big Crowd Fills Nearly One Third of Seats in Perkins

The debating team from Wyoming University succeeded in defeating the C. C. team last night at Perkins Hall. The debate was well attended. Over one third of the auditorium was filled.

The trio from Wyoming championed the affirmative side of the question, Resolved, that the Cabinet-Parliamentary system of government should be adopted by the United States, while our team presented the negative side of the question.

The visitors consisted of Elmer Kissack, G. F. Guy, and W. E. Stephens, who were speakers of great force. Mr. Stephens, especially showed an unusually comprehensive view of the subject and the ability to put forth his conclusions in a concise manner.

The standard bearers for C. C. were Alex Chapman, Herbert Moody, and John Duniway.

The C. C. affirmative team lost to Denver University according to the unconfirmed report received at noon today.

The team that went to Denver consisted of Ralph Monell, Charles Kimble and Glen McLaughlin.

RYAN AND PERSHING ENDORSE ANTI-WAR CAMPAIGN

F. J. Libby, National Secretary for the National Council for the Prevention of War, spoke at chapel Wednesday morning in the interest of his organization. He pointed out that we have only to read the morning paper in order to realize that the seeds of hatred and warfare are being planted in Europe at the present time. According to scientific experts the city of London could be wiped out in three hours by a gas attack, and that France has an army of anplanes which could wipe out all the cities of southern England in a very short time. "The situation is becoming alarming, and unless America wakes up and seeks to prevent warfare, it will mean the end of white civilization within a few years," the speaker declared.

It will not be sentiment that will end warfare, because history has shown this. The solution lies with the American people and can be secured by carrying out the principles of the National Council for the Prevention of War. First, the forming of a world wide organization for the settlement of international and national questions, as there is no hope in isolation which America is now trying. Second, in a world wide reduction of armaments to a minimum police power. Third, in a world wide peace education of the peo-

(Continued on page 4)

Theta Alpha Phi Will Give Annual Play April 13

At a meeting of Theta Alpha Phi held yesterday afternoon in Montgomery parlor it was decided to hold the annual play April 13.

An effort is being made to obtain E. Benson Sargent to coach the production. "The Only Girl", was presented last year at the Burns by the organization. This year's performance will probably be staged at the America which will be reopened shortly before the date set for the show.

COMMENTS

by Arthur Disbrane

French Seize More of Germany

Following up their threat that if the Germans did not stop acts of sabotage the French would take aver additional territory, the French have acted. They have added important cities of the Rhineland and with this seizure comes the threat that more land will he occupied in the western part of the Reich if those acts do not stop.

Germany Defiant

After the seizure of Darstadt, Karlsruhe, and other cities by the French came the official order that any one giving aid to the French would be punished. This is only a stab at the thin air because the German officials have no power in the occupied towns. Moreover, the French have said that continual sabotage and refusals to obey their orders will be punishable by death. France meets fire with fire.

French Occupation Not Cruel

The French, unlike the Germans, have made no attempt to destroy any property or impair the means of production as was the case with the Germans in Belgium and France in 1914. We do not hear of wanton destruction or of rape as was the case in 1914. German women have been perfectly safe with the soldiers of France policing the streets. Those who criticise the French occupation should bear these facts in mind.

Congress Adjourned

The sixty-eighth congress of the United States is now a thing of the past and will soon be written up by historians for future reference. The session had comparatively smooth sailing, most of the pet measures being passed with the glaring exception of the ship subsidy bill. The sixty-eighth Congress is the first one to have the distinction of meeting in four sessions and in doing thus was in session almost all of the time. It will long be remembered that this Congress made economy it's watch word and made plans for the paying of our own debt and the collection of the British debt owed us.

Lenine Still Talks of World Revolution

Lenine in a speech before a class of young soldiers in the Kremlin in Moscow said that world revolution would come when India and China were ready. That is a nice dream for that near-sighted dictator of an impoverished people. China has tried the fallacious system of Communism and found it wanting long before the Slavs were worth mentioning. As long as the system that now grips Russia prevails there will not be food enough to go around and millions will starve in those countries where starvation is always knocking at the door. Perhaps Communism is coming along to prove that the Malthusian Theory could he interpreted to read that "where initiative in the individual is stiffled and the lure of private gain is taken away that group under such social system will die?

Protection for Unmarried Mothers in Europe

One of the results and part of the aftermath of a catastrophe that permits morals to become lax is the large amount of legislation being enacted to protect the unmarried mothers of Europe and to give their children an equal chance in the world. That is a very hard thing to do and can't be worked out perfectly because it is against the trend of civilization to countenance the raising of families out of wedlock. France and Germany have led in this and both now have laws whereby the unfortunate women are subsidized by the state and are encouraged to give their off-spring the advantage of and influence of a home. Under this system the child takes the name of it's mother and is regarded in the eyes of the law the same as a legitimate child.

BOULDER STARTS BASEBALL PRACTICE

The first call for baseball at the University of Colorado was issued Monday by Coach Witham. The pitchers have been working out in the armory for the last few weeks. Few letter men are in school and prospects are not of the rosiest. Capt. elect Vidal is in poor condition due to illness, and Quinlan is ineligible. McGobern, Willson, Munz, Sullivan, Kelly and Morris, last year's captain and star third baseman, are among those out.

* * *

What is all the excitement among the girls? They are summoning up their courage to ask for a date to the Function Play.

IMPORTANT

Registration for the second semester in the Riding Club MUST he completed by Saturday, March 10. The dues, eight dollars (8) are payable to Kathleen McKee at the time of registration.

Girls! This is your last chance, and you will not be allowed to take the second semester work unless this matter is attended to at once.

"Remember — "Opportunity knocks hut once."

With the Societies

HYPATIA

The Friday meeting of Hypatia Society was held at the home of Martha May Kirkpatrick. Elma Jane Clopper gave a short criticism of "The Bright Shawl," by Hergsheimer after which a report of the novel was given by Gertrude Sherk. Clara Vorreiter played an Arabesque by Leschetizsky. After the program refreshments were served.

* * *

MINERVA

The members of Minerva held their regular weekly meeting this afternoon at the club house. After the business was transacted the meeting was turned over to Margaret Morris, who had charge of the program. Genevieve Cox gave a review of "Smoke" by the Russian author, Turgener. Ethel Fay Asbury gave a piano solo, and Frances Weigle gave the reading "Should I Marry". Then refreshments were served and a brief social period enjoyed.

* * *

CONTEMPORARY

At the regular meeting of Contemporary Club on Friday, the following program was given:

The Mannerists and Electics.....
.....Ann Herzog
Guido Reni and Dolce.....
.....Rena Hestwood
Vocal Solo.....Donald Norton

After the program, there was a short business meeting and social hour, during which refreshments were served.

The New Sweaters In School Colors
Become a Major Fad Among the Collegiate Girls
If you haven't as yet made one of the new Spring Sweaters in your own college colors, you should start right now. We are displaying a set of new beautiful models which may be made up in your favorite color. These are ideal for sport and dress wear—when made of
BEAR BRAND YARNS
—and are delightfully attractive and thoroly practical for class rooms and attending the college baseball games during late spring. You can make one very easily, and quickly at but a small cost. We suggest selecting your yarn while our showing is complete with all the new shades. Our showing includes: Art Wool, Shetland Floss, Knitting Worsted, Glow Gloss, Marabon, Iceland and Camel's Hair. Come in and see the new models on display in our Art Needlework Section—second floor.

Cutler Rings if Tigers Win Tonight

The Wrestling-boxing squad is fighting tonight! While there will probably be hardly anyone at Boulder to cheer the men, still there is no reason why Cutler should not ring in case of a victory. Freshmen, do your duty.

Among those who are expected to show the Boulder team a few tricks tonight are Cooke and Wolfe, boxers, and Willis and Bemis, wrestlers. Cooke has a hard punch all of his own and also possesses a short jab to the chin which bids fair to worry the most ambitious State man. Wolfe mixes a certain cleverness with a world of speed. He is expected to triumph over his man. Willis has wrestled with some big men in his time and consequently has the experience which should give him a great advantage. Bemis, captain of the squad, is an experienced veteran of other Tiger teams. He is fast and knows all the tricks of the profession.

We would like to ask the Girls' Boxing coach if the Co-ed Boxing team is ready for the conference meet at Denver, March 29th.

No Classical Club Meeting Till March 29th.

There will beno meeting of the Classical Club until one week from next Monday evening or March 19th. Miss Sarah Mintz has charge of the program. The meeting will be held in Ticknor Study instead of Montgomery Parlor as has been the custom.

Phi Delts Best Hag Man

Displaying a clever offense, centered around Crowder, star forward, the Phi Delts took the men from Hagerman Hall into camp Tuesday night and thus succeeded in winning first place in the consolation series of the Intermural Basketball League. The final score stood 18 to 2.

The game was loosely played and frequently men on both sides fell to the floor with an awkwardness which caused the spectators to laught all during the game. Although Crowder frequently found himself in this condition, he redeemed himself by his accurate shots (at the basket) particularly in the second half.

The offense of the Hag five was built mainly around Hitch. However he was closely guarded and could do nothing against the defense of Greiner. Without Hitch going at his usual rate, the Hag quintette were not able to function properly. The game ended with the Phi Delts sending in substitutes to relieve the "varsity."

Coach Mead Entertains

Coach Mead entertained the basketball men at his home, 930 N. Royer St., Wednesday night. The dinner was given in recognition of the Tigers winning the Rocky Mountain basketball championship. It was a stag party which included the members of both the first and second teams. Besides the members of the teams and the manager, the following were present as guests: Dr. Woodward, Charles Bemis, and Coach Lavik. Refreshments were served and cards played.

All Campus Team Should be Tigers Next Year.

And the Kappa Sigs went wild!!!! Looking back over the games just played, the following seems to be the best team for "all conference."

Forward ..... Moreland, Kappa Sigs
Forward ..... Rose, Phi Gams
Center ..... Hitch, Hag, Hall
Guard ..... Parker, Phi Gams
Guard ..... Bemis, Kappa Sigs
Substitutes, Hill, MacDongall, Crowder and Cox.

Catherine Morton deserves the original cast iron medal for all-conference rooter. She was the best supporter the Kappa Sigs had. Anyway she won the candy and Don seems to be the victim.

Kappa Sigs Feed and Smoke Phi Gams

After snatching the Interfraternity Basketball Championship out of the fire last Tuesday night, the Kappa Sigs entertained the losers, the Phi Gams, to a feed and smoker at the former's house. Hamburgers and coffee were served a la cafeteria.

Both juniors and seniors wear gowns to lectures at the University of British Columbia.

MARY LOUISA HILLS

Miss Hills is listed in last year's Nugget as, "The social smile, the sympathetic tear", just what that signifies we have no idear, but it must be something nice because Mary is that kind of a girl.

Mary is rather a specialist on keys, (1) a key to a Nash Six, (2) a Kappa Key, which she achieved, (3) a Phi Beta Kappa key, which was thrust upon her.

Colorado Springs is the girl's past and present home, and she is listed among the tourist attractions along with the blue sky and the pleasant climate.

Besides copping a Phi Beta key Mary is pulling good grades in a correspondence course in trap drumming which she is taking under the tutelage of Ben Wendelken at Ann Arbor. She got an A on the last lesson, "The use of the Triangle in the Wedding March."

Due to the debate held last night the meeting of the Spanish Club was postponed until next Thursday night, March 15th.

LIBBY IN CHAPEL

(Continued from page one)

ple to cultivate a broader sympathy for all peoples. If this fails, everything fails. Unless the use of gas in war is curbed, the end of mankind will eventually come.

Mr. Libby told of the text books that are being used in the French elementary schools at the present time in order to instill hate in the hearts of the children for the Germans. This is done by printing pictures of the horrible atrocities committed by the German army during the war, and by teaching them to fill out sentences in the book expressing their feeling of revenge against the Germans.

Mr. Libby said that in the Council for the Prevention of War there were included many of the World War Veterans and a number of the famous generals and officers, such as Generals Pershing and Ryan.

PAN PAN

(Continued from page one)

Jack Miliken and Paul Ganley.

Contrary to the method planned for the Christmas Pan-Pan, every fraternity will enter an act on the bill, and the competition will be keen to make every one the best. The Hill Girls are giving an act and Pete Clark is chalked up for a feature. Each fraternity is asked to let Cooke know within a day or two what their acts will be.

It has been the usual custom to have the Pan-Pan just before Xmas vacation, but due to the last minute change in the day the vacation began this year, the Pan-Pan was postponed. In order to cover the expenses for the necessary altering of the stage and special scenery, an admission charge of ten cents per person will be made.

KAPPA SIGS WIN

(Continued from page one)

The game early resolved itself into a close battle. Rose for the Fijis would drop a basket in only to be followed by Moreland or Hill. Each team used a strong defense which played havoc with the opposing forwards. In this department of the game, Bemis and Parker excelled. Both played stellar games.

Just at the close at what would have been the game, a personal foul was committed by one of the Phi Gams which gave Wolfe two shots at the basket. Larry missed them both and an extra period was played. During the first part of this period Parker caged a neat basket from the center of the floor and the game seemed to have been won by the Fijis. But at this point another foul was called on them and Wolfe managed to put this one in, thereby saving his team from defeat in this period. In the second extra period, Cox put in a short basket which gave the Kappa Sigs the championship.

For the Phi Gams, Rose and Parker were the stars. Rose by his clever baskets and Parker by his close guarding easily stood out among the best. For the Kappa Sigs, Moreland, Hill, and Bemis were the outstanding cogs in this well-oiled machine. Bemis' guarding in particular helped to keep down the score of the Phi Gam five.

Have You Seen The "Cunard"?

One of the newest Stratford models that we show for Spring is the "Cunard."

The coat has long roll lapels down to two buttons set low—the vest is three button double breasted, cut straight across the front and because of this the pants are cut high-or in the waist than usual. Of course they are cut larger and straighter in the legs as all of the newer Spring models are.

The "Cunard" is strictly a young man's model — entirely new but neither faddish nor freakish.

You'll find numerous patterns to choose from in this model.

The Tiger

THE COLORADO COLLEGE NEWSPAPER

Volume XXV THE COLORADO COLLEGE TIGER, TUESDAY, MARCH 13, 1923 41

BOXING-WRESTLING DECISIONS GO TO C. U.

Larry Wolfe Makes Five Points To Save Shut Out

The Tiger wrestling and boxing teams suffered a terrible defeat at Boulder last Friday night by the score of 60 to 5. The five points were made by Larry Wolfe, who was the only one of either team that secured a decision over his opponent. According to reports that have come in, the Tigers lacked both training and coaching.

Several men of the boxing team showed that they had the ability, and with a little more training and experience should go better. Wilbur (105), it was thought, had the decision over his man, but the judges thought differently. Dixon (145) had the best of the first round, but the decision went against him. Zickafoose (175) knocked his man out for the count of five, but at the end of the bout, the decision was against him.

Captain Bemis of the wrestling squad, lost his bout by a close margen. At first it looked as if he would win, but his man got in back of him and stayed for three minutes. Willis (175) was injured in his bout. His opponent's head struck him in the ribs. Two ribs were broken and some abdominal ligaments were torn lloose. McMillan (158) threw him man all over the mat, and it looked as if he would win, but his opponent finally got a half nelson and wristlock and pinned him to the mat.

Wrestling Results

115—McGlashen, C. U., threw Leisy, C. C., in 3 minutes 20 seconds, reverse arm hold and half Nelson.

125—Chapin, C. U., defeated Briggs, C. C., 12 minutes, decision.

135—Hewicker, C. U., defeated Captain Beims, C. C., 12 minutes, decision.

145—G. Coleman, C. U., threw James, C. C., 6 minutes 30 seconds, half Nelson and wristlock.

158—L. Coleman, C. U., threw McMillan, C. C., 6 minutes, 15 seconds, half Nelson and wrist lock.

(Continued on page 4)

PAN PAN PRICE CUT TO STIMULATE FUSSING

The Pan-Pan committee has now announced that the admission charge of ten cents will be cancelled so that the men need have no hesitancy in getting a date for the big event of the year. It was found that the expenses of the Pan-Pan will be covered by the returns from the All College dance on the same night so that there will be no loss to the Enthusiasm Committee.

The general outline for the acts has been made and each fraternity and organization now knows what its part will be. The line-up is to be announced in the next issue of the Tiger. All that has been released for publication now is that there will be one big act featuring a series of parts by different organizations and also two special acts, one by a fraternity and one by Pete Clark, the W. K. local comedian.

A rehearsal will be held the latter part of next week in order that the organizations may understand the general order of events. The exact date of this general rehearsal will be announced later and all the participating groups are asked to observe this date and make arrangements to take part.

IRENE SHERK EST LA REINE DU CARNIVAL

Bemis Hall was transformed last Saturday night for the party which the Hall girls gave in honor of the Town girls. Low lights, distant music, incense, gay dresses, coronations, and spectacular "stunts" made the evening one to be long remembered. Each class had a booth, decorated in some original manner. The Seniors had a summer house and garden, lighted by a moon that shone entrancingly through the trellis. The Juniors' headquarters was an oriental den. The Sophomores gathered in a futuristic alcove and the Freshmen had their room decorated with navajo blankets, endless pillows and low lights.

The evening started off with a formal reception. Miss Davis headed the line, assisted by Mrs. Oliver H. Shoup, Mrs. A. G. Sharp, Mrs. Dern, and the House Presidents of the four halls, Thelma Burchfield, Dorothy Nyhus, Evelyn Stannard and Dorothy Niccolls.

(Continued on page 1)

ALIBIS AND DISHONESTY SCORED BY DEAN JAQUA IN MENS' MEETING MONDAY

Should Cultivate Friendship

Dean E. J. Jaqua spoke to the men gathered in the 'Pit' during the chapel period Monday morning. His subject was upon what he considered three main features to be cultivated in order to attain success. He recalled the many instances where men failed because they did not have the right stuff, or fell just a little short of success, because 'they weren't all there'. It may have been the lack of honesty, the over use of alibis, or the lack of cultivation of friendship that caused their failure.

In speaking of alibis, the Dean said that there were many who came to him with alibis for failure, but most of them were not sound. Some of them he said he believed, but it would be better to meet the failure with no excuses at all. He said that the way some of the papers treated a defeat of the Tiger team in the way of alibis, for their failure to win, was not the right spirit to look upon the matter. If they were defeated, it would be better to treat it as such, rather than to give excuses.

"Honesty practiced in the home, school, or in the world in general is the greatest asset to success", the Dean said, "and the reputation a person can have that they are reliable, and their word can be depended upon, is one of the best qualities that a person can cultivate." He said that exaggeration of facts from what they really were, was a form of dishonesty, and that one should strive to present the facts exactly without stretching them to suit the occasion.

The Dean urged the men, especially the upperclassmen to try to cultivate a broader understanding of the men who did not happen to be in their particular clique, and to try to understand them better. He said that friendship is one of the dearest gems of college days, but it should go outside one's fraternity. This, according to the Dean is true of Colorado college men more than any other he has had occasion to observe.

CRITIC PRAISES PLAY ENTIRE CAST STARS

Girls' Dramatic Club Annual Function A Big Success

By Mrs. Telfer L. Mead

A satisfied and pleased audience left Cogswell Theatre Friday night after the performance of "Mr. Pim Passes By." The Dramatic Club of Colorado College achieved a success in the presentation of the play. It is not an easy matter for girls to adequately play male parts. Friday's performance proved how well it can be done.

Ernestine Randolph as Mr. Pim did a difficult piece of acting exceedingly well. The forgetful, gentle old man who causes so much trouble and finally such happiness, was a pleasure to the audience. It was a very close portrayal of the original "Mr. Pim." The burden of carrying the play along falls to the character of Olivia. Rita Fist showed much finish and poise as Olivia. She carried the part with the cleverness and dignity which it demands. Dorothy Nyhus was very good as George, husband of Olivia. This difficult part of the English gentleman who must live up to the traditions of family and custom, and yet whose heart wants to act against a strict conscience, was well done by Miss Nyhus. When Alice Sweet, as Dinah, niece of George, was on the stage, the audience forgot she was acting, such was her ease and naturalness. Her spontaneity, grace and vivacity made her a charming character. Gertrude Sherk played the part of Brian, her lover in an interesting manner. Brian and Dinah made an attractive couple and relieved the tension of the serious moments in a happy way. Maude Bangs successfully played the part of the extremely, healthy, athletic and yet orthodox maiden aunt, Lady Marden. Her reading of lines and bearing were very good. Margaret Osborne as Anna, the maid fitted into her part in an appropriate manner. Her voice was especially pleasing. In fact,

T. N. E. DENIES COLO. CHAPTER IN LETTER TO DEAN OF MEN

The following letter was read before the Inter-Fraternity Council last night and is published by request of the Dean of men. Parenthetically it may be remarked here that the entire group of men who were relieved of some $25 two years ago in exchange for a T. N. E. pin have left college according to information available to the Tiger.

March 1, 1923.

Dean of Men,
Colorado College,
Colorado Springs, Colo.

My dear Sir:

During the past two years we have received information that a group of fellows is functioning as an illegal chapter of Theta Nu Epsilon Society at the Colorado College.

Permit us to state at this time that there is no legal or authorized chapter of this Society functioning at your institution, and you have our hearty cooperation in eliminating this group entirely.

We do not expand into any school unless we have the consent and approval of the faculty, and the assurance that the chapter will function on the campus like any other Greek Letter organization.

A great deal of the criticism that has been laid at our door has been due to

(Continued on page 4)

NOMINATIONS Y. W. OFFICERS ANNOUNCED

The following people have been nominated for the offices of the college Y. W. C. A. for the year '23-'24:

President—Evelyn Stannard, Katherine Wilson.

Vice President — Margaret Morris, Alberta Matteson.

Secretary—Ruth Allen, Mary Cox, Miriam Malsbury.

Treasurer—Lorene Reynolds, Lavetta Tevebaugh.

Representative to Student Commission—Miriam Ellsworth, Anne Wrye.

The election will be held March 27. All girls who have not paid their dues are urged to do so before this date. Only paid up members are eligible to vote. It is an unwritten law that Seniors do not vote.

HARE AND HOUND CHASE FOR RIDING CLUB GIRLS SATURDAY MORNING

Starts from McGregor 9 A. M.

By Frances Tucker

Next Saturday morning, at nine o'clock the girls of C. C. are going to try something which has never been attempted before. Perhaps we should say that the members of the Riding Club are going to stage the attraction for no one not belonging to this organization will be allowed to take part.

And what is this? It is a Hare and Hound Chase on horseback. Kathleen McKee has been appointed to lead the hares, and Evelyn Stannard will head the pursuit by the hounds. The chase is to start from McGregor Hall at 9 A. M. and will continue until 11.

The mere mention of the affair thrills one with thots of much excitement and of course a few slight mishaps to lend atmosphere to the thing, and the girls are already vieing with each other for places on the two teams. However, there may be a few who have not heard of the venture, and will all those who wish to go please sign upon the Bemis bulletin board as soon as possible.

By order of the Executive Committee of the Riding Club.

SPALDING OFFERS SILVER TROPHY TO BASEBALL CHAMPIONS

A handsome trophy has been donated by the Denver branch of the A. G. Spalding Company to the winner of the 1923 Conference Basehall championship.

The award is a large silver baseball mounted on a beautiful ebony base. On the top of the ball is placed a small statue of a baseball pitcher in the act of delivering a ball. The whole is exquisitely finished and has a rich appearance. The name of the winning team will be engraved on the trophy.

While C. C.'s chances for the championship are not of the brightest, the squad has improved greatly since practice first began, and it is not at all impossible that the trophy will adorn the walls of Cossitt.

An oak victrola cabinet was made by a girl, a sophomore in Kansas State Agricultural College.

TRACK PROSPECTS DEPEND ON RECRUITS

Captain Patterson Urges All Men of College to Come Out

By Sam McCool

Captain Patterson issued the official call for track yesterday morning at the men's chapel meeting in the Pit. According to Patterson the Tiger squad will be in need of new material and every former high school or college track man is urged to come out.

The Tigers are not particularly fortified for stiff competition unless the freshmen spring the unexpected and send out a bunch of good material. MacDougall seems to be the main man to hank on in the sprints and he is expected to show his heels to most conference runners. Patterson, as a quarter man, probably hasn't his equal in the conference. Hamilton is also a quarter and half miler who has done some good running. Last year he ran on three-fourths nerve but with a bit more experience should lead the best of them. Greiner has done some clever work over the hurdles and the conference season may produce in him a star. Sewell is an all-round man who is good to score points in at last two events. Rose is another man who is a good pole-vaulter, who has yet to serve his first season with the Tiger track squad. Muncaster in the weights has done some good work in past years with the shot and discus. Logan, if he could get into proper condition, might prove a good half mile man. This just about gives a view of Tiger prospects. However the Tigers with Patterson and Hamilton as a nucleus are expected to cop first place in the relay again this year

GIRLS' BOXING CLUB PUTS ON BOUT THIS WEEK

The members of the Girls Boxing Club are going to stage a big bout next week-end in Cossitt Commons, the exact date is yet to be decided. The promoter of the affair is Frances Tucker and working under her are: Ann Herzog, refreshments; Lelia Taylor, decorations, Lilla Munger, programs. Unhappily the trainer, Shorty Wells is ill, and so is Gertrude Klein, but the rest of the team is in good shape.

LES MORELAND STEPS OFF

As startling as a thunderbolt out of a clear sky, came the announcement of the engagement of "Les" Moreland to Ethel Reasoner of this city.

Leslie is a sophomore. He won his letter in track last year. He is a member of Eta Sigma Pi, the Question Club, and the Kappa Sigma fraternity.

Miss Reasoner is not attending college this year. She lives in Colorado Springs and is very well known in the local social circles.

What Would You Rather Be Than a College Prof?

An inquiring reporter recently asked the professors of Kansas University what they would rather be, if fate hadn't made them college professors. The replies were astounding as well as interesting. One wished to be an actor, another a sailor, and one romantic English Professor a bell ringer in an Old English Cathedral. Editorship lay very near to many a professor's heart.

COMMENTS

by Arthur Disbrane

French to Work Ruhr Mines

The recent developments of the Ruhr occupation show that the French have not gone into the matter blindly and that they do not expect to be in a position that will permit them to withdraw for a good many months and perhaps one or two years. The latest move has been to coerce the strickers into submission by importing enough Polish, Italian, Spanish and other workers to effectively break the strikes in the mines and steel plants. Much of the available labor is not green or inexperienced in this line of work, many of them having worked in similar plants in America.

The French Industrial Situation Improving

The latest reports on the Industrial situation of Europe point out that the French are not in such a bad way as might be imagined. There is no unemployment to speak of. The factories and mines are working at full capacity and the land is producing as much as the thrifty French peasant can make it produce. Taxes are high and are going to be higher until the payments from Germany begin to come in. The Ruhr occupation will partially pay for itself and the French hold the key to German as well as their own prosperity. Politically France is sound. The socialists and the communists have been outwitted by the conservative elements and the recent murders of the remnants of the Royalists have turned the current of public opinion against the radical elements. If any change comes it will be even more militaristic than the Poincare administration.

English By-Elections Disquieting

The latest from England indicates that all is not well for Bonar Law and his cabinet. The recent by-elections have been gains for the Labor Party. This is a bad feature but it will doubtless prevent the Liberals from ever forming a coalition with the Laborites.

England Doomed if Labor Controls

The present policy of the Labor Party would be fatal to the British Empire if that policy were to be adopted as the policy for the motherland. They would let British industry fail and they would either perish as a race or be forced to migrate to other lands. The doles to the unemployed are not a success and they can never be since they do not stimulate the desire to work and makes the workman feel as tho the state owes him a living. The workers owe the state a living and not the state the workers. The most serious drain on the British Exchequer is the money paid as doles eo the unemployed who are being pauperized by this paternalism.

Rum Fleet May Lead to Complications

The large fleet of rum runners that are outside the three mile limit on the Atlantic coast is not a fleet that any self-respecting nation cares to have anything to do with. The latest is that the fleet of one of the most successful runners flies the flag of Panama. It is also said that the fleets are being financed by other than American capital. At any rate, this business of rum running has developed into such a large business that it is attracting world wide attention, and, to some extent anxiety.

Scraps from the Training Table

The Tigers, according to newspaper propoganda, suffered a miserable defeat at the hands of the Boulder boxing-wrestling squad. The Tigers were defeated and are offering no alibis as a result of this defeat. But a score of 60 to 5 does not give the Tiger mat and boxing men their full dues as fighters.

* * *

Need Special Coach

The result of the Tiger-Boulder meet shows clearly the need of a special coach for this department of athletics at C. C. It is to be regreted that boxing and wrestling have degenerated in the minds of the members of the athletic board to the extent that they do not see fit to go to the expense of employing at least a first class coach. Certainly it will be better in the future to discontinue this form of athletics at C. C. or else make provisions for better equipment and better coaching.

* * *

Squad Lacked Experience

All credit is due to the wrestling-boxing squad in spite of their defeat. It was practically a squad of green material that confronted the Boulder experienced veterans. Most of the Tigers were sadly in the need of conditioning. There is no doubt that there is just as good material on the Tiger squad as in the Boulder group. If these men can get into good condition by next Friday night, it will, in all probability, be a different story with D. U. It is safe to say that the Ministers will have a series of fights on their hands which will give them considerable worry.

* * *

Track Needs Recruits

The official call for track has been made not only by Coach Mead but also by Captain Patterson. With the Tigers woefully short of experienced material, it is up to the Freshmen to come out for this sport. In this connection, it is also to be hoped that Coach Irish will again coach the track men. Last season was his first fling as a Tiger track mentor but he accomplished results with a small group of men, which probably no other coach in the conference could have achieved. In his day he was a star at Illinois and he comes to us a finished product of one of the best track coaching systems in the country.

* * *

The weather man is playing havoc with the Tiger baseball squad but with a few more days of fair weather, Coach Lavik will have a chance of seeing the squad in action.

BAINBRIDGE SINGS IN CHAPEL

Warren S. Bainbridge, accompanied by Miss Viola Allens, sang several popular pieces at chapel Friday morning. Bainbridge is a Junior in college and a pupil of H. Howard Brown.

* * *

Ralph Owens of Ramah, Colorado, and Carlton Deim of Scandia, Kans., were week end visitors at the Pi Kappa Alpha House.

The University of Utah, Utah Aggies, and Brigham Young University are to hold a swimming meet the latter part of March.

* * *

"Devotion to Something Bigger Than Ourselves" is the subject for discussion at the Y. W. meeting Wednesday evening at 7 o'clock in Bemis Commons. Edith Miller and Dorothy Nyhus are in charge.

Katherine Bachert will play a piano solo.

Q. E. D.

'SHOW me," says the math. teacher—and when the chalk clouds have settled down there are a lot of figures signed "Q. E. D." which aren't "Q. E. D" at all.

Say "Show me" to the shaving cream you're using and see what answer you get. Will it soften your beard right down to the base before the breakfast bell has rung twice? Will it leave your skin smooth and supple after every shave and give you the well-groomed look of perfect skin health?

Every day men are finding how much easier shaving can be made because of the speed and thoroughness with which Williams' softens the beard. Likewise, they are finding a help for their skin in Williams' that they never found in any other shaving cream. Try it yourself. The difference may surprise you.

CHARACTER RECORD AT RIPON

Ripon College is initiating the unique plan of recording the character of her students as well as their scholarship. Some of the qualities which will be recorded by observation are: good habits, loyalty, industry, honesty, initiative, good manners, respect for law and property value, campus activities and church attendance. It is believed that this plan will enable the faculty to ascertain those who are doing the most creditable things.

Line Plunges

"Then hit the line Colorado"

You may worship your wine, and women, and song,
And the rest of the foam and fluff,
But as for me, I'll bend my knee
To the great god Bluff.

You may pray to the gods the ancients knew
To smooth your way when it's rough
When I have need, desire or greed,
I'll call on the great god Bluff.

You may sing of the Fates or Lady Luck
As idols they're well enough
But for things I've done and the things I've won
I'll praise the great god Bluff.
—M. B. '26

3600 STUDENTS TO TRAIN IN EIGHTH CORPS AREA

The following definite information covering the Citizens' Military Training Camp for the summer of 1923 has been received from the C. M. T. C. Office, Headquarters 8th Corps Area, Ft. Sam Houston.

The 8th Corps, which includes the States of Texas, Oklahoma, Colorado, New Mexico and Arizona, has been allowed the training of 3600 students. Four Camps are to be held in the Corps Area at the following places: Ft. Sam Houston, Texas; Ft. Sill, Oklahoma, Ft. Logan, Colorado and Mt. Hauchuca, Arizona.

The Camp at Ft. Sam Houston, Texas will train 1600 students in all the branches of the service. Ft. Sam Houston being the largest and one of the oldest military posts in the United States, offers all possible facilities for this training.

The Camp at Ft. Sill, Oklahoma, the home of the largest and probably the finest Field Artillery School in the world, will train 1200 students in Infantry and Field Artillery, and in other branches if sufficient applications warrant.

The Camp at Ft. Logan, Colorado will train 600 students in Infantry. Ft. Logan is situated near Denver, Colorado in the heart of the Rocky Mountains and is an ideal place to spend the month of August.

The Camp at Ft. Hauchuca, which is situated in the picturesque mountains in Cochise County, Arizona, will train 200 students in Infantry and Catvary.

The Camps will open July 30th and close August 28th.

Application blanks will be ready by March 15th but requests for them should be made as early as possible. Preference will be given candidates who make early application. Inquiries about the Camps are invited. Address all communications to C. M. T. C. Officer, Headquarters 8th Corps Area, Ft. Sam Houston, Texas.

Honor System Optional for K. U. Law Students

It will be interesting to watch the success of the Honor System, as adopted by the Kansas University Law Students. The honor system has been adopted on an optional basis, since a majority of students were in favor of it. According to the plan, there will be one room for those wishing to take exammations under the honor system, and another room for those who prefer the old plan.

On the Campus

KENNETH LLEWELYN GORDON

Llewellyn will graduate this spring with a major in biology and when the jolly old school bell rings again next fall he will be assisting in one of the eastern schools and accumulating credits for a Masters degree. The major portion of Ken's time at this college is spent in the Bug and Chem labs and when he can get away from them he roams about the streams of the region collecting datar on fresh water animal life.

Kenneth has just returned to school from Glockner where he under went an operation for appendicitis. He is a member of Pi Kappa Alpha and the Science Club. He is also an engaged young man.

* * *

MRS. ELSIE BENNET ESSEX

Mrs. Essex recently took a lead in that somber romance, "Seven Keys to Phi Beta Kappa." At least that's the way it looked in the morning paper. Mrs. Essex is induberably one of the most throrough students now in college, the reader always excepted. We've no idea what she intends doing with the immense store of knowledge she carts away from the old institution daily but there's no doubt it'll be something emminently useful.

The lady majors in History, is a member of the Y. W. C. A., the Town Girls Association, the Dramatic Club, Athenian, the A. B. Club, and Minerva.

College Gossip

Miss Virginia Newman was the artist at the Sunday Musicale in Bemis. She played a heavy progam—several Chopin and Rachmaninoff selections, giving Rachmaninoff's Prelude as an encore. Her technique is finished, and she plays with a great deal of musical feeling and charm. She received numerous encores and responded generously.

Mr. Monroe Heath of Pueblo visited his fiance, Genevieve Whitney, at Bemis on Sunday.

Among the week end guests at the halls were Helen Hiles of Pueblo, Marie Bollinger, Margaret Carter, Tillie Vincent, all of Denver, and all C. C. ex-students.

Florence Northcot of Denver visited Marion Bancroft at Bemis this week end.

The Misses Wilson of Pueblo visited their nieces, Katherine, Harriet and Margaret, this week end.

Mrs. Harry J. Newman and her daughter, Virginia, were dinner guests at Bemis on Sunday.

Gertrude Klein spent the week end at Glockner with an attack of chronic appendicitis.

There is a place to dance when you get there but the big log fire at Bruin Inn will surely please you if dancing interferes with your idea of a hike.

Mabel Sadler was called home on Friday afternoon by the illness of her mother. She returned Sunday night.

Isabelle Chapman, Evelyn Garnier, and Marie Coleman spent the week end at their respective homes in Calhan, Pueblo and Denver.

The Psychology Department is to make a new set of tests this week. This time the members of Dean Hale's music class are to be the victims. They are to be subjected to the "Seashore Test" for musical ability.

The Y. W. cabinet met Tuesday afternoon for its regular meeting in the rest room in Palmer.

Don MacDougall and Roy Burgess visited at the Phi Delt House over the week end. Both are from Pueblo.

WHISKERINO!

The latest fad of the Juniors at the University of Nevada is that of the Whiskerino. According to Scandal Slin, erstwhile reporter, the "Whiskerino was introduced, to do away with cheek to cheek dancing." Many damaging results have ensued, such as the breaking of engagements, due to the cave man appearance of many a Romeo, and the ruination of the barber business.

KU KLUX KOLLUM

That Jimmy McMurtry's car seems to be a permanent decoration at McGregor?

Who had pep enough to ring the bell till mid-night after the Boulder game?

Whose "C" sweater Ruth Ziegler was wearing?

Whether Peewee has received any more mysterious letters lately?

That mid-semester grade will soon be out. We wonder how the Phi Betas ever do it.

Why Lyle Blaine bobbed her hair and persists in trying to conceal the fact?

That Emmette Graham appeared in a class Monday wearing a thimble?

That Arthur Sharp is a pretty good yell leader? Of course he will agree with this.

Why so many students return to C. C. at regular intervals?

It's rumored that "Captain Walters" and "Coach Mills" have received an offer from Pan?

That the appearance of new feminine headgear would indicate that "sprig has cub"? Maybe.

That Boulder may be larger but it hasn't anything on C. C.?

Chapel Announcements

There will be a very important meeting of the Men's Glee Club in Perkins Hall this evening at 7.00 o'clock. Every man who hopes to make the club must be there. Important arrangements relative to the home concert and the proposed trips will be made at this meeting.

The executive committee of the Riding Club announces a Hare and Hound Chase Saturday morning from 9 to 11, starting from McGregor Hall.

Town girls please give their names to Dorothy Smith or Evangeline Joder if they want to go.

The "C Club", Sigma Delta Psi, and Freshmen football team pictures will be taken Thursday of this week after Chapel. Remember to wear your sweaters to class on that day. These pictures are for the Pikes Peak Nugget so make it a point to **be there Thursday.**

The Girls' Glee Club practice which was to have been held Wednesday night will be held Wednesday afternoon at 4:30 in Perkins Hall.

Edith Miller and Dorothy Nyhus have charge of the Y. W. C. A. meeting tomorrow evening. Their subject is: "Devotion to Something Bigger Than Ourselves."

Catherine Bachert will play a piano solo.

All girls are cordially invited. Wednesday evening, 7 o'clock, Bemis Hall.

There will be a Folk Dance Festival under the direction of Miss Burchenel of New York, at Cossitt Hall tomorrow evening (Wednesday) at seven-thirty. Students interested in social work should not fail to avail themselves of this unusual opportunity to secure training under an experienced leader.

Tickets may be obtained from Miss Davis after chapel today and tomorrow. A special rate of fifty cents is made to college students and twenty-five cents to members of the folk dancing class.

Girls are especially urged to make dates with their mothers and friends for the Louis Harlan benefit tea to be held this Friday afternoon in Bemis Commons. This will take the place of the regular Town Girls meeting that would otherwise have been held this month. The price is fifty cents. Good program and good eats. **COME!**

There will be a Japanese entertainment in Perkins hall this evening at eight. The public is invited. Admission $1.00.

School of Music Program Thursday, 4 p. m. Public invited. Admission free.

The Boxing and Wrestling Match with D. U. scheduled for Friday night in Cossitt Gymnasium may be changed to Saturday night. Definite announcement will be made later.

T. N. E. DENIES COLO. CHAPTER

(Continued from page one)

the activity of these illegal chapters.

We regret, indeed, that the name of this organization has been fraudulently used, as we are duly incorporated, we will be forced to take legal action these men in case they continue to allege membership in or initiate others as members of Theta Nu Epsilon Society.

We are not contemplating expansion into the state of Colorado for some time to come, and you can rest assured that we shall be pleased to cooperate with you at all times and convey any information you wish concerning our organization.

Please give this letter due publicity in your college publication and kindly mail me a copy of the same.

Very sincerely yours,
Grand Council, Theta Nu Epsilon Society.
Perry O. Powell,
Executive Secretary.

CRITIC PRAISES PLAY

(Continued from page one)

"Mr. Pim Passes By" was put on by an all-star cast. Much credit is due Frances Tucker, the coach of the play. The work of the cast showed that Miss Tucker understands the technique and dramatic action necessary to produce a good performance. The stage setting was delightful — the craftswork of which was largely done by the girls themselves. Before the performance, Gertrude Klien, president of the club, told the audience of the formation and aims of the organization. Miss Marjorie Drake gave some pleasing violin solos during the intermissions. After the play the club held a reception in Bemis Commons. The entire evening was a decided success and made the guests anxious for the Dramatic Club to appear again in the near future.

SCENES

Act I—The Morning room at Marden House (Buckinghamshire).
Act II—The same. Noon.
Act III—The same. Mid-afternoon.

CARNIVAL AU PALAIS

(Continued from page one)

From 8:30 until 11 dancing was the order of the program, but during this time four surprise stunts were run off.

Katherine Sias and Frances Tucker, represented the Seniors, gave a clever kid dance. Clara Vorreiter, Dorothy Nyhus and Katherine Hood presented a cleverly costumed group dance. The other Juniors followed with a class song. A chorus of Sophomores sang several appropriate songs. The Freshman stunt was a revue, with Yolande Ingle and Eileen Southard taking the main parts. All the Freshmen then sang their class song, "I Ain't Nobody's Servant".

At 11 o'clock the Judges announced their elections. The curtains were drawn, disclosing the throne room. Irene Sherk was chosen as being the most beautiful and charming girl. With full ceremony she was crowned Queen of the carnival by Mrs. Shoup and lead to the throne by her two attendants, Helen Gildea, chosen for having the most beautiful dress, and Frances Tucker, chosen for having the most beautiful hair. After the coronation the Queen of the Carnival lead off in the Grand March. The party closed at 11:30 with the singing of "Our Colorado."

BOXING WRESTLING

(Continued from page one)

175—Westland, C. U., threw Willis, 5 minutes 5 seconds, half Nelson body hold.

Boxing Results

All were three round bouts.
115—Craik, C. U., defeated Wilbur, C. C., decision.
125—Wolf, C. C., defeated Lennon, C. U., decision.
135—Sullivan, C. U., defeated Cook, C. C., decision.
145—Minna, C. U., defeated Dixon, C. C., decision.

Joe Russel of the Denver Athletic Club referred all bouts.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV — THE COLORADO COLLEGE TIGER, TUESDAY, MARCH 27, 1923 — Number 45

SOUTHERN COLORADO HIGH SCHOOLS COMPETE IN TRACK MEET HERE MAY 18

Pentathlon is Feature of Event; Many Prizes Offered by Local Firms; Fraternities Will Entertain Contestants

The most stupendous track meet ever staged in the annuals of Colorado High Schools will be given on Washburn field, May 18 by Colorado College, if the present plans of Coach Telfer L. Mead and the Athletic Board are carried out successfully. Over sixty high schools from Denver and Southern Colorado, represented by the cream of the athletic material of these high schools will take part in this meet.

Probably the most novel feature of the whole meet will be the introduction of a pentathlon contest, the first of its kind in the history of Colorado High Schools. The pentathlon contest will consist of three groups of events, including the weights, jumps, and runs. Each contestant will be required to participate in five events and in at least one of the three groups. The present system of scoring for high school records will be used. The four individual high point winners and the four highest average four man teams will be the guest of Colorado College during the invitational track meet here, May 18. The schools entering these events will send the necessary credentials to Colorado College and will hold these contests on their own fields, under the direction of officials, namely by their respective schools. A gold medal will be given to the winner of the grand pentathlon championship of Colorado, and the next three highest will be given bronze medals. Teams will also be entered. The four-man team, winning the championship, will be designated as grand champion pentathlon team. The first four winners will receive banners. Points will be awarded on the basis of 1000 points to each event. If an individual equals a state record he is given 1000 points. Additional points will be given the individual, excelling the state record. Likewise if he drops below the state record, he will be credited with less than 1000 points.

During their stay here, the students will be cared for in the fraternity houses and the dormitories. All contestants will take their meals at Cossitt Hall, at the expense of Colorado College. The receipts of the meet will be divided among the contesting teams, in proportion to the mileage traveled. Only ten men from each school will be allowed to enter the meet.

Medals will be awarded to all men, placing first, second, and third. Banners will be given to the teams finishing, first, second, and third. To individual high point man and the school winning the relay, a loving cup will be offered.

Coach Mead has already sent the invitational letters out to the various schools, who will have mailed in their acceptance on or before April 10. Additional letters, giving the details of the meet and other features, will follow the original letters of invitation.

Girls to Stage Intra-mural Track Meet Wednesday

Our feminine athletes are practicing for an indoor meet to be staged in Cossitt gym at four o'clock next Wednesday. The event, it is rumored, will rival the boxing exhibitions.

The Seniors will not take part but the Frosh will be out in full glory under their captain, Eloise van Diest. Betty Clark will captain the Sophomores and Evelyn Stannard the Juniors.

Class numerals will be awarded for proficiency in apparatus work and the races.

At a meeting of the girls Miss Davis urged everyone to come out for the meet and also told about the spring sports. After spring vacation the girls are going to play basketball and baseball and even go out for track in the Jungle.

DR. DAVIES ATTENDS MEETING AT BOULDER

Tomorrow Dr. Davies will journey to Boulder where he will attend a meeting of the Colorado Association of colleges and secondary schools. This organization holds its meetings once a year and at that time discuss problems that occur in the life and organization of the institution with which it is concerned. The meeting this year will commence Thursday and last until Saturday.

The Y. W. C. A. advisory board met with the cabinet in Ticknor study at 4:30 o'clock Tuesday afternoon.

TOZZER TALKS ON PRIMITIVE MAN

Dr. Alfred W. Tozzer, Harvard Exchange Professor, gave a talk upon the 'Soul of Primitive Man', Friday morning at chapel. He told of the origin of the belief of the soul, and the different ideas that primitive men had about the next world.

The origin of the belief in a soul he said, probably came from the experience of primitive men which took place while dreaming, in delirium or fainting, believing the soul left the body while in this state, to wander in the world and return when the body woke up. Dr. Tozzer told of the old Peruvian method of relieving concussion of the brain, by cutting away the bone over the wound, believing this would let the evil spirit out. Very often this cured the patient because the pressure on the brain was relieved.

A few of our modern words, Dr. Tozzer said, are derived from these old ideas of the soul, such as ,enthusiasm, possessed, ecstacy'. The mustoms of death doors, especially the one in St. Peter's, Rome which is only opened when a deceased Pope is being carried thru in a funeral procession, and the old ideas of furnishing tombs and graves for the welfare of the soul, are all derived from the primitive man's idea of the soul.

He said that the idea of retribution in the next world is a Christian idea, not a primitive one. Primitive men held to the idea that the next world would be some what of a continuence of this one, and that the manner of death determined the kind of a world a person would live in.

MEYERS BOOSTS BETA SIGS SLIDE TO CELLAR

Honest Application of Chief Raises Average One Tenth Per Cent

A grade of ninety-five in a three hour graduate course has raised the standing of the Beta Theta Pi fraternity out of the cellar position by one tenth of one per cent. The grade in question was earned by Erwin F. (Chief) Meyer but since it was a graduate course not listed in the catalog the report of it was not filed with the other records and was quite naturally overlooked. The discovery was made yesterday when the Chief called to examine his personal record. It had not been customary to count grades in graduate subjects but since Meyer does not as yet hold a diploma it has been decided to consider his graduate school grades in the general fraternity average. This raises the Beta average from 68.72% to 68.92% while the Sigma Chis have a general average of 68.82%.

C. C. TO SEND 7 MEN TO CONFERENCE MEET

Have Good Chance to Enter Finals; Wolfe and Bemis Booked to Win

The Tiger wrestling and boxing teams will go to Boulder next Monday to take part in the athletic meet, to be held there Friday and Saturday, March 30 and 31. There will be seven colleges and universities entered in meet to decide the champions of the Rocky Mountain conference. Forty four men will be entered from the following schools: Colorado College, University of Colorado, University of Wyoming, Denver University, State School of Mines, Colorado Agricultural College, and the State Teachers College.

This meet is one of the largest athletic meets to be held in the state, and Colorado College has a fair representation. The semi-finals will be staged on Friday night. There will be eleven wrestling bouts, and eight three-round boxing bouts. In the finals Saturday night, there will be seven wrestling, and seven boxing bouts.

All of the sport writers of the larger papers point to the University of Colorado to win the wrestling bouts, and an even break between Denver University and Wyoming in boxing. However, C. C., has some real men entered. It is not yet known whether Dixon will be allowed to go to the meet, but it should boost C. C. chances if he did. Wolfe in the 125-pound class should take that division, for he has defeated both men he has been pitted against, and they were the hardest men to beat. Captain Bemis has chances also in the meet with D. U., he defeated one of the best men on the card. The following men will go to Boulder: Captain Bemis, Briggs, McMillan, and Moody of the wrestling squad: Wolfe, and Dixon (?) of the boxing squad.

Joe Russel, of the Denver Athletic Club will referee all bouts.

NOTICE!

This is the last issue of the Tiger before vacation. The next issue will be published April 13. The Easter vacation will start Thursday, March 29 at five o'clock. Classes will be resumed at eight o'clock Tuesday, April 10.

HIGH SCHOOLS OF STATE TO BE GUESTS OF C. C. PAN PAN WEEK

Baseball With St. Regis Possiblity, Track Meet, Pan Pan and All College Dance Will Be Features

The plans for the entertainment of the visiting high school students on April 13 and 14 are being gradually rounded into the form which they will eventually take. Only a few changes have been made in the original schedule which was announced and a few features have been added. A triangular track meet between Colorado Springs High school and teams from the Canon City and Florence High schools which is in charge of the local high school has been set for Saturday, April 14 and is expected to stimulate interest for the two day visit of the students.

Efforts are being made by the college for a practice baseball game with St. Regis on Friday afternoon, April 13 and this will be the first event on the list of sports.

Friday evening following the game with St. Regis will be the Pan Pan in Perkins Hall, which is to be the peipiest exhibition of its kind according to the committee in charge. The work in this is advancing rapidly but details of thus show are being with held until a few days before the time set for it. Immediately after the Pan Pan will be the All College dance, formerly scheduled for March 28.

Saturday will be taken up by the triangular track meet between the local high and the Canon City and Florence schools, which will be of special interest to the visiting schools. In the evening the Athletic Carnival will put the finishing touches on the celebration. Every one of these affairs is among the most interesting and best enjoyed events of the college year at C. C. and the two days will be packed full of joy for those who attend.

Seniors from every high school in the state are welcome and C. C. students who go home over the vacation will be charged with press-agent duties for the show. The success of this event will depend on how well it is made known to the students in the towns in the state and each student is to pick out the prospects who he feels will be the best for C. C. and convince him that this visit to C. C. will do him the greatest amount of good. The college will feed all the visitors free of charge during the time they are here, and the fraternities and halls will cooperate in giving them rooms. The fraternities and Hag Hall will hold the men while the visiting girls will he taken care of at Bemis and by town girls.

The organizations taking part in the Pan Pan will hold a rehearsal in Perkins tonight at eight o'clock under charge of Bronson Cooke, the stage manager.

GIRLS GLEE CLUB SCORES HIT FRIDAY

Once more the Girls ' Glee Club demonstrated its ability to give a fine production when last Saturday night they gave their second presentation of the year.

To the Director, Mrs. John Speed Tucker, most of the credit must go for her wonderful work training the choruses and soloists. Her work would have been nothing however had it not been for the assistance of Mrs. James H. C. Smith and her well drilled orchestra. In this line come also Miss Rita Fist as coach, and Miss Katherine Cias as dancing director. whose work was of material value.

The Glee Club should be congratulated on having such lovely voices this year; the solos being beautifully rendered and the choruses having a finished and most professional style. Especially should be noted Miss Clara Vorreiter, whose playing of the American girl was most charming. Miss Leila Taylor as Lola the leader of the grape gatherers, and Miss Louis Covey as her friend Iuez, both have hyric, soprano voices of the lovehest quality, and were ably assisted by Miss Dorothy Jean Barker, contralto as Dolores.

Miss Yolande Ingle, the fortune telling Esmeralda was most convincing, as was also Miss Irene Beardsley as Zerline, both of the girls painting in vivid colors the gypsy life.

Perhaps one of the loveliest things of the operetta was the gypsy dance, so full of life and solos. Beautiful also was the noonday siesta where stories were told and songs were sung.

Eloise van Diest should be congratulated on her lovely stage setting which added so much to the whole, and Leila Taylor likewise should have her share of praise for the effective costuming.

On the whole, indeed, the production was one of the most successful ever staged in Perkins Hall.

Men's Trip Postponed

The trip which the Mens' Glee Club was to take during spring vacation has been postponed. The program for the southern part of the state has been arranged, but Trinidad, where the main concert will be held, has asked to have the date changed.

The date of the trip has not been definitely decided, but it will probably be immediately after spring vacation.

Betas, Phi Gams, Kappa Sigs, and Pi Kaps Entertain Friday and Saturday

Beta Theta Pi

A Supper Dance? No, that wouldn't serve,
A Dinner Dance, we hadn't the nerve,
So what **could** we call the celebration,
We just told the truth and made it STARVATION.

Thus you have summarized the party given by the Betas last Friday night at their home. The greatest and most pleasing surprise of the party was the announcement of the engagement of Dana Burch and Ruth Ziegler.

The guests of the evening were: Misses Ethlaud Moore, Yolande Ingle, Evangaline Joder, Ann Wrye, Peggy Knowles, Maxine Ingle, Helen Loveland, Margaret Keating, Mary Koch, Ellen Weir, Edith Etrother, Lyle Blaine, Ruth Allen, Nenore Gilbert, Leila Taylor, Alice Moore, Margaret Osborne, Ruth Williamson, Helen Hart, Katherine Sutton, Helen Fairbanks, Ruth Ziegler, Elizabeth Thomas, Persis Perkins, Kathleen Keating, Marjorie Jaillete, Jeanette Heckman, Helen Harmon, Laurine Allen, Dorothy Chambers, Gertrude Sherk, Marjorie Woods, Eunice Scribner, Dorothy Ehlers.

Messrs. Dr. Harry Woodward, Theodore Wessen, Wm. Fisher, Earle Lyons, Francis Sheehan, Fred Storke, Floyd Blicke, Earl MacTavish, Paul Clark, Stanley Birdsall, Ted Thomas,

RECOGNITION FOR THE TIGER STAFF.

The athlete at C. C. has his Sigma Delta Psi, the scholar his Phi Beta Kappa, the debater his Tau Kappa Alpha, the actor his Theta Alpha Pi. The student editors and managers have their—experience.

Of course this experience is valuable, but it is not a sufficient reward for a student who puts many hours of work on Tiger copy. Each year when an editor takes charge of the paper he has to spend several days recruiting assistants. Something is needed to create an incentative among the students to try out for staff positions. This can be done only by recognizing the work that members of the staff do. Honorary journalistic fraternities exist in most of the universities and colleges and student editors are rewarded by election to its membership. Some colleges further recognize their journalists. Iowa has placed them on a level with the athlete by awarding letters to those who make places on the staff; Minnesota until recently, paid editors a salary according to the amount of work put in on the paper.

You say Colorado College is too small for an honorary journalistic fraternity. No, smaller colleges than this offering only two courses in newspaper work have such organizations, one for the men and one for the women. The time has come when student writers here should be given as definite a goal to work towards as they are given in most other colleges.

—G. E. M.

BETAS ENTERTAIN STARVATION

(Continued on page 2)

Erwin Meyers, Robert Burghart, Howard Muncaster, George Thatcher, Albert Amidon, James Flaherty, Russell DeFries, Melvin Haymes, Ralph O. Haymes, Fred English, Paul D. Sweeney, Alfred Kyffin, Robert Wardwell, Chas. Wadell, Dwight Strother, Ross Keyte, Albert Brown, Darrell Putman, Ross Kellerman, James Whited, Myler Butterfield, Donald MacLeod, C. Fisher, John Dwyer, John Fairbanks, Burch, Chas. Kimble, Lake Moore, Jr.

Mrs. Daniel Thatcher, Mrs. W. O. Haymes, Miss Edith Clementine Bramhall gracefully acted as chaperones.

Phi Gamma Delta

Last Saturday evening after the Girls' Glee Club concert, the members of Phi Gamma Delta and their guests, were the guests of Dr. D. A. Vanderhoof. In the earlier part of the evening the graduating seniors and the members of the basketball team were treated to a dinner at Dr. Vanderhoof's residence, after the dinner the whole chapter were guests at a dance held in the chapter house.

The guests other than the members of the fraternity were: Misses Florence Fabling, Isabell Worley, Hazel Hendricks, Katherine Hood, Dorothy Jean Barker, Martina Maher, Burdine Ecke, Tess Williams, Helen Tucker, Ruth Espey, Katherine Sutton, Lucille Brundage, Marie Coleman, Evangeline Joder, Lucy Fast, Ruth Williamson, Marian Lamme, Katherine Varney, Lyle Blaine, Lois Harter, Janet McHendrie, Mary Patterson, Genevieve Vanderhoof, Arline Leggett, Helen Loveland, Mildred Johnson, Mary Greenwood: Messrs. Richard Vanderhoof. Prof. and Mrs. Gilmore acted as chaperones.

Kappa Sigma

The Kappa Sigs held their annual St. Patrick dance at Columbine Hall, Green Mountain Falls. The programs were small green hats. Mr. and Mrs. Chas. Currie and Mrs. C. E. Putnam were the chaperones. The guests were: Misses Gertrude Brewington, Betty Arms, Edna Earnest, Lodice Everett, Marian Lamme, Eva Clark, Alberta Matteson, Marie Roberts, Alice Sweet, Irma Patton, Harleyn West, Margaret Smith, Helen Graybeal, Ethel Reasoner, Gladys Humm, Elsie Berg, Ruth Atkinson, Margaret Newcomb, Edna Copeland, Hazel Round, Aileen Southard, Betty MacAloney, Marian Bancroft, Ethel Fay Asbury, Katherine Morton, Clara Vorreiter, Agnes Webb, Marjorie DeLaVergne, Frances Miller, Helen Tucker. Messrs. Kay, L. Cornell, R. Cornell, Boyd. Several high school men were special guests.

Pi Kappa Alpha

San Luis was the scene of the dance given by the members of Pi Kappa Alpha. It was representative of Easter Tide. The chaperones were Dr. and Mrs. Smith and Mr. and Mrs. Murane. Among the guests were: Misses Dorothy Carmine, Mabel Draper, Elsie Uthoff, Miriam Malsbary, Margaret Tyson, Norma Raley, Genevieve Whitney, Dorothy Smith, Maude Meekin, Bernice Ryer, Helen Finlay, Edith Bloom, Charlotte Bergner, Arline Draper, Margaret Druehl, Hazel Gulley, Katherine Orendorff, Evelyn Garnier, Mrs. M. Zickafoose: Messrs, Bergner, Daily, Billings, Williamson, Jefferies, and Gray.

Strickler Will Speak to Alpha Kappa Psi

David P. Strickler, president of the Colorado Springs and Interrurban Railway Company will address the Alpha Kappa Psi business fraternity tonight on the subject of business ethics. B. F. Scribner of Pueblo, chairman of the international committee on business ethics of the Rotary Club will also be present. The occasion is the regular monthly dinner of the fraternity.

K. U. GETS FOURTH INTEREST IN TOMB NEXT DOOR TO TUT

If the age-old tomb on the land of Hamed El-Driny, medical student of the University of Kansas, contains the fabulous wealth that the tomb of King Tut-Ankin-Amen did, the University of Kansas will be several millions of dollars richer in the next few months.

Mr. El-Drinev has expressly stipulated in his letter to the American consul at Cario, Egypt that one-fourth of the treasure found in the tomb will be given to K. U., one- fourth will go to the museum of New York, and one-half will go to himself. It is probable that nothing will be heard of the results of the execavation of the tomb for some time, as it requires twenty-six days for a letter to reach Cairo.

No estimate of the amount of wealth in the second tomb—which is the only other one in that part of the country—contains can be made for the present. If the archaeologists can judge by what the first excavation revealed, the tomb on the El-Driny place will bring millions to the K. U. student and wealth to the University under the recent stipulation of Mr. El-Driny.

Coach's Son Captain

Jack Corbet was elected captain of the 1924 Wyoming basketball team. Corbet is the son of John Corbet, Cowboy coach. However, he won the honor on his own athletic ability. His election as captain is most unusual. Perhaps it has never happened at any other school in the country that a father should be coach of a team and his son captain of the same team.

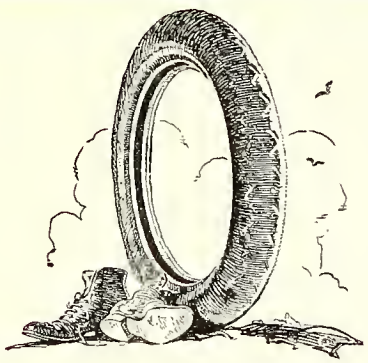
It will be interesting to know how this novel arrangement works out.

Russ Defries—"Do you realize that you talk to yourself?"

New Beta pledge—"I've been told so."

Russ—"What do you say at such times?"

Pledge—"Don't ask me; I'm no eavesdropper."



Shoes. *Which kind gets you there the quickest?*

TWO college men were walking down the road, when a classmate whizzed by in his car.

"Pretty soft!" sighed one.

Said the other, "I'll show him. Some day I'll own a car that's got his stopped thirty ways."

The more some men want a thing, the harder they work to get it. And the time to start working—such men at college know—is right now.

All question of classroom honors aside, men would make college count for more if they realized this fact: You can buy a text book for two or three dollars, but you can sell it for as many thousand—once you have digested the contents.

This is worth remembering, should you be inclined to the self-pity which social comparisons sometimes cause. And anyway, these distinctions are bound to be felt, even though your college authorities bar certain luxuries as undemocratic—as perhaps they are.

The philosophy that will carry you through is this: "My day will come—and the more work I crowd into these four years, the quicker I'll make good."

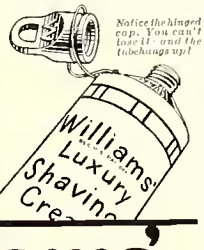
Now Biggs Gets to Class On Time!

AN exciting tale of adventure might be written about the hunting expeditions Biggs used to make after the elusive cap of his old tube of shaving cream. For months Biggs was late to class because he spent valuable minutes scouring the corners of the bathroom for a cap that persisted in getting lost.

But those troubles are over. For Biggs has started using Williams' Shaving Cream, which comes in a tube with a hinged cap that can't get lost. You see pictured here this cap which saves his time and patience and which will do the same for you.

The convenience of the Hinged Cap would alone be ample reason for your using Williams'. But when you consider that in addition Williams' is good for your skin, and is the most remarkable beard softener known, then it does seem that you would be missing a good deal in getting along without it. Buy a tube and see if it isn't vastly better.



Williams' Shaving Cream

THE J. B. WILLIAMS CO. GLASTONBURY, CONN.

Scraps from the Training Table

Among the new men that are showing up well on the diamond is Bryden, clever little infielder from Trinidad. "Pink" has had some good experience in high school and is using it all to good advantage out on Washburn. He manages to cover a world of territory either at second or short and steps into the ball with a vengance at the plate.

* * *

Weiner is another little man who might step into a Tiger uniform this year. He is fast and a good fielder of hot drives. At the plate he gives a good swing and usually connects with the ball. His position is in the infield and he is almost certain to acquire a berth on the team.

* * *

McAlister and Graham are two former high school men who are out for the pitching staff. As yet Coach Lavik has not allowed any of his staff to show their stuff. Control has been emphasized more than anything else. With this holding the pitchers back, it cannot be said at this time just who are the best pitchers; but it is pretty certain that these two men will bolster up the pitching staff, which has heretofore been the main trouble with Tiger teams.

* * *

Next Friday the wrestling-boxing squad are going to defend the black and gold at Boulder. Every one of the team can be counted on for a real fight. Although the Tigers have a small entry, they are good for a majority of their bouts as we see it. With the advantage of two weeks training, the men should be in the best of condition and ready for all opposition.

* * *

Babe Ruth says that his eyes are too weak to read—yes, anything but the stories about himself, which by the way would be enough to weaken any man's vision.

* * *

Now with the warming up of the weather and the nearness of the baseball season, the war cry will change from "hook somebody" to "hook that pill."

* * *

Several new men have come out for track this week in response to the call from Captain Patterson. Among these are several promising men from high schools. As soon as the wrestling-boxing season is over, Bemis, Briggs, and Willis will endeavor to establish their fame as cinder path artists. These men will help out the track team considerably, as all are consistent performers of other teams.

Line Plunges

"Then hit the line Colorado"

In good looks I am not a star,
There are others more lovely by far.
But my face—I don't mind it,
Because I'm behind it—
It's the people in front that I jar.

* * *

Said a lady named Cynthia Lisle
Who was wrecked on a tropical isle:
"As there's hardly a doubt
That my clothes will wear out—
It's lucky I have a warm smile."

* * *

What It Takes to Get A Girl

1. Money.
2. A car.
3. Jack.
4. Experience.
5. More Jack.
6. Stacomb Hair.
7. The Berries.
8. Bell-Trou.

College Gossip

The Fortnightly Sketch Club met Thursday. Committees for the dance were appointed and Elizabeth Mortimer was accepted into the club. Arrangements were made for the picture and write up for the Nugget.

* * *

Edith Miller was called to her home in Canon City Monday by the death of her grandfather.

* * *

Dorothy Nyhus will speak on "Devotion to something bigger than ourselves" at the Y. W. meeting Wednesday evening at 7 o'clock in Bemis Commons. This meeting was postponed from March 14, due to the illness of Dorothy.

A special music program is being prepared.

* * *

The ladies of the faculty were entertained very charmingly on Friday last at the home of Mrs. Bertram H. Mautner. The assisting hostesses were Mrs. A. P. R. Drucker, Mrs. Jacob Swart, and Mrs. W. Lewis Abbott. Mrs. E. J. Jaqua played several piano selections, and Miss Jessie Hutsinpillar gave a humorous reading. Tea was served.

* * *

Contemporary Meeting

At the meeting of Contemporary the following program was given:

Classisism in Art—Gertrude Klein.
Ingras and David—Ruth Little.
Stunt—Pledges.

Refreshments and a social hour followed.

* * *

Line 'Em Up Boys!

March 29th will mark the exodus of most of the out of town students. However, several girls are planning to stay in Bemis. Miss Landers is to act as chaperone, and those staying include Katherine Varney, Helen Wells, Mary Arms, Betty Arms, Mary Cox, Lyda Tripler, Nina Whisler, Irene Beardsley, Anne Wrye, Ione Squire, Margaret Ellis, and Miss Edith Bramhall.

* * *

Dorothy Jean Barker entertained a number of guests over the week end. They included Lydia Mae Everett, Mrs. Barker and Katherine Barker of Denver.

* * *

Miss Osborne entertained at Sunday night supper. Her guests were Harriette Mason, Edna Van Horn, Anne Herzog and Gertrude Klein.

* * *

Miss Edith Sanderson, traveling secretary for the Student Volunteer Movement spent the week end at Colorado College. She spoke to a group of girls in Ticknor Study on Sunday afternoon, and held several private conferences.

* * *

Miss Janet Raney was a dinner guest of Marjorie De La Vergne on Sunday.

Miss Dorothy Graves was a dinner guest of Helen Finlay on Sunday.

* * *

Miss Anne Herzog was called to her home in Fort Morgan very suddenly on Monday on account of the serious illness of her mother.

* * *

Marie Coleman spent the week end at her home in Denver.

* * *

Edith Miller was called home to Canon City on Monday by the death of one of her family.

* * *

The Misses Helen and Anna Daura Sandstrom spent the week end with Gertrude Klein.

Mrs. Daniel Thatcher and Miss Leta Gale were the performing artists at the Sunday Musicale in Bemis. Mrs. Thatcher played a program including numbers by Brahms, Friml and Mendelssohn. She played very beautifully, and responded generously with several encores.

* * *

Brubaker Speaks in Chapel

Dr. Brubacker, United Brethren minister, gave a brief talk in chapel Monday morning. He told the students to keep themselves physically fit while they were learning, to learn to think for themselves and to keep socially clean.

He urged the students to keep the thought that God is the giver of all things, while they were studying in college, and to try to live up to the teachings of Jesus.

KU KLUX KOLLUM

Have you heard—about a certain Appollo being deceevoted to K. Sias?

* * *

Phibee—I hear that Bill and Eunice are improving this nice spring weather by taking several turns around the track evenings.

Key—Is that so? Who usually comes in ahead.

Phibee—It's hard to tell. They usually keep pretty close.

* * *

Shy—I hear that Miss Hutsinpillar had to be sent to the infirmary Monday—She got her feet so wet.

Enn—That so? What did the nurse prescribe?

Shy—Told her she ought to have worn pumps.

* * *

The "Keepers of the Sacred Keys" created a sensation at Bemis Thursday night.

* * *

Bill Senning was quite dignified in the dress suit he hates so.

* * *

And the Minervas were well represented.

* * *

Janet McHendrie was on time for a first hour class last week. That was the first time it had ever happened and Janet was surprised to learn that they ring two bells at about eight o'clock.

* * *

We wonder what Profs. Costillos and Cabello thought of the blue-eyed senoritas Saturday night.

* * *

Everyone enjoyed the Minerva tea even Spider.

* * *

Did you notice how Bob looked when Yolande sang her solo in Chapel?

* * *

We heard that some of the Frosh who take gym keep the fingers of the right hand crossed so they will get the commands right.

* * *

We think Clara should be requested to sing "The American Girls" in Chapel.

* * *

Stan Delaney has to escort Ruth down town. He thinks she isn't capable of taking care of herself — maybe.

* * *

'S funny how many people belong to the organizations around school when its time for a funtcion or to have a "pitcher took."

PAN PAN ATHLETIC CARNIVAL AND INVITATION TRACK MEET FOR HIGH SCHOOL GUESTS OF C. C.

Pan Pan and Athletic Carnival Set For April 13 and 14, Invitation Track Meet Some Time in May

Again the Pan-Pan has been postponed, but this time the change was made to make possible a bigger and better celebration in the form of a two day party to high school students on April 13 and 14. The new plan was announced in chapel yesterday morning by Ed O'Brien, manager of the Enthusiasm Committee. This means the postponement of the Pan-Pan and the All-College dance set for March 28.

As the plan was worked out by the Enthusiasm Committee in a session with Dean Jaqua, last Tuesday afternoon, the college will be visited by prospective students from high schools throughout the state over a two day period. The students will begin their visit, Friday, April 13, and that evening the Pan-Pan and the All-College Dance will be given with them as the special guests of the college.

On Saturday, the 14th, there will be an interclass track meet in the afternoon if there is no baseball game scheduled for that time. This track meet will be made up of sports to include both the visitors and men of the college.

Saturday evening, the annual Athletic Carnival will be held in Cossitt Gymnasium. This is one of the greatest events of the college year.

During their stay here the visitors will be taken care of by the college and the fraternities. The college has promised to feed the men at Cossitt and the girls at Bemis free of charge. The visiting girls will find rooms at the halls during their stay here, and the men will be accommodated in the fraternity houses and at Hagerman Hall.

Every student is urged to make it his duty to bring as many high school students back with him after the vacation as possible.

What in all probability will be the greatest track meet in high school circles for some time, will be the invitational meet to be given on Washburn Field sometime in May. This is the announcement made by Coach Mead Wednesday. The staging of this meet has met with the approval of the Athletic Board, and plans will be started immediately for the realization of the affair.

The meet will be one of the largest ever held in the state although it will be an invitational event. Plans have not yet matured and just how many of the high schools will be asked to participate is not yet known at this time.

The track meet will not in any way interfere with the other high school track meets throughout the state. The South Central high school track meet will probably be held at Pueblo Central high school. This will not conflict with the plans, under consideration of the Colorado College Athletic Board.

Prof. Tozzer Says Harvard is Poor Man's College

"Harvard, a Poor Man's College", was the subject of a talk given by Prof. Alfred W. Tozzer, Harvard Exchange Professor, in chapel Monday morning. He stated that nearly $200,000 was earned by the men who worked their way thru the university last year.

Nearly one-fourth of the students in Harvard work their way thru either wholly or partially, and they include not only the good students, but those who take part in important activities. Prof. Tozzer read over several reports of the work done by these students, showing the wide variety of labors performed for expense money. He said that students who worked their way thru the freshmen year found it comparatively easy to earn their expenses during the other three years.

It is highly advantageous to a student to work his way thru college, and Harvard realizes the fact by helping them in many ways. In closing, the speaker said he wanted to get the people to overcome the idea that Harvard is a rich man's college.

Alpha Kappa Psi to Put Out Booklet on Business Department

At a meeting yesterday Alpha Kappa Psi discussed several questions of import to the fraternity as well as to the student body as a whole. In the first place the date for the Alpha Kappa Psi formal is on the same date as the Senior play which is May 19. In all probability the men will go to the play for their formal.

Of more interest to the college as a whole is the fact that the business organization is going to put out a booklet advertising the business department. This booklet will contain information regarding this department that will appeal to the high school student. It is to be distributed among the various high schools in the state and neighboring states.

TOWN GIRLS TEA THIS AFTERNOON

Colorado Springs, Colo., March 13. —The Town Girls Organization is planning a tea for next Friday afternoon from 3:30 to 5:30 in Bemis Hall. This is for the benefit of the Lois Harlan Scholarship fund and a charge of fifty cents will be made.

This is to be one of the largest affairs of the year, and even the three girls' societies have been asked to give up their meetings in order to attend. Other special guests will be the Women's Educational Society and the Association of University Women.

The tea is under the direction of Roxana Jackson, Town Girl president, who is also managing the decoration. Other committee chairman are: Refreshments, Stena Dearborn; program, Margaret Osborn; patronesses, Margaret Smith; advertising, Christine Miller.

(Continued on page 4)

SOCIAL SURVEY OF CITY TO BE STARTED SOON BY C. C. SOCIOLOGY STUDENTS

Mautner Heads Committee

The organized community effort in social welfare known as the Pikes Peak Welfare Fund or Community Chest through Dr. Charles I. Madison, its Executive Secretary, has asked the Sociology students of Colorado College under the direction of Professor Abbott and Professor Mautner to cooperate in making a survey of Child Welfare in Colorado Springs. The survey will take approximately two months. It will include among others, such matters in regard to the Springs as infant mortality and its causes, the condition of the children of the community with respect to diseases and physical defects, malnutrition, the number of children above, below and of average weight for their height. With the purpose of determining what the community is doing at the present time to meet these problems the survey will also cover the work being done by existing agencies. Upon the basis of these data recommendations will be made as to what further steps are needed to carry out a Community Wide Child Welfare Program.

The present survey involving as it does the cooperation of students and the community is a step in a plan to bring the college work in Sociology into the closest possible contact with community activities along sociological lines. It is hoped in this way to afford students direct practice work in so-

(Continued on page 3)

JACK DERN ELECTED PRESIDENT A-B CLUB WEDNESDAY

The last regular meeting of the A and B Club was held in Cossitt Commons on Wednesday night. The program consisted of a talk given by Mr. C. R. Flannigan of this city who spoke on the subject of "The Selection of Bonds". This talk was given to show that the selection and grading of bonds is not only a very hard task to undertake, but also one that takes a great deal of time and study. He cited some notable incidents in this line of work. Perhaps the most interesting phase of his talk was that dealing with Hamilton's theory of the stock market and its effect on the general situation. He also stated that the author of this theory claims it to be more perfect than

(Continued on page 4)

Nolan, Albert, Linger and Shepherd Get Manager Jobs

At a meeting of the Athletic Board, Jack Nolan was elected manager of boxing and wrestling and William Albert, manager of baseball for this season. Albert Linger and Jack Shepherd are to manage basketball and football next year.

Basketball letters were voted to Captain Earl Harvey, Ed Patterson, Francis Ryan, Ed Ryan, Joe Bruce, and Gene Broyles.

Plans for the proposed high school track meet were discussed at this meeting but no definite plans were made.

BATTLE ROYAL EXPECTED ALTHO DOPE FAVORS D.U.

Wolfe, Willis and McMillan on Injured and Sick List. Support of Entire Student Body Needed

Smarting under the sting of an ignoble defeat at the hands of Boulder last week, the Tiger wrestling-boxing squad, in an effort to stage a comeback, will battle the Ministers from Denver University tomorrow night. The first bout will be held at 7:45 at Cossitt gym.

In many respects this will be one of the hardest fought tanglements of the year. Both squads have been defeated by the Boulder team and each will make the supreme effort to ward off another beating tomorrow.

There is still indecision on the part of those in charge to whom to select to defend the Black and the Gold. This is due mostly to some more ill luck, which has been hanging around the Tiger camp since the beginning of the basketball season. Willis, in his bout in Boulder, broke two ribs and he has not sufficiently recovered to warrant his wrestling tomorrow. Wednesday night, McMillan sprained an ankle and it has promised to give him considerable trouble. The rest of the men are in fair condition and promise to give the Ministers a real fight.

The heavyweight and light heavyweight boxers have not yet been chosen. Moody will probably wrestle in the light heavyweight class. Robinson may take McMillan's place in case he latter finds it impossible to wrestle in the 159 pound class.

The following men will probably see action against the Parsons:

Boxing—
Wilhur—115.
Wolfe—125.
Cooke—135.
Dixon—145.

Wrestling—
Leisy—115.
Briggs—125.
Bemis—135.
Tucker or Robinson—145.
Robinson or McMillan—158.
Light heavy weight—Moody.

KENNETH LINDSAY OXFORD STUDENT SPEAKS IN COSSITT

A considerable group of Colorado College men were benefited by an address given by Mr. Kenneth Lindsay of Oxford University in Cossitt Commons on Thursday. Mr. Lindsay was the guest of the Student Commission, the Y. M. C. A., and Alpha Kappa Psi. He was most interesting because of his very clear analysis of the political situation which is in existence in England today. He explained his mission in this country and then gave a brief discussion of the political history and problems of his own country in a very effectual and interesting manner.

Lindsay came to the United States with a debating team from Oxford University which debated the teams from Yale and Harvard and other eastern universities. He intended to stay a "fo'tnight" as he so typically put it but decided to remain here and study the American situation. He was prevailed upon by Ben Cherrington to visit him in Denver and so has made a five months visit in travel and intends to spend the next year or two here.

He has been president of the Oxford Union, which is the largest literary and

(Continued on page 4)

College Education Worth $5 An Hour Says Dr. Douglas

Five dollars an hour is the value of a student's time spent in college, is the estimate established by expers from the average earnings of a college graduate compared to that of a high school graduate. This was the data quoted by Prof. W. F. Douglas in a talk at chapel Tuesday morning.

Participation in college activities is not all together important in developing a college student, because practically these same activities can be entered into in the student's home town, but college studying can only be done in a college. Excess activities call for retrenchment. Statistics show in Harvard University that a much larger percent of those who graduate with honors in the liberal arts department, make honor grades in the professional colleges, than those who do not graduate with honors from the liberal arts college.

(Continued on page 4)

Mierow Re-appointed on College Entrance Examination Board

Professor Charles C. Mierow has accepted re-appointment as Reader in Latin for the College Entrance Examination Board in connection with the examinations to be held in June, 1923. The Board serves as a clearing-house for the entrance examinations of all the colleges and universities of the east, and the Readers, who are chosen to represent various colleges and preparatory schools of the country, spend a week or ten days at Barnard College, Columbia University, New York, in grading the thousands of papers submitted by candidates for college entrance.

FACULTY DINNER IN HONOR OF PROF. TOZZER

The faculty is giving a dinner at Cossitt at 7 o'clock Tuesday evening, March 20, in honor of Prof. A. M. Tozzer, the Harvard Exchange professor.

After the dinner Professor Tozzer will give an address on "Field Work Among the Savages". There will be a musical program in charge of Professor Fling.

All faculty men and their wives and the women of the faculty are invited.

COMMENTS

by Arthur Disbrane

Endurance Contests in Dancing

One of the rages that has seized the populace of London is that of holding endurance contests for those "jazz hounds" that frequent the public dance halls. There are many fields in which aspirants may seek fame but of all these records the one for being the world's champion dancer seems to be the most absurd, simple and ridiculus. It is very probable that the couple that can last the longest on a ball-room floor would be the first to give up in a grim contest where real stamina is required. The world would be better off if we would have some work contests to see who could do the most in a given period of time.

Other Contests

During the war the men in the shipyards vied with one another to see who could accomplish the most in a given period of time. At first these contests were only a day in duration but as it was found that a man would work hard one day and loaf the next it was decided to put the contests on a weekly and even a monthly basis. The riveters of the various nations had the hottest contests and the highest honors went to a worker in a Belfast shipyard. The man drove nine thousand rivets per day for a week. Such contests develop skill, speed, and efficiency.

German Hostages Being Used

The recent acts of sabotage by the Germans has made it necessary for the French and Belgians to take hostages and use them to protect the safetly of the French civil and military engineers. That is the only way to show the Germans that France means business. Soft words and a lenient policy will never put any nation to the front in-any line. No great pacifist ever had a monument erected to his memory by the nation to which he owed his allegiance.

Beware of Pro-German Propaganda

Every so-called liberal and any one that is inclined to be pro-German is attempting to point out the fallacy of the French operations. The reason is political and is supposed to make the public think that the French are trying to get out of paying their debt to us. She is doing nothing of the kind. She must have the reparations to be able to pay us what she owes. There is more prosperity, work and industry in France at the present than in any other European country. There is no bad housing problem to face, no unemployment to stare the worker in the face, and lastly she has a government of men who know the fallacy of following a shiftless policy.

Senators Going to Europe to Study Condition

The papers are full of accounts of the senators and representatives going to Europe to study conditions. Not a bad idea but the benefit that the general public will get out of such visits will be nil. Most of those men are going over there with biased minds and cannot possibly look the situation in the face with an open mind. Many are hostile to France or England and the chances are that they are going looking for faults to back up their contentions. Most of them could really learn a lot that would benefit the body politic if they would go to a good American college and take some courses in economics laying particular stress on money and banking problems.

Scraps from the Training Table

The wrestling and boxing teams are all set for the big bout with Denver University, next Saturday night. Everyone should get behind these men, for part of the victory is in having a good crowd out to witness the exhibitions. Perhaps C. C. would have gone better at Boulder if we had had a few supporters up there.

* * *

Men Should Go Better

Our team should show up better this coming Saturday, for they have had the experience of one conference meet. This will help most of the men out considerably.

* * *

Wolfe May Not Be Able to Fight

Larry Wolfe may not be able to fight Saturday, he has had an attack of chronic appendicitis. While this was not a bad attack it has weakened him considerably. The bout as arranged between Wolfe and Stein of D. U., will be a conference championship bout. Wolfe defeated Lennon, of C. U. last Friday, by decision. Lennon had previously defeated the Wyoming, and Aggie contenders in the 125 pound class. Stein, D. U., has defeated Kinney, Mines. If Larry will be able to fight, this should be a hard battle.

* * *

Baseball

Due to the inclemency of the weather, baseball has been going slow, however the men have been out, and getting the winter kinks out of their arms. Let's hope the weather gets better so they can practice on the field, as our first game is with Mines, at Golden April 18.

* * *

Track

Track is not going slow due to the snappy weather and the lack of material. There are a number of first year men out, but there is still plenty of room for others, not alone freshmen, but any man who has the time,—and ambition.

BUG STUDES STAKE SENNING TO STEAK AND STROLL

The biology students held a party Tuesday evening from 5:30 to 7:30 in honor of Bill Senning, who recently brought honor to the department by be-in gelected to Phi Beta Kappa. The party strolled through Monument Park and back to the kitchen of the Biology Laboratory, where rare steaks were served. A short program followed in which all participated.

* * *

The attic of Palmer has recently undergone a thorough cleaning and that part of the building seems to be taking on new life. The attic room, it is reported, has not been in use since it was abandoned as a classroom for some of the engineering students a few years ago.

This is a Studebaker Year.

CLASSICAL CLUB INVITES LATIN B STUDENTS TO CELEBRATE CAESAR'S DEATH

A special meeting to celebrate the anniversary of Caesar's death will be held by the Classical Club next Monday night at seven-fifteen in Ticknor Study. The members of the Caesar class of the college are to be the special guests of the club at that time. Miss Sarah Mintz is in charge of the program and has arranged an elaborate entertainment.

The program will be: Poem, "After Construing", read by Marjorie Barron; Piano Solo by Muriel MacGregor; paper on "Life of Caesar" by Eloise van Diest; Latin play, "The Conspiracy of Orgetorix" dramatized from the first book of Caesar. The cast for this play will be: Orgetorix, John Duniway; three Helvetians, Dorothy Roedel, Cecil Bradford, and Dorothy Carnine; Casticus, Margaret Ellis; Dumnerix, Dorothy Smith; Daughter of Orgetorix, Joanne Heckenlively; Magistrate, Anna Jane Hitchcock; An informer, Luella Pyle.

The meeting will be closed by singing Latin songs.

CRIME WAVE INUNDATES C. C.

The Town Girls or the Young Ladies Watertoast Amalgamation, or some other highly moral congregation held a St. Patrick's day spread in the Y. W. room at Palmer yesterday afternoon. The ladies however made a gross error in judgment. The ice cream appeared at the front door of Palmer at 12:25, just about, the ice cream disappeared at 12:36.5, just about. Somebody stole, no that's too strong a word, removed the whole freezerfull including the shamrocks. Anybody but a flock of morons would have known that the only thing that would be safe on the front of Palmer at that hour would be the front porch. The lists of suspects includes practically all the men in school and Thelma Bradley. Mrs. Exsex when interviewed yesterday said, "Anybody who would do that would cheat on an examination." Miss Lavetta Tevebaugh, the prosecuting attorney for the association said last night, "Ws shall investigate this matter most minutely and the malefactors will be prosecuted to the fullest extent of the law."

* * *

CLASSICAL CLUB TAKES LIME LIGHT

Next Monday night the Classical Club will celebrate the Anniversary of Caesar's death. Now listen Charles Christopher Mierow, don't you think that's just a bit too long to harbor a grudge? Now personally we're glad he's dead and wish the end might have come sooner and all that sort of thing but we wouldn't think of staging a special celebration for it.

* * *

GIRLS' GLEE CLUB GETS FUNNY

The Glee Club will stage "The Lost Necklace" for the delectation of the Masses some time soon. One of the features of the show will be the sprightly dancing of the blue eyed grape gatherers, we'd recommend the introduction of a few red-eyed cherry chasers, and perhaps a couple of blue-nosed prohibitionists just to tone the piece down a bit.

* * *

TO THE LASS WITH TWO KEYS

You may be a Phi Bet;
You may be a peach;
You may put it off late,
But you'll never teach.

You may be a scholar,
That's as it may be,
But it is not for Ben's heart
That you need a key.

* * *

HIS BETA PIN

Why did Paul this fall
Come back to old C. C.?
Could it be the call
Of that M. A. degree?
(Two years later)
Yes, she wears the diamond,
On this happy day,
But the gay god Hymen
Gave Paul that M. A.

* * *

A DERNGOOD FUTURE

J. J. has a date,
J. J.'s girl is late
Oh, how he does hate
To have her be so late.

BUT
When he sees her smile
A coming down the aisle,
All is soon forgot
For the bride he got.

One year later—
J. J. wants his breakfast
But his lovely Kate,
Is this day as always
Just a little late.

Fifty years later—
J. J. sails to Heaven,
With his tardy mate.
Finds the gates of Heaven,
Closed to him and Kate.

SOCIAL SERVICE
(Continued from page one)

ciology and at the same time to make this work useful in serving the needs of the community.

Organization Meeting Yesterday Afternoon

At a meeting held yesterday afternoon at St. Stephens Parish house the program for the social survey was outlined by Dr. C. I. Madison and Professor Mautner. The survey will be an accurate listing of the social assets and liabilities of El Paso County, a complete understanding of existing conditions is necessary before any corrective steps may be taken.

The idea of the social survey is comparatively new, one of the first of such projects was at Springfield, Ill., in 1914, so that Colorado Springs will be one of the pioneers in this work. The work of these men should bring to Colorado Springs a knowledge of how this community compares with others in regard to social welfare.

This work will be correlated with that of the Community Chest committee, under this head are four standing committees. Under the heading of health there will be a detailed analysis of birth and death rates and causes of death, such as communicable diseases. A tabulation of the various means of recreation available will also be made under this head. Family Welfare will be the subject of an investigation by another group, who will determine the cause of dependency, the needs of soldier families, the needs of transients and of aged people. The survey of Child Welfare is more elaborately outlined than the work of the other departments since it is already in operation. Prof. Mautner has been chosen to head this committee and sociology students of the College will serve under him. The outline for the work of the Child Welfare committee follows:

Child Welfare

I. List various agencies engaged in Child Welfare work, and what each is doing.
II. Infant Mortality—City and County separate.
  A. Deaths under 1 year.
  B. Deaths under 1 year from preventable causes.
  C. Comparison of birth and death statistics.
  D. Birth Registration.
III. Clinics for Children.
  A. Make list of
  B. Make analysis of records.
IV. Diseases of Children.
  A. Preventable.
  B. Contagious.
    T. B.
V. Deaths of children from preventable diseases.
  A. Under 1 year.
  B. 1 to 5 years.
  C. 6 to 16 years.
VI. Physical defects by age groups.
  A. Number of defects per child.
  B. Number and character of defects.
    1. Under 1 year.
    2. 1 to 5 years.
    3. 6 to 16 years.
VII. Mal-nutrition situation.
  A. Analysis of weight and height records.
VIII. Health, Education, and Information (An account of what is being done in the city and throughout the county in dessemination health information).
  A. Education regarding
    1. Prenatal care.
    2. Infant care.
    3. Care of pre-school child.
  B. Health education in schools.
    1. Lectures.
    2. Health clubs.
    3. Modern Health Crusade.
    4. School instruction, etc.
  C. Education regarding Mal-nutrition.
  D. Education regarding Tuberculosis.
  E. General Health Education.
IX. Conclusions as to needs in a community Welfare Program—
  Child Labor.
  Child delinquency.

C.C.'s Who's Who

W. LEWIS ABBOTT

W. Lewis Abbott was born in Philadelphia, Penn., June 28, 1889. He attended Friends Central, a prep school in Philadelphia, graduating from that school in 1907. After his graduation he continued his education at the University of Pennsylvania at which institution he remained ten years. He took his first degree, an A. B. from this school in 1911. From 1911 to 1917 Prof. Abbott was assistant instructor in Economics and Sociology, but found time to make both an L. B. and B. A. in 1913. This same institution granted him his Ph. D. in 1920.

In 1917 Prof. Abbott went to Hamline University, St. Paul, Minn., as Professor of Economics and Sociology. Prof. still shivers when he thinks of the winters spent at Hamline and he hasn't the heart to even think of an Eskimo pie. Leaving Hamline in 1920 he came to Colorado College as Professor of Business Administration.

Prof. followed debating thruout his high school and college career and is at present one of the coaches of our debating team.

Prof. Abbott is not all of the family, he has a wife and two fine youngsters. They are Quakers and proud of it.

Prof's hobby is hiking and it is said that he can shin up the Peak with the best of them. He has the knack of making hard subjects very interesting. He is a popular instructor and every student in his classes will vouch for his ability.

LECTURES ON ARCHAEOLOGY AND ART SCHEDULED FOR LAST OF MONTH

The Colorado Springs branch of the American Institute of Archaeology is cooperating with the college in presenting a series of illustrated lectures.

The first two will be given by Professor Tozzer. The first, on March 21, will be on "Yucatan---Its Peoples and Monuments." On March 26 Professor Tozzer's subject will be "Picture Writing and the Development of the Alphabet".

Both of these lectures will be illustrated. They will be given in the Pit in Palmer Hall at 8 o'clock. The public is invited.

Mr. Frank Gardner Hale, a craftsman jeweler of Boston, also Dean of the Boston Society of Arts and Crafts, will be here on March 22 to give a lecture on enamels. The subject will deal with the history of enamel painting and its different processes. This is the third of a series of Sahm Memorial lectures.

It will be given at 8 o'clock, but the place is not yet decided. There will be no charge for admission.

ATHENIAN SOCIETY DEBATES DARDANELLES QUESTION

Anthenian Society met at the usual hour Friday afternoon, in Montgomery parlor. Clara Burghart, the president, was in charge of the meeting. The program consisted of a debate on the question "Resolved: That England should have control of the Dardanelles." Thelma Burchfield and Mabel Sadler upheld the affirmative side of the question; Edna Theobald and Lavetta Tevebaugh, the negative. Anna Jane Hitchcock had given an interesting resume of the subject at the meeting two weeks ago, and the debate brought out important points of the Dardannelles situation in an interesting manner. Sara Mintz, Lois Rose and Lorene Reynolds acted as judges, the decision was in favor of the affirmative. Mrs. Essex criticised the debate. Helen Morton and Della Scott, alumnae, were guests.

Yale and Harvard Meet Oxford and Cambridge in Track

In response to an invitation from Oxford and Cambridge, Yale and Harvard are planning to send their track teams to England in July for an international meet. The two American universities favor biennial international meets in the two countries, that of 1923 being in America.

* * *

Plans are being made for the first University of Texas field expedition in anthropology to be conducted next summer by Prof. G. C. M. Engerrand, licentiate in botany and geology, and adjunct professor of anthropology at the University.

LINDSAY

(Continued from page one)

debating club there. The incomparable Gladstone was the first president of this club. Besides being much interested in political and historical education, Lindsay has been a member of Oxford's football team and active in such conservatice student organizations as Oxford offers.

Mr. Lindsay was the guest of Mrs. Duniway at dinner on Thursday to which dinner Mr. Drucker of the Business department and R. S. McIlvaine of the Student Commission were invited.

Lindsay's work is in addressing the community organizations with regard to "Labor Education", and its possibilities in solving some of the problems of the nations today. He is very heartily in favor of the League of Nations, as are all English people, and very carefully outlined his reasons in his short address.

CLASSICAL WEEKLY CARRIES ARTICLE BY C. C. MIEROW

The Classical Weekly (New York) for March 12, 1923, contains an article entitled "Some Remarks on the Literary Technique of the Gothic Historian Jordanes", by Charles Christopher Mierow of Colorado College. Dr. Mierow is the author of the only English translation of "The Gothic History" of Jordanes, a sixth century historical source of great intrinsic interest and importance.

Let the Women Do the Work

While most junior men at Ohio State worry about finding dress suits for social functions, one member uses uncanny stratedgy to secure his.

"Why worry about a suit" he asks. "Let the girls find them. I told five different girls that the first one who brought me a suit could go to the prom with me. The stunt worked last year, so I'm trying it again this time."

* * *

Monmouth Restores Greek Letter Societies

After a period of 49 years, authorities at Monmouth College, Monmouth, Ill., have removed the barrier and Greek letter societies are being re-established on the campus. Four local sororities are already occupying houses. Monmouth is the birthplace of two great national sororities. Pi Beta Phi and Kappa Kappa Gamma. In 1874, however, all Greek letter organizations were banished from the college.

* * *

Aubrey Devine, all-American quarterback and former captain of Iowa's 1921 western champion team, is being talked of by Badger fans as a likely possibility for the position of head football coach at the University.

A. B. CLUB ELECTIONS

(Continued from page one)

any of the other services. He goes so far as to say that had his theory been really understood that the outbreak of of the Great War could have been prophesied.

The second half of the meeting was given over to a business meeting that was called to elect the officers for the coming year. The nominating committee made it's report which was accepted without a dissenting vote being cast. The officers for the coming year will be : Jack Dern, president; Mary Hicks, vice president; Albert Linger, treasurer; and Dorothy Jean Barker, secretary. A program committee was also appointed. This committee consists of C. P. Govreau and R. D. Wardwell. Some meetings will be held in the future to which the school will be invited. All who are eligible will do well to come and participate in the discussions and meetings.

TOWN GIRLS TEA

(Continued from page one)

All the girls in college are urged to attend and make this a success so that future generations may profit from the scholarship.

DOUGLAS IN CHAPEL

(Continued from page one)

Statistics also show that success in studies means success in business, for the most part. An investigation of "Who's Who in America" bears out this assertion.

There is a place to dance when you get there but the big log fire at Bruin Inn will surely please you if dancing interferes with your idea of a hike.

BOXING-WRESTLING HONORS DIVIDED IN TIGER-D. U. MEET SAT.

Briggs, McMillan, Moody, Bemis and Wolfe to Go to Conference Meet

By Beuford Hahs

In the second ring meet this year, with D. U., Colorado College showed up better than in her first meet with Boulder. The wrestling honors were won by the Tigers, score of 13½ to 12½. D. U. took the boxing, 15 to 5. Only one man won his bout in boxing, and that was Wolfe, 125.

There was a good crowd, despite the fact that the weather was extremely unpleasant, all the ringside seats were occupied. The first bout was between Atlavick of D. U., and Leisy, C. C., 115 pounds. In the first few seconds of the match Atlavick secured a head lock on Leisy, who took terrible punishment but succeeded in getting on his feet again. Atlavick then got a half nelson and bar hold which pinned Leisy to the mat in 5 minutes and 36 seconds. Briggs was awarded the decision over Hampton by having the advantage for 3 minutes 41 seconds. The best bout of the evening, by far, was Captain Bemis, and Holland, a runner up in the D. A. C. They were well matched, and after 12 minutes of defensive work, they went to the mat for two rounds of 3 minutes each, in which Captain Bemis secured a hold and had his man thrown, but the referee called Bemis, who let go his scissor, and toe hold. He got the decision by the judges. Captain Dillon threw Robinson in one minute 59 seconds, this bout was fast throughout. McMillan, and Traubert wrestled to a draw, and MacMillan won the toss, this entitles him to go to the conference meet, the points were divided. Moody threw Greenblood in 5 minutes 30 seconds in a fast bout, Greenblood appeared surprised that he could be thrown.

C. C. had no entry in the 115 pound boxing class and forfeited. In the 125

(Continued on page 4)

Frances Wins Bout With Carl and Art But Loses to Russ

Once more the Boxer's organization came into the limelight when it entertained its masculine friends at a fourteen-round bout in Cossitt Commons last Friday night. The decorations, in honor of Saint Patrick's triumphant bout with the snakes, were green, and Patrick himself was chosen as the patron saint of the club.

Coach and Mrs. Mead and Miss Davis, as competent trainers in this line of work, were the chaperons. As befitting this special branch of athletics, no stimulants were allowed, tho punch was served between rounds. Frances Tucker as chief heavy-weight was able to score knock outs on Arthur Sharp and Carl Brumfield, but was gotten down by Russell Hunter. Ann Herzog, Lucy Fast and Lyle Blaine also distinguished themselves in their fistie encounters.

Besides the regular members and chaperones the following were present: Messrs, Standley, Chick, Swan, Whited, Hunter, McMillan, Tallman, Sharp, Brumfield, Cornell and McIlvaine.

GIRLS GLEE CLUB CONCERT TO BE GIVEN SATURDAY

By Frances

As has been announced in Chapel, the Girls' Glee Club is to have a concert on Saturday at 8:30 P. M. Everyone goes tc the Men's Glee Club concert to hear a little singing, and a little orchestra music, and to see some dancing, some handsome (?) faces, and some white shirt fronts. Then why isn't the support better for the Girls' concert? If you come to this, you'll hear some really good chorus work as well as fine solos by such people as Clara Vorreiter, Dorothy Jean Barker, and Yolande Ingle, all beautifully coached and trained by the Director, Mrs. John Speed Tucker.

The ten piece orchestra has been specially organized and trained for this occasion by Mrs. J. H. C. Smith whose work is well known. The dancing, which far surpasses in grace the clogging done by the men, is under the direction of Katherine Sias who has made a specialty of this branch of physical education. The dress suits are a drawing card, beautiful filmy dresses are much more attractive, and with pretty faces above them, they alone should draw a good crowd.

The tickets for the affair are only fifty cents, one dollar per couple and all fussers and non-fussers are invited to attend. There will be appropriate places for everyone, and you will be surprised to find how attractive Old Perkins ean be when invaded by properties, perfumes and people of old Spain, the romantic land of wines and gypsies.

Athenian to Debate Marriage and Divorce Law Question

The Athenian Debating Society held its regular meeting in Montgomery parlor Friday afternoon. Sarah Mintz gave an interesting account of current events and Clara Burghart presented a resume of the question to be debated at the next meeting: Resolved: That the United States should adopt uniform marriage and divorce laws.

After the meeting a social hour was enjoyed, and it has been rumored about that the girls built a fire in the fire place, and toasted marshmallows, an' everything. This bit of fun did not interfere with the Y. W. C. A. Tea, however, as the Athenians left the meeting soon after four o'clock, in order that those so desiring might attend the Tea.

BETAS ENTERTAIN PROF. TOZZER AT DINNER

Dr. Tozzer, Harvard Exchange Professor, now at Colorado College was the guest of honor at a dinner given by the Gamma Delta Chapter of Beta Theta Pi at their home last Sunday evening.

Dr. Tozzer spoke informally to those present and described his initiation and adoption into the Navajo tribe. Dr. Tozzer was able by becoming a member of the tribe to enter their most secret conclaves and acquire a fund of anthropological lore of great benefit to science.

Among the other guests were several members of the History and Economics Departments: Professors Hulbert, Wilson, Abbott, Drucker, Swartz and Dean Jaqua.

DEAN JAQUA TO LEAVE C. C.

BLIZZARD INTERRUPTS HARE AND HOUND CHASE SATURDAY MORNING

Both Sides Claim Victory

The Girls' Riding Club held a hare and hounds chase last Saturday. The hounds chased the hares out of town, and then the storm came up and the hares chased the hounds back in.

Five of the girls, led by Kathleen McKee, started north on Wood Avenue at 9:30, leaving a trail of paper. Fifteen minutes later Evelyn Stannard followed with seven other girls. Rumor had it that the hares were heading for Bruin Inn; so when the trail split to the left and right, the hounds gaily cantered down the left branch. This, alas, proved to be a blind alley; so back they went to the eastern branch, which led them through valleys and by streets to the northeast part of town. There the trail was again lost, but was finally discovered passing through a small gate and crossing the railroad tracks. Good time was made on a clear track up Templeton Gap Road. The trail was getting hot—but the weather was getting cold. All at once the storm hit them, and the hounds started for home. Meanwhile the hares tired of waiting, left their hidden place in the Bluffs, and also started for home, meeting the storm on the way. Unfortunately the back track led past a long stretch of sand pits. The combination of snow, sand and wind was both uncomfortable and confusing. From one side the horses appeared cream-colored or sorrel; on the windy side it was several shades darker and of a rough, sand-paper appearance. The return to the halls was the signal for a number of impromptu lectures on "The Value of Soap," but as Katherine Sias remarked, "at least no' one can say we haven't plenty of sand."

The chase was a success from all viewpoints. The hounds claim that only the storm saved the hares from capture, and the hares claim that only the storm saved the hounds from total failure.

(Continued on page 4)

LAVIK RETURNS FROM WYOMING TOURNAMENT

Coach Lavik has returned from Laramie, Wyoming, where he refereed some of the basketball games held in the high school tournament. The high school tournament week held by the University of Wyoming also included academic contests in declamation, extemporaneous speaking, debating, short stories, vocal solos, piano solos, violin solos, shorthand and typewriting. 288 basketball players and 192 academic contestants representing 39 different schools participated. The girls stayed in the dormitories and the boys in the fraternity houses.

"STAGG" MacKENZIE IN TOWN

Ian MacKenzie, coach of athletics at the Littleton, Colorado, high school, is viiting friends around the campus this week. MacKenzie graduated from C. C. last year. His teams have won the championship in their league in football and second place at the state tournament in basketball.

THETA ALPHA PHI TO PRESENT PLAY "ENTER MADAME"

The cast for the Theta Alpha Phi play, "Enter Madame" has finally been chosen by Mr. Sargent. The date has not been definitely decided, but will probably be about April 18. With vacation coming in between, it means that the cast will have to work very hard to prepare this wonderful production. The leading characters are: Frances Tucker as Madame Lisa, Della Robbia, and Elwood Amos as Gerald Fitzgerald, and the supporting cast is:

Mrs. Flora Preston — Mary Clegg Owen.
Tammots—Ray Green.
John Fitzgerald—Bradley P. Kidder.
Aline—Gertrude Sherk.
Bice—Gertrude Klein.
Doctor—Harry Taylor.
Archimede—Russell Hunter.
Miss Smith—Dorothy Nyhus.

"Be At the Head of Your Profession 25 Years From Now" —Prof. Hulbert

'Be the head of your profession twenty-five years from now, but take advantage of your chance now to get a broad education, and make yourself a bigger man intellectually',, was the advise Prof. A. B. Hulbert, head of the history department, to the students, in a chapel talk Monday morning.

He told the students that specialization had its place, but the bigness of heart and a fine all around view of life could only be obtained in a liberal arts college. hTe professional schools do not give this chance, so that a student should take into consideration broadening studies, especially natural and physical sciences.

Prof. Hulbert said that it is not so much time a person takes in getting an education, but the important matter is what he is getting. He urged the students to study benefical studies outside their own particular majors and minors, so that people would know them as something besides a specialist.

WILL HEAD FACULTY OF POMONA COLLEGE GOOD RECORD HERE

News of Appointment to California Post Comes Thru College Press Service

(By Mail)

Claremont, Calif., March 16.—Dr. Ernest James Jaqua, dean of Colorado College, graduate at Grinnell College and Columbia University, and a prominent athlete and musician in eastern college circles, will succeed Dr. Edwin C. Norton as dean of the faculty of Pomona College next semester, according to an announcement made yesterday by the President's office. Although Dr. Norton resigned his position more than two years ago, it has not been until now that a suitable man has been located to fill his position.

Dr. Jaqua is an alumnus of Grinnell College, of the class of 1907, and was a roommate of Prof. Ralph D. Lyman of the local music faculty. During his undergraduate days he was a star halfback on the Grinnell eleven, a member of a championship relay team and tenor in the Grinnell College quartet and glee club, being elected, with all his outside activities, to the Phi Beta Kappa. Dr. Jaqua took graduate

Sigma Chis Give Smoker and Feed for Alumni and H. S. Students

A dinner and smoker was held Sunday night at the Sig house. The occasion was a "get-together" party for the Alumni and a number of high school students.

After the eats had been done justice to the banquet tables were removed and the room cleared for a few rounds of boxing. The bouts were held between such formidable leather sockers as "Shanty" Ryan and "Puh" (nose) McAllister, Mal"Efactor" Graham and "Cue-ball" Lester. The program was topped off by a bout between Al Burton, the cave man, and Axle Chapman, the running fighter. In nearly every case both fighters lost.

Immediately following was a clog dance by King and Todd, and a recitation of Service "Dan Magrew", by Lester. Then by the firelifiht fraternity songs and comic ditties were sung and the group made merry in general. The evening came to a climax when a game was started where one person was required to hend over a table with his face in a pillow, and then guess who hit him. Even Prof. Fuller got a few extra swats because he didn't choose the right one, however, he fully recompensed his injury when his beloved disciple Yates bent over the cushion. Prof. Okey refused to enter in the game for feat that he might forget himself when he got a chance at some of those who habitually slept in his classes.

At last the party broke up, and no one seemed to care whether Monday's lessons were prepared or not.

The guests were: Prof. Okey, Prof. Fuller, L. C. Lennox, Jack Nolan, Ed Spear, Archie Waldron, Field Phelps, Forest Phelps, Art LeBeau, Dick Leggett, Clark Metzler, MacPherson.

THE NEED FOR A COURSE IN JOURNALISM.

It is the favorite pastime of a number of instructors of English to pick The Tiger to pieces in class. It is "good pickins" too. With due apologies to Dean Jaqua for suggesting an alibi, it may be fittingly remarked that "the half has never yet been told." English profs have to correct papers for spelling, punctuation, sentence structure, and occasionally plot; but when one attemps to keep an eye out for journalistic style and accuracy in addition to all the rest, he has something on his hands. Add to this the time element. Copy comes in just in time to go to press. The linotype must be fed steadily or The Tiger comes out late, and that is an unpardonable sin. This makes it impossible for the copy reader to rewrite any considerable amount of material and most of it goes thru without any great correction. There is so much time taken up with so-called news stories that begin like this: "Girls! Are you interested in folk dancing? A very rare opportunity . . . . . etc.", that stories written in anything resembling good style look like an oasis in a desert. Add to the difficulty of reconstructing a story beginning like the above the fact that it is written in long hand, on note-paper, single spaced, with space neither between the lines nor on the margin to make corrections.

This is not the fault of Tiger correspondents. The trouble is that we have no way of learning better except by observing the style in the city dailies. Few college students read daily papers, as has been proven time and again. This makes a course in journalism almost imperative if we are to put out a creditable college newspaper. It is hard enough when the editor's own journalistic training is limited to the single year's course discontinued last fall, but when the editors of future Tigers come to bat—May providence protect them.

There are men in the English department faculty who are fully capable of teaching such an elementary course in journalism. It should not be necessary to hire a mao in practical newspaper work to take such a class as a spare time proposition. The value of such a course can hardly be questioned. There is no walk of life that is not affected by journalism and a general knowledge of the fundamentals of this great influence would prove valuable to the future doctor, lawyer, merchant, chief, and should not be entirely useless to the beggarman or thief.

COMMENTS

by Arthur Disbrane

Political Rumblings

President Harding has announced that he will be a candidate for renomination.

Senator Brookhart of Iowa is expelled from the Republican party.

Borah has not said that he would not be a candidate on a third party ticket in the next election.

Nothing New in These Statements

Practically every one of our presidents has been in the race to succeed himself in the presidential chair.

Both of the two major parties have expelled members from time to time. Both of the parties fear "block" government and hate the idea of having the parties of the nation grouped according to economic rather than political groups. The divers "blocs" are as much feared by the Democrats as by the Republicans. It is to be hoped that the Republicans will now follow up the good work by ousting Borah, Lafollette, and Johnson. None of these men are worthy of being classed with the Republicans or Democrats.

Parties Used to Camouflage

The rankest type of politician that Americans have to deal with are these so-called "liberals" who use the two party machines solely to elect them and then forget their promises to their parties. Progressive movements of the past have been defeated and there is little likelihood that this progressive movement will soon go on the rocks. The advocating of a "soft money" will be thesurest thing to insure it's collapse.

Henry Ford Does Not Follow Dearborn Independent

In a speech the other day Ford made the statement that 1923 would be the most prosperous in the history of the nation. If one would read his pet propaganda sheet "The Dearborn Independent" it would be hard to see just exactly where the policy of the paper and the statements of the owner had anything in common. It serves to show that Ford is just doing his best to stay in public favor and that he will stay on the band wagon no matter in what direction it happens to be going.

Free Trade and Protestion

The calamity howlers of the nation do not tell us that John Bull with his policy of "Free Trade" actually collects more duties on the same goods than we do under the Fordney-McCumber bill. Well, it's nice to show only one side of the question. Terms mean nothing; it is the comparison that tells the tale. Some nations that supposedly believe in a protective tariff actually have lower import duties than so-called "Free Traders".

Ruhr Quiet

The past week has seen but little change in the Ruhr valley. The French have not adopted any sterner methods and are contented with slowly wearing the enemy out. The Germans are defiant but are flocking in droves to the French soup kitchens. The German government puts up a bold front but must eventually realize that the French and Belgians will withdraw only after payments are made.

With the Societies

HYPATIA

The members of Hypatia enjoyed a lovely birthday dinner in Bemis Saturday night. The table was attractively decorated in green and white and a large birthday cake with nineteen candles also carried out the society's colors.

Just previous to the dinner the initiation of Roxana Jackson was held in the Hypatia club room.

The High Diving Contests Are Over

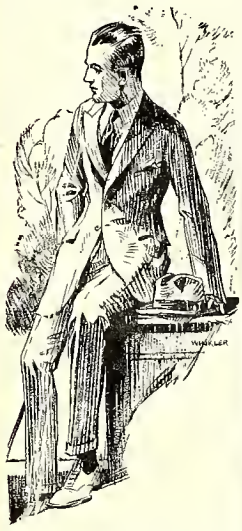
THE days of seeing how fast you can chase a shaving cream cap down the drain pipe are past. For here is a cap that can't get lost. It's hinged on. Think what a lot of minutes it will save. No matter how carelessly you handle your shaving apparatus, the cap is on to stay.

With a convenience like this cap you might be tempted to use Williams' Shaving Cream whether you cared much for the cream or not. But once you use Williams' you'll like it as well as you do the cap. For Williams' breaks all records for fast softening of the beard. And more, it is good for the skin—soothes it, keeps it in good condition always.

Test a tube of Williams' by judging it on every point you can think of—speed, lather, comfort. See if you don't think it's noticeably better.

Williams' Shaving Cream

J. B. WILLIAMS CO. GLASTONBURY, CONN.



COLLEGE men know how to wear good clothes; we know how to make the kind they like to wear.

Clothes "Tailored to Measure by Born" give you smart style, smooth fit, cleanly finished workmanship and long wear.

And Born prices will prove a revelation to the young man whose clothing budget permits no extravagance.

On the Campus

SIMMONDS LEON HUGHES

Simmonds Leon Hughes originally hailed from Texas but has since covered a good deal of territory in amassing the credits which will award him a diploma here this June. After attending school some time in his native state he completed his high school work at Muskogee, Okla., and matriculated the following year at Howard University, Washington, D. C. After attending that institution for eight months he was forced to give up his work there on account of illness. Since attending Colorado College Hughes has been piling up a flock of grades in the science departments which will make him a well prepared pre-medic and graduate him with a Biology major.

After leaving school Hughes will enter either Chicago or California Medic school and go after an M. D. When he has finished this rather elbaorate program Leon plans on rewarding himself with a little vacation in the nature of a jaunt around the world whereupon he will tack out the old shingle and set up a doctor's practice.

This boy is one of the most conscientious students in school and his immediate ambition is to ask Prof. Davies a question he can't answer.

Geology Students Discovers Change in Temperature Saturday

The class in Geology 7 which is making a map of part of the Glen Eyre estate reported a remarkable change in temperature Saturday. As the class started to set up their instruments one of the fellows placed a bottle of milk, which he had brought along for lunch, under a tree to keep it from souring. Then the storm came and in fifteen minutes the milk was frozen.

TO IAN MAC, the Stagg of the West

His bachelor days are numbered,
To us it doth appear,
He's sure to fall for some bird
He's easy, so we hear.

She'll break him to the halter,
The fatal day is near,
She'll lead him to the altar
And make our stagg a dear.

Line Plunges

"Then hit the line Colorado"

We hope that Russell Hunter got a good kick out of the article he so kindly edited Friday. However he was slightly mis-informed on a few matters. Also the appelation given us was applied to the wrong party, for that must be tendered to the crew at Mowry's, who did not send things where we ordered, knowing as we do the character of the boys in general of this school. We are glad to know that the gang seen at the West door fourth hour were made violently ill or at least uncomfortably so by the shamrocks, which were eaten at the PHI GAM house. But as a proof that we can take a joke, we shall withhold all names and evidence gathered and drop the matter, hoping that the "malefactors" enjoyed their high-school kid trick. As for the ice cream we'll charge it to the dust and let the rain settle it.

* * *

COMMITTEE LETS MATTER DROP —SPLUSH

The above datribe was received for publication yesterday. It seems to refer to a bunch of high school kids stealing some shamrocks and getting violently ill at the Phi Gam house. A careful reading of the document reveals a sort of discontent or rather a general itchiness and a feeling of nothing to scratch with, on the whole we feel that it has a flavour of sarcasm delicately reminiscent of an electric fan playing over a tub of sauerkraut. It would also seem to smudge the fair escutcheon of the boys of the school with a faint smudge but perhaps we read unmeant meanings into this bit of data.

Now the way they propose to pay for the ice cream seems to be a trifle irregular but it's a good scheme and if one of the more devout sisters will lead we'll join them in a prayer for rain. What could be fairer?

D. U. GLEE CLUB HERE MARCH 23

The University of Denver Glee Club accompanied by soloists, reader, and a six piece jazz orchestra, will leave March for a two week's concert tour of central and western Colorado. The club will appear in Colorado Springs at the First Methodist church the evening of March 23.

* * *

The Mines baseball team played two practice games last week one with Regis college and the other with Mason's All Stars of Denver.

* * *

John Mulford, a freshman at C. C. last semester, is attending a college in Miami, Florida.

* * *

John Graham, formerly of Colorado College and Charles Rafferty, a graduate of D. U. have bought the Del Monte restaurant in Denver.

Scraps from the Training Table

The wrestling-boxing meet with D. U. showed everybody in general that C. C. has a bunch of wrestlers and boxers who are going to make it hot competition for the rest of the conference contenders at Boulder during the next meet. Briggs in the 125 pound class, Bemis in the 135 pound class, McMillan in the 158 pound class, and Moody, C. C.'s light heavyweight candidate, are the wrestlers who stand ready to give the other conference teams their stiffest competition March 29. Wolfe in the 125 pound boxing class has already won the conference championship in that class and should not have any trouble in winning out at Boulder.

* * *

Dixon Had Best of Mecho

The decision in the 145 pound boxing class proved a most unpopular one. Dixon, Tiger star, had his man in bad in the last round, and, if given one more round, would probably have finished him. The most noticeable feature of Dixon's boxing was the telling effect of his blows. A hard, short, jab was used very effectively by this Bengal mittman. In addition he showed a world of speed and this, combined with the accuracy with which he landed his punches, proved too much for Mecho in the last round. Mecho, while possessing a hard wallop, missed many of his attempts at the body and jaw. Many of his blows had a glancing effect.

* * *

Moody is a Comer

Moody has shown himself to be a find. Possessing an unusual amount of strength, fight and speed, this Tiger matman will give the best of them a scare when the conference meet rolls around. Due to inexperience Moody appears to be rather anxious when trying to choose an opening but he should be able to pull out of this difficulty.

* * *

Bemis and Holland Go No Tea Party

The local columnist has again seen fit to cast reflections on the Tiger fighting spirit. To say that the Bemis-holland go was a tame, tea-party, affair is but a failure to recognize the real ability of each of these men. This was decidedly the best matcher affair of the night and Bemis did well to score a decision. Fighting twelve minutes of purely defensive wrestling, each man did his utmost to score the advantage, but without avail. It must be remembered that fights in which a Tiger participates are likely not to prove tame affairs, and certainly the Bemis-Holland battle was no exception.

* * *

Flaker Was a Good Loser

Wolfe defeated his opponent in a convincing fashion. Flaker showed a fine loser's spirit throughout in addition to giving Wolfe trouble in every round. The Tiger boxer, however with the advantage of the reach and experience had things his own way in the last round.

* * *

Coach Mead has left the baseball squad in the hands of Coach Lavik and will himself coach the track men. This division in the coaching system will, in all probability, prove most helpful as each coach has found himself especially adapted to one of these sports. It is not definitely known yet whether or not Coach Irish will assist Coach Mead in track.

C.C.'s Who's Who

JACOB SWART

Jacob Swart was born in Green County, Pennsylvania in 1880. He went to a country school in that county and after graduation became a telegraph operator and station man for the Standard Oil Company. In 1904 when he was twenty four years old he went to Ohio Northern to gain a college degree. He had no high school work but with a small amount of prepatory work at this school he was admitted and graduated in 1908 with the degrees of Bachelor of Science and Bachelor of Oratory. After his graduation he continued his studies at Ohio Northern. In 1911 he received his L.L. B. degree having been an assistant instructor in law during 1910 and 1911. From 1911 to 1913 he was instructor of Law at this same institution. Prof. Swart then studied at Harvard from 1913 to 1916, taking up Philosophy and Psychology the first year and Economics and Government the last two years. He did considerable tutor work at the same time. He took his A. M. degree from Harvard in 1915 and finished his residence work at Harvard for his Ph. D. in 1916. He has only his thesis to complete to gain his Doctor's degree but has been hindered on account of his eyes.

Returning to Ohio Northern from Harvard he was Professor of Law there for one year, leaving that institution to go to Rockford College, Rockford, Ill. as head of the Department of Economics and Secretarial work. In 1919 he came to Colorado College as Assistant Professor of Economics and Business Administration and in 1921 was made Associate Professor and Major Professor of the Economics department.

During his collegiate career Prof. Swart's activities were boxing, swimming and debating. He took part in a number of intercollegiate debates at Ohio Northern. He was debating Coach at Colorado College for three years previous to this year.

He was married to Miss Stella Davis, August 12, 1914. Mrs. Swart is a former school teacher. Her's are the eyes that do most of Profs. seeing. They live at 1002 N. Wahsatch.

Prof's pet dish is fried mush for breakfast and his chief ambition is to have his entire Ec 1 class get thru. He is a member of the Tau Kappa Alpha debating society and is also a member of the Alpha Kappa Psi business fraternity.

What could be better than a cup of coffee and a piece of rich apple pie after a hike thru one of the most beautiful canons in Colorado? Bruin Inn is not too far to hike.

KU KLUX KOLLUM

MIRACLE MEN

Do Co-eds believe in "Miracle Men?" Here is evidence that goes toward saying that they do. In last Monday's Telegraph in the list of questions addressed to "Alburtus, the Miracle Man", the following question and answer appeared:

I. A.—Will the man I care for care for me again?

"The formation shows there will never be the same friendly feeling for you again on the part of the young man. But why should you worry when you are in a position to take your choice of two very fine young men who would appreciate you for your full worth?"

This is definitely known to have been sent in by a College girl, and we wonder if there is anything in it. It is too bad that the man she cares for has given her the air for good, but then her outlook is very bright.

We wonder how many girls in the halls or elsewhere have sent in similar questions. Do they really believe in the stuff or is it just for fun? Now men if you are one of the men whom Alburtus says is the hero, don't be surprised if some delightful co-ed begins to give you the "Watery" look, just feel lucky and make her acquaintance. We don't know how many girls are seeking their men in this way, but surely the number is not small. Perhaps the number of engagements around college will increase, even if it isn't leap year. Let's watch the future and hope for the best.

MUSIC IN CHAPEL FRIDAY

Mr. Frank Gillis played several selections on the violin, accompanied by Miss Viola Allen at the piano, which proved to be very popular with the students Friday morning at chapel. Mr. Gillis was encored several times. Mr. Schrewsbury and Mr. Gillis also sang two sacred songs which were well received.

* * *

Agnes Davis, who is attending the State Teacher's College at Greeley, spent the week end visiting friends in Colorado Springs.

* * *

The chairman of the various committees of the Y. W. C. A. cabinet are holding separate committee meetings this week.

* * *

A woman is editor of the University of Iowa's humorous magazine, "The Frivol." This is the only university comic magazine in the United States that has a woman editor.

HARE AND HOUND CHASE

(Continued from page one)

The girls taking part were: Kathleen McKee, Miss Davis, Dorothy Swan, Mabel Sadler, Maude Bangs, who were the hares; and Evelyn Stannard, Katherine Sais, Evangeline Joder, Dorothy Smith, Lilla Munger, Cecil Bradford, Louise Pitkin, and Eleanor Purvis, the hounds.

DEAN JAQUA LEAVES

(Continued from page one)

work at Columbia University and Union Theological Seminary, where he graduated in 1912.

The position that Dr. Jaqua is to hold in Pomona College, Dean of Faculty, is, according to the organization of the college, that of ranking officer in the academic life of the institution. His office will be the center of the educational interests and he will also have important duties in connection with public gathering of the college and the faculty.

BOXING-WRESTLING

(Continued from page one)

pound class Wolfe got the decision over Flaker in a fast bout. Wolfe won all rounds easy, but Flaker proved to be a game kid. Beeler secured a decision over Cook in the third round, because he drew blood on Cook, who had, up to this time, fought a draw—what's a little blood? The bout was stopped, the referee calling it a technical knockout.

Mecho was awarded the decision over Dixon, and it was a close bout. Mecho has a mean left, but his punches did not land. Dixon forced him in all rounds. Both judges called the bout a draw, while the referee gave the decision to Mecho. Coach Mead will contest the bout on the grounds that the referee has no last word when both judges agree it was a draw. Goldman defeated Robinson in the last bout of the evening, Robinson looked good, but was winded after the first round, this was his first fight.

The winners of these bouts will go to the conference meet in Boulder March 29, 30, and 31. The C. C. men who will go are: (wrestlers) Briggs, 125; Capt. Bemis, 135; McMillan, 158; and Moody, 175. Boxers: Wolfe, 125.

Wrestling results:

115 pounds—Atlavick, D. U., threw Leisy, C. C., 5 minutes 35 seconds, half nelson, bar hold.

125 pounds—Briggs, C. C., awarded a decision over Hampton, of D. U., 12 minutes.

135 pounds—Capt. Bemis of C. C., awarded decision over Holland, of D. U., 18 minutes.

145 pounds—Capt. Dillon of D. U., threw Robinson of C. C., 1 minute 59 seconds; half nelson, wrist lock.

158 pounds—McMillan of C. C., Traubert, of D. L., draw 12 minutes. Toss won by McMillan, C. C.

175 pounds—Moody of C. C., threw Greenblood, of D. U., 5 minutes, 30 seconds; double arm lock.

Boxing—all were 3 round fights:

125 pounds—Wolfe of C. C., defeated Flaker of D. U., decision.

135 pounds—Reeler, D. U., defeated Cooke of C. C., bout stopped in third round by referee.

145 pounds—Mecho of D. U., awarded decision over Dixon, C. C.

158 pounds—Goldman of D. U., defeated Robinson of C. C.

Joe Russell of the D. A. C. refereed all bouts.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV THE COLORADO COLLEGE TIGER, FRIDAY, MARCH 23, 1923 Number 21

ALUMNI WON'T BACK ENDOWMENT PLANS

Will Not Cooperate with Present Administration

From the Telegraph.

The Colorado College Alumni Association has refused a request of President C. A. Duniway for support in the endowment campaign, as long as Dr. Duniway is president of the college, and has so informed him and the board of trustees. While every member of the executive committee of the association signed the letters, they declared they did so as individuals, and could not speak for all of the alumni.

"Feeling as we do, we cannot ask the support of the alumni for the endowment campaign as long as Dr. Duniway is president of the college," the letter said. "Dr. Duniway's presence is the only thing standing in the way of the development of the college, and we feel that the college cannot advance as long as he is there."

The members of the Alumni association, in discussing the matter and the action taken, desired it understood that they had not deserted the college in any manner, but that they would enter into the spirit of the endowment campaign and do their share as soon as their suggested changes were made. The decision is aimed frankly at Dr. Duniway, and not the college, they assert.

The letter to President Duniway and the board was sent several days ago and, while the officers of the association would not discuss the action for publication, there are few of the alumni in the city who do not know about the incident. In addition, it is understood that a request for a conference with the executive committee by President Duniway was refused.

Before the letter was sent to President Duniway it was signed by the members of the committee who did not reside here and the action is said to have received the indorsement of the branch chapters of the association in New York, of which Glen Bowers is president; Chicago, of which Earl Bryson is president, and Los Angeles, of which C. E. Taylor is president. Dr. J. T. Williams is president of the general alumni association.

FRESHMEN TO GIVE CLASS FUNCTION

The Freshman class, in an after-chapel session yesterday morning, voted favorably on assessment of fifty cents to cover the cost of the sweaters for the team. Following a report of the Entertainment Committee, it was decided to have a hike sometime immediately following spring vacation.

The cost of the sweaters for the men on the team comes to considerable over one hundred dollars. The men on the team have paid their share of the cost, but about sixty dollars remains to be paid, which will fall on the entire class. A report by the treasurer, Clare Thomas, showed that an assessment of fifty cents would be necessary.

Myler Butterfield, speaking for the Entertainment Committee, suggested that a hike to Bruin Inn be held sometime following spring vacation as the earliest possible date for the Freshman party will be May 11. Another meeting will be held soon to decide further details of this hike.

ELECTION BEING HELD FOR TRUSTEE

Nomination ballots have been sent out this week to all the Alumni of C. C. for the election of a new alumni member of the Board of Trustees, to fill the vacancy created by the expiration of the term of Sperry Packard. Mr. Packard has declined to run for re-election, stating that his business prevented this.

These nomination ballots will be in by April 20, and the official, electorial ballots will be sent out May 1. The returns from the election will be announced on Class Day, June 11.

MAIN GIVES FEATURES GRINNELL STUDENT GOV'T SYSTEM IN WED. CHAPEL

Cooperation, Chief Aim

President J. H. T. Main, LL. D., of Grinnel College, addressed the students at Chapel Wednesday morning upon the Student Government as worked out in Grinnell College. The basis for their plan is found in their slogan, 'Cooperation for the Common Good', which as he pointed out has grown out of their ideals of education and life purpose. The first principle to consider, he said, is to hold yourself as a student a responsible and vital unit in any system of self government.

Responsibility plays an important part in their plan as is shown by their method in conducting the daily chapel exercises. The faculty consider that it is the student's own affair, and the test for fitness for self government is regulated by the chapel attendance. They do not assume the responsibility of telling students how many cuts they have in chapel or in regular classes. The burden is left to the student to check upon himself.

President Main declared that education is only incidental in college, but the important part is to teach the students responsibility. At Grinnell the men, decide their own affairs in government without interruption of officials or faculty. This system has been successful for more than ten years. The men also have an Open Court, where cases are tried which involve attention of the student body or faculty. The Court also provides the penalty, and is conducted in an open manner.

In closing, President Main emphasized that education is only incidental in college, but if a student does not get self control and self government from his college life, he misses two great fundamentals.

Delta Epsilon Holds Initiation Wednesday For Eleven Students

At a meeting of the electors of Delta Epsilon held Tuesday at the Administration building the following students were elected to membership in the honorary scientific fraternity: Ruth Hegener, Kenneth Gordon, William Senning, Biology majors; Lawrence Koerner, Theodore Winans, Gibson Winans, Physics majors; Warren Leisy, Douglas Corley, Chemistry majors; Adelaide Brown, graduate in Psychology. Professors Penland and Remmers of the Biology and Psychology departments were also elected.

Innitiation into the order will be held Wednesday of next week at Professor Gilmore's home. Dr. Gilmore is presi-

(Continued on page 6)

ELEVEN MEN GRANTED HONORARY MEMBERSHIP C. C. ATHLETIC CLUB

Future Plans Formulated

At a meeting, held after chapel yesterday morning, the "C" Club drew up tentative plans for the near future and awarded several students honorary membership in the Club.

Among those who were awarded honorary membership in the organization include several members of the basketball squad. These individuals include, Bryden, Hill, Cox, Wood, Hitch, McAllister, and Weiner. Ed O'Brien and Jack Nolan were given honorary membership as senior managers of athletics. Coaches Mead and Lavik were awarded honorary memberships. This action was to have been performed earlier in the year by the club, but was delayed until yesterday.

According to the plans, the "C" Club will throw a dance some time in the near future. No definite plans have been worked out in regard to this function, but a committee is at work on a date.

DODGE DISCUSSES VALUE Y. M. C. A. TO C. C. STUDENTS

C. P. Dodge, former owner of the Gazette spoke to a separate meeting of the men in the Pit Tuesday morning, upon the interests and purposes of the Y. M. C. A. Mr. Dodge was in the Y. M. C. A. during the war and has traveled all over the world working for this organization.

Mr. Dodge said he knew he was speaking to men of three different frames of mind regarding the Y. M. C. A., the interested, the indifferent and those who are against it. To the first he said the organization has come to stay in all the import—and colleges and universities, and that it is growing each year. To the second group he called attention to the four sides of college life, namely, the mental, physical, social, and spiritual. If they take part in the first three, they must not neglect the spiritual side, because it is the foundation of future successful life, and that the Y. M. C. A. formed the latter. For those who were against the organization, the speaker asked them to find out what it stands for and what it is doing.

The purpose of the Y. M. C. A. Mr. Dodge said is to help make an all around man in the spiritual and mental side. He did not urge the men to join the local organization, but at least to show that they back it and that they were interested.

MEN'S GLEE CLUB

Mr. Copeland will accompany the Mens' Glee Club on a concert tour during spring vacation. The program of the concert is in two parts, a formal and an informal part. Between the two parts of the performance Mr. Copeland will give talks illustrated with steroptical slides, advertising Colorado College.

The boys will leave here Monday, April 2. They will visit Pueblo, Trinidad, and Raton, New Mexico; they hope also to visit some of the towns of the Arkansas Valley. When they return they will give a concert at Perkins soon after vacation. About three weeks later they will give a concert in Denver. In the meantime the club will give concerts at several of the small towns near here.

GIRLS PRESENT OPERETTA SAT.

The Girls' Glee Club, under the direction of Mrs. John Speed Tucker, will present the Operetta, "The Lost Necklace", Saturday evening at 8:30 o'clock in Perkins.

There will be many attractions, such as, radiant gypsies, gay grape-gatherers, and a general atmosphere of the romance of old Spain, with dancing, singing, and beautiful costumes.

Mrs. J. H. C. Smith has specially trained and organized a ten piece orchestra to furnish the music.

The price of admission is fifty cents.

MISS JUDD GIVES C. C. GIRLS "CAMPUS MAGIC" IDEA IN TUESDAY CHAPEL

Friendship Emphasized

"Campus Magic" was the subject of Miss Judd's talk to the girls at the Y. W. meeting held during chapel hour Tuesday in Perkins. Miss Judd stated that everyone wants magic, but the kind people want today is the magic of an idea. She then explained how campus magic could be brought about. She told of a coed campus where she once lived where there were 4000 students and much campus politics. One sophomore girl, who had an idea and worked upon it, finally succeeded in getting her entire class organized and active. Soon all the girls of the school were organized, and had established a fund for desired equipments. With this organization and working together the girls became better acquainted, entered into class games, and had a live class spirit.

There is danger, Miss Judd said, in too much loyalty to small groups. Friendships should be more extensive than they are: in a school of this size one should know practically every girl of the campus. Miss Judd stated that the C. C. girls seemed never to have learned to all go together. In a co-ed school there must be unity among the girls, and unless they pull together all through college there cannot be a good college. "Here at C. C." she suggested, "is a splendid chance for some girl with an idea to start something." Various student organizations, such as, the Student Commission, the Student Government, and the Y. W. C. A., are working toward establishing more unity among the students.

At the opening and close of the meeting the Laurel Quartette sang two selections.

Aubrey Devine to Coach Football At Denver University

Already plans are well under way for the 1923 football season at Denver University. An effort is now being made to secure the services of Aubrey Devine, former Iowa star quarterback and all-American selection, to assist Coach Elmer McDevitt. Devine, who is now attending the law school at Iowa, coacher the freshman team of that institution during the past season, and met with a great success. His coming to the Minister camp may mean a new life added to the Parsons teah.

As plans are now formulated, Devine would study law at Denver University, one of the best law schools in the

(Continued on page 4)

FRATERNITIES SHOW INCREASE IN GRADES

Pi Kaps Again Lead All Opposition

Showing a substantial increase over the scholarship of last year, the six fraternities on the campus have made the best general average during the last semester that has been made for two years. Pi Kappa Alpha, present holder of the C. A. Duniway scholarship cup for fraternities of Colorado College, again stands in the lead with an average of 75.98, followed by Phi Gamma Delta with a grade of 72.71. The standing of the fraternities is as follows:

Pi Kappa Alpha ...	75.98
Phi Gamma Delta	72.71
Kappa Sigma	71.81
Phi Delta Theta .	69.58
Sigma Chi .	68.82
Beta Theta Pi	68.72

This shows a general average of 72.27 which is an increase of 1.37 over the average of the same fraternities this time last year. The grades of the same fraternities at the end of the first semester last year were as follows:

Pi Kappa Alpha . . .	71.46
Kappa Sigma .	71.43
Phi Delta Theta	71.38
Phi Gamma Delta	70.48
Sigma Chi .	67.57
Beta Theta Pi	67.11

The difference in the highest and lowest grades is 7.26. In calculating the standing of the fraternities, the committee decided not to put the new rule in force, concerning the calculation of these grades, and allowed an E a grade of 55 and an F a grade of 45. Hereafter E's and F's will be turned in as numeral grades, thus helping to reduce them.

The Dean, in expressing his opinion of the grades, said that they were most satisfactory. He declared that various unseen elements enter into the makeup of the grades, such as the number of students doing outside work on the campus, the number in the groups, and the number of upper classmen in the groups.

CLASSICAL CLUB GIVES PLAY HONORING CAESAR

Despite solemnity of the occasion those who attended the Classical Club meeting last Monday evening enjoyed a very interesting program. No one seemed at all depressed by the fact that the meeting was in honor of the anniversary of Caesar's death during the Ides of March. The Latin B Caesar class, who were the guests of honor, were a very appreciative audience, and became very much interested in the work of the Classical Club.

The time was taken up by a program under charge of Miss Sarah Mintz. A play, "The Conspiracy of Orgetorix", was read by members of the Club, and although written in Latin the action was clearly understood. The participants showed a great deal of enthusiasm, and the mob, part of which was untrained, was very noticeable in the superb way in which the members carried out their parts.

The program was as follows: Poem, "After Construing", read by Lois Rose; Piano Solo, by Muriel MacGregor; paper on "Life of Caesar", by Eloise van Diest. The cast of the play was: Orgetorix, John Duniway; three Helvetians, Cecil Bradford, Dorothy Carnine, and Dorothy Roe-

An organization has been needed for some time at C. C. to take a definite interest in the high schools of this state, and to show the high school students what C. C. really is and the advantages it has for a high school graduate. The Enthusiasm Committee in designating April 13 and 14 as High School Days with an invitation track meet as the main attraction is taking a step in the right direction. The committee is to be congratulated upon working out such a celebration. If the events of these two days are properly handled the college will receive some long needed advertising.

Let us notice what a similar organization, the Booster Club of the University of Colorado, does to further the interest of the high school students. Each year a basketball tournament to decide the state championship is held under the management of this club. The champion team of each league in the state is invited. When the players arrive in Boulder they are taken care of by the different fraternities and treated very courteously during their stay there. A high school track meet is held under a similar plan. Each winter a conference of high school journalists is held at which the editors and managers of the high school papers are guests of the club. Undoubtedly such an organization could serve a similar purpose here.

We admit the college is already overburdened with organizations and that some students belong to so many that they scarcely have time for academic work, but a club of this nature is seriously needed and would prove a great asset to the college. It will combine the efforts of several students who are at present interested in bringing high school students to C. C. It would make greater results possible and would be an effective group to cooperate with the field secretary.

—G. E. M.

COMMENTS

by Arthur Disbrane

Socialism in England

Phillip Snowden, Labor M. P., has introduced a measure into the House of Commons condemning the present social and economic order and proposing that all legislation in the future be directed toward the socialization of the means of production of the whole nation. That resolution is one of the most profound that has ever been discussed in that body. It has great possibilities and may have far reaching results. It has so scared the Liberals that they will reunite, no doubt, and may even be driven to ally itself with the Conservative party. It does serve to show conclusively that the Labor party of England is purely Marxian and that it can no longer hide under the guise of being different from the other socialistic parties of the continent.

German Competition on the High Seas

Those who thought that the cost of rebuilding the old imperial merchant fleet of the German Empire would make that recovery slow are merely fooling themselves. Since the armistice, Germany has been the most active nation as a shipbuilder. These ships are of the latest design having all of the latest improvements and manned by crews whose efficiency is world famous. The other nations fear this competition because besides the obvious advantage of cheap construction cost and labor the German government is subsidizing the German merchant marine.

Revolutions in Brazil

The southernmost state of Brazil has been worried for the past few months by some revolutionary bands whose purpose and plan is not understood. It is not a monarchist plot to regain the throne for the pretender but seems to be a band of mal-contents who have grouped themselves around an ex-army officer. It is of small import and the government has succeeded in keeping the disturbances corraled in a small area.

Heavy Immigration to France

While the native population of France is almost stationary, the population is growing because many foreigners are flocking to France to make that nation their home. The Italians are the most numerous of this influx of population. The Checzhs, Poles and Austrians are next in the order mentioned. If these people move to France to live there permanently their names are changed so as to give French spelling but with an attempt to keep the original sound as nearly as possible. The French maintain that will make better French citizens out of them.

L. R. Steel Dies

Yesterday one of the most successful promoters in the history of America passed away. In a little over three years he sold stock in concerns that he was interested in to the amount of twenty million dollars. He used many innovations to put his scheme before the public and even conducted a school to train his salesmen. The scheme was not a success, having been forced to liquidate just a few weeks ago. Millions of savings were thus thrown to the wind and the poorhouses will have to take care of people who invested their last penny in the stock of the L. R. Steel Co.

SENIOR MEETING

At a meeting of the Senior class yesterday at noon Ann Herzog was elected class poet; Robert McIlvaine, class orator; Mary Hicks, Ivy orator; Edward O'Brien, manager of the Senior play; Jack Nolan and Gertrude Klein class prophets; Carl Brumfield, flag presentation orator. The race for class historian between Harriett Bumstead and Keith Chick was close. In the first count it appeared that Chick had it by a vote of fifteen to fourteen but the second and third counts showed Harriett the winner by the same margin.

The Senior play has not been chosen but a committee is at work and an announcement of tryouts will be made sometime in the near future.

PI KAPPA DELTA INITIATION

The Faculty and student members of Phi Beta Kappa were entertained at a dinner at Bemis hall last night. Directly after the dinner initiation was held for the following members: Mrs. Essex, Gibson Winans, Mary Hills, Bill Sennings, Christine Miller, Adelaide Easley, and Dorothy Graves.

Among those attending the dinner and banquet were: Prof. Hulbert, president of the organization; Prof. Loud, founder of the local chapter, President Duniway, Prof. Davies, Prof. Sisam, Prof. C. C. Mierow, Prof. Gilmore, Dean Hale, Ruth Staff, Prof. H. Mierow, Mary Clegg Owen, Miss Judd, Prof. Remmers, and Dr. McMurtry.

In The Realm of Sports

Styles for spring are prodigal of inspiration, but that inspiration knows no bounds when it comes to the realm of sports. Not only sportsmanlike, but picturesque. Not only in accord with the rules of the game, but the rules of the mode. Color? Rainbows of it. Styles? By the score. Silks and wool and fibre novelties. Suits and frocks—capes, scarfs, skirts, sweaters. Everything if you play the game. Everything if you don't. And so moderately priced.

MINES GOLFERS MAKE GOOD SHOWING

Baily Price and Ben Bayles, Miner golf stars defeated Larry Bromfield and Dr. Brusse, two Denver golf kings, by 3 up and 2 to go in their recent match at the Denver Country Club. Prof. Risley and Harry Jones lost to Fisher and Matlock, 2 to 1. The victory of the Orediggers in one case and their near win in the other shows that Mines must be reckoned with on the greens this spring. If Mines can find another student to take Prof. Risley's place they will have a remarkable team of golfers.

Maybe Your Spring Suit will be Given to You

On Saturday, March 24th, "The Boys" are having a Spring Opening—sort of a celebration in fact—The Cottage, our Shop Apart for ladies has been completed and our windows have all been refinished.

We are proud of our store and we are proud of our merchandise and we want you to accept our invitation to be our guest on Saturday.

To every guest we will give a numbered ticket. The holder of the lucky number in the drawing Saturday Night may have his choice of any new Spring suit in the store—but should the holder be a young lady, she may have her choice of any Sport coat.

Other gifts will be given too—hats, shirts, neckwear, hosiery—but of course you'll want the suit or the coat—so be sure that you make a call on "The Boys" on Saturday.

PENNSYLVANIA RELAY CARNIVAL TO BE THE LARGEST IN HISTORY

Oxford 2 Mile Team Among 400 Colleges Entered April 27-28

The 29th Annual Relay Race Carnival under the auspices of the University of Pennsylvania will be held this year on Friday and Saturday, April 27th and 28th. This great Carnival which is now acknowledged to be the greatest annual track and field meeting held any place in the world annually, will again have international importance. This is due to the fact that Oxford University, England, will send a two mile team to compete in the American college two mile relay championship. This will be very welcome and interesting news to the thousands who were present in 1914 when a four mile team from Oxford was here and in 1920 when a combined Oxford-Cambridge two mile team appeared on Franklin Field. The 1914 race was the most sensational race that has ever been seen in this country as Oxford won by a hair. The 1920 race produced a new two mile relay record, though this record was effaced from the books last season by the wonderful team which the University of Pennsylvania then produced.

The keenest interest will be taken in the British team, and already many are asking in what shape the American colleges are to meet this new athletic invasion of our shores. It is, thus, reassuring to be told that the East has at least three teams—namely those from Yale, Georgetown and Cornell—that will give valiant battle to the English runners. The West is still to be heard from, but indications are that Chicago, Kansas and other Western colleges will have fast quartettes to put into this important event.

Though the date of the meet is practically two months off, there are already close to 400 institutions entered, so that last year's record list of 425 is sure to be exceeded. These include already over 80 colleges drawn from the entire United States. The Carnival will thus be finer than ever and of the most representative character. Pennsylvania's new stadium seats over 40,000, but with such a wonderful array of teams and individual athletes, it is already predicted that it will be filled to the gates to do honor to the flower of America's college and school athletes and the visitors from Oxford.

Aggies Lose Debate

The debating team of Colorado Aggies upholding the affirmative of the question: "Resolved, That the United States hould adopt the cabinet parliamentary form of government" lost the first debates of the season to Montana State.

BASEBALL SEASON TO OPEN APRIL 11

BASEBALL SCHEDULE

April 11—Mines vs. Denver University, at Denver.

April 14—Colorado University vs. Greeley, at Greeley.

April 18 — Colorado College vs. Mines, at Golden.

April 19 — Denver University vs. Wyoming, at Laramie.

April 20-21—Denver University vs. Aggies, at Fort Collins.

April 21—Colorado University vs. Colorado College, at Colorado Springs.

April 25—Mines vs. Colorado College, at Colorado Springs.

April 28—Aggies vs. Mines at Golden.

April 28—Wyoming vs. Greeley, at Greeley.

April 28 — Denver University vs. Colorado University, at Denver.

May 2 — Denver University vs. Mines, at Denver.

May 3—Wyoming vs. Colorado University, at Boulder.

May 4 — Wyoming vs. Colorado College, at Colorado Springs.

May 5—Wyoming vs. Aggies, at Ft. Collins.

May 5—Mines vs. Colorado University, at Boulder.

May 9—Denver University vs. Colorado College, at Colorado Springs.

May 11 — Mines vs. Wyoming, at Laramie.

May 12 — Colorado College vs. Colorado University, at Boulder.

May 12 — Mines vs. Wyoming, at Laramie.

May 16 — Colorado University vs. Mines, at Golden.

May 18 — Denver University vs. Colorado University, at Boulder.

May 18—Aggies vs. Colorado College, at Colorado Springs.

May 19—Greeley vs. Wyoming, at Laramie.

May 23—Greeley vs. Colorado University, at Boulder.

May 25—Colorado College vs. Denver University, at Denver.

May 26—Aggies vs. Colorado College, at Colorado Springs.

June 1 — Colorado University vs. Aggies, at Fort Collins.

Blind Play Basketball

Blind students at the Pittsburgh institute for the blind have developed rival basketball quintets despite their handicapp. This is not the ordinary cage game but modified in many ways, particularly basket shooting. To meet this obstacle, eight ruffer mats are placed on the floor, four in the vicinty of each basket. They serve as landmarks, as they can be easily felt with the feet, from which the players try for the goal.

* * *

An 18 year old sophomore will lead the University of Missouri football team as captain next fall.

* * *

A large portion of the students who are learning weaving in the college of economic and cultural arts at the Valparison University are men.

* * *

Last week students at the University of Utah celebrated the seventy-third anniversary of the founding of the institution. The university was established by Mormon pioneers under the name of "University of the Desert." Students then numbered eighty-four, as compared with 2,513 today.

* * *

MAHOOO WILL CAPTAIN 1923 MINERS

Mahood, star stationary guard, was elected captain of Mines basketball team for the season of 1924. Throughout the year he has played a great game at guard, holding such stars as Bunte of the Mintra Paints, Patterson of the victorious Tigers, and Bowman of Denver to very low scores. Seven orediggers received letters: Williams, Gebo, McGlone, Mahood, Jordan, Swift and Beilharz.

* * *

The entire Colorado Legislature recently visited the University of Colorado. More than 125 persons were in the party. Senator Samuel W. DeBusk, senior member of the Senate, and Representative Hon. George W. Irvin, president of the lower house, addressed the student body in Macky Auditorium.

ENGINEERS ANO TEACHERS POOREST PAID PROFESSIONS

To refute the statement that engineers receive fabulous salaries a leading mining magazine prints the following:

We believe the entire article will be read by engineers with considerable surprise, for engineering is a notoriously poorly paid profession at present. Three or four years ago Cornell University sent a questionnaire to its graduates who had left college ten years before, asking them what they were doing and what their income was. The replies were tabulated and the incomes derived by graduates in various kinds were classified and averaged. They are as follows:

Number Reporting	Activity	Average Yearly Income at End of Ten Years
10	Bankers and brokers	$11,040
36	Manufacturers	8,524
18	Physicians	7,944
7	Architects	7,230
31	Merchants	7,136
29	Lawyers	5,905
41	Salesmen	5,690
3	Purchasing agents	5,600
4	Advertising	5,476
5	Newspaper	5,180
5	Accounts and statistics	5,004
6	Insurance	4,533
14	Farmers	4,461
15	Builders and contractors	4,287
7	Veterinarians	3,921
83	Engineers	3,724
33	Teachers	3,137

Boulder Gets 150 Acre Camp Site

Impetus was given winter sports at the University of Colorado when announcement was made that the mountain recreation committee of the associated students of the university had purchased a 150-acre camp site near Kossler's lake, five miles from Boulder. It is within an hour and a half's walk of the campus. The construction of a main lodge and a summer camp will begin immediately.

* * *

A co-ed was recently suspended from Hamline College for being absent from the dormitory over night without leave.

* * *

Thieves entered the Sig Alph house at K. U. last week for the sixth time this year.

* * *

The All-Missouri Valley basketball teams included three Kansas men on the first team, two on the second, and two honorable mention.

* * *

There has been an extreme effort at the University of Kansas to stamp out the epidemic of influenza which has filled the University hospital full to over-flowing with victims of the malady. Patients are being discharged daily to make room for others.

* * *

No students at the University of Texas will be allowed to keep cars at school.

The girls at Utah Aggies lost a recent telegraphic rifle match with the Girl's team of the University of Vermont by a score of 2648 to 2508 out of a possible 3000. This is the first match the farmerettes have lost.

A contest is being held at D. U. to determine which co-ed is the most popular automobile driver.

* * *

Seventeen men and women were pledged last week at Colorado Aggies to Pi Kappa Delta, national forensic fraternity.

* * *

Michigan is building a field house that will seat 10,000 basketball fans. Ohio State accommodates 7,000 at her basketball games. Illinois and Iowa have a seating capacity of 5,000 at their basketball courts. Minnesota is raising money to make possible a huge armory in which the students can watch the cage games.

* * *

One of the points brought forward to induce the co-eds of Northwestern University to join the rifle corps was that the experience gained would be a valuable asset in married life.

* * *

If Charlie Chaplin has the choice of weapons in his coming duel with Pola Negri's ex-husband he will probably choose custard pies at fifty yards.

* * *

A new organization at the University of Illinois is the "Suicide Club." The membership is limited to four men. The members are all working on chemical experiments which are either extremely poisonous or sensitive to combustion.

* * *

The University of Vermont claims the distinction of haveing the oldest college graduate in America, Rev. George Baby-Rice, of Council Bluffs, Iowa. He was graduated in 1845 and is 103 years old.

College Gossip

IMPORTANT

Will the members of the Boxing Club who have not paid their dues of one dollar please pay them to Ann Herzog or Frances Tucker before vacation, and the sooner the better.

* * *

Miss Edith Sanderson, secretary of the Student Volunteer movement, will be visiting C. C. Saturday and Sunday. During this time she desires to meet all girls who are interested in missionary work. Arrangements for personal interviews may be made with Esther Norton or Helen Armstrong.

Miss Sanderson will speak to all girls at Bemis Commons Sunday afternoon at 3:30.

* * *

Lyle Blaine, '26, played two piano solos over radio Wednesday night at the Marksheffel broadcasting station.

* * *

Robert Burghart, Albert Kyffin, Robert Wardwell, James Whited and Paul Sweeney represented the Gamma Delta chapter at the initiation of the Alpha Zeta chapter of Beta Theta Pi at Denver University Monday.

* * *

This is the last chance the people of C. C. will have to read about this year's Glee Club Operetta. If you are glad it's about over, you ought to come to show your appreciation, and if you really want to see it, the girls will do their best to show their appreciation. Yesterday morning's exhibition in Chapel by Yolande Ingle and Louise Covey, both soloists, should be a drawing card. Others who have solo parts are Leila Taylor, Irene Beardsley, Clara Vorreiter and Dorothy Jean Barker.

* * *

Prof. I. Allen Keyte, head of the geology department, and Prof. R. R. Tileston, head of the physics department, will speak at the spring meeting of the Science Division of the Colorado Educational Association which is to be held in Denver today (Friday) and tomorrow. Prof. Keyte speaks at 7:00 A. M. Saturday on "The Geology of the Petroleum Deposits in the Colorado Fields", while Prof. Tileston will discuss "Electro-Metric Methods of Analysis" Friday at 3:30 P. M. A short business meeting will be held Saturday.

FUNCTIONS

Only three of the mystic greek organizations are entertaining the fairer sex tonight. The Kappa Sigs are having a dance at Green Mountain Falls, the Betas are giving a house dance, and the Pi Kaps are dancing in San Luis.

The members of Phi Gamma Delta will be the guests of Dr. D. A. Vanderhoof at their chapter house tomorrow night. The affair will commence immediately after the Girl's Glee Club concert. Dr. Vanderhoof entertains the Phi Gams every year in some sort of way, this time being a dance.

Congress Cuts Down Appropriation for Citizens' Military Training Camp

Advance information of the Army Appropriation Act shows the budget for Citizens' Military Training Camps have been materially reduced. This has made necessary a reduction in the number of men that can be accepted for training at the camps this summer. The quota for the Eighth Corps Area which includes the States of Texas, Oklahoma, Colorado, New Mexico and Arizona, has been reduced from 3600 to 2800.

Under this quota the allotment to the camps in the Corps Area has been changed as follows: to Fr. Sam Houston, Texas—1100 instead of 1600 as originally planned; to Ft. Sill, Oklahoma—1000 instead of 1200; to Ft. Logan, Colorado—500 instead of 600. The assignment of 200 students to the camp at Ft. Huachuca, Arizona is the only one that remains unchanged in the Corps.

Due to this reduction of almost 25 per cent. it is expected that many more applications will be received in the Corps Area than can be accepted. It is therefore advisable for young men who desire to attend the camps to make request for application as early as possible. If applicants are otherwise qualified, their acceptance will be determined by date their application is received.

For information or application blanks, write to C. M. T. C. Officer, 8th Corps Area, Ft. Sam Houston, Texas.

Frosh Put in Stocks

One freshman was sentenced by the Court of Traditions at California Tech to spend three hours in the stocks for flagrant violation of the freshman rules, while two others escaped with menial tasks of sweeping the walk and removing an unsightly pale of iron bars from the campus.

* * *

President Bory of Colorado Aggies has been appointed to serve on a committee that will present to the Interstate Commerce Commission the reasons for wishing a consolidation of the Burlington, Denver and Rio Grand Western Pacific and Moffat railroads.

Line Plunges

"Then hit the line Colorado"

I kissed her on the forehead.
And got a bang in the mouth.
—Yellow Jacket.

Her—Who tied your tie-
He—Why?
Her—Looks like a foreign hand
—Froth.

* * *

"My girl just loves pretty things."
"That's funny, I could swear I saw her sitting with you on the divan last night."—Banter.

* * *

Stude—Did you yell at me down town, sir?
Prof—No.
Stude—Some bum did.—Bmr.

* * *

Farmer—What are you doing up that tree, young feller?
Rook—One of your apples fell down, mister, and I'm trying to put it back.—Orange Owl.

* * *

"David, vere iss my glasses at?"
"On your nose, Fatter."
"Don't be so indefinite."—Phoenix.

* * *

What do you think of the weather?
Absent-minded Professor (glancing at ceiling)—It looks rather grey overhead. (Noticing blackboard)—And it's very dark over there to the west.—Brown Jug.

* * *

"Did you ever hear of a person killed by a deadly glance?"
"No, but I know of a guy who got a broken arm due to an empty chair."—Froth.

* * *

Judge—Speak up, now! How did you come by those chickens?
Mose—Dat's jes' de trouble; couldn't get by hem no how,sah.—Cornell Widow.

* * *

1st Barber—Why were you so late?
2nd Barber—I was shaving myself and couldn't get away until I'd talked myself into a hair-cut and a shampoo.—Gaboon.

* * *

Flannel—New sweater?
Worsted—Nope. New roommate!—Chaparral.

* * *

"Here, waitress, this doughnut has a tack in it."
"Well, I declare, I'll bet the ambitious little thing thinks it is a fliver time.—Bison.

* * *

"Look out there, don't sit in that acid!"
"S'all right; the base of my spine will counteract it."—Lampoon.

WOMEN

(From the North Star)

Girls! Aha! Girls. The supposedly 'weaker sex.' There are no two girls alike. There are some tall, some short, some fat, some — er — lean, some blond, some dark, some very good looking, some the contrary, some flapping, some dignified, some alluring, some solemn, but all girls.

The remark 'just like a woman may be perfectly true and all that, but don't say it to her face. Cultivate a careful, cautious considerate (unintentional alliteration) vocabulary to use when around girls. There is not a great deal of difference between 'sight' and 'vision' unless you use one when you mean the other. It's a great mistake to tell a girl that she's a sight when you mean she's a vision.

Girls! The beginning of fights and the advocate of peace. Inconsistent, contrary, treacherous, stubborn, perhaps, but nevertheless, girls. At once a raging volcano, hurricane, or storm, and a peaceful, soothing breeze. Both sweet and sour, agreeable and disagreeable.

Why is the feminine being called wo-man? Does she not bring woe? When Adam lived alone in the garden he was at peace and was happy. When Eve came she brought evil and woe. They were driven from the garden. Such is woman.

When looking for something good to eat,

FRANCES NOBLE TUCKER

Little Fannie Noble Tucker has participated in every college activity except Conference Athletics and we're not so darned sure but what she'll go out for track this spring. She made the front page of The Tiger last week for having been runnerup at the Boxers Ball on Saturday. Frances is one of the moving spirits of the Minervy Club, one of the more promising of the literary organizations.

When the sheepskins are all distributed this June Frances will have collared one denoting that she is a major in romance languages. After a hard summer of recuperation she will hie east to study piano at Washington, D. C. When she has sopped up a sufficient knowledge concerning the ivory and ebony she will probably be occupied with the ennobling task of instructing the young of America.

Frances is playing the lead in "Enter Madame", the function play of Theta Alpha Phi.

With the Societies

MINERVA

Minerva Literary Society was hostess at the club house this afternoon to the girls of the Freshman class. After a short welcome by the president, the following program was given:

Group of Songs—Mrs. John Speed Tucker.

Solo dance—Lorraine Fitzsimmons.

Violin Solo — Mrs. Daniel Thatcher.

At the conclusion of the numbers, dainty refreshments were served.

KU KLUX KOLLUM

Leila says that she's getting a lot of fun of being a charter member of the boxing club.

* * *

Amos says we'll be putting out four pages of ads by June. It looks that way.

* * *

When Jack Nolan asked Lyle what she bobbed her hair for she replied, "For a year or two."

* * *

Katherine Morton and Margaret Morris got lost in the basement of the library last week.

* * *

The bule-eyed grape gatherers are practicing diligently.

* * *

Have you ever noticed how importantly John Tallman strolls around Vorhees'—as if he were manager of something.

* * *

It's time to call the Frosh down again; they seem to enjoy dashing madly out of Chapel.

* * *

After hearing the cigarette question discussed quite energetically, in English I, and the same old story about the use of tobacco in youth stunting the growth we look at John Holland and Jack Yates and we wonder.

* * *

We also wonder:

If Dorothy Jean enjoys keeping the animals company?

* * *

Why the men monopolize Murray's?

* * *

As they are gracefully draped over the counters, smoking Camels or chewing "O Henry's", what remarks they make, complimentary or otherwise, about the girls who happen to enter their sanctum?

* * *

Who swiped the ice cream last week?

* * *

How many people have promised the "folks" that they will "bring them up" in the next two months?

What our high school guests will think of C. C.?

CLASSICAL CLUB

(Continued from page one)

del; Casticus, Margaret Ellis; Dumnorix, Dorothy Smith; Daughter of Orgetorix, Joanne Heckenlively; Magistrate, Anna Jane Hitchcock; Informer, Luella Pyle; Mob, Dr. C. C. Mierow, Leslie Moreland, Jack Dern, and Melvin Haymes.

After the play the entire company joined in singing Latin versions of "Jingle Bells", "America", and several other familar songs.

DELTA EPSILON HOLDS

(Continued from page one)

dent of the organization, which was founded in 1921 for the purpose of stimulating interest in scientific research.

Delta Epsilon was organized with the intention of national expansion and will take the place in smaller colleges which will correspond with the Junior Zigma Xi in universities.

AUBREY DEVINE TO COACH

(Continued from page one)

country. While continuing his course in the University, he would assist McDevitt with the gridiron squad.

In addition to this change, the athletic board and the chancellor are considering plans for the building of a new stadium. Athletics at D. U. are now on a sound financial basis and Chancellor Harper is strongly in favor of the stadium.

Scraps from the Training Table

Captain Amidon reports that before long the baseball team will be in shape to play a game. Our chances look good for having a winning team this year. With Roasty Louthan, and Clarkie Robinson on the mound, and Harvey receiving the battery will he an experienced combination.

* * *

First Year Men Show Up Good

Several of the first year men are showing up well. Bryden has pretty form, and a peg that knocks them off their feet. Broyles and Wiener also show up as good material. These men are going good and will make a strong addition to the team.

* * *

Game With St. Regis

It is hoped to have a practice game some time soon with St. Regis, of Denver. This will give the team a chance to show what they will do and also some practice. The Miners have already played two practice games. Our first game comes off with them at Golden April 12.

* * *

Wrestling and Boxing Squads Train for Meet

The wrestlers and boxers going to Bolder for the conference meet are training hard. In all probability Dixon, who lost the referees' decision in the meet with D. U., will be able to go with the team.

Mrs. Archbold R. Jones, nee Marjorie Mankins, '21, visited on the campus this week.

Young Men's Sport Suits

With the opening of the season at Country Clubs close at hand we are presenting ready for immediate service exclusive fabrics and individual models in four-piece Sport Suits tailored especially for us at Fashion Park.

The Suits with Norfolk Jacket, Waistcoat, long trousers and wide English Knickerbockers will be appropriate for general wear and sports wear. While the lounge Sport Suit with its loosely draped plain Sporting lounge Jacket may be worn either in town or at the club.

In our showing which ranges in sizes from 32 to 44 chest measure you will see the same identical tweeds and homespuns that are worn by the fellows of Eastern Universities and Colleges.

C. C. GLEE CLUB TRIP STARTS APRIL 19

To Visit Southern Cities; Home Concert April 27 in Perkins Hall

The Men's Glee Club has been putting in some intensive work under the direction of Professor Fling, in preparation for the concert tour. It has produced a well-balanced program consisting of: Selections by en tire club, vocal solos, instrumental solos, harmony quartette, readings, and a jazz band.

The Club will leave here April 19.

The schedule arranged is as follows: Trinidad, on April 20, afternoon and evening; Fowler, on April 21; Las Animas, April 23; La Junta, April 24. The boys will return here April 25, and will give the home concert April 27. They will probably give a concert in Denver at a later date.

Two of the most important features of the home concert will be, vocal solos by Theodore Winans and by Harry Taylor, and a violin solo by Ralph Heller.

FIRE DAMAGES PHI DELT HOUSE

"Mickey" McBride and "Brad" Kidder are holding a fire sale of one badly burned "Tux" and one pair of shoes for the same foot this week as a result of fire in the Phi Delta Theta house at 1319 N. Nevada last week. We are not saying that this is all they had, but it is all they had left besides what they were wearing. The fire started while they were out "fussing."

Everybody was downstairs and unaware of anything out of the ordinary taking place, when suddenly a passerby broke in on them and informed them that their third floor was on fire. Of course, the fire department was summoned and the fire was extinguished before much damage was done. It merely destroyed one room and part of another was destroyed by water.

Physics Department Showing Science Movies Every Thursday

A series of movie-lectures in "Visual Education" is being conducted by the physics department of Colorado College under the direction of Professor R. R. Tileston, the head of the department. The first lecture was given last night at 7:30 in Perkins Hall. Three pictures were shown: "Construction and Operation of the Panama Canal"; "Ocean Liners, Construction, and Operation"; and "The Potter's Wheel". These lectures are open to the public and will be given every Thursday night for a period of five weeks.

Y. W. CABINET INSTALLED IN CANDLE LIGHT

The installation of the new cabinet members of the Y. W. C. A. took place in Bemis Wednesday evening. Both incoming and outgoing members wore white. After the prayer and scripture reading the candle lighting recognition service was carried out. Mary Hicks, retiring president, gave a few words of welcome to her successor Katherine Wilson, and the new cabinet.

(Continued on page 2)

Dean of Women Makes Speaking Tour of High Schools

Mrs. Mabel B. Lee, Dean of Women, has just returned from the northern part of the state where she spent the spring vacation speaking to high school audiences about the advantages Colorado College has for high school graduates, particularly for girls. Dean Lee spoke at each of the Denver high schools and at high schools in Castle Rock, Englewood, Brighton, and Greeley. Of the eight thousand students she addressed five thousand were girls, and Mrs. Lee is expecting several of these girls will attend C. C. next year. While the dean was in the northern part of the state she addressed a meeting of high school and college officials at Boulder who had met to discuss college entrance requirements.

After Mrs. Lee has addressed a woman's club in Pueblo Saturday on "The Passion of Oberammergau," she will leave for the Western Slope where she will speak to students at Salida, Buena Vista, Grand Junction and Montrose.

Tiger Baseball Prospects Good. Practice Game This Afternoon

As an added attraction to the already elaborate program for the high school students here over the week end, the Tiger baseball nine crossed bats with the Light Co. nine this afternoon on Washburn field. The Tiger went to press before the game started.

The Tigers open the baseball season, with Mines on May 11. If the Tigers run true to the form that they have been showing in early season practice, they should be able to take the Orediggers into camp. In their first two games with the Ideal Bakery nine, members of the City League, the Bengals annexed the long end of the score in each affair. The features of the game so far as the Tigers were concerned were the ability of the Bengal sluggers to connect and the good showing made by the C. C. pitchers.

At present the infield is giving Coach Lavik little worry. "Gob" Harvey, probably the most consistent hitter in the conference is slated to hold down the receiving department. As his understudy, he will have "Doc" Hunter, also a good hitter and a neat catcher. Wessen has made good at short and although pretty large for that position, manages to stop the "hot ones." At

(Continued on page 4)

Glee Club Concert Broadcasted by Gazette-Marksheffel

Beginning at 8 o'clock Wednesday evening the Gazette-Marksheffel Radio station broadcasted a musical program given by the Colorado College Glee club, under the auspices of the Knight-Campbell Music company. Prof. H. R. Fling, director, had charge of the program, which was practically the same as the one that will be used on the club's annual tour through the southern part of the state next week.

The program given by the club included vocal solos by Theodore Winans and Harry Taylor, violin solos by Ralph Heller, a piano medly of popular songs by William Mast, and several selections sung by the entire club. The singing for the evening was finished off by a number of college songs and concluded by "Our Colorado", thus giving the true atmosphere of a college glee club concert.

ALPHA KAPPA PSI PLEDGES FIVE MEN

The last day before vacation five men were pledged to Alpha Kappa Psi, the national business fraternity. These men were: Albert Linger, Robert Swan, Stanley Delaney, Dwight Strother, and William Fisher.

The local chapter of the fraternity was founded in 1919 and is known as Sigma chapter. In the near future the fraternity plans to publish a booklet on the course in Business Administration and Banking in Colorado College.

Tigers Meet Miners In Golf April 21 on Broadmoor Links

Captain Ez Cornell has donned his knickers, gotten out his niblick, driver, and putter, and issued the official call for all golf candidates. So far Cornell, Yates, Morton and Young are the only ones to heed the call. Cornell and Young are members of last year's team and the other three men give promise of rounding out a good Tiger team.

The first meet of the season will be with Mines at the Broadmoor golf course on April 21. The following week the Tiger team will again meet the Mines at Denver. On May 5 Denver comes down here in an effort to stop the Tigers. May 12 will see the Tigers battle Boulder team and on May 25-26 the Bengals will journey to Denver where the conference meet will be held. It will in all probability be held on the Country Club course.

There will be added attractions at the conference meet this year. There will be awards for not only the best team but also individual champions in various events. The matches that will be staged are as follows:

Team match, 72 holes—match play—each team of four men. The prize for the winner will be the Rocky Mountain News Trophy.

Individual championship match, 72 holes—match play. A championship trophy will be offered in this event.

Driving contest, 3 balls. First and second prizes.

Approaching contest, 3 balls. First and second prizes.

Putting contest, 3 balls. First and second prizes.

Faculty member contest, 36 holes. In this event one representative from the faculty of each college represented will be entered and prizes will be offered for first and second places. It is hoped to have individual prizes for the members of the first and second place teams.

Professor Fuller has been chosen as faculty supervisor of the golf team and also faculty representative in the Conference Meet at Denver.

Larry Wolfe Wins Boxing Title in His Class

Boulder won the wrestling meet with Mines, D. U., Aggies, and Wyoming all tied for second place, C. C. winning no points. Aggies, Wyoming, and Boulder tied for first place honors in boxing, and D. U. and C. C. tied for second place but by the flip of a coin Boulder won the cup.

Larry Wolfe, the only C. C. entry in boxing won Friday and Saturday by decisions and took the conference championship for the 125 pound class.

HIGH SCHOOL SENIORS GUESTS OF C. C. AT PAN PAN AND ATHLETIC CARNIVAL

Baseball Game, All-College Dance and Triangular High School Track Meet Added Attractions. Fraternity Houses and Dormitories Open to Visitors

C. C.'s party for the visiting high school Seniors began this afternoon with the arrival of many of the early comers from all over the state. According to the announcement made in chapel on Thursday, these students are being met by their C. C. friends who invited them. The men are to be taken to the office of the Field Secretary and the women to the office of the Dean of Women in Bemis Hall for registration as soon as convenient.

The program for the visitors began this afternoon at four o'clock on Washburn Field with a practice baseball game between the C. C. team and the team of the Colorado Springs Light, Heat and Power Co.

Pan Pan Tonight

Tonight at 7 P. M. sharp, the Pan Pan will be held in Perkins Hall. This is absolutely the best bill of concentrated, syncopated vaudeville to be found on the boards today in any theatre or college auditorium, and represents the bringing together of the best talent of a group of six hundred people. The program is lined out as follows:

Act 1.—"A Night in the Quad"
. . . . . Pi Kappa Alpha
Act 2—"Snow Ball Dance". . . . . Town and Hall Girls
Act 3—"His Father's Only Son
. . . . . Minerva Literary Society
Cast
Mr. Sud, the director . . . Frances Tucker
Miss Pencil, the vamp. . . Harleyn West
Mr. Inkwell, the villian . . . . . Janet McHendrie
Miss Ivory, the heroine . . . . . Katherine Morton
Miss Wouldbe . . . Margaret Smith
Mr. Ivory, financier . . . Frances Miller
Mr. Ruler, hero . . . Margaret Morris
Act 4— The "Foolies" . . . . . Hypatia Literary Society
Act 5 "Bubbles" . . . . . Contemporary Literary Society
Extra. Teaser from "Enter Madame." Theta Alpha Phi Play.
"C. C." Talk by W. D. Copeland, Field Secretary.
Act 6—The Phonograph Shop.
Time—Most any Saturday afternoon.
Place—Anywhere.
(a) I Gave You Up Just Before You Threw Me Down . . . . . Phi Gamma Delta
(b) Turkey In the Straw. . . . . Sigma Chi
(c) Old Fashioned Girl In A Gingham Gown . . . . . Phi Delta Theta
(d) Carolina In the Morning . . . . . Kappa Sigma
(e) Where the Bamboo Babies Grow . . . . . Beta Theta Pi

There will be no admission to the Pan Pan. Everyone is requested to be in Perkins Hall at 7 o'clock, on time, in order that the show will not run over on the time of the All College dance in Cossitt Gymnasium which follows immediately. Peyser's orchestra will supply the music for the dance.

Tomorrow afternoon on Washburn Field a triangular track meet will be held between the local high school and teams from Canon City and Florence. This will not be in connection with the program of the college but the visitors will find time to attend if they wish.

Athletic Carnival Tomorrow

The Athletic Carnival begin tomorrow night at seven-thirty in Cossitt Gymnasium. It might be said that the carnival will be found throughout the whole building, for there will be activities from top to bottom in the edifice but the main attractions will be grouped in the gymnasium. Every

Track Men Rounding Into Shape for Hard Season

With the advent of good weather, C. C. track prospects are beginning to brighten and it seems that the Tigers will have a good chance at the Conference meet in spite of the fact that only a small number will be out.

MacDougall is getting himself into condition for the sprints. He should be able to win the hundred and two twenty, providing some stiff muscles get limbered up. In the hurdles, Greiner and Briggs will give any man in the conference good competition. Graham is out for the high hurdles. Patterson is the class of the conference in the four forty. Hamilton is working hard at the half and should be able to better his previous marks in this event. In the distance runs are Green, Weiner, Willis, and Richardson. Willis has been in some high class meets of the Big-Ten conference and should prove himself good competition for the best of them. Green is a veteran of other C. C. track teams and has the experi-

(Continued on page 2)

Math Association Meets in Denver

The Rocky Mountain Section of the Mathematical Association of America held its seventh annual meeting at the University of Colorado, Friday and Saturday, April 5th and 6th. This section includes representatives from colleges in Colorado and Wyoming. The main purpose of the association is to discuss rising mathematical problems. Professors who are members of the organization are able to use a more uniform method of teaching.

Dr. Frank H. Loud, Colorado College, gave an address Friday on "A Game of Solitaire for an Arithmetician". Prof. Charles H. Sisam was to have given an address the same day on "Ruled Qartic Surfaces", but was unable to attend because he was ill with the flu.

J. Q. McNatt of the Colorado Fuel & Iron Company, Pueblo, was elected chairman and Dr. G. H. Light of Colorado University, secretary-treasurer. The 1924 session will be held next spring vacation at Pueblo.

Tryouts for Junior Farce to be Held Tomorrow Morning

Tryouts for the Junior farce, "Stop Thief" will be held Saturday morning. All those, ambitious for a place in the cast are urged to come out. There are seventeen parts to be filled.

The production will be coached by E. Benson Sargent. Mr. Sargent has coached several other Junior play successes. The play will be given May 4.

WELCOME HIGH SCHOOL SENIORS.

We are glad to welcome out of town high school seniors who are taking advantage of this opportunity to visit Colorado College under conditions somewhat similar to what they can expect as a regular thing. There is nothing exceptional about the entertainment planned. We are merely being "at home" to the people who will make up a great part of next year's freshman class. Thus no false impressions need be received. We are showing you the kind of good times we are used to here, Seniors, and if you want to see more you may.

It is easier to go to college, particularly Colorado College, than it is to go out in the cold world and work steadily. The average college student working his way thru college earns nearly as much during his school year as his friends who do not go on after high school and at the same time he is fitting himself for bigger and better things. For the high school senior who is not financially dependent upon his own efforts there is no excuse for not taking advantage of college opportunities.

The man or woman who has finished high school is much better fitted for life than the graduate of a grade school but the gap between high school graduates and college graduates is proportionately as great as the gap between graduates of the kindergarten and the high school. The reason for this is that the high school work is really a part of the college work which is useless without the finishing. A good foundation is needed for a good house but the best foundation in the world is useless without a house on it. "Much good work is lost for the lack of a little bit more."

HIGH SCHOOL SENIORS

(Continued from page one)

fraternity on the campus has some amusement and the visitors will find things in the gym that they never supposed could be confined in one building. The general admission will be ten cents and each attraction will cost but five cents after entrance has been gained. Tickets for the attractions will be bought at the door.

All visitors will find accommodations at the fraternity houses and halls. The men will be lodged at the fraternities and in Hagerman Hall, while the girls will to taken to Bemis Hall and possibly to homes of town girls. Inquiries concerning these arrangements may be made at the Field Secretary's office or at the office of the Dean of Women. Meals during their stay will be served to the men at Cossitt Hall Dining Room and to the girls at Bemis Hall.

James S. Flaherty visited his parents in Denver during the spring vacation.

* * *

John C. Worden, formerly of Colorado Springs, and now a student at the School of Mines visited with friends on the campus last week.

* * *

Mary Clegg Owen and Isabel Postlethwaite entertained at the home of the latter, 1604 Wood Avenue. Saturday in honor of Edna Earnest of Sante Fe, N. M., a former C. C. student. Miss Earnest was the guest of Miss Postlethwaite.

* * *

Miss Marjorie O'Brien, who is teaching at Cripple Creek, and Miss Rowena Hampshire of Canon City visited College friends during the vacation.

* * *

Mrs. Ralph J. Gilmore has been ill at her home for the past two weeks.

TRACK

(Continued from page one)

ence to carry him through. Sewell is an all-round track man. Pole vaulting, broad-jumping, and high-jumping are a few of the events in which he excels. He is sure to garner some points for the black and the gold. Rose is out for the pole vault, and according to his high school record, should be listed with the first. Kidder is eligible for the high jump and, providing he goes out, will probably win out in this event. In the weights the Tigers are not very strong. Brumfield is expected out and might add something to the team. Putnam, DeFries and Brown are all out for the weights. Schoonover is working and it is doubtful if he will be able to come for these events.

The first meet of the season will be a telephone meet with Aggies on April 28. This will follow the interclass meet on April 21, which will give the Coach a better line on his men. On May 11 is the dual meet with Boulder at Boulder, and on the 19 is the Conference meet at Boulder. There is also a tentative plan for a dual meet here with Mines on May 5 but this plan is subject to final action to be taken by Mines.

Y W ELECTIONS

(Continued from page one)

The results of the Y. W. C. A. election held shortly before spring vacation are as follows:

President, Katherine Wilson; vice-president, Margaret Morris; secretary, Ruth Allen; treasurer, Lorene Reynolds; representative to Student Commission, Anne Wrye; undergraduate representative, Evelyn Stannard.

The following appointments have been made: Chairman of membership committee, Margaret Morris; Chairman of program committee, Jean Collier; chairman of music, Margaret Osborne; publicity chairman, Helen Sewell; ways and means chairman, Florence Wilson; sub chairman, Dorothy Glynn; social chairman, Florence Wilson; Rest Room chairman, Lavetta Tevebaugh; sub - chairman, Nina Whisler; employment chairman, Margaret Ellis; Church affiliation, Anna Jane Hitchcock; Papetown, Margaret Knowles and Mary Patterson; World Fellowship, Irene McClelland; Girls' Clubs, Lucy Fast.

The term of office of each of the above dates from Wednesday evening, April 11, when they were installed in office.

VOLTA EXPLAINING HIS BATTERY TO NAPOLEON

How Electrical Engineering began

IT IS not enough to experiment and to observe in scientific research. There must also be interpretation. Take the cases of Galvani and Volta.

One day in 1786 Galvani touched with his metal instruments the nerves of a frog's amputated hind legs. The legs twitched in a very life-like way. Even when the frog's legs were hung from an iron railing by copper hooks, the phenomenon persisted. Galvani knew that he was dealing with electricity but concluded that the frog's legs had in some way generated the current.

Then came Volta, a contemporary, who said in effect: "Your interpretation is wrong. Two different metals in contact with a moist nerve set up currents of electricity. I will prove it without the aid of frog's legs."

Volta piled disks of different metals one on top of another and separated the disks with moist pieces of cloth. Thus he generated a steady current. This was the "Voltaic pile"—the first battery, the first generator of electricity.

Both Galvani and Volta were careful experimenters, but Volta's correct interpretation of effects gave us electrical engineering.

Napoleon was the outstanding figure in the days of Galvani and Volta. He too possessed an active interest in science but only as an aid to Napoleon. He little imagined on examining Volta's crude battery that its effect on later civilization would be fully as profound as that of his own dynamic personality.

The effects of the work of Galvani and Volta may be traced through a hundred years of electrical development even to the latest discoveries made in the Research Laboratories of the General Electric Company.

KU KLUX KOLLUM

Thursday of vacation Anna Small entertained about forty friends at a dancing party, given at the home of her aunt, Mrs. O. H. Shoup.

* * *

Ford Carlisle and Arthur Sharp went on a camping trip.

* * *

Louise Danks entertained the following at an informal bridge party last Tuesday afternoon: Phyllis Tarr, Hazel Guley, Eleanor Fish, Marjorie Harrison, Louise Cody, Janie Love, Ruby Wilt and Helen Sewell.

* * *

Ruby Wilt, Louise Danks, Marjorie Harrison, Janie Love, Charlotte Waterfield, Louise Cody, Helen Sewell and Hazel Guley hiked to Bruin Inn Friday.

* * *

Marian Lamme, Mary Patterson, Ted Street and Melvin Weimer spent Monday afternoon jazzing around the country in Melvin's car.

* * *

Bob Spurgeon is back, after a long absence because of illness.

* * *

Some of the hall girls who remained at Bemis during vacation spent part of their time hiking. They were: Mary Arms, Lyda Tripler, Nina Whisler, Betty Arms, Irene Beardsley, and also Helen Gildea.

* * *

Carlite Wetherell entertained the following at a bridge tea: Mary Merriman, Frances Tucker, Margaret Osborne, Helen Gildea, Laura Reid, Eloise van Diest and Mary Burgess.

* * *

District XX of Beta Theta Pi held its annual reunion at the Boulder chapter house, April 7. All of the Colorado and Utah chapters were represented. Paul Sweeney was the delegate of the C. C. chapter. Fritz English, Russell DeFries, and James Flaherty also visited the chapter house and report the reunion a success. The Mines chapter will be the host next year.

* * *

Beall, a guard on the Denver University basketball squad has finally been chosen to captain next year's team. Beall played on the second squad this winter.

* * *

Professor Goodenough ranks second so far in the chess tournament that is being held at the Y. M. C. A. He has only lost one game out of eight.

* * *

Prof. and Mrs. Parker returned to town Monday morning after a month's stay in the East. Their trip was caused by the death on March 8 of Mrs. Parker's father, Mr. Frank Wallen, the artist, of Morristown, N. J.

* * *

The Betas have offered their house to the Senate Literary Society of Colorado Springs High School for that Society's next dance.

President Duniway Tells of Easter Customs in Madrid

President C. A. Duniway made the opening address after Spring vacation, at chapel Wednesday morning, upon the true spirit of Easter and how it should be carried out in a true Christian like manner.

Dr. Duniway described his visit to Madrid some thirty years ago and how he attended early Mass in the Cathedral in the morning, and witnessed a bull fight in the afternoon, later watching a magnificient parade in the evening. He then described a Fashion Parade in New York City upon an Easter morning, with the street urchins at the church doors begging for money and the newspapers later in the day describing the Parade and telling of all sorts of trouble in the world at the same time. He then described the recent trouble in the Rhur valley and the Easter morning killing there, drawing a contrast between the three places described.

The net impression of the contrasts was that there rests on all Christians to see to it that these conditions shall not be consistant in the lives of Christian men and women, especially on Easter, and that the spirit of brotherhood, kindlyness and service be the true Christianity for all time thru out all Christendom.

BASEBALL

(Continued from page one)

first is MacDougall, one of the best first sackers seen in this conference for some time. He is a natural fielder and also has a healthy wallop. At second is Weiner, a regular speed demon at his position. Shorty steps into the ball and generally drives out a safety. At third is Captain Amidon, one of the fastest men in the conference. Al has a good arm which can catch the fleetest of them at first.

As to the outfield it looks as if Woods, Bryden, and Patterson were there to stay. However Coach Lavik has declared himself in favor of a hard hitting trio to hold down the garden positions. This may mean a shift in the lineup at any time. Robinson, a good fielder and a pitcher by trade, may be shifted to the outfield on account of his ability as a slugger. The same thing applies to McAlister although the latter will be in demand as a pitcher. Strother and Brown are also out for the outfield berths and either man may find himself in the lineup at any time.

The C. C. pitching department seems to be in better shape this year than in several seasons. Louthan, a veteran of other Tiger nines, is out again this year and is putting lots of good old stuff on the ball. The chief trouble with Louthan last year was his inability to last the whole nine innings. If "Roasty" can improve his game to the point where he can go to the limit, he will probably hold the best of the conference maulers at his mercy. McAlister is showing up well also. He has plenty of speed and a good hook which can fool the best of them. He will probably be sent in to alternate with Louthan on the mound this year. Graham is also out, and with a little more experience may prove to be the coming pitching ace of Tiger nines.

Prof. and Mrs. Gilmore Entertain Delta Epsilon

The home of Professor and Mrs. Gilmore has been the scene of many parties for his students, but the week before Easter vacation was one of unusual activity there. Sunday evening the party was in honor of the birthday of Bobbie, their little daughter. Tuesday evening, the students enjoyed waffles. Wednesday evening Delta Epsilon, honorary scientific fraternity held its annual meeting for initiation of new members. Eight undergraduates, one graduate, and two faculty members were initiated.

CROWDS TAX CAPACITY OF BUILDINGS AT ENTERTAINMENT FOR C. C. GUESTS

Pan Pan, All-College Dance, Carnival and Many Private Parties Keep Visiting High School Seniors Busy Over Week-end

The Pan Pan Friday night was given before a packed house, and went off smoothly. The stage was prepared in the late afternoon and the last piece went into place almost as the curtain rose on the first act. The acts were a mixture of music, humor, and dexterity. W. D. Copeland, Field Secretary, made the speech of welcome to the students. Bronson Cooke was in active charge of the Pan Pan, and Harold McBride handled the stage and the property.

After the Pan Pan, the crowd moved to Cossitt Gym where the All College dance was held. This dance was a little different from the usual All College in that there were more men than women and the men had to be the wallflowers when they were a little slow.

Saturday night, again the guests appeared at Cossitt Gym to find it transformed into a carnival grounds. Concessions appeared on every hand, across the way a roller coaster roared, frequent shots came from a bar-room at one end of the room, while screams emanated from a tomb at the other end. A large crowd attended all through the evening and included townspeople as well as the students and their guests. The Carnival committee, in charge of Professors Okey and Gilmore, reported a profit of nearly $200. The Pi Kappa Alpha roller coaster and Kappa Sigma's King Tut's tomb were the best money-making devices of the evening.

At the Beta Theta Pi dance in Cossit dining hall, an interesting prize was given to a high school student. Miss Nedra Bayne of Raton, New Mexico, was presented with a pennant for having come the longest distance to visit C. C.

Men Guests of Fraternities

From the standpoint of pleasure, the two day party for the high school seniors was very successful. There were about forty-five men from Colorado and other states registered at various fraternity houses and thirty-two stayed at the halls. Only a half of the girls which stayed at the halls registered so that the list will have to be filled out by a canvas of the girls who were hostesses to the visitors. The registered list was as follows: Lucille Beatic, Alice Marie Croll, Gladys Briggs, Harriet Chapman, Mary Lee Burch, Mildred Meredith, Bessie McDonald, Helene Gale, Nedra Bayne, Grace Hammond, Dorothy Beckman, Maude B.

(Continued on page 6)

INTER CLASS TRACK MEET WASHBURN FIELD SATURDAY

There will be an interclass meet held on Washburn Field next Saturday afternoon. This is an annual affair, and it will probably decide who is to enter the telephone meet with the Colorado Agricultural College, one week from Saturday.

The Tigers are handicapped this year, by not having enough material to work with, however Coach Mead thinks that he will have a team that will give a good account of itself in the conference meets to be held this spring.

MacDougall will run the hundred, and two twenty. Greiner and Briggs are out for the hurdles. Graham will run the high hurdles. Patterson and Hamilton will run the half mile, these men are two of the fastest men in the conference. Green, Weiner, Willis and Richardson will run in the distance events. Sewell will enter in several events. Rose will probably enter the pole vault, and it is reported he can do the stunt. Putnam, DeFries, and Brown are out for the weights, the Tigers are weak in this branch.

The meet with Aggies will follow this interclass meet. Coach Mead hopes to be able to pick the men who will enter the events during the interclass meet.

TIGERS MEET MINERS IN GOLDEN TOMORROW

Orediggers Have Lost Two Games But Will Be Hard To Beat

The Tigers will play their first game of the conference season when tomorrow afternoon they will cross bats with the Miners at Golden. Possessing a fast fielding combination and a good batting array, the Tigers have a good chance to annex the initial game.

The Miners have already met with two reverses. Playing their first game of the season against Denver University, the Orediggers went down to an ignoble defeat. In the second game of the season they were trounced by Aggies in a very good game. Score 2 to 1.

The Tigers appear to have a formidable infield. Harvey will hold down the catching department. Last year he led the conference in batting. He also has a good peg that can catch the fastest at second. Wessen is improving his fielding game at short. In addition he is one of the safest hitters in the conference. Weiner, a freshman, is fast and covers a lot of territory around the keystone sack. Captain Amidon at third has not shown up to his last year's form in early season practice. Once started, Al Amidon is known to be one of the best fielding third basemen in the conference in addition to being a slugger. Three base hits are his specialties. MacDougall is a safe fielder and a slugger at bat. Last year he led the Tiger team in the matter of home runs. In the outfield, Bryden, Patterson, and Wood will probably find themselves in the lineup. All three men field their position safely, and manage to cover lots of territory. In the box, Coach Lavik will probably start "Roast Beef" Louthan. Louthan is much improved over last year. McAlister will also be ready for

(Continued on page 6)

SUMMER SCHOOL ANNOUNCEMENTS NOW READY

Publications, containing the Announcement of Summer Courses, at Colorado College that will begin June 25 and continue until August 3, are now available at the Field Secretary's office in the Administration Building. These pamphlets may be obtained by calling at the Secretary's office.

THETA ALPHA PHI PLAY PRESENTED TOMORROW NIGHT IN PERKINS HALL

First Appearance of "Enter Madame"

Tomorrow night the local chapter of Theta Alpha Phi will present "Enter Madame", a clever play written by Gilda Vafesy and Dolly Bryne. Since its introduction in New York in 1920 the play has been an unusual success and its first appearance in Colorado Springs will merit full support of all lovers of drama. In order to fully develop the possibilities of the play an all-star cast has been selected by Theta Alpha Phi. Jimmy Amos will play Gerald Fitzgerald, the masculine lead; Miss Frances Tucker in the temperamental Madame Della Robia. Miss Gertrude Klein is cast in a difficult character portrayal as Bice, Madame's Maid. Miss Gertrude Sherk and Bradley Kidder have two interesting juvenile parts in Aline Chalmers and John Fitzgerald, her fiancee. The other parts are Tamamoto, a Japanese servant, Ray Green; Mrs. Flora Preston, a widow, Miss Mary Clegg Owen; The Doctor, Mr. Jack Nolan; Miss Smith, Dorothy Nyhus; and Archimede, Russell Hunter.

The play is being produced under the direction of Mr. E. Benson Sargent. It is being managed by Mr. Harold E. McBride.

"Enter Madame" will be given at 8:00 o'clock, Wednesday Night in Perkins Hall. Tickets have been going well and a good house is assured.

High School and College Conference Discusses Entrance Requirements

The annual high school and college conference organized to discuss and determine college entrance requirements was held Thursday and Friday, March 29 and 30 at the University of Colorado at Boulder. The conference had a lively discussion concerning foreign language requirements, and another argument as to whether the colleges should recognize credits in high school vocational subjects.

Mrs. Mabel B. Lee, Dean of Women at Colorado College, delivered an address at the opening session on "The High School Girl and the College Girl." Colorado College was also represented by Dr. C. A. Duniway, Prof. W. D. Copeland, and Prof. A. E. Davies.

W. S. Roe, principal of the high school; R. M. Grindle, principal of the Lincoln Junior high school; and F. H. Blair, superintendent of schools, all of Colorado Springs spoke at the conference. W. S. Roe was elected president of the high school principal's division of the association.

C. C. MEN MAKE GOOD BOXERS FOR NAVY

Bob Mathews, a freshman at C. C. in 1919-20, was one of the stars on the boxing team of the U. S. Naval Academy at Annapolis, Md., this spring. He fought in the unlimited class and was instrumental in bringing another intercollegiate championship to the Navy. In Navy's final meet (with the University of Pennsylvania) to determine the championship the first six matches were divided evenly. Then, in the final match Mathews knocked a big quaker all around the ring and Navy was again supreme. Frank Schaede, a freshman here last year, was also on the Navy squad until he caught the flu.

NEW STUDENT BODY CONSTITUTION PROPOSED IN CHAPEL THIS MORNING

Chief Meyer Appointed Chairman of Committee of the Whole to Examine Details of Proposal Thursday Afternoon. Final Vote Next Tuesday

The chapel period was turned over to the Student Commission this morning for presentation of the proposed new student organization constitution published elsewhere in this issue. The new plan of organization was explained by R. S. McIlvaine, president of the Student Commission. By means of a huge chart suspended at the front of the hall, it was shown that the new plan embodies the creation of an Administrative council of eleven members, elected at large with the further organization of minor councils and committees under the control of this council. A chairman of the council is to be elected by the council itself from its membership.

The plan does away with the present inefficient system of representation of various groups on the campus and the election of only the administrative officers at large. Under the new plan the members of the Administrative Council, being elected by the student body at large, work for the interest of the student body as a whole rather than for the interests of their particular groups.

A comprehensive scheme for handling publications, dramatic presentations, athletic contests, etc., is also part of the new plan. It is believed that with a better organization financing student activities will be more successful than under the present system.

Erwin F. Meyer was appointed chairman of the committee of the whole to consider the adoption of the new constitution at a meeting to be held Thursday afternoon at 3:30. Meyer is familiar with the procedure of legislative committees and is well fitted to handle the work in committee necessary for full consideration before final vote.

The vote on the ratification of the new constitution will be taken at a special assembly of the student body, April 24.

TIGER-MINER TENNIS AND GOLF SATURDAY

Golf in Morning on Jewett Links; Tennis in Afternoon

The Colorado College golf team will meet the team from the Colorado School of Mines, at Colorado Springs, next Saturday morning at 9 o'clock. The meet has been changed from the Broadmoor to the Jewett links north of the city.

The team is composed of: Captain Cornell, Young, Morton, and Yates, with Dixon substitutute. The Mines team is composed of Jones, Price, Baylis, and Maxwell, two of these men Price and Baylis were letter men last year. These men were down last Sunday, and practiced on the Broadmoor links.

Intercollegiate golf is steadily increasing in popularity and should be backed the same as any other college sport. With a little pep shown next Saturday morning on the links these men will probably win the tournament.

Next Saturday afternoon the Tiger tennis stars will meet the Miners, at Colorado Springs. The tennis team has been chosen, and the following men will represent C. C.: Captain Koerner, Wolfe, Hill, Fisher, and Rose. This meet is held in connection with the golf meet, golf in the morning and tennis in the afternoon.

The Miners are a fast bunch, and it will in all probability be a fast meet.

Four Girls Win Numerals In Indoor Track Meet

At the regular meeting of the W. A. A. Board last Wednesday, the following girls were awarded numerals for excellence in the indoor track meet held before vacation: Betty Clark, '25; Gladys Theobald, '26, and Mary Cox, '26.

The sports which are to take the place of the winter indoor work are: hockey, tennic, track and riding. A schedule of the hours for these is posted in McGregor Gym. It was decided that a deposit of ten cents must be made by each girl desiring to play tennis. This will entitle her to the use of the courts and the Association balls at any time. Balls must be returned, however.

The secretary was authorized to procure a javelin, tennis balls, and a steel tape for use in the spring sports.

DEMONSTRATION MEETING

The use of the three electrode vacuum tube in connection with the loudspeaker, oscillator, and wireless telephone will be explained and demonstrated by Mr. Boucher of the department of Physics, Colorado College. The lecture will be given in Room 3, Palmer Hall, at 8:00 P. M., Tuesday, April 17.

Those interested in wireless and other applications of the vacuum tube are invited to attend.

PROF. ALBRIGHT ASKS BETTER SPIRIT IN CHAPEL

Guy H. Albright, Chapel officer, in a talk before the students Monday morning said that there was a decided slump in the conduct of the students during the regular morning exercises, and in their attitude toward chapel. He spared no class in his criticism of these faults.

GILMORE SECRETARY R. M. I. C. F. A. C.

At the last meeting of the Rocky Mountain Inter-Collegiate Faculty Athletic Conference, Prof. Ralph J. Gilmore was elected secretary. For the last several years Dr. Gilmore has been chairman of the rules and eligibility committee.

C. R. LACKLAND TO SPEAK TO A. B. CLUB TOMORROW

The next meeting of the A and B Club will be held in Cossitt Hall on Wednesday, tomorrow evening at 7:30 P. M. The main feature of the program will be an address by Mr. C. R. Lackland of Denver who will speak on "Labor Problems." Mr. Lackland happens to be in town at that time, having come here to address the Kiwanis Club. The Club is fortunate to have such a speaker talk to it on so timely a topic as the one the speaker has chosen.

"COURTESY WEEK"

"Hail ye small, sweet courtesies of life,
for smooth do ye make the road of it."—Sterne.

This week is Kiwanis "Courtesy Week" and well may the students of Colorado College turn and take notice of what may be said or done by the Kiwanians during that time. Not necessarily to learn to be courteous, or to learn that we should we courteous, because we already know that, but to learn THE VALUE OF COURTESY.

There is no line of business or social life in which courtesy does not count, and although we may think we are courteous enough there may be some rough spots to iron down. Let us aid the Kiwanians in their efforts to place the value of courtesy before the people, by profiting by what they may say or do and placing that value fast in our minds. —A. E. S.

COMMENTS

by Arthur Disbrane

Communist Trials

The recent trials of communists in this country serve to show every American just why the United States cannot afford to recognize Soviet Russia. The money for the vile propaganda that William Z. Foster and men of his type spread to the workers is financed from Moscow. Terrorist methods are the methods of communism and it is to be hoped that the courts of the nation will show no leniency what so ever in dealing with the communist troubles, and trouhle makers.

Probe Sugar Situation

The recent advance in the price of sugar has caused some unrest in the commercial centers of the nation. The government is investigating the cause for the rise in prices of essentials. If they can trace the evil to the speculators they should be punished and steps taken to prevent any reoccurrence of price boosting for the benefit of the Wall Street Crowd.

German Money Fairly Stable

One of the peculiar phenomena in the economic world is the way the mark has remained fairly stable in spite of the fact that the circulating medium has been more than quadrupled since the first of the year. Some say that it is because the French are forced to buy marks in the occupied areas and that this purchasing is having the effect of stabilizing the mark. However that may be; it remains that the French have quadrupled taxation since the armistice, and, in spite of that burden has her commercial and economic life in a flourishing condition. If it were not for the awful cost of repairing the wanton damage of the Germans during the war the French would be more than balancing their budgets. The cost of the Ruhr invasion is insignificant when compared to the cost of re-habilitating the devastated areas of northern France.

Government Ownership a Failure

Those who are staunch advocates of a government owned railway system will do well to study the shipping situation. The government owned ships are costing the taxpayers of this country more than it is costing France to occupy the Ruhr valley, if the cost of both be figured on a yearly basis. It will be impossible for any nation to be a competitor on the high seas unless it is willing to subsidize it's merchant marine. That is because an efficient merchant marine is as much of an asset to a nation as a fleet of battleships.

European Nations Learned by Experience

Those who howl and say that it is the capitalist system that has been on trial in this country and has failed will be greatly benefited if they look to the failure of government owned and socialized industries of Europe that have gone down to failure. All of these nations that have huge debts and deficits in their budget's facing them are more than anxious to sell the government owned and controlled industries back to capitalists. It is interesting to note that the League of Nations has recommended that the Austrian state owned and all other co-operative and socialized industries be sold as a prerequisite to a stabilized economic condition. It has taken some of the nations a long time to recognize this but even Soviet Russia is now pleading with the capitalists of the world to work out the salvation of Russia.

Labor Union Banks

There have been several large banks, labor union owned and controlled, that have been successful during the last two years. This has been done by the railroad unions for the most part and it has been the unions that did not call their men out in the late strike that have been able to do this. Such instances serve to show the average thinking American that the American working man has little in common with the workers of the other countries. Such banks would be frowned upon in a country where the workers are largely socialists. Just so long as American Labor sees fit to ignore European workers' psychology just so long will the American nation prosper and be economiially ahead of the rest of the world.

Severini to Pitch for D. U.

Joe Severini, star pitcher of the Denver University baseball team of last year, has returned to the university and enrolled in the School of Commerce. He will be eligible for team. The Ministers believe that with Severini pitching they will have the best chance of winning the conference title. Severini has a contract with the St. Louis Browns and will probably report to them in June.

"ENTER MADAME"

"ENTER MADAME"

The biology lab students have adopted a cat as a mascot. This cat insists upon frequenting the laboratory, and it is rumored, he greatly enjoys frogs and cooked water dogs three times daily. A suggestion has spread like wild fire that he should be named Tozzer. For a cat, Tozzer has become an excellent authority on questions arising in the biology department as to the final disposition of perfectly good refuse about the laboratory.

KAPPA SIG SISTERS AND SWEETHEARTS ENTERTAIN

Last night the Colorado College chapter of Kappa Sigma Sisters and Sweethearts entertained the members of the Fraternity at their chapter house. Refreshments were served after the meeting and music and talk filled up the program.

In the organization are: Misses Betty Arms, Mary Arms, Helen Gildea, Helen Tucker, Hazel Round, Alberta Matteson, Katherine Morton, Helen Morton, Marie Awes, Mary Cox, Marian Lamme, Frances Miller, Irma Patton, Naomi Counts, Lodice Everett, and Marian Fling.

This is the third of such entertainments that the sisters have provided for the members.

ATHENIAN NOTES

March 30 the Athenians debated the question, "Resolved: That the United States should have uniform marriage and divorce laws." Helen Finlay and Lorene Reynolds upheld the affirmative and Dorothy Graves and Dorothy Roedel upheld the negative. The decision was in favor of the affirmative.

The first regular meeting of the Society following the spring recess, was held Thursday, April 12th, in North Cheyenne Canyon.

The Anthenian Open Meeting will be held April 19th at 4:00 o'clock in Cogswell Theatre. All C. C. students and members of the faculty interested in debating are invited to attend.

Alumni of the local high schol art club had breakfast in North Cheyenne Saturday. C. C. students who went were: Alice Reinking, Louise Danks, Eva Clark and Helen Sewell.

Cake Eater
—*model of 1900*

He was called dude and dandy then, but you recognize the type.

He majored in haberdashery and took his degree with honors in soxology.

As if that were not enough, he evolved some variations on the cake walk which made them stare.

He even found time to develop a remarkable proficiency on the tandem bicycle, and on Saturday nights he was good enough to bring pleasure into Another's life by wheeling away to the "Ten-Twent-Thirt."

To crowd all this into four short years would seem enough for any mortal. Yet in spite of his attainments there are times, in after life, when our hero wonders.

The glory of his waistcoats has long since faded, while his books are still fresh and clean. Did he perchance put too much thought into the selection of his hats and too little in what went under them?

CONSTITUTION of the ASSOCIATED STUDENTS of COLORADO COLLEGE

PREAMBLE

We, the students of Colorado College, in order to provide an organization for the settlement of executive, administrative and disciplinary matters, do ordain and establish this Constitution and By-Laws.

ARTICLE I
Name and Membership

Section 1. The name of the Association of students under this Constitution shall be The Associated Students of Colorado College.

Section 2. All registered students in full academic standing shall be active members of the Associated Students of Colorado College.

ARTICLE II
The Administrative Council

Section 1. The name of the representative board shall be the Administrative Council of the Associated Students of Colorado College.

Section 2. Membership. The Administrative Council shall consist of five seniors, of which number three shall be men and two women; three juniors of which number one shall be a man and two women; one sophomore man; and two faculty members.

Clause 1. Classification of students eligible for such election shall be determined upon the basis of years of attendance or hours of credit, and not upon faculty rating according to requirements.

Section 3. Nominations.

Clause 1. A Committee on nominations and elections shall be composed of the five existing senior members and the two faculty members of the Administrative Council, and they shall arrange for and conduct annual nominations and elections.

Clause 2. Candidates for the offices of the Administrative Council and the Disciplinary Councils shall be nominated on the last Friday in April, and the list of these nominees published in the next Tuesday's issue of the Tiger.

Clause 2. The rules and requirements under which nominations shall be conducted are as stipulated in Article III of the By-Laws.

Section 4. Elections. Both student and faculty members of the Administrative Council shall be elected by ballot from the published list of nominees, on the first and second Fridays in May, and shall hold office as hereinafter provided. The faculty members shall act as representatives of the President and the faculty of the College, in matters of advice concerning student activity.

Section 5. Terms of Office.

Clause 1. The term of office of the student members shall be for one year following the date of election.

Clause 2. The term of office of the faculty members shall be for one year following the date of election, and in no case shall any faculty representative be elected for more than two consecutive years.

Section 6. Vacancies. A vacancy due to any cause shall be filled by special student election, following the procedure of the regular election of members.

Section 7. Rules of elections. The rules and requirements under which the elections and recall elections of this Association shall be conducted are as stipulated in Article III of the By-Laws.

Section 8. Officers. At the first regular meeting to be held the Tuesday following elections, a Chairman, a Secretary and a Treasurer shall be elected by the Administrative Council from its membership.

Clause 1. The Chairman shall be a senior man, the Secretary a senior woman, and the Treasurer a junior or senior man.

Clause 2. The Chairman of the retiring council shall preside at the first meeting.

ARTICLE III
Powers and Duties of the Administrative Council

Section 1. Duties of Officers.

Clause 1. The Chairman shall preside at all meetings of the Administrative Council, and shall perform the usual duties of that office. He shall be ex-officio Chairman of a joint meeting of the Men's and Women's Disciplinary Councils, as hereinafter provided.

Clause 2. The Secretary shall keep minutes of all the meeting and keep on file all records of the Association. She shall act as Secretary for any joint meeting of the Men's and Women's Disciplinary Councils as hereinafter provided.

Clause 3. The duties of the Treasurer shall be laid down in Article IV. Section 2, of this Constitution.

Section 2. Powers and Duties of the Administrative Council.

Clause 1. It shall be the duty of the Administrative Council to require officers of the Association and all committees to comply with the provisions of this Constitution and to exercise all other powers in connection with student affairs not delegated by this Constitution to other sources.

Clause 2. The Administrative Council shall have full control over all non-academic activities of the student body as a whole, except those especially delegated to committees as enumerated in Article IV of the Constitution.

Clause 3. The Administrative Council shall approve or revise for approval all codes of procedure, all budgets, and appropriations hereinafter provided for, which shall be submitted by any committee.

Clause 4. All motions of all other organizations requiring appropriations of student funds, or solicitation of students or activities which aim to secure funds from the students, or any other action affecting the student body at large, shall be submitted to the Administrative Council for approval before going into effect.

Clause 5. The Administrative Council shall choose by consideration the following committees, from it members: 1. Finance Committee. 2. Publications Committee. 3. Social Committee. 4. Athletic Committee. 5. Music and Forensic Committee.

Clause 6. The Administrative Council shall choose from the student body at large, with the stipulated membership, the following Committee: 1. Enthusiasm Committee. 2. Tradition Committee. 3. Any special Committee which may be required.

ARTICLE IV
Powers and Duties of the Committees

Section 1. Rules of action and codes of procedure for each Committee shall be established by the first committees and approved by a two-thirds marjority vote of the Administrative Council and no change shall be made thereafter except by two-thirds vote of the Administrative Council upon motion by the Committee affected.

Section 2. Finance Committee.

Clause 1. Membership. The members of the Finance Committee shall consist of the Treasurer of the College, who shall not be a voting member, the Treasurer of the Administrative Council, and one senior man and one junior woman from the Administrative Council; the presiding officer of the Committee shall be the Treasurer of the Administrative Council. The Secretary of the Administrative Council shall act as the Secretary of the Finance Committee but shall not be a voting member of the Committee.

Clause 2. Duties. The Treasurer of the College shall collect all funds at the registration for each semester, under the official sanction of the Board of Trustees, and shall pay all warrants when properly approved. He shall assist in the formation of the budget for each ensuing year.

The Treasurer of the Administrative Council shall issue warrants upon the approval of the other two voting members of the Finance Committee; these warrants to cover all bills incurred by any other Committee to whom an appropriation has been made. No bills in excess of the amount stated in the budget shall be incurred by any Committee except as hereinafter provided, and no authority shall be vested in any Committee or any individual to incur a bill in excess of $25.00 without the approval of the three voting members of the Finance Committee. Special authority may be granted to committees or individuals for expenditures over $25.00, but within the budget appropriation by the Finance Committee, with approval by the Administrative Council.

The Treasurer of the Administrative Council shall have charge of and it shall be his duty to form the budget for all student funds, not later than January 10 of each academic year, with the aid of the other members of the Finance Committee. This budget shall be approved or revised by the Administrative Council. He shall make a complete financial statement to the Administrative Council at the regular meeting in October, December, February and May of each Academic year, covering all funds on hand, incomes and expenditures of each period, and the February report must be submitted to the student body at a general assembly. The senior member of this Committee shall receive and submit to the Administrative Council for approval all applications by student organizations or individuals or financial campaigns of any outside organizations, for either charity or business solicitation. No special appropriation shall be granted to any organizations which was not asked for and granted by the annual budget, except by a two-thirds majority vote of the Administrative Council.

Section 3. Publications Committee.

Clause 1. Membership. The Publications Committee shall consist of one of the elected faculty members, one senior woman, one senior man and one junior man, an alumnus of Colorado College elected by the Alumni Association, and the Editor and Manager of both the Tiger and the Nugget.

Clause 2. Candidates for positions of Editor and Manager of the Pikes Peak Nugget, official Annual Publication, shall submit their application for their respective positions to the Publications Committee. The Publications Committee shall investigate and report on the applications submitted and shall submit these reports to the Administrative Council who shall approve or disapprove such candidates.

The Editor and Manager of the Pikes Peak Nugget shall be elected by the Junior Class from the nominations approved by the Administrative Council.

Clause 3. Candidates for the positions of Editor and Manager of the Tiger shall be selected by the Publications Committee upon recommendations by the past Editor and Manager, and these officers shall be elected by the Administrative Council from the nominations submitted.

Clause 4. The three students members and the faculty member of the Publications Committee shall choose from applications committee, an Editor-Manager for the Students' Handbook, which shall be published according to rules and a code of procedure as provided for in Section 1 of Article IV of this Constitution.

Clause 5. The Tiger shall be edited and managed according to rules and a code of procedure as provided for in Section 1 of Article IV of this Constitution.

Clause 6. The Nugget shall be edited and managed according to rules and a code of procedure as provided for in Section 1 of Article IV of this Constitution.

Clause 7. The Publications Committee shall secure from the Manager of each of the three publications his requirements for appropriation under the Associated Students' Budget, and upon approval by the Committee shall submit these requirements to the Treasurer of the Administrative Council upon demand, and shall conform with all the laws prescribed by Article IV of this Constitution.

Clause 8. No program or other publication for which advertising is to be solicited shall be published by any organization whatever in the name of the student body of Colorado College, without the approval and permission of the Publications Committee, and such publications shall be governed by their direction.

Section 4. Social Committee.

Clause 1. Membership. The Social Committee shall consist of one faculty member from the Administrative Council, one senior man, one senior woman and the Dean of Women and the Dean of Men, all of whom shall be voting members.

Clause 2. This Committee shall arrange the social schedule for each semester, not later than October 10 and February 15 respectively. The senior woman of this Committee shall act as Secretary, and shall notify the organizations on the campus through the Tiger and by individual letters concerning the date on which all applications for places on the social schedule shall be submitted.

Clause 3. The Social Committee shall have definite charge of the All-College Reception, to be held the first Friday of the first semester of each academic year.

Clause 4. The Social Committee shall have charge of Home Coming activities, and shall be empowered to appoint any representative from the Student Body that are necessary to carry out this work.

Clause 5. The Social Committee shall have charge of two All-College dances, to be held, one each semester, if desirable.

Clause 6. The Social Committee shall appoint the manager of the Magna Pau Pan and of the All-College Picnic, who in turn shall select his assistants, and he shall be responsible to the Committee for an accounting of all funds collected and expended, and other management affairs.

Clause 7. This Committee shall prepare a schedule of appropriations for each of the aforementioned activities, and submit it to the Treasurer of the Administrative Council upon demand, and shall be governed by such rules regarding finance and procedure as are provided for in Article IV of this Constitution.

Clause 8. The Social Committee shall provide rules and regulations governing all social events and shall be responsible for their observance.

Section 5. Athletic Committee.

Clause 1. Membership. The Athletic Committee shall consist of the faculty representative to the Rocky Mountain Faculty Athletic Conference; two alumni members to be elected by the Alumni Association; a senior, a junior and a sophomore man from the Administrative Council; and a faculty member appointed by the Faculty Committee on Committees, who shall act as Secretary and Treasurer of the Committee, and the head Coach of Athletics, who shall be a non-voting member, and the student manager of each sport during the season of that sport.

Clause 2. The alumnus member of this Committee shall act as Chairman, and shall perform the regular duties of that office. The Secretary-Treasurer of the Athletic Committee shall prepare a schedule of appropriations and submit it to the Treasurer of the Administrative Council upon demand. He shall submit with this schedule of requested appropriations a yearly statement of expenditures from the funds appropriated by the Budget of the past year.

Clause 3. The Athletic Committee shall be authorized to confer with the appointing officer or officers of the college concerning the appointment or reappointment of the head athletic coach.

Clause 4. The Athletic Committee through its organization shall arrange all schedules for athletic contests, award letters and numerals, and carry out the other functions which the Constitution of the Athletic Board provides.

Clause 5. Any special appropriations shall be obtained according to the method stated in Article IV, Section 2, Clause 2 of this Constitution, and any program or other publication desired by this Committee shall be subject to the approval of the Publications Committee as laid down in Article IV, Section 3, Clause 8 of this Constitution.

Section 6. Music and Forensic Committee.

Clause 1. Membership. The membership of this Committee shall consist of one faculty member appointed by the Faculty Committee on Committees, one senior woman, one junior man from the Administrative Council.

Clause 2. Candidates for the Manager of the Debating Team shall submit their names for approval to the Music and Forensic Committee and the Manager shall be elected by the qualified members of the debating team from the list of nominations so approved.

Clause 3. The Committee shall select a Manager for the Colorado College Band, and shall hold him responsible for the cooperation of this Band with the Chairman of the Enthusiasm Committee. He shall provide, from funds appropriated, such music as is necessary, and shall be responsible to the Administrative Council for all uniforms, instruments and other paraphernalia belonging to the Associated Students.

Clause 4. Candidates for the Manager of the Men's Glee Club shall submit their names for approval to the Music and Forensic Committee and the Manager of the Men's Glee Club shall be elected by the qualified members of the Glee Club from the list of nominations so approved.

Clause 5. It shall be the duty of the Committee to compile a book of Colorado College songs, keep this publication up to date and be responsible for funds appropriated to this use and the income therefrom.

Clause 6. The Music and Forensic Committee shall secure from the Manager of each of these organizations the requirements for appropriations from the Associated Students' Budget, and shall submit these requirements to the Treasurer of the Administrative Council upon demand, and shall conform with all the laws prescribed by Article IV of this Constitution.

Section 6. Enthusiasm Committee.

Clause 1. Membership. The Enthusiasm Committee shall consist of a Chairman appointed at large from the student body, by the Administrative Council who shall have charge of and be responsible for the arrangement of all enthusiasm meetings, bon fires, etc.; two assistants who shall act as directed by the Chairman, one of whom shall be responsible for the ringing of the College bell after victories, arranging groups of Freshmen for this duty, and in general governing freshman work throughout athletic contests.

Clause 2. A general appropriation shall be applied for and submitted to the Treasurer of the Administrative Council upon demand, and the expenditures of all funds by this Committee shall be subject to the rules laid down in Article IV of this Constitution.

Clause 3. The yell leaders shall be appointed by the Athletic Committee from nominations submitted by the Enthusiasm Committee, and shall be subject to the direction of the Chairman of the Enthusiasm Committee.

Section 7. Traditions Committee.

Clause 1. Memberships. The Traditions Committee shall consist of a Faculty Member appointed by the Faculty Committee on Committees, one senior woman, and one senior man appointed at large by the Administrative Council.

Clause 2. This Committee shall compile and keep on file, in a book provided for the purpose, an accurate account of the customs and tradtions of the student activities of Colorado College and the rules governing them.

Clause 3. This Committee shall arrange for the establishment and use of freshmen insignia and shall provide such means for enforcing their rules they deem necessary.

Clause 4. This Committee shall be in direct charge of the annual under class contest to be held the first Friday after the opening of the academic year, and shall stipulate all rules governing this contest. It shall report to the Disciplinary Council any infringement of the traditions and recommend the method of discipline.

ARTICLE V
Meetings

Section 1. Regular meetings. The Administrative Council shall hold a regular meeting the first Tuesday of each scholastic month during the academic year.

Clause 1. All members of the Administrative Council are required to be present at the regular meetings, and at such special meetings as may be called, when duly notified, and absence from more than two consecutive meetings will automatically forfeit the vote of such a member unless such absence is excused by the Council.

Section 2. The regular Committees, Finance, Publications, Social, Athletic, Music and Forensic, shall hold at least one regular meeting each month, and oftener when desirable.

Section 3. The Associated Students of Colorado College shall hold a students' meeting each week, at which time the student affairs and announcements shall be submitted to the Associated Students by members of the Administrative Council and other student representatives.

STUDENTS' CONSTITUTION
(Continued from page 3)

Section 4. At the first regular meeting of the Administrative Council to be held on the Tuesday following election, the Chairman of the outgoing Council shall officially install the new officers and require the Secretary and Treasurer to deliver all records, files, budgets and other information to the incoming officers, and shall read this Constitution to the new Administrative Council and fully explain all the details of its operation.

ARTICLE VI
Disciplinary Council

Section 1. These Councils shall be known as The Mens' Council, The Womens' Council, and The Joint Council.

Clause 1. These Councils shall have the authority and it shall be their duty to take into consideration, on their own motion, or upon charges preferred, the conduct of any student or body of students which may break the rules established in this Constitution, or which may seem detrimental to the established traditions, the interests or the good name of the Associated Students of Colorado College, and having conducted an investigation, shall itself take, or, when necessary, recommend to the proper authorities, such action as they deem just and reasonable.

Section 2. Mens' Council.

Clause 1. Membership. The Mens' Council shall consist of one member appointed from the Administrative Council, who shall act as Chairman of the Mens' Council; four members elected at large from the three upper classes not more than one of whom shall be a sophomore, all of whom shall be elected according to the same rules of election, but one week later than the members of the Administrative Council, and the Dean of Men of Colorado College, who shall act in an advisory capacity.

Clause 2. The Mens' Council shall have the power and it shall be its duty: 1. To interpret, administer and enforce all rules and traditions of the Associated Students as stated in this Constitution, and By-Laws, or by unwritten tradition. 2. To summon any man before it for any misdemeanor whatever and to require witnesses to give evidence in any case necessary. 3. To reprimand any student, or recommend punishment by the College Administration. 4. Any man refusing to appear before the Council when called shall be suspended from the College by the College Administration, until he complies.

Clause 3. (1) No person accused shall be summoned before the Men's Council without due notice in writing of charges preferred. (2) Such a man shall have the right to council, witness, and cross examination in order to give full publicity to all the pertinent facts.

Section 3. Womens' Council.

Clause 1. Membership. The Womens' Council shall consist of one member appointed from the Administrative Council, who shall act as chairman of the Womens' Council; four members elected at large from the three upper classes, not more than one of whom shall be a sophomore, all of whom shall be elected, according to the same rules of election, but one week later than the members of the Administrative Council and the Dean of Women of Colorado College, who shall act in an advisory capacity.

Clause 2. The Womens' Council shall have the power, and it shall be its duty: 1. To interpret, administer and enforce all rules and traditions of the Associated Students, as stated in this Constitution and By-Laws, or by unwritten tradition. 2. To summon any woman before it for any misdemeanor whatever, and to require witnesses to give evidence in any case necessary. 3. To reprimand any student, or recommend punishment by the College Administration. 4. Any woman refusing to appear before the Council when called shall be suspended from the College by the College Administration until she complies with this request.

Clause 3. (1) No woman accused shall be summoned before the Womens' Council without due notice in writing of charges preferred. (2) Such a woman shall have the right to council, witness and cross-examination in order to give publicity to all the pertinent facts.

Section 4. The Joint Council.

Clause 1. Membership. The Mens' Council and the Womens' Council shall together constitute the Joint Council, and the Chairman of the Administrative Council shall act as Chairman of all meetings of the Joint Council.

Clause 2. This Council may be called upon motion of either the Mens' Council, the Womens' Council or the Administrative Council, to consider disciplinary matters of interest to both men and women of the Associated Students, and the rules laid down in Section 2, Article VI, of this Constitution shall govern the action of the Joint Council.

ARTICLE VII
Amendments

Section 1. Amendments to this Constitution may be proposed in writing at any regular meeting of the Administrative Council, by a group of not less than ten students or not less than five faculty members.

Section 2. Such a proposed amendment shall be read and its significance discussed by the Chairman of the Administrative Council at the next weekly meeting of the Associated Students and opened to discussion.

Section 3. Such proposed amendments shall be printed in the Colorado College Tiger for two consecutive issues.

Section 4. A vote shall be taken by the Associated Students at the next weekly meeting following the publication, and a two-thirds majority of all ballots cast, and a ratification by a two-thirds vote of the faculty, shall be necessary for its adoption.

BY-LAWS

ARTICLE I
Conduct of Business

Section 1. Roberts Rules of Order shall govern this Association and all councils and committees of this Association, in all cases where they are applicable, and in which they are not inconsistent with the Constitution and By-Laws of this Association.

Section 2. The order of business at regular meetings of the Administrative Council and all councils and committees shall be as follows: 1. Roll call. 2. Reading of minutes of the previous meeting. 3. Report of standing committees. 4. Report of special committees. 5. Unfinished business. 6. New business. 7. Open forum discussion. 8. Adjournment.

ARTICLE II
Finance

Section 1. A general student levy shall be assessed and paid with the fees at the time of registration for each semester, the amount of this fee to be determined after an investigation of the budgeted expenditures by the Finance Committee upon approval of a two-thirds majority vote of the Administrative Council, before the end of each academic year and this assessment shall be made under the authority of the Board of Trustees.

Section 2. Such fees shall be returned and distributed according to the rules laid down in Article IV, Section 1 of the Constitution of the Associated Students of Colorado College.

Section 3. Out of the budgeted appropriations expended by the Associated Students each student member shall receive general admission to all athletic contests, a copy of the annual and a subscription to the college newspaper.

Section 4. The Treasurer of the Administrative Council shall keep a full set of books, in which shall be included the budgets of appropriations, a cash book of income and expenditures and other necessary data.

Section 5. The services of an accredited auditor shall be secured and his report published in the Tiger before April 15 of each academic year. The expenses of such audit to be paid by the Treasurer from the Associated Students' funds.

Section 6. The Chairman of the Administrative Council shall see that the Treasurer is placed under bond of $800, to provide against default.

Section 1. On the last Friday in April a general meeting of the Associated Students shall be held and a written nominating ballot shall be collected from each qualified member of the Associated Students present at this meeting.

ARTICLE III
Rules for Elections

Clause 1. Upon this ballot he shall designate his choice of candidates for each classification, such choice to consist of twice the number of vacancies to be filled in each classification.

Williams' VII
—the softest course in college

WILLIAMS' VII is a course for every man in the institution. It's seven times a week but the sessions are short—less than five minutes each. And best of all, no man who elects Williams' ever fails—to get a better shave than he ever got before.

The first thing you learn in shaving with Williams' is of the remarkably beneficial effect it has on your skin. You can't fail to be impressed—even after the closest examination—with the fact that here, at last, is a shaving cream which really does your face good.

Then, especially if you're of a practical, business-like turn of mind, you'll be pleased with the efficiency of Williams'. It softens the beard in so much less time. It does everything a shaving cream is supposed to do.

Get a tube of Williams' today. Use it for two months. See then if you ever could go back to any other shaving cream.

Williams' Shaving Cream

College Gossip

The University of Colorado baseball team was defeated Saturday at Greeley by the State Teachers' College. The score was 9 to 4.

An announcement has been made of the engagement of Gertrude Kell, a former student of Colorado College, to W. J. Whatley, a graduate of Northwestern University.

"ENTER MADAME"

Sixty men have reported for spring football practive at Boulder.

A new local fraternity, Sigma Rho, has been formed at Colorado University which will petition Psi Upsilon, national.

A new $30,000 Kappa Sig house is to be built at Mines this summer.

"Bob" Mathews, former Tiger star, has distinguished himself in College circles by winning the Inter-Collegiate Heavyweight Boxing Championship of the East. Bob has also made good as a football and lacross player at the United States Naval Academy.

Bob Crowder, who is ineligible for the varsity, is playing city league baseball. He is holding down second base for the Ideal Bakery nine.

"ENTER MADAME"

The April number of the Educational Review carries the following advertising description of Professor Hulbert's new American History to be published by Doubleday, Page & Co. in May: "This is a vigorous book and one that will lastingly impress the high school pupil. The author knows narrative values and the relative importance of significant facts. In the midst of the prevailing criticism of American history text books, the appearance of Professor Hulbert's Text is only the more noteworthy."

Gibson Winans, a major in the Department of Physics, who is graduating this spring, has been offered, and has accepted a teaching fellowship of $1050 per year for the year 1923-24 at Dartmouth.

Dr. E. S. Parsons, former dean of Colorado College and now president of Marietta College, has been elected president of the Ohio College association and allied societies of Columbus. Dr. Parsons is also president of the Conference of Ohio College Presidents and Deans.

Thaddeus E. Holt, a graduate of Colorado College, has been elected an officer in the junior chamber of commerce of Birmingham, Ala. Holt is also advertising manager of the Wofford Oil company of that city.

Max Hardy, son of Congressman Guy U. Hardy has returned from a trip through the Panama Canal zone and the West Indies.

"ENTER MADAME"

Next year's basketball team of the University of Colorado will be without a captain due to the failure of Dwight Nichols, who had been elected captain after the C. C. game, to pass the required number of hours last quarter. Nichols is also a star on State's football eleven and this failure will make him ineligible to play this fall. Nichols is a graduate of Colorado Springs H. S.

We heard that a man stopped Frank Strachan and asked him if he posed for the last Saturday Evening Post cover—the wild west one.

"ENTER MADAME"

Bernice Miles, '21, a former C. C. student, prominent in college activities, as president of Minerva and president of the Girls' Dramatic Club in her senior year, is now teaching at Steamboat Springs.

STUDENTS' CONSTITUTION
(Continued from page 4)

Clause 2. These ballots shall be counted by the Committee on Nominations and Elections, and the candidates receiving eight per cent or more of the total enrollment of qualified electors for each classification shall constitute the official list of nominees.

Section 2. From the published list of nominations, conforming with the requirements of the Constitution as stipulated in Articles II and VI, the Committee on Nominations and Elections, consisting of the senior members of the Administrative Council and the Faculty representatives, shall prepare the regular ballots for elections, designating classification, as, Faculty Member, Senior Students, Junior Students, Sophomore student, or Representatives to Disciplinary Councils.

Section 3. Sufficient publicity shall be given to election days by this Committee, through the Tiger and announcement at meetings of the Associated Students, concerning dates and requirements for voting.

Section 4. This Committee shall preside at the polls, and shall be responsible for correct adjudication of all votes cast.

Section 5. No persons other than members of this Committee and not more than two voters shall remain in the polling room at any time.

Section 6. The nominees in any classification receiving the highest number of votes until all vacancies have been filled shall be considered elected.

Section 7. Election to the Administrative Council, at the election polls on the first Friday in May as provided in Article II, Section 4 of the Constitution, shall ipso facto disqualify any person from election to the Disciplinary Councils, which election shall be held on the second Friday in May as provided in Article II, Section 4 of the Constitution.

Section 8. Recall Elections. Any elected representative as stipulated by this Constitution may be recalled by written petition signed by ten per cent or more of the regular students, and submitted to the Administrative Council for approval as to the validity of the signatures of the petitioners.

Clause 1. The Administrative Council shall thereupon immediately submit to the Associated Students the petition for their approval or disapproval.

Clause 2. A two-thirds majority vote of the Associated Students shall declare such petition valid and such recalled office vacant.

Clause 3. Such a petition shall not be presented before the first of November of any academic year.

Clause 4. The office so declared vacant shall be filled at a special election called for that purpose as set forth in this Constitution and By-Laws.

AMENDMENTS

Section 1. Amendments to the By-Laws shall be instituted according to the procedure established in Article VII of the Constitution.

SPECIAL ENACTMENT

Section 1. This Constitution shall be established upon ratification by a two-thirds majority vote of the faculty and a two-thirds majority vote of the student body.

Section 2. For the First student election under this constitution the senior members of the Student Commission and the Dean of Men shall act as the Committee on Nominations and Elections.

Section 3. Upon ratification of this Constitution and By-Laws as provided above it shall supersede the existing constitution and By-Laws of the Student Commission of Colorado College and its subsidiary Boards of Control and the President of the present Student Commission shall preside until a temporary chairman is elected.

VISUAL EDUCATION BY MOTION PICTURE FILMS

The Department of Physics will present on Thursday evening, at 8:00 P. M. in Perkins Hall the second of the series of six motion picture entertainments. This showing is free of charge and open to the public at large, and the students of the college are especially urged to attend because of the educational value of these films which deal with the non-technical treatment of subjects connected with science.

The program this week will consist of the following:

"The King of the Rails',, a three-reel picture deals with the evolution of transportation on land, ending with the development of the great electric locomotives of today. The construction and operation of such a locomotive is carefully traced by means of photographs and diagrams.

"Beyond the Microscope", a one reel feature, shows visually how water decomposes into the two gases, oxygen and hydrogen; the structure of the atoms; how snowflakes are formed and many other interesting details.

"The Electrical Giant," a one-reel picture, shows the manufacture of a 50,000 horse-power steam turbin generator, the largest single power-producing unit in the world. The picture tells a vivid story of 20th century science and invention, concluding with a cartoon sketch explaining the meaning of a horse-power and how it is arrived at.

Every Thursday evening for the next five weeks these entertainments will be given, different films being shown each time, and all who are interested are cordially invited to attend.

Don't Marry a College Girl

An organization is about to be formed at the University of Wisconsin, of men who pledge not to marry college women. It will be known as 'Society for the Welfare of Male Students.' This organization is intended primarily to influence men in the university against chasing a woman student for a wife. The reasons stated is that such marriages are apt to result in divorces or unhappy home relations.

PRESIDENT DUNIWAY RESIGNS

"ENTER MADAME" BIG SUCCESS SAY CRITICS

Frances Tucker Supported By Excellent Cast, is Real Star

The presentation of "Enter Madame" by Theta Alpha Phi last Wednesday night has elicited the highest praise of Colorado Springs Dramatic critics. The following is from the Gazette:

Francis Tucker, playing the part of Madama Della Robia in "Enter Madame," scored successfully both for herself and for Theta Alpha Phi in the dramatic club's presentation last night at Colorado College. With amazing versatility and an interpretation nearly perfect, Miss Tucker was in fact, as well as in name, the star of the performance. Her part was difficult, full of emotions of every kind, replete with moods and sudden fancies. She portrayed them all finely; she sang and played well; she sustained admirably a difficult foreign patois, trilling her r's deliciously; she was Della Robia.

Excellent Comedy

The play is an excellent comedy—something different, too. Gerald Fitzgerald, tired of basking in the reflected and kaleidoscopic glories of his wife, a self-absorbed and emotional prima donno, divorces her and attaches himself to Mrs. Preston. Madame, whose love for him has been hidden under her dazzling clouds of temperament, suddenly realizes the situation and determines to win him back. Of course he doesn't marry Mrs. Preston, but the denouement is all very exciting and not a little uncertain.

There are really only three parts of importance, excepting that of Madame: Fitzgerald, the son John, and Mrs. Preston. Ellwood Amos made a most satisfactory leading man. His own acting and his very good lines won sympathy for him so that you didn't mind some of the thrusts he gave Delia Robia. And when romance called, he was romantic.

John Fitzgerald was played by Bradley Kidder. John, a remarkably prosaic lover, alternates in awe and defiance of his father, ridiculous resolves of youth, adoration of his mother. Mr. Kidder was somewhat

Tiger Editor and Manager To Be Elected Next Tuesday

There will be a meeting of the Tiger Board of Control next Tuesday evening at 7:30 in the Administration building for the purpose of electing the editor and manager for the year 1923-24. At this time action will also be taken in regard to awarding the Tiger keys to the six most faithful assistants and managers.

All those wishing to be considered for the positions of editor and manager should hand written applications, stating qualifications, to Keith Chick, Robert McIlvaine, or Ellwood Amos.

Mattison Explains Function of Community Chest

C. I. Mattison, Secretary of the Pikes Peak Social Welfare Association otherwise known as the Community Chest, explained the purpose and functions of the Chest at chapel Wednesday morning. This association

MENS GLEE CLUB FIRST CONCERT IN PUEBLO AUD

The Men's Glee Club gave a concert at Pueblo Tuesday evening. They report that it went off in fine shape before a house of over 3000 people. The program given by the club, as the last half of the program of a music concert was as follows:

Winter Song	Bullard
The Club	
Instrumental	Selected
The Orchestra	
Tenor Solo	Selected
Harry F. Taylor	
Summer Lullaby	Gibson
The Club	
Quartet	Selected
T. Winans, Taylor, G. Winans, W. Mast	
Hannah	Anon
R. C. Green and the Club	
Violin Solo	Selected
Ralph Heller	
Burglar Story	Hitchcock
J. Ellwood Amos	

The Glee Club was entertained at the Commerce Club room of Pueblo, where they were given a banquet. Among those who shared in entertaining the C. C. men were: the president of the Commerce Club, chairman of Music-Week Committee, president of the Lions Club, the Rotary Club, and the Kiwanis Club and other prominent business men.

The Glee Club men made the trip in cars and returned after the concert tuesday evening.

They started on their scheduled concert tour Thursday afternoon.

MINERS 10--TIGERS 9 RESULT FIRST GAME

Miners Have Edge of Pitching and Batting at Golden Wednesday

In a game featured by heavy hitting and loose pitching, the Colorado College Tigers were taken into camp by the Miners on Orediggers territory Wednesday afternoon. The final score was 10 to 9.

Roast Beef Louthan was selected to do mound duty and "Roasty" kept the Miners down for three innings. During this time he retired four of the Miners via the strikeout route. However Mines scored in the third when Wormser singled, Christopher tripled, and McGlone clouted out a home run. At this juncture Robinson sent in the box and he lasted three more innings. McAlister finished the game as the Tiger pitcher. The latter did not allow the Miners to score although he was hit freely.

An analysis of the game shows that the Miners obtained eighteen hits off of the combined offerings of Louthan, Robinson, and McAlister, while the best the Tigers could make off Worden were nine hits. The miners failed to make every opportunity count and many chances to score were passed up. The Bengals made good use of their opportunities and made the hits at the right time.

In the seventh with two men on base, Bryden threw wild to first and allowed two runs to come in. In the third inning Patterson misjudged a

(Continued on page 4)

TIGERS PLAY BOULDER TOMORROW AFTERNOON ON WASHBURN FIELD

State's First Conference Game

The Tigers make their initial appearance on the home field tomorrow when they will fight it out with the University of Colorado on Washburn Field.

It is hard to predict just who will win out. Boulder has not played a conference game this season and the Bengals have dropped their only contest. However with the experience of one contest having its effect, especially on some of the younger men, the Tigers will have the advantage in tomorrow's game.

The probable lineup will be: Bryden shortstop; Amidon, third base; Wessen, left field; Harvey, catcher, MacDougall, first base; Wood, right field; Patterson, center field; Weiner, second base.

Although it is not known just who will pitch, Louthan with two days rest may be called upon again.

The standing of the conference teams is:

	W.	L.	Pct.
Denver	1	0	1,000
Aggies	1	0	1,000
Mines	1	2	.333
Tigers	0	1	.000
Boulder	0	0	.000

Kiwanis Club Offers Five Dollars for Courtesy Slogan

Colorado College students are invited to enter the courtesy contest conducted by the Kiwanis club. The slogans must not be more than ten words in length and must mention courtesy in connection with Colorado Springs or the Pikes Peak region. Slogans are to be placed in the Student Commission box in the rear of chapel not later than six o'clock Saturday night.

Lackland Says College Men Art in Debt to World

"The average college student has contributed nothing to the material world", was the assertion of C. S. Lackland, of Grace Community Church in Denver, in a brief talk before the students at chapel Thursday. He told the students that they are all dependent upon the workmen of the world for their welfare during their college years.

"With the college diploma comes a bill due to the people of the world," he said, "and this only can be paid by becoming a servant of the people." He urged the students to pay their debt to the world by becoming its servant, and not by exploiting them, for money's sake.

Inter-Class Meet This Afternoon to Choose Team

The interclass track meet scheduled for Saturday was changed from Saturday afternoon at 3 o'clock to this afternoon at 3 o'clock. This was due to the fact that the program for this week end was so full that all the events could not be staged on Saturday.

(Continued on page 4)

MAY BE HARVARD EXCHANGE PROFESSOR NEXT YEAR. WILL COMPLETE ENDOWMENT DRIVE BEFORE RETIRING FROM DUTY

Trustees Resolution Says: "During His Administration the College Standards Have Been Raised, the Faculty Strengthened, and in All Administrative Matters Unusual Ability Has Been Shown By Him."

The following report of the resignation of Dr. C. A. Duniway which appeared in the Colorado Springs Gazette yesterday morning was declared to be "authorized and correct" by Dr. Duniway yesterday morning in chapel.

Announcement of Dr. C. A. Duniway's intention to retire from the presidency of Colorado college "on or before the end of June, 1924," together with the granting of a request made by him for a leave of absence from resident duty to take effect in the year 1923-1924, were the outstanding features of the regular meeting of the board of trustees of Colorado college yesterday afternoon.

Present at the meeting were former Gov. O. H. Shoup, Eugene P. Shove, Dr. Leo Bortree, George A. Fowler, W. I. Howbert, William Lennox, Hugh McLean, Sperry Packard, Harold Roberts and President Duniway.

At the opening of the session Dr. Duniway announced his intention of retiring from the presidency, stating that he gave notice at this time because he wished to give the board ample opportunity to find his successor. He assured the board that he would continue to make every possible effort for the completion of the pending endowment campaign, as well as to carry on an efficient administration work and to assist in the search for a new president.

He requested the board, further, to grant him a leave of absence from resident duty to 1923-24, as far as this might be done consistently with the interests of the college. He stated that he hoped to be appointed Harvard exchange professor at the end of the coming college year.

Wants to Complete Endowment Drive

In commenting on his future plans Dr. Duniway declared that he would strive to bring to an end the endowment fund campaign upon which he had started, with every ounce of his ability. "We should work for the best interests of the college," he declared "and that has been my policy since coming here six years ago." The president said in connection with his resignation that 15 years of work in an executive capacity here and elsewhere had left him with a strong desire to rest and study, with which idea in mind he had applied for a leave of absence as exchange professor at Harvard University.

Following President Duniway's announcement the board received notice of his intention to retire and approved of his policy in giving the advance notification, and expressed its appreciation of his offer of assistance and advice in selecting his successor.

On motion, unanimously adopted, it was voted that the board approve the granting of a leave of absence to President Duniway, in accordance with the terms of his statement. It was unanimously resolved "that the board make a record of its sincere appreciation of his able administration of college affairs while he has been president."

The statement of the board said:

"During his administration the college standards have been raised, the faculty strengthened and, in all administrative matters, unusual ability has been shown by him. His financial organization and management have been especially successful. We desire

JUNIORS PRESENT "STOP THIEF" ON FRIDAY, MAY 4

"Stop Thief" the Junior Class Play is to be presented at Perkins Hall on Friday, May 4. The play is a comedy written by Carlysle Moore, and has been used successfully by colleges during the last few years. The players are being coached by E. Benson Sargent, the director who so ably directed "Enter Madame" the Theta Alpha Phi play. Russell Hunter is managing the play.

Seniors May Be Exempt From Finals With Grades Above 80

The exemption grade for Senior finals was lowered from eighty-five per cent to eighty at a meeting of the Faculty last Friday, following a petition from the Student Commission through James Park. The other rules concerning this exemption remain the same as in former years.

The petition, as presented, asked that the exemption grade be lowered to seventy-five per cent and that the exemption of the student should not be left to the discretion of the professor in the course. The Faculty at their session, decided against this petition with the exception that the grade be lowered five per cent

EAT AT COSSITT.

The greatest expense item which confronts the ordinary college man is his board bill. A minimum expenditure for that quality of food which will give health and satisfaction is the plan upon which most students labor. Acting upon this general plan, the authorities of Colorado College, have equipped a dining room in Cossitt Hall with such material and have followed such a plan of service in the actual workings of that institution, that Cossitt now not only gives the students of this institution the above named advantages but offers many others besides.

The advantages, derived from eating at Cossitt can be summed up as follows:

1. Cossitt offers a good, substantial quality of food at the lowest possible prices.
2. Cossitt offers that quality of food which promotes healthy living.
3. Cossitt provides the best board jobs in College for men.
4. Cossitt promotes a spirit of democracy among the men, a spirit which should be peculiar to institutions like Colorado College.

In the first place, a student can obtain three meals a day, seven days a week, for the sum of $7.25 a week. In an interview with a student who at that time was eating at one of the down town restaurants, it was learned that the normal, healthy, college student could not live on less than $1.00 a day for two meals and obtain food of the high class quality as is served at Cossitt. An additional meal would mean at lesat twenty-five cents more. This means that board down town is just as high as it is at Cossitt. Add to this the cost of transportation and the dissatisfaction of irregular meals and we have the advantage in favor of Cossitt.

Cossitt by its system of regular meals, substantial food, and cleanliness in the handling of such food, promotes healthy living.

At present there are about fifteen men who depend on Cossitt for jobs with which to put themselves through college. If these men should not be able to work these jobs, they would have to leave college. Among these men are numbered some of the best in the institution, including a group of athletes.

Cossitt is the one place on the campus where all the men have a chance to get together and "talk things over". Here non fraternity man mixes with the fraternity man and the men of one fraternity with the men of another. Out of all this comes a certain definite democratic spirit.

At the present time, attendance at Cossitt is below what it should be. There is not enough work for all the men working there. UNLESS THERE IS A DECIDED INCREASE IN THE NEXT FEW DAYS IN THE NUMBER OF THOSE MEN WHO ARE EATING AT COSSITT, ONE OR TWO OF THE BEST MEN IN COLLEGE WILL BE FORCED TO LEAVE. Here is a problem for some of the fraternities at least and it would behoove any of the members of the various Greek organizations to do their bit toward keeping one or two of their members in College by this method.

The students themselves are the ones to lose. Cossitt is not a profit making institution and is not meant to be such. Cossitt is operated solely for the benefit of the men. Think it over and eat at the best place in town for a Colorado College man.

—S. B. M.

COMMENTS

by Arthur Disbrane

France Supreme in Europe

The recent tide of events point out that the political phase of the occupation of the Ruhr valley is far more important in the Frenchman's eye than is the economic side. The new French proposals on the problem of the reparations shows that the French are going to use the Ruhr as a forfeit until the reparations are paid. The Germans are not fools and will perhaps combine with the French in such a way that the French iron and German coal will outdue England commercially.

England in a Bad Way

The pseudo-intelligents that tell us that the hope of England lies in the Labor party are probably gloating over the recent events in Parliament that have shown that that body is now witnessing some of the things that have always marred the best traditions of continental parliamentarism. Fistic combats, word battles, abuses, insults, etc., have caused that body to lose much of its prestage. Mussolini is right when he says that the world needs more work and discipline and less liberty.

England Unprepared

The French army and air force is in such shape that it is easily the most formidable array of power in the world. England knows it and is afraid of France. Napoleon never saw a France more powerful than is that nation today. The problem over the declining birth rate has been partially solved by the large number of male immigrants who are seeking work in this one nation where business is good and in a fair way to prosper.

Russia Ignores Outside Opinion

Just as the Russians were in a fair way to be recognized by a number of nations the men guiding her destinies launched an attack on the church and have executed some priests not Russian citizens. The Bolsheviks are not to be trusted and it is to be hoped that until the radicals are overthrown the nation will be forced to suffer. No radical has ever got a large enough following to convince the world that religion or Christianity in particular is wrong. There will be fewer starving Russians when the socialists are ousted and a government of responsible people is installed.

Lord Robert Cecil Here

Lord Robert Cecil is here to tour the nation in behalf of the League of Nations. He wont get very far if the American people are of the same opinion as they were two years ago. The United States does not need the League. It would be a constant source of worry and a never ending expense to be a member of that body. The nations that belong to it have not given up their old ideas, beliefs and practices and it is probable that they wont.

Mr. Stone met Mr. Wood on the street and they stopped to exchange a few cheerful views, when a co-ed passed by in the latest style. Simultaneously, Wood turned to Stone; Stone turned to Wood; then both turned to Rubber.

On the Campus

Students we present for your approval today three of the nicer people of the senior class. Miss Dorothy Graves, Miss Helen Wells, and Mr. Lawrence Koerner, each one of whom is prominent in her or his particular department. Dorothy has a Phi Bate Key, major in Romance Languages, and teaches frog at the high school. Lawrence is a librarian, engaged, and serves one of the most discouraging tennis balls in these parts. Helen, Shorty Paventhesis Wells has the distinction of being president of S. G. and the only girl in school with a good touring car and a six foot driver always at her disposal.

The following is the summary of the activities of these interesting people up to the beginning of their senior year. Dorothy Graves: Dramatics (2), French Club (3), Spanish club (2), (3), Glee Club (3), Town Girls (2), (3), Y. W. C. A. (2), (3). She has also been recently to membership in the girls society which insists on white dresses and silence occasionally.

Catherine Helen Wells is famed for Student Government president, McGregor house president, Y. W. C. A. and some girls society other than the Tiger club.

Lawrence Frederick Koerner is Captain of tennis, a Pi Kappa Alpha, an engineering major, a demon fusser and several other things not recorded or available for publication in time for this issue of the Tiger.

"ENTER MADAME"

(Continued from page one)

self-conscious during the first of the play, but when his crisis came, he was there—absolutely.

Mary Clegg Owen, presented Mrs. Preston quite naturally—that, is Mrs.

FRANCIS TUCKER

Preston seemed utterly natural. When a disagreeable role can be so interpreted, the actress indeed proves her ability to subordinating her own personality to that she is assuming. This is what Miss Owen did. She was especially good in Act III. Gertrude Sherk did well in a minor part.

Handicapped by a stage entirely too small and rather poor properties those portraying the comic roles where a large stage and better properties are necessary surmounted the difficulties heroically. Ray Green, the Jap valet, Russell Hunter, the cook in scintilating white, and Gertrude Klein, Madame's maid, monopolized the comedy, perilously near burlesque, occasionally, simply because they had more lines. Dorothy Nyhus, the ubiquitious secretary, and Jack Nolan, the foreign doctor, were equally good in making fun for the audience.

As a whole "Enter Madame" was very well presented, auguring better things for C. C. and Colorado Springs dramatics. No matter how good the supporting cast, the play would fail

ELLWOOD AMDS

without a leading woman who possessed real talent. Francis Tucker made the play; we end as we began, having only praise for her splendid and charming presentation of a thrilling "Madame."

The cast included:

Madame Delia Robia..Francis Tucker
Gerald (her husband)..... James Ellwood Amos
Mrs. Preston.....Mary Clegg Owen
John Fitzgerald.....Bradley Kidder
Aileen Chalmers .....Gertrude Sherk
Bice (madame's maid)..... Gertrude Klein
Archimede (the cook)..... Russell Hunter
Tomatoyo ..... Ray Green
The Doctor ..... Jack Nolan
The Secretary .....Dorothy Nyhus

Patronnesses for the affair were: Mesdames Arthur Gay Brigham, A. G. Sharp, O. H. Shoup, J. G. Dern, C. A. Duniway, Mabel Barbee Lee, Jeannette Scholz, H. H. Seldomridge, Asa T. Jones, E. C. Van Diest, C. A. Hibbard, Leo Bortree, Jessie Aiken, Edward Thurber, Beverly Tucker, E. C. Sharer, H. C. Harmon, J. S. Tucker, W. O. Haymes, C. L. Owen, W. W. Postlethwaite, C. B. Taylor, C. C. Hamlin, A. A. Blackman, Eidney Bartlett, Harry Thayer, Raymond Lewis, Lloyd Shaw, Manly D. Odmes, J. Dawson Hawkins and Charles Dickinson.

PRESIDENT DUNIWAY RESIGNS

(Continued from page one)

particularly to express our sincere appreciation of the loyal service of Dr. C. A. Duniway to Colorado College in the past and of his expression of continued loyalty to us."

Following Dr. Duniway's announcement and the resolution adopted by the board in appreciation of his work, plans for the endowment campaign were discussed, and it was stated at the conclusion of the meeting that the president, working with the special committee, of which former Gov. O. H. Shoup is chairman, would start on an intensive drive for funds.

In this connection, Dr. Duniway will leave for the east next month to visit Boston, New York, Chicago and other important centers in the interests of the drive.

Deaths of MacNeill and Mrs. Loud Noted

Note was taken of the death of C. M. MacNeill, a former member of the board, and of Mrs. Frank Loud, wife of Professor Emeritus Loud, the sympathy of the board being extended to members of both families.

A revised cash budget was submitted to the board from the treasurer and discussed. It was voted satisfactory, as were existing conditions at the college in this respect.

The president submitted a detailed list of reappointments for 1923-24, vitrually all bearing increased salaries. This was approved, together with the increase in pay.

No action was taken with regard to a successor to replace Dean Jaqua, who leaves at the end of the present year.

MINERS 10—TIGERS 9

(Continued from page one)

fly ball and allowed three men to come in for tallies. Patterson, however played a good game in center field and made some beautiful catches.

For the Tigers, Wood was probably the outstanding star. This husky Bengal outfielder managed to connect with three safeties, one of which was a triple with three men on base. McGlone was the best bet of the Miners. He secured the only home run of the game and executed a neat unassisted double play. Two other double plays were pulled off during the game.

Two-base hits: Robinson, Jordan, Slaughter (2), Clothier, Amidon, Robinson. Three-base hits: Christopher, Wood, Wessen. Home run: McGlone. Strikeouts: Worden, 6; Louthan, 4; Robinson, 1. Base on balls: Off Worden, 4; Louthan, 2; Robinson 1. Double plays: McGlone, (unassisted). Balk: McAlister. Umpire: Newhouse. Time: 1:55.

MATTISDN IN CHAPEL

(Continued from page one)

takes care of nineteen different agencies. About forty eight per cent of the amount needed by these organizations is given from the Chest.

Some of the functions named by Mr. Mattison, raising money, giving unity of organization, being constructive in helping organizations, freeing the agencies from raising money by contributions, lowering cost of raising money.

The good of the Community Chest, Mr. Mattison said, will be shown in the amount of its contribution to the Community.

INTER CLASS TRACK MEET

(Continued on page 4)

The winners of this meet will meet the Aggies in a telephone meet April 28, one week from Saturday. Coach Mead hopes to pick his team from the participants of the interclass meet.

GDLF AND TENNIS

(Continued from page one)

first conference meet of the season, and the Tigers are in the best possible shape. Captain Cornell reports that he hopes to take the meet.

The tennis tournament will take place at three o'clock on the College Courts.

CLASSICAL CLUB HIKES DN ANNIVERSARY DF FDUNDING DF ROME

On the two thousand, six hundred and seventy sixth anniversary of the founding of the city of Rome the Classical Club of Colorado College will go on a hike and this date will be none other than tomorrow, April 21. The party will leave Busy Corner at ten o'clock, and go to the west entrance to the Garden of the Gods. The picnic dinner will be eaten at the same place as last year or a little south of the Cathedral Spires.

The hike to the Garden will be over the Balanced Rock Road. Miss Dorothy Smith is chairman of the committee for the hike.

He—Does the moon effect the tide?
She—No, only the untied.

Spring Styles are very Different

"Style" — that indefinable, elusive something that commands the eye and compels admiration and satisfies your inner judgement is ever present in the clothes you find at "The Boys".

This Spring styles are different —Clothing is cut along looser lines —lapels in coats are somewhat longer and buttons are dropped lower.

"The Boys" clothes have smartness a-plenty — correct styles in new models that you won't find elsewhere.

Trade with the Boys.

TIGERS WIN IN TENNIS MINERS WIN GOLF

Golf Score 6½ to 5½. Tigers Take Four of Six Sets of Tennis

The Colorado School of Mines defeated Colorado College, in the dual 18-hole golf tournament played last Saturday morning on the Jewett links, by a score of 6½ to 5½ points. Price of Mines, with 84, defeated Captain Cornell of the Tigers, with 91, five up; Jones of Mines, with a net 83, defeated Young of the Tigers, with 85, three up; Yates of C. C., defeated Maxwell, Miners, with 95, four up; Morton of C. C., with 90 defeated Batlie, Miners, with one up, and and took two and one half points to the Mines' one half.

The Tigers came back in the tennis meet with the Miners, taking four of six sets, and including completely the doubles. Wolf and Hill were the Tiger stars. The results in the singles were:

Carpenter, Mines, defeated Capt. Koerner, C. C., 6-1, 6-2.

Wolfe, C. C., defeated Mahood, Mines, 6 2, 6-3.

Hill, C. C., defeated Beck, Mines, 6-2, 1-6, 6-3.

Withers, Mines, defeated Fisher, C. C., 6-4, 6-3.

Results in doubles:

Wolf and Hill, C. C., defeated Mahood and Beck, Mines, 6 2, 6-4.

Koerner and Fisher, C. C., defeated Carpenter and Withers, Mines, 7-5, 7-5.

Prof. and Mrs. Brown To Leave C. C. at End of Year

Mr. and Mrs. H. Howard Brown, for many years residents of the city, and intimately associated with the musical life of Colorado College, have definitely decided to remove permanently to Los Angeles, where a class has been organized among their many friends. Mr. Brown is leaving on Saturday for New Work where he will join Witherspoon's teacher's class before opening his studio on Staten Island. Mrs. Brown will remain here during the summer months, being associated with the School of Music to be opened in connection with the summer school.

Besides their son, Allen, Mr. and Mrs. Brown are taking with them Miss Viola Allen and John Gheno, who are well known here in musical circles.

So far no successor to Mr. Brown has been chosen by the College School of Music, but a choice will no doubt be made in the near future.

BASEBALL WITH MINES TOMORROW AFTERNOON ON WASHBURN FIELD

Team Needs Student Support

The Tigers will play their third game of the season tomorrow afternoon on Washburn Field. After getting two setbacks in their first conference games and these by close margins, the Bengals will be out for blood.

McAlister, who pitched two good innings against the Miners, might be elected for mound duty tomorrow. "Mo" should be able to set the Miners down. Saturday he had the stuff but lacked control in the pinches. "Roast Beef" Louthan will also be ready for the pitching job. "Roast" pitched good ball for three innings against the Miners in Golden a week ago.

With Patterson back in the field things will probably look better for the Tigers. Bryden is still limping around with a badly spiked leg but he is expected to get into the game tomorrow.

The probable lineup will be: Bryden, shortstop; Amidon, third base; Wessen, left field; Harvey, catcher; McDougall, first base; Wood, right field; Patterson, right field; Weiner, second base; McAlister or Louthan, pitcher.

ENGAGEMENT OF MISS JUDD TO PROF. MIEROW ANNOUNCED AT DAIS

Friday night the Dais surprised (?) the Hall girls by staging an impromptu announcement party, at whichthey sang to Miss Judd. Mr. Herbert Mierow, who has been appointed Assistant Professor in the Department of Classical Languages for next year, is said to be the lucky man. Miss Judd is a graduate of Syracuse University, and a member of Phi Beta Kappa and of the Gamma Phi Sorority.

Gertrude Klein, who has been suffering from intermittent attacks of chronic appendicitis all winter, was operated on at Glockner, and is doing very nicely. Her mother, Mrs. G. E. Sandstrom of Golden, arrived Monday morning for a few days stay during Gertrude's convalescence.

* * *

CONSTITUTION ADOPTED AFTER MUCH DISCUSSION IN CHAPEL THIS MORNING

Vote Practically Unanimous

The new Associated Students' Constitution as drawn up by the committee of the Student Commission, of which Robert McIlvaine was chairman, was adopted at chapel this morning by a nearly unanimous vote of the student body. Three amendments were adopted to the constitution as it was printed in the "Tiger" last Tuesday; one to have dramatic affairs, manager of class plays, etc., come under the supervision of the Music and Forensic division of the Administrative Council; another to compel the treasurers of the four classes to report twice a year the financial condition of their classes to the administrative council; and another to provide for the nomination of candidates by petition. It was finally decided that this petition be signed by one nominator and twenty four seconds. "Chief" Meyers who drew up the amendment suggested that the number be ten instead of twenty four so that a student, not a member of any particular group might have a chance at the polls, but the students decided that if a man could not get twenty four petition there was no need of placing his name on the ballots.

McIlvaine appointed a committee on wording; consisting of Ed O'Brien, chairman, Al Amidon, and Harriet Bumstead.

Mautner Suggest League of Nations Committee On Immigration

Professor Mautner gave a brief discussion of the Immigration question before the students at chapel Friday morning, telling of the history of the question ,and the reasons why it has come up at the present time.

In telling of the reasons for America shutting down the bars of immigration, Professor Mautner said that the employers who wish to hire cheap labor only consider the requisition that the men can do common unskilled labor, and not that they will become political members of the community and nation. On the other hand, he pointed out that as the waves of immigrants come in, those whose ancestors were immigrants in an earlier group, are the ones who raise the objections because of intrenched interests.

The competition for livelihood is strong now among the unskilled and skilled laborers, Prof. Mautner said, because there are no new lands for

THE CONDUCTOR—The story of the manufacture and use of the wire cable.

Keyte Explains Geology of Pikes Peak Region

Professor I. A. Keyte gave the first of a series of talks on the geological history of the Pikes Peak Region and Colorado at chapel Monday morning. He illustrated his talk by a series of charts and maps showing the condition of North America during the different ages. Part of the time the region was under water of great depth, and other times it was on an island.

Professor Keyte explained the presence of inland seas during different periods, saying that this was due to the earth cooling, and contracting, causing the circumference of the earth to become smaller and forcing the seas upon the land.

PHI GAMS, KAPPA SIGS, PHI DELTS AND PI KAPS GIVE PARTIES SATURDAY

Betas and Sigma Chis Rest

Last Saturday night found four of the fraternities entertaining the fairer sex. The Betas and the Sigma Chis were the only ones to rest this time. This was the next to last fraternity night this year, the last one is to be May 19.

Phi Gamma Delta

The members of Phi Gamma Delta gave their annual dinner dance at the Broadmoor hotel. Dinner was served at eight. Phi Gams from all over the state attended the affair. As chaperones they had Dr. and Mrs. D. A. Vanderhoof, Dr. and Mrs. Ralph J. Gilmore, Mr. and Mrs. Wesley Dennis, Dr. Harry W. Woodward. The guests were: Misses Margaret Smith, Burdine Ecke of Boulder, Ruth Espey, Georgna Lewis of Greeley, Mirrie Goldman, Isabel Worley of Las Animas, Katherine Morton, Arline Leggett of Greeley, Lois Harter, Florence Fabling of Denver, Marion Lamme, Katherine Hood, Evangeline Joder, Martina Maher, Janet McHendrie, Mary Patterson, Katherine Sutton, Miriam Scribner of Pueblo, Katherrn Van Vechten, Harriett Brady, of Greeley, Helen Tucker, Helen Loveland, Kathryn Varney, and Dorothy Jean Barker.

Kappa Sigma

Kappa Sigma entertained at their annual spring dance at their chapter house. All the men wore white shirts and dark ties and danced in their

(Continued on page 4)

CLASSICAL CLUB HIKES TO GARDEN OF THE GODS SATURDAY

A large number from the Classical Club hiked through the Garden of the Gods last Saturday and held a picnic dinner near the Cathedral Spires. The main division of the party entered the garden from the west over the Balanced Rock road to the picnic grounds but one party was known to have hiked by way of Williams Canon, and another portion of the group came by automobile.

After scaling the rocks for a time the lunch was served. This was followed by a game of baseball with oranges. The party returned to town early in the afternoon. The party included: the Misses Flora Judd, Anna Small, Joan Heckenlively, Dorothy Carmine, Dorothy Roedel, Barbara and Dorothy Mierow, Evangeline Dascomb, Evangeline Joder, Dr. and Mrs. Mierow, Prof. Herbert Mierow, Messrs. Kenneth Gordon, John Dunway and Leonard Young.

TIGERS LOSE TO C. U. IN TEN INNING GAME

Small Crowd Makes Both Teams Play Listlessly, Game Drags Three Hours

In one of the longest games of baseball ever played on Washburn Field, the Tigers were defeated by the University of Colorado Saturday afternoon. The game went ten innings and it was only after three hours and fifteen minutes of slow, ragged, playing that Woods struck out for the last out in the tenth inning.

McAlister was elected to the pitching job and he went well for two innings. In the third inning his support cracked and from then on he was always in danger until he was taken out at the end of the fourth. In the third the bad handling of a fly by Robinson started a rally which brought in three scores for State. In the fourth, McAlister walked three men and hit another and this connected with a few errors by his team mates gave Boulder four more runs. The Tigers in their half of the same inning made four runs through the batting efforts of MacDougall and Wessen.

Harvey and Wessen played good ball. "Gob" helped out the Tiger pitcher by nabbing State men off the bases at critical times. He also obtained a timely hit. Wessen through his hitting prowess and his excellent fielding game proved himself a star. The rest of the Tiger team seemed to lack fire when it was most needed. Shelden starred for State, this man was able to connect with three safe hits, in addition to knocking down what would have probably been a triple by Bryden in the first inning.

Lineup and summary:

Morrison, Ruth Emily	Major, History; Minor, English
Tucker, Martha Christina	Major, French, Minor, Spanish
Gerould, Elizabeth Wood	Major, Sanit'y Chem.; Minor, Bact'ology

Because of a deficiency in a language course, Don McMillan's name is not published in the list of candidates but he will be granted the degree of Bachelor of Science as a member of the Class of 1923 upon completion of this work in summer school.

CHAPEL ANNOUNCEMENTS

The presidents, secretaries and traesurers of the four classes are requested to meet with the Student Commission tomorrow afternoon, Wednesday, in Montgomery parlors at 4 o'clock.

* * *

Freshmen women students are reminded that April 27th is the LAST day for taking strength tests. A charge of 25c is made after that date.

Office hours may be found on the Palmer Bulletin Board.

E. S. Davis.

* * *

The City Y. W. C. A. is asking for clothes for University students in Europe. The need for clothes is almost more desperate than the need for food.

If any one has any old clothes that are warm, no matter how dilapidated, will they please give them to this cause.

Some one will be appointed in each fraternity house and in the girls' halls to receive the clothes that may be given where they are so desperately needed.

* * *

There will be a Town Girls' Party Thursday, April 25, at 4 o'clock in Ticknor.

Tell your physics prof. that this cap defies gravity

SHAVING cream caps have an uncanny habit of chumming with gravity. That's why the Williams' Hinged Cap shown here is so remarkable. You can't persuade it to roll down a drain pipe. It refuses to go near the bathroom floor. In brief, it defies all previous laws governing the behavior of shaving cream caps.

Williams' Shaving Cream, in the same way, upsets all traditions about shaving. First of all, it exceeds every known speed limit for softening the beard. You can get your face ready for shaving in less time with Williams' than with any shaving cream you ever used.

In the second place, Williams' has a positive effect for good on the skin. Your face, with the wholesome care which Williams' gives, is kept in better condition and made more comfortable.

Test out these advantages which Williams' offers. Start with Williams' to-morrow and see what a time saver it is and how it helps make shaving more enjoyable.

Notice the hinged cap. You can't lose it—and the tube hangs up!

ATHENIAN TRYOUTS TO BE HELD MAY 3

The Athenian annual open-meeting was held April 19 in Cogswell Theater. The question for debate was: Resolved: That the French seizure of the Ruhr was not justifiable. The affirmative was upheld by Florence Lawson and Clara Burghart and the negative, by Lois Rose and Elsie Essex. The decision of the judges was in favor of the affirmative. After the debate the members and guests withdrew to Bemis' Common Room where Miss Burchfield and Miss Hitchcock accompanied by Miss Sweet, rendered a violin selection.

Cogswell Theater was decorated with baskets of red carnations and vases of white and pink carnations and white and pink roses. Refreshments were then served, the color scheme throughout being yellow and white, the Athenian colors.

The "Try-outs" for membership into the society will be held May 3. Each girl wishing to try out is to prepare a five-minute talk on either side of the question: "Resolved that the City of Colorado Springs should have municipal ownership of its power plant."

EXPERIENCE

His hair shone 'neath the Mazda bulb.
He held a bunch of flowers,
And waited in the parlor—
Alack! those weary hours!

At last the air was laden
With the perfume of the rose,
For on the stairs he saw the clocks
Of his lady's silken hose.
Then, with due deliberation,
He removed his fountain pen,
And took from his vest pocket
Three cigars and a Baby Ben.

With open arms he met,
Like a movie picture fake;
He crushed her to his breast, since
There was nothing there to break.
—Gargoyle.

In the Kentucky Mountains

"Jacy, dear, isn't the atmosphere marvelous?"

"Yeh, but it's a dead give-away to dry agents."

* * *

A New Interpretation

A horse into my car did stroll,
And used it for a rug;
The guy was wise who made that law,
"No parking near a plug."

* * *

Even As You and I

A sportsman craves a yatch at sea,
And unknown islands to explore;
But if a lover has his choice,
He'd choose a smack on shore.

* * *

Though sick in bed for near a month,
For news she does not grope;
The doctor calls most every day,
And gives her inside dope.

* * *

Amos: Your pipe must taste wonderful.

Oscar: Why do you say that?

Amos: You certainly wouldn't endure its odor if it didn't.

MINERVA INITIATION

Minerva held its last initiation for the current year at the club house last Saturday morning, following it by breakfast at the Broadmoor. The girls initiated were: Dorothy Graves, Frances Weigel, Loretta Tevebaugh, Lilla Munger, Ethel Fay Asbury, Leila Taylor, and Maxine Ingle.

Mrs. James H. C. Smith was hostess to the Minerva Society last Friday afternoon at her home. Mrs. Manley D. Ormes read "The Flower Shop", and Miss Marguerite Rosignal sang several songs. The program was followed by refreshmentss in blue and white.

* * *

CONTEMPORARY INITIATION

Contemporary club initiated six new members at the club house at 8:30 on Saturday morning. The initiation was followed by a breakfast at the Broadmoor Hotel. The initiates were: Anne Wrye, Hildred Taylor, Ruth Walker, Adelaide Easley, Katharine Sias and Ernestine Randolph. Among the alumnae and honorary members present at the breakfast were Helen Kirkwood, Marjorie Crissey, Eilene Carrick, Rosemary Gildersleeve, Marion Fezer, Ruth Brown, Emma Grant, Mrs. J. G. Dern, Miss Eleanor Davis, Mrs. R. R. Tileston, Miss Ella Campbell, and Mrs. Frank Seeley of Denver. Mrs. T. C. Sias was also a guest.

* * *

HYPATIA TEA

In place of the regular meeting, Hypatia Society was hostess to the girls of the Freshmen class last Friday afternoon from four to six at a tea, which was in the hands of Rita Fist. Light refreshments in the society's colors, green and white were served. The guests were entertained by the following program:

Violin Selection .....Harriet Bumstead
Solo Dance .....Gale Lander
Etude in D flat, Liszt.....
.....Margaret Osborne
Pianologues:
In the Usual Way
An Ideal
Little Bit of Sister—Miss Turner, accompanied by Miss Griswold.

COMMENTS

by Arthur Disbrane

French Pressure Being Felt

The French have been exerting such pressure that the German people are beginning to feel the results in the depreciation of the mark and the depreciation of the mark and the large number of people that have been thrown out of work by the shortage of coal. There is no use for the Germans to resist the occupational forces. The French are not in a bad way financially so far as the rest of Europe is concerned and besides they are determined that those who are responsible for the war should be made to pay the cost of it.

Labor Unions in Business

The Seaman's Union has asked the shipping board to sell them three ships so that it can go into business the same as any other organization. Such action is the result of the success that the locomotive engineers have had in the banking business. Of all of the significant happenings in the labor world the desire of the unions to compete in the business world is the most promising. It will broaden the vision of the leaders and cause the rank and file to become more conservative. If anything makes an organization any more conservative than owning a bank or business it is to own more companies of the same type. It also serves to show that the American is not willing to adopt the doctrines of the radical and certainly not accept the psychology of the average European worker.

Lausanne Conference Resumed

After an intermission of about six weeks the Allies and the Turks are again in session in Switzerland to try to work out some basis of agreement over borders that will be suitable to all of the powers concerned. The fact that the Americans have secured a great concession during the intermission is giving the conference an added importance since the British and French have been trying to get similar concessions for the last three years.

British Budget Passed

The new budget for the English people to swallow is not receiving much comment. It is economically sound and even the Labor opposition can find fault only by attempting to say that there is too much of a relief for the wealthy. That is good socialistic propaganda and will make the sound thinking Britisher think a little. The Bonar Law government has the good will of the Americans because it has recognized the debt as an obligation that must be paid and that the payments must begin at once even tho payments pinch the pocket book of the nation at first.

Sugar Probe

The people of the nation are at present the victims of the speculators and gamblers of Wall Street. The government has appointed a commission to investigate the sugar prices. Gambling in food stuffs should be made a crimiual offense. The people of this country are too much at the mercy of unscrupulous gamblers. It is the Wall Street gambler that makes more socialists than all of the red immigrants put together.

McILVAINE'S ENGAGEMENT ANNOUNCED AT FIJI FORMAL

The safety clasp on Bob McIlvaine's fraternity pin has at last failed and Bob has succumbed to the greater powers of the feminine sex. The engagement of Robert S. McIlvaine to Miss Isabel Worley was announced at the Phi Gamma Delta Formal last Saturday night. It has been long pending and did not come as a very great surprise to his many friends.

Mr. McIlvaine is a senior and is majoring in Business Administration and Banking. He is now president of The Student Commission as well as being the same officer in the newly formed organization of Colorado Student body Presidents. He is a member of K. U. K., the Spanish Club, the Kiwanis Club, "C" Club, Cossitt Dining Association, and has participated in a great many activities of which a few are: Junior farce, Interfraternity Council, Football, Debating. He is a member of Alpha Kappa Psi, the national business fraternity and Phi Gamma Delta.

Miss Worley is of Las Animas, where she is teaching this year. She formerly attended the University of Colorado where she was judged the prettiest girl one year. She is a member of the Delta Gamma Sorority.

SPANISH CLUB MEETS AT HOME OF LETA GALE

The Spanish Club met last Thurs- TIGER GAL FOUR NN NN..... ....N day evening at the home of Miss Leta Gale, the president. A large number were present and spent a profitable evening.

Miss Christina Crane read an article on "Spanish Music, and Senor Cabello spoke to the club about Jacinto Benavente, with whom he is personally acquainted. After the program the members of the club spent an enjoyable social hour.

FRATERNITY PARTIES

shirt sleeves. The guests were: Misses Betty Arms, Lodice Everett, Evelyn Stannard, Alberta E. Matteson, Alice Sweet, Helen Hart, Helen Hiles, Mary Cox, Isabel Postlethwaite, Margaret Druehl, Gladys Humm, Elsie Berg, Hazel Round, Louise Danks, Marjorie De La Vergne, Helen Graybeal, Mary Clegg Owen, Ethel Fay Asbury, Lucy Fast, Clara Vorrietor, Naomi Counts, Harlyen West, Mary Crane, Vivian Broadbent. Mrs. C. F. Putnam and Prof. and Mrs. C. C. Mierow were the chaperones.

Phi Delta Theta

The Phi Delts held their regular function at the City Golf Club. Mr. and Mrs. Earl Plyley, Mr. and Mrs. I. P. Law, and Mr. and Mrs. Kerr chaperoned the affair. Their guests were: Misses Elizabeth Nickell, Katherine Sias, Harriett Bumstead, Miriam Tessier, Billie Sanson, Ardella Hall, Dorothy Chambers, Rita Fist, Lyle Blaine, Martha Mae Kirkpatrick, Helen Harmon, Maxine Hunter, Bonnie Walker, Fern Lewis, Helen Killian, Goldie Proctor, Marjorie Wood, Liela Taylor, Roxanna Jackson, Jeannette Heckman, and Helen Stote.

Pi Kappa Alpha

Pi Kappa Alpha danced at the Broadmoor Golf Club. The hall was decorated with the fraternity colors. The chaperones were Dr. and Mrs. Smith. Funk's orchestra furnished the music. As guests they had: Misses Elsie Uthoff, Miriam Malsbery, Mabel Draper, Dorothy Smith, Helen Finlay, Dorothy Carnine, Bernice Ryer, Norma Raley, Maude Meekin, Charlotte Bergner, Esther Webb, Elsie Britton, Ellen Keating, Edith Bloom, Aline Draper, Margaret Tyson, Ruth Organ, Marian Bowers, Merryvern Johnson, Dorothy Schmitt, Elenor Pervise, Elizabeth Starrett, Juanita Livingston, Velda January, Lucille Hersch, Ferroll Hawkes, Mrs. A. B. Rice, and Mrs. M. Zickafoose; Messrs. Glenn Toops, Frank Layton, Merton Bergner, Harold Sutton, Edward Ellis and A. D. Rice.

Mrs. T. C. Sias, of Corona, California, has been visiting her daughter, Katherine, at McGregor Hall, since Wednesday. Mrs. Sias is enroute from Boston to Corona.

* * *

Irene Johnson, ex-'22, of Pueblo, was a week end guest at Bemis.

TELEPHONE MEET WITH AGGIES TODAY

Direct Line Connects Fields and Results Announced almost Immediately

This afternoon there was a telephone meet held, with Aggies, on Washburn field. A direct line connected the two schools, and the time in each event was given as soon as possible. In an interview with Coach Mead the line up for all events was given as follows:

100-yard dash—Greiner and Briggs. 220-yard dash—Patterson and Hunter. 440-yard dash—Patterson and Amidon. 880 yards—Hamilton, and Richardson. Mile—Corley and Hitch. 2 mile—Hitch, Marchant and Shepherd. The Relay—Patterson, Hamilton, Greiner, and Briggs. In the field events, Muncaster, the shot put, and throw the discus, and Schoonover throw the javelin. At the time the Tiger went to press, the results could not be obtained.

THREE NOMINATIONS FOR ALUMNI TRUSTEE

McHendrie, '00; Shaw, '13; and Williams, '15 Chosen by Nominating Committee

(From the Telegraph)

A. Watson McHendrie of Trinidad, Lloyd L. Shaw, principal of the Cheyenne school, and Dr. Judson T. Williams of Colorado Springs are the candidates of the Alumni of Colorado college for election to the board of trustees. But one is to be elected, to succeed Sperry S. Packard of Pueblo, whose term of office expires with the college year in June, and who has declined to be a candidate for reelection.

The announcement of the candidates in the alumni election was made today by Hildreth Frost, secretary of the nominating committee. Blank ballots were sent out to all alumni of the college, who wrote the names of their nominees on them and returned them to the committee. The three receiving the highest number of votes were designated as the official candidates.

Ballots have now been prepared with these three names on them and these are being mailed. When they are returned the nominee receiving the highest vote will be the trustee elected for a four-year term expiring in June of 1927. Returned ballots must be in the hands of the committee not later than 5 o'clock the evening of June 11, and announcement of the choice of the alumni, will be made at commencement time. Only holders of degrees of 1920 and prior years are entitled to vote.

Mr. McHendrie, who is an attorney, was graduated from Colorado college in 1900. Mr. Shaw received his A. B. degree in 1913. Dr. Williams graduated in 1915.

Registration for Next Semester Begins May 7

Registration of present college students for the first semester of next year will begin on May 7, according to the announcement from the office of the Registrar. Further announcements concerning this will be made in the next issue of the Tiger and also in chapel on Wednesday morning of next week. Individual instructions to the students will be posted on the bulletin board also on Wednesday.

Tigers Meet Miners in Golf and Tennis Tomorrow in Golden

The golf and tennis teams left this morning for Golden to participate in a tournament to be held Saturday. They will practice this afternoon, and play Saturday morning. The men who will represent the Tigers in tennis are: Captain Koerner, Wolfe, Hill, and Fisher. Those who will go on the golf team are: Captain Cornell, Dixon, Yates, and Young. Morton is unable to make the trip.

JUNIORS, 60; SOPHS, 50; FROSH, 37; SENIORS, 7 IN INTER CLASS MEET

Sewell High Point Man

The annual interclass track meet came off last Tuesday afternoon in good shape. The Juniors won the meet with 60 points, Sophomores came next with 50, Freshmen third with 37, and Seniors with 7. MacDougall, soph, was unable to enter because of a sprained tendon in his leg, this made a big difference in the Sophomore ranks. During the meet Coach Mead was able to get an idea of how the telephone meet with Aggies would come out, to be held on Washburn field tomorrow afternoon at 3:45.

Sewell, soph, was the high point man of the day, getting three firsts. The 120 high hurdles, pole vault, and broad jump, totaling 15 points, and 1 point in the relay. Hamilton, soph, took the 880 in 2:18, he will undoubtedly cut this down in the meet. Hitch, frosh, made the 2 miles in 11 minutes 28 seconds, he will run a good race in the meet. Patterson, junior, took the 440 in 58:3. Greiner took the 100 yard dash in 11:1. The other firsts follow: 220—Hamilton, no competition, five points. 440—Patterson, 58:3. Mile—Corley, 5:29. Two mile—Hitch, 22:28. 120 high hurdles—Sewell, 19:2. 220 low hurdles—Greiner, 28:01. 880—Hamilton, 2:18.

Field events: Shot put—Muncaster, 34 feet, four inches. Discus—Muncaster, 106 feet 9 inches. Running broad jump — Sewell, 19 feet, 3½ inches. High jump—Kidder, 5 feet, 5 inches. Pole vault—Sewell, 9 feet 6 inches. Javelin—Schoonover, 146 feet.

Girls Practice Rodeo Stunts on City Rodeo Field

The first practice for the Riding Club Rodeo was held last Saturday at the Colorado Springs Rodeo field, north of town. A good beginning was made as at least fifteen girls were out at various times during the three hour period. The Rodeo which will be held on May 12 from 9 to 12 A. M. is in charge of the following committee: Katherine Sias, Anne Wrye, Maude Bangs and Dorothy Swan.

Town Girls Entertain in Ticknor Study

The Town Girls Association entertained at four o'clock in Ticknor Study yesterday afternoon, the party was in charge of Roxana Jackson, the the Association as a whole acted as hostess. Following a short program, ice cream and cake were served, and the affair ended in a dance.

HUNTER AND KIDDER RUN 1923-24 TIGER

Ten Ballots Necessary to Elect Editor, Kidder Gets White Ballot

Russell Hunter was elected editor and Bradley Kidder manager at the meeting of the Tiger Board of Control held yesterday afternoon. The competition for the job of editor was closely contested between the supporters of Sam McCool and Russ Hunter. In all ten ballots were necessary to break the deadlock. The first five ballots were direct votes, each member voting for his first choice. In everyone of the five ballots the vote stood four for McCool and four for Hunter. Then upon the suggestion of Mr. Swart, the preferential system of balloting was tried. The first choice of

THE NEW EDITOR OF THE TIGER

each of the members received five votes, the second four, etc. The plan was then to entertain a motion that the person receiving the most points should be unanimously elected. This was necessary because the conditions provides that the editor shall be a senior unless unanimously elected and a unanimous vote would have been necessary to elect McCool because he will be a junior next year. It would have been necessary to have passed such a motion unanimously but that complication was never put to the test because in none of the three preferential ballots did any one person stand out above the rest. The other applicants for the editorship were, Glenn

THE NEW MANAGER OF THE TIGER

McLaughlin, Robert Swan, and Jack Dern. In two of the preferential ballots Hunter and McCool each received twenty-four points and in the third Hunter, McCool, and McLaughlin were tied with twenty-one points each. At this point a motion was made to elect Glenn McLaughlin unanimously. This motion lost for lack of a unanimous vote and a motion was made

(Continued on page 4)

Chairmen of May Fete Committees Meet to Organize Work

The Chairmen of the various May Fete committees met for the first time last Tuesday to organize their work. The chairmen are:

Advertising—Lorene Reynolds.
Costumes—Dorothy Niccolls.
Properties—Ruth Little.
Programs—Marie Coleman.
Tickets—Lucy Fast.
Supper—Evelyn Stannard.

Altho the information concerning the arrangements for this year has not been made public it is understood that many novel ideas will be introduced.

GLEE CLUB RETURNS FROM SUCCESSFUL TRIP HOME CONCERT TONIGHT

Concerts Please Audiences

The Mens' Glee Club of Colorado College returned Wednesday afternoon from a six-day tour to the south and south-east parts of the state. They gave concerts at Trinidad, Fowler, Las Animas and La Junta.

The first concert of the trip was at the Trinidad High School Auditorium at 4 P. M. At 7:15 the club sent a portion of their program over the radio at and eight o'clock gave Trinidad their complete program. Some of the C. C. boys were "dated" for the occasion with some of Trinidad's fairest, and the welcome accorded the club will not soon be forgotten.

Saturday evening's concert at Fowler was well attended for so small a place. This was followed by a party at the home of two of Fowler's most popular young ladies. The Glee Club furnished the music for the party; some songs were sung in which all present participated, dancing was an important feature of the evening, and refreshments were served.

Early Sunday morning three cars left for Las Animas. One car remained in Fowler to bring Harry Taylor and Theodore Winans, solosits, who had promised to sing at two of Fowler's churches. Sunday morning the orchestra gave a concert at the Palace Hotel, Las Animas, and Taylor, T. Winans, Ralph Heller and the Mast brothers provided music for some of the Las Animas churches that evening. Monday night the regular program was given at the Christian church to a well filled house. The concert met with general approval except one good lady remarked that the program was fine but would have been better without the jazz, which was not very appropriate in a church building.

The concert at Las Animas was followed by a dance, and as usual the Colorado College Jazz Orchestra furnished the music. One of the first tenors indiscreetly asked a partner with whom he was dancing when she would be through high school and was informed that she was a teacher in the high school and a graduate of a college in Missouri.

At La Junta, on Tuesday noon, the glee club was royally entertained by the Lions Club. A part of the entertainment was furnished by Harry Taylor,, Ted Winans, and Ralph Heller, and one or two songs were sung by the entire club. The concert that evening at the High School Auditorium was attended by nearly nine hundred people. An encore was given in every instance, and a second encore was insisted upon from the Jazz Orchestra and J. Ellwood Amos, each time they appeared on the program.

(Continued on page 4)

SEVENTEEN JUNIORS APPEAR IN STOP THIEF

"Stop Thief is a Fast Tricky Show, But We Have a Cast That Can Lick It."—E. B. Sargent

The cast of the Junior Play, "Stop Thief", is working hard on their production which is to be presented Friday, May 4. Seventeen members of the third year class are included in the cast. The show is being coached by E. B. Sargent who has directed many amateur productions in Colorado Springs. Mr. Sargent said last night, "Stop Thief is a fast, tricky show, but we have a cast that can lick it."

Miss Elma Jane Clopper as Joan Carr plays opposite Ralph Emery, Doctor Willoughby. Bradley Kidder is cast as the absent minded Mr. Carr and Lucille Lilyard plays Mrs. Carr. Gertrude Sherk and Dwight Strother play the leads as the crooks of the plot. Martha Mae Kirkpatrick, the demure Madge Carr plays opposit Jack Dern as James Cluney. The part of Mr. Jamison is taken by Robert Wardwell. The Reverend Mr. Spelain is ably portrayed by Bruce Anderson, and Caroline Carr is played by Thelma Bradley. The Officers of the law engaged in catching the crooks, Nell and Doogan; are Mick McBride, the "best detective in the State of Rhode Island", and Bob Burghart the Sergeant of Police, three officers, George Thatcher, Lester Powell, and James McMurtry. Jack Shepherd is the hard-boiled hack driver.

Tickets are on sale by members of the Junior Class and may be exchanged for reserved seats at Murrays Drug Company.

MINES BEATS TIGERS IN SECOND GAME 19-4

Robinson, Louthan, Graham and Bemis Pitch for Tigers

The Tigers suffered their third straight defeat of the conference season when the Miners grabbed the long end of a 19 to 4 score. It was the second defeat that the Orediggers have given the Bengals.

Piling up six runs in the first inning off the offerings of Robinson, the Miners were never checked in their onslaught. Louthan relieved Robinson in the second and this southpaw went well until the fourth when the Miners piled four more scores to their total. Graham relieved Louthan and showed good form until the ninth in which he could not locate the platter. Bemis finished the game in the box for the Tigers. Two pitchers were used by the Mines. Anderson was taken out at the end of the fourth when the Tigers worked the squeeze play and aided by errors piled up four runs. Delhanty, who relieved him, pitched good ball and was given good support in the pinches.

For C. C. Wesson and Harvey starred although the latter did not play his usual brand of ball. Wesson made six putouts in left field and was instrumental in pulling the Tiger mound men out of several pinches. Patterson and Wood were jerked early in the game, due to two costly errors committed by them. Jordan with five runs in as many times at bat starred for the Miners.

WANTED—A WELL ROUNOED GRAOUATE.

Among American students there is a noticeable lack of a sence of proportion. The student either spends all of his time on extracurricular activities; student committees, students politics, social life, or we'll say even athletics, or he goes to the other extreme: spends all of his time studying and becomes a "greasy grind". The average student spends more time on the former. Something is wrong with the attitude he has of his college career, when as large a percentage of students are sent home as was at the end of the last semester. Yet, as a student body C. C. shows unrivaled enthusiasm and spirit.

In fact as Professor Albright has said, we are setting very poor examples for the first-year students. A freshman comes here to make his four years in college four years of real gain in knowledge. And what he finds is this: the indifferent sophomore who believes that all there is to the academic side of C. C. is pull and bull and is college-wise how to get by; the gay junior just beginning to wake up from the apathy of his second year; and the none-too-serious senior making up sophomore requirements and working his head off, almost too late, that he may obtain a degree which will help him find a job. Needless to say, business men can not use graduates of this type.

Neither are they eager to hire the "greasy grind" type of student who does not know how to meet people and how to deal with them. They, rather, are searching for the individual who has a sense of proportion as to the essentials and the non-essentials of life; who, besides knowing his vocation, understands human nature.

—G. E. M.

C.C.'s Who's Who

SAMUEL JESSOP

Mr. Jessop was born in the north of England in October 1868. He commenced the study of pianoforte in 1877 under Mr. R. Brewerton, he continued with him the next year in the study of the organ. Mr. Brewerton became accompanist at the famous Leeds concerts, taking his turn once each year with the most distinguished pianists of Europe as a soloist.

Mr. Jessop had to take his organ instruction at the same time as his course at the University Preparatory School, this necessitated his practicing between the hours of six thirty and seven thirty ever ymorning. The only available organ was in an old chapel which was never heated except for the Sunday services. The organ was a three manual affair flanked on either side by huge stone effigies of mailed knights in recumbent pose.

In 1882 Mr. Jessop entered the Junior Royal Academy of Music exams and took honors in piano and passed in organ. The following year he was appointed organist to St. Mary's (Lord Stanley's Place.) Two years later he was director of the orchestra, and of the musical and dramatic societies at the Hilowsland Parish Church. Became organist at the English Church at Funchael Maderia. Returned to London to enter the Studio of Mr. G. E. Lake, famous organist and music critic as an articled pupil. Mr. Lake's health failed him so Mr. Jessop was compeled to leave him after a short time and then entered the studio of Henry J. Dairt. After two years under Mr. Dairt, he left to accept a position as organist and choir director at Stratford Parish Church, South London.

Articled pupils live in the homes of their teachers and are expected to spend eight hours daily at their work. The time however, passed happily enough between vocal, organ, piano, harmony, and counterpoint work as it is not the rule to take an articled pupil in a single subject only.

After 11 years in Stratford where he had one of the finest choirs in the country and during which time two of his pupils were successful in the A. A. M. exams he was offered and accepted a Canadian church. Since then he has been connected with St. Pauls, New Haven; St. James, Lancaster, Pa.; Fredrickton Cathedral, New Brunswick; Colorado College and St. Stephens, Colorado Springs; as organist and a choir director. Mr. Jessop has worked as vocal, organ, and piano instructor, chiefly the former. His work at the studio of Mme. Esperanza Garrique at the Metropolitan Opera House was very successful.

EXHIBITIONS OF WORK OF PROFESSIONAL MEMBERS OF THE BROADMOOR ART ACADEMY AT PERKINS

The exhibition of the work of the professional members of the Broadmoor Art academy is still open to the public daily from 10 o'clock until 5 o'clock at Perkins Hall. Numbers are viewing the collection which are, perhaps the finest the academy has shown. In addition to the work of Colorado Springs artists there are many canvasses from out-of-town members. The works of Robert Reid and Birger Sandzen, who will also be an instructor at the academy this summer, are attracting much worthy attention. The exhibition will be open until 5 o'clock Sunday.

CLASSICAL CLUB TO MEET AT HOME OF OOROTHY CARNINE

The Classical Club will meet next Thursday evening, May 3, at the home of Miss Dorothy Carnine, 1112 N. Wahsatch at seven-fifteen. The date was formerly announced as Monday evening but later changed.

A very interesting Virgil program has been planned as follows: Life of Virgil, Dorothy Roedel; Shorter Poems of Virgil, Helen McKinney; Special Music, Direction of Loise Rose: Virgil in Middle Ages, Lillian Hardee; Outline of Aeneid, Alex Chapman. Miss Carnine will serve refreshments after the program.

INOEPENDENT CLUB ELECTIONS NEXT TUESOAY

The Independent Club will elect officers at the next regular meeting which will be held next Tuesday evening, May 1, at Cossitt Commons at 7:15. All active members are urged to be present.

Word has just been received of the death of Mrs. Farmer of Canon City, whose daughter Genevieve has been in C. C. during the second semester. Miss Farmer left some time ago for Canon City and has decided definitely not to return to school this year.

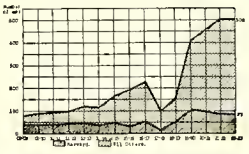
HARVARD
Graduate School of Business
A two-year course in business, open to college graduates, leading to the degree of Master in Business Administration



Points of interest regarding the Harvard Business School:

1. The above graph shows the growth in enrolment and the large number of students coming from institutions other than Harvard. During the present year 158 colleges are represented.
2. The case method is used. Actual problems obtained from business are used as the basis of instruction. A staff of investigators is constantly at work gathering problems.
3. Business is regarded and studied as a profession.
4. What the students in the School think of the training which they receive is indicated by the high percentage of eligible first year men who return to complete the course—84 per cent. the present year.
5. The training in the School materially shortens the apprentice period in business. A prominent business man recently said: "On the basis of our experience with your graduates, I estimate that you are saving them five years per Six months after they come to us, your men are as well fitted to assume responsibility and to make decisions as the typical college man at thirty."

The enrolment is limited in first year courses.

EXCELSIOR

(The latest revised edition)

The shades of night were falling fast
As down the diagonal a Freshman passed.
Sent by the dean to home, sweet home,
To think no more, no more to roam.
Excelsior.

His brow was sad; his eyes below
Left watery trails in the fallen snow.
Clenched in his teeth, a cigarette
Gave forth an odor we can't forget.
Excelsior.

At break of day, a fusser late,
Returning from a decent date,
On a senior bench this frosh he spied,
And loud a clarion voice replied,
Excelsior.

There, in the twilight cold and gray,
Lifeless but beautiful, he lay:
And ere they put him in the ground,
They smashed his dome, and there they found
Excelsior.

—Gargoyle.

Key to Phi Beta Kappa

A freshman came to college
With a horror of all knowledge
But he yearned for sweet years of college life;
So he started out in quest
Of the method that was best
To avoid the turmoil of scholastic strife.

He found just what he craved
In a calendar he'd saved
From his father's Rexall drug store at Cow Gap.
He absorbed with great elation
All its Useful Information—
And without more study made Phi Beta Kap.

—Gargoyle.

In the April number of the University of Oklahoma Magazine an article is printed about "sooner" graduates who have made good as coaches of college athletics. One of the most prominent is Harry Hughes, coach at Colorado Aggies. The magazine prints photographs of both Coach Hughes and his son Billy, mascot of Aggie teams.

KU KLUK KOLLUM

Prof. Gilmore says that some people keep their "deciduous teeth" for many years. We heard that Ruth Espey still has some.

* * *

Also Prof. Rose remarked that there are still vestiges of movable ear muscles in some humans? Perhaps he referred to Frank James?

* * *

We have noticed that the "back yard is improving lately.

* * *

"In the spring a young girl's fancy
Lightly turns to thoughts of——
Clothes."

Notice the gay dresses around the campus lately? They speak for themselves, all right.

* * *

Speaking of color——we wonder how Bert has the nerve to wear some of his original color schemes.

* * *

Fran says its nice to be called "Madame" but she prefers to be "just Min."

* * *

The list of prospective grad is out. Well, Don, they say the third time is a charm.

* * *

Red Amos says he's got this far so he will trust to luck for the next few weeks.

* * *

The Tickornites enjoyed a house meeting last week. They were gently reminded that fussers should not linger on the steps after ten-thirty, et cetera.

* * *

We are sorry to hear to hear that Mr. Brown is leaving. Wonder who will sing the Chapel solos when he's gone?

The Princeton Alumni Weekly for April 11, 1923 contains the following poem by Professor H. E. Mierow of the department of Classics of Colorado College. "Edwards, Reunion and West" are the oldest dormitories of Princeton University.

EDWARDS, REUNION AND WEST

By Herbert Edward Mierow, '14

Strangely they stand and lonely:
Edwards, Reunion and West,
Faded with years of laughter and tears—
Edwards, Reunion and West.

Glorious rise about them
Temple and Gothic spire,
With columns white as the moon by night,
And arches that aspire,
Arches that soar toward heaven,
Buttress and battlement,
Till Princeton seems a land of dreams,
Of dreams with daylight blent.

Solemn they stand and lonely:
Edwards, Reunion and West,
And yet how dear with each passing year—
Edwards, Reunion and West.

Oh, it's not alone in arches
That soar toward the moonlight sky
And it's not in Gothic spires
That strike with awe the eye—
Beauty is not external
But woven of flying years,
Of thoughts of the men of Princeton
Of laughter and work and tears.

Proudly they stand, majestic,
Edwards, Reunion and West,
Shining through years of hopes and fears —
Edwards, Reunion and West.

A bill to prohibit the pledging of high school students to University fraternities or sororities before they are graduated from high school has passed the state legislature of California. If a student should be pledged he cannot attend the college where the fraternity is located.

* * *

The requirement for a mathematics course for freshmen at Grinnell College has been dispensed with by the faculty of that institution, which finally decided that mathematics was too abstract for every college freshman to grasp.

* * *

Men students of the University of Cincinnati recently appeared on the campus with shaved heads.

TIGER ELECTION

(Continued from page one)

and carried that the Board return to the direct form of balloting. The first ballot again returned the deadlock but the second showed Hunter elected by a vote of five to three.

Bradley Kidder received the unqualified recommendation of the present manager and was elected on a motion for the casting of a white ballot which carried unanimously.

Recommendations were made by the editor and manager for the award of the Tiger keys to the members of the staff who had done exceptionally good work. Only one key is awarded during the college course and for this reason upperclassmen were favored. The awards will be made in chapel as soon as the keys are received from the jeweler.

The editor and manager were instructed to prepare reports of the year's activity to be presented at a meeting to be held the last of May.

GLEE CLUB RETURNS

(Continued from page one)

This final concert was doubtless the best given on the entire trip, partly because of profiting by the experience of the previous concerts and partly because of an unusually responsive audience.

Another big dance followed the concert at La Junta. For the club, the trip was one big time after another with no opportunity to study and little more for rest. J. Ellwood Amos, Harry Taylor, Ralph Heller, Theodore Winans, and Professor Fling, the director, starred for the Tigers.

As a general rule the club members were entertained by either the senior or junior class of the high school.

The Home concert will be given tonight at Perkins Hall at eight o'clock. The price of admission will be fifty cents. At a later date they expect to give a concert in Denver.

College Gossip

LOST—A jeweled Minerva Society pin, with M. Nichols engraved on the back. If found please return to Lilla Munger, Bemis Hall.

* * *

An edition of the New York Times of several days ago contained a short discussion entitled "Worthy Rewards", by Arthur Weiss, a student at this college.

* * *

The Y. W. sing scheduled for Wednesday evening on Bemis steps was postponed due to the illness of those who were in charge.

* * *

Waldron Fair, member of last year's freshman class, who has been visiting at the Pi K. A. house has returned to his home at Medicine Lodge, Kansas.

* * *

The Tiger is sorry to have to report the death of Mrs. Senning last Monday night, following an illness of several months. William Senning, her son is a Senior. He expects to go on with his work and graduate in June.

* * *

Miss Bramhall was hostess over the week end at her Cascade cabin to Martha Tucker, Ellen Wein, Earl Lyons and Chuck Wadell.

* * *

Laura Reid, Eloise van Diest, Lorraine Allen, Helen Gildea, Carlita Witherell, Margaret Osborn and Frances Tucker were among those present at a bridge luncheon last Saturday, at which Miss Gildea and Miss Mary Burgess presided.

* * *

Among those who drove to Cascade for supper Wednesday night, were Miss Bramhall, Evangeline Joder, Ruth Williamson, Yolandi Ingle, Earl Lyons, Carl Fisher, and Bob Burghart.

* * *

Announcement of the engagement of V. G. Scott, '22, to Miss Enid Galley of Colorado Springs was made last night. Scott was a charter member of the Alpha Nu fraternity and a member of Sigma Delta Psi. The date of the wedding was not announced.

* * *

The "Mirror", newspaper of Colorado State Teachers college prints the following about the co-ed at C. C.

"The girls at Colorado College recently held an intra-mural indoor athletic meet. The co-eds of this college are commencing to take quite an interest in participation in athletics, and have taken up boxing, baseball, and track."

* * *

Miss Grace Wilson, assistant dean of women at the State Teachers college has been chosen by the state directors of the Y. W. C. A. to assist in the spring conference work at Wyoming University, Gunnison Normal, and Colorado College. She will arrive here sometime next week.

MINERS BEAT TIGERS IN TENNIS AND GOLF

Dual Meet at Denver Country Club Saturday Morning

The Colorado School of Mines defeated Colorado College in a dual golf and tennis meet at the Denver Country Club, last Saturday morning. The Miners took four golf matches ,and divided the tennis in both singles and doubles. The results were:

Golf

Price, Mines, beat Cornell, C. C., three points to nothing.

Jones, Mines, Beat Young, C. C., three points to nothing.

Bayless, Mines, beat Yates, C. C., three points to nothing.

Gregory, Mines, beat Dixon, C. C., two to one.

Tennis

Carpenter, Mines, beat Wolfe, C. C., two games to one.

Mahood, Mines, beat Goerner, C. C. two to one.

Fisher, C. C., beat Withers, Mines, two to one.

Hill, C. C. beat Beck, Mines, two to nothing.

Tennis Doubles

Wolfe and Hill, C. C., beat Carpenter and Beck, Mines, two to one.

Withers and Mahood, Mines, beat Fisher and Koerner, C. C. two to one.

PLOT OF MAY FESTIVAL EXPLAINED IN ADVANCE 'SO THE PEOPLE MAY KNOW'

Date Not Yet Announced

The May fete, to be held soon, will be based on the following romantic, little story entitled, "A Tale of Ancient Persia." The Girl chosen as May Queen will be the "new queen" of the story.

"A long time ago—so long ago that even her name cannot be remembered—there lived in Persia a most beautiful damsel, the sister of the king. At the time of her brother's marriage and the coronation of the new queen, the damsel was told by her nurse, who was a corceress, that she would soon marry Prince Jemehid. This mighty warrior, the son of a king of a neighboring country, was renowned for his learning and wisdom.

"It was springtime when Jemshir, disguised as a beggar, arrived at the palace gardens, and tidings of the stranger's presence were soon brought to the Princess. His manly bearing warned her that he was no common beggar, and she entertained him royally, and begged him to disclose his name. This he long refused to do, until he was confronted by his own portrait.

"Brought before the king by the happy Princess, who had fallen deeply in love with him, Jemshid disclosed his royal identity in a warlike dance. The king did not long withhold his consent to their union."

The plans for the time and place of presentation of the fete has not been definitely decided.

Colorado State Teachers college won their triangular debate with Denver University and Colorado Aggies last week. The question used was "Resolved, that the United States should adopt the parliamentary form of government."

Keyte Tells of Formation of Rocky Mountains in Chapel Talk

Professor I. A. Keyte, in the last of his talks upon the geological history of the Pikes Peak Region, Friday morning, described the Region during the Cretaceous, Eocene, Pleistocene and Miocene periods, and the building of the Rocky Mountains.

He said that there are evidences of large palm trees which grew here during the Eocene period, and evidences of the earliest horses and camels, having toes, were found on the Western Slope. These animals were probably not more than eleven inches high.

The birth of the Rocky Mountains took place during the Eocene period, and was caused by the folding of the strata formed by immense layers of sediment piled up by the seas and rivers. The land New York City is situated on, is sinking as fast as the Rocky Mountains were formed.

Professor Keyte described the land around Florissant, Colorado, before the great volcanic eruptions. The land at that time sloped from Leadville to the east, and was cut by a river which deposited its waters and sediment near Florrisant. There are evidences of four hundred different insects, and many different species of animal and plant life inhabiting this district, including some California Redwoods eighteen to twenty feet in diameter.

Volcanic eruptions some five millions years ago, followed by rain and downpours of mud and volcanic rock covered the region entirely killing every living thing. There are large deposits of fossils and petrified trees to be found at Florrisant now.

HIST. 2 IMPEACHES PRESIDENT JOHNSON

Hayes-Tilden Affair to be Settled Next Week by Same Body

Friday morning, at the regular recitation hour, History 2 held an "Impeachment of President Johnson" in Bemis Commons. Mr. Willis and Miss Staff represented the prosecution and Mr. Duniway and Miss Kirkpatrick the defence.

By vote of the class the decision of half a century and more ago was confirmed so President Johnson continues acquitted of high crimes and misdemeanors. Next week, under similar circumstances, the Hayes-Tilden struggle of 1876 will be debated by members of the class. Mrs. Essex and Mr. Blackshare will defend the Hayes argument and Messers Gruner and Douglass will represent Tilden.

Y. W. CONFERENCE HELD BY MISS GRACE WILSON, ASST. DEAN C.T.C. WOMEN

Exact Nature of Work Not Disclosed

Miss Grace Wilson, assistant dean of women at Greeley, who is visiting C. C. in the interest of the Y. W. C. A., held conference with the various chairmen of the Y. W. Monday, advising them in the different phases of their work.

Monday afternoon at 4 o'clock in Room 37 in Palmer an open meeting

(Continued on page 4)

NOMINATING PETITIONS MUST BE TURNED IN TO THE COMMITTEE TONIGHT

Twenty-one Places to be Filled

Petitions are now being circulated for the candidates for the new offices provided for in the new associated students constitution. There are to be five men and five women elected to the disciplinary council and three senior men, two senior women, one junior man, two junior women, and one sophomore man and two faculty members elected on the administrative council.

The election will be held about May 10. All petitions must be signed by at least twenty five students and must be in the hands of the nominating committee not later than midnight Tuesday (tonight).

Among those who are seeking nomination are the following: Robert Burghart, Al Brown, Fritz English, Pinkie Bryden, John Schoonover, William Fisher, Stanley Delaney, William Rose and Pat Patterson.

"STOP THIEF" FRIDAY WILL BE GOOD SHOW

Love Scenes Should Raise Jungle Standard According to Hunter

By Russ Hunter

Next Friday night the Junior Class will present their annual farce at Perkins Hall.

"Stop Thief" is a fast clever show by Carlyle Moore and is sure to be popular with the college students.

The Juniors have been rehearsing the show daily and the play is rapidly becoming a finished production. Rehearsals up to this time have been mainly concerned with the mechanical business of the play, but for the remainder of the week the director will emphasize line delivery.

The class was fortunate in obtaining the services of Mr. E. Benson Sargent as a coach. His work in directing College, High School and Community dramatics for the past two years shows him to be emminently well fitted for this position. Mr. Sargent knows the play from previous experience in directing and predicts a successful production for the Juniors.

Dwight Strother who plays the part of Jack Doogan, makes as most convincing crook. His accomplice, Nell, the maid at the Carr residence, is played by Gertrude Sherk in her charming manner.

Brad Kidder is well cast as the absent minded Mr. Carr and plays opposite Lucille Lilyard as Mrs. Carr, an interesting character about twice as deef as a poet.

Jack Dern and Martha May Kirkpatrick play James Cluney and Madge Carr and are the lovers around whom the play is written. They portray with great feeling some snappy love scenes, which should raise the standard of the Jungle work considerable.

Thelma Bradley is cast as Caroline Carr an ingenue, who is old enough to know better but doesn't. Joan Carr and Dr. Willoughby played by Elma Jane Clopper and Ralph Emery are a most interesting pair of turtle doves. The Doctor's sure fire method of engagement should be of interest to every student. Bob Wardwell as Mr.

(Continued on page 4)

Pres. Duniway Supports Harding World Court Plan

President C. A. Duniway discussed the World Court question which is now a vital issue in American politics, before the students at chapel Monday morning. This was a sequel to the talk given by Dean Japha upon the League of Nations several weeks ago.

In the presidential campaign before the last election President Duniway endorsed Mr. Harding because he thought that Harding and his party would follow a policy of making the United States undertake a proper responsibility among the nations. Doctor Duniway said that he thought his prediction was not going to be carried out, until the recent statement by President Harding was made, concerning the United States' entry into the World Court.

Most of the opposition by the 'Irreconcilable Senators' was based upon the fact the World Court has no means of enforcing its decisions. Doctor Duniway asserted that he assumed that the real reason for their opposition was that they clung to the traditional American policy of issolation from European affairs.

In speaking of his own opinion, Doctor Duniway said that he would endorse the World Court, because it is the most promising experiment toward the realization of international peace.

GREEKS PLAY GOLF OF BARNYARD NATURE

Intra-Mural Horseshoe Tournament May be Played in Near Future

Interfraternity horseshoe for the future!! Sounds funny but nevertheless it is very probable. By interfraternity horseshoe we do not mean something to chew either, but the regular old game where you get out and throw the irons at a peg. The report of the possibility of such contests opens great opportunities for the development of the physical and mental powers of the Greeks. To pitch good horseshoe a man must have keen sight, judgment and a strong arm, so you see the game has its advantages, and the Greeks should handle it well.

What has brought out such sentiment is not known, but it is thought that the pitching of a County Championship a short while back was the start of it. The Phi Gams already have their men practicing, and the Kappa Sigs are installing their courts. The other fraternities are expected to follow as soon as they can get the material.

The looming possibilities for the various teams are hard to ascertain this early in the season but it seems that Parker, Powell, Tallman, and McMillan are the nucleus of the Phi Gam team; Bemis, Park, Moreland, and Louthan are the Kappa Sig standbys; at the Phi Delt house are Greiner, Briggs, Hamilton and Crowder; the Sigs Chis have O'Brien and Tait; Young and Marshall of the Pi Kaps seem to have had experience; and, Waddell and Burkhart of the Betas will be the ones around which they will have to build. The selection of these men is based entirely on rumor.

Whether or not letters will be given is not known.

TIGERS BEAT AGGIES IN TELEPHONE MEET

Score 59-58. Relay Forfeited by Aggies but Score Not Counted

Colorado College defeated Aggies last Friday afternoon in the annual telephone meet, by a close margin—58-59. MacDougall was unable to enter the meet on account of a bad knee, he would probably have scored points in the 100 and 200 yard dashes. The points were divided as Greiner tied in the 100, and Patterson in the 220 with the Aggie men. Sewell and Schoonover won first place in the pole vault and the javelin throw respectively. Patterson won the 440 by a close margin, Sewell, Briggs and Greiner ran away with the hurdling events. Hitch, won the two mile run in 11:45, with more practice it is expected he will cut more off the time in this event.

Results of track meet.

Track Events

Aggies

100-yard dash—Newell, 10:03.

220-yard dash—Newell, 23:03.

SPRING REGISTRATION TO BEGIN NEXT MONDAY; INSTRUCTIONS ISSUED

Cards to be Posted This Week

Instructions for the registration of present students for next year are printed below. The registration will begin next Monday, May 7. Further instructions will be announced in chapel and the instruction cards will be posted this week.

1. All students now registered as sophomores or Juniors (Arts and Business and Banking) will register Monday, May 7, or Tuesday, May 8, with their major professors, who may be found in their offices or may be reached by telephone for appointments.

2. All students now registered as Freshmen (Arts and Business and Banking) will register Wednesday, May 9, Thursday, May 10, or Friday, May 11, with the Sophomore Class Registrar in Room 1, second floor of the Administration Building. Hours: 9:00-12:00 and 2:00-5:00.

3. Special students (taking less than 9 semester hours) will register with the Registrar at any time during the week of May 7 to May 11, inclusive, in the office in the Administration Building.

4. Engineers, majors in Electrical Engineering register with Mr. Tileston. Majors in Chemical Engineering register with Mr. Douglas. Majors in Civil Engineering register with Mr. Okey.

What about the truth, the whole truth, and nothing but the truth when the Tiger box is full of this kind of dope?

Keith—

If anything comes in about ——— and ——— keep it out of the Tiger as it isn't to be in the daily papers by order of her family, and everything in the Tiger is copied. Mrs. ——— asked me to keep it out, so please do your darndest for them.

Yours,

Fran.

A few weeks ago we received the Pomona college newspaper and learned that our dean of men had resigned and accepted a similiar position at that school. Somewhat later we noticed in a copy of the local morning daily that our president had resigned and would probably be Harvard exchange professor next year. In one of last week's evening papers we discovered that the Alumni of Colorado College have selected three candidates for election to the board of trustees. In still another the list of candidates for graduation was discovered. Indeed, if our exchange list grows large enough we may be able to present some facts to our readers which we seem unable to get from other sources.

—G. E. M.

COMMENTS

by Arthur Disbrane

Strikes Prevalent

The whole world is experiencing strikes with varing degrees of effect on the economic and social life of the regions where the men have ceased working. England, Germany, France, Belgium and the United States are having their economic condition disturbed by strikes of miners, from laborers and transport workers. On the whole the out-look is much brighter this year than it was last year. In many sections the strikers are not more than one third effective.

Germany Pinched by Lack of Food

The French occupation of the Ruhr is being felt in the interior of Germany as the supplies on hand are gradually used up and no supplies coming from the Ruhr. Coal is the most important of those supplies but iron and other products are vitally important to the life of the nation. It is said that the Germans are determined not to give in. That may be true and they may be able to hold out for the summer but they must eventually give in to the French.

World Court

There will probably be a split in the Republican party as a result of the President's stand in favor of the United States joining the world court. The opponents of the step say that it is just a means of entering the League of Nations by the back door. No court of that type proposed by the statesmen of the world will ever be effective until it has some force to execute it's decisions.

Pan-American Conference

The present conference of the American republic now in session in Santiago, Chile is not accomplishing much toward guaranteeing peace to the western hemisphere. This is largely because the Brazilians have refused to discuss the limitation of sea-power. The only South American nation that has compulsory military training for the army is Chile. That army is efficiently officered and has had French and German advisors constantly employed to see that the best possible military training be given to the men.

The conference now in session was to have been held in 1915 but was postponed due to the World War. Our chief delegate and the head of the American deputation is Henry Fletcher, our ambassador to Belgium.

Mrs. H. H. Norton of Leadville visited her daughter, Jane, at Bemis, on Friday and Saturday. Mrs. Norton and Jane spent Sunday in Denver.

DAVY EXPERIMENTING WITH CARNETT IN THE ROYAL SOCIETY

The First Electrochemist

NITROUS oxide, according to the science of a century ago, was "the principle of contagion when respired by animals in the minutest quantities." Mere say-so.

Imaginative yet skeptical Humphrey Davy, who believed in experiment rather than in opinion, "respired" it and lived.

It was this restless desire to test beliefs that made him one of the founders of modern science. Electricity was a new force a century ago. Davy used it to decompose potash, soda, and lime into potassium, sodium, and calcium, thus laying the foundations of electrochemistry. With a battery of two thousand plates he produced the first electric arc—harbinger of modern electric illumination and of the electric furnace.

Czar Alexander I and Napoleon met on a raft to sign the Treaty of Tilsit while Davy was revealing the effects of electricity on matter. "What is Europe?" said Alexander. "*We* are Europe."

The treaty was at that time an important political event, framed by two selfish monarchs for the sole purpose of furthering their personal interests. Contrast with it the unselfish efforts of Sir Humphrey Davy. His brilliant work has resulted in scores of practical applications of electrolysis in industry and a wealth of chemical knowledge that benefit not himself but the entire world.

In the Research Laboratories of the General Electric Company, for instance, much has been done to improve the electric furnace (a development of Davy's arc) and new compounds have been electrochemically produced, which make it easier to cast high-conductivity copper, to manufacture special tool steels, and to produce carbides for better arc lamps.

x=?

Wanted–
men to find the answer

THIS is written to the man who loves to seek the unknown quantity. He is the kind of laboratory worker who ventures into untried fields of experiment, rather than the man who tests materials.

Industry has need of both types, but of the former there is a more pressing demand.

College men may have been discouraged from pursuing pure research. In this highly practical age it may seem there is little room for work which does not have an immediate dollars and cents application. But such is not the case.

The pure research man is the pathfinder. Without him our fountain of knowledge would dry up. His findings in themselves may be uncommercial, but they establish a field for others to develop.

Volta worked out the crude voltaic pile – unimportant until other men improved and applied it. And so with Papin in the field of steam, or Lavoisier in chemistry.

Men of the inquiring slant of mind, stick to your last. In post graduate study, on the faculty, in the laboratory of some industrial organization, there will always be an "X" to baffle other men and call for the keenest thought of you blazers of the trail.

CONTEMPORARY

On Friday afternoon Contemporary entertained their alumnae and honorary members at a birthday party for the Club House. Many attractive and useful gifts were received. After the regular program, the gifts were opened and a social hour enjoyed.

Mrs. Binckley and Miss Davis entertained Contemporary Club at supper on Sunday evening, at Mrs. Binckley's home. Besides the active members of the Club there were present: Mrs. Davis, Mrs. J. H. C. Smith, Ruth Brown, and the hostesses.

* * *

HYPATIA

The members of Hypatia Society were entertained at the home of Mrs. J. H. Smith last Friday afternoon. Mrs. Gilmore read a drama entitled "The Pig Prince" and Mrs. Thatcher, Mrs. Smith and Mrs. Sharer played three piano and violin trios. Little Betty Roberts sang several vocal solos.

Delightful refreshments were served by Bobby and Billy Gilmore.

L. A. Platt of Denver University broke the Drake discuss record at the fourteenth annual Drake university reday carnival last Saturday in Des Moines, Iowa, when he heaved the discuss 138 feet, 1¼ inches, the former record being 132 feet, 4 inches.

* * *

The baseball team of Colorado College won a five inning game from the Ideal Bakery club of the City League, last Friday afternoon on Washburn. Bryden, shortstop, who was given a trial in the box, held the Bakers to one hit. Hunter caught for C. C. Harvey, regular catcher, due to a sore finger played in the outfield.

BEHOLD WHAT OTHERS DO

Stop! Look! Listen! sign post read,
But he kept driving right ahead,
Now he's talking with the dead.
Please don't jeer.

Took a stick of dynamite,
Wished to see if it would light;
Now he's in a hellish plight.
Hurt his ear.

Tried to whip a balky mule,
Rather clever for a fool ;
Now he's helping stack up fuel.
But not here.

Though the buzz saw seemed to lag,
Tried to oil it with a rag;
Took him home behind a nag.
So I hear.

Took a gin fizz once or twice,
Thought wood alcohol quite nice;
Where he dwells there is no ice.
And no beer.

Tried to make a twelve foot dive,
In a pool just five by five;
Strange that he is not alive.
Poor old dear.

So I say, death candidate,
Rush not quickly to your fate;
Use your head, it's not all slate.
As you fear.
—Gargoyle.

* * *

Diner (trying to cut his steak): Say, waiter, how was this steak cooked?

Waiter: Smothered in onions, sir.

Diner: Well, it died hard. — Yale Record.

* * *

Caution

They were sitting in the hammock.

"If I should kiss you, would you scream," he asked cautiously.

"Well," she answered coyly, "If you did it properly, I don't see how I could."—Bison.

* * *

As the blushing bride said to the furniture salesman: Twin beds are very well, but why not wait until we have the twins?—Log.

* * *

"What time is it?"

"I'm a little fast."

"I know, but what time is it?" — Voo Doo.

* * *

She—"I think kissing is dangerous.

He—"Yes, but its grand if you live thru it."

The Tigers with no wins and three defeats are in undisputed possession of the cellar position in the Rocky Mountain Conference. It is rumored that the Bengals are going to apply for the position so long occupied by the Philadelphia Athletics in the American league.

* * *

At least two Bengals have not shown a let up in form. Harvey is the same catcher that he was last season. He still has the deadly peg and the batting eye that led the conference last season. Wesson is playing a great game in the field and is covering a world of territory. "Swede" also has a good batting eye and is getting in some good hits these days.

* * *

Graham showed to better advantage than the other two regular pitchers used Wednesday. With a little more control and experience, this lanky freshman might prove himself a good moundsman.

* * *

The local sports writer who has seen fit to give the Tigers so much "razzing" of late did not look so good in one of the City League games the other day.

* * *

We wonder just who has the most authority on the Mines team, Coach Kirby or Big McGlone. From the way the latter talked it would seem that the little fellow did not have all the power that he would hake every one think.

What do they mean "Senior Wrangler"?

YOU may not have met one of those dear old boys,—Oxonian stuff, what, what?—but our idea of a senior wrangler is a '23 man trying to work up a lather with the wrong kind of shaving cream.

There's no "wrangling" necessary to get a lather with Williams' Shaving Cream. Squeeze out a spendthrift's dab or a tightwad's dab—it's all the same. Either way you get a big, efficient lather that softens the beard right down to the base of every hair.

And best of all, this big Williams' lather has a decidedly beneficial effect on your skin. No complexion soap could do more for you than Williams' does every time you shave. Get a tube of Williams' today and begin giving your face this helpful care.

"STOP THIEF" SHOW STARTS RECORD RUN TONIGHT IN PERKINS

Juniors Have Spared No Expense in Providing for Coaching and Staging

The cast of the Junior Play is all set for the production of "Stop Thief", the annual farce.

The play has been polished off by Mr. Sargent and there will be a finished production on the boards when the curtain is pulled tonight at 8:15.

An attractive setting has been built for the show which should contribute greatly to its success.

Tickets are priced at 50c and will be on sale at the door.

Minerva Formal Held at Broadmoor Saturday Night

The Minerva Literary Society held its annual formal dinner dance last Saturday night at the Broadmoor. Those attending included Dr. and Mrs. Duniway, Mrs. Mabel Lee, Mr. and Mrs. A. G. Sharp, Mr. and Mrs. J. S. Tucker, Mr. and Mrs. O. H. Shoup, Mr. and Mrs. Charles Sisam, Mary Clegg Owen, Miriam Ellsworth, Geneieve Cox, Katherine Hood. Lorene Reynolds, Dorothy Graves. Ethel Fay Asbury, Lavetta Tevebaugh, Maxine Iingle. Frances Miller, Katherine Morton, Janet McHendrie, Margaret Smith, Dorothy Jean Barker, Lilla Munger, Helen Graybeal, Katherine Wilson, Clara Burghart, Harriet Wilson, Frances Tucker, Leila Taylor. Nellie Higgins of Denver. Harleyn West, Margaret Morris and Frances Wiegel. Betty Reinking. Bronson Cooke. Frank Kyffin, John Tallman. Jack Dern. John Duniway, Edwin Norton, Bill Mast, Jimmie Amos, Earnest Frink. Earnest Llovd, Verne Harrison, Bob Spurgeon, Arthur Sharp, Russell Hunter. Bill Oborne, Bill Young, Harrv Taylor, Bob Wardwell, John Mendenhall. Lees Armit. Jimmie Whited, Earl Whitehead, Al Cox, Harry Wells of Boulder, George Armes of Boulder.

"Enter Madame" to Be Repeated to Raise Deficit

The members of Theta Alpha Phi have decided to repeat "Enter Madam" in the near future, in conjunction with the Community Theatre. The date and place have not been definitely decided, and will be announced later.. This production is a financial necessity, and better support than has been given before is asked of the College students.

GOLF AND BASEBALL TOMORROW

Colorado College Golfers will play Denver University tomorrow at 9 A. M. on the Jewett Links North of the city.

The Tigers will play baseball with the Wyoming Cowboys tomorrow at 2:30 P. M. Washburn Field.

Prof. Abbott Speaks on Accomplishments o f League of Nations

"What the League of Nations has Accomplished", was the subject discussed by Professor W. L. Abbott, before the students in chapel Tuesday morning. This was the third discussion upon different phases of the League.

"The functions of the League", Prof. Abbott said, "are to prevent war, and to settle international disputes." The three most notable disputes which were settled amiably by it was the dispute between Germany and Poland concerning upper Silesia, the dispute between Finland and Sweeden concerning some islands in the Baltic, and the one between Poland and Albania. The fourth dispute was not settled so well, that being the one concerning Poland and Lithuania.

Prof. Abbott declared that if the League had not even settled one international dispute, it would have been of tremendous value to the world because of its international administration. This includes the transit question in Europe, the regulation of international waterways, mandates and international health associations in which the League has been successful in administration.

MANY HIGH SCHOOLS ALREADY ENTERED IN COLO. COLLEGE MEET

Six Banners, Two Loving Cups, and Forty-six Medals Will be Won on Washburn Field May 18

High schools throughout the southern part of the state are sending in their entries for the Invitational Track and Field Meet on Washburn field, May 18. Almost every high school which has been invited has signified a desire of being on hand.

The business houses of Colorado Springs are backing Coach Mead in his extensive plans. Six banners and two loving cups will be given as prizes. These are all being given by the business men of the city. The college is giving medals, forty six in number.

The Meet will be handled in the most efficient way possible with a view to getting every event under way quickly. Coach Irish will be the official referee and starter. Other officials, including student officials, will be chosen soon. There will be one or two meetings of the officials in order

(Continued on page 4)

Bronson Cooke Will Manage and Edit Next Frosh Bible

Next year's manager of the Freshman Handbook or "Bible" will be Bronson Cooke, according to an announcement made Thursday morning. Mr. Cooke has all ready begun his plans for the book and promises it to be larger and more worth while than ever. It will contain a full copy of the newly adopted constitution of the Associated Students, a list of the officers of the student body, a copy of the traditions of the College, and a classified business directory of merchants. It will be given to the Freshmen and a charge of twenty-five cents will be made upperclassmen.

FIRST A. S. C. C. ELECTION WILL BE HELD TUESDAY; CANDIDATES ANNOUNCED

Polls Open From 9 A. M. Till 5. P. M.

The election for the officers of the Administrative Council of the Associated Students will be held on next Tuesday, May 8, in the clock room at Palmer Hall. At this time ballots will be received for the election of nine students and two faculty representatives to administer the affairs of the campus for the year 1923-24. Following is a list of the nommees and those nominating:

Robert Burghart by E. F. Meyer.
William Fisher by Harold A. Briggs.
Perry Gremer by Warren Leisy.
Wm. E. Patterson by R. S. Millvaine.
Francis W. Thomas by Robert Swan.
Miriam Ellsworth by Frances Tucker.
Martha M. Kirkpatrick by Bradley Kidder.
Edith Miller by Ann Herzog.
Paige Benbow by E. J. O'Brien.
Stanley Delaney by Don C. McMillan.
Fred English by Russell DeFries.
Glen McLaughlin by John Duniway.
Marie Coleman by Jack Shepherd.
Sadie Kier by Helen Wells.
Margaret Morris by Dorothy Graves.
Harry Bryden by Eugene Broyles.
Clare Thomas by Hayes Walter.
W. Lewis Abbott by John Duniway.
Ralph J. Gilmore by William Senning.
Charles C. Merow by John Duniway.

The nominating ballots will be in the voting room on the day of election and are subject to inspection by anyone. The election will be in charge of The Committee on Nominations and Elections which consists of the existing senior members of the student commission and the faculty representative and will be conducted according to the following rules:

1. Election for Administrative Council officers will be held on Tuesday, May 8, 1923.
2. Polls will be open from nine o'clock until five o'clock.
3. Only regularly enrolled students will be allowed to vote.
4. The election will be conducted according to the Australian ballot system.
5. Not more than two voters may remain in the polling room at one time.

Nominating petitions for the Disciplinary Councils are due on Tuesday, May 8, before 12 o'clock and may be

(Continued on page 4)

THIRTY HOURS OF SOCIOLOGY WILL BE OFFERED NEXT YEAR

Provision has been made for the establishmen of a major in sociology in the department of sociology and economics. Several new courses in sociology will be offered for the fall semester. One of the required courses will be Economics 18, a course in statistics covering two semesters. Those interested may secure details from Professors Abbott or Mautner or may see descriptions of the courses on the bulletin boards in Palmer Hall, the Administration Building, or the Business Department.

JUNIORS FAIL TO LOCATE PIKING SENIORS ALTHO ALAMO BREAKFAST PLAN IS FOILED --EGG BATTLE SAVES CAMPUS FROM EN....

Tradition of Mock Insignia Day Broken When Sophomores Prepare to T.... Enfranchised Eggs Instead of Flowers or Garden Products

Piker's Day became almost as exciting for the Seniors, when the chapel period say the beginning of a Sophomore-Junior egg-fight which lasted a good part of the morning. The opportunity was taken to abandon classes for the rest of the morning, and many afternoon classes were released.

After losing the trail of the Seniors the Juniors returned to school and prepared for the Mock Insignia. The regular "Piker's Day" events did not materialize in chapel, however, for the Sophomores and Juniors suddenly clashed with eggs on the corner at Murray's. The Sophomores began the battle by a volley of eggs fired at a carful of Juniors and within a mira-

(Continued on page 4)

PSYCHOLOGY DEPT. TESTS MUSICIANS, ATHLETES AND S. L.

Musicians Almost as Good as Psych. Studes. San Luis Pupils Above Average. Ath. Tests Incomplete

Some time ago it was announced that the department of psychology was making some tests on the music students of Colorado College. The results of thehe tests are now available.

In these tests the students in the psychology classes and the music students were compared. The averages of the two when compared differed little. By eliminating one of the music students who had an exceptionally low average in all the tests, the average of the music students was raised considerably. These tests are presumably tests of relative inborn capacities and do not depend on the person's age or training.

It is interesting to note that the highest score made in all the tests was made hy a psychology student. However, after eliminating the music student who had the low score, the average for the music students would indicate that those who are above the average in musical ability tend to take up music as a form of study.

These tests are by no means conclusive of one's musical ability, they are merely "samplings" of traits that are

(Continued on page 3)

Silver Loving Cup Goes to Winner Girls Tennis Tournament

There are thirteen entires for the Girls advanced Tennis tournament, and twenty four in the beginning class. The first round has been played in each group and the second must be played by today.

The Colorado Sporting Goods Company has donated a silver loving cup for the winner of the advanced match, while numerals will be given to the winner and runner-up of the beginners class.

Once more the Seniors scored 'ten they successfully eluded the Juniors on Wednesday, and spent one o. the most wonderful Pikers Days in the history of C. C.

Tho the Juniors were warned by some means, and had guards p ted at McRae's and the Alamo Hotel, the Seniors got away. Perhaps deep came to aid the few Senior gi.. still in the Halls, but certainly n.. was heard of the Juniors posted in Cogswell and Miss Lanmore's office when the Pikers slipped out so ne.. lessly.

The Alamo made the sad mistake by serving weary Juniors instead of elated Seniors, but the Piking Class is not held responsible, and will not have to pay the costs. A wonderful breakfast was procured elsewhere and the triumphant Seniors went gaily on their way leaving the baffled Juniors to search Ute Pass, the Lincoln Highway, the Denver and Pueblo road and the Black Forest. All in vain!

The details of the trip are endless since every known game from swimming, where Pack Nolan shone, to boxing where Roxie and Larry Wolfe held sway was indulged in. Baseball took up a large part of the morning, and dancing and individual amusements the afternoon, while singing around the fireplace at night was a fitting climax to a perfect day.

As was demonstrated in Chapel the Senior songsters were busy, and their output was one to be proud of. Upon the return of the party a big sing was held in the "Quad", and the following songs were lustily shouted to admiring Sophs and scornful Frosh and Juniors:

(Gallagher and Shean)
By Bob McIlvaine

O Silly Juniors. O Silly Juniors
How can you claim that any brain
you use?
For the Class of '23—While even
could plainly see
Stole away and left you standing in
your shoes.
O Mighty Sophomores. O Infant
Freshmen.
If grand and glorious classes you
would be,
Just you take a hint from us,
Hop upon a motor bus,
And emulate in detail
The Class of '23.

Tune: Hurrah, We Be Back.
—by Roxi J....
Hurrah we're back, we're back from
Wednesday's playing
Hurrah, we're back, we're all the
"razz" a saying

(Continued on page 4)

NOTICE TO WHOM IT MAY CONCERN

The Senior Class of Colorado College absolutely refuses to pay any bills not duly authorized by the proper officers of class. This action is taken on account of the amounts charged to the Senior Class by underclassmen on Piker's Day, May 2, 1923.

SUPPORT THE NEW EDITOR.

The new editor of the Tiger will take charge next issue. During the past year it has been the policy of the Tiger to act as a mirror for college affairs. The attempt has been to present the truth with the confidence that there is vastly more good than bad to be found. This was considered to be the most effective propaganda but the editor has been criticized severly for not coloring the news in a favorable light on matters which we could not exactly be proud of. There has been a lack of notice of the uncalled for display of the good qualities of the institution. We provided special features in order that we might appreciate more fully the quality of our faculty, the sportsmanship of our athletes and the seriousness of our purpose in attending college. There has been nothing favorably colored in these features that are patently for the good of the college. However we have attempted to be no less honest with other things of which we cannot be so proud. The theory was that a bad condition should be exposed that it might be remedied rather than hidden and left to exist.

This was the policy decided upon last spring and it has been carried out to the best ability of the editor. He has lost friends and made enemies by doing it but there have been results obtained that repay in a measure for the unpleasantness.

To the new editor we wish success. He deserves the cooperation of every student, faculty member, and alumnus of the college. It behooves all to remember that he, too, is working for the good of old C. C. and that perhaps his position enables him to see around one more corner than the rest do.

COMMENTS

by Arthur Disbrane

Peace Plan

The head of the delegation from Uruguay to the conference has proposed a plan whereby the nations that have any differences between them will be forced to arbitrate before actual hostilities are resorted to. Compared to the rest of the world, the western hemisphere is peaceful. The quarrelling nations of Europe could learn a lot by paying attention to our conferences. A pan-European Conference could probably do more good to ward off wars than the League of Nations.

New Roumanian Constitution

The Roumanian legislature has adopted the new constitution. The adoption was bitterly opposed by the Peasants Party which is opposed to the nationalizing of the minerals and forests of the nation. There have been many hostile demonstrations and riots since the adoption of the new Constitution.

Italy Appoints Debt Commission

The Facist government of Italy is anxious to get that nation on a sound financial basis and has recently appointed a commission to study the funding of the debt owed to the United States. That is proof of Italy's intention of paying her debts. It is also understood that the French and Italians have been discussing the matter of paying the debt to the United States jointly.

Communist Meet Postponed

The meeting of the All-Russian Communist Party to have been held this month has been postponed. In the mean time there are continual reports of outbursts and petty revolutions all over the nation. Anti-Jewish feeling is running high and the churches have been more open in their denunciation of the Soviets since the execution of some ecclesiastical dignitaries who openly opposed the Communists. All is not well in that Socialist Utopia at the present time.

Bulgaria Dictated by Peasant

At the present time the people of Bulgeria are suffering under the merciless dictator ship of a peasant premier that rules the nation regardless of the opposition. He has abolished universal military service and substituted universal compulsory work from which the women are not exempt. Business has stagnated and it is doubtful if the nation will be able to survive. No nation can afford to rule the masses for the benefit of the classes or any particular group whether that group be rich or poor, land owners or tenants.

French Navy Efficient

No nation at the present time is willing to divulge much information respecting the efficiency of it's navy. All of the nations of the world have remodeled their existing fleets and so increased their efficiency that it is difficult to say that the Washington Conference did much lasting good. The range of the guns are said to be greater than the best to be found in either the British or American fleets.

PSYCH. DEPT.

(Continued from page one)

required for musical appreciation and expression.

Test San Luis Kids

The Psychological Department has just completed a survey of the San Luis school children in respect to certain school subjects. The results were in general quite satisfactory.

When compared with some statistics compiled from other schools in the country, the San Luis school pupils were found to be above the average. This speaks well for San Luis.

What Makes a Successful Athlete?

Last week the psychology department, in cooperation with the department of Athletics, started testing the athletes for various traits. The main subject of these tests is to find out whether or not athletes differ from other people with respect to various characteristics. Some of the things that will be brought out by the tests are: the persistence of an athlete in face of difficulties, "coolheadedness", and various kinds of tempermental traits.

The question that is to be answered is, "Why is an athlete a successful athlete?" The results will probably bring forth some interesting information when they are ready for publication.

The Faculty ladies Club held its regular social meeting last Wednesday afternoon at 3:30 o'clock in Bemis Hall. The hostesses were: Mrs. Mabel B. Lee, Mrs. Samuel Jessop, and Miss Flora Judd.

INDEPENDENT CLUB ELECTS OFFICERS

At the regular meeting of the Independent Club last Tuesday evening the following officers were elected for the coming year: John C. Duniway, President; C. R. Hope, Vice-President; Paul W. Nesbit, Secretary-Treasurer; and Kirk H. Stealy, Athletic Manager.

The Independent Club has planned a hike for the May function and is hoping to hold several functions next year.

Mr. Copeland left Wednesday evening on a trip to the Western Slope to attend the Western Slope Track Meet at Montrose. While in that section of the state he will visit the high schools of the Western Slope advancing the enrollment work of Colorado College.

Mr. Copeland expects to be gone about ten days.

CLASSICAL CLUB DISCUSSES VIRGIL

The Classical Club was entertained at the home of Miss Dorothy Carmine, Thursday evening, May 3. The life and works of Virgil were discussed, and several interesting talks were given by the following members: Dorothy Roedel, Helen McKinney, Lillian Hardee, and Alex Chapman. Loise Rose supplied special music for the program.

ATHENIAN PARTY

The members of the Athenian debating society were guests of Miss Ruth Morrison, Miss Helen Morton, and Miss Olive Haun, Thursday evening, April 26, at the home of Miss Morton. A most interesting program consisting of "stunts" and games was enjoyed. Refreshments were served in the Athenian colors.

Athenian try-outs were held yesterday afternoon at 4:00 o'clock in Montgomery parlor.

We read that, "Marriages of any students enrolled in Syracuse university henceforth will be accepted as withdrawal from the university." Wonder if there will ever be a similar rule at C.C.?

* * *

If it is true that 21 co-eds at Columbia university have never been kissed, what's the advantage of the co-educational idea?

* * *

Nellie Higgins, '19, was here from Denver to attend the Minerva Formal last Saturday evening.

* * *

A girl, not Ruth, remarked about Dana, "Oh, isn't he picturesque?"

* * *

We don't know much about the ability of the Juniors in "dramah", but we shall enjoy seeing a certain bugologist trying to act like a dignified lady from Boston.

* * *

Our feminine athletes are having a lot of fun lately, it seems playing with the javelin and discus in the Jungle.

* * *

Wasn't it interesting to watch the girls retreat when the eggs came their direction?

Scraps from the Training Table

A training table has been started at Cossitt for track men. Twelve men are now relying upon it for their meals.

* * *

Interfraternity baseball will start soon. Coach Mead has expressed his approval of such and will soon confer with Coach Lavik and representatives from the fraternities, regarding the schedule. Last year the Kappa Sigs won the banner by defeating the Phi Delts in the championship game.

* * *

With Bryden showing good form on the mound and other improvements in the infield and outfield, Coach Lavik is expected to make a much better fight against the Cowboys in Saturday's game.

* * *

With Platt hurling the discuss over 138 feet, we would not be surprised to find this record broken during the Conference meet.

* * *

With the advent of warm weather and burning sun, C. C. has been accused of entering Indian athletes in recent track meets.

* * *

The other day one of the lady fans wanted to know just who was going over the bar, Kidder or McGruder.

* * *

Schoonover is improving his throw on the javelin every day and before the season is over should be able to get it up to 160 feet.

* * *

It has been suggested that an "all-conference" team be chosen from the various fraternity nines during the coming inter-fraternity baseball games. The suggestion also is that this team play the varsity for the championship of the campus.

* * *

After taking part in the Piker's Day fight, some of the more prominent athletes and track men have abandoned their daily egg diets.

POST MORTEM

Some days ago there lived a dog,
They called this doggie Bill;
Although among the more refined
They spoke of him as Will.
One day he chanced to follow close
Behind a coed chic.
She turned, and raised her mighty hoof,
And, gaude, how she did kick!
It was the end of little Will.
He made an awful wail.
She kicked—it was the end of Will
And thereby hangs the tail.

* * *

Disheartened by oppression's grasp,
A boy sat in the doorway;
Outside his chums were playing ball,
Yet even though 'twas Sunday.

No more could he endure the sight,
It merely proved a teaser;
"The turning point has come," he cried,
And grasped the ice cream freezer.

* * *

"Oh, it's coming down!"
"Will a safety pin be of any—"
"Fresh! I mean the rain!"—Ex.

* * *

Cowan — How did you keep your donation secret?
West—I sent an anonymous check.

* * *

He: Was it you I kissed in the Library last night?
She: About what time?

* * *

He kissed me and we parted,
So filled with ecstacy,
That he fell over a hydrant
And I ran against a tree!

* * *

Speaking about indoor games — how about ring around the bath tub.

* * *

In 1933

"And he approached her with a naked* sword—"
*Censors note: Substitute "unsheathed)."

* * *

Soft in thy noodle
Lonely falls one solemn thought,
The whole caboodle
Brings my mind to naught:
Through the big mouth yawning
Where the molars used to dwell
Gold mines are forming.
'Minds me of my Nell.
Moeba, Amoeba,
Gone my soul if we should part:
Moeba, Amoeba,
Stick thou to my heart!
—Gargoyle.

Mary Patterson was the guest of Ellen Keating at Bemis Wednesday night for the Freshmen hall girls' banquet.

* * *

Eleanor Fish spent the week end at her home in Cripple Creek.

* * *

Rather unappreciative of the near grads to disappoint the Junior reception committee at the Alamo, wasn't it?

* * *

The Senior girls reported a wonderful time and sunburned noses.

* * *

Did you hear about the "Righteous order of the Holy Rollers"?

* * *

And who won the horse shoe match?

* * *

The wife of one of the Profs. wondered why the Professors didn't make "those children" stop throwing "those things."

* * *

The Frosh hall girls had quite an exciting time at their banquet, Marian says.

* * *

Doesn't Alberta look dignified in her pretty blue glasses.

* * *

Have you heard about the May Fete? Instead of the usual 'anaesthetic" dancers there are going to be Persian dancers, 'n 'ev'rything. (Buy your tickets early.)

* * *

Do you know that Sweetie hasn't had a new pair of earrings for two weeks?

NOTICE TO ALL GIRLS INTERESTED IN THE RIOING CLUB ROOEO

This Saturday will be the last chance to practice for the Riding Club Rodeo. The Intermediate group will leave Bemis Hall at 8:30. The beginning group will go at 9:40, and the advanced section at 11 o'clock. Peg Knowles will come in from the field to act as guide for each group.

All the girls who expect to go on Saturday must sign at once on the Bemis bulletin board. There is also a chart in Palmer Hall, and all those planning to ride on May 12, are expected to sign there immediately.

PRES. OUNIWAY ON TRIP TO EAST

President Duniway left Tuesday night for the East, where he will visit Washington, New York, and Boston in the interests of the endowment campaign. He was to be in Washington this Friday and Saturday to attend the sessions of the American Council on Education.

President Duniway will return in two or three weeks. His plans for the trip are still indefinite.

MINERVA

The active and honorary members of Minerva were guests this afternoon at a tea given by Mrs. Charles Sisam. An informal program was given by Frances Wiegel, Katherine Morton and Ethel Fay Asbury. Refreshments were served. The guests called between the hours of four and six.

H. S. TRACK MEET

(Continued from page one)

to have some system whereby the meet will be better handled. An effort will be made on the part of the Coaches and the officials to stage the field events as close to the grandstands as possible, thereby giving everyone a good view from these seats.

The meet will start 2 o'clock Friday afternoon, May 18. All high schools will have until May 8 to send in their entries. It is doubtful whether or not any of the Denver high schools will be able to send contestants as they will be engaged in a city track meet on the following day.

The fraternities will house the students and Cossitt will feed them.

On the ninteenth the Conference Track Meet will take place at Boulder. Directly after the high school meet, the Tiger track team will journey to Boulder for the big meet.

PIKERS OAY

(Continued from page one)

We left the Juniors mighty fast
And had a day you can't surpass
We're Pikers from the Senior Class
Hurrah we're back.

Tune: I Ain't Nobody's Darling.
—by Harriet Bumstead, Roxie Jackson

At six o'clock in the morning, at the Alamo Hotel
The Juniors were all ready to give the Seniors—oh well!
The Seniors got away without a bit of ham
And the Juniors couldn't find them
Cause they ain't worth a good gosh darn!

Tune: Evolu:—by Fran Tucker.

Dh Juniors flip. D Juniors flip!
We certainly have given you the slip.
You waited at nite
Till the dawning of the light
In vain, 'tis plain;
For tho you waited for us at the Alamo Hotel,
We had another breakfast which no doubt was just as swell
And now our Senior year we've crowned
No Juniors were around
Oh! Senior Pikers Day forever!!

EGG FIGHT

(Continued from page one)

culously short time the Juniors appeared with ammunition equally as evil-smelling.

Case after case of the missles were brought to the scene in cars by the two classes, and it is estimated that between 100 and 200 dozen eggs were used. Most of the soft portions of this number of eggs clung to the fighters and it almost seemed that the men were decked in the "Black and the Gold." Just as the Freshman were seriously considering entering the lists, the white flag was raised and the two warring classes came together to "talk it over."

While this battle was raging the Seniors were blissfully enjoying themselves at some spot which they had chosen for the picnic and which they still refuse to reveal. The only clew leads as far as the Woodman Sanatorium, and the Black Forest is hinted at.

After their return, the Seniors paraded through the "quad" and sang a set of songs which hurled insult upon the Junior class. The Seniors also assembled in the rear gallery in chapel, Thursday morning, and again voiced their opinion of the class of '24 with the same songs. The Juniors stoutly disclaim these accusations.

ELECTION

(Continued from page one)

left in the voting room with the Nominations Committee or handed to any member of that committee. Five men and five women are to be elected from the three upper classes not more than one man and one woman to be sophomores.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV | THE COLORADO COLLEGE TIGER, TUESDAY, MAY 8, 1923 | Number 53

TIGERS DEFEAT WYO. --C.C. OUT OF CELLAR --18-2 SCORED SAT.

Bryden Pitches Six Innings; Change in Lineup Improves Team

The Tigers won their first game of the present season Saturday afternoon by defeating the Wyoming Cowboys under a heavy score of 18 to 2. Incidentally the Bengals crawled out of the cellar position in favor of Wyoming.

The game was marked by long hard slugging on the part of the Tigers and weak pitching and poor fielding on the part of the Cowboys. The C. C. men were at their best and would probably have won from most any team in the conference. An interesting development of this game was the fact that the Tiger nine made every hit count, making a total of nineteen scores off nineteen hits.

(Continued on page 4)

MAY QUEEN WILL BE ELECTED MAY 21-24

New System of Election This Year—Result Secret Till Fete

Elaborate plans for the observance of the May Fete, which will be held in the Colorado college jungle the last week of May, with the customary crowning of the May queen, have been virtually completed by committee in charge. "A Tale of Ancient Persia," a play of a princess and her romance with a prince in disguise, will be presented and the girl chosen will be the queen of the story.

In past years the May Queen has been selected by the six fraternities of the college, each organization drawing one of the nominees' names. The fraternity winning the interfraternity baseball game had the honor of placing their candidate as May queen.

Miss Eleanor Davis, physical director of girls' athletics at the college, has charge of all arrangements for the affair and yesterday announced the method devised for the selection of the queen this year. At a meeting of the senior men, probably May 21, three girls will be nominated. The men of the college will select the May queen from the three candidates at a meeting May 24. The result of the vote will be kept secret.

PHI DELTS HOLD RECEPTION FOR MOTHERS

The Mothers, Fathers, and Sisters of the Phi Delta Theta fraternity were the guests of the members of the local chapter last Sunday afternoon at their chapter house at 1319 N. Nevada Avenue. The sisters served refreshments about four-thirty.

The guests were: Mr. and Mrs. Taylor, Mr. and Mrs. I. W. Hunter, Mr. and Mrs. Broyles, Mr. and Mrs. Strachan, Mr. and Mrs. Reinking, Mrs. Tucker, Mr. Gregg, Mr. and Mrs. Earl Plyley, Reverend and Mrs. Wolfe, Mr. and Mrs. Greiner, Mrs. McBride, and Mrs. Kidder, all of Denver; Mrs. M. B. Lee, Mrs. Twilley, Mr. and Mrs. Collins, Mr. and Mrs. Crockett, of Pueblo, Mr. and Mrs. Langhin of Denver, and Mr. Clyde Taylor.

(Continued on page 4)

SENIORS SECURE NEW AUDITORIUM FOR PLAY

"Witching Hour" Will Be Presented About June 1

The Senior play will be the first show presented in the City's new Million Dollar Auditorium. According to a statement made last night by the manager of the play, Ed O'Brien, the probable date of the production will be on or about June 1, depending of the date of completion of the new theater. Several other attractions have applied for the opening engagement of the Auditorimu but according to the present decision of the City Dads the seniors will have the honor of christening the new building.

The play selected by the committee is, "The Witching Hour", by August Thomas. The play is one of the finest in American literature and when coupled with dramatic talent cannot fail to make an appeal to any audience.

Mr. Sargent will direct the production and has heard three try-outs this week. The final cast has not yet been announced but will be ready for publication in Friday's issue of the Tiger. Fourteen members of the class will be included in the production.

KAPPA SIGMA FORMAL HELD LAST SATURDAY

One of the largest, and most elaborately staged parties of the college year was given last Saturday night by the Alumni of the Kappa Sigma fraternity. It was the annual formal dinner-dance at the Broadmoor Hotel.

The floral decorations were one of the most delightful features of the affair. Opposite the entrance to the dining room was a reproduction of the Kappa Sigma pin, reproduced in flowers representing gold and the jewels of the badge. It stood about four feet high and across the top of it was the word "We'come", also in flowers. The decorations on the tables carried out the scheme of the fraternity colors, scarlet, white and green. The favors were Japanese vanity cases, finished in the fraternity and college colors.

Miss Irene Prior gave a solo dance at the hour of eleven ,after which King Carnival Spirit reigned supreme, ticklers, horns, streamers, hats, being distributed at this time. The programs were of white kid engraved with the fraternity crest.

The guests included men and their friends from all parts of the state. Ray Miller of the Colorado Springs Alumni Chapter was toastmaster of the evening. The following men spoke at the dinner: Eugene Preston, welcome ad-

(Continued on page 3)

EIGHT GIRLS PLEDGED ATHENIAN

As a result of the try outs held for the Athenian Debating Society last Thursday afternoon eight girls were pledged. Anna Small, Gladys Theobold, Hazel Taylor, Eleanor Purvis, Muriel McGregor, Ruth Edwards, Joan Heckenlively, and Elsie Bier are the new members of the forensic club.

The applicants delivered five minute speeches on the question, Resolved: That Colorado Springs should own and operate its power system. All girls of the three upper classes are eligible for membership in Athenian.

CRITIC PANS FARCE KIDDERS WORK GOOD

Ensemble O. K. But Technique of Individuals Poor

Another star came into the limelight last Friday night in the person of Brad Kidder, who as Mr. Carr, the much worried kleptomaniac, was without doubt the hit of the evening. Much credit is due Mr. Kidder, for, tho he didn't have the lead, he quite stole the show and added to an already large circle of admirers. Tho Mr. Kidder has appeared many times in C. C. productions, his work of last Friday quite surpasses any previous attempt, and shows his true histrionic talent.

Gertrude Sherk as Nell was all that could be desired for a clever crook, and put across her part in a most convincing manner.

Playing the part of Jack Doogan gave Dwight Strothers a wonderful chance, which he didn't quite grasp. However he is good material and the senior play of next year can count upon him.

Lucile Lilyard as the deal Mr. Carr missed an extraordinary chance at comedy by forgetting to use her ear phone. Perhaps lack of practice at rehearsals is responsible for this oversight, but Miss Lilyard should have been more careful. Otherwise she portrayed her part very ably.

Jack Dern made good as the other Kleptomaniac, James Cluney, and his facial expressions were very well managed. Tho Mickey McBride had only a minor part as Joe Thompson, the detective, he played it in a professional manner, bringing in a touch of true comedy.

Tho the three Carr daughters, Madge, Joan, and Caroline, played by Martha Mae Kirkpatrick, Elma Jane Clopper and Thelma Bradley were very minor parts, they were well cast. The contrast between the girls' tem-

(Continued on page 4)

C. C. GOLFERS ROMP ON D. U. TEAM

Colorado College Golfers defeated the Denver University team, in a dual meet at Jewett Field Saturday, by a score of 8½ to 3½. Capt. Cornell, of the Tigers, and Coleman, of Denver tied for medal honors, with 83 each. The visitors played over the course Friday afternoon, and so were fairly familiar with the course.

The scores were: Coleman, D. U., 83, beat Young, C. C., 86, 2½ to ½. Capt. Cornell, C. C. 83, beat O'Neill, of D. U., 86, 2 to 1. Morton, C. C., 90, beat Allspact, D. U., 3 to 0. Yates, C. C. 88, beat A. Cornell, D. U., 93, 3 to 0.

Yates defeated Cornell of Denver, brother of E. Cornell, of C. C., the Cornell at Denver formerly was a student here.

The Tiger team will go to Boulder this Saturday for a dual meet there. This will complete the schedule of dual meets until the conference tournament in Denver on the 25 and 26 of this month.

The matches Saturday will be Cornell, C. C., vs. Carpenter of C. U. Young, C. C., vs. Crayton, C. U. Norton, C. C., vs. Loser, C. U. Yates, C. C. vs. Harlew, C. U. Loser and Harlow are Boulder's letter men from last year. Bromfield last year's captain is ineligible to play. Cornell will play first place this Saturday, while Young will play second.

RIDING CLUB GOING TO STAGE REAL RODEO

Saturday, May 12, First Annual Rodeo at City Field

Saturday, May 12th, at nine o'clock sharp the first Annual Rodeo of the Riding Club will start with a grand procession—and all the members of the faculty and student body are cordially invited to the big show.

Through the cooperation of the Chamber of Commerce the Colorado Springs Rodeo Field has been secured for the event.

The first part of the program will be individual competion for form. Part two will be group riding. Part three, a saddle and bridle race and part four a potato race.

The Judges are Mrs. Raymond M Lewis, Miss Eleanor Davis and Mr. William Oborne. The committee in charge is Katherine Sias, Maude Bangs, Anna Wrye and Dorothy Swan.

The members are Evelyn Stanard, Evangeline Yoder, Kathleen McKee, Janet McHendrie, Lucy Fast, Maude Bangs, Dorothy Smith, Dorothy Swan, Dorothy Nyhus, Louise Pitkin, Eleanor Mae Purvis, Edith Muntey, Dorothy Rodel, Mildred Mann, Harriet Mason, Helen Armstrong, Lilla Munger, Mabel Sadler, Dorothy Chambers, Lucille Adams, Ruth Walker, Ellen Keating.

ELECTION BULLETIN

The result of the official count of the first two hundred votes shows the different candidates standing in the following order:

SENIOR MEN:
Patterson.
Greiner
Burghart
Fisher
Thomas

SENIOR WOMEN:
Miller
Kirkpatrick
Ellsworth

JUNIOR MEN:
Delaney
McLaughlin
Benbow
English

JUNIOR WOMEN:
Morris
Kier
Coleman

SOPHOMORE MEN:
Bryden
Thomas
Brown

FACULTY:
Gilmore
Mierow
Abbott

Made candidate for mayor as a result of a University joke, "Tub" Wyatt stands an excellent chance of becoming Kansas City's next mayor. "Tuh", otherwise known at T. Lambert Wyatt, is a sophomore in college, and was captain of last year's football team of his school. There are no party lines to pull, and at present Wyatt ranks as one of the most popular candidates.

* * *

Each state university received an equal rating in the triangular debate between Kansas, Oklahoma, and Colorado. The affirmative won all three decisions on the question: Resolved, that the United States should immediately recognize the Soviet government of Russia.

C. C. MEETS D. U. ON WASHBURN TOMORROW

Lavik Will Use Wyoming Lineup

The Tigers play their fifth game of the season against the Denver University nine on Washburn field tomorrow afternoon. The Tiger team has improved considerably in the last week and it seems that the Ministers are in for a good fight.

Bryden, the carrot topped midget, will start the game in the box and from the way he went along in the Wyoming game, it would seem that he will stay there the full nine innings.

Coach Lavik will probably use the same lineup as in the Cowboy game. This aggregation came through in fine shape against Wyoming and it now seems that the Coach has both a hitting and a fast fielding team.

Friday the Bengals meet Boulder at Boulder and are expected to bring home the large end of the score Lonthan or Bryden will probably pitch although Coach Lavik might use Mac-

(Continued on page 4)

W. A. A. ELECTS HEADS THURSDAY, MAY 10

Large Slate Presented by Nominating Committee

The nominating committee of the W. A. A. presents the following girls to be elected for next year's board:

President—Ruth Little, Miriam Ellsworth,, Edith Miller.

Vice President — Gladys Kinsman, Mae Gallavan.

Secretary — Mary Arms, Marian Lamme.

Treasurer—Kathleen McKee, Margaret Morris.

Heads of Sports—

Tennis—Mary Patterson, Adelaide Easley.

Riding—Janet McHendrie, Evelyn Stannard.

Hiking—Maude Bangs, Jean Collier.

Track—Helen Sewell, Elsie Baier.

Swimming — Ruth Walker, Anna Small.

Hockey—Eloise van Diest, Evangeline Dascomb.

Basketball — Peg Knowles, Betty Clark.

Volley Ball—Mary Cox, Gladys Theobold.

The election will be held on Thursday and **all** girls will be eligible to vote.

Y. W. SECRETARY TRAINS C. C. GIRLS

Miss Frances Perry, National Y. W. C. A. secretary from Denver, conducted a National Training Course for Girl Reserve leaders at C. C. in Ticknor study this past week end.

The first four sessions held Friday afternoon and Saturday were under the personal supervision of Miss Perry. Monday and today at 4 o'clock two more sessions were held, and the final one will be held tomorrow afternoon at the same hour. Mrs. Eleanor Adams, Girls' Work Secretary of the city Y. W. C. A., has charge of these last three sessions.

The purpose of this course is to instruct girls interested in Girl Reserve work in the various phases of the

COMMENTS

by Arthur Disbrane

New German Peace Offer

The French have wisely refused to accept the new German offer on the reparations. The provisions are such as to almost make the clauses that deal with the question in the Treaty of Versailles null and void. The British, while favoring a moratorium for Germany, are not fooled by the new offer as was shown when Lord Curzon said that the British would side with the French in the new situation.

Poland and France Allied

One of the most imposing military demonstrations that Europe has witnessed since the Armistice was held in Warsaw, Poland a few days ago when Marshall Foch of France presided at the unveiling of a memorial to war heroes. This recalls to mind that France and Poland are allied and that they are practically dictating to the rest of Europe. The Poles are good fighters and look to the French for leadership. Only two years ago it was a Frenchman who defended Poland against the Bolshevik hordes. Poland is not going to forget that deed and will side with France on any question that deals with French foreign policy.

Labor M. P. Proposes New Tax

One of the members of the revolutionary I. L. P. of England proposed a tax on titles the other day and was informed that the taxes in stamps alone for the filing of the notice that a man had been made a peer cost over three thousand dollars. England is taxed to the limit and any tax that will keep the business kings of that nation from exercising their initiative will work to the disadvantage of the laboring classes and will only tend to increase unemployment.

French Bid for British Labor

There is such a demand for labor in France that some French contractors are even seeking English labor to supplement that which has already come from Italy, Spain and Poland.

Siberia Being Abandoned

Following the entrance into Vladivostok by the Red army most of the large commercial establishments have followed the French and British consuls by withdrawing from the country altogether. The paralization of industry and general stagnation follow in the wake of the Bolsheviks.

Mexico Improves Highways

The Mexican government has just let a contract for the construction of a highway system that will cover the nation from one end to the other. It will take many years to complete the work which is to be begun within the year. The work is to be done with Mexican materials and labor. The roads are to be hard surfaced and under the supervision of the war.

Crawford, Wilbur Hanes, B. F. Gagg, Earl H. Heaton, Leon Albus, Fred Fouse, Stanley Blouse, Lawrence Wolfe, Ryan Kay, Robert Fling, Pendelton, Edward Culkin.

Members of the Colorado Springs Alumni Chapter of Kappa Sigma who were hosts at the affair are: Messrs. Ral Miller, A. Meldon Johnson, Jerome E. Dummer, Charles Kurie, Jr., Eugene D. Preston, Earnest Lloyd, St. George Tucker, W. D. Copeland, Landell Bartlett.

VISUAL EDUCATION BY MOTION PICTURES

The department of Physics will present on Thursday evening, May 10th, at 8:00 o'clock P. M. in Perkins Hall, the fifth series of motion picture entertainments. These are free of charge and open to the public at large, and the students of the college are especially urged to attend because of the educational value of these films which deal with the non-technical treatment of subjects connected with science.

The program to be given this week will consist of the following:

"The Land of Cotton", two reels depicting the cotton industry from the planting of the seed to the finished fabric. The beautiful photography of this film, which was produced at the largest cotton plantation, the largest cotton terminal and one of the largest textile mills in the world, tells the story in an instructive yet interesting manner.

"A Woolen Yarn," one reel showing the wool industry from the shearing of the sheep to the finished product. The many wonderful historic scenes can be appreciated only by seeing the film.

"The Pittsfield Works," one reel. In this picture we pay a fifteen-minute visit to the Pittsfield Works of the General Electric Company. We all know of the many parts necessary to make the producer of the gentle breeze, which we enjoy on hot days. Here is shown the making and assembling of its component parts in an interesting manner.

"Big Deeds", one reel showing the largest casting ever poured, the largest armoured cable, the big electrical inculator, the largest "one man" shovel on earth, and melting steel with water. This film concludes with a scene showing a fifteen-inch plate being cut by the oxy-hydrogen flame.

The local sorority, Zeta Tau Omega, at Colorado Aggies has been installed as a chapter of the national Beta Phi Alpha.

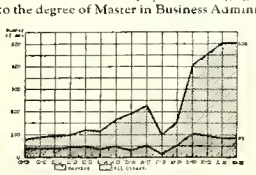
HARVARD
Graduate School of Business

A two-year course in business, open to college graduates, leading to the degree of Master in Business Administration



Points of interest regarding the Harvard Business School:

1. The above graph shows the growth in enrolment and the large number of students coming from institutions other than Harvard. During the present year 158 colleges are represented.
2. The case method is used. Actual problems obtained from business are used as the basis of instruction. A staff of investigators is constantly at work gathering problems.
3. Business is regarded and studied as a profession.
4. What the students in the School think of the training which they receive is indicated by the high percentage of eligible first year men who return to complete the course—84 per cent. the present year.
5. The training in the School materially shortens the apprentice period in business. A prominent business man recently said: "On the basis of our experience with your graduates, I estimate that you are saving them five years net. Six months after they come to us, your men are as well fitted to assume responsibility and to make decisions as the typical college man at thirty."

The enrolment is limited in first year courses.

For further information and enrolment blanks, write to

Harvard Graduate School of Business Administration
University 23, Cambridge, Massachusetts

Colorado State Teacher's College

To alleviate congestion in the halls zone lines are to be painted on the floor in the main hall of the Administration building. Within these lines no loitering is to be permitted, and everyone is expected to keep moving until he is outside the zone. A committee of three is to be appointed at once to see that this ruling is enforced.

This is simply a temporary measure to be used until the proposed police system can be organized and put into operation by the Student Council, after which time the student "cops" will handle the traffic situation.

* * *

Carleton College has inaugurated a campaign to raise a million dollars, and if this amount is subscribed by July 1 the college will receive an additional $400,000 from the General Educational Board. The difference between the actual fee paid by the student at the college and the actual cost to the college per student was $323.09 last year. Consequently, Carleton is asking for a million dollars to carry on first class work.

* * *

Professor Renaud of Denver University was awarded the highest of three scholarships to study abroad, under the American School for Prehistoric Studies in Europe, for twelve months. The study will last for twelve months and will be under the direction of Dr. Hedicks, curator of Anthropology at the U. S. National Museum and the Smithsonian Institute.

* * *

Dr. William F. Slocum of Newton, Centre, Massachusetts, President Emeritus of Colorado College, and a lecturer and writer of national note opened a series of lectures last week at Carleton College. These lectures are all relating to the general field of philosophy, especially the relation of Greek Philosophy to Christianity. Dr. Slocum just finished a series of similiar lectures at Grinnel College.

* * *

A small army of carriers, borrowed automobile trucks, in addition to the regular staff, are required to deliver the vast number of special delivery letters, packages and flowers that flood the small postoffice at Wessleley, Mass., to the women students. In three months the town of Wellesley received 84 specials, while during the same period the women students received a total of 14,844. Only half of the letters are answered for each month 16,000 letters come to the town while only about 8,000 are sent out. In the postoffice there is a special compartment for mail to Princeton which is generally packed full.

* * *

The 1923 class at Smith college has adopted the unique plan of taking out an insurance policy for the class gift. On the expiration of the policy, the college will receive $45,000.

* * *

The faculty of the University of Chicago would make that institution the most restrictive in the United States by cutting the present enrollment one-third and gradually dropping all social and athletic activities.

* * *

The Mines Club at the School of Mines was recently inaugurated as a chapter of Sigma Phi Epsilon.

* * *

As a result of the flunking of 250 freshmen in one semester at the University of West Virginia all first year men under 21 are prohibited from joining any fraternity or such society.

* * *

At Illinois students attending the Junior Prom will be required to give the committee a photograph when purchasing tickets. On the night of the dance presenters of admittance will be compared with their photographs and refused admittance if the resemblance is not noticeable. A similar method of defeating scalpers has been used successfully at Ohio State.

* * *

Employees, including faculty members, of Ohio colleges and universities are entitled to protection under the workmen's compensation insurance laws of that state.

* * *

I've always been quite proud because
it's hard to get me mad;
My temper is as mild as any hymn;
But when my girl starts in about the
others she has had
It makes me want to rend her limb
from limb.

—The Gargoyle.

Line Plunges

"Then hit the line Colorado"

"The style of girls' clothes now-a-days reminds me of a barbed wire fence."

"Howzat?"

"They protect the property, but don't obstruct the view."—Lord Jeff.

* * *

Paradise

A shaded room,
An open fire,
A cozy nook,
And your hearts desire.

Paradise Lost

The self-same room,
The lights just few,
The same little nook,
With Ma there too.

Inferno

The room, the nook,
The girl, the fire,
Everything bliss
And enter sire.

—Pelican.

* * *

G-r-r-r-r!

There are many things about my girl
that set me on my ear,
The lines she hands are sometimes
rather trite,
But of all the things that I detest the
thing I hate to hear
Is the time she had with Bill the other
night.

She can talk about her dresses or the
girl she met by chance,
Or her mother or the trouble with her
eyes,
But to hear her rave at length about
the Beta Sigma dance,
Where she went with Ed is something
I despise.

I never care about it if she says she's
getting fat;
I don't object to talks on college
days,
But Charlie is a pianist and it always
knocks me flat
To hear her rant about the way he
plays.

* * *

"There goes that terrible Smythe woman. She's a train-robber!"

"What do you mean—because she's always ready for a hold-up?"

"No, because she stops all the fast males."

—Log.

TIGERS DEFEAT WYO.

(Continued from page one)

Bryden pitched six innings at the mound for C. C. Although things looked a bit bad in the first inning, Pinky was never in real danger. Pink had an awful lot of pep for a pitcher and it was partly his fault that the game went by as rapidly as it did.

Wessen played good baseball all the way through. He garnered five hits out of six trips to the platter. In addition he stole a base and made four scores for the Bengal aggregation. Two putouts in the field without an error were also made by the Swede. MacDougall and Harvey also hit the ball at will, the former getting one of the longest hits ever seen on Washburn field for a homerun. Every man on the Tiger team connected at least once but Weiner.

The shifted lineup showed to advantage all the way through. Robinson played a good brand of ball at second and made two hits at the bat. In the seventh inning MacDougall went to the mound and Brown took first. He pitched good ball for the time he was in the box but the Tigers were so far ahead it mattered little either way.

The lineup follows:

WYOMING	A.B.	R.	H.	P.O.	A.	E.
Hanna, cf	4	1	1	2	0	1
Layman, 2b	4	1	1	2	1	1

JUNIOR FARCE

(Continued from page one)

peraments was well brought out, and they played their parts convincingly.

Ralph Emery as Dr. Willoughby, Bruce Anderson as the Rev. Mr. Spelaine, and Bob Wardwell as Mr. Jamison, all important friends of the Carr family, and vitally interested in its welfare, were good tho their minor parts did not permit of any extraordinary display of talent.

It was easily seen that Bob Burghart much enjoyed the part of the police sergeant, but he was a little lacking at the critical moment when he discovered the loss of his warrant. However, he was ably seconded by his officers, George Thatcher, James McMurtry, and Lester Powell, and their bit of acting gave an interesting turn to the situation.

Tho Jack Shepherd as the chaffeur had a part much like that of the proverbial butler that announced the waiting carriage he carried off his part with fine spirit, and demonstrated his ability to carry trunks in the most approved baggage man style.

To Mr. Sargent, the coach of the play, much of the credit is due, for out of almost entirely raw material, and with a very large cast, he brought about a fine production which will long be remembered in C. C.

The manager of a play is never given enough praise, and Russell Hunter worked hard to get the attractive setting and ususually good properties which made the play a success.

There remains nothing to be said except that C. C. can always be proud of her amateur productions.

College Gossip

Ralph Roberts, a Pi Kap from the Georgia School of Technology, with A. Gary and J. C. Fisher of Atlanta, were visitors at the Pi Kappa Alpha house during the week end.

* * *

At the regular meeting of the Y. W. cabinet held this afternoon in the rest room in Palmer, in addition to transacting the usual business, the members discussed plans for a house party for this coming week end.

* * *

Mr. W. C. Wrye of Newton, Massachusetts, is visiting his daughter, Anna Frances.

* * *

Helen Hiles was the week end guest of Helen Graybeal at McGregor Hall.

* * *

Mrs. C. N. Ingle of Kansas City visited her daughters, Maxine and Yolandi, at Bemis on Sunday.

* * *

Frances Hurst spent the week end at the home of Dorothy Broadhead, ex-'25, in Denver.

* * *

Miss Geroudd chaperoned a house party on Cheyenne Mountain this week end. The girls who went were Ellen Keating, Katherine Orendorff, Marion Lamme, Mary Patterson, Margaret Knowles, and Ruth Allen.

* * *

Gertrude Klein is back from Glockner, and is in the Ticknor Infirmary for a few days.

* * *

Joan Collier, Maude Banks and Eleanor Purvis chaperoned a house party at Cristola this week end. The house party consisted of Miss Collier's Sunday School class.

* * *

On Friday afternoon Contemporary entertained the girls of the Freshman class, at 4 o'clock, in the Club House. An interesting program was given, after which refreshments were served, and an hour spent in dancing.

* * *

On Saturday evening, Mrs. J. G. Dern entertained Contemporary Club at supper at her home, at six o'clock. The evening was spent in singing and dancing. Besides the regular members of Contemporary, Mrs. Lee and Miss Davis were guests.

* * *

BASKET BALL TEAM GET LETTERS THURSDAY

Myron Carter Awarded Posthumous Medal

Coach T. J. Mead awarded six basketball sweaters to the Rocky Mountain Conference Basketball Champions Thursday morning at chapel. Gold basketball fobs were also awarded to those men for their honor in winning the championship. The sweaters and fobs were awarded to Captain Harvey, next year's captain, Joe Bruce, Pat Patterson, Ed and Franc Ryan, and Gene Broyles.

Hugh Morton, basketball manager was awarded the customary watch fob, and Bill Thompson, last year's football manager and track manager was awarded a fob for football and for tarck.

In memory of Myron Carter, last year's basketball manager, who died of pneumonia last summer, the Athletic Board will present his mother with a medal, in honor of his services.

W. A. ASSOCIATION HAS NEW LEADERS

At the elections of the W. A. A. held yesterday the following were chosen:

President—Ruth Little.
Vice President—Mae Gallavan.
Secretary—Mary Arms.
Treasurer—Kathleen McKee.
Heads of Sports:

Hockey—Evangeline Dascomb.
Basketball—Margaret Knowles.
Hiking—Maude Bangs.
Riding—Janet McHendrie.
Tennis—Mary Patterson.
Track—Helen Sewell.
Volleyball—Mary Cox.
Swimming—Ruth Walker.

Y. W. C. A. PICNIC IN GARDEN SATURDAY

Notice! All girls are cordially invited to the picnic supper in the Garden of the Gods at 6 o'clock Saturday evening. The picnic supper and campfire entertainment is given by the Y. W. C. A. as a part of the week-end cabinet training conference. The theme of the conference and the one to be used all the year is to: Break down barriers, deepen thinking, and widen the reach of our school.

Meetings of all the cabinet members and the advisory board will be held Saturday afternoon in the Garden of the Gods. Mrs. Gilmore will discuss the purposes of the Y. W., Katherine Wilson will speak on "The Place of the Cabinet on the Campus", and Lois Wildy, undergraduate representative of the Y. W. at Boulder, who will have part in the conference, will speak. The cabinet members will meet at Bemis Sunday morning at 7 o'clock for an early morning watch in the Jungle, and will have breakfast afterward in Bemis. All town girls are asked to see Katherine Wilson by Saturday.

Nugget on Press

The last copy for the Nugget is in and part of the printing of the book is complete according to a statement made by the Editor, Bradley, Kidder. The publication will probably be ready for distribution the latter part of this month.

GIRLS ALL SET FOR BIG RODEO SATURDAY

The plans for the first Annual Rodeo of the Riding Club, to be held Saturday morning, May 12 at 9 o'clock, are progressing rapidly. The Rodeo will be held on the Colorado Springs Rodeo Field, which has been secured through the cooperation of the Colorado Springs Chamber of Commerce. A general invitation has been issued to all faculty members and students of the college.

The Rodeo will consist of several parts, first there will be an individual program for form. The second part will consist of group riding, and the third part will be a saddle and bridle race. The last part will be a potato race between all members.

The Judges are Mrs. Raymond M. Lewis, Miss Eleanor Davis, and Mr. William Osborne. The members of the Riding Club are Evelyn Stannard, Evangeline Joder, Kathleen McKee, Janet McHendrie, Lucy Fast, Maude Bangs, Dorothy Smith, Dorothy Swan, Dorothy Nyhus, Louise Pitkin, Eleanor Mae Purvis, Edith Mantey, Dorothy Roedel, Mildred Mann, Harriet Mason, Helen Armstrong, Lilla Munger, Mabel Sadler, Dorothy Chambers, Lucille Adams, Ruth Walker, and Ellen Keating.

DEAN JAQUA ADVOCATES NEW CUSTOMS FOR C. C.

Dean Jaqua, in a chapel talk Tuesday morning, recommended that the students form some new traditions of the college which would take advantage of its unique situation here in the great west.

He urged the college not to imitate the great eastern schools, as many of the western colleges do, but to make this college distinctly Colorado College, and in none other class but it's own. He asked the students to realize that they are forming the history, tra-

(Continued on page 3)

"BEST SENIOR PLAY IN YEARS"—O'BRIEN

The Senior play scheduled for June 1 at the City Auditorium has not yet been fully cast.

Though rehearsals have already started on the "Witching Hour" some of the cast have not received their lines. The play is one of the most ambitious for production by amateurs and Mr. Sargent is proceeding slowly with its development.

Tickets will soon be placed on sale by the manager, Ed. O'Brien, who predicts the most successful senior play in years.

Remmers and Students Write for Journal

In an early number of the "Journal of Educational Psychology" an article will appear written by Mr. Remmers, Mr. Marschat, Miss Brown, and Miss Chapman of the Psychology Department. Mr. Remmers is assistant professor in psychology and the others are students of the subject. The title of the artic'e is to be, "An Experimental Study of Relative Difficulties, of True Faults, Multiple Choice, and Incomplete Sentence, Types of Examination Questions."

RESULTS OF A. S. C. C. ELECTIONS TUESDAY

Close Races Run by Candidates

The first election for members of the Administrative Council of the Associated Students of Colorado College was held Tuesday. The Tiger published the standing of the candidates shown by the count of the first two hundred votes. There were few changes in the final outcome altho at times the count showed a number of close races. There was a total of 303 votes cast.

The following is the result of the final count of the total vote:

For senior men, the three highest elected:

W. Edward Patterson—185.
Perry Greiner—176.
Robert Burghart—153.
William Fisher—119.
Francis W. Thomas—103.

(Continued on page 6)

FROSH FROLIC AT COSSITT

The Freshman class frolic tonight at their last party of the year in Cossitt Hall. A number of vaudeville stunts of a high order will be given during the evening and as the first stunt must be given shortly after the party begins at eight, it will mean that everyone must be on time.

There will be dancing, a number of bridge tables, delicious refreshments, and everything to make a successful party. The following people, who have had considerable experience in stage work, have been secured to entertain the party: Kathleen Keating, who will dance; and Tiny Jones, Pete Clark, and John Tallman.

The class met after chapel yesterday morning and after much discussion decided to tax every member of the class fifty cents for the party expenses whether he attended or not. This was necessary because of the failure of many of the members to pay their dues.

DR. DAVIES BUYS THE SAN LUIS SCHOOL

Will Retain Position as Department Head

The purchase of San Luis Open Air school, located at Neveda avenue and Cache la Poudre Street, on the southeast corner of the college campus, by Dr. A. E. Davis, professor of philosophy and education at Colorado college, from Mrs. Franklin E. Brooks, who has conducted the school for the past six years, was announced yesterday.

Mrs. Brooks will continue in charge of the school until the close of the present term, June 5, then becoming dean of women during the summer term of Colorado College. Dr. Davies will then assume charge, planning to reopen for the 1923-24 term about the middle or latter part of September.

Dr. Davis, in announcing the pur-

(Continued on page 4)

INVITATION TRACK MEET HERE FRIDAY, MAY 10

C. C. will hold its invitational high school track meet next Friday, May 18. High schools of southern Colorado will be entered. A number have sent in their entries, signifying definitely to compete in the meet. The high schools who have sent in their entries are Durango, Saguache, La Junta, Manzanola, Pueblo Central, Rocky Ford, Fowler, and Colorado Springs. A few more are expected within the next few days.

Among the star athletes who will bear watching during this meet are McCall of La Junta, Allott of Pueblo Central, and the Phelps Brothers of Colorado Springs. The first two have made some good time in track competition this year and the local men are considered good bets in field events.

Interest is also being maintained in the Pentathelon meet. Each high school entered will hold the events on their own home ground and the winners will be selected among the best. Rocky Ford, Eastside High School of Denver, Fowler, Loveland, Fort Collins, and Colorado Springs have sent letters to Coach Mead to the effect that they will be entered in the pentathelon.

Brown and Saraider of Fort Collins,

(Continued on page 4)

FACULTY APPRECIATION OF PRESIDENT DUNIWAY

The faculty of Colorado College, expressing their appreciation of the services rendered by Dr. Duniway during his six years presidency of the institution, unanimously adopted, on May 4, a resolution commending him. The faculty's expression follows closely a resolution adopted by the board of trustees, which also praised Dr. Duniway.

The resolution of the faculty follows:

We, the members of the faculty of Colorado College, feeling that we have had the best opportunity to know President Duniway intimately as a man, and to become thoroughly familiar with his work as an educator, desire to give expression to our appreciation of the valuable services he has rendered to Colorado College during the six years of his presidency.

During a critical period he has served the college with unflagging devotion and loyalty. In his administration he has adhered to the finest academic traditions, always endeavoring to raise standards of scholarship and to make Colorado college stand as an exponent of high ideals of character and learning. We recognize in him a distinguished scholar, an able executive, a wise and sympathetic reader, and a personality of rare poise and dignity.

We wish also to bear witness to the spirit of fairness and consideration that has always characterized him, and to assure him that we shall ever think of him as a gentleman, a scholar and a true and loyal friend.

Fraternity Baseball Called Off

At a meeting of fraternity representatives Tuesday night it was decided definitely not to have interfraternity baseball this year. The reason given was the fact that it is now too late in the year to enter into such an activity and that the time left would not be sufficient for the playing of a full schedule.

PATTERSON, GREINER, MILLER APPOINTED

Officers of New Council Announced

The newly elected members of the Council of the Associated Students of Colorado College met with the Student Commission Wednesday evening to assume the government of the campus. After the transfer the A. S. C. C. Board elected officers for the coming year.

Edward Patterson was elected chairman, Perry Greiner, treasurer, and Edith Miller, secretary.

Plans for the election Tuesday were also discussed at this meeting.

C. C. STUDENTS ASKED $25,000 IN PLEDGES

The Students Committee to help raise the Colorado College Endowment Fund will begin a systematic canvas of the campus this week. Francis Thomas, chairman of the committee, said last night the committee hoped to secure $25,000 to $30,000 in fifty dollar pledges from the student body. The students will be allowed five years in which to pay these pledges, that is all of the pledges must be redeemed by June, 1928. The committee, of which the other members are Roxana Jackson, Edna Van Horn, Perry Greiner, and Stan Delaney, has secured a speaker for chapel next Tuesday, who will tell of the need of an endowment fund at C. C.

The total amount to be subscribed in the campaign is $600,000. The sum must be raised by June 1 if the college is to receive a payment of several hundred thousand dollars from the Carnegie Foundation Fund.

STUDENT BODY HEADS MEET SAT. IN DENVER

In accordance with the Constitution of the Association of Student Body Presidents, the next meeting of the Association will be held tomorrow, May 12, at 11 o'clock at the Shirley-Savoy Hotel in Denver.

The Constitution provides for the election of a Chairman, a Vice-Chairman, and a Secretary-Treasurer. These officers will be elected during the meeting in Denver. Among the colleges represented are: Mines, Aggies, University of Colorado, Denver University, and Colorado College.

Some of the matters to be considered at the meeting are:

Completion of organization.

Election of officers and appointment of committees.

Improvement and establishment of inter-collegiate debating in Colorado.

Campus traditions and customs.

Student Unions and Cooperative Stores.

Systems of nomination and election of student officers.

Membership fees and what they pay for.

Listing and approving various organizations which attempt campaign drives on campuses.

The establishment of All-Colorado Songs and yells.

A few minor changes in the Constitution will have to be passed on and passed on and ratified.

COUNCIL ELECTIONS.

The election of officers for the Administrative Council, held last Tuesday, demonstrated clearly that petty politics will not be destroyed under the new system of nomination and election. Probably never before in the history of the institution, has there been a better opportunity for political strategy than in the recent election.

Five men were nominated as candidates for positions on the Administrative Council, representing the senior class of next year. Each individual who cast a vote had the privilege and corresponding duty of voting for three of these men. Instead of using this privilege, some individuals, even groups, took the opportunity of voting for just one man. This would give this man an advantage of at least obtaining one vote while his opponents would not have received any.

The use of such politics is to be regretted in such an institution as Colorado College. Still, if certain individuals are inclined to vote for just one individual in such elections where there are others to be elected also, then nothing could be better than to let that individual do as he pleases.

In line with this suggestion, comes one than an amendment be made to the present Constitution of The Associated Students of Colorado College to the effect that each member of the student body will be allowed to vote for just one person for each office to be filled and that the candidates, receiving the highest number of votes will be elected to the offices. Thus in the case of the election of the three men from the senior class on the Administrative Council, the three receiving the highest number of votes would be elected.

This system would correct the use of politics in the elections and will satisfy the desire of many ingenious students. S. M.

SUPPORT THE ENDOWMENT.

A serious proposition is confronting the students, faculty, alumni, and all others in anyway connected with Colorado College. It is the problem of completing our endowment before the end of June of this year. If this endowment is not completed it will injure the college, if it is, the college will prosper, and a great future may be anticipated. The students are going to get their chance to help in the very near future.

In a short time a drive is to be started among the students, asking them to subscribe to the fund. The amount asked for will be about ten dollars a year for five years. In putting it this way every student in Colorado College can contribute to their Alma Mater, and never know the difference financially. If any student desires he can subscribe more, but no student would want to subscribe less.

If the students get behind this movement, and back the endowment, a person can not realize how much more the outsiders who will be asked to subscribe will think of the institution, and consequently how much more they will give the fund.

The students are doing this in other schools and we are not below the average; so when you are asked to sign on the dotted line, think of the future of old C. C. and put your name there in big letters. This is something to look forward to. R. S.

ANNENT THE JUNIOR FARCE.

Dear Editor:

I feel very strongly that an injustice has been done in the criticism of the Junior farce "Stop Thief" printed in the May 8 issue of The Tiger. I have heard the same expression of opinion from other members of the student body, which prompts me to call attention to the fact and, if possible to correct the injustice done.

The leading man, Dwight Strother, is accused of "not quite grasping" his part. All that comment that has come to my ears praises his interpretation highly. Anyone with an elementary knowledge of dramatic art knows that such a part is much more difficult to play than a comedy part.

Gertrude Sherk, I believe, should have been given more credit, for although restricted by limited lines, she made of her part distinctly the lead of the feminine parts. In accord with campus opinion, I think that Lucile Lilyard as Mrs. Carr carried her part admirably after the first appearance, when none of the Carr ladies entered whole-heartedly into the performance. The disuse of her ear trumpet may have been intentional.

Jack Dern gave the impression of being as good a comedian as his fellow kleptomaniac, the celebrated Mr. Carr.

Perhaps lack of space prevented the customary expert critic's individual comment on the Carr girls, Dr. Willoughby, the minister and Mr. Jamison. But the cab driver who appeared for one-half a minute was given an inch and a half. It seems to me just a bit unfair.

Respectfully yours,

One interested student.

Boulder Students Subscribe $22,000 to Endowment

Students of the University of Colorado subscribed $22,671.50 to the Memorial Student Union fund at a special meeting Tuesday morning. Alumni, students, and friends are raising a fund of $200,000 to erect a building on the campus as a memorial to the forty-five State men who lost their lives in service during the World War.

President George Norlin presided and read telegrams of encouragement from General Pershing, Herbert Hoover, Alvin Owsley, national commander of the American Legion, and Senator L. C. Phipps.

Student leaders expect to raise the student contributions to $40,000.

* * *

SAN FRANCISCO, Cal., May 1. — A 1923 model Robinson Crusoe, with a lawyer and courts to appeal to and all of the best wrinkles, came before the public here today.

Charles Sellow is his name. Last May he was wrecked in a small boat on an unnamed island off the coast of Alaska and there he lived for three months, an existence equal to that of Crusoe's.

Roots, berries, and fish were his food, he said. Then, like Crusoe, he saw a sail and finally was rescued by a passing ship.

But he had open a way of redress which was not handy for Crusoe. He came into court today and filed suit, through an attorney, for $30,000 damages against the Alaska Codfish Company, his employers, alleging he was sent out in a vessel that was "rotten, unsuitable and unsafe."

Arthur Weiss Dashes Off Spring Poem

The section devoted to literature of the Rocky Mountain News for Sunday, May 6, 1923 contains the following poem by Arthur Gordon Weiss of Colorado College:

THE RETURN OF SPRING

By Arthur Gordon Weiss

Winter has folded his raiment away;
Fair Nature assumes an aspect gay;
Spring summons all her followers and they ride
At will, unhindered, o'er the country side.

Across empire they have made their own,
Zephyrs that softly sigh and moan;
Now usher spring into her bright domain;
She steps into her royal robes again.

With color soft and green she decks the trees,
That quaver at her breath, but yet to please
Her royal highness, stretch forth their bare arms;
To catch her jewels, gladdened by their charms.

The babbling brooks obey her sovereign will;
Bringing forth a soft melodious trill;
It's time to dream, since dreams can bring
Assurance of the sure return of spring.

A rule applying to those attending informal dances at the University of Montreal provides that a tax of 25 cents be put on those whose shoes exceed the 12-inch limit.

ditions, the future success and powers of this institution, while they are here.

In speaking of new traditions of the college which take advantage of the open air freedom, majority and power of the West, Dean Jaqua suggested that open air fire places be built near Cossitt Hall and in the women's quadrangle where the students might gather in the evenings and enjoy themselves. He also recommended that the art school be built up to the Standard of being the finest in the west.

Home Brew

We were standing in the basement,
With the candle burning low.
And he poured me out three fingers,
Maybe four, for all I know;
And I slowly raised the beaker
To my lips and drained it dry.
After which I saw a spider
Look at me and wink its eye.

Then methought the air grew denser
As the auto plunged ahead,
While beneath us lay the landscape,
With the Arab clother in red;
But the submarine was sinking
And the bees had gone to rest;
Though mine was dark and fearsome
And she said she loved me best.

A young man called at the office of a celebrated diagnostician and asked to see the doctor.

"Have you an appointment?" the office nurse asked.

"No", replied the young gent.

The nurse consulted the doctor's list, and said that she could work him in after the next patient left.

"Just step into the next room and remove your clothes," said the nurse.

"Remove my clothes," the astonished man exclaimed. "But I do not want to remove my clothes," he insisted.

"I'm sorry, but you canot see the doctor unless you do." replied the nurse.

"If that is the case—I'm game," answered the man.

A few minutes later the doctor entered the room and found the young man waiting, stark naked.

"What seems to be your trouble?" inquired the M. D.

"Doctor," said the young man, "I called to see if you would renew your wife's subscription to the Ladies Home Journal."

HIGH SCHOOL TRACK MEET

(Continued from page one)

Talk of Denver, Palmer of Rocky Ford, Caldwell and Jones of Loveland, and the Phelps brothers of Colorado Springs are considered among the best all-round men in the high schools throughout the state. Each man will be allowed to enter in five events.

The housing question has been solved by the various fraternities. Each fraternity has taken the responsibility of providing for a certain number of men. The athletes will eat at Cossitt for their meals at the expense of the College.

DAVIES

(Continued from page one)

chase, declared he will retain the present faculty, and will follow the same policy as was inaugurated by Mrs. Brooks, who, during her administration, has maintained the school—unique in educational circles in this part of the country—at a high standard, making only such changes in policy from time to time as the growth of the school necessitates.

Dr. Davies will retain his position as head of the psychology department of the college and will be concerned only with the direction of the school.

Mrs. Brooks established the open-air school in 1917, pupils from the first thru the High school grades being enrolled. The attendance has steadily increased since then, and a high scholastic standard has been maintained. A recent survey by the educational department of Colorado college showed the standard of the school to be above the average of public schools of the country. Graduates from the High school are entered in colleges on certificates from the San Luis school.

Dr. Davies is acquainted with educational methods on the continent, in England and America, and plans to use the knowledge gained here and abroad and thru study in conducting the school.

The school was originally founded 30 years ago by Miss Bessie Henry, who conducted it as a private school for a number of years.

A girl—a dance—a jealous friend.
A stolen car—a plan to end
The love affair—a kidnapped girl—
The hero's head is in a whirl.
A gun—a cab—a low-down place—
Hero and villian—face to face—
A cop—a fight—the villan dead.
The boy—the girl—now go to
Another movie!

MRS. LEE GIVES TEA FOR GIRLS' SOCIETIES

This afternoon Mrs. Lee was hostess in the Common Room to the members of the three societies, Minerva, Hypatia, and Contemporary. A joint program was prepared and consisted of an Egyptian farce, imported, it is said, from the land of the pyramids themselves. This skit was entitled "Three Royal Sisters of Egypt" and the sisters' parts were taken by Clara Voreiter, Catherine Hood, and Dorothy Nyhus. The rest of the cast follows:

Dancer—Katherine Sias.
Snake Charmer—Janet McHendrie.
Singer of Songs—Maxine Ingle.
Attendants—Alice Sweet, Harriett Bumstead.
Magician—Florence Wilson.
Slave—Dorothy Jean Barker.

Mr. Rose needs window washers on Glocknor job. Phone M. 2596.

Boulder Jumps to Second Notch in Baseball

The University of Colorado baseball team moved up to second place in the conference by defeating the Miners last Saturday. The game was loosely played and the field was more like a race track than a baseball diamond. There were twenty-nine runs made during the game, State making sixteen and Mines thirteen. Aggies still lead the race with four games won and one lost, while State has won three and lost one.

WHAT HO—DANIEL?

Zeta Bigma again held the center of the stage last Monday evening when eleven pledges, good and true, were permitted to look for the first time behind the scenes, and to learn the mysteries of the order. At the stroke of ten, the brothers began to assemble and ere the hands of the clock reached 'leven, the chapter room was ready.

Many people fail to realize the importance of this, the greatest interfraternity fraternal organization of all ages. The growth of The Standard Oil Co. or the Henry Ford interests are slow and uninteresting when compared with the expansion of this great society of brothers. Zeta Bigma now claims 264 chapters in the better colleges and universities of 31 different nations of the world. Its membership is limited to the best and on its records may be found the names of three crown princes, 2 ex-presidents, 9 foreign diplomats and scores of other famous people.

After the initiation, those present proceeded to McRae's Restaurant where the new members were guests at a banquet provided by the older members. Immediately following the banquet a business meeting was held. Some sort of function was suggested and a committee was appointed to make the arrangements. Then this chapter voted that a cablegram be sent to the National officers recommending that chapters be granted at New York University, Centre College, University of Paris, and The Methodist University of Tsang-cho, China, where local organizations are petitioning.

After the election of a delegate to the International Convention at Rio de Janerio in June, 1923, the entire organization went to the quadrangle where a number of beautiful musical selections were rendered in unison, much to the delight of the hall girls and others within a radius of two miles.

Shortly after this the party disbanded and all went to eight o'clock classes.

The Tiger

THE COLORADO COLLEGE NEWSPAPER

Volume XXV — THE COLORADO COLLEGE TIGER, TUESDAY, MAY 15, 1923 — Number 55

TIGERS DEFEAT C. U. BASEBALL SAT., 9-2

Third Straight Game for Tigers

With Pinkey Bryden in the box the Tigers raised their standard by one game, when they defeated the University of Colorado, at Boulder, last Saturday, by a score of 9 to 7. This is the second consecutive game the Tiger Team has won, and Tiger stock is going up.

Bryden pitched fast ball until the seventh inning, when an error by Capt. Amidon started a rally for the State. Bryden helped the Tigers get started in the 7th by a good two-bagger, and from every inning on the Tigers managed to score. The Tigers consistently hit the Colorado pitchers but were unable to make them count.

(Continued on page 4)

COUNCIL ELECTIONS BEING HELD TODAY

Elections for the officers of the Disciplinary Council of the Associated Students has been in progress today from nine this morning until five this evening. Due to a misunderstanding last Thursday afternoon the list of the nominees and their nominators was not published in Friday's Tiger as provided in the constitution. The committee in charge of the election failed to turn in the list in time for publication.

The list of nominees and their nominators are as follows:

Junior-Senior Men—

Bay Crockett by William Wesley Hamilton.

Jack Dern by Don C. MacMillan.

John C. Duniway by Elmer C. Humphrey.

Earl E. Louthan by Ray Green.

Lester B. Powell by Rita Fist.

Robert P. Swan by Earl E. Louthan.

Wm. Rose, Jr., by Lucille Lilyard.

Junior-Senior Women.

Rita Fist by Harriet Bumstead.

Catherine Hood by Dorothy Jean Barker.

Gladys Kinsman by Gertrude Klein.

Janet McHendrie by Dorothy Jean Barker.

(Continued on page 4)

PI KAPS GIVE MOTHERS TEA

Beta Rho of Pi Kappa Alpha were hosts to their Mothers and Sisters at their annual Mothers' Day Tea at the chapter house, 1339 N. Nevada, last Friday afternoon from three to five. During the serving of the tea, the following program was given: Vocal solo by Theodore Winans accompanied by Mrs. Theodore Smith; Violin solo by Mrs. H. C. Smith accompanied by Miss Ruth Brown; Vocal Trio by Theodore Winans, Gibson Winans, and Allan Marshall; Chalk Talk by Russell Mann.

The guests: Mrs. Patton, Mrs. Lennex, Mrs. L. Sumner. Mrs. J. Carnine, Mrs. J. G. Green, Mrs. L. T. Gray, Mrs. C. O. Fritchle, Mrs. W. H. Gale, Mrs. W. G. Ogle, Mrs. R. H. Winans, Mrs. W. C. Daily, Mrs. M. Zickefoose, Mrs. C. A. Duniway, Mrs. H. C. Smith, Mrs. J. G. Gardner, Mrs. O. C. Dein, and Mrs Theodore Smith of Trinidad. Misses Ruth Brown. Ferol Hawkes, Bergner, Miriam Malsbary, Dorothy Carnine, Dorothy Smith, Bernice Ryer, Margaret Boucher, and Blanche Guley.

COLLEGE MUST RAISE $600,000 BY JUNE

The college has to raise $600,000 by July 1, 1923 to receive a payment of $300,000 from the General Educational Board and another of $75,000 from the Carnegie Corporation. The faculty, alumni, trustees, and students are all working together to raise the $600,000. Dr. Duniway announced in chapel just before the Christmas vacation that more than half of the million that the college is seeking for endowment was in sight. He thought at that time that the million would be raised by the middle of the coming year. The president is now in the East working in the interests of the campaign. Last week he interviewed alumni and friends of the college in New York City, and this week he is in Boston. After meeting alumni in Chicago he will return home in about ten days at which time he will report to the trustees and then to the student body the results of his trip.

Ex-Gov. O. H. Shoup is chairman of the endowment committee of the trustees who inaugurated the campaign last fall. They found that C. C. had an insufficient endowment, not nearly so large as that of similiar institutions.

Francis Thomas, chairman of the student committee which is cooperating in the campaign, has arranged

(Continued on page 4)

C. C. SUMMER SESSION WILL BE OPEN JUNE 25

The summer session of Colorado College will open June 25. Practically every department is offering courses of instruction. The department of biology offers six courses dealing with botany, physiology, and animal histology. Four courses in mathematics are scheduled and an additional course, of solid geometry will be offered if as many as six students elect it. This same proposition holds true for Latin A and Latin B in the classical department. The English department offers a broad selection of courses in language and literature. Other departments offering courses are: history, two courses, chemistry, astronomy, geology, economics, and sociology, four fundamental courses, psychology and education, three courses are planned to meet the conditions of majors and graduate work at the college, and the requirements for the state teachers' certificate. Romance language, including French 2, Italian and Spanish 1 are offered.

Also the Academy of Fine Arts is offering a course for the summer season. There are three main normal and Practice Art courses.

For more detiled information concerning the summer session, bulletins

(Continued on page 4)

Gob Harvey's Engagement Announced

The engagement of Miss Martina Maher, to Earl Harvey, was made public last week. Miss Maher is a former student of Colorado College and lives in town. "Gob" Harvey is a member of the Phi Gamma Delta fraternity, and one of the most popular students on the campus. He was captain of the championship basketball team this last season, and his absence next year will leave a hard place to fill on several of the College athletic teams.

MRS. LEE DESCRIBES PASSION PLAY IN CHAPEL

Mrs. Lee, Dean of Women, gave a vivid and inspiring description of the Passion Play given last year in Germany in chapel Friday.

The scenes which she described representative of the famous paintings of the life of Jesus, these being the tableaus of Palm Sunday, Jesus in the Temple, Jesus in the house of Simeon, Judas' Soliloqueey and the scene at the Tomb.

C. C. CLEANS C. U. GOLF TEAM, 6½ TO 2½

Young Turns in Low Card of Day

The Colorado College Golfers defeated the University of Colorado four at Boulder by a score of 6½ to 2½. Bill Young, of C. C., turned in low score of the day, 80, while Capt. Cornell, Dixon, and Morton turned in scores of 81. Morton divided points with his man being tied fith a score of 81 to 81.

The Miners are still leading the conference, and are the general favorites to win in the conference meet to be played in Denver the last of this month. They have defeated every team in the conference this year.

Results: Young, C. C., defeated Loser, C. U., 3 to 0. Lindsley, C. U., tied with Morton with 1½ each. Cornell, Capt., C. C., defeated Carpenter, C. U., 2 to 1. Bromfield, C. U., and Dixon, C. C., were tied with 1½ each.

EDITH MILLER IS NEW HALL GIRLS' PRESIDENT

Edith Miller was chosen president of the Student Government, the hall girls governing body, at the election held yesterday noon. The class representatives to membership in the body are Evelyn Stannard, Irene Sherk, and Mary Cox.

The Hall presidents for the coming year are; Bemis, Mae Gallavan; McGregor, Florence Wilson; Tieknor, Kathleen McKee; Montgomery, Rena Hestwood.

DOROTHY SMITH WINNER OF C. C. GIRLS' RODEO

Dorothy Smith of the Colorado College Girls' Riding club won the highest number of points at the first annual rodeo and riding meet, held Saturday morning at the rodeo field north of town. The program included riding for form, group riding, potato races and a saddle and hridle race.

The freshmen group took first place in the events, juniors second, seniors, third and sophomores last. Miss Smith was presented with a large floral

(Continued on page 4)

NOTICE!

Students who are delinquent for tuition, board, room, etc., have not been arranged for, by June 1st will be excluded from final examinations.

W. W. POSTLETHWAITE, Treasurer.

DOUBLE HEADER GAME SCHEDULED WITH A. C.

Entering upon the most crucial series of the present conference race, the Tiger baseball team will battle the Aggie nine in a double-header. The first game will be played Thursday at 3:30. Both games will be played on Washburn field. Due to the form that the Bengals have been showing in late games and to the Aggies' leadership of the conference, the teams should enter the games about evenly matched.

The farmers possess a good moundsman in Dick, whose best feat of the season has been the striking out of nineteen men in one of the earlier games of the season. The team as a whole is not a heavy hitting one and their pitching strength is expected to be offset by the hard hitting attack of the Tigers.

The Tigers, with Bryden in the box look like a real team. Bryden fanned nine State men last Friday and only two earned runs were scored against him. Besides the heavy hitting policy of the Bengals, they also execute a sweet squeeze play which has given every opponent trouble this year.

Coach Lavik is uncertain as to whom will take the mound. It is certain that Bryden will pitch one of the games. Either McAllister, MacDougall, or Louthan will be called upon for the box for the other game.

CONFERENCE MEET AT BOULDER SATURDAY

Biggest Track Event of Season. C. C. to Send 14 Men

Probably the greatest track meet in the history of any institution in the Rocky Mountain Conference will be held on Gamble field, Boulder, on Saturday. Ten western colleges will be represented. Teams from Wyoming, Utah, Colorado, and Montana will be on hand with an aggregate of about 150 athletes.

Boulder is expected to enter about 35 men while the rest of the colleges will limit their entries to about ten to twenty. This excess in numbers may again return the State team as winner. They have won out for the last three years, chiefly due in every ease to the number of men entered in each event. However the competition will be exceptionally keen this year. Utah University as well as Utah Aggies have shown that they must be reckoned with and, when narrowed down to a finish, it might seem that the fight will be between Utah U., C. C., and Boulder.

Not many of the present records are expected to be broken. Platt of Den-

LOIS WILDY, COLO. U. SPEAKS TO Y. W. CABINET

The Y. W. Cabinet met at the home of Mrs. R. G. Gilmore last Saturday afternoon. Miss Lois Wildy, undergraduate representative of the Y. W. at the University of Colorado was a guest. She gave a talk on the theme: Break down barriers, deepen thinking, and widen the reach of our love, and also made several valuable suggestions concerning the work for next year.

(Continued on page 4)

TRACK TEAM LOSES AT GAMBLE FIELD

C. C. Wins Five First and Relay

Friday afternoon the Tiger track team met the U. of C. athletes on the Boulder field in a dual meet. The Bouldertes had things largely their own way but the Tigers managed to pile up a higher score against them, than any team has so far been able to. The feature of the meet was the relay as Boulder thought that they had won the race without running it. Their first man gained a considerable lead over Hiteh of C. C. and the second man maintained this lead against Briggs, but in the third lap Hamilton of C. C. took out after his man, overcame a twenty yard lead and gave the stick to Patterson with a good start of several yards, which he maintained

PHENOMENAL SCORES IN THE PENTHATHALON

Winners Here Friday for Meet

The results of the first Pentathalon Contest for high school athletes in the State of Colorado were announced today. This contest was held under the auspices of Colorado College, but the events were run off on the entrant's own athletic field in the presence of his coach and two witnesses. The contest has proven so successful that the College intends to make it an annual affair. The individual and team scores were based upon the standards adopted by the Ohio State College for its annual collegiate Penathalon. The individuals winning the first four places in the contest and representatives from the four highest teams will be at the track meet Friday to receive the prize awards which will be silver loving cups. The four highest individuals will also give an exhibition in one or more events in which he was entered.

The results and points are as follows, the points were awarded with 4000 as a basis and additional points were awarded for the bettering of any record.

Individuals

Brown, Ft. Collins, 4,863.

Caldwell, Loveland, 4,696.

Palmer, Rocky Ford, 4,542.

Telk, East Denver, 4,509.

MR. CHICK CRITICALLY INJURED SATURDAY

Wilbur Chick, father of Keith Chick, editor of the Tiger, is in a critical condition from injuries sustained Friday night when his car plunged into a gulley on the Denver road. The accident occurred about 7 o'clock Friday night and the injured man was imprisoned beneath the car till about 6 o'clock Saturday morning, when a driver from Denver reported the accident.

When Mr. Chick started from Monument Friday night his lights were giving him trouble. As he approached the bridge a mile beyond the Breed crossing, 8 miles north of the city, the lights went out and before he could stop the car it had plunged over the embankment.

Kieth drove to Monument and back three times searching for his father, but failed to see the car concealed under the bridge.

HAZING.

A most unfortunate situation has come to light at Northwestern University, where a student has confessed that his hoom-mate was killed in the hazing activities there last September. Stories have been printed that students were tied face downward to river piers, bound hand and foot, compelled to eat sand, thrown into the water. If such actions are true it is high time that the administrative officials of American universities take definite action to stamp out hazing. One year ago at the United States Naval Academy upperclassmen convicted of hazing were sentenced to various terms on prison ships and the leader of the group lost his citizenship for life. Hazing has not occurred again and probably will not occur for some time at Anapolis.

Those who object to flag rushes, tugs-of-war, in fact all interclass contests place them in the same class with hazing and say that all should be abandoned.

Interclass contests usually are staged and carefully regulated by the student governments. If the participants become frenzied they so well under control that fatalities rarely result. But hazing is not a contest and is no so regulated. A group of students get away from any restraint, intent upon humiliating some first-year man, one thing leads to another, a crime is committed. Such a mob should be dealt with no less severely than a lynching mob.

—G. E.M.

Senior Cast Starts Work Soon

The cast of the Senior play is being withheld until a later date. The members of this cast have been chosen with a few exceptions, and with the arrival of the manuscripts yesterday, the work on "The Witching Hour" will begin very soon.

The cast will contain the following trio in major parts, Frances Tucker, Alice Sweet and Harriet Bumstead. the committee has been very judicious in chosing its stars. The name of each one of this trio conjures up memories of past dramatic successes: Frances Tucker as a star and a director of ability, and Alice Sweet and Harriet Bumstead as high lights in plays throughout their college career.

Freshman Party

Financially and socially the Freshman party last Friday night at Cossitt Commons was a success. The room was filled to capacity all evening with dancers, and a number of other attractions such as games of cards had their quota of devotees. In regard to finance, the party netted the class the neat sum of ten dollars, which will be as balm to the sadly depleted treasury.

Kathleen Keating gave two very enjoyable dances during the evening. Peysor's Orchestra supplied the jazz. The chaperones were: Prof. and Mrs. Gilmore, Mary Clegg Owen and Prof. Copeland.

Dramatic Club Election

The election of officers to head the dramatic club for next year will be held Thursday, May 17th in Palmer Hall. All girls are qualified electors whether members of the dramatic club or not.

The slate presented by the nominating committee follows:

President, Dorothy Nyhus, Gertrude Sherk; Vice President, Rita Fist Irent Sherk; Secretary, Frances Wiegal, Ruth Walker; Treasurer, Sadie Kier, Eloise van Diest.

Aye, There's the Rub

It isn't the can that annoys the dog,
It's the fact that it's tied to his tail,
It isn't your subjects that make life hard,
It's the number of them that you fail.

It isn't the time you waste on her,
Nor the thriftless gold you spend,
But the cold and unrelenting jolt
She hands you in the end.

—Virginia Reel.

Double Crossing the Bar

(With unconditional apologies to Alfred, Lord Tennyson)

Sunset and evening star,
So late! it cannot be,
I must not stay here moaning at the bar;
So just one more for me.

But now, when I should surely be asleep,
My lips are flecked with foam.
Just one little night-cap, sighing deep,
I reel towards home.

Midnight and surfew bell!
Please God the door won't slam!
And may my muffled sleep conceal it well
How dry I am.

For though my gait is steady, there's a trace
Of you know what they are,
I'd hate to meet my Father face to face
When I've been at the bar.

—Lampoon.

Advertiso

(With apologies to "Hiawatha")

By the shores of Cuticura,
By the Man-a-cean water,
Lived the prophylactic Chiclet,
Danderine, the Helmar's daughter.
She was loved by Klaxon Postum.
Son of Sunkist and Victrola,
Heir-apparent to the Mazda
Of the tribe of Coco-Cola.
Thru the forests strolled the lovers—
Woods untrod by Anglo-Saxon—
"Lovely little wriggley Chiclet,"
Were the burning words of Klaxon.
No Pyrene shall quench the fire,
Tho I know you're still a mere-miss.
Oh my Presto-lite desire,
Let us marry, Timken, Djer-Kiss."

—Tiger.

Lover's Leap

The moonlight quivers on the lake,
And evening breezes stir the leaves;
The shadows lengthen on the heath,
And in the tree the screech-owl grieves.
Amidst this scene so calm and still,
Two lovers sought to coo alone;
The time flew past as there they sat,
While in their eyes affection shone.
He stroked her hair as soft as down,
As in his arms he held her tight;
A big brown airedale strolled along
His Maltese cat sprang out of sight.

—Gargoyle.

Line Plunges

"Then hit the line Coloredo"

Herewith a Gladsome Springtime Ditty
Of things and folks in our fair city.

With little sun and much of shadder
Spring comes apace in Colorader
The tourist man unhibernates
And jazzes up his winter rates.
The rooming house has growing pains
And Mother Gaines shoves on the reins.

The college feels the thrill of it
And writes to daddy "Please remit,"
We throw a formal here in May
I must have twenty right away."
The Nugget is brought out by Kidder
And he his work will now consider
The manager, one mamma Greiner
Is his Assistant Nugget miner.

Bill Dotterer clears off the tracks
Fred Matthews limbers up his hacks
The Altruistic Billy Jones
Raises the price on tea and scones
The college elects a pi-faced queen
To stub her toe upon the green
The girls transport a Persian Garden
And Clara Vorreiter's Dolly Varden.
The Seniors say when June has come
They'll show us the auditorium,
And Dorothy wins the Rodeo
"Ride 'em Cowboy, Girls Let's Go!"
On the campus purple geraniums bloom
They fill the air with sweet perfume
While Ed Honnen and his paving crews
Plow up out fairest avenues.
The track meet and the baseball game
Add laurels unto C. C.'s fame.
Our sprinters now engage in track
While Earl MacTavish reaps the jack
Barnes Woods the Hub and Perkins too
Sell shirt studs to the motley crew
Sam Wilbur offers a spring array
And features a King Tut negligee
The Dress Shop in the Bungalow
Comes forth with offerings with some go.
The Gazette and Tele join their forces
And treat us to some hot discourses
Bill Tway leaves the Tele clan
And says that he's a lumber man
The city council's not so slow
And tells the General where to go.
On the dim horizon looms the final
I feel a thrill along my spinal.

Along the new paved right of way
There blooms a hot dog stand per day
The little shops in Manitou
Burst in full bloom upon the view.
At Hiawatha Gardens too
The fans began to jazz a few.
The Iron and the Soda Springs
And all the effervescing things
Are charged with pep anew.
The Tiger busts forth in small town power
But you'll admit it smacks of home.

Student Government Heads Meet

The Association of Student Government Heads of Colorado Institutions met in Denver, last Saturday to discuss plans for the coming year. The meeting was called by the retiring Chairman Robert S. McIlvaine, and was held at the Savoy Hotel.

The Association adopted a constitution which will be published in duplicate in an early issue of the Tiger, as well as in the publications of all other schools in the Association. At this meeting also the officers for the ensuing year, and there are as follows: Will E. Patterson, C. C., Chairman; Curtiss, D. U., Vice Chairman; Mahood, Mines, Secretary Treasurer.

All of the schools in the conference were represented at this meeting and a lengthy discussion was held concerning the various forms of student government in use in the different schools. The minutes of the Pacific Coast Conference were read and considered for adoption in this conference but no action was taken.

The first meeting for next year was set for the first week in October and it was decided that the place of meeting rotate so that each school would hold the meeting in its own halls at least once each year.

Movies Thursday at Perkins

The last of the series of visual educational motion picture entertainments will be given under the direction of the department of Physics in Perkins Hall, Thursday evening, 8:00 P. M., May 17th. The program as outlined below is of a popular nature and will be enjoyed by all not excepting those who may not be scientifically inclined.

The Program

"Cuba—The Island of Sugar" (by permission of the Cubau government shows the worlds greatest achivement in the cane sugar industry. Everyone should know how cane sugar is produced and this film tells the story. It also shows many beautiful scenes in and around Havana, including the home and gardens of the President of the Republic.

"Big Deeds", one reel, depicts a few scenes of five big subjects. Among these are the pouring of the largest casting ever made, constructing the largest armoured cable in the world, the largest "one man" shovel on earth, and melting steel with water. This film concludes with a scene showing a fifteen-inch plate being cut by the oxy hydrogen flame.

"Back to the Farm", two reels, is a vivid protrayal of the revolution brought about by the application of electricity to farm work. The various steps which precede the coming of electric service to a rural community are indicated by following the development of a hydro-electric plant which utilizes the water power of the beautiful Feather River in California. "By electricity on the farm, toil is turned into pleasure, frowns into smiles, and happiness is brought to the home."

The college community is especially invited to attend. There are no charges.

Sig Formal Last Saturday—Broadmoor

Sigma Chi held their annual formal dinner dance at the Broadmoor Hotel last Saturday night, May 12. The programs were very unique, being blue and gold parchment on which was engraved the Sigma Chi crest. The favors were watch bracelets, the clasp of which was the fraternity crest. The chaperones were Mr. and Mrs. Loring Lennox.

The guests were: Misses Mary Katherine Linderman, Christina Wandel, Katherine Otendolff, Marie Coleman, Fern Lewis, Miriam Tessier, Chambers, Dorothy Smilie, Agnes Davis, Ethel Reasoner, Mildred Johnson, Mildred Gowens, Mildred Sanson, Miriam Bancroft, Hope Madera, Loraine Allen, Margaret Hitchins, Mary Clegg Owen, Lyle Blaine, and Helen Anderson.

Several alumni attended among them were: Messrs. Earl Whitehead, Roy Collins, Hunington Waudell, Mr. and Mrs. C. F. Rice, Mr. and Mrs. Geo. Keener, Mr. and Mrs. Allebraud, Mr. and Mrs. Lewis.

Members of the organization who were hosts for the affair were: Messrs. Ed O'Brien, Fred Tait, Bronson Cooke, Jim Albert, Paige Benhow, Frank James, D. U. Williamson, Tom Thomas, Alex Chapman, John Holland, Herbert Mooney, Tom Ryan, Tom Willis, Jack Yates, Bill Albert, Al Burton, James Lester, Robert McIntyre, Jack Milliken, Kenneth Todd.

Goodenough Wins Chess Meet

Prof. A. W. Goodenough was just that in the city chess championship tournament which ended Friday and he won the first prize cup and $10 in cash with a margin of three points. Prof. played 9 games, won 7, and tied two, giving him the winning three point lead. This chess experience leads back to his college days when he was the president of the chess club at his Alma Mater. Second prize went to Jack Harriton, who played the most games. F. Storke won third place and J. E. Orr, who managed the tournament, won the brilliancy prize. The meet was so successful that another is being planned.

A Zoology Catch Question

GOLDEN MINISTER TALKS AT CHAPEL

George L. Collins, well known Y. M. C. A. worker and minister for the School of Mines, who is here in interest of the Y. M. C. A. Conference in Estes Park this summer, spoke to the students at chapel Monday morning.

Mr. Collins, who was a machine gunner in the World War urged the students to get away from their provincial loyalties and to feel a loyalty for the World in general. If every nation could feel world loyalty instead of provincial loyalty, some of the great problems of the world yould be solved.

Mr. Collins visited Europe last year and found more hatred between races, than during the war. These hatreds must be conciliated or it will mean the end of civilization, as many writers are now predicting. He called attention to the many new life destroying inventions, to illustrate his point.

College Gossip

Miriam Tessier, ex '24(has announced her engagement to Mr. Fredrick Haecker, of Lincoln, Nebraska. No definite date has been set for the marriage yet but it is understood that it will take place early this summer.

* * *

Saturday afternoon, at the home of her father, Miss Esther Law, of this city, was married to Mr. Higby Smith, also of this city. The young people have many friends in the college. They intend making their home in this city.

* * *

The Y. W. C. A. will have a marshmallow roast and conference meeting in the Jungle Wednesday evening at 7 o'clock. All girls of the school are cordially invited.

The Betas and Phi Delts on the University of Utah campus for several years have had a friendly quarrel over a stuffed owl, first one order garnering the treasured wiseacre for a short time and then another. The rightful possession of the owl was settled recently by a baseball game at which the Betas won, and now the Beta grades are expected to take a needed rise.

Umpire: Briden of Denver.

DUAL MEET
(Continued from page one)

against the fastest men U. of C. could put on the track. The mile run was also spectacular, the man from boulder leading for the first three and a half laps only to be passed by Hitch on the home stretch. The time for this event was 4:50. Colorado College won five first besides the relay, these were won by Sewell, in the pole vault and broad jump; Greiner in the low hurdles; Hitch in the mile run; and Kidder in the high jump. Sewell was second high-point man with two firsts, Keim of Boulder leading with two firsts and a third.

The score for the meet was Boulder 84½, to C. C. 45½. Considering the relative size of the two teams C. C. acquitted herself remarkably well and the sixteen men who made the trip deserve great praise for their achievements. The same men will no doubt represent the College at the Conference meet this next Saturday, which is also to be held in Boulder.

ENDOWMENT
(Continued from page one)

that during some chapel period at the end of this week or teh beginning of next week the four classes will meet separately and subscribe to the fund. Each student will be asked to sign a $50 pledge.

Tiger Grad

Sidney G. Winter, C. C., graduate of 1921, and who is now taking graduate work at the University of Illinois College of Commerce, has written an article entitled "From the Graduate's Point of View," which appeared in the April issue of The Enterpriser. Mr. Winter is a member of the Sigma Chi fraternity and while at Colorado College he was very active in all activities, and held a position on the college base ball team. Following his graduation Winter taught for one year at the Ogden Junior High School, Utah, where he won a teaching scholarship to the Illinois College of Commerce where he is now working for his masters degree. His article in The Enterpriser deals with the question, does graduate work imply that the student is preparing for the teaching profession? The article is written in a very convincing manner and will prove of interest to the average college student whether he is considering graduate work or not.

RODEO
(Continued from page one)

horseshoe which was placed over the neck of her horse.

Following the the high scores and the names of the successful contestants: Miss Smith, 97; Dorothy Swan, 94; Maude Bangs, 86; Kathleen McKee, 82; Cecil Bradford, 75.

SUMMER SCHDOL

Sophomore Women—

Charlotte Bergner by Yolande Ingle.

The election for the Disciplinary Council is being conducted on the same rules as for the election of the Administrative Council published with the list of nominees for that council:

1. Election for Disciplinary Council officers will be held on Tuesday, May 15, 1923.

2. Polls will be open from nine o'clock until five o'clock.

3. Only regularly enrolled students will be allowed to vote.

4. The election will be conducted according to the Australian ballot system.

5. Not more than two voters may remain in the polling room at one time..

PENTATHALDN RESULTS
(Continued from page one)

Team Scores—

Fort Collins, 17,713.
Loveland, 16,055.
Colo. Springs, 15,723.
Fowler, 13,694.
Longmont, 12,507.

The prizes for these winners will be awarded at the Southern Colorado High School Track Meet to be held on Washburn Field, Friday afternoon under the supervision of Colorado College. This is an invitation meet and many of the schools in the southern part of the state have signified their intention of sending teams to participate and also several teams in other parts of the state. Each team is allowed to enter ten men although it is probable that some will not have this many while others will have far more. There will be a small admission cargo for this meet in order to defray the expenses and the students are expected to lend their support to this cause.

CONFERENCE TRACK MEET
(Continued from page one)

ver may set new marks in the discus and shot. Utah has a man who has run the mile in 4:28. Another man from the same institution runs the low hurdles in 25 flat, which is good enough to win out. The pole vault will be better than last year and indications are that the relay will be keenly matched.

Although Boulder has been successful in every dual meet this year by big odds, she will not have an easy time winning the conference meet. Although Montana's strength is unknown it is conceded that the Utah colleges will break into places in the distances, the hurdles, and some of the field events. With Platt carrying off the burden of the weight events, it would appear that the "varsity" would have a pretty tough time this year.

C. Henry Smith, football adjustor of the Rocky Mountain conference, will referee the events and Lester Belding, former All-American end on the University of Iowa football squad, will act as starter.

Colorado College will leave for Boulder Friday afternoon with a squad of fourteen men under the leadership of Captain Patterson and they hope to bring back a good slice of the bacon, basing their hopes upon the seasons performance in the dual meets.

LOIS WILDY SPEAKS
(Continued from page one)

Mrs. Gilmore discussed the purposes of the Y. W. Association and Katherine Wilson the place of the Y. W. cabinet on the campus. Reports of the committees were given.

In the evening members of the Advisory Board and a number of girls came in for supper.

Later the girls sat before the fireplace and toasted marshmallows and had a "sing song" accompanied by Florence Wilson and Jean Collier on their ukes.

The cabinet appreciates the assistance of Mrs. J. H. Smith and Mrs. Gilmore and the use of the Gilmore home.

SOUTHERN HIGH SCHOOLS IN MEET HERE TO-DAY

11 C. C. TRACK MEN TO CONFERENCE MEET

Leave This Afternoon to Compete in Biggest Meet of Year at Boulder

At the meeting of about 150 of the star athletes of the Rocky Mountain Conference to be held in Boulder tomorrow the Colorado College contingent is expected to nose in for a good share of the points. Utah U. and Utah Aggies must be reckoned with when the totals are added up since their exhibitions so far this year have shown them to have some real track material. Boulder will enter about twice as many contestants as any other school and this vantage of numbers is expected to pile up a good score for the upstate entrants.

Though Colorado College was outpointed in their dual meet with the Boulderites last week some of the individual work was of championship calibre.

Five first were garnered by the team in the meet Friday. The relay was won in a sensational fashion by the C. C. team, Hitch, Briggs, Hamilton and Patterson, who stepped around the track in a neat enough fashion to defeat the best that Boulder could offer. Ken Sewell was second high point man of the meet bringing in two firsts in the pole vault and broad jump. Perry Greiner took a win in the low hurdles and Kidder cleared the pole in the high jump thus winning another blue ribbon for the school. Dal Hitch's victory in the mile run was one of the most exciting of the meet, the race was won in the fourth lap when he broke the ribbon in a final spurt that gave him an easy win.

With other schools competing in the meet tomorrow it is conceivable that C. C. might easily break into a good share of the scoring.

The team leaves at five this afternoon with Coaches Mead and Lavik. Coach Irish will probably be there when the initial gun is fired.

Captain Patterson will probably head the following men when the meet starts tomorrow afternoon, MacDougal, Hamilton, Kidder, Sewell, Briggs, Greiner, Muncaster, DeFries, Ryan, Hitch, and Moody.

GIRLS TO HOLD TRACK MEET TOMORROW

Saturday morning the girls will have a telegraphic track meet with all the western and middle western colleges.

Some of the records made last spring have been broken by the C. C. girls practicing for the event, and the interest in the meet is keen. The sports to be entered are the high jump, broad jump, javelin, discus, basketball throw,, dash and baseball throw, with perhaps a relay race.

Bill Thompson is going to help Miss Davis with the apparatus and other men have volunteered their services. Among the contestants will be Edith Miller, Margaret Knowles, Mary Cox, Elsie Baier, Mae Gallavan, Helen Sewell, Maude Bangs, Ione Benson, Muriel McGregor, Mary Patterson, and Gladys Kinsman; the following must qualify further to be eligible; Anna Small, Gladys Theobold, Margaret Ellis, Louise Pitkin, and Eloise Van Diest.

McCOOL AND WADDELL PUT OUT NEXT NUGGET VOTE IN CHAPEL THURS.

Election Closely Contested

The election held yesterday after chapel to select the editor and manager of next year's Nugget was closely contested. The vote taken after nominating speeches by various Sophomores gave McCool and Waddell the leading positions on the Junior year book.

The votes received by the nominees for editor follow: McCool, 40; Albert Linger, 38; Glenn McLaughlin, 23; Leonard Young, 9. The nominees and votes for manager were: Charles Waddell, 48, Ezra Cornell, 33; Bronson Cooke, 17; H. Briggs, 12.

BORTREE AND HULBERT TALK ON ENDOWMENT

Speeches were made by Dr. Leo Bortree, Prof. A. H. Hulbert, Robert McIlvaine and Francis Thomas Tuesday morning, urging the students to get behind the million dollar endowment drive for C. C. Dr. Bortree made a stirring speech in which he told the merits of C. C. and of its high standing among the leading colleges in the West. He declared that when he attended the Harvard Medical School after graduating from C. C., he found that he had better preparation than many other students from other colleges.

Dr. Bortree told the students that the college had been living on borrowed capital for the last three years, and now it was ready to go forward, but it will not get the united support of the alumni without the enthusiastic support of the present student body. The amount to be raised is $600,000 of which $150,000 has already been pledged, Dr. Bortree told the students.

Francis Thomas, chairman of the student committee which is cooperat-

(Continued on page 4)

DISCIPLINARY COUNCIL ELECTIONS ANNOUNCED

The first election for members of the Disciplinary Council of the college was held last Tuesday under the new A. S. C. C. constitution. A list of the candidates was published in the last issue of the Tiger, but as it went to press before the election was finished the results could not be printed. The election was comparatively quiet, only 208 votes being cast.

For women(the four highest (only one of which may be a sophomore) elected:

Charlotte Bergner—188.
Rita Fist—115.
Janet McHendrie—111
Evelyn Stannard—109.
Gladys Kinsman—99.
Catherine Hood—85.
Ruth Walker—74.
Dorothy Niccolls—32.

For men, the four highest (only one of which may be a sophomore) elected:

Eugene Broyles—146.
Bay Crockett—144.
Jack Dern—111.
John Duniway—109.

(Continued on page 3)

FRATERNITY CONFERENCE OFFICERS ELECTED

The Interfraternity Conference of Colorado College met last Monday evening to elect officers for the coming year. Professor Hulbert, the present faculty member was elected chairman of the body, taking the place of Professor Mierow who has held the position for the last three years. Professor Abbott of the business department was elected to the conference as a faculty member. William Fisher was elected as vice president of the organization and Charles Waddell, Secretary and Treasurer.

The Conference is made up of two representatives from each fraternity, and two faculty members. The meetings are held the first Monday of each month.

ANCIENT PERSIA HERE FOR MAY FETE MAY 26

The Colorado College May Fete, "A Tale of Ancient Persia", to be presented in Cossit Stadium, Saturday, May 26, at 11 o'clock, is fast coming into shape. This week will find the chairmen of all committees making one big effort to make this pageant a delight for all spectators.

A luncheon has been planned which will prove both refreshing and satisfying. This is to be quite a feature of the programme offering an opportunity for a pleasant social hour. Miss Stannard is in charge of the luncheon.

Miss Nichols, the costumer, is making a galaxy of costumes which would make any Persian Court the talk for

(Continued on page 3)

SENIOR CLASS PLAY COMPLETELY CAST NOW

The cast for the senior play has been chosen by the director of the play, Mr. E. Benson Sargent. The following are the members of the class who have parts designated:

Jack Brookfield, professional gambler, R. S. McIlVaine; Justice Prentice, Jack Nolan; Frank Hardmuth, J. Elwood Amos, Clay Whipple, Ray Green; Harvey, a servant, Wm. Thompson; Tom Denning, Douglas Corley; Colonel Bayley, Charles B. Page; Lew Ellinger, Carl Brumfield; Mr. Emmett, a reporter, Hugh Morton; Justice Henderson, Keith Chick; Jo, a servant, Wm. Thompson; Mrs. Helen Whipple, Clay's Mother, Frances Tucker; Mrs. Alice Campbell, Jack's sister, Alice Sweet; Viola Campbell, her daughter, Harriett Bumstead.

This production, "The Witching Hour", is one which is somewhat ambitious for amateur production but it has excellent lines and the possibilities of making it one of the best plays ever given by a graduating class are very bright. Most of the members of the cast have had previous experience, either in high school, college or dramatic club productions and all those who are in any way acquainted with the play are predicting a very successful one. It will probably be presented in the new city auditorium on June the first, according to the manager, Mr. E. J. O'Brien.

ELEVEN SOUTHERN HIGH SCHOOLS ENTERED PENTATHALON WINNERS TO BE AWARDED TALENTED TRACK AND FIELD MEN COMPETE

Meet Held in Connection With C. C. Pentathalons Staged This Year
Terrors Touted to Win Today

Athletes representing 11 high schools of the state are entered in the southern Colorado track and field meet to be held beginning at 1 o'clock this afternoon at Washburn field. There are to be 16 track events and nine field events. Colorado Springs, Durango, La Junta, Manzanola, Pueblo Central, Rocky Ford and Saguache are representing southern Colorado, and in addition to these entries pantathlon winners from Fort Collins and Loveland have been invited to participate in events especially arranged for them.

Carl Brown, winner of the pentathlon contest only recently completed, will be awarded a gold medal inscribed "Grand Pentathalon Champion of Colorado. 1923," immediately after today's meet is over. Fort Collins High school's four-man pentathlon team will be given a banner emblematic of the team championship of the state. Banners also are to go to Loveland, second place, and the Colorado Springs High School Terrors, who finished third.

Terrors Loom Strong

Indications point to a victory this afternoon for the Terrors, mainly because the local school won the South Central league championship at Pueblo, competing against the majority of the teams who are entered today. It is possible, however, that places will be split up more today, and that another team will forge thru to a small margin victory.

The fastest high school sprinter in Colorado will wear Yuma's colors in the 100-yard dash. Hogate, a little chap who has been an active participant in all athletics at the northern school, tied the state record for the century sprint last week in the University of Colorado's invitation meet. His time was :10 flat. There is little doubt but what he will lead the field in this sprint.

Palmer of Rocky Ford, one of today's entries, broke the state record for the discus throw last week at Boulder with a toss of 125 feet, 10 inches. He is expected to take the event today, with Forrest Phelps of Colorado Springs in second place.

Special Events

Caldwell of Loveland, winner of the broad jump at the Boulder meet, with a mark of 23 feet, 2 inches, undoubtedly will take this event here, but he will be listed in special competition which will not affect the point winnings of the regularly invited schools of southern Colorado.

Brown of Fort Collins tied with Hewitt of Grand Junction in setting a new state record for the 120-yard high hurdles. He will be running the events in special competition today.

Krueger of Pueblo Central, Richards of La Junta, Honnen and Field Phelps of Colorado Springs and the relay team of Pueblo Central are almost certain winners in today's meet. It is probable several other Terrors will break into the scoring. Forrest Phelps is a sure first place in the shot put. He took this event at Boulder with a toss of 43 feet, 8 inches.

Fraternities House Men

The various fraternities are housing the athletics while they are here for the meet. The visitors are taking their meals at Cossitt.

Following the meet a banquet will be tendered the competing teams by the college. Awards will be made at the banquet. The prizes have been subscribed to by several of the local merchants. The Truby Jewelry Company has donated a trophy to go to the winning man in the high scoring

(Continued on page 3)

A. C. TROUNCES C. C. THURSDAY'S GAME

9-5 Score Yesterday—Last Game of Double-header This A. M, 10:30

Breezing through nine innings of good baseball, the Colorado Agricultural College trounced the fighting Tigers on Washburn field yesterday afternoon. Score 9-5.

Dick, husky Farmer pitcher, was master of the situation throughout and had a change of pace that managed to keep most of the Bengals guessing. However the Tigers managed to connect with nine safeties, most of which were of the long, hard variety. Bryden, pitching for C. C. showed up well in the earlier innings of the game and it was due chiefly to errors that Pinky lost the verdict.

Trouble started in the fourth frame when the score was three all. MacDougall missed an easy out at first and this error, coupled with a hit and other errors permitted Farmers to cross

(Continued on page 3)

TENNIS TEAM TO BOULDER CAPT. WOLFE'S LAST SET

The Tiger Tennis team left today for Boulder where they will take part in the conference meet to be held Friday and Saturday of this week. The schools that are entered in the meet are: Colorado College, Denver University, School of Mines, Colorado University, Utah Aggies, and University of Wyoming. Due to the fact that there is such a large entry from Utah and Wyoming only two singles and one double will be played by each school represented.

Captain Koerner and Fisher will play the doubles; Hill and Wolfe will play the singles. This is Wolfe's last year in college athletics, and this will be his last college game. During his college career he has played four years of tennis, twice being captain of conference championship teams in tennis. Larry will be missed on next year's team, because he certainly swings a mean racquet.

This will be the last tournament of the season, and the Tigers stand a good chance of taking the honors.

WELCOME TO THE HIGH SCHOOLS—

Colorado College is pleased to welcome so many high school students today. Nearly one hundred athletes are gathered here to compete in track and field events.

This Southern Colorado Track and Field Meet, and Pentathalon contest is being held to develop a greater interest in the high schools in all-round athletics and a better relationship between the high schools and Colorado College. If the high school men secure a deeper appreciation of athletics and a warmer feeling for C. C., the College will feel that the meet has been a success.

—G.E. E. M.

Ancient Persia for May Fete

(Continued from page one)

many miles. Altho brilliant in coloring the mass effect will be one harmonious picture.

The stage with its Persian Rugs, greenery and palms will be a fit setting for the King's court. Miss Little will make Cossitt Stadium a real scene of Ancient Persia.

Dean Hale is developing a theme of music the recurrence of which will carry the oriental atmosphere throughout.

Miss Davis has worked the crowning of the May Queen into the oriental atmosphere in such a way that she will add in a most charming way to the mystery and interest of the Pagaent. Every year a Senior girl is chosen for May Queen. No one knows who she is until she steps out of her palanquin and is received by the King and the Princess as the new Queen of Persia. The Y. W. C. A. president, who has the privilege of crowning the Queen, will be a high priest of the court and so there will not be one incongruous note from the very first.

Miss Vorrieter and Miss Bartlett who will dance the leading roles have both had much training and will carry their parts with style awakening again our love of romance.

The whole cast is as follows:

High Priest .....Miss Katherine Wilson
King of Persia..... ...Miss Irene Sherk
Princess .....Miss Clara Vorreiter
Nurse .....Miss Katherine Sias
Enuch .....Miss Mary Cox
Queen ..... ? ? ? ? ? ? ?
Prince .....Miss Eleanor Bartlett
Attendants, men - at - arms, donkey boys, courtiers, slaves.

The program of dances:

1. Processional—King and court
2. Arrival of Queen and attendants
3. Crowning of the Queen
4. Presentation of gifts and flowers
5. Dance of the Queen's attendants
6. Ceremonial dance
7. Withdrawal of the court
8. Nurse's prophecy
9. Arrival of the Beggar
10. Dance of slaves
11. Princess Solo
12. Reassemblage of court
13. Court dance
14. Sword Dance by the Prince
15. Duet—Prince and Princess
16. Finale—Recessional

Council Elections

(Continued from page one)

Robert Swan—86
Bill Rose—71.
Earl Louthan—56.
Lester Powell—52.

Consequently the Disciplinary Councils for next year will be as follows:

Mens' Council: Burghart, who was recently appointed by the Administrative Council, chairman, Broyles, Crockett, Dern, Duniway, and the Dean of Men.

Women's Council: Morris, recently appointed from the Administrative Council, chairman, Bergner, Fist, McHendrie, Stannard, and the Dean of Women.

The Joint Council: the Men's Council and the Women's Council with the Chairman of the Administrative Council, Patterson, as chairman, and the secretary of the Administrative Council Miller, as secretary.

LAW SUIT ..... N

An interesting law suit was presented by Miss Hntsinpillar's Frosh English class last Wednesday. Miss Maude Bangs as defendant brought suit against Mr. John G. Schoonover for breach of promise. Both parties were ably defended by capable lawyers and witnesses: H. Guley, E. Southard, R. Monell, J. Norton and H. Moody.

Testimonies proved Mr. Schoonover to be a man of noble and upright character and implied that the defendant was not altogether blameless.

The verdict of the class as the jury is pending but the general opinion is that Mr. Schoonover will be convicted.

The name of the co-respondent was not revealed.

Aggie Tiger Game

(Continued from page one)

the platter. This advantage was never overcome by the Tigers although a late rally in the ninth inning netted one run, when, Brown, batting for Robinson scored.

Hartman, Stritmater, and Dick were the principal factors in the Aggie offense. Stritmater poked out a home-run, and Hartman connected with a triple. Bryden and Harvey were the hitting stars for C. C.

Score by innings was as follows:

	R.	H.	E.
Aggies 201 300 210	9	14	0
Tigers 201 010 001	5	9	4

The summary of the game follows: Two base hits: Santisteven, LeDonne, West. Three base hits: Hartman, Wessen, Bryden, Amidon. Home run: Stritmter. Baase on balls: Off Dick, 2. Hit by pitcher: By Dick, Harvey. Struck out: By Dick 11; by Bryden, 2. Earned runs: Aggies, 5; C. C., 2. Left on bases: Aggies 7; C. C., 5.

Umpire: Newhouse. Time of game:

Dick is slated to pitch the second game for Aggies while Coach Lavik is undecided in regard to his choice.

1 hour 55 minutes.

Bortree on Endowment

(Continued from page one)

ing in the campaign, speaking officially for the students said that the students were ready to back up the campaign. The amount of $25,000 will be asked of the students, or a $50 pledge from each one to be paid by 1928.

Prof. Hulbert said that he sincerely believed that the students hold great loyalty for C. C. at hear,, and will unanimously support the campaign. C. C. is not a small college by any means, and is recognized by educators as one of the greatest in the west, Prof. Hulbert told the students. There is no such a thing as a small college any more than a small package of nitro glicerne, he said. C. C. has a great plan to go forward if the students get behind the drive.

Robert McIlvaine, retiring president of the Student Commission urged the students to save enough from money spent on luxuries, or the price of a suit of clothes in order to raise the amount for a $50 pledge. He presented the plan of building a Student Union Building with the money given by the students to the endowment fund.

Later in the week the students will give their endorsement of the campaign at meetings of their separate classes.

A joint meeting the the Junior and Senior classes was addressed by Prof. Hulbert yesterday who urged the upperclassmen to support the endowment campaign. The chairman of the Student Committee, Francis Thomas, announced that on Tuesday or Thursday of next week pledge cards will be circulated and the first contributions of the $25,000 student drive will be solicited.

Have you ever seen Persian dances? Now is your chance' May Fete — Fete — Saturday — May 26 at 11 o'clock.

Sunday is Official Straw Hat Day!

It's time to lay away the old felt hat!

Summer is just around the corner and Sunday will see many of the fellows in their new straws.

For the next few days we are devoting all of our windows to the showing of the latest style ideas in Dobbs, Sun-eaz, Georges Meyer and Vyse Sons Straws for the coming season.

This is the most extensive showing of straws we have ever attempted. Make it a point to see it — choose your hat and then come in and get it while you are sure of getting your size.

$25,000 STUDENT DRIVE STARTS ON THURSDAY

DR. DUNIWAY RETURNS; WAS EAST FOR C. C.

Prospects for Endowment Bright—Missed Big Meet at Chicago Headed by Dr. Slocum

President C. A. Duniway returned Saturday from an extended trip in the East, where he has spent most of his time working in the interests of the endowment campaign for Colorado College. More than half of the million that the college is seeking is in sight and the President states that prospects for the remaining amount are bright. Dr. Duniway addressed groups of alumni in Cambridge, Boston, New York, Washington, and Chicago. He received a number of subscriptions from these; and several educational foundations, as well as alumni have promised their support.

President Duniway was detained by endowment business in Boston and was unable to attend the big meeting of Colorado College alumni in Chicago, at which he had been expected. This meeting, held in the Hotel La Salle the evening of May 15, was the largest assemblage of alumni of Colorado College that ever gathered in the Windy City. The affair was a dinner given in honor of Dr. William F. Slocum, president emeritus of Colorado College. Alumni from several of the Central States, ranging from graduates of the class of 1892 to that of 1922 joined with those of Chicago in celebrating the event.

Dr. Slocum stressed the importance of strong and loyal support by the public of colleges such as Colorado, Grinnel, and Carleton, centers of the strongest moral and religious influences. He was on his return trip to his home in Newton Center, Mass., after finishing a month of work at the University of Iowa and Carleton and Grinnell colleges where he had been lecturing on "The Contribution of Greece to Modern Thought."

The alumni, young and old, sang the old college songs, made impromptu speeches for their Alma Mater, and gave the old yells with the same old C. C. spirit. The toast of the evening was drunk to "Mary Slocum, the best college mother in the world."

HYPATIA HELD FORMAL AT BROADMOOR SATURDAY

Hypatia society held its annual dinner dance at the Broadmoor hotel last Saturday night. Attractive silver match boxes, with the Hypatia crest on the back were given as favors with unique programs inclosed in the boxes.

The guests were: Mrs. Lee, Messrs. Richmond, Francis Thomas, Bradley Kidder, Russell Hunter, Douglas Corley, Edward Norton, Ray Crockett, Paul Ganley, William Copeland, J. Ellwood Amos, Phillip Reilly, John Tallman, Robert Crowder, Robert McIlvaine, James McMurtry, Stanley Delaney, Harry Hersey of Golden, Sam McCool, Edmond Crockett, Jack Swart of Boulder, John Schooner, Albert Linger, Sidney Roslyand, Lawrence Greenlee of Denver, John Farley and George Beardsley. Members of the alumnae who attended were: Mrs. Howard Linger, Miss Helen Erps and

(Continued on page 4)

A. S. C. C. APPOINTS 1924 COMMITTEES

The Administrative Council of Colorado College at their second meeting last Wednesday evening appointed as it was directed to do under the new A. S. C. C. constitution, the following committees:

Enthusiasm—Bill Fisher, chairman, president of the Girls' Tiger Club, and Ez Cornell.

Traditions—Prof. Guy H. Albright, chairman, Anna Jane Hitchcock, and Robert Wardwell.

Chairman of the Mens' Disciplinary Council—Bob Burghart.

Chairman of the Women's Disciplinary Council—Margaret Morris.

Finance—Perry Greiner, chairman, W. W. Postlethwaite, Bob Burghart, Sadie Kier, and Edith Miller.

Publication — Edith Miller, chairman, C. C. Mierow, Ed Patterson, Stanley Delaney, Russell Hunter, Bradley Kidder, Sam McCool, Charles Wadell, and one alumnus to be elected by the alumni.

Social—Miriam Ellsworth, chairman, Prof. R. J. Gilmore, Bob Burghart, Dean of men and Dean of Women.

Athletics—two alumni to be elected by the alumni, one of which will be chairman, Prof. F. M. Okey, Prof. R. J. Gilmore, Ed Patterson, Stanley Delaney, and Pinkey Bryden.

Music, Forensic, and Dramatic — Stanley Delaney, chairman, Prof. J. H. C. Smith, and Miriam Ellsworth.

TIGERS PLAY D. U. THERE THIS WEEK

Pink Will Pitch First Game—McAlister or McDougall Second

After losing the two most important games of the season to the Aggies, the Tigers will again don their uniforms next Friday and Saturday for a double with the Denver University Ministers. Unless the Tigers get more fight over the week and get in some real good baseball during that time, the Ministers should be able to take them into camp.

Bryden will probably pitch the first contest for the Bengals. Pinky pitched good ball last Friday against the Farmers but was hampered by miserable support. If the infield will tighten up a bit, in all probability, will come through with a victory. Just who will pitch the other game is uncertain. McAlister or MacDougall will start but neither has been able to go the full nine so far this year. The Tigers gave one of the most miserable exhibitions of baseball ever witnessed on the local field last Saturday. The contest was truly a comedy of errors as far as the Bengals were concerned. Unless the C. C. nine can improve upon the form demonstrated in the last two games, they will not have much of a chance.

However the Tigers will enter the game with more fight than against the Aggies. Given a reasonable amount of support and Bryden should win his game. The hope for victory in the other game will depend largely upon the ability of C. C. to outhit the Ministers, and to slug their way to a win.

HIGH SCHOOL MEET HELD HERE SATURDAY BREAKS 2 RECORDS

Mead Deserves Credit for Smooth Running Event

In the High School track meet held by Colorado College on Washburn Field last Friday, two records were broken, and one tied. 97 athletes representing 11 different Colorado high schools competed in C. C.'s invitation track meet for honors. Sarcander of Fort Collins, who last week set a new high school record for the pole vault at 11 feet, 8 inches, surpassed this mark here by a record-breaking leap of 12 feet, 1⅛ inches. Were it not for the fact that Webster, U. A. C., set a new conference record of 12 feet, 1 and one-half inches in the conference collegiate meet in Boulder last Friday, Sarcander would hold the record for both colleges and high schools throughout the state, Wyoming, Montana, Utah, and New Mexico.

(Continued on page 4)

WILSON OF GREELEY SPEAKS IN CHAPEL

Rev. Lawrence Wilson of Greeley, Colo., chairman of the committee of the state Congregational conference on its cooperation in the college's endowment campaign, spoke in chapel Monday of his experiences in Egypt. He discussed the Tutankhamen excavations which he witnessed and the present conditions of the Egyptians. After seeing the serf-like condition of these people, Dr. Wilson said, he had become an ardent advocate of Christian education.

Dr. Wilson is visiting classes on the campus and appearing in chapel for a few days.

SENNING AND GORDON GO TO CORNELL AND MO.

William Senning and Kenneth Gordon both majors in the Biology department have recently received appointments as teachers for next year. Senning will go to Cornell as instructor of the comparative morphology of vertebrates, leaving about September 1 to take up his duties at Ithaca. Bill is a senior this year, a Phi Beta Kappa and a member of Delta Epsilon. He has been an assistant in the Biology department for three years. Reed, the head of the Zoology department at Cornell was Dr. Gilmore's major professor.

Bill also received an appointment from Illinois U. but decided in favor of the Cornell position.

Kenneth Gordon has accepted an assistantship in the department of Zoology at Missouri University and will start work there this fall. Dr. Winterton C. Curtis, the eminent authority on mavine invertebrates heads the department at Missouri and Gordon will probably engage in some very valuable work. Ken is from Fort Collins and has attended school here for four years. He is a major and assistant in the Biology department.

C. C. GIRLS EIGHTH IN BIG GIRLS' MEET

Colorado College ranked eighth in the coast to coast inter collegiate girls' track meet held last Saturday, with only such Universities as Ohio, Iowa, Nebraska, etc., outranking her. Considering the fact that C. C. entered only eight of the sixteen branches of track offered, the percentage is very fine.

Elsie Baier took the local meet, her score being 12. These points are awarded on the following basis: 1st place, 5 points; 2nd place, 3 points; 3rd place, 1 point. The other individual scores follow:

Margaret Knowles—9.
Maude Bangs—8.
Edith Miller—8.
Mary Patterson—8.
Helen Sewell—8.
Mae Gallavan—7.
Eloise Van Diest—6.
Mary Cox—5.
Gladys Kinsman—2.
Jone Benson—1.

The judges were: Mr. Okey, Mr. Thompson, Mr. Park, Mr. Marchat. Scores, Miss Eleanor Bartlett.

An outline of the meet follows:
Basketball—M. Bangs—59 ft. 11 in.
Javelin—E. Baier—59 ft. 6 in.
Discus—H. Sewell—68 ft. 8 in.
Baseball—E. Miller—143 ft. 11 in.
High Jump—M. Cox—4 ft. 1 in.
Brond Jump—E. Baier—14 ft. ¼ in.

(Continued on page 4)

TIGERS TAKE FIFTH C. U. CONFERENCE MEET

C. C. Garners But One First

In the conference track meet held in Boulder, last Saturday, Colorado College took fifth place with 14½ points. The teams finished as follows: University of Colorado, 39; Utah Aggies, 36; Utah University, 32; Montana State college, 27½; Colorado College 14½; Brigham Young University, 10½; Denver University, 10; Colorado Aggies, 5; Miners, 1½; and Wyoming, 0.

Colorado College took only one first place during the meet, Hamilton took the 440 yard dash by a close margin, Capt. Patterson took third in the quarter mile. They ran in two heats, and perhaps this is the reason Patterson took third, for he did not have the competition that Ham had.

Four conference records were broken in the meet—this is quite a record in itself, for seldom are there this many records broken in one meet. Webster, Utah Aggies went 12 feet, 1½ inches in the pole vault. Capt. C. Crandall, of C. U., shattered the old mark for the javelin throw, his mark was 163 feet, 5¾ inches. Platt, D. U., threw the discus 130 feet, 1½ inches. Watkins, Utah U., did the broad jump 22 feet, 7¼ inches.

Rip Kidder took second in the high jump. Muncaster took third in the discus throw. The rest of the points were made by Patterson, and Hamilton. The Rocky Mountain Conference Records follow:

100-yard dash—9 4-5; Ireland (C. U.), Cline (C. U.), 1913, 1914.

220-yard dash—21 2-5, Haymond (Utah), 1915.

(Continued on page 4)

THOMAS TO PRESENT $50 PLEDGE PLAN

Success of Campaign Depends on Attitude of C. C. Student Body Thursday

The students' drive of the endowment campaign is on. Yesterday and this morning speakers appeared in chapel telling the students of the future of Colorado College and of her needs. Pat Thomas, chairman of the student endowment committee, has arranged for other five-minute speakers on the campaign tomorrow and at chapel time Thursday, he says, each class will meet separately and its individual members be asked to sign $50 pledges. Those who do not sign will be interviewed by members of the committee later. Thomas expects a hundred per cent support from the student body, and other directors of the drive feel that they must have it if large subscriptions are to be secured from outside sources.

Prof. W. L. Abbott spoke Monday morning, telling the students of the reputation Colorado College had throughout the country and of the endowment which would be necessary to maintain her standards.

Bradley Kidder made a very impressive appeal to the students this morning in behalf of the endowment.

The committee has corresponded with many colleges to find how their endowment campaigns are carried on. The students at Goucher, a girls college, are each being asked to subscribe $421 and a large percentage of them have. At De Pauw the students have subscribed $80,000 so far this year. A campaign has just started at Stanford. Already the students have subscribed $100,000. Of course these institutions are larger than C. C., but if the students subscribe an equal amount per capita, the $25,000 will be raised during chapel time Thursday.

The directors of the campaign have to raise $600,000 by July 1, 1923 to make the drive a success. If the $600,000 is raised by that time the college will receive a payment of $300,000 from the General Educational Board and another of $75,000 from the Carnegie Corporation.

FRATERNITIES FROLIC, INDEPENDENTS JIG SAT.

Terminating a successful program socially, three of the Greek letter organizations and the Independent Club gave their last party of the year last Saturday night. The three were: Kappa Sigma, Pi Kappa Alpha, and Beta Theta Pi. There will be one more fraternity function this year, the Phi Delta Theta formal the night of June 2.

Kappa Sigma Guest Dance

The Kappa Sigs entertained at a "Guest Dance" at San Luis School. The chaperones were Prof. and Mrs. C. C. Mierow, and Dr. and Mrs. J. G. McMurtry.

Among the guests were: Misses Betty Arms, Dorothy Jean Barker, Irma Patton, Miriam Tessier, Helen Graybeal, Harleyn West, Margaret Smith, Elsie Berg, Hazel Round, Mildred

SUPPORT THE ENDOWMENT CAMPAIGN.

Colorado College has sheltered, taught and befriended students ever since its foundation. Are you going to go out into the world proclaiming the fact that these years have been worth nothing to you? That in her time of need your Alma Mater couldn't count on you?

The pledges for the endowment fund are to cover a period of five years, which will mean that every student now in C. C. will have at least two years in which to get on his feet enough to pay back part of the money he is under moral obligation to pay. The Alumni are being called on for many times the amount the students are asked to pledge. Did the college mean any more to them than it has meant to you? They are upholding it, are you willing to run it down?

If the students of former years are willing to make sacrifices that their Alma Mater may live and be known for generations to come, and the students of today feel no such responsibility, there is "something rotten in the state of Denmark", and in this case Denmark is the mind and heart of each of us.

When the appeal is made, **come across!** —F. N. T.

COMMENTS

by Arthur Disbrane

Bolshevik Emissary Murdered

Vorovsky, the head of the Soviet delegation to the Lausanne Conference was shot and killed by a former Russian army officer. Two other delegates from Russia were shot but have not yet died. That murder was a terrible thing but it may serve to wake up the Bolsheviks that it is the same treatment that they give the citizens of the other nations who disagree with the communistic principles.

England About to Break with Russia

Russia's insolent attitude has caused the English government to send that nation an ultimatum that was answered by a lot of soft phrases. The Labor Party is opposed as might be expected but it is also well to remember that the quickest way to make the British Empire a nonety would be to have the Laborites come into power.

German Proposals Answered

Italy and England have now replied to the latest German reparations offer. They are not enthusiastic over the proposals and see in them a means whereby Germany could almost nullify the Treaty of Versailles. France and Belgium are not to be fooled so easily as the Germans think. France should take by force that which she cannot take by persuasion.

Krupp Officials Sentenced

The recent French court martials have demonstrated that France is tired of the way that the Germans are continuing their acts of sobotage. The Krupp officials responsible for the riots at that plant were sentenced to fifteen years in French penitentaries. That is acting in the right direction. Germany will wake up some day to find out that she is wasting time trying to fool the French.

Sugar Prices Due to Shortage

The committees investigating the recent advances in the price of sugar have found that we are not the only nation that is having to pay more for sugar. Holland, Belgium, Denmark, Canada, England, and Japan are paying higher prices for sugar. It is because the Cuban and Javanese crops will be short this year and also because the European production will not be up to the pre-war figure.

Chester Oil Concession

The European nations don't seem to fear the Chester concession in Turkey. The great English and Dutch oil companies are the pioneers in the concession policy just being adopted by the Americans. The Turks also gave some concessions in territory over which they have no control. The kingdom of Iraq will not let Turkey dictate it's policy any more than would we let England tell us what to do about our own territory.

Scraps from the Training Table

The Tigers played the most indifferent ball of the season last Saturday against the Aggies. The Bengals really have some men of all conference calibre. MacDougall on first is a classy tpye first baseman but Mac has not given the game this year that amount of interest which is necessary for good baseball. Amidon at third is also playing indifferent ball. Once the class of the conference at the third base position, Blackie this year must be forced to take a bact seat as far as all conference is concerned. Harvey in spite of his errors Saturday is still the best catcher in the conference. Wessen and Bryden are probably the only two men on the team that can be thought of as being all conference material. Bryden is a sure fielder and a sweet hitter but he has not played enough games to justfy his being placed on the mythical nine. Wessen is a sure fielder and a good hitter but unless he can improve his play in fielding ground balls, he may find himself out of the running.

The Tiger track team did well for its condition to come out in fifth place in the Conference meet Saturday. With Sewell out of the running with a bad hip, injured the week before and with MacDougall out of the sprints with a bad leg, the Tigers lost some of their surest points. Boulder managed to have its usual run of luck and came out on top. As long as the State institution enters 35 men in a meet to the Tiger's 12 or 15, the outcome is not much in doubt. The Utah Aggies grabbed a bunch of first places but were not able to nose State out because of the latter's ability to come in for the majority of the other places.

* * *

Coach Mead and all who helped him are to be congratulated on the result of the high school track meet. It was a good start toward a better relationship between C. C. and the high schools throughout the state. The Pentathalon has wonderful possibilities in the future and from now on, this feature will be a decided attraction to the meet.

Mr. Chick's Condition Serious

Wilbur Chick, who was seriously injured in an auto accident when the automobile he was driving plunged down an embankment on the Denver Road is still in a critical condition at Bethel Hospital.

An X-ray examination revealed that his pelvis had been fractured in four places. He also received other internal injuries.

The occupants of a car passing the accident about 9 o'clock Friday night noticed the wreck but failed to see the injured man pinned under the car. Had Mr. Chick been rescued at that time, much of his injury due to exposure would have been avoided.

Endowment tidal wave—the joining of the two Cs.

Vessey Popular

Bernard Vessey, popular tenor in the city, sang several selections at chapel last week, and led the students in singing well known songs.

According to the applause that follows Mr. Vessey's singing, he is one of the most popular persons that visits visits chapel.

Frosh, Sophs and Juniors May Apply for Nugget Jobs

Candidates for the position of Associate and Assistant Editors and Managers of the 1925 Nugget, are asked to submit their applications, with references to Wadell as manager and McCool as editor. These offices will be filled on a competitive basis. This notice is meant to apply to present juniors and sophomores as well as freshmen.

Tigers Defeated in Tennis

The Colorado College Tennis team was defeated in the conference meet, at Boulder last Friday. None of the team got so far as the finals which were to be played on Saturday. Dixon, Brigham Young University won his way into the finals by defeating Cordes, C. U.; Phelps, D. U., defeated Howell, U. A. C. in the semifinals and met with Dixon for the title.

In the finals for double championship, Merill and Rich, defeated Hammond and Howell, all four of Utah Aggies. Phelps of Denver University won the single championship.

Wield the Hoe Says Gilmore

Prof. Gilmore's work in making a chart of the hay fever pollen bearers of the region was recognized in an editorial in the Gazette yesterday morning.

The morning paper endorses Prof. Gilmore's policy of death to the offending plants and points out that a hoe in the hand is worth two handkerchiefs in the future.

Mrs. Leaming Dies At Her Home Here

Funeral services for Mrs. Harriet Leaming, 86, who died at her residence, 1614 Wood avenue Saturday morning was held from the residence at 2 o'clock yesterday afternoon. The Rev. Arthur N. Taft of St. Stephens church officiated.

Mrs. Leaming has been a resident of Colorado Springs for the last 12 years. She is survived by three daughters, Charlotte Leaming and Susan F. Leaming of the Art department of Colorado College, and Mrs. W. L. Lee of Youngstown, O.; a son, Joseph F. Leaming of Chicago; two sisters, Mrs. R. F. Thompson of Chicago; Mrs. James Springer of Los Angeles and two brothers, John Scovell of Chicago and Edward C. Scovell of Council Bluffs, Ia.

DODGE GIVES Y. M. DINNER TONIGHT

C. P. Dodge, under the auspices of the College Y. M. C. A., is giving a dinner this evening at the Antlers Hotel in the interest of securing men to attend the Estes Park Conference, June 8-18. The student sessions at this conference will be led by men of national prominence and also of wide experience in handling student and world problems. Such men as Raymond Robins and Gov. Sweet will be present. Colorado College should have a large representation this year. Last year several small colleges in Kansas and Nebraska sent more men to the meeting than did C. C.

FRATERNITY FUNCTIONS

(Continued from page one)

Johnson, Ethel Fay Asbury, Gladys Humm, Louise Danks, Ellen Keating, Marjorie De La Vergne, Jeanette Taggart, Isabel Postlethwaite, Irene Beardsley, Mary MacAloney, Katherine Morton, Helen Tucker, Helen Sterling, Ruth Patton, Gladys Ellis, Steetman, Juanita Livingston, Gertrude Law, Naomi Counts: Messrs: Hunt, Frank, Bunts, Cahoon, Rhodes, Mathis, Stockdale, Padget, Awes, Seeley.

Pi Kappa Alpha Dance at Green Mountain Falls

Beta Rho of Pi Kappa Alpha held their function at Columbine Hall in Green Mountain Falls. A supper was served at the Jack Spain Hotel at seven o'clock. The Hall was attractively decorated in the fraternity colors. The guests were Misses Dorothy Carnine, Elsie Uthoff, Dorothy Smith, Anna Small, Bernice Ryer, Charlotte Bergner, Dorothee Roedel, Eileen Southard, Maryverne Johnson, Carmen Benton, Gladys Kinsman, Genevieve Whitney, Margaret Druehl, Miriam Malsbary, Marion Bancroft, Marjorie Kimzey, Frances Wiegel, Ferol Hawkes, Norma Raley, Margaret Nelson, Maude Meeken, Helen Finlay, Margaret Tyson, Ione Cooper, Edith Bloom, Mrs. M. Zickafoose.

The Chaperones were Mr. and Mrs. J. G. Greene. Dr. and Mrs. C. H. Smith, and Prof. and Mrs. Gordon Parker.

Beta Lawn Party

The Betas entertained at a lawn party. Tables were placed around on the lawn where refreshments were served. Dancing was carried on on the porches and in the house. Mr. and Mrs. W. O. Haymes, Mr. and Mrs. Lake Moore, and Mr. and Mrs. Erwin May chaperoned the affair.

The guest list includes: Misses Arline Leggett, Alice Moore, Lyle Blain, Ruth Allen, Margaret Osborne, Leila Taylor, Ruth Hutchinson, Peggy Knowles, Helen Fairbanks, Jeanette Heckman, Lucile Adams, Maxine Ingle, Dorothy Davis, Marjorie Jailite, Lois McClurg, Dorothy Chambers, Muriel Fish, Edna Earnest, Gertrude McGinty, Carolyn Shumecker of Denver, Helen Bell of Denver, Yolande Ingle, Ann Wrye, Phyllis Broadstreet, Ruth Ziegler, Persis Perkins, Helen Lewis, Ida Udick of Pueblo, Margaret Flaherty, Margaret O'Brien, and Mr. and Mrs. Edw. Honnen.

Independent Club Function

The Independent Club held their function at the top of Mount Manitou, making the trip both ways in the cable car. A steak fry at the picnic grounds and a dance at the Summit House at the top of the incline were the principal features of the entertainment. The chaperones were Prof. H. E. Mierow and Miss Flora Judd. The guests Misses Margaret Wilson, Laura Reid, Adelaide Easley, Marjorie Barton, Anna Kemp, Jessie Colwell and Mrs. F. M. Okey.

Behold the spring with gay colors
Hath inspired the C. C. dancers
To a May Fete in the stadium
Given on the 26th.

The Persian king with ladies many
Will be present to make festive
And welcome all the students loyal
On that day.

GIRLS TRACK MEET

(Continued from page one)

50 yd. dash—M. Patterson — 7 1-5 sec.

220 Relay — M. Knowles, E. Van Diest, M. Gallavan, M. Patterson —32 2-5 sec.

HIGH SCHOOL TRACK MEET

(Continued from page one)

Hogate of Yuma ran the 100-yard dash in 10 flat. The Pueblo Central relay team did the half mile in 1:34 4-5 clipping 1-5 second off the former high school record. Colorado Springs high school took first place with a total of 59 points, Pueblo Central being second with 46. The rest of the schools came out as follows: Rocky Ford, 31; La Junta, 11; Durango, 8½; Fowler, 6; Manzanola, 2½; Pentathalon: Fort Collins, 20; Loveland, 20; Colorado Springs, 5; Yuma, 5.

A lot of credit is due Coach T. L. Mead, director of athletics at C. C., for staging the affair. It took time and money to pull this meet off as it was, but it did a great amount of good advertising for the best school in the state. Every event went off as scheduled, and that is something to be proud of, for it is not often that a track meet goes in that manner.

FOUR-STATE GOLF MEET HERE FRI. AND SAT.

Largest Inter-Collegiate Golf Meet in West—Students and Faculty Play in Two Day Tournament

The Rocky Mountain Inter-collegiate conference golf tournament will be held on the Broadmoor Golf Course Friday and Saturday, May 25 and 26. The events will be: Team championship; individual championship; and faculty championship. Four men from each school will compose the teams. Utah University, Montana, Wyoming and Aggies, will send men for individual championships, while Boulder, Denver University, Mines, D. U., and C. C. will enter faculty representatives. The prizes will be: The Rocky Mountain News Team Cup, for the championship team; for the individual championship by Young and Country Club, The Lakewood Country Club, Rocky Mountain Country Club, and the Denver City Park Golf Club have given a valuable cup to be played for annually, but if won for four years straight, the individual winning it will be allowed to retain it. For other special events local merchants have offered prizes. There will be first and second prizes for the teams finishing first and second, also for the faculty contest.

C. C. will be represented in the individual champoinship by, Young and Cornell, in the team championship we shall be represented by Young, Capt. Cornell, Yates, Dixon, or Morton. Profs. Fuller or Hulbert will play for the faculty.

This will be the largest inter-collegiate golf tournament ever held in the west, because the best golfers of the colleges of four states will compete for honors. Besides the regular matches, there will be special contests which will add a great deal to the interest of the meet. C. C. stands as good a chance to win the championship as any school in the four states, if the people in the college will only show a little interest and back the team as in any other athletic events held by the college. The meet will be continued from 9 o'clock Friday morning until 5 o'clock Saturday night. The program of events follows:

Friday 1st: 9:00 A. M. to 5:30 P. M.—Medal play, 36 holes.

Friday 2nd: Noon—Driving contest, 3 balls.

Friday 3rd — 5:30 P. M.—Putting contest, 4 balls.

Saturday 4th: Noon — Approaching contest, 4 balls.

Saturday 5th: A. M. and P. M. — Match play, 36 holes, team, Nassau count.

Saturday 6th—A. M. and P. M. — Faculty contest, 36 holes, match play.

MAY FETE

The May Fete is fast coming into shape. Miss Davis, director and arbitrator, and Katherine Sias, manager, are bringing the last details to completion. Cossitt Stadium will be a Persian court by next Saturday at 11 o'clock.

The committees which are carrying on the work are: Costumes: Dorothy Niccolls, chairman, Leila Taylor, Betty Arms, Florence Wilson, Mary Armes.

Properties: Ruth Little, chairman, Evangeline Dascomb, Betty Clark, Dorothy Glynn.

Luncheon: Evelyn Stannard, chairman, Miriam Ellsworth, Irene Sherk, Rita Fist, Rena Hestwood, Alberta Matteson, Janet McHendrie, Harriet Wilson.

Programs: Marie Coleman.

Advertising: Lorene Reynolds, chairman, Margaret Ellis, Helen Armstrong, Evangeline Dascomb, Mabel Pillar.

Tickets: Lucy Fast, chairman, Kate Zaret, Lyda Tripler, Alberta Matteson, Eloise Van Diest, Margaret Morris, Harriet Bumstead.

Buy your tickets early.

Riders Get Letters

At a meeting of the W. A. A. board it was decided to award numerals to the winners of Saturday's Riding Club Rodeo, the awards to be presented within a few days. Those who will receive this emblem are Dorothy Smith, Dorothy Swan, and Maude Bangs.

HYPATIA

(Continued from page one)

Miss Serena McIntosh. Members of the society who were hostesses were: Misses Alice Sweet, Harriet Bumstead, Martha Tucker, Stena Dearborn, Mary Hicks, Gertrude Sherk, Clara Vorreitor, Evelyn Stannard, Delma Drake, Elma Jane Clapper, Kathleen McKee, Rita Fist, Lucy Fast, Alberta Matteson, Ruth Espey, Frances Hurst, Martha Mae Kirkpatrick, Roxana Jackson, Marie Coleman, Evangeline Joder. Elizabeth Brown and Margaret Carter were down from Denver to attend the affair.

CONFERENCE MEET

One mile run—4:34 2-5, Thompson (C. C.), 1916.

X-RAY COURSE TO BE OFFERED NEXT YEAR

An announcement which will be of interest to many of the students in the college, especially majors in medicine and physics, concerns the establishment of a new course in X-rays to be given at C. C. next year.

The catalogue statement of the course gives necessary information on the subject:

"Physics 22, X-Rays. The ionics of the gas and hot cathode (Coolidge) types of tubes; the experimental verification of X-Ray laws; the application of X-Rays in physics, medicine, and industry. Lectures, 2 hours, and laboratory, 3 hours. First semester, 3 hours, Dr. Drea."

Any student who may be interested in this course is asked to confer with Professor Tileston of the physics department.

MIEROW LECTURES

Dr. C. C. Mierow gave a very interesting illustrated lecture on Ancient Egypt to the members of the Classical Club at an open meeting of the club in Prof. Tileston's Physics lecture room at four o'clock today. Each member of the club was asked to bring one guest.

The illustrated lecture together with the slides dealt first with ancient Egypt but the more recent discoveries and excavations in Egypt were discussed and this together with a set of newly purchased slides of the late work over there were especially of interest to those present. After the lecture, the members and their guests went to Bemis Hall where they spent a social hour and were served refreshments.

Some of the future plans of the club were announced at the meeting. The members will meet at the home of Dr. Mierow next Friday evening for the last meeting of the year at which time they will elect next year's officers. On May 30, Memorial Day, the club is planning an all day hike to Crystal Park. The details of this hike will be arranged at the Friday meeting.

TIGERS LOSE TO AGGIES

The Tigers unable to collect hits off of Stritmater, the Aggie moundsman, and playing a very poor brand of ball in the field went down to a 18 to 6 defeat.

The Farmers seemed to hit McAlister at will, and with many errors behind him a large score was piled up by the Aggies.

Although we lost both games to the Farmers we still believe we have a ball team. The Tigers have been showing lost of pep lately but seem to be playing in hard luck, so with Coach Lavik working over the weak points this week the Bengals should give the ministers a tough battle in the games Friday and Saturday at Denver.

THE COLORADO COLLEGE NEWSPAPER

Volume XXV | THE COLORADO COLLEGE TIGER, TUESDAY, MAY 29, 1923 | Number 58

$18,060 IS PLEDGED BY STUDENTS DURING ENDOWMENT DRIVE

87% of Students Give With an Average of $47. Every Senior Subscribes

The endowment campaign among the students ended last night. The total amount pledged was $18,000, and the average per student was $41. Much credit is due to the student committee of which Francis Thomas is chairman. The other members are Stanley Delaney, Pep Greiner, and Mariam Ellsworth. Thomas will report in a few days to the administration committee. The amount subscribed per class and the per cent of those enrolled that subscribed are as follows: seniors, $3,185, 100%; juniors, $3,685, 90%; sophomores, $5,880, 93%; freshmen, $5,200, 80%. The various fraternities and girls' societies helped a great deal in securing pledges from their members. The organizations are Pi Kappa Alpha 100%, Kappa Sigma 100%, Beta Theta Pi 100%, Phi Gamma Delta 100%, Minerva 100%, and Hypatia 100%. Phi Delta Theta, Sigma Chi, and Contemporary each have one or two members who have not turned in their pledges yet.

The campaign has developed much spirit among the students and a deeper appreciation of Colorado College. Practically all of the juniors, sophomores, and freshmen will return here for classes next fall.

While the endowment work was going on at college, President Duniway was seeking contributions among the towns people. Last Saturday the Clearing House Association subscribed $5,000 to the campaign. More has been subscribed from individuals down town, and Dr. Duniway feels that with the subscriptions that are coming from alumni there will be splendid news for commencement week.

MANY WELL-KNOWN MEN TO SPEAK AT ESTES PARK

Ten Men to Attend From C. C.

Ten men from Colorado College are making arrangements to attend the annual Y. M. C. A. Conference at Estes Park from June 8 to 18, according to Wallace Mast, secretary of the college Y. Any other men who are planning to attend should see Mast sometime this week.

Practically every college in the Middle West will be represented. The Conference this year will be exceptionally fortunate in obtaining a number of prominent men as speakers. They will try to give the men a clear view of present world conditions including an analysis of social and industrial problems.

Among those who will address the conference are Raymond Robbins; Arthur Rugh, national secretary for student work in China; A. J. "Dad" Scotland; Jay Urice, expert on rural Elliott; Herbert Gray of Glasgow, training and discussion group leadership; Dr. Alva Taylor, associate editor of the Christian Century; Evan A. Worthley, director of vocational guidance, and the Rev. William Hints. Governor Sweet will preside at the conference.

Inter-Society Garden Party Given at Sharp Home

Since it was impossible to charter any first class dining room for the annual inter-society breakfast at which Minerva is the hostess, it was necessary to make other arrangements. So, yesterday P. M. a beautiful garden party was held at the home of Mrs. A. G. Sharp. The guest list included the active members of Hypatia and Contemporary, and several honorary members of each society. The hostesses for the party were Mrs. Sharp, Mrs. O. H. Shoup, Mrs. J. S. Tucker, and the Minerva Literary Society.

Refreshments were served throughout the two hours, and Peyser's orchestra gave their best selections. A delightful program had been arranged and was delightfully carried out by Maxine Ingle, Ethel Fay Asbury, Betty Reinking, Leila Taylor, and Frances Wiegal.

PRESIDENT DUNIWAY AWARDS PRIZE BOOKS

To the Best Students in Each of the Fifteen Departments

President Duniway awarded the best student of each of the fifteen departments a book as a prize for their high scholarship, at chapel Monday morning. The recommendations for the recipients of these prizes are made by the professors of those separate departments, and are based not only on scholarship, but upon the greatest progress made and ernestness shown.

Before making the awards, Dr. Duniway made a short address in which he mentioned the growing tendency of the undergraduates to take more interest in spectacular activities and in organizations not connected with learning. This, he said is not based from the opinions of the faculty and officials.

He told the students that it is much easier for an organization to receive applause for its victories, than an individual, and that individuals seldom receive applause for their accomplishments. "The finest things in life, and the deepest come from individualism, in which real character and real achievements are embodied," he said.

The following students received the prizes:

Dorothy Graves — Romance Language Department.

Classical Club Meets With Prof. Mierow to Elect Officers

Dr. C. C. Mierow entertained the Classical Club at his home Friday evening, May 25, for the last meeting of the year. The main business of the meeting was the election of officers, and the following persons were elected: John Duniway, president; Evangeline Joder, vice president; Dorothy Carnine, secretary; Sarah Mintz, Treasurer; and Cecil Bradford, Member at Large to the Executive Committee.

The members upon their arrival were given Latin riddles which they attempted to work out, and following the business meeting a program was given by several members of the club. The program consisted of: Quartette, Lois Rose, Joan Heckenlively, Edward

(Continued on page 3)

SCHOOL OF MINES WINS R. M. GOLF CHAMPIONSHIP AT THE CONFERENCE MEET

C. C. Places a Close Second

The Colorado School of Mines took first place in the third annual Rocky Mountain Conference Golf Tournament, on the Broadmoor course Saturday. The scores were: Mines 24½; C. C. 21½; Boulder 13½; and D. U. 11½. This was one of the largest inter-collegiate meets ever held west of the Mississippi.

At the close of Friday's play, Jones of the School of Mines, was leading for individual championship, with 15 points. Captain Cornell of C. C., was close second, with 13 points. Jones' medal score for the 36 holes, was 162, followed by Captain Cornell, of C. C., and Coleman, of D. U., with 168. Price, of Mines, with 173.

Price, of Mines, won the driving contest; Jones of Mines, was second; Round and Yates, of C. C., were tied for third. In the putting contest, Capt. Cornell, of C. C., was first; Young of C. C., second; Loser, of C. U., was third; and Yates, of C. C., was fourth. In the approaching contest, Bayliss, of Mines, was first; O'Neill, of D. U., was second; Jones, Carpenter, and Bromfield were tied for third. Jones winning the play off.

Professor Lester, of C. U., won the 36 hole faculty match; Professor Risley, of Mines, second; Professor Hulbert, of C. C. third. Prof. Hulbert at the end of morning play was ahead of Riseley, but due to lack of practice tired out, and so did not make as good a showing in the afternoon.

Saturday in the team championship Jones took nine points, defeating all three of his opponents. Among the second place men Price, of Mines, and Cornell, of C. C., were tied for honors, of the third place men, Loser, of C. U., took nine points, with Bayliss, of Mines, second, and Morton, third. In the fourth place men, Yates, of C. C., scored 9 points. Cornell, of D. U., was second.

(Continued on page 4)

MEAD AND LAVIK SIGN CONTRACTS

Conference Track Meet May Be Held Here Next Spring

Telfer L. Mead, director of athletics, and Rudolph Lavik, his assistant, have signed contracts to continue their work at Colorado College another year. The men will receive an increase in salary. Both have the confidence of the students and should be able to turn out some excellent teams in the 1923-24 season.

Coach Mead should have better material to start the football season with this fall than he had last. About thirteen letter men and ten husky sophomores should report for the autumn sport. Prospects for a heavier line and backfield look encouraging.

When the schedule committee of the Rocky Mountain conference meets next December, it is very likely Colorado college will bid for the 1924 conference track meet. The college was told at the last meeting of officials that the 1924 meet would come here providing the school wanted it. The expense of bringing the meet is fairly heavy, but the probability is that fi-

ALICE SWEET CROWNED QUEEN OF MAY ANNUAL FETE HELD AT COSSITT SATURDAY

The Queen and Her Ladies-in-Waiting, Harriett Bumstead and Gertrude Klein Were Selected by a Secret Vote of the Men Last Friday After Chapel

The May Fete last Saturday morning was a great success. In fact, it was one of the best ever given at C. C. The attentiveness of many guests gave testimony of their interest in the beautiful interpretation of "A Tale of Ancient Persia". Much credit is due all who had any part in it. However, special praise must be given Eleanor Davis who so ably directed the Fete, and Catherine Sias who so ably managed it.

Who is the most charming girl in the Senior Class? Whom did the men of the college select as the beautiful Queen of the May? These are no longer questions for at the beginning of the program the suspense was ended as Alice Sweet stepped from her Palanquin to be crowned queen of Persia. Two other senior girls, Harriett Bumstead and Gertrude Klein, also chosen for their charm, ably attended the queen as ladies in waiting. Amidst the splendor of the Persian Court the whole pageant was acted out in a most pleasing manner. Special mention must be made of the Princess, Clara Vorreitor and the Prince, Eleanor Bartlett. There were so many stars it is impossible to mention all of them. The May Fete of 1923 will long be remembered as one with gorgeous costumes, beautiful stage setting and wonderful dancing.

The Prince and Princess were supported by the following: King, Gertrude Sherk; queen, Alice Sweet; Eunuch, Mary Cox; nurse, Katherine Sias; priest, Mary Hicks. The assisting cast was:

Courtiers: I. Benson, L. Berry, C. Bradford, L. Fast, E. Fish, D. Glynn, F. Hawks, D. Page, E. Pruvis, E. Stockdale, G. Theobald, M. Wilson.

Attendants: E. Arms, M. Arms, C. Bergner, E. Clark, H. Guley, M. Malsbary, M. Meeken, L. Reid, H. Sewell, R. Wilt, K. Zaret.

Slaves: E. Berg, R. Edwards, C. Hood, E. Keating, M. Masters, D. Nyhus, M. Osborne, E. Vau Diest, C. Wetherell.

Men-at-arms: J. Love, L. Swenson, A. Small

Flower Girls: M. Harrison, G. Whitney.

Donkey Boys: M. Ellis, E. Dascomb.

Palanquin Bearers: C. Page, W. Thompson.

TIGERS LOSE TWO TO D. U. MINISTERS

Bryden Nearly Wins Second Game, but Blows Up in Sixth Inning

The Tigers wound up the season in poor form by losing a double header to the Denver University Ministers in Denver Friday and Saturday. The scores were: 20-4; 10-9.

The first game was a good demonstration of just how many errors can be made in one game. The Tigers afforded their pitchers wretched support. As many as eight bobbles were made during the game that were charged against the Bengals account.

Boyd was the outstanding star for Denver in the first game while Harvey was the only Tiger whose hitting could be called consistant. Gob connected with a home run and two singles in four times at bat. Louthan, McAllister, and Graham pitched for the Tigers.

The second game was an improvement on the first but even it could not be called a good game of baseball. For a while it seemed as if the Tigers might win. The Ministers made a good rally in the sixth and when the smoke had died down, eight of the Parsons had crossed the platter. At this juncture of the game, Bryden was yanked from the box and Louthan went in for him.

The game was listlessly played by each team, the Tigers leading in this respect. However the Bengals got three double plays out of their system and at times they looked like a real

(Continued on page 4)

Pikes Peak Nugget Appears This Morning

The Junior year book, edited this year by Bradley Kidder, was distributed at chapel time this morning. This year's publication has many features not included in last year's Nugget and the sale of the books this morning indicates its popularity with the student body.

The Nugget includes many fine photographic plates of campus scenes and of scenery in the vicinity of Colorado Springs. Earnestine Randolph and Ruth Williamson were the art editors and are responsible for the clever cartoons heading the various sections of the publication.

Kidder must be congratulated on the Nugget, every page shows the effect of the work that he has put in directing its publication for the past four months.

FRANCIS MacDOUGAL ELECTED BASEBALL CAPTAIN

Francis MacDougall was elected captain of next year's baseball team Monday afternoon. Mac has played first base this season and should be able to lead the Tigers through a more successful year than they have just finished. All of the men will be back next year with the exception of Harvey. After the meeting a picture of the team was taken. The track picture was taken at the same time.

NUGGET STAFF CELEBRATES AT ACACIA HOTEL

The staff of the 1924 Pikes Peak Nugget were entertained at a banquet at the Acacia Hotel last night by the manager, Perry Greiner. Bradley, Kidder, editor of the year book, presided and outlined the work performed by the staff on the Nugget this year. Members of the board who attended the dinner last night were Albert Linger, Earnestine Randolph, Pickett Govreau, Ruth Williamson, Russell Hunter, Perry Greiner, Bertram Crockett, Gertrude Sherk, Charles Wadell, Prof. Okey, Edward Patterson, Bronson Cooke, Keith Chick, and Bradley Kidder. Wilbur Haynes and Lucille Lillyard, also members of the board, were unable to attend the banquet.

CLASS OF 1923.

This college year is practically over. Everyone—freshmen, sophomores, juniors, seniors, and faculty—will soon be celebrating the ending of another successful year. And we have reason to make merry. This has been an important year in the history of Colorado College. She has staged a come-back and surprised even some of her most ardent supporters. The students have co-operated admirably with the administration in the endowment campaign.

To the students of the three lower classes there is no great significance in the finishing of this, another college year. It only marks the end of another "lap in the four-year relay". However, to the members of the senior class this June has a different meaning. It is the true commencement of their lives. They are going out from their lAma Mater, where they have been sheltered somewhat from the knocks and rebuffs of the outside, into that outside world where they must stand on their own merits without any answer back to consult.

Next week the members of the senior class will graduate and begin serving the world in their respective lines for which they have prepared themselves here in college; some as business men, some as engineers, some as teachers, etc.

A few of this class will become famous. An equal number, perhaps, will become infamous. We shall hear of these. But the great mass of the class of '23 will go quietly about the country—yes, let us hope the world—doing their appointed tasks. We shall not hear of these. Yet to them is due the greater praise. These are the graduates upon which C. C. must stake her future. These are the men who will uphold the reputation of Colorado College.

Let's all remain here for the week after examinations and see the seniors in all their glory. And after they have graduated and have their sheepskins safely tucked away, with a hearty handshake wish them Godspeed.

When we notice in one of our exchange papers that the average student at Carleton College subscribed nearly $100 in their million dollar endowment campaign and that more than 95% of the students subscribed, we feel ashamed of our students who have pledged nothing and of those who pledged less than $25.

CONTEMPORARY GIVES ANNUAL FORMAL AT BROADMOORS

Contemporary Literary society gave their annual formal, their last social event of the year, last Saturday evening at the Broadmoor Hotel. The occasion was a dinner dance.

The guests wehe Dr. and Mrs. Duniway, Mr. and Mrs. Dern, Mrs. Lee, Robert McIlvaine, Milton Zinc, Jack Dern, James Amos, Bradley Kidder, Russell Hunter, James Mahan, William Copeland, William Patterson, Carl Brumfield, Frank Kyffin, John Tallman, Gerald Sullivan, George Thatcher, Theodore Winans, Edwin Norton, Pike Bruce, Perry Greiner, Sam McCool, Albert Linger, Wallace Mast, William Young, Bert Scribner, Ralph Monell, Kenneth Todd, Gibson Winans.

The hostesses were the Misses Ruth Brown, Juanita White, ex '24, Gertrude Klein, Edna Van Horn, Ruth Bergner, Harriet Mason, Helen Wells, Thelma Burchfield, Ann Herzog, Katherine Sias, Edith Miller, Dorothy Nyhus, Mae Gallavan, Anna Wrye, Thelma Bradley, Ruth Little, Sadie Kier, Ruth Staff, Eliabeth Southmayd, Ruth Walker, Ernestine Randolph, Rena Hestwood, Florence Wilson, Dorothy Niccolls.

Senate Reunion June 2

More than 200 invitations have been issued by the Senate Literary society of the high school to the alumni of the organization for the annual reunion of the society to be held at the Elks club at 7:30 o'clock Saturday night, June 2. A program with addresses by members of the society who have been out of school for more than 10 years is now being prepared. Mark Sweaney, first supervisor of Senate, is expected to return to make the principal speech of the evening. L. M. Hunt and W. R. Willis are the present faculty members of the society and Clark Metz'er is president.

HUMPHREY WRITES LYRIC ON "SPRINGTIME"

In springtime how the mountains call
The lovers to the glens!
The towering peak as chaperon
Is watching o'er two friends.

The canon breezes softly blow;
The sun so brightly shines!
The blissful comrades stroll along
Among the trees and vines.

The warbling stream flows gently by
O'er rocks on to the sea,
And as it flows it seems to speak
Of peace and harmony.

The birds are singing in the trees;
The rabbits romp and play;
A squirrel peeks through forked limb
On this, one great spring day.

The lovers spy some violets
Which seem sent from above;
He picks a large boquet for her
And whispers of his love.

The world seems full of peace and hope
As she accepts a ring;
He steals a kiss; she thrills with joy,
Yet says, "You naughty thing!"

This feeling does the springtime bring
To lovers far and near;
To one and all fond memories come
This season of the year.

—Elmer C. Humphrey.

BIOLOGISTS FEAST

The laboratory sections of Prof. Gilmores freshman Bug course indulged in ice cream and cake on the Prof. yesterday at the conclusion of a field trip through Monument Park. After finishing a discussion of pine cones down in Monument they adjourned to a discussion of ice cream cones at Doctor Gilmore's home at 18 E. Buena Ventura. Bill Mast played the professorial piano and an impromptu dance was held on the porch of the Gilmore home.

-TREO-
ELASTIC GIRDLE
THE ALL-ELASTIC CORSET

FOR THE COLLEGE MISS

It is a corset which meets every requirement of fashion, yet it is not the rib-bound affair that women have been accustomed to. It is the corset of comfort and style—stylish not in spit of its comfort but stylish because it is comfortable, for true style depends much on the natural poise of grace and ease that only the "Treo" permits.

We do not claim that the "Treo" is the ideal corset for every woman for every occasion, but we do say that for most active college girls it is the best for every purpose.

All lengths from 10 to 16 inches.

Priced from $3.50 to $10.00.

MARY PATTERSON — CHAMPION TENNIS PLAYER

Mary Patterson won the Girls' Tennis Tournament (singles) for advanced players. She defeted Evelyn Stannard in the finals, 6-4, 6-2. In the semi-finals she won from Catherine Parmenter, 6-4, 3-6, 6-0. In the other semi-final match Evelyn Stannard won from Ruth Hutchinson, 6-1, 6-1. Mary Patterson will received a silver cup given by the Colorado Sporting Goods Co.

The tournament for beginners will be played off tomorrow between Gladys Theobald and Muriel McGregor. Muriel MacFregor defeated Maude Meeken, 6-3, 6-4, and Anne Wrye forfeited to Gladys Theobald in the semi-finals.

ALL TOWN GIRLS VOTE FOR OFFICERS THURSDAY

The Town Girls' Election will be held Thursday morning. The following will be candidates:

President — Delma Drake, Esther Patrick.

Vice President — Gladys Kinsman, Margaret Morris.

Secretary Treasurer — Sadie Kier, Margaret Smith.

Senior Representative — Christine Miller, Elma Jane Clopper, Bonnie Walker, Martha May Kirkpatrick.

Junior Representative — Leila Taylor, Hildred Taylor, Helen Anderson, Betty Clark.

Sophomore Representative—Eloise Van Diest, Gladys Theobald, Marjorie Harrison, Louise Danks.

All members of the Association are entitled to vote.

MEAD AND LAVIK

(Continued from page one)

nances will be in such shape the event can be held. Washburn field is the only athletic field in Colorado having a 220-yard straightaway. It is the best track and field meet in the state and most favorable for good times for the runs and dashes.

GOLF

(Continued from page one)

Colorado University won the conference golf champoinship in 1921, Colorado College won it last year and Mines won the title this year in a tournament in which more interest was shown than ever before. Golf is becoming more and more popular in Universities and Colleges throughout the whole country. As yet it has not received much attention from the students here—other than the members of the team. Perhaps if a moving grand stand were invented it would swell the attendance at the meets.

The prize awards made were:

Medal play winner — Harry W. Jones, Mines, received a golf jacket.

High individual scorer — Harry W. Jones, 18 points, Mines.

Permanent high score trophy—Harry W. Jones, Mines.

Winning team trophy — School of Mines.

Medal play winner — Jones, Mines, silver medal.

First in putting contest — Ezra Cornell, Colorado College, golf jacket.

First in driving contest — Price, Mines, golf jacket.

First in approaching contest — Bayliss, Mines, golf sweater.

Second in medal score — Coleman, D., Burke fancy face driver.

Second in driving contest — Jones, Mines, brassie.

Second in approaching contest — O'Neill, D. U., one dozen golf balls.

Second in putting contest — Young, C. C., one dozen golf balls.

Second in individual scorer — Ezra Cornell, C. C., golf bag.

Third in individual scoring — Bayliss, Mines, and Coleman, D. U., divided one-half dozen golf balls.

Third in driving contest — Bayliss, Mines, and Young and Yates of Colorado college, divided one-half dozen golf balls.

Third in putting contest — Loser, C. U., one-half dozen Pinehursa golf balls.

Third in approaching contest — Jones, Mines, one-half dozen golf balls.

Third in medal play—Cornell, C. C., one-half dozen Pinehurst golf balls.

Professor Lester of Colorado university was given a golf jacket for taking first in the 36-hole play; Professor Risley of Mines received one dozen golf balls, and Professor Hulbert, who finished third, received one-half dozen balls.

Colorado college players, Young, Yates, Cornell, and Morton received golf shoes for finishing second in the tournament.

Mines players, Jones, Bayless, Price and Steward, received golf jackets and silver medals.

Leta Fern Gale was presented in a piano recital last night at the Broadmoor Art Academy by Wilhelm Schmidt. She rendered a difficult program with much talent. Alice Atkins and Evelyn Bissell assisted on the program.

CLASSICAL CLUB

(Continued from page one)

Norton and Norman Dickinson; Violin duet by Anna Jane Hitchcock and Thelma Burchfield accompanied by Mabel Pillar, who also accompanied the quartette; Piano solo, by Edith Gilberg; Vocal Solo by Mary Mintz; and an article by Steven Leacock on the "Greek Drama" read by Dr. Mierow.

Plans for the hike tomorrow were also announced. The hikers will meet at the Busy Corner at 8:45, go from there to 26th St., then to Bear Creek Canon and up the Palmer Trail to Crystal Park for lunch. The return will be by way of the Pawnee Ave. trail.

Following the program refreshments were served. There were about thirty four present at the meeting.

I DOUBT IT

When a pair of red lips are upturned to your own,
With no one to gossip about it
Do you pray for endurance to let them alone?
Well, maybe you do, but I doubt it.

When a shy little hand you are permitted to seize,
With a velvety softness about it,
Do you think you can hold it with never a squeeze?
Well, maybe you do, but I doubt it.

When a dear little head is close to your own,
With its curly ringlets about it,
Do you look at your watch and say I must go home?
Well, maybe you do, but I doubt it.

And if by these acts you enrapture a heart,
With a deal loving softness about it,
Will you keep it and guard it and act the good part???
Well, maybe you will, but I doubt it.

Darn Short Dances!

Darn short dances!
Mabel was wearing one of these breathe-easy-and-pray-for-lucks.
And the only strap broke.
So I slipped my arm a little higher and danced toward the dressing room.
And just then the music stopped.
Darn short dances!

—U. S. N. A. Log.

Flapper's Prayer

I want the lights that brightly shine,
I want the man, I want the wine,
I want the fun without the price,
I want to he naughty and yet be nice.

I want the things that good girls miss,
I want the arms, the heart of a man,
And still be single if I can,
So as a lawyer please give me advice,
How to be naughty and yet be nice.

I want to do what other girls do,
Tease them, cuddle up, hill and coo,
Blacken my eyes, powder my nose,
Roll my cigarettes, and my hose.

Rough my checks, pencil my lips,
And carry a silver flask on my hip,
Tango a little, Shimmy a lot,
Park my corsets when it's hot.

Ride and swim, golf and skate,
Take the fence and not the gate,
Break all good records, yes, all but one,
And be good and pure when the game is done,
I don't like pepper, but I do like spice,
I want to be naughty and yet be nice.

Lawyer's Advice

You can't have the lights, the man, the wine,
Without the price, little girl of mine,
You can't have the feeling of pressing lips,
Without the forfeit, and that's not all bliss.

Arms, yes, you can have any day,
Hearts, no, men don't love that way,
If you are really looking for advice,
If you are naughty, be naughty,
Don't try to be nice.

COLORADO COLLEGE CO-ED TAKES UP NEW SPORT

'Love is blind', so the poets say—but the first case of a C. C. girl riding the blinds for love has just come to light.

Have you ever rushed a girl to a train and shoved her on just as the train pulled out? That's what happened to one of our fair co-eds. But she got shoved onto a locked car and rode 50 miles in an open vestibule with the rain pouring in in torrents and her courage and her marcell melting to nothingness under the midnight storm. "It takes nerves", said this prominent co-ed, "I didn't have 'em before, but I had 'em after."

TOWN GIRLS DINE IN JUNGLE BEFORE MAY FETE

The Town Girls held their annual breakfast in the jungle at eight o'clock last Saturday morning, the morning of the May Fete.

Those who attended declared that Edna Theobald and her assistants were very good managers and cooks. As vice-president of the Town Girls' Board, Edna was in charge. Those who helped her plan, prepare, and serve the breakfast were: Ruth Edwards, Lily Bradley, Gladys Theobold, Luella Pyle, and Christine Miller.

There were about thirty-five girls at the breakfast besides the guests, who included Mrs. Duniway, Miss Campbell, Miss Kampf, Miss Judd, Gertrude Klem, and Helen Wells.

TIGER D. U. GAME

(Continued from page one)

ball club. Bryden made one of the plays unassisted.

Bryden pitched fair ball until the sixth when the Ministers began to knock him to all corners of the lot. Scilley of Denver struck out nine men but was weak in the pinches.

The standing of the teams is as follows:

	W.	L.	Pct.
Aggies	6	2	.750
State	5	2	.714
Mines	5	4	.556
Denver	5	4	.556
Tigers	2	7	.222
Wyoming	1	5	.167

State sprang a surprise last Saturday by defeating Aggies, 5 to 4, in a sensational 11-inning game. Dick pitched a remarkable game for the Aggies, striking out 11 men. His downfall was due to poor support, on the part of his team mates, who made 7 errors. The two teams will play at Ft. Collins next Friday to decide the conference championship.

BOOKS AWARDED

(Continued from page one)

Marion Zickefoose — Engineering Department.

Evangeline Joder — Classical Language Department.

William Sennings—Biology Department.

Lea Edgar—Biblical Literature Department.

Thelma Burchfield—History of Art Department.

Hildred Taylor — English Department.

Isabel Chapman—Philosophy and Education Department.

R. P. Breckenride—Geology Department.

R. L. McIlvaine—Business Administration Department.

Gladys Kinsman—Mathematics Department.

Gibson Winans — Physics Department.

Edna Van Horn — Economics Department.

Edwin F. Meyer — History Department.

Douglas Corley—Chemistry Department.

President Duniway stated that he hoped this would be an annual event, since it especially typifies the real heart of the college's purpose, or learning.

The books awarded are upon the nature of the subject on which the awards were made, and contain the personal inscription of the donor.

College Gossip

Professor Gilmore's hay fever chart, result of his work on the pollen bearers of the region, was published in the Sunday paper. It is hoped that with the aid of the compilation many fever sufferers will be aided in avoiding the malady next summer.

Dr. Gilmore will work with the Carnegie Foundation this summer doing research work on the hay fever problem.

* * *

Dean Jaqua will deliver the commencement address at Cheyenne High school Friday evening.

* * *

A number of college men attended the alumni dance of the Delphian society of the local high school at the Jewett Golf club, last Friday evening.

* * *

All those wishing scholarships for next year should apply this week to the faculty committee.

* * *

The Girls' Glee Club gave several selections Sunday evening at the First Presbyterian church.

* * *

The Rocky Mountain Collegian, Colorado Aggies, newspaper selected Harvey, Colorado College, as catcher on the all-conference baseball team. Wessen was placed on the second team and McDougall was given honorable mention. No state men were placed on the first team.

* * *

The election of officers of the Riding Club will be held Thursday after chapel. The following have been nominated: for president, Evelyn Stannard and Dorothy Swan; for secretary, Margaret Ellis and Mildred Mann; for treasurer, Maude Bangs and Cecil Bradford.

* * *

Frances Zickefoose, representing Kit Carson High School, won the state championship for beginners in bookkeeping at a contest recently held in Greeley. Frances is a sister of "Zick" our star engineering student.

* * *

Rev. W. A. Mast of Grand Junction, Colorado visited his sons, Wallace and William, last week.

* * *

E. A. Dietrich will present Ralph Heller, a student of the Colorado College School of Music, in a violin recital at 8:15 this evening in Perkins Hall. Evelyn McIntosh, contralto, will assist on the progra mand Samuel Jessop will accompany, the public is invited.

* * *

Harvey, Crowder, and Bryden played on the Ideal Bakery baseball team Sunday afternoon in their intercity game with the Pueblo Star Journal team.

* * *

Chuck Newbold, formerly a student at Colorado College, is one of the stars on the Princeton polo team.

AMERICA THEATRE, 8.15 P.M. JUNE 8th

The Tiger

THE COLORADO COLLEGE NEWSPAPER

Volume XXV — THE COLORADO COLLEGE TIGER, FRIDAY, JUNE 1, 1923 — Number 60

SUMMER SCHOOL TO OPEN HERE JUNE 25

Halls Will be Opened to Summer Students

The Summer School term at C. C. will open June 25. Registration will take place June 21, 22, and 23 at the Administration building. All students who are planning to attend are asked to send in the election of courses they have made before June 15, in order that the schedule may be made out accordingly.

Those in charge of the summer session state that they expect between one hundred fifty and two hundred students in the liberal arts courses, and probably fifty to one hundred fifty in the School of Music. This number, much larger than heretofore, is estimated from the great number of inquiries received from students outside the state, as well as from those who have made definite arrangements to come.

The authorities believe this increased number of enrollments is due to the opening of the halls for the summer term. Other years the lack of a place of residence has kept a number of prospective students away. The halls will open June 25.

All information concerning the summer term is available at the Secretary's office in the Administration building.

ALPHA KAPPA PSI TO GO TO WITCHING HOUR

Bizz Majors to Have Line Party — Have Published Book

Sigma chapter of Alpha Kappa Psi voted yesterday after chapel to have their annual formal at the Senior Play next Friday night. It will be a real dress-up "Tux" affair.

Initiation of the five men who were pledged just before spring vacation was postponed until next September.

The booklet, mentioned sometime ago in the Tiger, boosting the Business Department and the College in general has been published and is now being circulated.

Classical Club Hike

Six members of the Classical Club hiked to Crystal Park on Memorial Day. They left Busy Corner at nine in the morning and the hike carried them over the Palmer Trail from Bear Creek Canon to Crystal Park. Lunch was served at the park and the party returned by way of the Pawnee Avenue trail.

The hikers were: Dr. and Mrs. Mierow, Lois Rose, Sarah Mintz, May Green, and Muriel MacGregor.

ATHLETIC ASSOCIATION GIVES LETTERS TO GIRLS

At a meeting of all girls after chapel yesterday, the W. A. A. made the following awards:

Letters—Dorothy Smith, Mary Cox, Evelyn Stannard, Katherine Sias, Evangeline Dascomb, Adelaide Easley, Miriam Ellsworth, Anna Jane Hitchcock, Lois Case, Elsie Baier and Laura Reed.

The tennis cup for the advanced tournament went to Mary Patterson and numerals for the beginners went to Muriel McGregor, and Gladys Theobald. Numerals went also to Betty Clark.

For the Rodeo the three winners were given numerals, Dorothy Smith, Dorothy Swan, and Maud Bangs; Margaret Knowles received a letter for track. Elsie Baier also qualified for track letters.

ATHLETIC CERTIFICATES AWARDED SENIOR MEN

This morning in chapel athletic certificates were awarded to the men in the senior class who are wearers of the "C". The awards were made by Coach Mead.

Those receiving the certificates include: Lawrence Frederick Koerner, Tennis (3), (4); Hugh McLeod Morton, Track (2), Manager Basketball (4); John Nolan, Jr.; Manager Boxing and Wrestling (4); Edward James O'Brien, Manager Track (4); Charles Bradley Page, Track (2); James Caldwell Park, Jr., Track (1), (2), (3); William Andrew Thompson, Manager, Track (3), Football (4); Charles Harris Bemis, Jr., Track (2), Wrestling (2), (3), (4); Maseball (2); Donald Charles McMillan, Football (2), (3), (4); Wrestling (2), (4); Lawrence Warren Wolfe, Tennis, (1), (2), (3), (4), Boxing (3), (4).

Nuggets Almost Gone

About 300 of the Nuggets published for distribution to the student body have been distributed in the past two days. Perry Greiner manager of the book advises all those holding pledges to redeem them as soon as possible in order to distribute the books before the close of commencement week.

BRIGGS WRESTLING BOXING CAPTAIN NEXT YEAR

At a meeting of the members of the Wrestling-Boxing Squad yesterday, Harold Briggs was elected captain of the 1924 team.

Briggs was a consistent performer throughout the wrestling season. He is in the 125-pound class. With Moody, Willis, Dixon, Briggs, and Wilbur back a a neuclus for a team, the Wrestling-Boxing team of next year should be an improvement over the one this year.

"In the Spring an old man's fawncy sprightly toins to the great American Game". And the reason for all this is that several of Noah's deck hands have actually had the crust to challenge the seniors to a ball game.

With villany gleaned from a study of Shylock, a craftiness born of intimacy with Hannibal, and a self-satisfaction comparable to that of Nero, the Faculty are plotting to win the game. Fortunately for the cause of right their perfidious plans are now the property of all from the rock bound coast of Maine to the sunburnt Mack-Sennetoritas of the Pacific. One of the ivory workers overlooked some of his plans when his bifocals slipped down out of range and teft them to be found by a watchful senior.

In spite of their antagonistic intentions we must compliment them on the detail with which the foul project is worked out. According to Chart A., Exhibit I, In addition to the nine men in the field Gus Duniway. Fuzzy Albright, and Shorty Drucker. were to be hidden in the long grass behind the cottonwoods to relay long hits back to the infield. This in itself deserves little mention but when we consider the facial camoflage of these kids we needs must marvel at the shrewdness of the plot. Chart X, Exhibit 9, shows Aubrey

(Continued on page 4)

THE WITCHING HOUR PLAYS AT AMERICA

Place and Date Changed—Tickets Exchanged Wednesday

The Senior play will be presented June 8 at the America Theatre. The play was orinnally scheduled for production at the city auditorium but the city council reversed its first decision and the senior manager had to make a last minute change in his plans and switch to the America.

The seating capacity of the America is large enough to hold the crowd for the play but it will be necessary to reserve seats early according to manager O'Brien.

Seats were placed on sale this morning by members of the senior class.

Exchange tickets will be sold till the day of the play and may be exchanged for reserved seats at the office of the Theater Wednesday, May 6.

E. Benson Sargent is directing the play and predicts a successful production for the cast of "The Witching Hour."

The cast includes: Bob McIlvaine, Jack Nolan, Red Amos, Ray Green, Wm. Thompson, Doug Corley, Chuck Page, Carl Brumfield, Bud Morton, Keith Chick, Frances Tucker, Alice Sweet, and Harriet Bumstead.

LETTERS AWARDED TO MEN ON SPRING TEAMS

Letters and sweaters will soon be awarded to men on the Track, Tennis, Baseball, and Golf Teams. In addition, the managers of the Baseball and Track teams will have their choice of a sweater of a watch fob. The men on the Track and Baseball teams who have sweaters will receive letters only.

The athletes who will receive their letters in Track include: Captain Patterson, Greiner, Briggs, Sewell, Hitch, Schoonover, Kidder, Muncaster, MacDougall, and Hamilton. Those receiving honorable mention are DeFries, Ryan, Corley, Richardson.

The men who will receive their letters in Baseball are: Captain Amidon, Captain Elect MacDougall, Wessen, Weimer, Harvey, Robinson, Wood, Strother, Louthan, McAllister, Bryden, and Hunter. Those receiving honor-

(Continued on page 4)

TIGER KEYS AWARDED TO STAFF OF THE PAPER

The awarding of Tiger Keys, which was recently made by the Tiger Board of Control, was announced yesterday in chapel by Patterson, chairman of the Board. The following will receive keys: Keith Chick, Frances Tucker, Sam McCool, Glenn McLaughlin, and Elwood Amos. All are on the editorial staff, except Amos. A key was also awarded to Virginia Newman, an assistant editor on the Tiger staff last year.

Delma Drake President Town Girls

Yesterday morning Delma Drake was elected president of the Town Girls' association for next year. The other officers elected were: Gladys Kinsman, vice president; Edna Theobald, secretary-treasurer; Christine Miller and Elma Jane Clopper, senior representatives; Betty Clark and Hildred Taylor, junior representatives; and Gladys Theobald and Louis Danks sophomore representatives.

SIGMA DELTA PSI TRY OUTS HELD YESTERDAY

Tryouts for Sigma Delta Psi, athletic fraternity, were held yesterday afternoon and this afternoon. A number of men made standing in the 100-yard dash, 2-mile run, broad jump, high jump, and shot put, which were held yesterday. Several also made junior standing. Most of these made the requirements in the events this afternoon. It will be necessary to hold more tryouts the first of next week.

For admittance into the fraternity the athlete must demonstrate his ability in all branches of sport, including swimming. Further he must make certain marks in all branches of sports. Few men in the school have attained senior standing.

FISHER OUTLINES PEP PLANS FOR NEXT YEAR

New Enthusiasm Leader Makes Popular Speech Thursday

Bill Fisher, appointed chairman of the Enthusiasm Committee for next year, made his initial appearance in Chapel Thursday morning, and outlined a few of the policies of the pep-brewers for the ensuing year.

One of the first activities of this committee will be to promote a tag day to secure money for a number of improvements along the line of enthusiasm. A large sign on the back of the bleachers on Washburn Field visible to all who pass with a caption such as, "Washburn Field, The Home of the Tiger", he mentioned as a possibility. Also, blankets for the football men, and suits for the band will be purchased. Following this speech, he asked all who were going to subscribe to this tag day next fall to stand up. At this moment the piano, guided by Rita Fist, broke into "Our Colorado", and the students rose 100%.

DR. DUNIWAY GIVES MEMORIAL ADDRESS

Class Service Flags Hung — Honor Roll Read by Students

Tuesday morning's chapel exer were reverently devoted to a mem service for the college's honored d The service flags of the different cl es were brought out and hung in t accustomed places in chapel, f which last year they had been ta down with appropriate seremonies.

The honor roll call of the coll men who died in service were read the holders of War Memorial Scho ships. President Duniway, in a b address, paid tribute to these men women, and commemorated those who in time of peace, had worked dently for the college. He told students that Decoration Day sho not only he a Memorial day for th who died for their country in war, l a day to celebrate those who h worked for their country in times peace.

Gob Makes A. C. Team

"Gob" Harvey is the only Tiger w was seleited on the coaches' all Roc Mountain conference Baseball tea Francis MacDougall and Ted Wess were named on the second tea Dick and Strittmater of Aggies, Sheldon and Morris of State, McGlone of Mines, and Scilley, Williams, and Doyd of D. U., were the other eight players on the first team.

A PORTRAIT OF SIR ISAAC NEWTON

James II is Dead—
NEWTON Lives

IT has always been known that free bodies fall. The earth has a strange attraction. How far does it extend? No one knew before Newton, sitting in his garden, one day in 1665, began to speculate.

"Why should not the attraction of gravitation reach as far as the moon?" he asked himself. "And if so, perhaps she is retained in her orbit thereby." He began the calculation, but overwhelmed by the stupendous result that he foresaw, he had to beg a friend to complete it.

In Newton's *Principia* were laid down his famous laws of motion—the basis of all modern engineering. The universe was proved to be a huge mechanism, the parts of which are held together in accordance with the great law of gravitation.

James II was reigning when the *Principia* appeared in 1687. He is remembered for the Bloody Assizes of Jeffreys, for his complete disregard of constitutional liberties, for his secret compacts with Louis XIV and the huge bribes that he took from that monarch, and for the revelation that cost him his crown; Newton is remembered because he created a new world of thought, because he enabled scientists and engineers who came after him to grapple more effectively with the forces of nature.

When, for instance, the Research Laboratories of the General Electric Company determine the stresses set up in a steam turbine by the enormous centrifugal forces generated as the rotor spins, they practically apply Newton's laws in reaching conclusions that are of the utmost value to the designing engineer.

SENIOR FACULTY GAME

(Continued from page one)

Goodenough reading sad poetry to the Senior batters in order to dim their batting eyes with tears. Other Charts show Allie Van Diest and Titian Effie swearing at the pitcher in French and Spanish to undermine his morale; Edith Bramhall vamping the Umps; Popley Sisam reflecting sunshine into the fielders' eyes with his head; Copeland tripping the runners with his line; "Nubbin Ormes" chasing flies on his bicycle; Bill Postlethwaite putting nickels on the home plate to speed up the faculty runners; Fat McMurtry cussing the Seniors; Spec Abbot arguing with McIlvaine; Bugs Gilmore putting pollywoks in the Seniors' Pants and Enrico Fling singing to the girls.

It is indeed fortunate that these desparate plans have been disclosed before the game.

Brown to Bryn Mawr

Miss Adelaide Brown, who has been an assistant in the Psychology Department for some time and who will receive her M. A. here in June, will go to Bryn Mawr College, Bryn Mawr, Pennsylvania, next year. There she will be a Reader in the Psychology Department and will also continue her studies.

Zeta Bigma Dance Tuesday

Colorado Gamma of Zeta Bigma, the latest fraternal organization at Colorado College gave its first annual spring dance at the San Luis School Tuesday evening. The dance proved to be one of the most brilliant social affairs of the season. About forty couples were present. The school was decorated in black and scarlet, the colors of the organization, and banners of various fraternities were placed about the room. The music was furnished by the Peysor orchestra in costume.

The programs were small and on the front had the pin of the organization. Doughnuts were served with apple cider.

After the dance the entire party went to the quadrangle and serenaded the hall girls.

Phi Delt Formal Saturday

Phi Delta Theta will hold their annual formal tomorrow night at the Broadmoor Hotel. This will be the last formal of the year and excepting commencement functions will close the social schedule for Colorado College.

The Phi Delts expect many of their alumnae back to attend the function and are planning on an attendance of about fourty copules.

College Gossip

"The Witching Hour"

At a meeting of the Riding Club held last evening at Bemis the following officers were elected for next year: Evelyn Stannard, president, Margaret Ellis, vice president, and Maude Bangs, treasurer.

Ross Keyte returned from Montana, where he has been working for an engineering company, to take his finals.

At an election held yesterday Pike Bruce was elected President of the "C" Club for the coming year.

Several college men attended the annual banquet of the Alethian society of the highg school last Tuesday night at the Elks Club. John Duniway was toastmaster.

Howard Muncaster, who underwent a serious mastoid operation Tuesday at the Glockner hospital is recovering rapidly.

William Young was elected Captain of the Golf team at a meeting held yesterday.

Unusual Opportunities For Professional Education in Dentistry Fine Arts Architecture

Washington University, because of its urban location, offers unusual opportunities for specialized education along certain professional lines. In addition to splendid laboratories and physical equipment, libraries containing more than a quarter of a million volumes, and capable and experienced Faculties, the student has at his disposal all the facilities of a large city for the practical application of the theories taught in the class room.

"So Long!"

To some of you we want to say "Good-bye" personally — but to all of you we'll use this means.

To the Seniors we offer our congratulations and wish them success in their every undertaking.

To the rest—have a good vacation and come back to C. C. next fall—We'll all be waiting for you with a hearty welcome.

Trade with the Boys.
